

No Class Reunion

By RUEL GAFFORD

The graduating class of 1930 was the first of Cross Cut High to have a cap and gown ceremony. The class consisted of two people, Coy Ellison and me. Guess who came in second? Well, Coy was valedictorian. We were both presented with a scholarship from John-Tarleton College which amounted to \$5 per semester, a total of \$15. Neither of us enrolled. Paul McCasland was Superintendent of our school.

Well, success is measured by degrees and totaled by the beholder, and I think we both did very well in life. In the fall of 1930, Coy moved with her parents to Camden, New Jersey where she entered nurses training and became a R.N. She married Jack Swift and had two children. Their boy is now president of an international bank in New York. Coy and Jack are now retired and live in Alabama.

As for me, I married Goldie Erwin (a school teacher) and I worked for

Mr. Smith in his Piggly Wiggly Market in Cross Plains and part-time for Higginbotham's. We moved to San Diego, California in 1942 and I served in the U.S. Navy. When World War II was over, I worked for the government as a quality control inspector of overhaul and repair of jet aircraft. I retired in 1973 and live in Lemon Grove, California.

Coy and I still keep in touch, but our class has never had a reunion and probably never will.

Basically, we learned a lot at 'ole Cross Cut High and learned a lot more in the past 60 years.

I have fond memories of that era.

Texas A&M Hosts County Treasurers' Seminar

COLLEGE STATION — One representative of the Callahan County treasurers' staff took part in the 18th Annual County Treasurers' Seminar at Texas A&M University, April 16-19.

In the area group were Dora Hounshell of Callahan County, Nancy Clary, Ruth Hart, and Billy Ruth Rust.

The training focused on the theme, "Each Treasurer is an Architect of the Future — It's Up to Me."

More than 30 speakers addressed the seminar. Subjects ranged from alternative funding for county health plans to how to handle a claim under worker's compensation, time management, and media relations.

Concurrent round table discussions also were a part of the program, with county groupings planned by population size.

John Gilmartin, coordinator for the V.G. Young Institute of County Government, a part of the Texas Agricultural Extension Service, said this training was the third to be offered by the Institute this year for elected county officials.

The county judges and commissioners received training in January, and the county and district clerks in March.

People attending the seminar for county treasurers participated in a brisk-paced three days of training, as well as a banquet where entertainment was provided by the Singing Cadets of Texas A&M University.

Joe M. Rothe, seminar program chairman and an Extension Service specialist with the Institute, said each

Farm Pond Management

Farm Pond Management will be the subject discussed on Thursday night, May 3, at 8 p.m. in the County Courtroom, according to Greg Gerngross, County Extension Agent.

Dr. Jim Davis will be on hand to discuss farm pond design, fertilization, weed control, fish stocking and feeding. Anyone who has interest in farm ponds is invited to attend. Dr. Davis will also cover catfish production in farm ponds for producers who are interested in this field.

For more information on this program, contact the County Extension office at (915) 854-1518.

Putnam Cemetery Association To Meet

There will be a regular meeting of the Directors and Members of the Putnam Cemetery Association, Inc. on Tuesday, May 8, 1990 at 5 p.m. at the Putnam Community Center. The purpose of the meeting is to elect one director whose term has expired and to transact any other business that may come before the meeting.

ACS Provides Free Service To Patients

The American Cancer Society offers all cancer patients services and rehabilitation options at no cost to the patient. County Judge Mack Kniffen, Callahan County Patient Services Chairman, reported that the Callahan County Unit has served 20 patients last year. Items furnished on a loan basis were: 6 hospital beds, 12 wheel chairs, 23 walkers, and 20 commode chairs. In addition, many gift items are available.

In 1987 and 1988 ACS and hospitals all over the state sponsored a breast screening program. The cost of a mammogram was reduced to \$50 — a saving of \$50-\$75.

In 1988 and 1989, the American Cancer Society and the Texas Dermatology Association sponsored a skin cancer clinic.

Another program sponsored by the American Cancer Society is the Hotel/Motel Program. Under this program, cancer patients under treatment as out-patients can stay free of charge

at participating hotels/motels. The patient can be accompanied by another person.

The American Cancer Society fights cancer through research, education, service and rehabilitation for the cancer patient and their families. Forty-three cents of each dollar goes for cancer research. For each \$1 donated in Texas, the state receives \$1.25. This is due to the large number of Texas hospitals, medical schools and universities involved in cancer research.

Twenty-nine cents of every dollar goes for public education. The American Cancer Society furnishes film, brochures, programs, etc. to schools, clubs and other organizations free of charge. The aim is to motivate all Americans to have regular cancer-related checkups; to be aware of and act on cancer's warning signals, and to adopt health habits which can prevent cancer.

The ACS sponsors the Great

American Smoke-Out each year urging smokers to stop. Many other programs are available to the cancer patient and their families.

The American Cancer Society is the largest non-governmental source of cancer research funds. It provides scholarships for medical students.

American Cancer Society relies entirely on public contributions; it accepts no money from the Federal Government. It is financed by your gifts.

Texas Peanut Producers Board Biennial Election

The Texas Peanut Producers Board Biennial Election will be held on May 1 for the purpose of electing two District 1 candidates to serve on the board and one candidate at large. Producers will also be voting on the referendum to limit the peanut assessment rate not to exceed \$2 per net ton. The assessment is used to finance program of peanut market development, disease and in-

sect control, research, education and promotion to encourage the production, marketing and use of peanuts designed to enhance producers' income.

Callahan County Producers will vote at the Eastland County Extension Office in Eastland. Time of voting will be from 7 a.m. to 7 p.m.

Producers who would like to vote

absentee can request a ballot from the County Extension Office. These ballots must be postmarked prior to April 28 and mailed to the Texas Peanut Producers Board in Gorman.

Any peanut producers in Callahan County can request an absentee ballot by contacting the County Extension Office at (915) 854-1518.

Thinking of buying a new air conditioner or furnace?

Today many home owners are buying neither one because the smartest unit to buy is an all season heat pump.

A heat pump cools your home in the summer and heats it in the winter. And not only that, it'll pump savings back into your pocket because it's one of the most energy efficient cooling and heating systems you can buy.

As a WTU customer, you can qualify for \$500 cash when you install an electric heat pump and your home meets WTU's Energy Saving Plan requirements.

For more information on an all season heat pump, call your cooling and heating dealer or WTU.

AIR DUCT and VENT CLEANING

Residential & Commercial
FREE ON SITE ESTIMATES

Exclusively using the ROTOBUSH®

The ROTOBUSH brushes and vacuums your ducts clean. Your heating/a.c. units(s) and vents are thoroughly cleaned and your entire system is sealed to prevent regrowth.

Let our Air Duct and Vent Cleaning rid your home of mites, dust, and other allergy producing problems!

For A Healthier Home Call:

SEARS

Home Improvement Department
Mall of Abilene

691-7764

Hello, Doctor? It's my daughter...she's running a fever and it's getting worse...Can you...hello...

At Contel, we know how important a properly functioning phone system is. Sometimes, it can literally be a matter of life or death.

Unfortunately, not everyone understands. Every month—especially in the spring—numerous phone cables are cut in Contel's local serving area due to digging.

Contel posts warnings on telephone line pedestals and along cable routes indicating where cable is buried in the area. A toll-free 24-hour telephone number (1-800-628-2DIG) is printed on those warnings so that anyone planning to dig can call Contel. We will

immediately dispatch someone to mark the exact cable location, free of charge.

Please, call Contel before you dig. Because when you cut a phone line, it is more than just inconvenient. A lot more.

CONTEL of Texas
We go out of our way.™

Forum Canceled For Lack Of Participation

By DORA SMITH

The forum for city and school board candidates planned for this week has been canceled because of lack of interest and participation from the candidates. The Beta Sigma Phi Sorority had planned the forum so that the public could make informed choices, and to give the candidates a chance to tell the voters why they should be elected. Written invitations were sent to each one.

For the mayor position, Ross Gerking said that he would be glad to attend, but Ray Purvis said that he would not.

In the City Council race, Bob Harrell and Edwin Weiss responded that they would not participate, and Betty Weiss would possibly be out of town. James Nichols and Ricky Potter did not respond.

School board candidates Don Harris and Rex Beggs said they would attend, and Monty Richards was willing if he did not have to work.

Members of the sorority would like to thank those few who were responsibly willing to face opponents and the public, as they will have to do if elected.

CHAS PAYNE
...outstanding young man

Chas Payne — Outstanding Young Man Of America

Congratulations! Charles Hadden Payne, Jr. has been selected as one of the "Outstanding Young Men of America" for 1989. The Board of Advisors in Montgomery, Alabama (made up of several prominent university and business leaders across the nation) has made this announcement.

Chas Payne, in receiving this distinctive honor, joins an elite group of young men from the entire United States who have demonstrated their excellence in professional, university endeavors, and civic activities.

These men work diligently to make their communities, universities, as well as their country, better places in which to live in, and deserve recognition in outstanding achievements and grade point averages.

A 1985 graduate of Cross Plains High School and son of Mr. and Mrs. Charles H. Payne of Cross Plains, Payne has made several achievements throughout his college career.

He attended the first two years of college at Cisco Junior College. While there he was elected Baptist Student Union President two years consecutively, elected president of the Sophomore Class, treasurer of the Ag Council, Runner-Up Campus Most Popular, and Wrangler Band Vice-President.

Chas traveled with the Wrangler Band to Mexico on a good will mission on the behalf of the United States in the spring of 1987. In May of 1987 he

graduated from C.J.C. with an Associate Degree in Applied Science and specialization in chemistry.

In the fall of '87 he attended Texas Tech University where he was elected to the Ag Student Council and served as fund raising chairman, while in the same year he was in the Air Force ROTC as a Saber Flight member. He was inducted in the Farm House Fraternity at Tech where he received the Best Pledge Award.

Farm House Fraternity has received numerous awards over the years for maintaining the highest grade point average of all the fraternities in the South West Conference Universities.

He attended First Baptist Church of Lubbock where he, along with many other Texas Tech B.S.U. students, sponsored and held a Utah Mission Trip during the spring break of 1989. While attending the church, Chas served on various councils and other organizations.

Chas graduated from Texas Tech University in December of 1989 with a B.S. Degree in Ag Education with specialization in Animal Science and Ag Industrial. Upon graduation, he was recommended to "Outstanding Young Men of America" on the behalf of various Ag school heads and Farm House Fraternity, along with the approval and recommendation of 90 percent of the professors at Texas Tech University.

Payne is now employed by Iowa Beef (I.B.P.), the largest beef and meat packing conglomerate in the world. He was one of four selected by I.B.P. from 55 major colleges and universities across the nation for manager trainee positions. He is located in the Amarillo plant, which is the largest beef packing plant under one roof, entailing some 15 acres.

'A Broadway Revue' At CJC

"A Broadway Revue" will be presented by the CJC Wrangler Band, Belles, and choir, Thursday evening, April 26, at 7:30, in Harrell Fine Arts Auditorium.

The program, consisting entirely of music and dance, is being presented as the annual combined spring concert of these performing groups. Almost every tune in the show comes from a Broadway musical. The "Revue" has been planned to draw attention to the trip the Band and Belles will make to New York in November. They will participate in the 1990 Macy's Thanksgiving Day Parade.

There will be no admission charge, but the audience will have an opportunity to make a contribution to CJC for the New York trip. The students must raise \$250 each, and any contribution will be appreciated.

The stage band will open the show with "Hello, Dolly," and will continue with three other numbers. The CJC Singers will present a medley of songs by Lerner and Loewe, which will include excerpts from "My Fair Lady," "Camelot," and "Paint Your Wagon," directed by Wyley Peebles.

The concert band, directed by Bill Swinney, will play selections from "Oklahoma," "Fiddler on the Roof," "The King and I," and "The Music Man," as well as a couple of marches. Former CJC Band Director Tim Jones will appear as guest conductor to direct the "Pride and Glory March."

The Wrangler Belles, directed by Debbie Baker, will appear throughout the show as presenters. As a group they will perform dance routines to "Devil with a Blue Dress" and "That's Entertainment," the finale of the musical revue.

Rowden News

By MRS. N.V. GIBBS

The good rains this week have been good on the grain and will help farmers get to their milo planting. Around three inches was gauged over this area. Country roads were muddy and washed in places.

A letter came from Nell Gunderson that they drove 569 miles last Thursday which took them far into Kansas. They reached Minnesota Friday afternoon, and woke up to snow on the ground Saturday morning.

Pansy Johnson of San Antonio spent last weekend with her mother and aunt, Emma Johnson and Lizzie Burks. Lizzie came home Wednesday from a nursing home in Abilene. Visitors in their home during the week were nieces and nephews, Lee Ann Burleson and children of Abilene and Lorene Price of Potosi, Ricky Burks of Colorado, and Carroll Burks and his son-in-law, Sandy Bullock, and his son, Cody of Abilene. Leona Gary also visited in the home.

Calls to the Burks home were from Billy Joe Odom and Nathan Abernathy of Baird and a nurse, Betty Wilson of Breckenridge. Also she received calls from her son, W.R. Johnson, Leila Montgomery, and B.J. Anderson.

Gene and Vernie Belle Mauldin had company along with other family company last Sunday. They were Irene and Willie Masters of Snyder and their two daughters and families, Charlotte and Rod Clifton and son, Bryan of Snyder, and Melinda and Bob Maninger and daughter, Laura of Weatherford. Also, James Reynolds and the Rev. Randy Hatfield of Clyde were visitors in the Mauldin home.

Robert and Dorothy Watson were in Wichita Falls one day this week to visit his brother, Dutch Watson and family. Dutch was in the hospital after undergoing serious surgery. On their return home they stopped in Haskell to visit friends. Their friend, Joe Smith of Rule, is still a patient at Hendrick Hospital where he is slowly improving.

This writer and Joyce Odom attended the R.E.A. annual meeting in Abilene Thursday. Driving up there it was foggy and many people had to be told about leaving on their lights. There was good music, a delicious meal, and Joyce won a prize.

James Jones of Cross Plains spent Friday night with Bill Steele.

Don Harrell reported a busy week for their family, with them attending a program at St. John's School Thursday night. Leigh had a part in the pro-

gram which was drama and singing. Her friend, Katy Cuckett of Abilene, spent Friday night with Leigh.

Those visiting over the weekend with James and Dorothy Reynolds were Ellen and John Carpenter and son, Dalton of Azle, and the Jim Reynolds family of Midland. They all attended church with James and Dorothy in Clyde Sunday. The Rev. Randy Hatfield had lunch in the Reynolds home Thursday.

Gene Mauldin was in Baird where he visited Dorse and Lee Harris. A sister, Ludie Carroll of Arizona, was visiting Lee for awhile.

Sherry Williams, of Cottonwood, spent Friday night with Tonya Steele.

Change In Social Security Office Hours

The Social Security Office in Abilene began opening thirty minutes earlier and closing thirty minutes earlier on Monday, April 23, according to Glyn Hammons, District Manager. This means the office will be open to the public from 8:30 a.m. to 4 p.m. each weekday.

Since the total number of hours open to the public will be unchanged, the service given should be the same as before. In fact, it will be even better for those who want to conduct their business before going to work.

Under a new National Agreement between the Social Security Administration and the American Federation of Government Employees, flexible work schedules also started on April 23. The new office hours will allow the flexible schedules without reducing service to the public in any way.

If there are questions or concerns, please feel free to call the Abilene office at (915) 698-1360.

DEADLINE FOR NEWS
FRIDAY AT 5:00 P.M.

Political Calendar

The Cross Plains Review is authorized to publish the following political announcements for the Callahan County office filings in the upcoming general election set for Tuesday, November 6, 1990.

Democratic Party

For 17th District
U.S. Congress

Charles Stenholm

Weekly Health Tip

OBESITY

Obesity is often associated with high blood pressure, diabetes, increased cholesterol levels, certain cancers, and heart disease. If that isn't bad enough, overweight can also cause mental depression due to a reduced social life, attractiveness, and feeling of self-worth. The obese can certainly regain a normal figure if they avoid fat diets, but get with a professional dietician and exercise program. Mental and physical health surely are worth the effort.

Your better health is our concern.
