**EDITOR'S NOTE:** Vida Paige sent in this lovely poem about this colorful time of the year and it seemed appropriate now when the trees are turning and winter is upon its way. The second poem was one found at the copy machine which also delivered an excellent message. Vanda King

### Fall's Mystery

By VIDA PAIGE

Where comes that hazy blueness  
That smokiness of fall,  
That veils the hills and trees and sky  
Sounds wanderlust's mad call?  
Where comes it all, so sadly quiet,  
Subduing, tranquil, blue,  
Subduing all save human hearts  
And they must follow you?

What makes the bird's call lonelier,  
Winds breath an unknown woe,  
Makes flowers droop so timidly  
And faint hearts long to go?  
Where comes the haunting, weird songs  
That wraps all earth in pall?  
The answer lasts throughout the years  
"Sad mystery of fall."

### Thank You Father... For Your Countless Blessings

COUNT your blessing instead of your crosses  
COUNT your gains instead of your losses  
COUNT your joys instead of your woes  
COUNT your friends instead of your foes  
COUNT your smiles instead of your tears  
COUNT your courage instead of your fears  
COUNT your full years instead of your lean  
COUNT your kind deeds instead of your mean  
COUNT your health instead of your wealth  
COUNT ON GOD INSTEAD OF YOURSELF!

Yes, Virginia, there really is a Santa Claus and Cross Plains is definitely on his route this year.

If you wish to donate arts or crafts for sale call Cherry Shults at 643-3823.

Caroling hay rides will be conducted each night. They will originate at the parking lot near the Senior Center.

Tickets entitling you to take part in all of the above activities will be \$3. However, a discount of 50 cents per ticket is being offered on all tickets purchased between now and December 1. These may be obtained from Greenwood Insurance, The Back Room, Tim's Floral or from a member of Project Pride.

The public is invited and encouraged to attend Open House at the Elementary School Tuesday, November 13, 7:00-8:00 p.m. The new Primary building and the Elementary building will be open for your viewing and visiting with the teachers.

The key point of the Open House is the new Primary facility, which includes Kindergarten, First, and Second grades. Their classes were able to begin this school year in the new

classrooms.

Notable changes in the Elementary building include Computer Technology Laboratory, Library, and Gifted/Talented-E.S.L. classroom.

Each of these additions and improvements had been in the planning stage, but were also pointed out by the TEA Accreditation Team.

Please plan to attend this Open House and become more aware of your school.

## School To Kickoff Volunteer Program

A new program is being initiated this month for our local school. Realizing that a quality community volunteer program can enhance certain educational opportunities for the children of our local school and because of state mandates for such a program, the Cross Plains School, Board and Administration, have approved plans for coordinating such a program.

Volunteers in public schools across

Texas express how rewarding it is to have a small part in helping schools free the hands of teachers to do what they do best.

Volunteering an hour or more of hard, but rewarding work, to the local school is not for everyone and there will always be those who want to, but simply cannot for numerous reasons.

For a successful program to be initiated, at least three things are

## Lord's Acre Is This Saturday

It's turkey and dressing time once again at the Methodist Church. Whet your appetite and invite a friend to join you at the annual Fall Festival

scheduled for this Saturday, November 10. Serving of the traditional dinner begins at 5 p.m. in the church, but carryouts will be available at Betty Browning's house, 1347 Avenue E at 4:30 p.m.

Both locations will be serving up ample helpings of turkey, dressing, sweet potatoes, green beans, cranberry sauce, hot rolls, and cake. Coffee and tea will be available at the church.

All dinners are \$4 with tickets being sold at the door. Advance tickets may be obtained from any church member.

A delivery service is available to shut-ins and the elderly. To take advantage of this extra touch, just call Betty's house anytime Saturday afternoon, 725-6218. The Youth of the Church will deliver your dinner hot and ready to eat at your specified time between 4:30 and 6:30 p.m.

Festivities actually start at the church long before the turkey is ready. The "Lord's Little Acre" Gift Shop opens at 11:00 Saturday morning with a wide selection of small items for sale. This is a great opportunity to find handmade stocking stuffers for under \$5. Children are especially invited to do some Christmas shopping on their own.

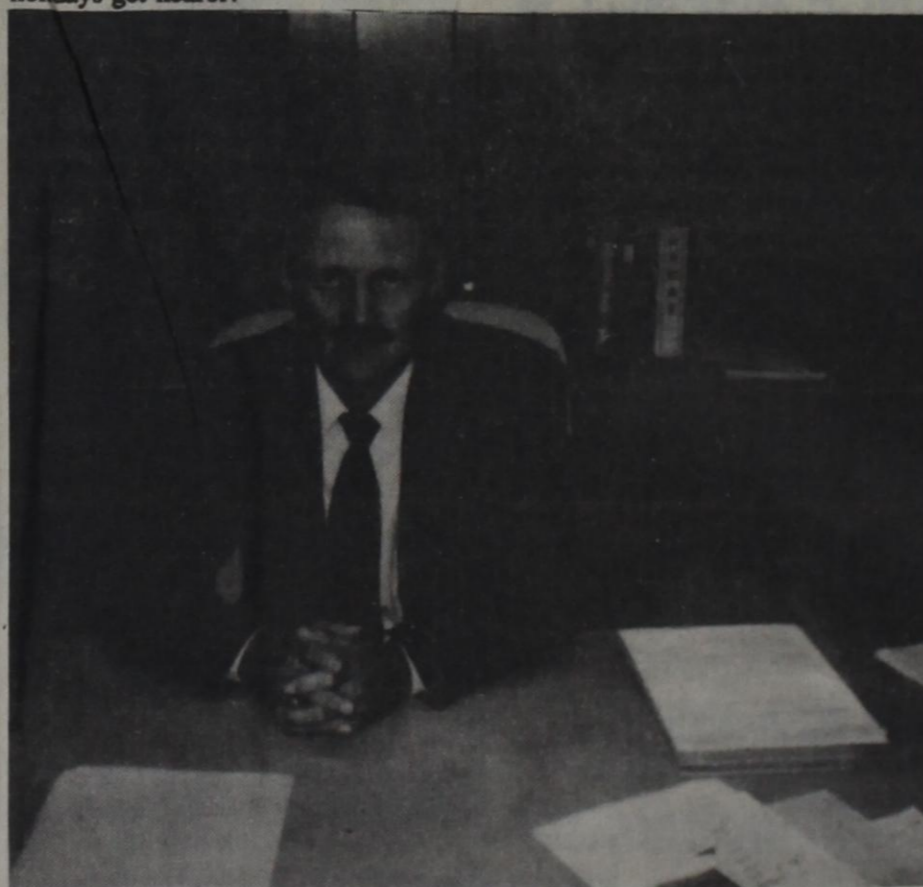

Another special feature has been added this year with the opening of a Hospitality Lounge. For those who would like to visit without worrying about somebody needing your place at a table — a classroom has been opened for your comfort and convenience.

The Auction starts promptly at 7 p.m. with Bobby Golson again serving as the main auctioneer. In addition to the four quilts made by the ladies of the church, special attractions include tree ornaments made by the lower elementary class; kitchen items; decorative needlework; home decorating items; fancy baked goods, canned specialties, and probably a few pieces of fire wood.

A new twist to the sale will be the teen-agers offering themselves as slaves. Church members can attest to their working abilities as the youth have taken responsibility of the big lot next to the parking lot. They plan to get it gradually cleared and to keep it mowed so it can be used as a program resource area.

Money realized from this annual event will be used in part to support a missionary. Other projects include resurfacing the parking lot and purchasing some long needed equipment for the education department.

The United Methodists extend the warmest of invitations to the entire community to join in this celebration of God's gifts to all.

## Rowden News

By MRS. N.V. GIBBS

It looks more like fall as each week passes. Leaves are falling from the trees before they have had time to turn to fall colors. The Sumac is fiery red in most places and pecan trees are almost bare of leaves.

Hunting season began this weekend. Turkey and deer seem to be scarce this season or they are not where they normally range.

In calling the neighbors Saturday afternoon, quite a lot of activity has been going on. Maryana Harrell reported that Leigh had Halloween fun at her school in Abilene, then on last Sunday played her violin in the Christmas Carousal at the Civic Center. Don and Maryana and her grandmother, Joan Newberry, were in attendance.

Melissa Andrews and son, Billy of Austin, are visiting her sister, Maryana, this weekend while her husband, Griff Andrews, was on a deer hunt. Their parents, Ted and Joan Newberry, had dinner Sunday in the Harrell home.

Brad Watson of Austin is visiting his parents, Robert and Dorothy Watson this weekend.

Dorothy Reynolds visited Dorothy Carrico in Humana Hospital during the week. Jim Carpenter and friend of Azle were hunting Saturday on the James Reynolds place.

Company for supper and a visit in the Gene Mauldin home Friday were Irene and Willie Masters and their daughter and son-in-law, Charlotte and Rod Clifton and son, Bryan of Snyder. They were enroute to Weatherford, where they visited their other daughter, Malinda and husband, Bob Maninger and daughter, Laura. Laura was celebrating her second birthday.

Roland and Faye Mauldin and their son, Douglas of Dallas, also visited in the Gene Mauldin home.

Edna Dye spent a night with her grandson, Douglas Dye of Abilene. His parents, Tommy and Erlene Dye, also visited and the group ate out.

Bryan and Julie Patterson and son, Justin of Copperas Cove, visited over the weekend with her parents, Bob and Kathy Dye. This group and Christi and Cody Bell of Baird attended the Baird-Rising Star football game Friday night in Rising Star.

This writer accompanied her daughter, Judy Steele, to Azle where they spent Friday night with Curtis and Velma Springfield. Also visited the Bruce Rose family. The two drove to Arlington Saturday morning to attend the Cross Country races in Arlington Park. Tonya and Connie Steele and Carlile Albrecht, Cross Plains students, were entered. This meet covered one fourth of Texas in the Regional races. Tonya placed 3rd while Connie came in 5th. Carlile did not place in the top ten. Many students were participating. The girls will go to State next Saturday in Georgetown. Let's wish them the best of luck in this final race of the year.

## Way To Go Buffs

By DANIEL CROCKETT

We Buffaloes had a great game here last Friday night when they defeated the Tolar Rattlers by a score of 36-21. It also marked the first district win.

Jody Brown provided the majority of offense with 380 yards rushing and 4 touchdowns. Sophomore Brandon Smith passed for over 30 yards to Colby Walker and Earl Meroney. Seniors Johnny Herridge and Danny Barnett also ran well for the Buffs.

The offensive line played their best game of the season. Way to go, guys! On defense, several people had good

games including Brown, who had a 86-yard interception and return for a touchdown.

Everyone on defense played up to the challenge and paved the way for the offense to out-score the Rattlers.

Brown was injured during the 4th quarter and was transported by the local E.M.S. to Brownwood Regional Hospital. He has been diagnosed as having a severe sprained ankle.

The Buffs play their final game of the season here against Santo Friday night at 7:30.

SEE YOU AT THE GAME!

ON THE RUN — Cross Plains Quarterback Brandon Smith pitches the ball out to Jody Brown #30, while #53, Shawn McKeehan and #7 Danny Barnett provide some blocking.

GREAT DEFENSE — An aggressive Buffalo defense making sure Tolar didn't advance the ball on this play were Johnny Herridge #9 (bottom), Michael Cowan #86, Travis Jordan #57, Brandon Smith #21, and Colby Walker #44.

SHOWING THEIR STUFF — Band students performing marching precision drills during half-time are Jason Rutledge (from left), Tim Hargrove, Kyle Foster, and Jason Higgins.

DOUBLE DUTY — The Cheerleaders not only are the spirit leaders during the football games, but pictured here are 3 of the 4 cheerleaders who also are part of the outstanding half-time performance of the Buffalo Band. Holli Shults (from left), Sonya Renfro, Courtney Kirkham, Renee Atchley, Sheryl Glover, and Tracy Erwin.

LEADING THE CROWD — Varsity cheerleaders are Courtney Kirkham (from left), Carie Renfro, Lori Dillard, Sonya Renfro, Tracy Erwin, and Shana Bagley.

UP, UP AND AWAY — Mrs. Debbie Bacon's 6th grade class participated in "Red Ribbon Week" by releasing balloons with anti-drug slogans attached to them.

## A Visit To The Stars

By CHRIS MADDIX

On October 18, Mrs. Childers' eighth grade science class visited the Abilene Planetarium to see the stars and planets and to learn some interesting facts about them. There were drawings of what creatures on the planets might look like. We found out the best times to see the planets and when the next meteor shower would occur.

We also looked at some constellations that are usually hard to find. Besides the stars we saw models of satellites, spaceshuttles, and a spacesuit given to the Planetarium from NASA for an exhibit.

We all loved the trip and thank Mrs. Childers for giving us the opportunity to visit the stars.

### Christmas Seals® Are 83 Years Old

The first U.S. Christmas Seal (above left) was sold for a penny in 1907 to fund the fight against tuberculosis — then a terrifying epidemic. That initial campaign raised \$3,000.

Now donations to this year's Christmas Seal (above right), help the American Lung Association' battle all lung diseases, including asthma, emphysema, and lung cancer.

## Story-Telling Workshop Held

On Tuesday, October 30, volunteer story-tellers for the "Learn About..." Program at the Cross Plains Public Library met for a workshop. Guest story-tellers were Clara Nell Spencer and Bettye Greenwood.

Both Clara Nell and Bettye have captured the children's imaginations for several years with their unique styles. Clara Nell uses her own posters with what she calls "Early Grandma Moses" drawings of her characters. Bettye demonstrated the use of the flannel board and of audience participation. Both answered questions and discussed techniques to use with children 3-5 years old. For example, both story-tellers stress the importance of knowing the story, not using the book, and of changing pace, tone, or details in response to the reactions of the children.

This workshop is a first of its kind for the library but hopefully not the last. The demonstrations and suggestions of the experienced story-tellers are valuable to the volunteers.

Those attending were Brenda Nelson, Beverly Ross, Vickie Dillard, Pam Hutton, Judy Phillips, and Juanita Shaw.

## Weekly Health Tip

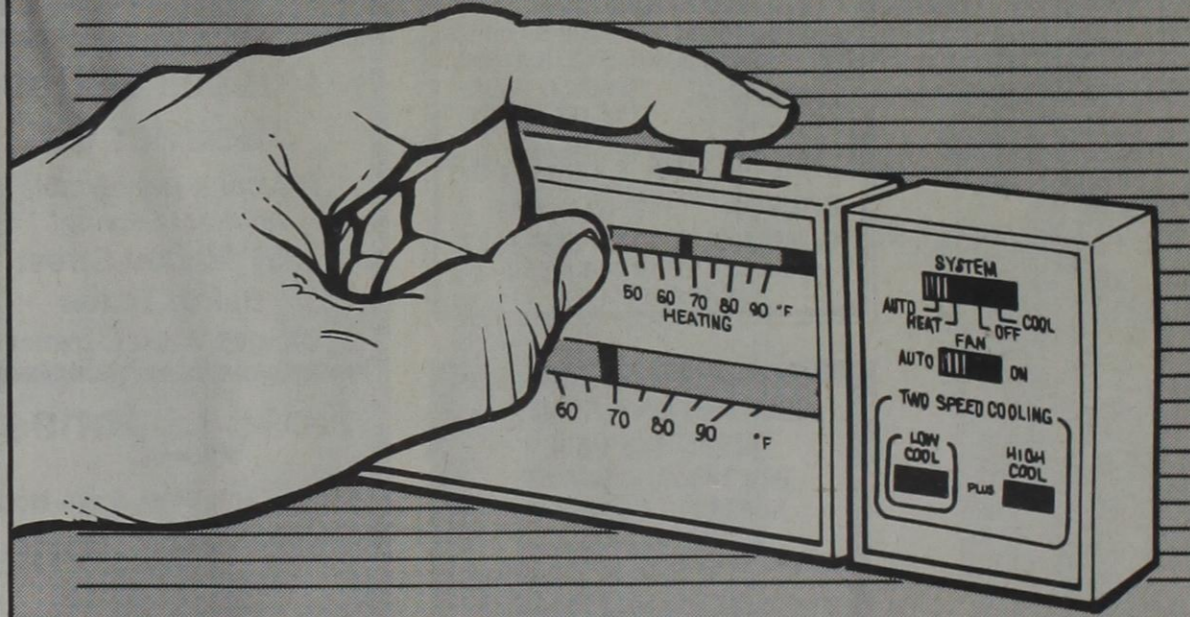

### DIVERTICULITIS

It occurs when tiny pouches form in the wall of the colon and become inflamed. Avoid constipation and bowel straining. Don't take laxatives, which can irritate the large bowel. The U. of Cal. Wellness Letter advises adequate dietary fiber, obtained from eating more fruits and vegetables (raw and unpeeled are best) — also whole grains. Wheat bran in casseroles and bakery is very helpful. These are good practices for the health of any digestive tract, whether diverticulitis or not.

Your better health is our concern.

Cross Plains Sales Tax 10.05% Higher

The City of Cross Plains is reporting 1990 one percent city sales tax payments running 10.05 percent higher than the 1989 payment of the tax. Cross Plains 1990 sales tax payments have amounted to \$40,429.35, while the 1989 sales tax rebates were \$36,736.25.

The city's monthly sales tax check for October 1990 was 37.13 percent higher than the October 1989 check, Bullock reported. Cross Plains' October 1990 check was \$3,736.96, while the October 1989 check amounted to \$2,725.15.

While most areas in the state are experiencing an increase in retail sales, Callahan County and particularly the Clyde area, are showing a recession in the retail sales department, according to State Comptroller Bob Bullock Wednesday, October 10.

Bullock said that sales tax payments in Clyde and Callahan County in 1990 are running lower than tax payments during 1989. During the payment period in October 1990, one percent sales tax payments to the city of Clyde were 15.12 percent lower than in October 1989. The payment to the City of Clyde in October 1990 amounted to \$5,047.21, while the October 1989 payment to the city was \$5,945.94.

Bullock reported that sales tax payments to the City of Clyde so far in 1990 have amounted to \$65,029.15, a 7.98 percent decrease from last year. The 1989 sales tax payments to the city to date were \$70,671.47.

According to Bullock's report, almost half of all retail sales in Callahan County still occur in the City of Clyde, however. Of the \$141,375.14 collected in the one percent sales tax in the county, \$65,029.15 occurred in Clyde.

Other Callahan County towns reporting sales tax payments include: - The City of Baird reported that sales tax payments in 1990 are 4.59 percent higher than the 1989 payments. The city had received \$28,415.38 so far in 1990, while the

1989 tax payments to the city were \$27,167.10.

The town's monthly payment for October 1990 was 47.36 percent higher than the October 1989 payment, according to Bullock. The October 1990 check to the city was \$2,103.23, while the October 1989 payment to Baird was \$1,427.27.

- The City of Putnam is reporting 1990 city sales tax payments amounting to \$7,501.26 so far, a 3.91 percent decrease from tax payments to the city in 1989. The 1989 checks to Putnam amounted to \$7,806.38.

Putnam's October 1990 tax rebate amounted to \$642.35, while the October 1989 payment was \$781.40, a 17.79 percent decrease in tax payment from a year ago.

Countywide sales tax payments for 1990 in Callahan County are running 0.71 percent lower than the 1989 payment to the county. Callahan County has received sales tax payments in 1990 amounting to \$141,375.14, while the 1989 payments to the county totalled \$142,381.20.

For the month of October 1990, sales tax payments in Callahan County are running 5.97 percent higher than those in October 1989. Callahan County towns received \$11,529.75 during October 1990, while October 1989 payments to the county amounted to \$10,879.76.

# State University Honors Former Cross Plains Man

By JACK SCOTT

A man born and reared in Cross Plains was recently honored, 26 years after his death, by a great Texas university.

Posthumous Accolades were accorded Porter Henderson by Angelo State University, which he once served as president, although he was not a high school graduate. Henderson, a successful San Angelo businessman, was a prime mover in the establishment of Tom Green County's first institution of higher learning which later became A.S.U. Library on that campus and one of its principal streets bears his name.

Henderson was the son of Mr. and Mrs. Joe Henderson, who built the house in the northwestern edge of Cross Plains which is now the home of Mr. and Mrs. Jackie Pancake. He married Faustine Butler, daughter of Mr. and Mrs. W.E. Butler. She was named in honor of her uncle, S.F. (Faust) Bond, who is remembered as a founding father of Cross Plains.

A clipping from the *San Angelo Standard-Times* regarding the honor to Henderson was called to local attention by another former Cross Plains man, who is now one of the most highly-regarded oilmen of the Permian Basin. He is Claude Brown, whose late wife nee Christine McGowen, was a classmate and intimate friend of

Faustine Henderson.

Clipping from the San Angelo newspaper is reproduced hereunder.

Though Porter Henderson Sr. never graduated from high school, he was instrumental in nurturing San Angelo's junior college and helping the two-year community school gain four-year state-supported status.

Henderson, who died in 1964, served as a San Angelo College trustee for 20 years.

He and his wife, Faustine, moved to San Angelo in 1936. Henderson first managed and later owned a farm implement company here. Mrs. Henderson died in 1962.

As chairman of San Angelo College's board of trustees, "Mr. Henderson was a most unusual personality," Dr. Raymond Cavness, then-SAC president, said at Henderson's funeral in 1964.

"As a board chairman, I never saw his equal," Cavness said in his eulogy.

"He was quick to grasp the educational problems, and he was always concerned in the things that were to the best interest of young people."

In a 1963 interview, Henderson said SAC's board functioned smoothly despite "disagreements" and "spirited debate" because "we have always tried to keep the basic interests of the young people of West Texas in mind."

"GUARDIAN OF SMALL BUSINESS" — Rep. Charles W. Stenholm (from left) receives "Guardian of Small Business" award from NFIB President John Sloan.

## U.S. Rep. Stenholm Named "Guardian of Small Business" By Nation's Largest Small-Business Organization

WASHINGTON — U.S. Rep. Charles Stenholm of Texas has been named a "Guardian of Small Business" by the nation's largest small-business organization, the National Federation of Independent Business.

NFIB, which has more than 500,000 members in all 50 states, including more than 41,000 in Texas, presents the award to senators and representatives who vote favorably on key small-business issues at least 70 percent during a two-year session of Congress.

Rep. Stenholm's small-business voting record during the 101st Congress, rated on the 20 recorded votes, was 85 percent. Issues deemed crucial by NFIB's members included cutting government spending, reducing taxes, mandating benefits, limiting federal regulations and balancing the federal budget.

NFIB is a non-profit, non-partisan organization which lobbies on behalf of small firms in all state capitals and Washington, D.C. The typical company represented has 5 employees, is run by the owner-manager and has a gross annual income of about \$250,000.

**Texas Dairy Goat News**

Texas dairy goat herds may be certified brucellosis-free or accredited tuberculosis-free, now that two new TAHC certification programs have been started in response to requests from producers.

To gain certification, a producer first must sign an agreement with the TAHC. Then, all male and female goats 12-months or older in the herd must be tested for brucellosis, tuberculosis—or both—and found to be free of infection.

For the initial brucellosis certification, dairy goats may have a series of four milk ring tests over the course of a year, followed by a negative herd blood test.

Or, the brucellosis certification process may begin with an entire herd blood test, with a second blood test 10 to 14 months later.

To gain tuberculosis certification, a herd must have two consecutive annual TB tests.

Certification in either program lasts 12 months and may be renewed with annual re-testing. Any natural or purchased additions to the herd must be documented and tested according to TAHC regulations.

For more information or an application for dairy goat certification programs, call Darlene Michalk, disease clerk, at 512/479-6697.

Texas has the largest goat population in the country. The Texas Agricultural Statistics Service, a part of the USDA, reported that on Jan. 1, 1990, the state had 280,000 Spanish, Angora, dairy and other breeds of goats.

A census prepared Dec. 31, 1987, showed that Texas had 10,559 dairy goats, and 253,156 gallons of goat milk were sold that year.

## Area Code 903 Replaced 214

At 12:01 a.m. on November 4, telephone customers in 200 Northeast Texas communities now served by area code 214 was served by the nation's newest area code — 903.

Customers in Dallas and in 33 Metroplex municipalities immediately surrounding the city will continue to use the 214 area code.

Throughout the past year — and again this month — customers have received reminders in their monthly telephone bills concerning the change. News releases provided to local print and broadcast media have also helped announce the change, as have paid advertisements.

"Programming to accommodate the new area code will be activated at 12:01 a.m. on November 4, 1990," said James A. Spriggs, vice president — general manager, northern operating unit. "Hopefully, most — if not all — of our business and residential customers who need to make modifications in their telephone equipment or service to accommodate the 903 area code have already done so. These modifications are needed so that features like Speed Dialing, Call Forwarding and Route Selection will continue to operate properly."

But the company has also taken precautionary steps to avoid call completion problems for customers who have not made these changes, Spriggs emphasized. "From November 4, 1990 to May 4, 1991, our switching equipment will still allow calls to the new 903 area code to be completed — whether the caller used the new, cor-

rect area code or the former 214 area code.

"This will allow customers additional time to make equipment and service changes, as well as to inform friends, relatives and business associates outside the new 903 area," Spriggs stressed. "After May 4, callers will not be able to complete calls to the new 903 area without dialing the correct area code. If they mistakenly use the former 214 area code, they will hear a recorded message instructing them to dial the new 903 area code."

Below is an alphabetical listing of the 52 GTE Southwest exchanges that will be changed to the 903 area code on November 4, 1990: Annona, Avenger, Beckville, Ben Wheeler, Blooming Grove, Bonham, Canton, Clarksville, Collinsville, Daingerfield, DeKalb, Douglassville, Ector, Frost, Gilmer, Gladewater, Gordonville, Grand Saline, Gunter, Hallsville, Henderson, Howe, Hughes Springs, Jackson, Jacksonville, Kilgore, Leary, Leonard, Linden, Lone Star, Marietta, Mt. Vernon, Myrtle Springs, Naples, Nash, New Boston, New Summerfield, Oakland, Quitman, Rusk, Sherman, Sulphur Springs, Talco, Texarkana, Trenton, Turnertown, Van, Van Alstyne, Wake Village, Whitesboro, Winfield, and Winnsboro.

To further increase caller awareness of the area code change, notice was recently sent to media throughout Texas and in the surrounding states of Oklahoma and Arkansas. Additionally, the GTE Everything Pages Directories printed prior to November carry a reminder about the area code change on the covers.

GTE Southwest and 10 other local telephone companies who provide service in Northeast Texas announced early last year the need to add another area code to the region served by the 214 area code. The traditional area code is needed because continued residential and business growth in the 214 area led to a shortage of available telephone number combinations.

## UPS Driver Joe Boles Honored For Safety

ABILENE — Joe Boles, a delivery driver for United Parcel Service, was recently recognized by the company for completing 15 years driving without an accident.

Boles works out of the UPS facility located at 365 Fulwiler, Abilene, Texas.

He presently provides delivery service in the Cross Plains and Rising Star areas.

"I always keep my eyes on the other person and drive only as fast as conditions allow," said Boles of his years of safe driving. "I try always to remember the safe driving skills UPS has taught me."

Center manager Barry McGonagill presented the 15-year-safe driving award at a ceremony honoring Boles' achievement.

Boles and his wife, Debbie, live in Old Glory. They have three children: Sheli, 18, David, 13, and Kevin, 8.

United Parcel Service has long enjoyed an outstanding reputation in the transportation industry. UPS safe driving performance is ten times better than the national average according to the U.S. Department of Transportation.

## MINUTE MUSINGS

By ESTHLOY S. DICKSON

These musings are being written early — and hurriedly — this is going to be a busy day for me. The AARP meets at 11, and services at First Baptist are at noon. I don't know yet just how I'm going to be in two places at the same time (that's a joke, Bub).

Since I wrote last, I've had a birthday — my 83rd. It was a very good day. I had my "weekly therapy" at the hairdresser's. Connie and Lil presented me with gifts. I received about a dozen cards from very dear friends. A card came from Dotsie Butler and her family. They are still in Palestine — so good to hear from them.

My son called me. My brother, Wayne, called me. My daughter sent me a pretty red sweater — I'm going to enjoy that a long time.

My good neighbor, Helen Tillotson, called me — I tried to get her last week. They were in California, visiting their daughter, Colene Tillotson, at Big Bear Lake. They enjoyed good weather all the way, and a very good time. I appreciated her call.

Mrs. Ronnie Holman and two daughters, Mickey, and Ronnie Lynn, and Andrew, a friend of Cisco, visited the Beggs' on Sunday. David Beggs of Morton Valley visited this week. J.T. and Betty were in Brownwood on business one day.

Sally Roady is doing fairly well. She has to be very careful in her activities. Bob visited Ms. Nettie through the week. Joe called them, as he does often. Their daughter, Cindy, called them from Jackson, Tennessee. She now has a truck driving job, which she enjoys. She was on her way to Virginia.

Norman Lee sounded great this morning, but he didn't have any news to report. Jewel Foster didn't have any news. She was in Sunday School and church on Sunday. She looks great.

## LAKESWOOD NEWS

By BETTY WESTERMAN

The Halloween Golf Scramble was lots of fun. There were 34 players making up 6 teams. Gary Westerman won the Closest to the Pin contest.

We are planning another scramble for Sunday, November 11. Tee off time will be 1:00 p.m. for an 18 hole ABCD scramble. Entry is again \$5 per person.

There will not be a monthly supper this month due to the Thanksgiving holiday.

## Letter To The Editor

Again or still, I must say, the polecat has released its smell and has made its bed under the bank building and under my building, Bryan's Variety. We have had it for the last five or six years.

Even though they cannot get under our building from the outside, they get under up the street and come down as

far as they can to bed. We have tried to take care of it ourselves, but it is beyond our control. We would be glad to pay for it to be taken care of.

I've talked to the city about it, but so far it has still not been taken care of. If the skunks bring rabies into town to infect the cats and dogs that will be something else to contend with.

## THE PIONEER PATCHWORK

By IRMA MILLER

The Quilters finished the Rainbow Star Tuesday and worked on an old, old String Star, thought to have been pieced before the 1930's.

The Community was well-dampened Saturday evening with a cold front, bringing 2 inches of rain with strong wind, and by Monday morning 32° and heavy frost.

There have been Turkey Day happenings. The Pioneer Community building resounded with the joy of Thursday night Harvest Supper, early Thanksgiving dinner, and Game Night all rolled into one. About forty were in attendance, Jewel Foster reports.

Jewel Foster's visitors were Norma's parents, Mr. and Mrs. Ford of Paris. Jewel accompanied Charles and Lucille Foster to the funeral, in Houston last week, of Jewel's grandson, Don Houston's wife, Melanie. Jewel feels a bit beset lately with one grandson already in Saudi Arabia and another to leave soon for that theater.

The Pioneer Pentecostal Church had a busy weekend. Prayer meeting was Thursday night, and Friday night a good crowd listened to the beautiful music and singing of Tim and Sally Ayers and Ken and Angie Eger of Dallas. Angie is Ruby McCowen's granddaughter (Rueben's daughter).

Nell and Joe Fleming went to Abilene Monday morning with JoVeda Watson of Byrds Store. Mr. and Mrs. Corbit Brown of the community visited Joe and Nell on Wednesday. Joe and Nell visited with Jay and Myrtle Kirkham of Cross Plains one day last week.

Jean Fore accompanied John Oliver and Frankie Smith to Ranger Saturday to see Frankie's father, Mr. Perry Vinson, in the nursing home. Then they went to Stephenville and did some shopping and went to visit Mr. and Mrs. Gerald Dowell.

Ruby McCowen went to Irving Saturday with John and Irma Miller to see the new movie "China Cry," a wonderful story based on the book by the same name, Nora Lam's autobiography. The movie was very well done, produced by Jim Collier with music by Al Kasha. The saying is true that if the music is good, you don't hear it, and none of us could remember hearing the music. I was just barely aware that there was music.

## 'Leave The Pack Behind'

AUSTIN — American Cancer Society volunteers around the state are readying efforts to challenge smokers to "Leave the Pack Behind" during the Society's 14th Annual Great American Smokeout November 15.

Sponsored by the American Cancer Society, the Great American Smokeout is a fun-filled, light-hearted celebration held each year on the third Thursday in November to encourage smokers and tobacco users to quit the habit for 24 hours. The effort is the largest health promotion event in the country.

Last year's Smokeout triggered 10.5 percent of the nation's smokers — 5.2 million Americans — to give up cigarettes for 24 hours. One to three days later, according to a Gallup poll, 3.9 million were still abstaining from tobacco. According to the poll, 17.9 million smokers participated in the Smokeout by quitting or cutting down for the day.

Judy Oskam, Austin, chairman of the Texas Smokeout campaign, said, "The American Cancer Society is hoping this fourteenth annual Great American Smokeout will help smokers across the state to stop smoking. We especially are working to help women, teens and underserved populations quit their tobacco habits."

The Smokeout helps advance the Society's ongoing battle against cancer. "Smoking is responsible for 87 percent of lung cancer cases and that means 87 percent are preventable by choosing not to smoke," Oskam explained. "We hope at least one in five Texas smokers will join the Smokeout this year. Texans could make a big step toward better health on November 15."
