Coleman League Champs Announced

By GREG TURNER

Two teams representing Cross Plains played this year in the Coleman League which consisted of 5 Coleman teams, 1 Santa Anna team and 2 Cross Plains teams, and did very well. The League was divided into 2 divisions, National and American. The Texans took 1st

place in the National Division and were also Runners Up in the overall League Tournament. The Buffaloes were the American League Champs as well as the League Champions.

The future of baseball in Cross Plains looks to be very strong, especially if all

the young men decide to play high school baseball, which was established this past year.

We, the teams would like to thank you, the community, for all the financial and moral support. A Special Thanks to Ike Neal for his on-going support of the two teams.

C.P. Girls Softball Finish Season

The C. P. Girls Softball played in the Cisco League this year, with two Youth age teams and one Junior High team. The Youth teams won First and Second place in the season ending tournament and the Junior High team played well also.

The teams want to express their appreciation to all of the following persons in addition to all the parents: Richard Wilson and Charles Chesshir for donating the pipe for the back field; Monty Richards, Mark Norris, Greg Turner, Leon Nixon, Robby and Peggy Bailey, Becky Joy, and Scott Childress for their work on the field, as well as coaching the teams. Without all of you, we could not have had the great 1995 season we had.

The sponsors, Brownwood Hospital and Medical Facilities, Citizens State Bank, Cross Plains Grain and Peanut, and Jack's Place, were most important as we were able to complete our field and purchase needed equipment. This community is very lucky to have caring people who will give of themselves unselfishly to help our young people grow up healthy and feeling good about themselves. If anyone was left out by name, please forgive us. We strive to give our most humble thanks to all.

VANESSA WEBB

Vanessa Webb Selected For All-American Team

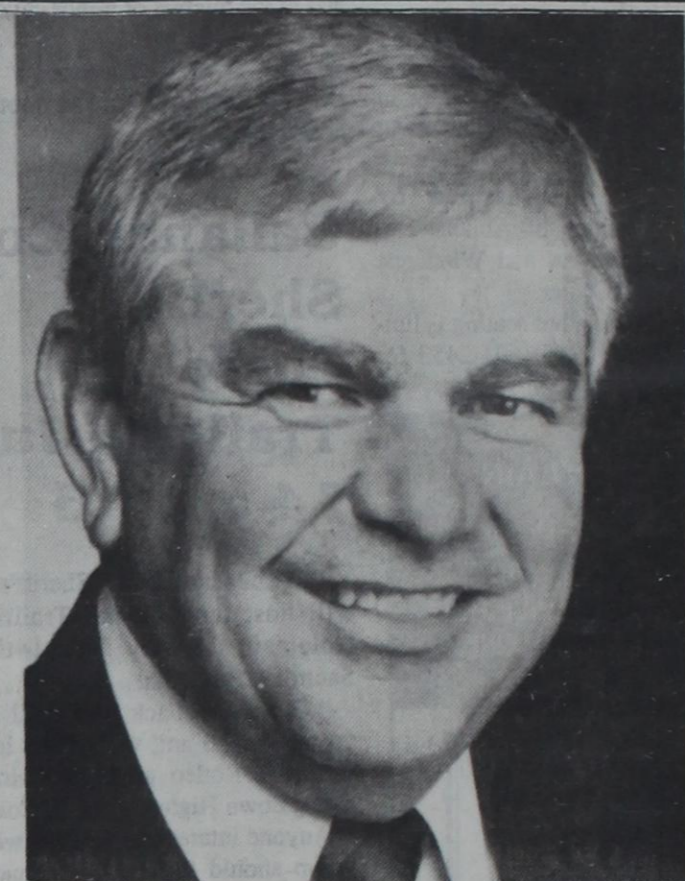

The Cross Plains Junior High cheerleaders recently returned from a National Cheerleaders Association summer camp workshop where one of their team members, Vanessa Webb, received top recognition as being selected for the NCA All-American Team. The workshop was held at Hardin-Simmons and attracted over 300 cheerleaders from surrounding states.

The National Cheerleaders Association, is sponsoring the "All-American Team" award at each of over 500 workshops held across the United States. The winners were selected for this award above all other cheerleaders at the workshop on the basis of their cheerleading technique, leadership, and all-around cheerleading ability.

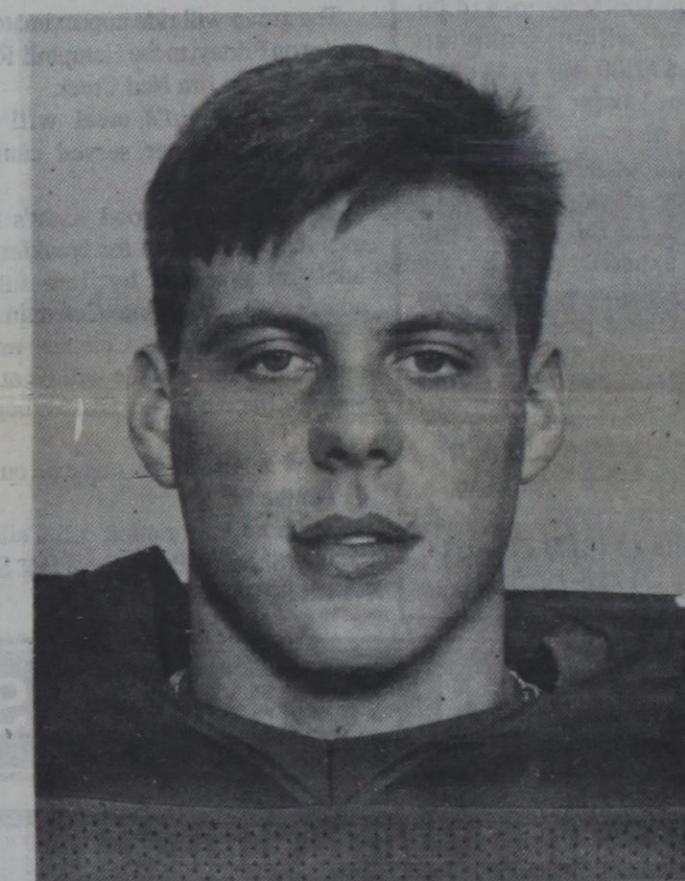

The presentation of the NCA "All American Team" award came at the completion of a full workshop of training on cheerleading technique, cheers, chants, jumps, partner stunts, and pyramids as well as a leadership program for sportsmanship, responsibilities, organization, and dedication. The National Cheerleading Association has been conducting summer workshops for over 45 years, teaching over 150,000 students each year on the art of dancing and cheerleading.

As an "All-American Team" member the cheerleaders are eligible to travel nationally and internationally with the NCA Special Events Performance Team. The "All-American Team" members will be highlighted in the Brach's Holiday Parade—Chicago, Illinois, St. Patrick's Day Parade—Dublin, Ireland, and the Jeep Eagle Aloha Bowl—Honolulu, Hawaii.

Baird Man Given Sentence
A 42-year-old Baird man was sentenced to six months probation and \$500 fine for allegedly selling marijuana over the counter at the Allsup's Convenience Store in Baird.
Manuel Gonzales, Jr., 42, of Baird, was arrested by an undercover police officer from the Abilene Police Department on May 2 for selling marijuana.
Callahan County Sheriff Eddie Curtis said Gonzales was charged with a Class A and Class B misdemeanor for possession and delivery of marijuana. County Judge Bill Johnson sentenced Gonzales to six months probation and \$500 fine.
Sheriff Curtis said the county sheriff's department had been working on the case for several months and called the Abilene PD drug task force in to make a drug buy.
Curtis said the Abilene PD was called in because the suspect would recognize local lawmen. Sheriff Curtis said Gonzales had been involved in the selling of marijuana at the Allsup's in Baird for "a long time." Curtis said the Baird man was working different shifts in the convenience store.
The county sheriff said Gonzales was

the only employee charged. The sheriff added store officials were surprised one of its employees was involved in illegal activities.
Sheriff Curtis said the "buy money" used to make drug purchases came from seized money of drug dealers. Curtis said the sheriff's department has received some \$60,000 in seized drug assets this year. He said the sheriff's department receives 80 percent of seized drug money assets, while the county attorney's office receives the remaining 20 percent.
Curtis said seized drug money is used by the county sheriff's department to make drug buys, put on drug programs for county youth and purchase vehicles and equipment for the sheriff's department in its fight of illegal drug activities.

STATE BOARD OF EDUCATION VOTED FOR GOALS 2000

By RICHARD WATSON

On July 7, the State Board of Education voted to apply for Federal funding under the controversial *Goals 2000: Educate America Act*, according to State Board member Richard Watson of Gorman.

Goals 2000, called by some Congressmen "a Federal takeover of education," requires participating states to submit a state education improvement plan to the Federal Secretary of Education. If the Texas plan called *Academics 2000* is acceptable to the Secretary, Texas may receive approximately \$27 million for which local school districts may apply in competitive sub-grants.

"In my opinion, *Goals 2000* oversteps the bounds of jurisdiction of the Federal government," Watson stated. "Education

is not among the enumerated powers assigned to the Federal government by the Constitution, and is, according to the Tenth Amendment, reserved to the states and to the people. Never before has the State of Texas had to submit 'lesson plans' to the Federal government for approval.

"Ironically, on the same day that the State Board in Texas voted to apply for *Goals 2000* money, the California Assembly (legislature) voted to REJECT *Goals 2000* funds for their state. It is regrettable that Texas did not join California in sending a message that the two largest states will make our own decisions and not have educational standards dictated to us from Washington.

Farm Bureau's Citizenship Seminar Held June 19-23

Attending the Texas Farm Bureau's 33rd annual Citizenship Seminar on June 19-23 in San Angelo were: Amber Brady of Hamby; Bobby McCoy and Leslie Clift of Albany.

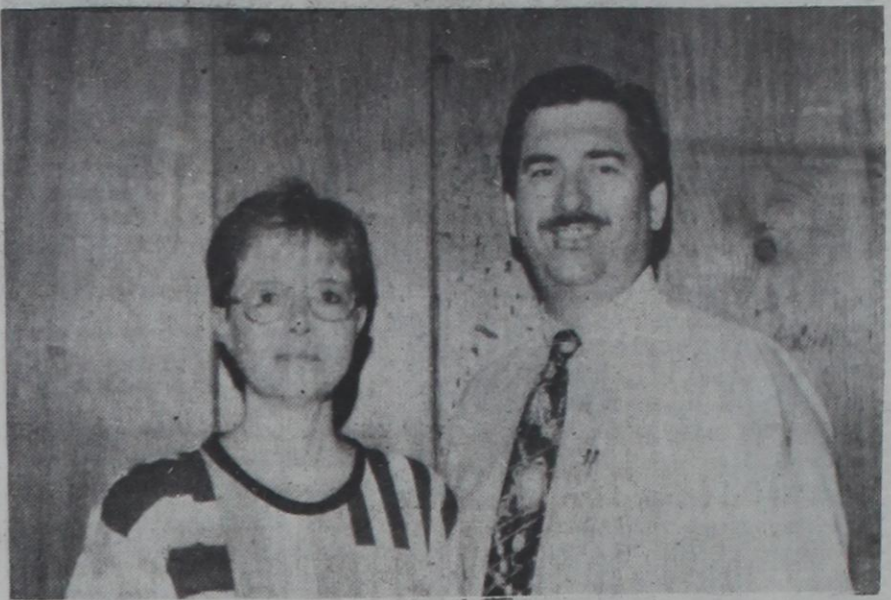

Sponsored by the Callahan-Shackelford County Farm Bureau, they were among approximately 400 high school junior and senior students from over 150 counties across the state.

The purpose of the seminar is to provide the students with a better understanding of their American heritage and the capitalistic free enterprise system, according to Allen Wilson, county Farm Bureau president.

Speakers at this year's seminar and their subjects were as follows: Jack Jackson of Fort Worth, president of Jack Jackson & Associates, "Price of Free Enterprise" and Free Enterprise Principles/Projects"; Texas Farm Bureau President Bob Stallman of Columbus, "Farm Bureau - Your Host"; and Miss Texas Farm Bureau, Jennifer Johnson, Farm Bureau Youth activities".

Also Felix Livingston, Foundation for Economic Education, New York, "Economic Freedom and the Constitution" and "Private Property: Keystone of a Free Society". Michael Broome of Charlotte, N.C., a motivational speaker, "You and America - Two Great Champions"; and Floy Lilley, Murchison Chair of Free Enterprise, Austin, "Dirty Air & Hot Air: What is the Lowdown?"; "Defend Property of Some Thug's Property" and "Tragic Dog Babies -- America's Chemophobia".

There was also a special presentation by Kurt Swanda from Fort Worth. The students were welcomed to the seminar by Dr. James Hindman, president of Angelo State University.

Local Educator Attends WTU Symposium

Kathy Purvis of Cross Plains joined 30 West Texas educators to learn more about renewable energy and how to use that knowledge in the classroom during a three-day symposium sponsored by Education Service Centers 14, 15, and 18 and West Texas Utilities Company.

The symposium, held June 28-30, in Fort Davis, included lectures, hands-on activities and field trips.

"Teachers are always looking for new resources and information for their students," said Kit Horne, farm and ranch community relations consultant for WTU, "Programs like this give teachers useful information they can't get from

textbooks." The teachers, from fourth- through ninth-grade science classes, received hands-on training and information about the use and feasibility of solar panel technology and windpower electricity generation. They visited the Central and South West Renewables Energy Solar and Wind Power Projects and McDonald Observatory.

WTU sponsors workshops aimed at different teachers, such as science or agri-science teachers, once a year. Teachers can receive credits from their school districts for participating in these projects.

People are always good company when they are doing what they really enjoy.

GREETINGS FROM YOUR SENIOR CITIZENS

By THELMA LONG

Faye Jackson has gone on vacation to Los Vegas and places unknown. Hope she doesn't get lost. We miss her.

Oliver and Frankie Smith have visited with us. It's nice to have them.

Junior Key was with his son at the hospital on Friday. Junior and Alva Key have been to Red River. I didn't hear any fish stories.

Eula Webb is scheduled for eye surgery on Tuesday in Abilene. We wish her well.

Lois Garrett had a wonderful 4th of July celebration. Her 95 year old cousin, Lydia Eubank visited the Smith Cemetery. This cemetery is located on the Bransford Eubank property. It is well kept and is a beautiful peace place to visit.

Roger Watson's sons and their families were here over the 4th of July. They also visited Vera Pearl.

The van, with Lois Garrett, Chuck and Elva Woody, Esther Kerr, Ruth Thate, Vicky and perhaps others, went to Rose Park Senior Citizens Center in Abilene. They had a good meal and saw a good program. Some of the men did a "Hula Dance" in grass skirts. The most enjoyable thing was driving back through the country with Chuck Woody pointing out places of interest. He knows this country like a book.

We sang "Happy Birthday" to Pauline Switzer and Tim Dillard delivered a beautiful flower arrangement to her from her son Lou and his wife. Pauline is very much loved.

Our sympathy to the families of I.B. Loving and Myrtle Burkett. We feel your sadness.

Happiness is contagious
Be a carrier.

The Cottonwood Musical will be Friday, July 21. The Cottonwood Quilting Club members will have something special in July, homemade ice cream. The members are quilting on their Rehab quilt for the August Rehab Night. The ladies cordially invite all who would like to help to please come. Their meetings are on Thursday of every week starting at 9:30 a.m. Please bring a salad for the noon meal.

Rainfall on Thursday night reported were: John Purvis 1 1/4 inches; Cliff VanDerLinden 1 1/10 inches; Wayne Brown 7/10 with just a trace of rain west and southwest of Cottonwood. On Sunday, no measures were recorded.

Sickle Cell Treatment

The cancer drug Hydroxyurea has proved to be the first effective treatment for Sickle Cell Anemia, a disabling blood disorder affecting 72,000 Black Americans. It means a significant improvement in the quality of life for many patients. In the study, Hydroxyurea reduced patients pain episodes, need for transfusions, hospitalizations and acute chest syndrome by 50%. Patients must understand Hydroxyurea is a treatment not a cure. The only significant short-term side effect found was mild suppression of the bone marrow. Long-term side effects are not known.

Your better health is our concern.

BREAKTHRU

By Bob Pipes, preacher
Cross Plains Church of Christ
433 N. Main At 12th

A teacher of morals to young people knew the importance of impressing the lessons on the mind of each individual student. The teacher brought two dozen of the most beautiful red roses he could find to class, one for each boy, plus one. He took one rose -- the very prettiest of them all -- and passed it around to every male student, letting him smell of it, handle it, even squeeze it if he desired. Then he took it and fluffed it up as best as possible, and put the handled rose back with the bunch.

As the teacher passed the bouquet of twenty-four roses around, he instructed the boys to each take a rose for himself. The one that had been handled and much "used" was left as it made the circle. The lesson was obvious to both the boys and the girls: a boy may go out with a girl and misuse her, but when it comes to marriage, he always desires to pick one out who is pure and unhandled for his wife...

Where does this leave you, young person? Thinking, I hope, even the boys. Who is the greatest to blame, the handled or the handier? Moral purity is not one-sided. God intends for both the bride and the groom to be pure at the marriage altar. Both boys and girls bear equal responsibility toward themselves and those of the opposite sex regarding morality, and what a BREAKTHRU a clear conscience is, which leads to a much happier life because of the peace of mind.

Yes, a rose is a rose is a rose is a rose -- but most prefer the unhandled one.

LAKWOOD NEWS

By MILLIE OWEN

Summer is in full bloom at Lakewood. We had a great fourth of July week-end with a lot of golfers, fishermen, and of course swimmers.

We have two more people to thank for pool fund donations. They are L. E. Allen of Rising Star, and Leo Thompson of Cross Plains. Thanks to all the donations we have received, we have been able to purchase extra things that were needed for the pool. One in particular was the ladder. They do cost \$165, and we need at least two more. So anyone interested in helping, please drop by the club. As most of you already know, the pool has really been a success. Thanks to all of you who have been here everyday, and to the ones who have not, come on out and take a splash. We do reserve the pool for private parties. For more information, call 643-7792.

Our next tournament is scheduled for July 22 and 23. It will be a two-person scramble with a \$100 entry fee per team. Participants will be flighted after the 18 holes on Saturday. Please enter by 6:00 p.m. Thursday, July 20. Tee time will be 9:00 a.m. and 1:00 p.m. Come on folks, help us make this tournament a success. We will serve hot dogs and chips after Saturdays round. So come on out and have some fun.

Our Thursday scrambles have been having about 25 people entered, but this week, let's shoot for 50. Entry fee is \$5, and play starts at 6:00 p.m. So come on out and bring a friend.

Until next week, I guess this is all the Lakewood News.

MRS. BRIAN EDWARD CREIGHTON

Hill-Creighton Wed July 8

Katherine Lin Hill and Brian Edward Creighton were united in marriage on Saturday, July 8, at the First United Methodist Church, Choctaw, Oklahoma. Reverend Joel Clay officiated at the 6:00 p.m. ceremony.

Parents of the couple are Mr. and Mrs. James Hill of Choctaw and Mr. and Mrs. Mark Creighton of Port Aransas. Grandparents of the bride are Mrs. Katherine Whitton and the late Paul L. Whitton, former residents of Cross Plains, and the late Mr. and Mrs. James M. Hill, Sr., of St. Louis, Missouri.

The bride is a graduate of The University of Oklahoma, where she was a member of Alpha Chi Omega Sorority. She is a fourth grade teacher with the Taylor Public Schools, Taylor, Texas. The groom is a graduate of The University of Texas with a Bachelor's of Business Administration Degree. He is currently pursuing a second degree in Physics at the University.

The Matron of Honor was Mrs. Sharon Naukam, Norman, Oklahoma, and the Best Man was Jay Corder, Austin. Bridesmaids were Tiffany Gibbens, Cheyenne, Wyoming; Faith Creighton, New York City, New York; and Heather Creighton, Austin. Groomsmen were Michael Hill, brother of the bride; Danny Winton, Austin; and Scott Lister, Dallas. Ushers were Sean Maddox, Houston;

Jeff Knollenburg, Houston; and Paul Miller, Austin. Lauren and Sarah Whitton, cousins of the bride from Ft. Worth, were the candlelighters, and Misty Whitton, also a cousin of the bride from Lubbock, was the Guest Book Attendant. Pianist was Danny Wilsey, El Reno, Oklahoma; and the soloist was Amy Patterson, Dallas.

The bride wore a gown of silk shantung traditionally styled with lavish details on the ballgown silhouette. Appliques of delicate Venetian lace encrusted with rhinestones and bridal pearls enhanced the scoop neckline, cap sleeves, and hemline. The Basque bodice, attached to a graceful chapel length train, completed the elegant gown designed by Galina. A floor length veil was attached to a headband of flowers and beading. The bride carried a cascading bouquet of multicolored spring flowers. The groom wore a black formal tuxedo with a white paisley vest and tie.

The brides' attendants wore magenta brocade dresses designed with off the shoulder scalloped necklines and kneelength full skirts. They carried multicolored bouquets that complemented the brides bouquet. The groom's attendants wore black formal tuxedos with black paisley vests and ties.

After a honeymoon trip to Cancun, Mexico, the couple will reside in Austin.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

'If wishes were horses, beggars could ride'. And my wishes this morning are for a more interesting column than I've had lately. With my lovely neighbors--friends--I should have no difficulty.

Services at our First Baptist Church were interesting and most informative. A group of young people gave their personal testimonies and special music. Our church is fortunate to have so many young people in attendance. I credit our pastor for much of this special group.

Betty Beggs doesn't answer this morning - neither does Rex. I hope they will call me--I want to hear from them.

I always appreciate my chats with Sally Roady. She is so gracious and sweet to help me with this column. Bob visited his mother at the nursing home nearly every day. They talked on the

'phone' and spent four days with the family. They visited with Bob and Sue McNeil in Baird, also with Art and Bertie in Abilene.

Ms. Jewel Foster was in our class Sunday morning. Her health is good, and she is fortunate to have her children nearby. They check on her almost every day.

I've been unable to get the Tillotson's home this morning. I hope she will call me when she has news for this column--I need her.

My daughter called again this week. Bless her heart--I do so appreciate her concern for her 'old' mother. I expect to hear from my one son, also. I often hear from them through Karen's grandmother, Lucille Callaway.

HEART AND VASCULAR INSTITUTE FIGHTS KILLER DISEASE

ABILENE, Texas — The Abilene Heart and Vascular Institute at Abilene Regional Medical Center has developed a unique mechanism to further the fight against the nation's number one killer — heart disease.

Over the past two years, seven cardiac conditioning satellites have been established at community hospitals throughout the Big Country including Ballinger Memorial Hospital, Stephens Memorial Hospital, Coleman Country Medical Center, Comanche Community Hospital, Eastland Memorial Hospital, Knox County Hospital and Stamford Memorial Hospital.

"The programs provide local outreach activities for prevention and awareness activities but their main function is to provide rehabilitation opportunities in the local community for patients who have been treated for heart and vascular disease," explained Jon Connelly, director of the institute. "It is more convenient for the patient and his or her family."

Many of the centers have also established wellness programs for the community which allows continued activity for both heart patients and those who want to prevent heart disease.

"I like to call it cardiac conditioning instead of rehab since rehab (in most instances) denotes a return to the previous condition," Connelly said. "Except for cases where the heart muscle has been severely damaged, participation in a good cardiac conditioning program can result in a stronger, healthier heart and decrease the risk of a future problem."

Cardiac conditioning is designed to improve cardiovascular health in persons whose heart function is impaired. It is a medically-supervised program of exercise and nutrition ideally suited for those who have undergone angioplasty, cardiovascular bypass surgery, or had a heart attack or other major heart condition.

"If the diagnosis or event has occurred in the past 12 months, the program is covered by Medicare and many insurance companies," Connelly said.

He said the program is individually tailored to meet the specific needs of cardiac patients.

"The exercise program will improve heart, lung and vascular functions and muscle tone through a slow, deliberate training process," he explained. "The sessions are held three times a week for 12 weeks, and each session lasts 30 to 90 minutes."

Throughout the program the patient's physician receives written reports of the progress being made by the patient.

"The intent of the program is to keep the patient's physician informed of the progress," he said. "The cardiac conditioning staff also provides ongoing counseling and educational opportunities to help the patient control or eliminate cardiac risk factors."

3RD ANNUAL "NO FRILLS-JUST SKILLS" BASKETBALL CAMP JULY 17-21

The third annual Boyd's "NO FRILLS—JUST SKILLS" Basketball Camp will be held at the Cross Plains Gym July 17-21. The camp is for boys and girls who will be entering grades 4-9. If you have a younger child (below fourth grade) who you feel is ready for this camp please feel free to contact Coach Boyd. The cost of the camp is \$25. This includes a T-shirt plus certificates.

The camp will also have numerous competitions with awards given in each competition. This year the 7th, 8th, and 9th graders will play five on five, full court with emphasis on setting screens and ball movement.

This camp emphasizes offensive play and one-on-one skills. Coach Boyd feels it is essential to learn to break down and beat your opponent off the dribble in today's fast-paced game. These one-on-one skills will be heavily emphasized and taught step-by-step. Another camp objective is to teach the campers to shoot

The first session is for grades 4, 5, and 6 and will last from 8:15 to 10:15. The second session is from 10:30 to 12:30. Parents are welcome to attend any session, especially Friday, July 21, when the awards will be presented.

Coach Boyd has a combined boys and girls varsity coaching record of 194 wins and 89 losses with numerous teams in the state playoffs. Last year the camp had 36 students. Coach Boyd and his staff hope to see you there.

Garage Sale For David Kirkwood Saturday At Village Mkt. Building

A garage sale to raise money to benefit a Clyde man diagnosed with bacterial meningitis will be held this Saturday, July 15 at the old T&C Village Market building on South First Street in Clyde.

The garage sale will be held from 8:00 a.m. until 7 on Saturday only.

Friends of the David Kirkwood family are holding the garage sale to help with medical expenses for the Clyde man diagnosed with bacterial meningitis.

Kirkwood, a 1992 graduate of Clyde High School, contacted bacterial meningitis May 31 while at student at LA Thourneau College in Longview. David is the son of Bob and Lucy Kirkwood. The Kirkwoods are members of Cherry Heights Baptist Church in Clyde. Bob is the former manager of Callahan County Co-op in Baird and Lucy is a former school teacher in Cross Plains.

Friends of Kirkwood are continuing to ask for donations for the garage sale. Anyone wishing to donate items to the garage sale can do so by calling Pat Morris at (915) 893-4816, Janet Barnett at (915) 854-2020.

There will be lots of nickel and quar-

ter items available at the garage sale. Hot dogs and soft drinks will also be sold.

There will also be cans stationed around the garage sale for people to make monetary donations as well.

Besides the garage sale, there are plans to hold a benefit golf tournament for Kirkwood. The garage sale is scheduled for August 4 in Abilene. A bar-b-que dinner is also tentatively planned and other local churches are scheduling fund-raiser for the young man.

The "David Kirkwood Trust Fund" has also been set up at Peoples State Bank to help with medical expenses for the Kirkwood family. Donations can be mailed to the local bank at P.O. Box 459, Clyde, Texas 79510.

According to a Kirkwood family friend, he's "much improved" from previous weeks. The young man still remains in Parkland Hospital in Dallas. He has been through a number of surgeries, including having his left leg amputated above the knee, his right leg amputated below the knee and his left arm amputated below the elbow. He's also on dialysis because of kidney failure.

Selected Scriptures

But he was pierced for our transgressions; he was crushed for our iniquities; the punishment that brought us peace was upon him, and by his wounds we are healed. Isaiah 53:5

You do not realize that it is better for you that one man die for the people than that the whole nation perish. He did not say this on his own, but as high priest that year he prophesied that Jesus would die for the Jewish nation, and not only for that nation but also for the scattered children of God, to bring them together and make them one. Hardwick Recognized As Leader

Representatives of the Texas Council Risk Management Fund presented a plaque to Mrs. Betty Hardwick of Baird at the June Board of Trustees meeting of the Abilene Regional MHMR Center. Under Mrs. Hardwick's leadership, the Risk Management Fund was established in fiscal year 1989, and she served as chairman until this year.

The Texas Council Risk Management Fund offers Texas community MHMR centers a full service insurance option. The risk coverage includes workers' compensation, and array of liability options and property loss or damage. The fund is managed by a Board of Trustees,

New Directory Helps Travelers Find Fuel

Travelers who drive propane-powered vehicles or use propane appliances in their RVs now have unparalleled access to their chosen fuel, thanks to the Texas Railroad Commission.

The commission's newly updated directory lists 910 Texas businesses that refuel vehicles with propane and 1,026 that refill bottles and tanks.

The 142-page 1995 Texas Propane Services Directory lists outlets for all propane services, not just motor vehicle refueling. It is organized alphabetically by city, with a key showing which services each business offers. A total of 1,228 listed locations offer services such as home fuel delivery, car and truck refueling, engine conversions, and cylinder and bottle refilling for propane grills and recreational vehicles.

Copies of the directory are available free at any of the Texas Department of Transportation's 12 Travel Information Centers statewide and by request from the Railroad Commission's Alternative Fuels Research and Education Division.

Propane is the most widely used alternative fuel in Texas, the United States, and the world. Texas produces and uses more propane than any other state. Besides a half-million residential customer, about 35,000 Texas vehicles use propane. There are about 400,000 propane-powered vehicles nationwide and 4 million worldwide.

For further information on the directory or propane as an environmentally beneficial alternative fuel, call the Railroad Commission's toll-free propane information line 800-64-CLEAR.

Ronnie Milsap Benefit For WTRC

The Joint Venture Dinner-Show on July 21 to benefit West Texas Rehabilitation Center will showcase the talents of Grammy winner Ronnie Milsap. Milsap's music career spans two decades and has produced 40 Number One hits and six Grammy awards, including the prestigious "Entertainer of the Year" award in 1977.

The innovative performer has gone to the top of the charts in pop, rock and blues, as well as in country. His string of country hits include "Pure Love," "Please Don't Tell Me How The Story Ends," "I'm A Stand By My Woman Man," and "Daydreams About Night Things."

He was well out in front in the crossover rage in the late 70's and early 80's with hits like "Smoky Mountain Rain," "There's No Gettin' Over Me," "Any Day Now," "Stranger In My House," and the million-selling "It Was Almost Like A Song."

Although born blind, Milsap has not allowed the fact that he is sightless to handicap his musical career. If anything it has sharpened his commercial instincts freeing him to be adventurous in

his musical explorations. His mastery of the keyboard combined with his powerful voice have taken Ronnie Milsap to the top and kept him there for more than 20 years.

The event which includes a pre-show reception and seated dinner, as well as the entertainment by Milsap, will be held in the Abilene Civic Center. The exhibition hall will be transformed into an elegant setting that plays off the theme: "Love...Country Style." Tables for 10 are priced at \$1,000, \$1,500 and \$2,500 for the event. Individual tickets may be purchased for \$125, \$175 and \$275 each.

John Chalmers and Myrle Greathouse, volunteer co-chairmen, report that advanced ticket sales are going very well. They suggest that couples who want to go together purchase a table of 10 for the dinner and Milsap's performance. Chalmers and Greathouse emphasized the fact that the event is the major fundraiser for the Rehab Center during the summer.

To make reservations, call Luverne Wadley at (915) 691-7201.

Report Card on TV Violence

It is bad enough that television seems to have changed the American child from an irresistible force into an immovable object. But the level of violence in American TV programming makes this attachment to the TV set even more destructive.

The average American child witnesses 100,000 acts of violence and 8,000 murders on television before leaving elementary school. It is an indisputable fact that this kind of programming not only monopolizes children's attention, but has made American youngsters — like our society as a whole — more cynical, prone to violence and desensitized to its real-life horror. Study after study has shown this to be the case.

I believe Americans are fed up with the violence in their streets, schools and on TV. So I have introduced a bill that would provide parents with the kind of information they need to guide their children's TV viewing habits away from violent programming and toward shows that can entertain kids without corrupting them.

This legislation is simple and involves no government censorship. What it would do is fund the preparation and distribution of a "report card" on TV violence, using current research data which is generated by a variety of universities and private research foundations, as well as the industry itself.

It would be even better if this could be accomplished in the private sector. I hope introducing this bill will spur the private sector to make such information available.

But, bottom line, parents need help. They could use the information to determine what programming they think is appropriate for their children. Exercising such guidance is, first and foremost, a family matter. I oppose direct government interference with television programming decisions, as do many of my colleagues in Congress. I believe we have little Constitutional authority to tell television programmers what to broadcast as we have to tell newspapers what to publish.

But I feel strongly that it is appropriate for government to find ways to help parents use available information effectively so they can make informed programming choices for their children. The bill I have proposed meets that need in the least intrusive way.

We hope the effect of making this information available will be reduced viewership of violent programming, thereby influencing programming content without mandating changes.

My bill would authorize the Secretary of Commerce to award a grant to a university or other not-for-profit organization to gather and analyze research into television programming content and publish its findings in an easy-to-read and easy-to-access format four times a year. These TV violence "report cards" would be publicized and made widely available to the public.

To the fullest extent possible, parents and consumers should be empowered to choose which television programs they consider appropriate for their children — and to turn off the set when programming they consider too violent is aired. With such information, parents could select programs with themes and ideas which reinforce their family's values.

Given the proper tools, parents can make informed decisions that allow them to take charge of their TV sets. And given the proper tools, I believe they will.
