COGS OF OIL INDUSTRY BEING PRIMED

OPERATORS HERE ARE PLANNING FIVE NEW WELLS IN THIS AREA

F. A. Lane Expects To Start
Three Within The Very
Near Future

Cogs of the oil industry are being greased for renewed activity in the Cross Plains area. No less than five new wells are being planned by local operators. Although definite announcements as to locations were not given out in an interview with oil men Thursday morning, it was assured that probably five new tests would begin in this locality within the near future.

F. A. "Cowboy" Lane has closed contracts to drill three wells, two in the Burkett field and one between Cross Plains and there. He said that he expected to "spud in" probably the first of next week.

Frank Stone returned here the first of the week and began plans to start a well in this area soon. No announcement as to the location or when he would "spud" was forthcoming, however. Too, another test is being seriously contemplated in "wildcat" territory near here. Those interested in the unproven tract expect to get underway in perhaps two weeks.

CITY OFFICIALS MOVE IN NEW HEADQUARTERS FIRST OF THE MONTH

City officials will move into new quarters the first of the month.

Monday morning when consumers go to pay water bills, taxes or register complaints, they will find the city office in the Masonic Building—between Martin Neep's Produce and Settle's Tailor Shop.

The new location was agreed upon in a special called meeting of the councilmen Thursday afternoon and a contract for one year's lease was agreed upon.

LADIES TO ORGANIZE LEGION AUXILIARY

At a meeting of American Legionnaires and wives Wednesday night here, plans for the organization of a Ladies Auxiliary in connection with the Legion were outlined and Mrs. Ted R. Smith was elected temporary chairman to direct the work. Another meeting will be held Wednesday night at the regular legion meeting.

Mrs. B. A. Stewart, State President of the Auxiliary was present and spoke briefly on the object and advantages of the ladies branch of the work. Other out of town guests were Mr. and Mrs. J. E. Bennefield, of Brady, Mr. and Mrs. W. M. Dean, of Breckenridge.

String music was rendered by two Pioneer boys. Ice cream and cake were served to 33 people.

FIRE SALE CONTINUES OF CITY DRUG STOCK

The City Drug Store's fire sale continues this week in the building just South of the Citizens State Bank. A 30 inch advertisement on page two lists new specials over the opening leaders of the sale.

"We have had to move in some new merchandise to replenish vacancies made by last week's buying, but everything—undamaged goods and all—is marked down to fire sale prices. We have thousands of values that I believe will be unequalled in Cross Plains for a number of years", said Arthur Burkett, manager of the store yesterday.

FRANK STONE RETURNS JUST A FEW STRIDES AHEAD OF PROSPERITY

"Three times I've returned to Cross Plains and on each occasion prosperity has followed shortly thereafter. I'm back again to punch oil tests in the earth near here until I hit something profitable", commented Frank Stone, former local operator, here first of the week.

"I take no credit whatsoever for bringing improved conditions on these three occasions, but perhaps the jinx that was shaken before will again be lifted", he stated.

Stone was for a number of years one of the most outstanding independent operators in this area. There was once a saying here, that wherever he sank a drill crude was discovered in paying quantities.

GARNER SUPPORTERS WILL ORGANIZE HERE SATURDAY AFTERNOON

A "Garner for President" club will be organized in Cross Plains, Saturday afternoon. The session will be called to order at four o'clock in the Review building. Paul V. Harrell, local lawyer, will act as temporary chairman at the gathering.

Sponsors of the movement urged the Review to extend a personal invitation to every man and woman interested in seeing a Texan boomed for the Presidency of the United States, to attend the meeting Saturday afternoon.

A similar campaign is on foot in South Texas to place the name of John Garner, Speaker of the House of Representatives, before the Democratic party as candidate for President in the approaching election. However the meeting here Saturday will be one of the first, if not the initial, organization perfected in West Texas for support of the Texan's campaign.

"Garner Votes", is the slogan adopted by those supporting the Speaker for President.

LOCALS TAKE TENNIS MATCH FROM SIMMONS

William V. Wheeler and Jack Scott, of this place, defeated the Simmons University tennis team, at Abilene, Saturday afternoon three matches to one.

In the singles: Wheeler defeated Noll Sewell 6-3, 6-0; Thurman Melton won from Jack Scott 6-3; 7-5; Wheeler defeated Oswald Lee 6-1, 6-1. Then in the doubles Wheeler and Scott beat Leslie McClure and Bernard Seed 2-6; 6-4; 7-5.

Mr. and Mrs. H. T. Schooley were in Mineral Wells Sunday attending a golf tournament.

Picturesque Burkett Refuses To Be Disturbed By Oil Excitement

Flatly refusing to be excited by the recent discovery of oil, the picturesque little city of Burkett, 12 miles South West of here, continues to enjoy neighborly association and domestic tranquility. Although 35 producing wells there are yielding 26,250 barrels of crude a month—representing an equal amount of dollars—Burkett citizens are neither over-anticipant nor negligent of their possibilities. They still go fishing in the Bayou at their back door, worship on Sunday, and gather once a week for an evening of wholesome entertainment in which the entire community participates.

Nestled on the gentle slope of a hillside and in a fertile valley, with an abundant stream of water and literally thousands of native pecan trees, the location of the town must have caught

Cross Cut Man Leads Brown Countians In Checker Triumph

Led by A. Hardin Plummer, of Cross Cut, a Brown County checker team of six players defeated an all-star delegation representing West Texas, at Abilene, Monday, 25 to 15. Of the 82 games played, 32 were draws. The Brown Countians were beaten at a previous meeting of the teams, July 4.

Plummer made the best individual showing for the winners with seven wins, three losses and two draws, but his performance was equaled by Raymond Dittrich. Winters, a former West Texas association champion. William R. Chambers, of May, had six wins, two losses and four draws. Only Dittrich of the all-stars won more than he lost, but D. C. Hulsey of O'Brien broke even on six draw games, three wins and three defeats.

Other players were: Brown county (all from May). Dr. A. M. Bowden, A. L. Buford, M. W. Robason, and Wade H. Chambers; all-stars, E. M. Lindsey, Olden; Grady Flynt, Winters; Clarence Ellison, Sweetwater, prestant association champion; E. Earl Miller, Abilene.

All West Texas officers were re-elected, and August 2 was set as the date of the next championship tournament. It will be held in Abilene, as usual. Officers named to serve another term were M. D. Teetzel, Abilene, president; A. H. Plummer, Cross Cut, vice-president; Dr. M. T. Council, Abilene, secretary treasurer.

Mr. Plummer spoke briefly to the Lions Club here, Tuesday noon, at the regular weekly luncheon, giving the history, origin, object and interesting facts concerning the game of checkers.

OLD TIME PUBLIC BOX SUPPER IS SCHEDULED FOR TUESDAY EVENING

An old time public box supper will be sponsored Tuesday night in the basement of the Presbyterian Church by members of the Cross Plains Lions Club. Features of the evening's program will be the selection of a "Gypsy girl" to represent this place at the West Texas Chamber of Commerce convention, at Sweetwater, next month; the auctioning of the boxes, selection and awarding of prize to ugliest man present, side booths and concessions, and perhaps the Famous American Legion Tickville Band, from Ranger.

D. C. Pratt and Dr. J. H. McGowen, committeemen in charge of the program for the entertainment, promised yesterday that plenty of fun would be in store for everyone and urged that the entire public attend.

E. D. Priest will act as auctioneer and conduct the sale of boxes. The festivities are scheduled to begin at eight o'clock.

SON IS BORN TO MR. AND MRS. HOYT CONINE

Mr. and Mrs. Hoyt Conine, of Luling, announce the birth of an eight pound boy, which has been named Hoyt Junior. Mr. and Mrs. Conine were both formerly of Cross Plains. She was Miss Glennyce Cummingsham prior to their marriage last July 4. Mr. Conine was associated with the Oil Well Supply Company here.

48 GOLFERS QUALIFY FOR ANNUAL TOURNEY AT PHIL-PE-CO CLUB

48 have qualified for Phil-Pe-Co Country Club's annual golf tournament, which begins Sunday, May 1. Play will be conducted in three flights with 16 entries in each. Plans are to wind up the tourney in six days.

Trophies will be awarded winners of each flight. The club's silver loving cup—now held by R. E. Hicks—will be awarded the winner of the first flight.

In the qualifying rounds M. S. Sellers turned in low score.

Sunday the golf team took 18 players to Mineral Wells to play a match that was postponed March 27. The locals were victorious in only three of the pairings. Winners for Phil-Pe-Co were: M. S. Sellers, J. F. Robertson and Ross Newton.

The next match on the Oil Belt Golf Association's schedule for the local public wellers is with Eastland, here, Sunday, May 8.

FIRE DAMAGES WELL IN TOWNSITE MONDAY

Fire, which is believed to have been started by sparks from a gasoline engine, did a damage estimated at several hundred dollars to the oil well and rig, just back of the Welcome Service Station, Monday afternoon. The producer was owned by Lawrence and Murry. All property owners in the block on which the well is located were royalty owners.

A pump will probably be constructed over the hole and production will continue, it was learned from one of the chief royalty owners, Thursday morning.

The well has been one of the most consistent in the townsite field here. It was drilled in 1926.

MAYOR SETS MONDAY FOR CEMETERY CLEAN-UP DAY

Mayor S. P. Collins yesterday officially declared Monday, May 2, Clean-Up day for the Cross Plains cemetery. He extended a personal invitation to all interested in the beautification of the grounds there to be on hand Monday morning and assist in the work that he said was necessary.

"In the event of rain—too much to work—the general clean up day will be postponed subject to a later announcement in the Review", the Mayor said.

PRECIPITATION EARLY THURSDAY MORNING REVIVES CROP HOPES

Grain, Gardens, Pastures, Feed
And Even Cotton Prospects
Are Boosted

An inch and three eighths rain here Thursday morning brought the total moisture from April's showers to two and one eighth inches in Cross Plains. Weather reports yesterday indicated more moisture in Central and West Texas today.

Crop outlooks were boosted greatly as a result of Thursday's precipitation, according to farmer interviewed in town after the rain. Grain, they opined, would receive the chief benefit, yet cotton, which is recently planted—or is soon to be—will have ample moisture to stimulate profitable growth. Pastures, gardens and feed crops were given new life as a result of Thursday's rain.

.75 of an inch of moisture had been received in Cross Plains during April before Thursday.

A fee of 10 cents will be charged for one quilt entered in the contest; additional ones may be entered, however for five cents each. Although the prizes were not announced by ladies of the Auxiliary, it was understood that appropriate awards would be given.

"The show will be something new and novel and should attract all who appreciate the artistic needlecraft in fine quilts", said a member of the Auxiliary yesterday.

In connection with the quilt display, several concession booths will be arranged in the building.

CARL EWIN SUSTAINS BROKEN LEG TUESDAY

Carl Ewin, who sustained a broken leg when he fell from the "Crane" of a Spudder drilling machine here Tuesday morning, was reported Thursday at noon to be recovering normally at the Fort Sam Houston Hospital, San Antonio.

The injury is said to be in the lower portion of the leg.

Ewin was assisting in the reconditioning and cleaning out of a well on the Webb ranch, 12 miles South West of Cross Plains. The machine belongs to T. S. Holden, local oil operator.

The Eyes of Texas

The University of Texas, it seems, has a new song to take the place of "The Eyes of Texas." The new opus is called "Texas U" and will be played at all athletic contests in future. Two students of the university collaborated in producing words and music.

Back of the movement for a new song, we are given to understand, is the desire of the student body to get away from the razzing incident to the singing of "The Eyes of Texas" in foreign parts. At the Texas-Harvard football game last fall the East was given its first taste of the university's celebrated song, and sports writers razzed the Texans no little. Whether the razzing or a desire to do away with anything and everything that serves to remind them of the unmerciful beating the Longhorns received on that occasion inspired the hunt for a new Alma Mater no one seems to know.

Tradition has it that "The Eyes of Texas" was written to kid a professor who made frequent use of the expression in addressing his students. Whatever the origin, it became the favorite not only of the university student body, but of Texas as a whole. It has been used at gatherings of Texans, at home and abroad, for many years, and it will take something more than the mere adoption of an "official" song to displace it. It is easy to sing, carries an ancient and honorable tune, and likely will be heard in Texas for another generation or two.

Somehow we find distasteful the possibility that a group of

Texans can be made to give up the singing of a song just because a New England football crowd razzed them about it. It doesn't sound like the reaction of normal Texans.

Buddie as the old saying goes another day another dollar, that is if you are working. So as the saying about our local paper, another week another paper regardless of what's in it we always have our paper.

Our Post seems to have its misfortunes just as others, one of our Buddies fell from a spudder last Tuesday and fractured his leg at the ankle and to show you how our Post does things, he was rushed to Fort Sam Houston for treatment. Let's make each one that belongs to our Post feel proud that we can assist a buddie in these days of trials and troubles.

The committee that was appointed to arrange the hall and refreshments last Wednesday for the reorganization of the Ladies Auxiliary sure put things over. The Post had as their guests Mr. and Mrs. Bennifield, of Brady, Mrs. Mollie Armstrong, Brownwood, and several other out-of town people that hold some state office of the Legion or Auxiliary. THE FAMILY DOCTOR

By JOSEPH GAINES, M.D.

A FRIEND

Within the last week I have had quite a patronage in "blood pressure cases." In this particular interval, all the subjects were ladies. I could not help noticing similarity that was almost uniform. All were women past middle age, 60 and beyond. All were of stout build—170 pounds or over, in weight. All except one—a Jewess—were farm dwellers. All except the Jewish lady were of fair complexion. Most all were of German extraction, liberal feeders. All except the city woman had reared large families of children. And all of them, without exception, carried their high tension without kidney disease.

It is very common these days to encounter cases of high blood-pressure, the kind that produces hemorrhage in the brain, and, paralysis, if not sudden life ending. Hence the subject is of rather keen importance, both to patient and physician. First of all in the treatment the cause must be sought for.

My habit is, first to test for kidney disease, that being in many cases co-incident with high arterial tension. If not "kidney trouble," what then? Well—are the arteries hardened? Or, is there evidence of a chronic liver derangement? How about the spleen, the largest of the ductless glands? Is there any focus of infection by harmful germs? What of the elimination by bowel and kidneys? Is the colon functioning? The heart? The voluntary and sympathetic nervous systems? Lastly, the blood-condition as to viscosity, and its power to properly feed the muscular system, which includes the heart itself. Diet? Regulate it according to need, not routine.

We are progressing—slowly, it may be—and thoughtful patients certainly aid the physician. That's the "why" of this letter.

Mother Knows It's Spring

"I'D LIKE TO KNOW WHAT'S HAPPENED TO MY BASE BALL SUIT? DO YOU KNOW WHERE IT'S AT?"

"SAY, LIL'—WHERE THE HECK ARE MY GARDEN TOOLS AND THAT OLD PAIR OF PANTS?"

"HELLO,—MISS PERKINS, I ISN'T VERY STRONG THIS MAWNIN', AND I DOESN'T FEEL LIKE WORKIN'."

"OH, MUMSIE,—DID YOU SEE THIS ADORABLE PICTURE OF CLARK GABLE? COULDN'T YOU JUST LOVE HIM?"

and cake were served after the business and their families were present to share in the feast. Our old stand-by, Peyton Smith of the Smith drug store donated 5 gallons of ice cream, and us legionnaires furnished the cake, which was easy.

We legionnaires are glad that we will have the honor of having the Auxiliary to work with us and want to thank Mrs. Gunn and Mrs. Hendrix of Pioneer for their assistance and good work helping to reorganize the Auxiliary.

Buddie's, each of you that belong to our Post, I want you to think this over just think what little you have done toward helping our Commander. Make a real post out of ours. There are a few that are always trying & really helping him & their are others that never turns a hand. Now all of you come out to our meeting, come to talk to make suggestions, will assure you will be listened to. That's a privilege you have at our meetings.

T. O. Powell was elected to fill the office of finance officer, in Frank Green's place. Here's to you T. O., hold them down and freeze on to those nickles.

Don't forget Mother's Day Buddies.. We want to make a good showing to our town and community for I'm sure they all will be with us when we dedicate the trees up at the school campus. Be at the Review office not later than 2 P. M. May 8th, a good program has been arranged for this occasion. Short though yet we expect each of you. Our Commander states he would like to see 2000 people out that afternoon.

Next Wednesday is our regular meeting night so don't fail to be with us.

City Drug Store

Cross Plains, Next door to Citizens State Bank Texas

WHEN WE COME TO RESTOCK

I HAD occasion recently to visit an Ohio city of thirty thousand people. Its industries are running only half time, and everybody is hard up, but cheerful.

Funds have been raised to take care of those who must have financial help. And on the second floor of the city hall I saw an exhibit that gave me something to think about.

The women of that city have ransacked its homes, from cellar to attic. Literally! They have requisitioned every old suit, over-coat, dress, hat and pair of shoes. Not a single garment has escaped them. The second floor of the city hall looks like the basement of a department store, and the piles of goods are melting away very fast. The closets of the community are bare.

Yesterday my wife received a note from our daughter, who is in a girls' school in New England, saying: "Send up all the old clothes you have. We are gathering them for the people in this neighborhood who need them."

I said: "That's a fine spirit for the youngsters to have. You must send up a good big bundle right away."

"But I can't" she protested.

"Why not?"

"I have already sent out every single scrap of used clothing we had in the house. As for shoes, you'll find when you look in your closet that you will have to buy some. I looked over your collection and took them all."

Speaking the other day to a group of bankers about the motor industry, my friend R. H. Grant of General Motors pointed out that fewer automobiles were sold in 1931 than went to the scrap heap, and that every month of subnormal production is merely piling higher the total future demand.

A leader of the tire industry told me their surveys indicate that there are more badly worn tires on cars today than ever before.

The railroads are having to use much equipment that ought to be junked, or extensively repaired.

All this means a type of "consumption" which is very different from that of the years 1924-1929. In that period we thought of a "consumer" as one who used an article until it was a little shabby and then traded it in.

The dictionary definition of "consumer" is "one who—destroys, one who uses up an article."

We are destroying things now, using them up completely. There certainly is going to be a whale of a lot of business in this country some day—

When we come to restock!

Fishing Trip Given In Honor of Pancho Vilha

The football boys of the C. P. H. S. journeyed to the Webb's Ranch, Friday, April 22, on a fishing trip which was given in honor of Pancho Vilha, football coach, who has resigned the position as coach for the next term. After every one had finished eating a search was made for missing quilts and blankets, it was learned that about eight of the boys had enough cover for two mattresses. Several night-owls stayed up until the rain forced them to cover. "Red" Bingham blew taps all night. Two of the boys had to retire to the ranch house for the purpose of much needed sleep. Just before daybreak everybody dropped off to sleep.

At seven o'clock the next morning, breakfast was served and everyone started for home. With the exception of about ten boys who made the Freshmen clean up the grounds.

BILLIE 'POSSUM VENTURES INTO THE MILK HOUSE

SERIES NO. 6

One of the farmer's boys was bringing the ax over his head. The ax that was to cut Billie 'Possum's head off. Billie had his head placed across a log, and as soon as the ax struck it his existence would end.

But our hero was not destined to die so soon. The boy was standing under some low-hanging limbs of a live-oak sapling, onto which clung an extra large nest of fierce red wasps.

The intense pain of over seventy-five stings was more than the boy could bear. He threw the ax high in the air and started running circles around the house.

and his dogs. It was not until he reached his home under a large rock on Rocky Ledge that he really realized the pain pain that the wasps had caused.

"What do you mean coming in this time of the night?" stormed Polly 'Possum as Billie tried to sulk off to bed.

"Oh, nothing ma," was the reply. "I was just delayed.

"I thought I told you to get in here by ten o'clock on school nights," she responded. "But I couldn't help it, ma."

"Cause I got locked up in the farmer's milk house, and couldn't get out."

"Got locked up in the farmer's milk house? Why, you naughty child!"

"It wasn't my fault," protested Billie. "Well; go on to bed, and I will deal with you in the morning."

hour before he fell into a deep sleep. He did not wake up until he heard his mother calling him the following morning.

"Wake up, Billie! Wake up!" she was saying.

"Oh, I can't ma," he replied.

"Now just why can't you?" she angrily asked.

"Aw; because I'm not asleep," he replied sleepily.

The Cows are Dumb

The cows around here are so dumb that they think every thing is alright as long as they get plenty to eat and drink. Men are not that way. they want plenty to eat and drink and some spending money, too.

When cream was selling at 40 cents per pound it cost \$15.00 to feed a cow a month. Now cream is 10 cents and it doesn't cost \$2.50 a month to feed a cow a month.

HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—my first bottle of Kruschen Salts took all the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now I feel like a new man."

To lose fat SAFELY and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast.

For your health's sake ask for and get Kruschen—the cost for a bottle that lasts 4 weeks is but a trifle at any drugstore in the world and if after the first bottle you are not joyfully satisfied with results—money back. Smith Drug Store and all good druggists will be glad to supply you.

Don't forget the importance of fresh, juicy greens for both the baby chicks and old hens.

The Economic Strength of Our Community

Banks are a part of the economic blood and sinew of all community life. Without banks commerce and industry could not carry on, nor contribute to the economic welfare of the people.

In times of prosperity unusual demands upon financial institutions are few; therefore their stability is considered a matter of fact. But when conditions drop to normal or blow—'tis then the fundamental soundness and foundation strength of a bank is tested.

TOM F. HUNTER WILL SPEAK AT EASTLAND COURTHOUSE MONDAY

"When the entire cotton crop of the state of Texas last year would not pay for its own ginning and pay the state taxes at Austin, how in the name of high heaven are we going to pay the city, county and school tax," asks Tom F. Hunter, democratic candidate for Governor of Texas, who speaks at Eastland, Monday, May 9, in the courthouse at 8:00 o'clock P. M.

Mr. Hunter thinks that state taxes should be reduced to far less than the expenditure of last year and that a greater part of this reduction should come from the abolition and consolidation of many of the 80 bureaus, commissions and departments at Austin, and by the removal of the great waste in the highway department.

"We should have a state law," said Mr. Hunter, "to make it a penal offense for any state official to receive money or compensation from the corporations. Two thousand years ago the Savior said: 'No man can serve two masters' and it is just as true now as when pronounced by Jesus of Nazareth."

11 members of the organization visited the Baird Delphian club Tuesday in the home of Mrs. Bill Hatchett.

Mrs. Nat Williams delegate of the Wednesday Study Club to the 6th District meeting in San Angelo gave a report of the meeting.

Mr. and Mrs. H. T. Schooley were in Baird Thursday.
