Every Man Deserving

Has a Right to Prosperity

There isn't a deserving man who hasn't a right to the prosperous, happy employment that good business can give.

If we are farming, we want to raise a little bit more; if we are in business we want to increase our efficiency and production.

This is one bank that feels its responsibility to the community, and we stand ready to co-operate with every other man who does.

Call on us as hard as you will.

CONTRACTORS GETTING READY FOR DRILLING

There has been no cessation in the Cross Plains field since the last week's report. About twenty big truck loads of casing, drilling and derrick material have passed through town within the past week. The greater portion of which is being used for the new locations a short distance from the Webb and Gooch wells. The Webb well is now a matter of fact a good and steady producer, flowing by heads at a better rate than when brought in. Harold W. Seaman et al, have completed their rig on the R. C. Atwood farm near Cross Plains and drilling will be started immediately.

The Penant Oil & Gas Co. are building a rig on the Teston farm just south of the Webb well. This well is being drilled on a part of the Litzenger acreage.

It is reported that Stone & Mc Murry are making arrangements to drill a well about 1-1/2 mile north of the Webb well.

Plans are being made for a well to be started a short distance south of town, but the exact location has

not been made. This well will be an interesting test on account of being in a new territory.

We are reliably informed that a number of other locations have been made a short distance from Cross Plains, but the parties interested requested that we not make known the locations at this date.

CROSS PLAINS SCHOOL OPENS NEXT MONDAY

Everything is being put in readiness for the public school to begin next Monday, Sept. 5th. The building is being thoroughly cleaned and renovated and the text books fumigated as required by law.

We expect to have a nine months session this year, and we want, if possible, to become an affiliated school, with due recognition in the State. Our class work must be of the highest standard, of course, and we hope that all high school pupils will enroll at the beginning.

We hope that next Monday the school auditorium will be filled full of pupils and patrons. Let's make it a "booster school" this year from start to finish. Your presence at the opening will encourage both pupils and teachers.

HUB HARRELL PASSES AWAY AT BROWNWOOD

Herbet Goldsmith Harrell, practically all his life a resident of Callahan and Brown counties, died at the Physicians and Surgeons Sanitarium at Brownwood on Friday, August 26, at 7:40 A. M., and was buried in the Cross Plains cemetery on Saturday afternoon, the Rev. Bristow Grav, pastor of the First Presbyterian Church of Brownwood, conducting the services, assisted by Rev. B. G. Richburg, pastor of the Cross Plains Baptist Church, and Rev. R. D. Carter, a life long friend of the family.

Hub, as he was known by all, took ill suddenly on Sunday night at the Jefferson Hotel in Brownwood with acute indigestion, which rapidly developed into peritonitis. On Monday he was removed to the P. & S. Sanitarium and his family was called to his bedside. His condition was serious from the beginning, but it was hard to realize that one day he could be in apparent good health and the next day at death's door. Loving hands of relatives and friends did everything possible to alleviate his suffering.

For the benefit of his his Brownwood friends who could not come to Cross Plains an informal service was held at the undertaker's chapel at Brownwood Friday night, the Rev. Dr. Gray being in charge. The

PRICE OF COTTON ON THE JUMP IN CROSS PLAINS

During the first days of this week some cotton sold on the Cross Plains market at 17.10c per pound, compared with a prevailing price of 12 cents at the beginning of the season ten days ago. A forecast by those who have made a review of the cotton situation gives ample evidence of a gradual realization of the real situation by the trade generally and supplies abundant reason to believe that a much better price will be obtained for the cotton still on hand and to be produced during the present season.

There has been delivered on the Cross Plains market up to this date, Wednesday morning, 85 bales of this season's cotton.

and had been quite successful as an independent operator in the Brownwood territory.

He leaves his parents, Mr. and Mrs. J. E. Harrell, and two brothers, Paul and Claud Harrell, and other relatives and a legion of friends to mourn his early going.

His was a soul of large capacity. The family is related to Oliver Goldsmith, and Hub was named for this celebrated poet, and in many respects was like him—in love for the beautiful, in his dreams and in his utter unselfishness and devotedness to his friends. He had a smile and a word of pleasantry for every one and a personality that won your love whether you willed or not. His devotion to his family was noteworthy. His brothers he regarded as brothers indeed, and he revered his parents, his devotion to his mother being beautiful. He was untiring in his efforts to save her strength, and while in her presence he constantly reminded her of his love. His friends were as his acquaintances, his homom friends numerous. In a few short years he has spread sunshine in the lives of many. No young man in Brown-

wood or Cross Plains ever had more friends or was more generally loved.

The heart-broken family, and especially the little woman whose mother heart can scarcely stand the loss, have the deepest sympathy of the entire country.

SERIES OF MEETINGS AT PRESBYTERIAN CHURCH

A series of meetings, conducted by Rev. Jas. H. Tate of Fluvania, Texas, will begin at the Presbyterian church in Cross Plains Sunday evening, Sept. 4th.

Big Gasser Brought In

According to last week's Baird Star, Samples, Stegal and others have brought in the biggest gas well ever brought in in that section of the country on the Finley Ranch, six miles east of Baird, at a depth of 590 feet.

body was brought to his home south of town Saturday morning, where it was held in state until 3 P. M., when it was brought to Cross Plains for interment.

The funeral service was held at the tabernacle of the Baptist church, in the presence of a large concourse of friends, and were simple, impressive and touching. Rev. Richburg read the scripture and Rev. Carter offered prayer. Hon. Mark McGee, who had known Hub intimately for years, in behalf of his many Brownwood friends, a number of whom were present, made an address touching the life and character of the deceased that was eloquent with sympathy and pathos and brought tears to the eyes of all. Rev. Gray read the 23rd Psalm and made some beautiful comments on it as it applies to the Christian life. His words were full of comfort to the bereaved family and friends. Hub had often worshipped with Rev. Grav's church and sang in the choir, and had often expressed a preference for the Presbyterian church. A profusion of flowers were offered that were a mute but exceedingly beautiful tribute to the affectionate esteem in which he was held.

The active and honorary pall

bearers, including about fifty prominent citizens of Brownwood, were Tom Anderson, C. C. Neeb, Taylor Bond, Ralph Chandler, Drew Baum, Fred Robertson, Jim Lawrence, Dave Clark, Ernest Pyle, Vallie McDonough, Barney Lindley, Dr. John Rumph, Dr. Howard, Earl Barnett, Parker Bond, Oscar McDermott, Hugh McDermott, Will Young, Fred Cutbirth and A. F. Willis of Cross Plains.

Hub was the second son of Mr. and Mrs. J. E. Harrell and was born near Wolfe City on Feb. 10, 1883, moving with his parents to a place now owned by G. G. Koenig, six miles south of Cross Plains, in 1885, later moving to their present home five miles south of town. He was converted at the age of eleven but never aligned himself with a church. His was a christian heart and spirit, and in his last hours he stated that he did not fear to die, and doubtless he is now with his Maker. He was a member of the Brownwood Elks Lodge. Having an unusually good voice, in his early manhood he made vocal music a profession, travelling throughout the State and nation with various organizations engaged as a high tenor. The last few years he had been engaged in the cotton business

**SCHOOLS WILL GET
\$13 PER CAPITA**

At a meeting of the State Board of Education in Austin last week the State apportionment was fixed at \$13 per capita. The total number of scholars in the state were reported by the State Superintendent as 1,298,282. The estimate of expenses for the purchase of free textbooks for the scholastic year of 1920-21 was given as \$1,681,601. The balance in the textbook fund on Sept. 1 was estimated to be \$300,000. The Board set aside \$1,381,603 as a textbook fund, the board being required to include each year the balance in the textbook fund to meet the expense of issuing year.

The product of the 15c tax for textbooks was estimated at \$4,044,563. Deducting from this the amount set aside from the textbook fund it was found that from this 15c tax there would remain in the available school fund for the session of 1920-21 \$2,662,950.

**BAPTIST MEETINGS
CLOSED TUESDAY NIGHT**

The protracted meeting which has been in progress at the Baptist Tabernacle the past two weeks, will close this week. The greater part of the meetings, which resulted in many conversions, were conducted by Rev. Sims of the Simmons College Baptist church at Abilene, who returned to his home after the close of the service Saturday night. A vote of the congregation Sunday night favored continuing the meeting another week, but the condition of Rev. Sims' throat from which he had been suffering during the latter part of the week and the illness of his wife, prevented his returning, and the closing meetings and baptizing of twenty converts Sunday afternoon were conducted by Revs. Richburg and Carter.

**SHERIFF GORN LO-
CATES STOLEN AUTOS**

Due to the postal card reward propaganda, which has been spread in a wide circle about Baird, Sheriff George Houston Gorn has located four of the autos stolen from Callahan county people, down in the San Angelo section, where they had been sold by thieves to innocent purchasers.

The cars located were owned by Bob Clinton, of Putnam; Bob Nunnally, of Baird; Mr. Peek, of Clyde, and Mr. Williams, of Cross Plains. —Baird Star.

**CLARA HAMON MARRIED
TO FILM DIRECTOR**

According to news reports Clara Smith Hamon, who joined the moving picture fraternity immediately after being acquitted for the killing of Jake Hamon at Ardmore, Okla., was married at Los Angeles, Aug. 23, to John Gorman, a director under whom she had been working to produce a character picture of her own life.

THE STATE OF TEXAS

To the Sheriff or Any Constable of Callahan County—Greeting:

You are Hereby Commanded to summon R. M. Boyd by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 42nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 42nd Judicial District, to appear at the next regular term of the County Court of Callahan county, to be holden at the Court House thereof in Baird, Texas, on the First Monday in October A. D. 1921, the same being the 3rd day of October A. D. 1921, then and there to answer to a petition filed in said Court on the 26th day of May, A. D. 1921, in a suit numbered on the docket of said Court No 501, wherein Higginbotham Bros. & Co., a private corporation, is the plaintiff, and R. M. Boyd is defendant, and said petition alleging:

That plaintiff is a corporation organized under the laws of the state of Texas doing business in the town of Cross Plains Callahan county, Texas, that the residence of the defendant R. M. Boyd is unknown. That heretofore to wit on the 1st day of June 1916 the defendant made, executed and delivered to Higginbotham Trading Co. a private corporation then doing business in the town of Cross Plains Callahan County, Texas, his certain promissory note for the sum of \$196.16 bearing date June 1st 1916 due on the 1st day of Oct. 1916 payable to Higginbotham Trading Co. or order at Cross Plains, Texas bearing 10 per cent interest for 10 per cent attorneys fees for collection if not paid at maturity, that by reason of the execution and delivery of said note as aforesaid the defendant became liable and promised to pay said note according to the face and tenor thereof. That thereafter on the 1st day of Jan. 1917 the corporation known as Higginbotham Trading Co. was dissolved and ceased to exist, that Higginbotham Bros. & Co. plaintiff herein became the purchaser of all of the assets of said Higginbotham Trading Co. including the note of defendant herein set out. That by reason of the matters and things herein set out, the defendant became liable and promised to pay plaintiff the sum of money specified in said note together with interest and attorneys fees due thereon according to the tenor and effect thereof. That said note is past due and unpaid and the defendant although often requested has refused to pay and still refuses to pay said note or any part thereof, to plaintiff's damage in the sum of five hundred dollars that plaintiff has placed said note in the hands of Virgil Hart an attorney and that suit has been brought to enforce collection thereof, and has contracted and agreed to pay the ten per cent specified in said note as attorneys fees. Premises considered plaintiff prays the court that citation and process issue to defendant as the law directs and upon final hearing hereof it have judgment for its debt, damage, attorneys fees and all cost of suit and such other and further relief as in law and equity it may show itself entitled to and will ever pray.

Herein fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Baird this the 12th day of August, G. D. 1921.

Grady A. Respass, Clerk
County Court Callahan County.

Captain Gene Miller, interested in the oil business as a member of the firm of Miller & Mason, was in from the Gray field last Saturday and informs us that they are now engaged in reclaiming the wells of the Casden Oil & Gas Co. in that locality. They are now swabbing out No. 1, and he believes they will soon develop a number of good paying wells. Captain Miller has taken quite an interest in oil developments in this locality for the past two years and is ever mindful of doing something that will be a benefit to Cross Plains. He has many friends here who are always glad to meet him.

20 CENT COTTON PREDICTED BEFORE JANUARY 1

Since the government issued its report on August 1st, giving the estimated average condition of the cotton crop at 64.7, the crop is reported to have deteriorated fully 25 per cent in the territory between Dallas and San Antonio. There are well-informed crop specialists in Texas who are venting the opinion that the entire state may not produce more than 2,000,000 bales, and are predicting 20 cents per pound before January 1st.

NO CHANGES MADE IN GAME LAWS

There have been no changes made in the game laws. The season for dove shooting opened the first of this month and will close Dec. 15. The bag limit is set at 15 birds in one day. The quail season does not open until Dec. 1 and lasts until Jan. 31. The open season on ducks extends from Oct. 16 to Jan. 1. The bag limit is 25 a day. The deer season extends from Nov. 1 to Dec. 31, and the limit of the season is three. The bag limit on turkey gobblers is three and the season extends from March 1 to April 30. Does cannot be shot and the law likewise protects turkey hens. Doves are plentiful in this locality and as a big grain crop was made they will be found fat and fine. Quail are also reported numerous this season.

NEW DEVELOPMENTS IN BROWN COUNTY OIL FIELD

It was stated Monday that C. R. Cox and associates had everything ready to spud in their well on the Copeland 80 acre tract in the vicinity of the Kirkpatrick-Lamb well and the Williamson well in the north Brown county field. The new well, being put down by Honea and Evans had reached a depth of 180 feet late Monday afternoon. A pipeline for the conveyance of water was being laid Tuesday from the Honea and Evans well to the well being put down by Williamson on the Marion Cox tract. Interest in the north Brown county oil field is apparently growing and the probability is that several other new wells may be started in the near future.—Brownwood Bulletin.

44 KILLED WHEN GREAT AIR SHIP EXPLODES

Forty-four lives and \$2,000,000 of the American tax-payers' money is the latest toll of a damphool experiment and a shameful extravagance on the part of the heads of this government. The air service is a colossal failure, as much impracticable now as when it was begun, and will never be of commercial or military value. It was a failure in the recent war, has since proven a failure in the mail service and the latest disaster should hasten the government to discontinue its experiments.

The ZR-2, the gigantic airship constructed for the United States Navy, lies in the Humber river near Hull England, a colossal and appalling wreck of what was the greatest dirigible that world has ever seen. Of the forty-nine officers and men on board the great airship, only five—four British and one American—survive to tell the story of the mid-air tragedy which came at the close of the final test flight before she was to sail for America. Seventeen Americans, according to an official statement by the British Air Ministry, were aboard the ZR-2, and all of these but Norman Walker rigger, perished.

The trip was coming to an end and had a point directly over England, eagerly followed by thousands who gathered to see the man who had made the tremendous feat. The entire trip was a success.

Two farmers were not long since discussing their local paper. One thought it had too many advertisements in it. The other replied: In my opinion the advertisements are far from being the least valuable part of it. I look them over carefully and save at least five times the cost of the paper each month through business advantages I get from them. He said the other: "I believe you are right. I know that they pay me rather than think it is not good to find fault with the advertisements after all." Those men have the right idea of the matter. It pays any man with a family to take a good local paper for the sake of the advertisements if nothing more. And if business men fail to give farmers a chance to read advertisements in the local paper, they are blind to their own interest, to say the least of it.
