CROSS PLAINS, TEXAS, FRIDAY, OCTOBER 24, 1919

No. 34

Your Dollar's Opportunity

Your dollar's opportunity is now, today! It is to work for you. Give it the task of multiplying itself. In doing so it will perform its part in the world affairs. Every man's money should be making use of this opportunity. Farmers, for instance, can not only feed the world; through their businesslike handling of their incomes they can help to develop the world.

Thrift Is Patriotism

Thrifting is a form of serving. It is one of the biggest forms of national service—service to your country. As President Wilson said, "Economy makes happy nations and sound nations."

OIL NOTES

Vestal two miles north of town waiting on tools.
The Western Texas Oil Co. Odum drilling 1300.
Pennant south of town drilling after having passed thru the gas strata.
Texas Arizona Co., Adams, nine miles southwest of Cross Plains, reported showing oil.
Roxana surveyors have been working here for two weeks, and it is said they have made two locations on their holdings south of and near town. They have also run a line at 45 degrees from the Kanger field, the same traversing their acreage, it is reported.
Denver surveyors are also at work in the territory south of town.

YOUNG MEN'S CLUB ORGANIZED

Last Friday night an even dozen of Cross Plains' noble young men met in the Westerman barber shop for the purpose of organizing a young men's club. The following officers were elected: Ross Wagner, pres.; Taylor Bond, vice pres.; C. A. Freeman, secy.; Tige Gilbert, asst. secy.; J. D. Conlee, treas.; and Hub Swan, seamy. Committees were then appointed to purchase fixtures, to draft by-laws and a constitution, and to select an appropriate name for the club.
We have been very fortunate in securing the office over the Farmers National Bank for our meeting place. Thursday night was selected as our regular meeting night.
Charter members are: Ross Wagner, Taylor Bond, Walter Westerman, J. D. Conlee, Tige Gilbert, Russell McGowan, Jim McGowan, Ollie Harlow, Hub Swan, C. A. Freeman, Drew Baum, and Dewitt Anderson. Bill Forbes and Claude Harrell are new members.
Watch us grow.
C. A. Freeman, Secy.

SCHOOL NOTICE

At a meeting of the school board last Friday night it was decided to have another month of subscription school before the free term opens, which will be Nov. 24.
We would like to have those who possibly can, and especially the students in the higher grades, to start at once. It will be practically impossible for you to complete your grade in the six months of free school.
Trusting that we will have the co-operation of both the parents and the students in this matter, we are yours sincerely,
C. A. Freeman,
Supt. Cross Plains school.

BAPTIST CHURCH NOTICE

Preaching second and fourth Sunday in each month. Prayer meeting every Wednesday night. Everybody is invited to come. Be on time.

Building Addition.

Uncle Joe Pyle, who lives five miles south of town, is building a nice addition to his home. He will have plenty of room and a nice country home.

Move to Cross Plains.

Cris Parsons and family have moved to Cross Plains from Echo, and are occupying the old Wolfe home which Mr. Parsons has owned for some time. Mr. Parsons is president of the Farmers' National Bank. Glad to have them with us.

From Burkett.

Dr. I. M. Howard and family have moved here from Burkett and are occupying one of the Coffman houses in the old town, which he bought some time ago. He has fixed up a nice office over the Farmers' National Bank. He is preparing to practice his profession in earnest here. We are glad to have them with us.

THE TIME TO CHOICE

Choose Beaver Board now rather than later when your paper is cracked and falling and falling off.
Surely you have read the handwriting on other people's walls. Surely you know there never was a papered house where the paper didn't crack.

Choose Beaver Board and Stop Taking Chances. Choose this knotless, crackless manufactured lumber in big, sturdy panels and end this paper cracking wall problem forever. You'll have walls and ceilings as permanent as your wood-work and hardwood floors.

There's no end to the beautiful decorative effects you can have with Beaver Board. Beaver Board will last as long as the building, and that's more than you can say of paper. Choose Beaver Board for its economy. With its small original labor cost and its minimum of upkeep, Beaver Board is a most economical building material.
If you are choosing your home materials why not have a helpful talk with us?

SWEET POTATOES

The country has an abundant sweet potato crop of every variety and gradation in size, but it remains for Will Austin to take the prize for potatoes of size. He has been marketing Hessler yams for several days that have attracted a good deal of attention because of their unusual dimensions. His largest one so far weighed eleven pounds and three ounces. Hamp Hudson bought it with the idea of cornering the market later when they get scarcer, it is presumed. He has a number that will weigh seven to eight pounds. On account of a poor stand, he will not make more than 150 bushels to the acre.
While on the subject of potatoes we will say that the warehouse & marketing department at Austin has asked the hotels and restaurants of the State to use sweet potatoes in their varied forms in their menus in an effort to reduce the high cost of living. Let 'em take notice.

Rainfall will be measured in feet and not in inches for 1919.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

Mert Adams, who is buying cotton in Sipe Springs, spent Sunday with his family here. He is a pretty good believer in the S. S. country as an oil bearing field, and that country is only about twenty miles east of C. P., destined to be perhaps the next oil field.

G. W. Cunningham, proprietor of the Racket Store, went to Sweetwater on Sunday returning on Monday. He says he found some bad roads in places.

Miss Willie of Cisco, is here for a few days' visit with her mother, Mrs. Elliot.

Mr and Mrs. Benjkin of Abilene are the guests of his sister, Mrs. Tom Anderson.

J. A. Joy of Cottonwood was here Monday with a load of fine apples. He sprayed his orchard with the result that his apples are pretty free of defect.

Wade Albin found time day between rains to bring bale of cotton to town, make about twenty bales, permitting.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Which Wagon?

The One that Fits the Road—or the One that Rides the Ridge

Recommended by the Government. The standardized wagon fits the prevailing track made by automobiles and is the wagon you will want to buy.

This Wagon is Out of Date. This 60" wide track wagon no longer fits the roads when they are muddy and soft.

WOULDN'T you rather buy the style of wagon recommended by your Government especially when it is designed to pull easier, ride smoother, and last longer—the Standardized Weber "Auto-track" Wagon saves wear on itself, other wagons, automobiles, and rubber tires.

The Weber fifth wheel and swivel coupling wagon is either sold at a price much too low or most other wagons are sold at prices much too high, quality considered. Compare and draw your own conclusions. To date the leading wagon manufacturers of America have sold at the most conservative estimate 100,000 standardized auto-track wagons. From this introduction it is but a step to universal use of this type of wagon. Wouldn't you rather be identified with progress and recognized as an up-to-date farmer by doing your hauling with such a wagon than to be classed as an unprogressive "back number" by buying a 60-inch wide-track wagon, thereby helping some manufacturer and dealer to "unload" an obsolete type? Think it over—and come and see us about a standardized auto-track Weber.
