HOME TOWN GOSSIP

Although the football season is yet young, indications are that Albany will repeat their championship claim in this circuit, with Putnam and possibly Cross Plains squabbling over second place. To attain that distinction Coach 'Goober' Keyes thundering herd will have to win the remainder of their conference games. From the outset it looks like a breeze for the "Buffaloes" with the exception of Rising Star and of course Putnam.

Baird, Clyde and Moran appear to be easy targets for the local boys, of those teams having made impressive showings in their conference play thus far.

Rising Star and Cross Plains at Albany, appear about on par. But there is any difference at all, the boys have it. The "Wildcat" field is slightly more impressive than that of the "Buffaloes" but the forward wall is stronger.

It wouldn't be a "scop" on the city Editor if we were to tell you of the city's most prominent widows is about to take a plunge into the matrimonial. After several weeks of efficienting we have the information hand but won't reveal it herein for fear of making the S. E. angry. However we're getting lined up with the principles concerned and will give the feat a colorful account as soon as it happens—probably about December 15.

Ordinarily when a man is arrested or charged in court with something, he comes around to the newspaper and asks that the incident be Monday morning walked into this announced that he with burglary and would receive a good next Monday.

He would receive a preliminary fish, that may be a hot case to be there with our sharpest pen-

Southwest Gas Company will have a manager of the Cross Plains office after the first of the month, it learned Thursday night. The initials were not known but his name is Brown. He comes from henville.

LOCALS TAKE BENEFIT GAME

HERD MEETS BITTER RIVAL FRIDAY

ARE FAVORED TO WIN OVER BEARS ON BAIRD FIELD THIS AFTERNOON

Santa Anna Mountaineers Will Provide Opposition for Next Contest

Cross Plains high school "Buffaloes" will meet the Baird "Bears," there, Friday afternoon. The kickoff is set for two thirty.

Dope, by comparison, is said to be slightly in favor of the herd, due to the fact that they defeated Caddo touchdowns while Baird lost to the same club by six points in an exhibition game two weeks ago.

Captain Tommie Webb told the Review yesterday that he counted the Baird game one of the season's most important. "Next to Rising Star I like to beat Baird most," he said.

Coach Claude Daniel, Baird mentor, told the Review the first of the week that he was unable to name his starting lineup, due to the fact that several of his heretofore reserves were showing as much, if not more, ability than the heretofore starters. For Cross Plains, the following are expected to receive opening assignments, ends; Bingham and S. Walker; tackles Halbert and Lacy; guards, T. Webb and F. Walker; center, Patterson or Lackey; quarter, Davidson; halves, W. Spencer and Holden; fullback, B. Spencer.

Next week the Thundering Herd will meet Santa Anna, in a non-conference game here. Perhaps the only comparison between the "Mountaineers" and the herd is: Cross Plains defeated Pioneer 13 to nothing in a scrimmage game two weeks ago and Santa Anna beat the "Panthers" 19 to nothing a few days later.

H. T. DENNIS ACCEPTS SWENSON PASTORATE

Rev. H. T. Dennis told the Review Thursday morning that he had accepted the pastorate of the Swenson Baptist church. He notified deacons of the church, by letter, the first of the week.

"I will move my family to Swenson perhaps about the first week in November," he said.

He addressed citizens here during the first democratic primary campaign but later withdrew from the race to enter the general election on the Jacksonian party's ticket.

TWO ARE INJURED AT PLANTERS GIN HERE SATURDAY MORNING

Two men sustained hand injuries at the Planters Gin Company here Saturday morning. They were: Euell Vestal and Henry Williams. Vestal suffered the loss of a thumb on his right hand and Williams received long deep cuts on his left hand across three fingers. 26 stitches were necessary to close Williams' wound. Both men will be absent from work several weeks at least, according to attending physicians.

Vestal was injured about nine o'clock Saturday morning, while operating the gin stands. A belt flew off and wrapped around his right arm, severing the thumb as he threw it off. Euell received a similar injury last year on the left hand, however not quite as serious.

Williams had replaced Vestal at the gin stands and had been working only an hour when he was hurt. Long gashes were cut to the bone across three fingers of his right hand.

Both men were able to be on the streets the first of the week but will not assume duties at the gin until probably at least the latter part of the cotton season.

LOCAL MAN GRAVELY ILL AT SANTA ANNA

Glenn Adams, Cross Plains newspaperman, in the Sealy Hospital, Santa Anna, suffering with acute indigestion, was said to be in a critical condition late Thursday afternoon. His wife, son and relatives have been called to the bedside.

He was taken ill Sunday morning and entered the hospital the following afternoon.

Mrs. Adams and young son Wayne Lanier were in Marshall visiting her mother. Mrs. Adams had been ill for some time.

In an interview with a Review reporter late Thursday afternoon, attending physicians said that he was "very serious."

T. S. Holden is visiting his family here this week. Mr. Holden is employed by Russell Petroleum Corporation at Kilgore.

COLEY OGLESBY SHOT TO DEATH BY SOONER POLICEMAN TUESDAY

Formerly Lived Here; was Said To Be Notorious Gunman Of The Southwest

Career of Cole Oglesby, alleged Texas gunman, and former Cross Plains boy was ended Tuesday night in Oklahoma City, when he was shot to death by a Sooner peace officer. Police traced his criminal record and investigated his slaying by a stolen car detective.

Officer Jerry Campbell and George Baked drove up to a car where two men were talking Tuesday afternoon. They suspected the car of being a stolen machine. E. A. Perry, who was with Oglesby in the automobile, told officers that he had not learned the other man's name and that he was a prospective buyer of the car.

Officers decided to take the automobile and its occupants to headquarters. Oglesby is alleged to have resisted arrest and reached for a pistol in a car sidepocket. Campbell shot him five times through the head and throat. Oglesby fired once before being killed but missed.

It was several hours until Bertillon Expert Carl Stratton identified the dead man from fingerprints as Oglesby, alias Cole Oglesby, alias Ted Charles Watson. The record showed the man was wanted in Abilene, Texas, for investigation of a slaying Aug. 8, 1928; in a Columbia, Miss., bank robbery early this year and had at one time been wanted for questioning in the \$2,000.00 Roundout, Ill., train robbery eight years ago. Officers, however, doubted his connection with that famous crime.

County Attorney Lewis Morris said he did not plan to file any technical charge against the officer, as "evidence showed he acted in line of duty and in defense of his life."

Perry was held in jail for investigation.

Coley Oglesby was well known in Cross Plains, having spent most of his early youth here and attended school here. He left this place about 10 years ago, according to scores of residents who remember him as a mischievous boy about town.

Friends Honor Mrs. L. A. Jones On 74th Birthday

Mrs. L. A. Jones, of this place recently observed her seventy fourth birthday anniversary. Scores of lifelong friends gathered at her home to extend congratulations and best wishes of the occasion as well as to spend several hours of pleasant reminiscing.

One of the guests present wrote the following:

On Oct. 12, Mrs. L. A. (Mother) Jones surrounded by a number of her children grandchildren, gracious and admiring friends, all of whom emulous of each other in testifying their homage and affection spent part of the day at her hospitable home. All had a good time and it was a joy to be present. Why speak of age in a mournful strain? It is beautiful, honorable, eloquent. Welcome the snow for it is the emblem of peace and rest. It is but a temporal crown which shall fall at the gates of Paradise, to be replaced by a bright and better. Let us hope that these occasions shall be repeated many, times and that the greatest of life are yet in store for her.

Bright Spots

Higginbotham Brothers and Company, here report the largest business in two years the past Saturday. Other Cross Plains firms have announced increased sales also.

Deposits at the Citizens State Bank have increased \$11,000.00 since their quarterly statement was published in last week's Review. More than \$3,000.00 has been collected on notes there in the past six days.

Farmers have estimated there is enough cotton in this immediate locality to provide every idle man in the trade territory with a job picking.

It has been estimated by produce men that between 8,000 and 10,000 turkeys will be sold here during the months of November and December. They opined that the price would be near 12 cents a pound.

SMILE DAY DRIVE IS SET OCTOBER 30 BY LOCAL LEGION POST

Announcement was made by Post Commander Ralph (Slim) McNeal Wednesday night that the Tommie Aiken American Legion unit here, had united in the national "Smile Day" campaign for Sunday, October 30. The plan as he outlined it to the Review follows:

Sunday, October 30, has been designated by Carl Nesbitt, Commander of the American Legion, Department of Texas, as "Smile Day" and is the first phase of the state-wide program that has been outlined by the new Commander of the organization for the new year of the Legion.

In co-operation with the program of the American Legion, Governor Ross S. Sterling has issued a proclamation in which he calls upon the people of Texas to co-operate with the local posts of the American Legion and the American Legion Auxiliary in this worthy movement for the relief of distressed citizens during the coming winter.

The object of "Smile Day" as outlined by Mr. Nesbitt, is to put on a city-wide campaign in every city that has a post of the American Legion for the purpose of collecting surplus clothing which may later be distributed to the needy of the community and thus insure these people warm clothing for the winter months. The plan is designed for each community to take care of its situation in this regard as adequately as possible.

American Legion Posts and units of the American Legion Auxiliary are urged by Commander Nesbitt to enlist the co-operation of other club and civic organizations of the community in this movement so that the greatest possible good may be accomplished.

SYLVIA WEBB IS ILL IN SANTA ANNA HOSPITAL

Reports from the Sealy Hospital Santa Anna late Thursday afternoon, were to the effect that condition of Sylvia Webb, who has been there for more than a week was unchanged. He was resting easy at press time Thursday however, according to an attending physician.

HARLOW, KEYES AND NUNNALLY STAR FOR LOCAL DELEGATION

Alban's Only Threat Halted Six Inches Short Of Goal In Second

Cross Plains' all star football team defeated a similar delegation from Albany on the high school athletic field here this afternoon 12 to nothing. Proceeds from the contest will go toward paying medical fees for Stancil Greenwood, high school football player, who sustained a broken back vertebra in the Albany game, three weeks ago.

For the domestics 'Goober' Keyes was the shining light, closely seconded by Ray Nunnally and 'Boots' Harlow. In the forward wall Walker at end, McDermitt and Graves at guards and tackles were outstanding. Albany's offense was lead by Todd, 190 pound quarterback, who is remembered by fans throughout this district as the chief ground gainer of the Albany high school team last year and rated most valuable man in this district. Sherwood, at end, for Albany also gave a very commendable account of himself.

Cross Plains first marker came early in the second quarter, when 'Boots' Harlow plunged through the center of the line for the necessary distance about four yards. The pigskin was brought into scoring position by a series of off tackle and around end runs by Harlow, Nunnally and Keyes. Keyes missed the extra point attempting to place kick after the touch-down.

Cross Plains scored again in the third quarter. Keyes dashed a play, then sidestepped his way to make five Albany tacklers for a yard of the afternoon. Nunnally missed the place kick.

Albany's only serious scoring threat was halted six inches from the goal line, two minutes before the second quarter ended. In the closing minutes of the contest the Shackelford County all-stars made another threat by completing four consecutive passes for an equal number of first downs. Nunnally halted the rally by intercepting their next toss however and the game was uneventful from that point.

Starting line-up for Albany was; ends, Sherwood and Jordan; tackles, Burtson and Wharton; guards, Reynolds and Easter; center, Anderson; quarter, Todd halves Smith and Pate; full, Hawkins. Albany used no substitutes.

For Cross Plains, the following answered the opening whistle; ends, Clyde Walker and Curtis Burkett; tackles, Lewis Norman and Virgil Graves; guards, Stanley and H. H. McDermitt; center, Maurice Yarbrough; quarterback, 'Goober' Keyes; halves, Earl Webb and Ray Nunnally; full, 'Boots' Harlow. Substitutes seeing service in the game were; Bill Sheehan, Jack Scott, Ralph Chandler, Jr. Orba Booth, and Bill Hamilton.

POST OFFICE ADDS CANCELLING DEVICE

Another step toward better service was taken by local postal authorities the past week. A modern cancelling machine through which all letters mailed here, will pass, was added to equipment in the Cross Plains office.

The machine is one of the most modern devices used to save time throughout the postal department.

The first letter cancelled on the new machine was to Tom Bryant, Jr., son of Mr. and Mrs. Tom Bryant here, who is attending New Mexico Military Institute, at Roswell, New Mexico.

How One Woman Lost 10 Lbs. in a Week

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safer way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at Smith Drug Store or any drugstore in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

How to live to be 100 years old Eat very little pork; bathe at least three times a week; be careful of extra cold showers; don't fail to exercise, especially front bending; don't stay up late at night; don't use tobacco in any form; and above all, keep away from women. You may not live to be 100 years old, but it will seem that long.

It will be just too bad if the Hutchinson flying family doesn't get back in time to vote.

The Spread of Power Is the Spread of Industry

What does it mean when electric power is distributed widely over the countryside to small towns and farms? Such is the task that has been accomplished by the building of far-flung power lines in the past twenty years. What is its effect?

It means that industry can operate as efficiently in small communities as in the large cities. It means a better distribution of industrial activity, with an improvement of working conditions and a reduction in manufacturing costs.

Industry is following the power line to the small community . . . and here in West Texas, the "Land of Opportunity," the West Texas Utilities Company is leading industries to the 125 progressive cities and towns dependably served from its 2,500-mile transmission-line network.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Many things revert to type. In the very olden days the general store carried everything from a pin to a locomotive, so to speak. Then times changed and stores specialized in one line, but they're getting away from it. You can now get good sandwiches at the corner drug, also a pocket handkerchief or jar of fine preserves; buy light hardware at the variety store and every drygoods store carries cosmetics, and many of them household drugs. The hardware store carries variety goods, the grocer handles school supplies and the shoe cobbler will sell you Christmas Cards. One can get candy and fruit and soft drinks at the gasoline station, and salted peanuts are sold at the blacksmith shop. It's funny mixture one finds sometimes, these modern business ways.
