## HOME TOWN GOSSIP

My hat is off to Pioneer, a little town that is doing big things. This week they're promoting a basket ball tournament—in their new gymnasium, that will doubtless attract hundreds of people.

An old proverb has it that, a good reporter can walk around the block of any town at any hour of the day, and observe enough to write an interesting 500 word news story.

Paused in front of the postoffice long enough to listen to a program being received by radio inside an automobile, and wondered if these modern jazz bands would have frightened horses had old time bugles been equipped with radios.

Observed 34 eggs, only seven of which had 1933 license numbers. Decided that J. D. Conlee will be rushed about the last two days of this month.

This one is a little bit old to be news, but its good just the same. Sometime ago Coach Garland Keyes went into the local theater and seated himself for an evening's entertainment. The show was rather crowded.

Thoughts and facts: Three members of the present Texas legislature are totally blind. Porter J. Davis should make a good director for the Citizens State Bank.

Marie (Shortie) Neeb is now taking her meals off the mantle. Here's the reason. When she got new riding boots and trousers for Christmas she decided that the arts of being a cowgirl were to her an open book.

## 16 TEAMS ARE PRIMED FOR PIONEER TOURNEY

### BEAUTY CONTEST AND BANQUET ARE AMONG SIDE ATTRACTIONS

Public Invited To Attend Games In New Gymnasium On High School Campus

16 teams are primed and ready, waiting for the referee's whistle to begin play in the invitation basket ball tournament to be held in the new Pioneer high school gymnasium Friday and Saturday.

Visiting teams will arrive Friday morning and those from outside this locality will be carried to homes as guests of the Pioneer Parent Teachers Association.

Saturday evening at six, an athletic dinner to which all visiting teams, coaches, superintendents and members of the Cross Plains—Rising Star Band will be guests, is scheduled.

Saturday night, finals of the basket ball tournament for both boys and girls will be played. Immediately after the deciding contest, there are other special features: the selection of the best individual girl and boy player from every team represented, a beauty contest, and presentation of award to winning basket ball teams.

One of the high spots of the program from the spectators point of view, will no doubt be the selection of the prettiest girl in uniform at the tournament. To be eligible for the award that is to be presented the winner, all entries must have played at least half time with their respective teams in the tournament.

More than \$65 has been spent by the Pioneer Parent Teachers Association for awards. They will be on display just inside the gymnasium throughout the tournament.

Cross Plains—Rising Star Band will furnish music throughout the entire two days, according to an announcement from its director, A. O. Lively, yesterday.

Superintendent Ire Davenport has announced that there will be no admission charge to any of the games and that the entire public is invited.

Approximately 6,000 yards of terrace lines were run the past week by students of Cross Plains high school Vocational Agriculture class under the supervision of V. A. Underwood, instructor.

### SELL REGARDLESS OF COST SAYS J. A. CATON

Caton's Variety Store enters into the third week of its Close Out Sale Friday morning. J. A. Caton, proprietor of the store, told the Review yesterday that he had made another drastic cut in merchandise and that he was going to sell out regardless of cost.

The firm has an advertisement in connection with the sale on another page of this week's Review.

### HENRIETTA SMITH WINS AWARD WITH 94 AVERAGE

Henrietta Smith, daughter of Mr. and Mrs. Henry Smith, was presented with a hand carved set of doll furniture in chapel exercises at school Wednesday morning for having made the highest general average in the second grade for the six weeks term just closed.

### LAWYERS GIVE VIEW ON LAW EXEMPTING HOMES FROM TAXES

Due to numerous inquiries received by the Review concerning the recent amendment to the state constitution providing for exemption from taxes all residence homesteads up to the evaluation of \$2,000, the news department of the paper has interviewed several lawyers to secure a legal interpretation of the law.

Attorneys are yet undecided as to the exact meaning of the new measure and as a result assessments are being delayed for 1933 until a definite ruling is rendered by the supreme court.

A farm homestead as defined by law is a tract of land not exceeding 200 acres which may be in one or more parcels. These tracts do not have to be adjacent to each other, but may be several miles apart.

The owner must be living on and occupying the land as a homestead, to claim the exemption, or he can be temporarily moved off. For example a farmer can move to town and live in a rented house to send his children to school and hold the farm as a homestead, but if he buys the house in town, the town property becomes his homestead.

### CLYDE KIDNAPER TO FACE TRIAL MONDAY MORNING AT ABILENE

Ben Chaney, wholesale burglar and ex-convict, will go to trial at Abilene Monday morning charged with robbing Taylor County homes. He is alleged to have also attempted to kidnap Pauline Shanks, 11, twin daughter of Mr. and Mrs. W. Homer Shanks, Clyde, as well as to have robbed residences at Baird, Clyde and Putnam.

Chaney waived examining trial Tuesday morning at Baird in connection with crimes with which he is charged in this county.

Chaney, who is small of stature, appeared before Judge M. S. Long, in district court, Tuesday, for arraignment and setting of cases. He trial was set for Monday, January 30, for the crimes in Taylor County.

Callahan County officers declare that he will be brought to this county for the Spring term of district court, where he will face charges of burglary and attempting to kidnap.

### CONSTITUTENTS ARE ASKED FOR OPINION OF STATE SALES TAX

The following letter from State Representative Cecil A. Lotief was received by the Review first of the week. It is published herein for the convenience of readers, who desire to write Representative Lotief in regard to their opinion, concerning the proposed sales tax.

"I am writing you this letter so you may publish it in your paper as early as you can regarding the sales tax matter. We received a message from the Governor on yesterday requesting the Legislature of Texas to pass what is known as the sales tax. She asks three per cent of the gross sales, I personally do not know whether it is wise or unwise to levy any extra tax on the wares, merchandise and other things that people in general consume.

### Local Citizens Begin Petition To Be Circulated Over Entire State

The following petition begun in Cross Plains will be circulated statewide and presented to the forty third state legislature for consideration.

Whereas: we the undersigned citizens of the state of Texas and the United States have been hounded, brow beaten, bulldozed, harassed and oppressed, by the great multiply of laws and law enforcing agencies such as commissions, boards, and deputies appointed by them, almost past endurance.

And whereas; it is our honest and sincere opinion that if the creased, the whole morale of the good people of this state will present load of excess government is maintained not to say in-break down because tax stealing is the greatest source of revenue of all the businesses in this state and nation today.

And whereas; the present legislature now in session is showing no signs of retrenchment but rather signs of expansion;

We, the undersigned citizens respectfully petition the forty third legislature of Texas, that during present session, to forget the passage of new laws and supply themselves to the serious business of repealing regulatory laws, and especially the laws that created the boards and commissions, and empowered them to employ deputies for the purpose of taking over the duties of the Sheriff. Beginning with the railroad commission, highway commission, banking commission, insurance commission, fish game and oyster commission, and all other commissions who employ deputies to go out over the state and enforce the rules of their commission. Because we sincerely believe that the old established force of law enforcing officers, the Sheriff departments, will enforce any and all laws better and more in accordance with the established plan of Democratic government. We know that, will bring the government back closer to the people and there would be no budget balancing to worry about, as you would have more taxes than is needed, and the people of this country would be far more happy and contented. Respectfully,

Persons in sympathy with ideas set out in above petition to be presented to State Legislature sign name and address on above blank and either bring clipping or mail to this paper. It will then be placed in hands of committee working on above idea.

### UNDERWOOD WILL BEGIN FARM COLUMN IN REVIEW

A 'Farmers Forum' column written by V. A. Underwood, instructor of Vocational Agriculture, will begin in the Review next week. Mr. Underwood will deal principally with problems confronting farmers of the Cross Plains trade territory and solutions that have been successfully worked out elsewhere, in his weekly articles.

Farmers are being urged to watch the regular instalments, beginning next week and furnish questions and material of adequate importance to be published therein to Mr. Underwood. The 'Farmers Forum' will be a regular feature of the Review.

### BRECK PASTOR WILL BEGIN REVIVAL HERE SUNDAY FEBRUARY 5

Beginning the first Sunday in next month, February 5th—a series of revival services will be held at the Presbyterian Church. We are very anxious to have the co-operation of all who are interested in the spiritual advancement of the community," said Rev. S. P. Collins, pastor, yesterday.

Rev. Herbert G. Markley, pastor of the Presbyterian Church of Breckenridge will do the preaching throughout the meeting. "He is what might be appropriately called an evangelistic pastor having had a broad experience as pastor as well as an evangelist," the Review was told, by those acquainted with the Breckenridge minister.

"It is our purpose to put full force into the meeting from the very beginning and do in 10 days what might require much more time.

We extend to the other churches of the community an invitation to come, to participate, and to feel at home during the entire meeting," said Rev. S. P. Collins in a written statement to the Review.

### FIGHT FOR FEWER LAWS BEGUN ANEW

Local citizens, headed by Cleve Callaway who last Summer made an unsuccessful race for the state legislature, have begun a petition to be circulated statewide, appealing to the forty-third legislature now in session to reduce the number of laws instead of creating more.

Simplified government, with less commissions, bureaus and boards is the plan set forth in the petition as the democratic plan of reducing state expenses. The petition is published in this week's Review.

### INDIAN SUMMER ENDS THURSDAY AFTERNOON

What appeared to be an 'Indian Summer' was brought to an abrupt end here Thursday afternoon by a man Weather, when clear skies turned suddenly dark and angry, and a blither wind swept in from the North.

Local citizens greeted the cold weather with pleasure however. The prolonged sunshine, it was feared, would cause the fruit to bud early and be killed by late freezes, as was the case last year.

At press time Thursday afternoon (1933) mercury was dropping steadily and freezing weather was predicted in radio reports for West Texas.

Mr. and Mrs. Henry McCoy, of Odessa, are visiting her parents, Mr. and Mrs. A. F. Tate here this week.

### TIRES STOLEN FROM LOCAL STATION ARE TRACED TO TUSCOLA

Loran Barr And Cross Plains Officers Follow Clue From Abilene

Two men have been arrested and another is sought in connection with the robbery of \$200 worth of tires and an unknown amount of tubes from the Sinclair Service Station here early Friday morning.

Dickenson, an automobile dealer at Tuscola, made \$2,000 bond after a preliminary hearing held here Tuesday afternoon. Walden is being confined in the Taylor County jail at Abilene. Officers are seeking another man, believed to have participated in the robbery.

The station was looted sometime after midnight Thursday. Two men, driving a car loaded with tires, stopped at the home of Lee Payne, who lives seven miles West of Cross Plains, about two a. m. Friday and purchased several gallons of gasoline. A check up revealed that they also stopped at the homes of Fred Long and Clarence Duncan attempting to buy gasoline and secure information concerning the road to Oplin and Tuscola.

Mr. Payne wrote down the license number of the automobile and turned it over to local officers upon learning of the robbery.

Loran Barr, proprietor of the Sinclair Service Station, began following another clue early Sunday morning. He called an Abilene tire dealer and learned that tires corresponding with serial numbers of the ones which had been stolen from him had been sold in Abilene.

He went to Abilene and forced the owner of a tire—same make and corresponding serial number of one stolen here—to produce a bill of sale. The man, an employee of Barksdale Auto Paint and Top Shop showed one signed by Carrol Dickenson, Tuscola automobile dealer.

Barr came back to Cross Plains and got A. W. Peterson. The following day the two went to Tuscola, where they questioned Dickenson as to where he came into possession of the tire that was sold in Abilene.

He stated that he purchased the tire and another, which was located in his car, from two boys for \$2.00 five gallons of gasoline and a quart of oil.

A check up with the nightwatchman at Tuscola revealed that Dickenson had gotten out of bed early Saturday morning and brought two boys to town and placed them in the hotel there. He went to the hotel the following morning and got the two boys and took them to Abilene.

Dickenson's story did not check with that of the Tuscola nightwatchman. So he was brought to Baird and lodged in the county jail here.

In a preliminary hearing held in Cross Plains Tuesday afternoon, Dickenson was released on \$2,000 bond.

Joe Walden was arrested in Abilene and is being held in jail there without bond. He was released from jail only last week on charges of burglary.

## THE ACTIVITIES OF A BANK

do not always follow a beaten path of strictly financial banking, but must enter into every phase of the life of the community.

But a bank, to be of real service, must first understand the problems of every industry and be able to give such assistance as will insure prosperity and increase usefulness.

This knowledge comes through confidence and co-operation between the bank's customers and the bank. With agriculture as the main industry of this section, we invite the confidence and cooperation of our farm customers at this season that we may work together for a year of safety and prosperity.

# Instant Starting Lightning Pick-up Gasoline

## Nothing Will Help You So Much to Win as to T-R-Y this Gas in Your Car

Conoco refining chemists have produced a new, improved motor fuel. No matter how different it is, we must call it g-a-s-o-l-i-n-e; for that is the name the public knows for every motor fuel. But this gasoline deserves a special name; one that suggests how "different" it is. How else may the public know?

Conoco (—?) Gasoline! If you can give us the name we want, \$5,000 in cash is yours. \$3,000 more will be divided among those who suggest the best slogans to describe it. What we seek is to make motorists "understand."

To describe the "difference" you must know the difference. To know the difference you must feel it in your motor. The man at the Conoco station will tell you the exciting facts; give you, free, an official contest-information-and-entry blank. Prepare yourself to produce the winning words. Fill your tank with this gas. Within 10 blocks, you'll know why your words may be worth \$10,000.00 to us.

### CONTEST RULES:

- Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on single sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
- Contest closes midnight, February 23, 1933. Entries must be postmarked before that date and hour.
- Continental employees, members of their families and others connected directly or indirectly cannot compete.
- Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Co. property, and none will be returned.
- The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Conogas", and "101" gasoline. Whether or not the winning contest name is adopted, prize money will be paid; but the Company reserves the right to use a name of its own creation if decided more suitable and more protectable under trade-mark laws.
- No purchase is required of contestants. Continental Oil Co. executives will be the judges and their decisions final. Winners will be announced over radio, and prize money paid as soon as possible after contest closes.

Congratulations Ike Kendrick

Now that Cross Plains post-office is attractively lodged in its new location a word of congratulation is fitting to Ike Kendrick and other members of the local postal crew.

The present site of the post-office is one of the most attractive to be found in a town this size anywhere in Texas. It is a real asset to Cross Plains. We are proud of it. And congratulations again to those responsible for the improvement.

Bon Voyage

A new publications made its bid into Central Texas journalism last week. It is the Coleman County Chronicle, managed by R. A. Aury, former Cross Plains newspaperman, and edited by J. T. Williamson, former editor of the Coleman Democrat Voice.

The paper made its debut with a profitable amount of advertising. We take this opportunity to congratulate the staff of the Chronicle upon their initial edition and the confidence that they manifested establishing a newspaper at this time.

Poll Tax Warning

Taxes is ever an unpleasant subject. Mere mention of the term will remove a smile from two thirds of our citizenship. Nevertheless, something must be said this week about POLL TAXES.

In Cross Plains only 28 city poll taxes had been paid Wednesday afternoon. Reports from the courthouse at Baird, are to the effect that the number of 'pays' is decidedly off this year.

Now how does this effect the rank and file of our citizenry? With only a small portion of the people with poll taxes paid and in position to vote our government is no longer of the people and by the people.

In the first place our poll tax should be reduced to a very nominal fee. But since this has not been done as yet, we must reach far into our dust lined pockets and bring out the coveted cash to protect the interests of America's bewildered masses.

Don't forget Tuesday is the last day that poll tax money will be accepted. If you haven't paid by then you will be in a 'tuff' spot election day.

The Family DOCTOR by JOHN JOSEPH GAINES, M.D. IN REVIEW
A-O-HUM! The millennial dawn approaches, thanks to our medical columnists. Every man his own dietitian, his own self-culturist, his own psychiatrist. The family doctor is headed for the long vacation when he shall have talked himself out of a job for all time to come.

Thanks to Donors
The Cross Plains Cemetery Association takes this means of publicly thanking all those individuals and firms who have so willingly and gladly donated materials, labor, services and ideas that have made it possible for us to erect two gates for the cemetery.

MAKES WOMEN LOSE FAT
Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180 so started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my 3rd jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932).

To take off fat—take one half tea spoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at Smith drug store or any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned. Don't accept anything but Kruschen because you must reduce safely.

The Family of Life by BRUCE BARTON TIME FOR EVERYTHING
THE disciples had many worries. They wanted to get it clear as to their relative positions in the new Kingdom; they were concerned because outsiders, not properly initiated into the organization, were claiming to be followers of Jesus and doing miracles in his name. They fretted because there was so much work to be done and the days too short for doing it.

Nearly 2,000 in New York stand ready to sell on a moment's notice any quantity of blood that a hospital or physician requires to save a patient or hasten his recovery from a disease which has so weakened his defense that he has to have help from a stronger man. These men are called professional blood donors.

91% of All Human Ills Originate In Stomach

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently come forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid saturation."

ACIDITY KILLS MILLIONS
Health authorities now agree that 91% of all diseases originate in the stomach and are caused by poor cooking, improper diet, and the eating of highly refined foods. Your doctor knows that the 11 essential Minerals and all Vitamins are contained in foods by their natural state and could be live with you constantly, carefully select and prepare everything you eat, you would never experience any of these diseases. This being impossible, science has been searching for years, trying to compound a formula that would make up for the deficiencies of these vital elements—and at last their efforts have been rewarded.
