HOME TOWN GOSSIP

There are few questions upon which public opinion is so varied as that an all-conference football team. Every team has its fans and most every fan has his own idea of a mythical eleven.

Realizing full well that being the first to burst forth with an all-conference choice throws us open for numerous disagreements, we nevertheless, publish hereunder our preferences.

Left End	Childers	Albany
Left Tackle	Shackelford	Putnam
Left Guard	Macon	Albany
Center	Roach	Rising Star
Right Guard	Barrett	Clyde
Right Tackle	Cauble	Albany
Right End	Bertrand	Cross Plains
Halfback	Austin	Baird
Halfback	Bryant	Baird
Quarter	Webb	Cross Plains
Fullback	Mitchell	Albany

Honorable mention: Cross, Cross Plains; Garms, Albany; Shults, Rising Star; Cook, Baird; Sunderman, Putnam; Easter, Albany; Howell, Rising Star; Hart, Albany.

The above team which is composed of seven seniors, would average better than 153 pounds, and has ability for any type of formation or attack. In Cauble, right tackle, is the best place kicker in the district. Austin, halfback, is a stellar passer and punter as well as a shifty runner; Bryant and Mitchell are especially good pass grabbers, runners and blockers, and Webb is conceded to be one of the greatest all-time line backers ever to play in this district, as well as a better than average ball carrier. The line from wing to wing is composed of charging, hard tackling athletes, who in the opinion of this columnist played "heads up" football most of the season.

In picking the above mentioned players it was necessary to take into consideration, the standing of their respective teams at the end of the season. Albany, who breezed through an undefeated conference schedule, places four men, Baird, second place winners, gets two. Cross Plains two. Putnam, Rising Star and Clyde one each.

The above selection is by no means official; merely one choice in about a dozen. All coaches and newspapers will be asked to submit a choice. Each will bear equal weight in compiling the official roster.

As these lines are written a severe "breakdown" has just occurred in the mechanical department of the Review. In the 26 years of the Review's existence such occurrences have been very few, however, the present mishap will necessitate the reducing of the size of your today's paper and the elimination of several interesting news items.

We deeply regret the situation but are told it was unavoidable. By next week everything will be righted and we promise to make up for today's sheet which is not up to our standard of complete news coverage.

An amusing bauble on the market: scales that, appropriately enough, have gone musical. The new gadget has a music box attached to the weight register. It automatically plays nursery songs when you weigh in the baby. Ho-hum!

New York's National Republican Club took in a black cat in March 1933, lean and hungry. Sleek and now, they named it New Deal.

Willis Brown to be Next Postmaster Here

WILL SUCCEED IKE KENDRICK MAY 23, SAYS T. L. BLANTON

Willis Brown, local hardware man, will be Cross Plains' next postmaster. He will succeed Ike Kendrick, incumbent, in office May 23, the Review was told in a telephone conversation with Congressman Thomas L. Blanton Tuesday morning.

Brown was appointed for a term of four years by Mr. Blanton here Saturday morning, after a canvass of his supporters had been taken. Approximately 50 persons responded to the congressman's call to meet him in the Liberty theater building Saturday morning. After outlining the postal situation and stating to the gathering the names of those who were candidates for the postmastership, Mr. Blanton passed out cards and took a vote of those present regarding their preference.

Names of five men were listed on the "ballot." A committee appointed to canvass the returned, immediately announced Wins Brown and Chas. F. Hemphill were high in the balloting. In a run-off vote, Brown received a majority, which will be equivalent to appointment. There will be no examination for Mr. Brown as he will be required to respond only to a governmental questionnaire. His endorsement by a majority of local citizens at Saturday's balloting is the best endorsement I know, Mr. Blanton stated in the telephone interview with the Review.

Mr. Brown's tenure will be for four years, terminating May 23, 1940.

AGED LOCAL WOMAN SUCCUMBS SUNDAY

Funeral services for Harriett Enson, 79, were from the Church of Christ here last Sunday afternoon with Rev. S. P. Collins, Presbyterian pastor, officiating. Interment was made in the Cross Plains cemetery.

Mrs. Enson, a resident of this section for a great number of years, expired at her home North of Cross Plains Sunday morning. Death resulted from heart ailment, the Review was told. She had resided with brother "Doc" Enson, who survives.

BAIRD OIL WELL CAUSING CONCERN

Reports from Baird yesterday were to the effect that the E. P. Campbell well on the Dr. H. H. Ramsey land in the Northeast part of town is causing a great deal of interest. The hole was reported at noon Thursday standing in 700 feet of oil. The sand was found at 1,260 feet.

DAVIS OWEN MARRIES OKLAHOMA GIRL MONDAY

News was received here Thursday that Davis Owen, well known young ranchman, was married in Oklahoma City early this week. Details of the ceremony were not available as the Review went to press, however, will be published next week.

Dr. and Mrs. C. A. Voyles and daughter Ruth left Tuesday for Greenville where he will assume duties as pastor of the Park Street Baptist church.

B. W. Webb was a business visitor in Fort Worth this week.

Well Known Local Couple Celebrate Sixty Third Wedding Anniversary At Ranch Home Southwest Here Wednesday

Mr. and Mrs. Greer Gray, among the oldest settlers in this section, celebrated their sixty-third wedding anniversary at their home on the Bayou, 14 miles Southwest of Cross Plains, Wednesday.

A high spot of the observance was a noon day feast in the Gray home, when 58 guests were served at one time. Improvised tables had been arranged to accommodate the

entire gathering. J. K. Baker, Coleman attorney, delivered a brief address immediately after the meal paying tribute to the venerable pioneers.

Mr. and Mrs. Gray were married in Dallas county and moved to this area 58 years ago.

Those who gathered at the ranch home to honor the couple Wednesday came from several counties, residing in this part of the state.

BIG BALLOT TIME IN CAMPAIGN IS NEARING THE END

11 more days will end the biggest remaining vote schedule of the race—that is how fast the end is approaching. Yet that fact in itself would not mean much were it not for the striking closeness of the race on the home stretch. So close to one another are the candidates that it is surprising how many favorites are being picked to win and how intense and general the interest in this great campaign has become.

Because of this situation, and because of the fact that subscriptions will soon be worth only half what they are now in votes, these next 11 days have become the most important thus far of those remaining. But think what opportunities these 11 days hold, with the interest of friends and the public at such a pitch! A few of the candidates come in with excuses and explain how hard they are to get, while others bring in subscriptions.

Now is the time for candidates to see their friends and acquaintances who have been promising their support and explain to them that now is the time to cast their votes (on account of the drop after eight o'clock Monday night) to help win the Review, now on display in Cross Plains.

And don't forget "second subscription." They mean real votes. For the reason that all of the "Live Wire" candidates will be working right up to the last minute before eight o'clock Monday night, to vote the benefits of the last BIG VOTE count in this campaign, business will be turned in, in sealed envelopes to absolutely insure any one from knowing your total turn-ins, also save time in the last minute rush Monday night at 8 o'clock.

Let's go winners!

LIBERTY TO SHOW CHINA SEAS SUN., MON., TUE.

China Seas, presented at the Liberty at the Sunday matinee and Monday and Tuesday nights, is packed with action and dramatic suspense. The story concerns Clark Gable, captain of a boat hauling gold bullion to the Orient. Wallace Beery, leader of a pirate gang, is out to get the cash. Gable is hitched up with Jean Harlow, somewhat shady character, and tries to break away for an old love, when Rosalind Russell gets aboard. Harlow tries to warn Gable of Beery's identity, but turns aid to Beery when Gable turns her out of his cabin.

Pirates board the ship, shoot up most of the crew and torture Gable, but the money is not discovered. Gable questions Harlow and Beery. The latter commits suicide and Harlow goes back to Gable's arms. The picture is directed by Tay Garnett.

Mr. and Mrs. Frank Medford and Mr. and Mrs. Edwin Baum, Jr., were Brownwood visitors Thursday.

Mr. and Mrs. V. A. Underwood left Wednesday to visit her parents at Tolar.

Cross Plains Buffaloes Close Season With 18 To 6 Victory Over Rising Star Felines

Displaying a sparkling running attack, Cross Plains high school Buffaloes concluded their 1935 football season at Rising Star Friday afternoon with a decisive 18 to six victory over their traditional foe, coach Johnnie Gregg's Wildcats.

Led by spectacular broken field dashes of J. T. Cross and stellar defensive play of "Beevo" Webb, the domestics commanded the situation most of the 60 minutes.

Cross Plains was first to score, when in the second quarter Cross ripped off tackle, on a short man plunge, for eight yards and a touchdown. Gray's attempt to convert from placement was wide. The ball had been placed in scoring position after the herd took the ball on the 50 yard stripe at the opening of the second quarter, gaining four successive first downs. Score: Cross Plains six, Rising Star nothing.

Rising Star chose to receive the kick-off following Cross Plains touchdown. Hollie Shults, Wildcats quarter, took the kick and made a spectacular return to the 15 yard stripe. Three first downs on line plays gave the Rising Star team the ball on Cross Plains' 19 yard with first down. Another play lost five. Then a pass to Shults was good for 15 yards and he ran the remaining distance across the goal line untouched. Attempt to add the extra point failed. Score: Cross Plains six, Rising Star six.

Cross Plains quickly countered after the Rising Star touchdown when Cross taking the kick-off almost got losse in an open field. His spectacular advance placed the ball on the Wildcats' 43. Webb, Gray and Cross alternated in lugging the ball to put it on Rising Star's 21 yard stripe. At that point a pass from Gray to Hemphill was good for 15, however, Hemphill raced across the line untouched for another touchdown. Cross' try to add

the extra point in a plunge through the line failed. Score: Cross Plains 12, Rising Star six.

The contest progressed to the fourth quarter without further scoring, however, the intervening period offered several sensational runs by Cross, who sustained a knee injury in the fourth period and was able to little of the leather lugging thereafter. Gray and Webb assumed the major portion of the ball carrying at this juncture and succeeding in picking up four straight first downs to put the ball on Rising Star's 20. Gray hit the line two times for 10 yards and a first down on the Wildcats 10, with first down and touchdown to go. He carried the ball each of the four following downs and on the last bucked over from the one foot marker for Cross Plains' third touchdown of the afternoon. Gray's attempt to kick the extra point failed. Score: Cross Plains 18, Rising Star six.

Cross Plains tallied 18 first downs as compared with eight for Rising Star. The domestics tried five passes, two of which were completed for 1 yards. The Wildcats heaved 11 times, two being completed and two intercepted; the remaining seven were grounded. Cross Plains was penalized 40 yards and Rising Star 10. From scrimmage, the Buffaloes gained 224 yards and Rising Star 168.

Friday's victory placed the local boys one ahead of their traditional foes in the all-time-standing, with Cross Plains having won four and Rising Star three, since 1928 when the Buffaloes entered conference competition.

CLAUDE BURNS MANAG'S LOCAL SERVICE STATION

Claude Burns, of Burkett, is moving his family this week to Cross Plains and will take over the management of the Smith Service Station on North Main Street Monday morning.

4,557 BALES COTTON GINNED IN CALLAHAN

Census report shows that there were 4,557 bales of cotton ginned in Callahan County from the crop of 1935, prior to November 14, as compared with 5,198 bales ginned to November 14, crop of 1934.

Mrs. Arthur Mitchell, and daughter, Patsy and Mrs. Fred Cutbirth visited with Mr. Mitchell in Temple over the week end.

Miss Bobbie Westerman of Brownwood, was a visitor here over the week end.

Chase Adams visited in Abilene past week end.

16 LETTERMEN TO GET SWEATERS FOR SERVICES ON GRID

16 Cross Plains high school football players were announced Tuesday morning as letter men from this year's team. Letter certificates were awarded. Numeral sweaters will be forthcoming, the Review was told yesterday.

Those receiving the athletic awards were: captain "Bevo" Webb, J. H. Childs, Billy Gray, Ross Hagan Hemphill, Gene Blitch, J. T. Cross, Dale Bertrand, B. W. Huntington, Melvin Placke, Eugene Cross, Stanley Pierce, R. E. Duncan, Doyle McMullan, Albert Usrey, Buster Atwood and Lloyd Flahe.

SCARES GANGSTERS WITH SOB-SPEECH

How soft is a "hard guy?" And is there really a tender heart beating beneath the bullet-proof vest of the average plug-ugly? The answer to these questions are furnished in a most hilarious manner in "She Gets Her Man," the Universal comedy which comes to the Liberty Theater Wednesday and Thursday, with ZaSu Pitts and Hugh O'Connell in the featured roles.

Miss Pitts, unwittingly a heroine because she fainted on an alarm button and released a flood of tear-gas during a bank robbery, arouses the enmity of Chicago gangsters especially after she begins to go about the country delivering a stirring message to the mothers of America. But when she is forced into a gathering of battle-scarred Public Enemies, she discovers that they are just a lot of big overgrown boys, and what happens after she repeats the only speech she knows brings the picture to a startling and riotously funny climax.

WORK WILL BEGIN MIDDLE NEXT WEEK MANY IMPROVEMENTS

A project was approved and work will begin by the middle of next week, calling for an expenditure of \$13,800 at Cross Plains schools. Plans were okehed and all but \$600. of the money was apportioned by the Works Progress Administration.

The project which is expected to employ every available relief worker will in all probability get underway by Wednesday. It calls for the levelling and landscaping of the entire school campus, erection of a home economics building just south of the gymnasium, moving and sodding of the football field, construction of concrete sidewalks and possibly other incidental improvements.

R. C. Hoppe, chief engineer for the W.P.A. in this district, was in Cross Plains Tuesday afternoon and told Superintendent Nat Williams that the project had been approved and at work will begin immediately. Between 50 and 75 men will be used, Mr. Williams told the Review.

The project will necessitate 26 man years work, according to the application which was first filed with the W.P.A., a copy of which was furnished the Review. The total cost is to be \$13,800, of which \$600. is to be furnished by the school district.

MAY TIGERS CINCH LOWER BRACKET OF DISTRICT FRIDAY

May high school Tigers won the championship of District 17 B, Section 2 Friday afternoon by defeating Olden 19-0. Olden threatened to score in the first quarter when a long pass gave them a first down deep in May's territory. Another pass and a line play gave the Olden boys another first down, but the May line held and Holt kicked out of danger.

The first May score came in the second quarter after a long drive Dow McBride went over on a run around his own right end. The kick for extra point was wide. McDaniel scored in the third quarter on a cutback through his own right tackle. McBride hit the line for the extra point. McDaniel scored again in the fourth quarter over his own left tackle. The kick for extra point was blocked by the entire Olden line.

The blocking by Holt and Burnett and the defensive work of Bailey were perhaps the outstanding features of May's playing. All the May line played well. Brown, Bolton, and Goss seemed to take care of their positions a little better than the other linemen.

The Olden team showed plenty of fight all through the game, and it was only the advantage in weight and the power attack that finally wore them down. Olden is one of the cleanest and hardest fighting teams played on the May field this season, said coach Weldon Chambers.

Officials: Grady (H.P.C.), referee; Smith (D.B.C.), Umpire; Ellis (D.B.C.) Head Linesman.

First downs: May, 12; Olden, 2.

Penalties: May, 5 times for a total of 45 yards; Olden 2 times for 10 yards.

Tells this tale

Through years of experience in the drug business we have learned that success in this line depends largely upon three things:

1. Having the merchandise the people want.
2. Filling doctors-orders to the letter and without substitution.
3. Courteous and prompt service.

Our efforts are being directed untiringly in this direction. We welcome any suggestion as to how we may improve our service.

This important question is easily answered when you bring your car to us for Gargoyle Mobilubrication. In addition to careful, competent workmanship, we use only lubricants of the highest quality—manufactured by the makers of Mobiloil.

When you bring your car to us you don't have to wonder if it has been taken care of properly. You KNOW that it has.

IMPORTANT ANNOUNCEMENT

Mr. A. L. Baker, of the Magnolia Petroleum Company, thoroughly trained in all phases of MOBILUBRICATION at the Magnolia Institute, Dallas, Texas, will be at our place

Wednesday, December 4th

and will be glad to advise you in regard to correct lubrication for your car.

If you've been used to ordinary "grease jobs" drive in and let us show you the difference.

**Cotton Program Benefits Spread
To All Sections**

Discussing the necessity for the continuation of a cotton adjustment program, W. B. Camp of AAA Cotton Division told State Agricultural Commissioners at their recent meeting in Washington, D. C., that the benefits of the cotton program are not confined to the South but extend to all sections of the country through the purchasing power of the cotton grower.

In demonstrating this he said, "Cotton furnishes directly the livelihood for 14,500,000 people in the United States. Eleven million of these people on the 2,200,000 cotton farms in the South and Southwest are dependent upon cotton for the major part of their incomes. Three million more individuals are supported by cotton textile manufacturing in all its branches. Another 500,000 people are dependent upon the miscellaneous uses of cotton. Others are indirectly affected by the merchandizing and the financing of the finished cotton products."

Camp went on to say that, "A volume system, as formerly practiced often, resulted in double loss to the grower because every acre used to produce surplus cotton could have been put into needed food and feed crops. Big yields, large exports, and ruinous prices have been the history, with but few exceptions of unadjusted production of cotton."

He showed by actual figures that the cotton adjustment program had practically doubled the prices of cotton, raising them from about 6 cents per pound in 1932 to twelve and one-half cents in 1934, and increasing the farmer's cash income from \$465,000,000 in 1932 to \$895,000,000, including compensation for adjustment of cotton acreage, in 1933, and \$822,000,000, including benefit payments in 1934.

Potato Growers Sign Up

All producers who grow potatoes for market are urged to investigate the new potato act which congress attached to the A.A.A. in the last session. All producers of potatoes who sell to be put into the channels of commerce must have stamps issued by the government to permit them to move.

These persons so growing potatoes will be sent the necessary information on how to enter a contract with the government and also how to secure the allotment by writing the county agent.

Callahan has such a few growers who produce more than enough to eat that community meetings have not been planned. All who do sell their surplus should investigate this program at once. Of course, this applies only to Irish Potatoes. Sweet potatoes do not come under the provisions of the act.

There are now 227 counties in Texas finishing applications. **Buying power of Farmers Main-spring of Recovery**

**243,283 Ballots In Nation
Wide Poll Resalts In Tie**

By John Thomas Wilson
(Autocaster News Service)

NEW YORK, November 27: More than a quarter of a million voters in small towns and rural America have spoken. They have registered their choice of candidates for the 1936 Presidential election in a nation-wide poll.

The majorities of these voters want President Roosevelt as candidate on the Democratic ticket and Senator Borah of Idaho as banner bearer on the Republican ticket.

Exactly 243,282 ballots were cast in this nation-wide "Next President" poll. The poll was conducted by newspapers located in small towns throughout the country, of which the Review was one. The poll was started in late September and brought to a close on November 18th, at the end of the eight weeks of balloting.

The state by state tabulation of the national vote was compiled by Publishers Autocaster News Service of New York, a newspaper service company that serves the thousands of newspapers which cooperated in conducting the poll.

Elsewhere in these columns are printed the state by state tabulations of the vote as to choices of candidates; percentage comparisons of this poll vote with the presidential election in 1932; and, the distribution of the electoral votes in the various states as based upon actual popular vote majorities at the conclusion of this poll.

Results of the Poll

In summary presentation, here are the results of the poll: Roosevelt leads in popular vote 119,387 to 104,851 for all Republican choices.

Republican choices lead in twenty-three states to twenty-two states for Roosevelt.

In electoral votes the poll ends in a tie, with Republicans 261 to 261 for Roosevelt. Nine electoral votes remain unplaced. They are: Arizona 3, Delaware 3 and Nevada 3. No vote was recorded from those three states.

The tie in electoral vote was established during the closing hours of the poll. The vote from readers of the Havre (Montana) Independent gave that state and the popular vote lead there to Roosevelt. Up until these ballots were received the Republicans were leading in electoral votes 261 to 257 for Roosevelt. Montana's 4 electoral votes were deadlocked in a tie.

Mr. and Mrs. Orey Cannon have as their guest this week, Mr. Cannon's mother of Abilene.

Suburban Opinion

In interpreting this poll, the politically-minded reader should keep in mind that this vote represents only small town and rural opinion. No urban votes are represented.

Judged solely from that standpoint, political observers would no doubt sum up the findings at this time as follows:

1. That Roosevelt's extreme popularity has declined. (From 9% in 1932 to 53% at this time).

2. That Roosevelt is still the popular choice, taking the country as a whole. (His popular vote of 119,387 to 104,851 for all Republican choices.)

3. That Roosevelt's margin of popularit has declined to a point where a "close battle" is indicated next year, so close that no one can now accurately predict the result. (In other words the tie in electoral votes, 261 to 261).

4. That further proof a "close yattle" impends in 1936 is the fact that even if Roosevelt obtained all of the "other Democratic choices" votes and all Third Party votes in this poll, there still would be but a very slight material change in electoral vote of 261 to 261.

5. That the Republicans are strong in the East; that Roosevelt is strong in the border states; that Republican sentiment runs strong on the Pacific Coast; and that the Middle-west states are divided, some supporting Roosevelt and some supporting Republicans.

G.O.P. Voters Liberal

6. That the preponderant opinion of the Republican vote is liberal. Senator Borah being easily the first choice. That the next most favored Republican is Governor Landon of Kansas. (of special interest here is the fact that Borah obtained his big majority in the early weeks of the poll, with Landon constantly creeping up. In the last two weeks of balloting, votes for Landon virtually equalled those cast for Borah).

Mr. and Mrs. Riley Freeman of South Texas visited friends and relatives here this week.

William E. Borah

ulture through recent legislation; that the greatly increased buying power of farmers is the mainspring under the steady improvement in all lines of business and that this improvement will be continued for many months to come; that improvement in business means increases in tax collections which should render further levies unnecessary; that the farmer who decides to sit down and wait until an old age pension is handed to him should have the seat of his pants reinforced before he takes his seat, and that John Farmer is right when he says the processing tax brought him overbalance the two inches it cut off of his shirt-tail. The Southern Agriculturist Oct. 1935.

Between the acts along Broadway, youngsters entertain theatre goers with dancing and singing, and scramble for the pennies the audience throws. Theater managers object only because the kids are too good, sometimes, and the audience stays and stays outside, and frequently hold up the second or third act curtains.

Way back in 1865 a store for fat men was established on Third Avenue in New York, and it's still going. A complete wardrobe for a 450 pound man is a simple matter for them, what with sixty and seventy-inch belts, underwear, shirts and things, and a clientele that extends all over the world.

Great stir at a recent night club rendezvous when Ina Claire appeared with a fur trimmed hat. They named her "Mrs. Daniel Boone."

Appropriately enough, Columbia University Press chose Armistice Day as the publication date of the book of an eminent economist, John Bates Clark, "A Tender of Peace." It expounds the terms on which civilized nations can, if they will avoid warfare.

Street names in New York are just as amusing as any other city. To wit, Luster Street which used to be Dark Street until residents objected and had it changed. Since there was already a Light Street nearby, they chose the next best.

**Rid Yourself of
Kidney Poisons**

DO you suffer burning, scanty or too frequent urination; backache, headache, dizziness, swollen feet and ankles? Are you tired, nervous—feel all unstrung and don't know what is wrong? Then give some thought to your kidneys. Be sure they function properly, for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system. Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

NO UPSETS

The proper treatment for a bilious child

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right! The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help. This treatment will succeed with every child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for your use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pops. Any druggist has it.

FORD V-8 TRUCKS FOR 1936**

TRUCK operators bought nearly 100,000 Ford V-8 Trucks and commercial cars the first 6 months of 1935—58% more than in the same period last year.

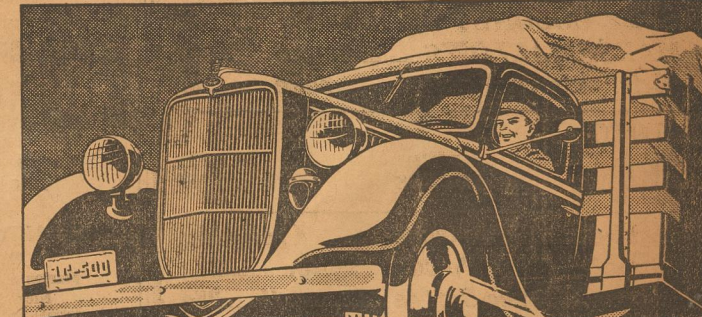

These operators found the 80 h. p. Ford V-8 engine ideal for modern trucking. It has exceptional power, flexibility, stamina—and their records prove that the V-8 is the most economical Ford Truck ever built.

And they prove far more—the Ford's ability to stay on the job, out of the repair shop—its rock-bottom upkeep costs—the tremendous strength of Ford's heavy-duty chassis and frame.

You get these proved qualities in the 1936 Ford V-8 Truck—plus new improvements for even greater efficiency and dependability. Read the features at the right. Think what value they mean at Ford's low prices.
