MAYOR PROCLAIMS CLEAN - UP WEEK

HOME TOWN GOSSIP

After having been pushed completely out of the last issue of this progressive newspaper, your gossip column is back today with the gleamings of another week.

From Cross Cut comes authentic information that the youthful postal clerk at that place has a burning interest in Cross Plains. But gosh, who could blame him? The little blonde in question is one of the ol' home town's fairest.

And speaking of postal people have you noticed that Agnes White, chief server at the local p.o., hasn't seemed the same the past few days?

We have a hunch the mail service from down about Gladewater is not meeting with her complete satisfaction. Virgil Graves, if you're reading these lines, we ask you, what is wrong.

The pursuit of news carried this rural pencil pusher Wednesday afternoon to a drilling well South of Pioneer. While there, it was our unusual privilege to see golden crude gushing over the derrick top.

And Friday the prognosticator of these paragraphs attended a celebration at Burkett, really worthy of mention. The occasion was the breaking of ground for a new \$30,000 school building.

The fact that the program was held on Friday the thirteenth, meant nothing to those determined, progressive people of Burkett. They came 700 strong to participate in the festivities.

Dinner was served on the ground, and it is not newspaper talk when we tell you there was two times as much food as eaten. There may be hard times but Burkett doesn't know it.

In a thoroughly serious vein, we offer this prediction: Bobbie Nell Neel, C.P.H.S. feminine tennis star, will win the district championship; thereby becoming the first Cross Plains athlete to advance to the state tourney. If you think this is an extravagant prophesy, you should see "Bob" sweat that ball with accuracy.

Knowing their disgust for publicity in this department we lament the necessity of focusing to public attention the interest of a couple of high school teachers in each other.

Yes, you guessed it, the couple are Louise Nelson, Spanish prof, and Claude Daniel, athlete director. Almost any school holiday they are seen enjoying each other's company. Ah, well! in the Springtime young hearts lightly turn to such things, as its said.

There's another attractive teacher who is being escorted out by a football mentor. The question is Mary Louise and her habitual companion week-ends is a member of the Payne College coaching staff.

There may be news for the sport society pages ere long.

This column after having advocated extensive poll tax payments, notified to learn that the ol' town has regained second place in the county's voting strength. There is no good reason, however, Cross Plains should not have more poll tax receipts than the county capitol. The people are they're just not sufficiently vested in politics.

Now we wish to offer you a humorous story we've read. The item which follows is from an experience. I trailed a man behind on back page

700 Attend Ground Breaking At Burkett

SPEECHES, DINNER ON GROUND, GAMES PROGRAM FEATURES

In an open air observance at the Burkett school campus, ground was broken Friday morning for the construction of a \$30,000 school building. The new edifice will be a one story, brick and tile structure. It will contain classrooms, office, laboratory, study hall and an auditorium gymnasium.

High spots of the program during the day were: speeches, breaking of soil for the building, dinner on the ground and ball games.

Superintendent W. R. Chambers acted as master of ceremonies. After a brief introductory in which he publicly thanked trustees, patrons, faculty and the citizenship for their cooperation in making the occasion possible, Deputy State Supervisor S. G. Boynton, of San Angelo, principal speaker of the morning, was presented.

Lauds Burkett School

Mr. Boynton stated that he had just recently completed an inspection of the Burkett school system and found it standard in every respect. "It has been my privilege to extend further accreditation," he said.

Mr. Boynton congratulated the citizenship of Burkett upon their foresight in building for the needs of tomorrow, not merely to accommodate present day demands. He stressed the advantages of including vocational agriculture and home economics in the high school curriculum.

"There was a time", he said, "when our high schools were but institutions to prepare boys and girls for college. That condition has changed, however, and today the better school are instructing students in practical things to be used in every day life: agriculture, home economics, how to draw up a contract, a vendors loan note and the preparation of a home and farm budget. It is my hope that you have considered these things in your recent school planning."

John L. Beard, Coleman County School Superintendent, was the next speaker. He outlined the planning of the new building from its inception and congratulated the citizenship of Burkett upon voting \$22,000 bonds which are to be supplemented by a grant of \$18,000 from the federal government.

Plenty of Speakers

Others and the order in which they were introduced follow: Warren Boasare, representative of the architectural company; Jack Scott, editor of the Cross Plains Review; Joe Pouns, Coleman Democrat Voice editor; R. A head injury, received March third, caused the death, Wednesday, of Miss Velma Lee Hollis, 19 year old daughter of Mr. and Mrs. W. L. Hollis of Nimrod.

Miss Hollis was hit on the back of the head with a soft ball while she was participating in a game on the playground of the Deer Plains school. Her injury was not considered serious until she complained of a headache the following Friday afternoon.

On the advice of a local physician, she was carried to a Santa Anna hospital. She was later removed to a Brownwood hospital and then taken to a hospital at Ranger, where she succumbed Wednesday, March 18, at six A.M.

OIL SHOOTS OVER RIG IN PRODUCER SOUTH OF PIONEER

A well on the Armstrong tract, three miles South of Pioneer was standing more than a thousand feet in oil yesterday. Production was encountered in the Trammel sand at a depth of 1,292 feet, and is accompanied by three million cubic feet of gas, according to the contractors.

The test is owned by Leo Ehlinger, state highway engineer for this district, and Dave Gulley, both of Brownwood.

Six inch pipe was run Wednesday afternoon, prior to putting the crude in storage.

The test was drilled by the Gunn Production Company—C. C. Neeb and Marion Harvey—who have about 400 acres offsetting the well 150 feet.

Two more locations had been staked yesterday and it was rumored about the well that site for another had also been selected.

Since the well was flowing from an eight inch hole no accurate estimate of its potentiality was available, however, a composite estimate made by four well informed oil men gauged it at about 30 barrels daily.

The garments made include practically every type of wearing apparel.

WIDE IMPROVEMENT ALREADY UNDERWAY AT HOMES, STORES

A city-wide cleanup campaign which has been set for the last week in March and a beautification program being sponsored by several local organizations is expected to give Cross Plains an improved appearance within the next few weeks.

The work was first launched by the newly organized garden club.

MAYOR'S PROCLAMATION

The last week of March has been designated as "clean up" week for the cities and towns of Texas.

The Ladies Garden Club of our city has shown their interest in this clean up campaign by organizing their membership to assume leadership in this campaign.

The city council by resolution passed Tuesday evening appreciate this interest on the part of the Garden Club and will cooperate by furnishing men and trucks to haul off refuse.

We are making this appeal through the press that every home join in this movement to make our little city not only more attractive but a more healthful community in which to live.

Mrs. Walter Ramsey was named president in an election of officers, when the Garden Club met Saturday afternoon, March 14. Other officers are: Mrs. Nat Williams, first vice-president; Mrs. Don McCall, second vice-president; Mrs. C. D. Baird, third vice-president; Mrs. Clarence Martin, corresponding secretary and treasurer; Mrs. C. R. Cook, recording secretary.

Cross Plains was divided into four sections, with Main and Ninth Streets forming the division lines, and a civic committee was appointed to supervise cleanliness and beautification of the divisions. Mrs. George B. Scott is general chairman; Mrs. Arthur Mitchell, Southwest; Mrs. G. M. Garrett, Northwest; Mrs. Fred Cutbirth, Northeast; Mrs. Paul Boase, Southeast. Each of these members will select three assistants.

The civic committee also includes a male representative from each church and the Loyalty Club. They are: Rev. V. W. Tatum, Rev. J. C. Mann, Rev. S. P. Collins, Ike Kendrick, and Jim Settle.

Watermelon-pink crepe myrtle giant zinnia, and heavenly-blue morning glory were selected as city shrub, city flower and Centennial flower, respectively. Citizens are urged to plant these flowers in their yards. Provision for their distribution has not been definitely decided upon, yet. Mrs. Ramsey stated.

The crepe myrtle was chosen because there will be 250 of the shrubs planted in this county by the highway department.

Each week the club plans to have a small flower exchange and exhibit and discussion of flower arrangement.

Members are to sponsor a cleanup week beginning March 29. Mayor S. P. Collins will issue an official proclamation designating the event as a city wide movement.

The next meeting will be held in the basement of the Presbyterian church, Saturday, March 21, at three o'clock.

Jeff Clark and Mrs. Lewis Helms made a business trip to Abilene Thursday.

Volley Joe Williams is suffering an attack of influenza.

4-H Club Boys Go In Mass to Fat Stock Show

The largest group of 4-H Club boys ever to attend the Fat Stock Show at Fort Worth accompanied their county agent Monday to be guests of the management on State 4-H Club Day. There were 50 boys who went from Callahan county.

Co-operating with the county agent in taking this large group of boys: Borah Brame, commissioner of precinct 1, Earl Johnson, Ford Dealer, and the Union School officials in providing one of their busses for the day. The county agent is deeply appreciative of the service of these men and in behalf of the boys wish to take this means in expressing their thanks for such fine courtesies.

Three cars and truck and the bus arrived a little ahead of schedule at the home of Mrs. Baird's Bakery where the boys were shown how modern baking is done and upon the completion of the visit were given a small loaf of bread and a cookie complimentary of the bakery. From the bakery the group went to the zoo and spent more than an hour looking at the large collection of birds, snakes and animals. From the zoo a trip was made over town in which the Texas Christian University campus was visited and the foot ball stadium.

At 12:30 the entire group entered the show grounds and after looking over the livestock and commercial exhibits the major part of the group visited the rodeo.

It was a fine show and a delightful band of boys that saw the performance.

Among the sponsors of the clubs was found Clifton Thomas, teacher at Eula with 6 of his boys; David E. Smith, teacher at Union and 11 of his boys; and W. S. Jobe with

his boy from Putnam. There were 7 from Eula, 2 from Cottonwood, 2 from Admiral, 4 from Clyde, 12 from Putnam, 11 from Union and 12 from Baird who made the trip.

The Extension Service will handle the program through their county agents as before and the community and county committees composed of the farmers will administer the program locally as they did the AAA. Applications for subsidies for soil conservation and erosion prevention will be taken by these men and the amount each farmer is to receive will depend upon his past history as shown by the records.

Deferred Checks Arriving
The county agent has received some 50 checks this past week on cotton and wheat that were due the producers that were stopped when the AAA was invalidated January 6th. It is thought that all checks due the county will soon be paid.

The State corn-hog supervisor was in the office today and said the compliance papers were in good shape and Mrs. R. C. Corn, Secretary of the Association expects to be able to send them in for payment this week. There will be 101 of these to draw payment.

2 Cent Subsidy
All farmers who have presented their sales certificates up to their Bankhead allotment and who sold cotton at a price less than 12 cents on the 10 spot market quotations will receive the difference of that price and 12 cents. These are being put in line for payment now and signatures are being received by the producers on these. It is hoped that all men take advantage of this offer at once so that we may get through with the work before the new program starts.

BURGLAR LOOTS LOCAL FARMER'S SMOKEHOUSE THEN FIRES BUILDING

While planting a garden a short distance from their home last Friday, Mr. and Mrs. P. O. Boyle, who live Southwest of town, noticed flames coming from their smoke-house.

Mr. Boyle smashed into the burning building to rescue at least a part of the family's supply of meat. Inside he found, the meat—several hundred pounds—had been stolen and walls of the building smeared with kerosene.

Mr. and Mrs. Boyle had been gone from home less than an hour and the smoke-house is said to have been in perfect order upon their departure. The general belief is that a thief entered the building, stole the meat and to hide the feat set fire to the building.

Loss of the building, meat and supplies inside the smoke-house is estimated at \$250.

The newly organized gentlemen's association have requested that we call the citizens and officers attention to certain laws on our Statute book in the hopes that the enforcement of same will aid them in curbing cattle theft.

Article 6904 (Butchers to report) provides: Each person slaughtering animals for market shall make a regular sworn report to each regular meeting of the commissioners court, giving the number, color, age, marks, and brands of every animal slaughtered by him since last term of said court, to be filed with the county clerk.

Article 6908 (Bond of butcher): Every butcher or slaughterer of cattle shall file a bond with the county judge of the county for not less than two hundred nor more than one thousand dollars, conditioned that he keep a true and faithful record and correct description and date of purchase of all cattle

purchased or slaughtered by him; that he will have the hide and ear of such animal inspected by the inspector, or some magistrate of the county, within twenty days after it is slaughtered, and that he will not purchase any cattle slaughtered by another unless the hide and ears of such slaughtered animals accompany the animal offered for sale, and that he will not purchase any animal whose ear marks or brands have been changed, mutilated, or destroyed.

We recommend that the Citizens obey the above law and that the officers see that same is enforced within this County; we also recommend that each town within this County pass some regulation in reference to butchering and selling butchered meats within said city or town. This will greatly aid the law abiding citizens and officers in their effort to stamp out cattle and sheep theft.

We also request that the District Clerk furnish each paper within this County a copy of the above for publication and request that the papers publish same.

We have finished our work and ask to be discharged. Respectfully submitted Willis J. Brown, Secretary R. D. Williams, Foreman.

LIBERTY HAS WESTERN STARRING TOM TYLER

Tom Tyler, in "Rio Rattler," now showing at the Liberty Theatre, impersonates a ranger who irons out trouble in a badman community. He does it by dint of cold nerve and a handy knack with a forty five.

His trailing of the man he is after, and the show-down wherein he brings the dreaded gunman known as the "Rattler" to bay, is just a part of the regular day's work for a Ranger when the West was really wild.

Eddie Gribbon, Marion Shilling, William Gould, Tom London, Charles Whitaker, Lafe McKee, and Ace Cain form the supporting cast.

BURKETT

School News
A "big" day was celebrated in Burkett last Friday when the first ground was broken for the new school building. The program, which was in charge of Supt. W. R. Chambers, started at ten-thirty in the morning. Mr. Chambers introduced the two chief speakers, Deputy State Superintendent S. G. Boynton and County Supt., J. L. Beard. These two men made splendid addresses, congratulating our community upon its progressive spirit and its interest in education. Mr. Chambers then called upon several others for talks. These included representatives of the contractors for the building, PWA officials, and the editors of the Coleman and Cross Plains papers. Wade Golson, E. L. Harris, Mrs. L. E. Andas and E. W. Martin, also made short talks. I. B. Porter, principal of the school, spoke as a representative of the faculty, and R. E. Harris as a representative of the student body.

After the program was over, dinner was spread on the ground and there would have been enough to eat if there had been twice as many people present.

In the afternoon the crowd was entertained with ball games until time to go home.

In the school election Monday the Comal School Dist. voted to consolidate with Burkett by a vote of 21 to 2. The vote in the Burkett district was in favor of consolidation by a vote of 42 to 0.

CLOTHING SPECIALIST SPEAKS TO H.D. CLUBS

"The hour glass silhouette, broad shoulders, slender waist, flare below the knee, with skirts eleven to fourteen inches from the floor is the popular silhouette for 1936," Mrs. Dora R. Barnes, Extension Clothing Specialist, told wardrobe demonstrators of the Home Demonstration Clubs of the county in a meeting held at Baird, Tuesday.

Sleeves were worked out in detail; the bishop, the ball, the leg-mutton, the dolman and the raglan sleeves being cut for each demonstrator, using her foundation pattern as a basic pattern.

The foundation pattern was also used in cutting collars of designs suiting each particular type of person. Color, line and design as related to the individual were all given their share of attention. The last problem of the day was for each demonstrator to select an appropriate design for a dress, and using her foundation pattern, construct a dress from paper.

Demonstrators attending the meeting were Mrs. J. A. Sikes, Rowden; Mrs. Andrew Johnson, Oplin; Mrs. Guy Steen, Union; Mrs. W. E. McCollum, Enterprise; Miss Anna Mae McIntosh, Denton; Mrs. J. N. Martin, Burns Break Soil Breaking of soil for the new building, a high spot on the program, was done by E. W. Martin, representing the Burkett board of trustees. He lifted his pick, offered a toast of success for the work, cooperation of patrons and achievement for the school. W. T. Burns, a veteran resident of Burkett, representing the Coleman county board shoveled away the first spade of soil.

The ground breaking ceremony was followed by a basket spread of luncheon. A composite estimate made by the Review editor and three well informed Burkett citizens placed the size of the crowd at 700. School teachers and ladies of the Burkett community had charge of systematic serving of food, which consisted of an abundance of innumerable delicacies.

Burkett troop of Boy Scouts had charge of automobile parking and the policing of grounds following the noon day meal. The afternoon program was featured by ball games at the school grounds.

HOME TOWN GOSSIP with a portrait of a man.

a mule drawing a plow. Said the man to the mule:

"Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet, here we work, hitched up together year in and year out. I often wonder if you work for me or if I work for you. Verily, I think it a partnership between a mule and a fool, for surely I work as hard as you, if not harder. Plowing or cultivating we cover the same distance, but you do it on four legs and I on two. I, therefore, do twice as much work per leg as you do.

"Soon, we'll be preparing for a corn crop. When the crop is harvested I give one-third to the landlord for being so kind as to let me use this small speck of God's universe. One-third goes to you and the balance is mine. You consume all of your portion with the exception of the cobs, while I divide mine among seven children, six hens, two ducks and a banker. If we both need shoes, you get 'em. Bill, you are getting the best of me, and I ask you, is it fair for a mule, the son of a jackass, to swindle a man—the lord of creation—out of his substance.

"Why, you only help to plow and cultivate the ground, and I alone must cut, shock and husk the corn while you look over the pasture fence and hee-haw at me.

"All fall and most of the winter the whole family, from Granny to the baby picks cotton to help raise money to pay taxes and buy a new harness and pay the interest on the mortgage on you. And what do you care about the mortgage? Not a damn! You ornery cuss. I even have to do the worrying about the mortgage on your tough, ungrateful hide.

"About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as great a jackass as your papa. Verily I am prone to wonder if politics were made for men or jackasses, or to make jackasses of men.

"And that ain't all, Bill. When you're dead that's supposed to be the end of you. But me? The parson tells me that when I die I gotta go to hell forever. That is, Bill, if I don't do just as he says. And most of what he says keeps me from gettink any kick out of life.

"Tell me, Willyum, considering these things how can you keep a straight face and look so dumb and solemn?"

GUILTY PLEA GETS MAN PRISON TERM IN TREET MURDER

Pleading guilty to a charge of robbery with firearms, Elmer Van Cleave, 22, of Cisco, was sentenced to five years in the state penitentiary by a jury in 42nd district court at Baird this week.

The indictment against Van Cleave charged him with participation in the hold-up of L. F. Threet, rancher, fatally shot in his pasture in southwest Callahan county, August 15, 1934.

Van Cleave also is under indictment in Eastland county on a murder charge in connection with Threet's death, and was given a two-year sentence on a charge of conspiracy to rob the rancher.

Clifford Doggett, 50, also of Cisco, was given the death sentence in Eastland district court in the death of Threet, and a motion for rehearing of his case before the court of criminal appeals is pending. Tried in Callahan county on a robbery charge, he was assessed a life sentence.

Mary Howell, 20, Rising Star, tried on a charge of murder, was assessed 20 years, but the appeals court reversed the case on the ground that state's evidence was not sufficient. The indictment is still pending in Eastland district court.

WIDE IMPROVEMENT ALREADY UNDERWAY AT HOME, STORES

the program. Mayor S. P. Collins has officially declared the last week in the month as "Cleanup Week". Trucks will be provided to haul trash from homes. Expense will be borne by the city.

Build Park For Kids In connection with the beautification program, plans are now complete for establishing a play-ground for children on North Main Street. Tables, benches and equipment will be furnished by each of the city's four churches. Clearing of the ground and erection of equipment will be under supervision of the garden club.

Scores of homes and business institutions are being repainted, remodeled and landscaped at present. The Review is informed that numbers of others will begin similar work within the immediate future.

Along Main Street, the Cross Plains Hardware Company, Smith's Drug and the Liberty Theatre are repainting fronts. The City Drug Store and the S & H Department Store were revamped last week. The Anderson Chevrolet Company was getting a new coat of paint yesterday. Other local firms said to be planning beautification are: Higginbothams, Red and White Store, The Piggy Wiggly, A&P, J. L. Settle's Dry Cleaning Plant, the Review and possibly numbers of others whose names this newspaper had not learned at "press time" Thursday.

Beautifying Homes In the residential section of town at least 25 homes are being improved. While the Review was unable to contact each home owner and just what type of revamping is being done, a reporter hurriedly gathered Wednesday afternoon that the following places were being landscaped, repainted or remodeled: T. E. Baum, Vernon Barclay, J. C. Garrett, J. L. Settle, Don McCall, Wilbur Williams, T. B. Wilson, Mrs. George Scott, Edwin Baum, Jr., J. E. Henkel, Dr. Eli Powell, J. P. Smith, Nat Williams, Arthur Mitchell, Tom Minton, T. S. Holden, Mason Shuford, A. G. Foster, Jim Barr, and W. D. Smith. There are probably numbers of others improving about their places, however, the Review had not been notified of their activities. Presbyterian and Baptist church lawns were being landscaped this week and it was understood that like projects would be instituted at other churches soon. At the cemetery noticeable beautifications have recently been made. Shrubbery has been planted on several lots. Others have been cleared, roses planted and pruned.

LIBERTY HAS BOOKED "THREE MUSKETEERS"

In the 17th century the idle young aristocrats of France composed the most famous and reckless fighting corps in the world—the historic King's Musketeers. Four of them have become legendary heroes in Dumas' "The Three Musketeers" showing at the Liberty Theatre Wednesday and Thursday.

Walter Abel, Paul Lucas, Moroni Olsen and Onslow Stevens recreate these young men, who did their playing with rapiers, in the RKO

Radio picture. Abel is just as d'Artagnan. Lucas, Olsen, and Stevens portray his reckless, ever-loyal sword mates, Athos, Porthos, and Aramis respectively.

The cast also includes Heather Angel, Margot Grahame, Rosamond Pinchot and others.
