# ATTEMPT TO KILL ROOSEVELT FAILS

## President - Elect Is Uninjured As 6 Companions Are Shot By Gunman At Florida Reception Wednesday Night

An attempt to assassinate President-elect Franklin Delano Roosevelt at Miami, Florida, Wednesday night failed but six people were shot. The President-elect was uninjured.

### The Casualties Are:

- MAYOR ANTON CERMAK, OF CHICAGO, ILLINOIS.
- MISS MARGARET KREWS, NEW ARK, NEW JERSEY.
- WILLIAM SINNOCK, MIAMI, FLORIDA.
- MRS. JOSEPH H. AILL, MIAMI, FLORIDA.
- RUSSELL CALDWELL-A BOY—MIAMI, FLORIDA.
- JAMES W. GALLAWAY, MIAMI BEACH, FLORIDA.

Robert H. Gore, of Chicago, identified the gunman who did the shooting. He gave his name as Joe Zingara, of New York. "I kill all presidents, I kill all officers", Zingara said to police questioners.

The shooting occurred at a public reception given in the President elect's honor at a Miami park.

Mayor Cermak, who was standing 20 feet from Mr. Roosevelt, was shot through the chest. Miss Margaret Crews through the hand. William Sinnock through the head. James W. Gallaway through the head. Extent or nature of the injuries of Mrs. Aill or Russell Caldwell—a young boy—were not learned in Associated Press dispatches to the Review at midnight Wednesday.

Gallaway was injured as he attempted to seize the gunman's weapon. A bullet glazed his head.

The President-elect immediately cancelled plans to return North and is at the bedside of the wounded.

Mrs. Joseph H. Aill, who was wounded, is the wife of the president of Florida Power and Light Company.

## UNITES HELD SUNDAY AT BROWNWOOD FOR MRS. EMMA JORDAN

Funeral rites for Mrs. Emma Jordan, were conducted Sunday by Rev. C. C. Armstrong Cross Plains Methodist pastor. Interment was made in a Brownwood cemetery Sunday afternoon in the family plot, where Mrs. Jordan's husband was laid to rest 15 years ago.

Mrs. Emma Jordan was born May fourth, 1856, at Fond DuLac, Wisconsin. She was affiliated with the Methodist church and an active choir singer from early girlhood until a few years ago. She was married to Dr. Orville W. Jordan and to that union were born three sons. Two preceeded her in death and R. Blaine Jordan is the only surviving child.

Mrs. Jordan had made her home with her son for the past several years.

Funeral arrangements were conducted by Higginbothams, Cross Plains.

Mr. and Mrs. Ike Kendrick visited in DeLeon Sunday.

## HIGH SCHOOL BOY IS LAID TO FINAL REST IN LOCAL CEMETERY

H. O. Cooper, 16, son of Mrs. Kate Cooper, was laid to rest in the Cross Plains cemetery Monday afternoon. Services were conducted from the Baptist Church, here, with Rev. Graves Darby, pastor, officiating.

He succumbed suddenly at the Sealy hospital shortly after 10 o'clock Sunday morning. H. O. had been in a lingering condition for weeks because of a knee injury sustained at football here four months ago.

He was a Sophomore in Cross Plains high school and Vice-President of his class. School was dismissed for the funeral service and classmates turned out en masse to pay final tribute to their deceased companion. The Baptist Church was crowded far beyond capacity and scores of people stood reverently outside. Floral tributes were heaped high over the grave in Cross Plains cemetery where interment was made.

The boy is survived by his mother and grandparents, pioneer residents of this section, as well as his father of Fort Worth.

## LOCAL GIRL WEDS BROWNWOOD MAN AT COLEMAN SATURDAY

Miss Myrtle Gatlin, of this place, and Chester Brown, of Brownwood were married Saturday evening at Coleman. The rites were solemnized quietly and came as a complete surprise to friends here.

The bride is the daughter of W. A. Gatlin, who lives six miles Southwest of Cross Plains. For the past few years she has resided with Mrs. R. P. Odom here however. The groom is the son of Mrs. R. S. Walker, of Brownwood and formerly of this place. He is also a nephew of Willis Brown here. The couple is well known in Cross Plains.

The groom is employed by Bucy and Childs contractors on highway construction at Brownwood and they will make their home there.

Ladies of the Baptist church will honor the recent bride with a shower Friday afternoon, the Review was informed yesterday.

## WOMAN BETTER AFTER APPENDIX OPERATION

Mrs. Pearl Armstrong, daughter of Mrs. Anna Travis, was improving normally after having undergone an operation for appendicitis Saturday afternoon at the Sealy Hospital, Santa Anna.

## C. V. RAMSEY ATTENDING DALLAS MECHANIC SCHOOL

C. V. Ramsey is in Dallas this week attending a mechanics school sponsored by the Chevrolet Motor Company. He will remain there most of the week attending classes and receiving instruction concerning new parts and mechanisms of the 1933 model Chevrolet.

F. R. Anderson, local automobile dealer, was also in Dallas the first three days of the week.

Mr. and Mrs. E. H. Jurgensen and children, Royalty, Texas, are visiting her mother Mrs. Jim Bennett here this week.

## MASONS AND EASTERN STARS WILL OBSERVE WASHINGTON BIRTHDAY

Masons, their families and Eastern Star and their families will hold a George Washington birthday celebration in the Masonic hall Thursday night, February 23, according to R. H. Pruitt, Worshipful Master, of the Masonic lodge yesterday. He extended a cordial invitation for all Masons, their families and Eastern Stars and their families to attend.

Program for the evening will include special music by Spencer string band, songs by congregation, reading by Miss Juanita Vestal, reading by Donald Clark, mixed quartet, dance by Miss Johnye Frances Baldwin, reading by Miss Emma Jean Settle and addresses by Rev. C. C. Armstrong, S. P. Collins and Graves Darby.

Refreshments will be served at the close of the program.

## 3 LOCAL MEN FORM OPTIMISTIC OIL CO.

A new oil company was formulated in Cross Plains last week by Ed Schaffner, C. D. Lane, and E. D. Priest. The organization has been titled, 'Optimistic Oil Company'.

The company plans to drill a 1,900 foot test North of Cross Plains within the near future, according to announcement from Mr. Schaffner yesterday.

"I've remained in Cross Plains more than 10 years for but one thing and that is to develop the oil field so firmly believe is located North of here," Mr. Schaffner told the Review editor in an interview.

## LOCAL MAN AND WIFE UNDERGO OPERATION

Mr. and Mrs. C. H. Ried are reported doing nicely after having undergone a tonsil operation Saturday at the Sealy Hospital, Santa Anna. They returned home Sunday.

## MONDAY NAMED AS MEETING DAY FOR SCOUTS OF AREA

February 20th has been designated for the Annual Meeting of the Chisholm Trail Council, Abilene, Hilton Hotel, starting at 2 P. M. and continuing through the Annual Banquet. Regional Executive J. P. Fitch will advise with groups during the afternoon sessions and will deliver his annual address at night "The Challenge of the Ten Year Program of Growth."

Every Scoutmaster, Troop Committeeman and Scout Official should attend. Sessions will be presided over by President Thos. E. Hayden, Jr., Dr. R. A. Maddox, Scout Commissioner and Chairman of the Committee on Growth will be present during the entire convention.

A special attempt is being made to enlist the cooperation of every male school teacher in the Chisholm Trail Council. To be successful, the Ten Year Program of Growth must have the cooperation of school authorities.

## PROSPECTS BRIGHTENED FOR VEGETABLE GROWERS

Prospects for a 'fair price' for tomatoes and peas grown in this section were encouraged the past week when a communication was received from George Robertson, formerly of this place, that those two crops had been practically destroyed in California by freeze and frost.

The refusal of farmers in the valley of Texas to sell their vegetables until better prices are posted has also added to the outlook for vegetable crops here in the Spring and Summer.

## LOCAL DOCTOR ATTENDS POSTGRADUATE COURSE

Dr. J. Henry McGowen was expected back in his office Thursday morning after an absence of three days. He has been in Dallas attending a post-graduate course in dentistry.

Mrs. Clara Cain and her son, James Irby of Coleman were in Cross Plains Wednesday.

## HOME TOWN GOSSIP

Brunk's Comedians are coming to town Saturday. With the troupe is one little black-haired, fire eyed actress that is plenty good looking. But don't get ambitious boys, she's married to the comedian, who by the way, is quite husky and not so funny off-stage.

Myrtle Gatlin, a home town girl, is the latest instalment to the marriage parade. She took her Mrs. degree in Coleman Saturday. The groom, Chester Brown is also a former Cross Plains chap.

Here's a toast of luck and happiness to the newly weds, and our proverbial blessing: "May the Lord bless all that He has created".

Words of Sympathy are fitting and proper this week for Tom Wood. A great sorrow has come into his life. The above paragraph should be explanation enough for his despondency.

Tom Holden is prompt to explain that the discolored bruise on the side of his head was not caused by a flying rolling pin or mortal combat, but by a mesquite limb which broke and ricocheted to his face. O. K. Tommie we'll take your word for it.

Either the depression is worse or our popularity is waning. Last year we received six burlesque valentines, whereas Ike Kendrick had but two in the mails for us Tuesday.

Boys, you can just pick up your play things and get ready for happy days again. The 'Optimistic Oil Company', organized last week by Ed Schaffner, C. D. Lane and Eddie Priest, is out to locate this crude.

For luck, they've cut this scribbler in for 10 acres in the vicinity of a well to be drilled North of town. Now! Now! don't be making us offers, a thousand bucks or nothing is our price.

If Ed Henderson doesn't quit bragging about the little community two miles West of town on highway 23 and attempting to name it 'Hendersonville', we're going to bring charges against him in John Westerman's court. Everybody knows that the attractive little settlement is just a suburb of Cross Plains and we don't want him snatching the glory of our growth.

But if Ed just must have the community named for him, we'll call it Henderson Heights.

Mrs. F. R. Anderson will you please tell your forgetful husband again what his last child's name is. The man is so thoroughly concentrated on Chevrolets that he was unable to tell this department his baby's name recently.

When the Roosevelt story broke Wednesday night the Review staff was summoned and worked all night to get the historic happening to readers at the earliest possible moment.

Chase Adams, linotype operator, when notified to report for duty immediately came in his pajamas. Virgil Graves struck a trot and held the piece for seven hours to prepare the mechanical end of the sheet. Leila Mae Bennett came through like a trooper, helping with society copy.

Mrs. Merlin Garrett, Mrs. J. P. Smith and Mrs. E. P. Watson were visitors in Coleman Wednesday afternoon.

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and further more I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Smith Drug Store or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

AGAIN CHEVROLET LEADS THE PARADE OF PROGRESS

WITH THE GREATEST ARRAY OF IMPORTANT ADVANCEMENTS EVER INTRODUCED . . ON ANY CAR OF LOWEST PRICE

● Chevrolet was FIRST to build a low-priced car with a gear-shift and a self-starter—FIRST to introduce modern ideas of beauty and comfort into its field—FIRST to give America's millions the advantage of "SIX CYLINDERS—no more, no less." Chevrolet has always made a habit of leading the low-price field in all that's new

and advanced. And today, Chevrolet continues to set the pace with these typical features listed below! Here is the greatest array of new advancements and inventions ever combined in a new Chevrolet. Only the world's largest builder of automobiles could provide them at the price. CHEVROLET MOTOR CO., DETROIT, MICHIGAN

AT A NEW SCALE OF LOW PRICES

SPORT ROADSTER \$485 • COUPE \$495 • COACH \$515 • PHAETON \$515

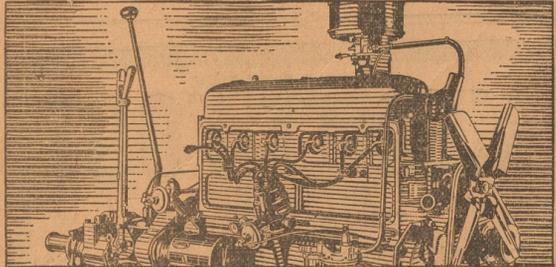

SPORT COUPE \$535 • SEDAN \$565 • CABRIOLET \$565

All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy G. M. A. C. terms.

FISHER NO DRAFT VENTILATION

With Fisher No Draft Ventilation, all the occupants of the new Chevrolet Six get fresh air when and where they want it. And this remarkable advancement is exclusive to Chevrolet in the low-price field.

CUSHION-BALANCED ENGINE

The Cushion-Balanced six-cylinder engine—a new and exclusive Chevrolet feature—completely blots out excessive vibration. In fact, you will find the new Chevrolet Six is the smoothest low-priced car you have ever driven.

SAFETY GLASS WINDSHIELD

This year Chevrolet adds the final touch of safety by providing safety plate glass windshield and stronger Fisher bodies.

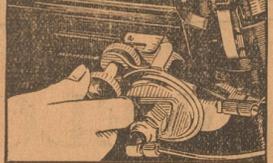

FREEWHEELING and SYNCRO-MESH

Chevrolet Free Wheeling, combined with Synchro-Mesh gear-shifting, is even simpler and more enjoyable than before.

THE STARTERATOR

No more stalling trouble. A gentle pressure on the treadle-type pedal starts the engine and feeds it gas at the same time.

THE OCTANE SELECTOR

A slight twist of this dial makes anti-knock fuel of any grade of gasoline—thereby assuring maximum economy.

Good Luck Edwin

It is with pride and with the feeling that we express the sentiment of the entire Review family when we say: "Good Luck in your recent business adventure," to Edwin Baum this week.  
 "Ed" is a boy who was born, reared and educated in Cross Plains. He is a man that champions every cause for the betterment and happiness of the people of this section.  
 Here's a toast to your prosperity Edwin and may your business be as fine as your character.

Congratulations To Empire Tribune

The Stephenville Empire Tribune issued a thirty two page edition last week commemorating the sixty third anniversary of the publication and its recent achievement in being declared the best 'all-around weekly newspaper in the state.'  
 The issue was really a milestone in Texas journalism. It was a credit to the publishing industry and established an even stronger claim to the Empire Tribune's supremacy.  
 In offering congratulations to the Stephenville paper and its publishers Rufus Higgs and Wesley Clements, Erath County should not be overlooked in our discourse. The county is fortunate indeed in having a publication that covers and records so perfectly the history and happenings of Erath county people.  
 So again, congratulations to the Stephenville Empire Tribune and long may your usefulness survive.

Have You Noticed The M.K.&T. Air?

We never hear a man laud his 'boss' but what it elevates both in our admiration. A simple word of praise from an employee for his employer interprets clearly the spirit of harmony and mutual interest that exists between them.  
 Such is the case with the M.K.&T. railroad and its employees in Cross Plains. Those fellows love their company and labor diligently to perfect its service. And the company seems to manifest a personal interest in its employees here. It is this type of organization that has accomplished the most in building Texas the vast empire that is today. So, in tribute to this fine principle we say: it is a pleasure to deal with you gentlemen of the M.K.&T. line. Would that the nation had more companies and employees bound by the tie of mutual interest and mutual prosperity.

Correction

In justice to other produce buyers we believe the following correction should be made through the columns of the Review, in reply to an article which recently appeared to the fact that "One Buyer Bought 900 Dozen Eggs In Town Saturday."  
 The article implied that the buyer purchased the eggs from farmers, which is only partly correct. He actually bought 11

"HEART DISEASE"

A man who belonged to his country has passed—Calvin Coolidge. Former Presidents always belong to America in common. Politics does not alter ownership. Mr. Coolidge was ours.  
 Scientific physicians may well ponder on death that comes before it ought to be due; Mr. Coolidge was too young to have died. But, there was a mighty insistent CAUSE, which physicians should be alert to distinguish patient was not warned in plenty of time to have averted the tragedy.  
 Was it tobacco? My own experience contradicts that verdict. I am seventy-one! and I have smoked excessively, I feel sure, but not with any menacing symptoms. Was it indolent habits and over-eating? Some say it was "acute indigestion." I don't believe acute indigestion alone ever killed anybody. Thousands—millions of children have it—relieved by simple evacuating the digestive canal.  
 If Mr. Coolidge died of genuine heart disease, it must have been a blocking of the coronary arteries—due for the most part to influenza—maybe an attack of mild severity, years ago. Such a thing could be,—I admit. But, the patient would have been warned in plenty of time by insidious, creeping attacks of SHORT BREATH ON EXERTION. I have never contacted a case that was not—and I have seen many.  
 I lost two aged people with acute influenza last week. One past 80, the other 70. It is one of the most virile poisons known—and not well-known at that.  
 It was more likely a case of over-indulgence in highly-seasoned food that disrupted an artery of the brain, that took Mr. Coolidge; one does not have to be a glutton to die of such a condition. He was temperate. I wonder if he ate his chief meal at six o'clock?

TAXES

(From Kosse Cyclone)  
 Tax the farmer, tax his fowl,  
 Tax the farmer, tax his fowl,  
 Tax the dog and tax his howl;  
 Tax his hen, and tax her egg,  
 Let the bloomin' mudsill beg,  
 Tax his pig and tax its squeal,  
 Tax his boots, run down at heel;  
 Tax his plow, and tax his clothes  
 Tax the rags that wipe his nose,  
 Tax his house and tax his bed,  
 Tax the bald spot on his head;  
 Tax his ox and tax his ass,  
 Tax his "Lizzie," tax his gas;  
 Tax the road that he must pass,  
 And make him travel o'er the grass.  
 Tax his cow and tax his calf,  
 Tax him if he dares to laugh.  
 He is but a commonman,  
 So tax the cuss just all you can.  
 Tax the laborer, but be discreet  
 Tax him for walking on the st.  
 Tax his bread, tax his meat,  
 Tax the shoes clear off his feet.  
 Tax his pay check, tax his sale,  
 Tax his hard-earned paper kale;  
 Tax his pipe and tax his smoke,  
 Teach him government is no joke.  
 Tax his coffin, tax his shrouds,  
 Tax his soul beyond the clouds.  
 Tax all business, tax the shops,  
 Tax the incomes, tax the stocks,  
 Tax the living, tax the dead,  
 Tax the unborn before they're fed;  
 Tax the water, tax the air,  
 Tax the sunlight if you dare,  
 Tax them all and tax them well,  
 And do your best to make life hell.

Matt Mann, coach of the University of Michigan's swimming team, has announced a war against doping of amateur swimmers, such as, he says, "was done by the Japanese in the 1932 Olympic Games." Mann says it is established that "oxygen, or some stimulant", was administered to Japanese swimmers within ten minutes of the time they entered the water for the finals of the races at Los Angeles last summer. It will be recalled that Japanese won five of the six races.

Bill Carr, Pennsylvania's sensational quarter-miler, will not run that distance again this year, according to Lawson Robertson, his coach. Robertson is convinced that Carr is essentially a dash man, and will be better off, physically, running the 100 and 220.

LET'S DEFLATE HOKUM

In 1865 it was proposed to John Stuart Mill that he should run for Parliament.  
 He answered that he was willing to do so, provided the voters understood he would not make any election speeches or put up one cent, and that, if elected, he would support such national issues as appealed to his best judgment and do nothing for the local interests of his district.  
 He says in his autobiography that "a well known literary man was heard to say that the Almighty Himself would have no chance of being elected on such a program."  
 Nevertheless, Mill's candidacy made remarkable progress, and just before the election he agreed to appear at a few meetings in order to answer questions.  
 In one of his earlier books he had made the remark that the "working classes, though differing from those of some other countries, in being ashamed of lying, are yet generally liars."  
 Some opponent put this on a placard and at a meeting of working men Mill was asked whether he had written and published it. He promptly answered: "I did."  
 What followed is so remarkable that I quote it verbatim: "Scarcely were these two words out of my mouth when vehement applause sounded through the whole meeting. It was evident that the working people were so accustomed to expect equivocation and evasion from those who sought their suffrages, that when they found, instead of that, a direct avowal of what was likely to be disagreeable to them, instead of being affronted they concluded at once that was a person whom they could trust."  
 "The first working man who spoke after the incident said that the working classes had no desire not to be told of their faults; they wanted friends, not flatterers... And to this the meeting heartily responded."  
 It has long been my conviction that politics has not kept up with popular intelligence, that the people are sick of hokum and the politicians have not found it out.  
 I believe we are at a point in this country when men can be elected to office, as Mill was elected in London, by courageously telling the truth.  
 I admit I have not much evidence to support this conviction. But I certainly should like to see it tried out.

The American Football Coaches Association will recommend few changes in the rules to the Football Rules Committee

They will propose that when the ball is downed closer than ten yard to the sideline it shall be brought out to the ten-yard line. This is designed to do away with the "Step-out" play with its wasting of a down.  
 \*\*\*\*\*  
 Texas League ball players have had their salaries cut an average of forty per cent.

DE DUCKS

An old Southern negro was asked by the proprietor of a store how he had happened to need credit when he had such a good cotton crop.  
 "De ducks got 'bout all dat cotton, sah," was the mournful reply.  
 "What do you mean the ducks got it?"  
 "Well, you see," explained the old man, "I sent dat cotton up to Memphis an' dey deducts the storage charges, de freight, an' dey deducts the taxes, an' dey deducts de commission, yes, sah, deducts got 'bout all dats why I'm here."

## IN MEMORY OF

### H. O. COOPER

An angel of death crept silently into our midst Sunday morning and claimed one of the most beloved students of Cross Plains high school, H. O. Cooper, Vice-President of the Sophomore class. He was a loyal classmate and a diligent student. On the gridiron he was a most promising athlete. His passing has left vacant a place in Cross Plains high school that can never be filled. Yet the memory of him and his sterling characteristics shall ever be one of our most inspiring thoughts and fondest recollections of school days.

It is with grieved hearts that we extend sympathy to his bereaved mother and relatives.

The study hall was quite once Tuesday. Not a soul stirred. Not even the turning of leaves or a cough could be heard. No one asked to go to their lockers, or get a drink, or go to the library. What was wrong? Nothing—only it was 7 o'clock and the janitor hadn't opened the door to let Fannie in.

We have the lowdown on Phyllis and Harlon now. Phyllis has the habit of pinching strange men on the ear and saying 'Howdy, mistaking them for Harlon.'

## ENGLISH

By Wilma Jones

Miss Gwathmey is my English Teacher. I shall not pass: "She maketh me recite

English and exposeth my ignorance before the whole class.

She restoreth my sadness, she causeth me to prepare a notebook for my grade's sake.

Yea, and though I burn the midnight oil, I shall gain no knowledge.

For English literature surely troubles me.

She prepareth a test for me beyond my comprehension.

She giveth me a low grade.

Surely sadness and distress shall follow me all the days of my life and I shall remain in the English class forever.

## Sophs Honored At Party Friday Night

Lorena Childs gave the Sophomore class a party at her home Friday night. Games and various other forms of amusement were enjoyed. Hot chocolate, sandwiches, and salad were served to several members of the Sophomore class.

## JUNIOR NEWS

Leora Gaines, one of the beloved students, of the junior class has been forced to stop school, because of illness. We all hope she may soon recover and resume her school work.

The Valentine theme was stressed in decorations, and bridge accessories. Mrs. H. T. Schooley, who left this week for Ranger was honor guest. ## Lindbergh Is Man Without A Country

Charles A. Lindbergh, who will go down in history as one of the greatest Americans of the twentieth century, is today a man without a country. The government under whose flag he braved the pitfalls of death to make that heroic flight across the Atlantic ocean, is unable to protect his children from the sinister hands of kidnapers and crime crazed gangsters. He must go to France to reside, in order that his family may live as normal citizens.

In our opinion this the greatest stigma cast over our sacred star spangled banner in centuries. Who is to blame?

You, I and Mr. General Public Citizen are to blame. We sat with stupid eyes and saw the Lindbergh first born child sacrificed to the bloodthirsty beats of crime. We have chosen officers, and law enforcers who are allied with gangsters from petty shoplifters to barbaric baby murders.

We have allowed our courts to deal leniently with men and women, who had no motive in life but to corrupt and destroy human happiness. You say, "I am not to blame".

I say you are. What have you done to evict lawlessness in your own community? You, I and the rest, have sat idly by and watched a scant few conscientious officers endeavor to control crime. We gazed on, merely as a spectator in the amphitheater, offering no assistance whatsoever.

American civilization was not founded by men and women who sat idly by and looked upon lawlessness as an entertainment of the hour. It was rooted by men and women who had guts, if you please, to stand for right against wrong and to oppress the corrupt and protect the innocent.

The Lindbergh case is an example—a test—of American character. We have reached the crucial point. If crime continues uncontrolled, the bloodthirsty mobs will be snatching your own children from their cradles in a few short years. Then you will cry out for public assistance but your disinterested fellow citizens will look upon the depredation as another excitement of the hour.

Baby stealing and murdering has evolved from smaller crimes and may likewise grow into even more atrocious ones, if that be possible.

The eyes of millions of mothers are centered upon leaders of today and beg with sincere their helpless babies be pleas that protected. Awake my friends, nip the bud of crime in your own community before it too reaches that contaminated peak of destruction.
