PIONEER GETS SCHOOL TRANSFER

HOME TOWN GOSSIP

Sunday is Easter. Preachers are certain to have some new hats in the congregation to inspire their efforts, as well as possibly a few new faces.

The fairer sex will bloom forth in beautiful new frocks of summery shades and patterns. Boy! what a disappointment it would be to 'Shortie' Neeb if it should rain and she couldn't display that new attire.

E. D. Priest bursts back into the limelight of social prominence this week by giving a little girl, who is visiting here, a noteworthy rush and incidentally a bountiful portion of his attention.

Looks good to see Eddie stepping high again. It calls to mind many memories of days when several of our local dignitaries were much more glib and an evening's entertainment consisted of more than a game of rummy.

Under Local Boy Makes Good heading, Stanley Clark's name should be printed in black face type this week. He felt revelous last Friday night and journeyed over to Cisco to trip the light fantastic with the beautiful maidens of that place. While there he was introduced to Mary Brian, famous movie beauty, who was in Cisco for the evening.

It is said that the \$70 a month filling station boy from Cross Plains drew some very alluring smiles from the celebrated \$7,000 a week star of the silver screen.

That Dentine smile of 'Fat's' certainly has its weight with women. Ask Bill.

Married men unsatisfied with the drubbing they took at the hands of single men on the local baseball diamond Sunday afternoon, have issued a challenge for a return match this Sunday.

Personally, we know the next contest will be another set-up, but to satisfy the 'bill payers' we hereby accept the challenge and assure the household heads that the single boys will have a team on the field Sunday afternoon that will give them an even more decisive beating. It may even be a massacre, who knows?

Such celebrated stars as Ed. Priest and Cleve Callaway were not present last Sunday and with their services the next game, we predict the outcome to be ten to three.

Did you know that the word 'news' derived from the first letter in the names of the four cardinal points of a compass—North, East, West and South?

Once Upon A Time Tom Bryant was once Justice of the Peace here; he married one couple but it didn't 'stick', which is perhaps due, Mr. Bryant says, to the fact the fellow forgot to pay him.

D. O. GAUTNEY WEDS MAY GIRL SUNDAY

D. O. Gautney, of this place, and Miss Mary Boyd, of May, were married in Frederick, Oklahoma, Sunday morning. The wedding vows were taken before the Frederick Justice of Peace.

The couple left here Saturday afternoon, returning the following night. The bride is the daughter of Mr. and Mrs. C. D. Boyd, pioneer residents of the May Community. The groom is well known in Cross Plains having maintained a place of business here for a number of years.

Mr. and Mrs. Gautney are making their home in the Northeast part of town.

Mr. and Mrs. Edwin Neeb and son, Edwin Jr., were the guest of relatives in San Saba last week end.

PRESBYTERIANS CLOSE SPRING MEETING HERE

LOCAL MINISTER IS REELECTED TO SERVE PRESBYTERY 3 YEARS

Group Chooses Lamesa As Place For Next Convention In September

Annual Spring session of the Abilene presbytery closed at the Cross Plains Presbyterian church Wednesday night, with an evangelistic sermon delivered by Dr. H. G. Markley, pastor of the First Presbyterian Church Breckenridge. Before the Rev. Mr. Markley's sermon, visiting pastors and delegates were honored at a buffet banquet held in the basement of the church.

Sessions opened Tuesday evening with a service at the Presbyterian church here, in which Mrs. J. M. F. Gill, retiring moderator, delivered the initial address. Communion of the Lord's Supper, roll call and election of moderator were the principle high spots of the first day's program.

The business docket was resumed Wednesday morning at eight thirty, carrying through a few minutes after nine o'clock that evening.

Rev. S. P. Collins, of this place, was reelected Stated Clerk, for a term of three years. He has held that office already three years.

Rev. Walker, of Merkel and Mr. Latta, of Tuscola, were elected delegates to the general assembly to be held at Columbus, Ohio, the latter part of May. Their entire expense will be borne by the presbytery. Charles E. Hemphill of this place, was a delegate four years ago.

Visiting pastors and delegates to participate in the program included: Mrs. Gill, Dr. E. B. Surface, Rev. J. A. Owen, Rev. R. A. Walker, Gordon Weir, Rev. Eugene H. Surface, Rev. J. T. Bryant, Rev. H. G. Markley, Dr. L. B. Gray, Dr. J. H. Burma, James West, Dr. B. A. Hodges and Dr. M. A. Rhodes.

GAS COMPANY'S SUIT IS SET 28TH AGAINST CITY OF RISING STAR

Southwest Gas Company's suit against the city of Rising Star, originally set for hearing in federal court at Abilene Tuesday, was reset by Judge James C. Wilson for April 28.

The gas company filed proceedings to prevent Rising Star from constructing a municipal gas system, the action following adoption of an ordinance by the town last December 31 authorizing the construction of a competing distribution system. The company's petition asks that the ordinance be voided.

320 ATTEND SABBATH SCHOOL HERE SUNDAY

320 persons attended Sunday School at four Cross Plains churches Sunday morning, a check up Monday revealed. Baptists had 127, Methodist 108, Presbyterian 55 and Church of Christ 40.

Next Sunday being Easter an even larger attendance is expected at each of the churches, according to statements from Sunday School superintendents.

Mrs. Glenn Adams and son, have returned to their home in Mineral Wells, after spending several days with relatives here.

Mr. and Mrs. W. L. Thompson were in Waco and Taylor last week end visiting friends and relatives.

Dressy Men Halt Foreclosure Neighbor's Farm Equipment

Dressy friends and neighbors rallied to the assistance of Owen Baum and prevented his farm implements and teams from being seized at auction Tuesday morning.

A closed bank was offering for sale, by public auction, a cultivator, a span of horses, one wagon, harness and a mule, in settlement of a debt owed by Mr. Baum. Neighbors came in and made the necessary number of bids to make the sale legal, equipment for \$2.80. There were no outside bidders.

Ed Odom made the purchasing bid after two other friends of Mr. Baum had announced similar offers. Three bids are necessary to make the sale legal. The equipment was then given back to Mr. Baum, the original owner.

"We know Mr. Baum to be an honest man, who meets his obligations but like most everyone else has simply been handicapped by adverse conditions and he needs his teams and tools to make a crop", said a life-long neighbor of his Tuesday afternoon.

BRADY DEFEATS PHIL PE-CO GOLFERS 12 TO 11 HERE SUNDAY

Phil Pe Co and Brady country clubs split even with 12 matches each in the first golf contest between the two teams in the Heart of Texas organized golf playing Sunday afternoon, but the visitors were given credit for victory in lieu of a recent rule included in the association by laws. The rule is, "In case of a tie, the last match played shall be omitted and the results obtained therefrom."

The local mashie welders fared well with the top part of their ladder, losing but two of the first 10 matches. Brady's strength was apparently unweakened by playing position however and several of the visitors playing 'tail end' positions turned in scores near equal the ranking laddermen. Complete results of the match follow:

Bob Wheeler, playing number one position for the locals, lost two up with one to go to Harkrider, Brady's best bet. Bill Tunnell went 19 holes to beat D. H. Chafin, one up. Wayne Middleton, Phil Pe Co medalist, won one up from S. Newman.

T. O. Powell took a four with two decision from G. Sanderson. M. S. Sellers won by the same count from L. Y. Callihan. Wilbur Wright won by the largest score of the afternoon, trimming G. B. Whiteman eight up with seven to play. Nick Nicholson chalked up another victory for the domestic with a one up decision.

O. L. Embrey won four and two from B. L. Malone. M. L. Joyce took a two with one verdict from H. L. Wood. Porter J. Davis lost four up with three to play in his match with C. Hall. C. E. Joyce lost one up to V. Jones. M. E. Crosley was beaten by the same count at the hands of D. W. Jordan.

Ross Newton trimmed S. McCollum two up. M. G. Underwood won at the nineteenth hole from H. D. Adkins, one up. W. B. Gunn was defeated by J. Flack seven and six. O. B. Pope lost to H. W. Lindley three with two. Jim Settle bowed to F. R. Wulff at the fifteenth hole four down. W. J. Brown lost to Benny Whitfield seven and six. Edward Schaffner surrendered to J. S. Wall at the sixteenth hole five down. Bill Tyler lost to L. Jones two up. Rox Middleton dropped his match with an identical count to E. Adkins. Frank Robertson won three and two from T. J. Powell.

Harry Schwenker outshot S. R. Jackson to win up and Fred Cook defeated H. A. Wulff one up at the nineteenth.

Miss Margaret Young, visited Lella Mae Bennett Thursday.

REAL ESTATE CHANGES HANDS WITHOUT ABSTRACT THURSDAY

The fellow who said, "When real estate starts changing hands prosperity will have returned", didn't know his West Texas sand storms. Hundreds of acres passed into new ownership here Thursday, without an abstract, as a Spring gale filled the atmosphere with an abundance of sand and plowed soil. At least one acre is estimated to have lodged in the Review editor's typewriter.

BIG LOSS IN WHEAT CROPS SEEN UNLESS IT RAINS HERE SOON

Unless rain is forthcoming within the very near future the grain crop throughout the Cross Plains trade territory will be unusually light, the Review was told Wednesday afternoon by three veteran farmers of this area. So far, April of this year has established a new record for drought in this immediate vicinity.

Texas Winter wheat crop is already 50 percent less than normal, according to an estimate given out by the state department of agriculture Tuesday morning.

The largest Winter wheat crop in the past 10 years was made in 1931 when the total yield of this state was 56,045,000 bushels. 18,515,000 have been predicted for this year.

Local farmers declare however that a seasonable rain would revive grain greatly at this time and that the decrease throughout this immediate area would be as heavy as has been estimated for the state at large, by the department of agriculture.

In the fact of a short wheat crop, the market quotation on grain jumped several cents the past week.

DANCING TROUP TO BE HERE SATURDAY

Irene Jay's dancing girls in revue will be seen at the high school auditorium here Saturday night. The program is scheduled to begin at eight o'clock.

Joe Jay, who made advance arrangements for the troupe here last week, said that the entertainment would include variety dancing, singing, musical comics, acrobatic stunts and tap, toe and ballet dancing. The personnel of the cast is taken from Miss Jay's dancing class pupils at Abilene.

The dancing troupe has rendered similar exhibitions this year at Abilene, Stamford, Jayton, Anson, Albany, Winters, Baird and Eastland. Admission charges will be 10 and 25 cents.

John Miller Reopens Filling Station Here

John Miller reopened the filling station on North Main Street Thursday morning formerly known as the Best Service Station. He will call it Miller's Station.

An advertisement concerning his opening and that he will handle Gulf gasoline and oils is carried on another page of this week's issue of the Review.

SINGLE BOYS TRIM 'BILL PAYERS' IN GAME HERE SUNDAY

Cross Plains single men defeated their married retool-townsmen in a baseball game on the local diamond Sunday afternoon. The score was nine to four.

The married men scored two in the first inning, one in the fifth and another in the ninth, while the 'singles' mustered five in the fifth, two in the sixth and two in the eighth.

Walter Hargrove, of the married delegation, is credited with the longest hit of the afternoon, which went for a homerun. 'Fat' Ray receiver for the victors, tied with Hargrove for hitting honors of the afternoon, getting two doubles and a single.

Batteries were: (married men) Foster (c), Clark, (c), and Nichols (p); (single men) Ray (c), Davis (c) and Scott (p).

DAYLIGHT BURGLAR LOOTS HOME HERE

A burglar, who entered the home of Mrs. S. P. Long here shortly before noon Tuesday, escaped with \$10, in currency. Nothing else in the house was bothered and the thief overlooked two other one dollar bills.

Mrs. Long and her daughter, Mrs. Afton Adams were in the back yard washing when a noise was heard in the house. Mrs. Adams went inside to investigate but failed to observe any irregularity. She returned to the wash house and a few minutes later hearing another disorder from within the house, entering again she found covering on a bed disarranged and Mrs. Long's purse ransacked and left open. \$10, was missing from the purse but two other bills of one dollar denomination each—were left.

Sometime ago the home of Mr. and Mrs. S. Freeman, who live next door to Mrs. Long, was robbed and a small amount of money taken.

Local officers are working on a clue which they believe will lead to an arrest in the case.

HIGH SCHOOL TENNIS TEAM TAKES SECOND

James Patterson and Byron Wright, high school tennis team, won second place in district competition at Abilene Saturday in the doubles division. Patterson also took third in singles.

The local boys lost to Big Spring 6-3, 6-3, 6-4 after eliminating all other entries to reach the finals. This is the best showing ever made by a Cross Plains high school tennis team.

Mr. and Mrs. C. D. Anderson spent the week end with friends in Cross Plains.

CROSS CUT SHIFTS 26 STUDENTS THERE FOR THIS YEAR AND NEXT

Review Is Informed Wednesday Afternoon In Interview With Ira Davenport

Editors note: The following account of the Cross Cut-Pioneer school merger is printed as given by Superintendent Ira Davenport, Pioneer, to Jack Scott, Review editor, Wednesday afternoon.

Cross Cut high school was transferred this week to Pioneer and 26 students were immediately grouped for daily recitations at the new location. An agreement between the two school districts was reached Tuesday.

Patrons of the Cross Cut district met in the high school auditorium there Monday night, and discussed moving their high school to either Pioneer, Cross Plains or Williams. Representatives from each of the places spoke to the gathering.

Cross Cut had been informed sometime ago that it would be imperative for them to transfer their high school to some other point, in the event that work which was abandoned three weeks ago due to financial conditions, could not be resumed.

A check up with Superintendent Ira Davenport, of Pioneer school, Wednesday afternoon revealed that 26 Cross Cut students are now attending school at Pioneer. "They are travelling to and from school in private conveyances", he said.

A telegram from Mr. Davenport to the Review at one fifteen Thursday afternoon reads, "School deal approved by state department education. Emergency aid granted". Mr. Davenport left Pioneer for Austin Wednesday night.

W. T. Hughes, former Superintendent of Cross Cut schools, has been employed at Pioneer to replace Miss Bertha Helen Triplitt, who was unable to complete the school year because of illness.

"We are determined to build up a substantial school in Pioneer", Mr. Davenport told a Review reporter Wednesday. As proof of the efforts being expended in this direction, he pointed out an athletic gymnasium recently constructed on the high school campus. A beautified school ground was cited with newly planted shrubs and playground equipment. Pioneer's possession of a domestic science house, partially equipped; a sodded football field and other similar improvements were also called to attention.

"Pioneer sometime ago refinanced her bonds, saving the school district \$6,300," Mr. Davenport stated.

"We have been promised complete affiliation by 1934 in the event that work is carried out as now planned", he commented further.

"Mr. Davenport came to Pioneer in September 1931 without a contract. Since that time he has been given two years each. The board of trustees recently granted him an advance in salary assuring his services through three more school years.

CALLAHAN SHALLOW PROSPECTS WATCHED

Prospects for development of a new shallow oil pool a mile and a half north of Clyde in Callahan County is reported encouraging.

O. D. Small et al. encountered sand at 1,750 feet in a test in the area and is now arranging to set five-inch casing for a production test.

Mr. and Mrs. Frank Williams and daughters of Hamlin visited relatives here last week.

Home Town Paper Invades City For Portion Of 'Glory'

The country paper is still the favorite paper with the women in the Big City, according to the questionnaire that has been answered by college women, members of the Panhellenic Association, at the Panhellenic Hotel in New York City of twenty-one national fraternities.

The questionnaire showed that the novelists are right when they call New York City a big place where the small town people meet. Members of the Panhellenic Association were asked, a number of questions about their favorite papers, their favorite news topics, and their favorite news writers. After giving their answers to these queries they remarked that their favorite paper was still their home town one.

One woman answered: "I read every item in the paper the family sends me because it gives me news all the neighbors that my family never write me about. My family's letter tells me the news about themselves and that's about all. The paper gives me all the facts about the friends I have known since I was knee-high."

Another successful woman in New York City wrote: "After all, the news we care the most about is the news about the people that mean the most to us, and they are at home."

W. M. S. MEETS MONDAY AFTERNOON AT CHURCH

Members of the Women Missionary Society met in regular session in the basement of the Methodist Church Monday afternoon. Mrs. J. A. Caton lead the program.

Rev. C. C. Armstrong addressed the gathering briefly upon current questions.

Next Monday's program will be taken from the April edition of the 'Outlook'.

Three Hit Songs In Cantor's New Film

Lyda Roberti Divides Honors In "The Kid From Spain"

"The Kid from Spain" with Eddie Cantor as the pop-eyed matador for laughs and a hundred dark-eyed señoritas for further excitement in a lusty tale of Mexican bull-fighting and love-making is to be presented at the Lyric Theatre, Brownwood, Thursday and Friday of this week.

Nonsense and song, as nervous and bubbling as Eddie himself is, propel a gay romantic fable of love under the southern moon, a story of the dark smiling eyes that gives matadors the grace and valor of Spain's noble sport of bull-fighting, with Eddie as the unwilling matador.

"The Kid from Spain" continues Cantor's plans with Samuel Goldwyn of one picture a year. Last year there was "Palmy Days" and the season before "Whoopie."

Three songs, in which the electric blonde comedienne, Lyda Roberti, joins Eddie, enable them to tell you what happens "In the Moonlight," of "What a Perfect Combination!" he and his partner are, and looking each other in the eye, in song to ask each other "Look What You've Done!" against a background of lavish beauty beautiful girls, tuneful music and spirited dance.

ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

In some respects a new day in farming has arrived. Two young Camp county farmers who recently purchased land commenced their farm operations by terracing their land with the help of the county agent. Terracing is becoming the first step in farming, instead of a last resort.

For the fourth year Randall county dairymen have pooled their cows a cooperative tubercular test, says the county agent. Under the leadership of the county dairymen's association 63 farmers tested more than 1000 cows at low cost to find only one tenth of one percent condemned. The first year 2 percent were eliminated.

To take care of excess roughage on his place in Comal county Bob Hering has gone into partnership with a New Braunfels business man in a herd of 110 high grade Hereford cows to be handled by methods suggested by the county agent. Abundant pastures and roughage are to be supplied and the calves creep fed.

The difference between a \$4-a-month and a \$30-a-month grocery bill is what a 4-H pantry organized by home demonstration methods has meant this year to Mrs. H. W. Conn of Friberg in Wichita county.

Agriculture is taking care of its own. Since December 1st 970 farm families in Collin county have been helped in making their living at home by the 629 families represented in home demonstration clubs.

A house-to-house canvass of Winnsboro families needing public help has resulted in gardens for about 30, the local home demonstration club reports.

Taxing Intangible Property As A Farm Relief Measure

When we look closely at a mass producing power, we see that some of its proceeds go to a primary source. In 1929, the value of our farms, forest, fish and mineral products was \$18,600,000,000. In 1932 the value of these products was \$7,500,000,000. Here, I believe we have the significant figures relating to the depression. What we really need, above all, is an expansion of that \$7,500,000,000 income which last year was credited to primary sources.

In agriculture we have seen the pick, the shovel, the hoe, and sledgehammer. Taking wheat as a basis the yield of the United States has increased from 378 million to 892 million bushels; that of Canada from 42 to 304 million bushels; and that of Australia from 27 to 171 million bushels. The horse has disappeared from the city. The tractor has encouraged excessive acreage which has brought about a surplus.

But the best hope lies in the drastic reduction of state and local tax burden now borne by the bankrupt farmer. To give you an idea of the oppressive tax burden, we will look at an example. Mr. A. A. Northern Redmont milling executive, has a \$6,000 income. He pays a property tax of \$3.00, a poll tax of \$1.50, an auto license tax of \$10.00, and a street tax of \$2.50, a total of \$17.00. Mr. B, his farmer neighbor, has an income of \$6,000 too. He pays a property tax of \$300.00, a poll tax of \$1.50, and an auto license tax of \$10.00, a total tax of \$311.50. He owns a 500-acre farm; and under the present condition, he may fail with his crop next year. But the brutal question is "what can they do?" They can secure one half of the state and local revenue from intangible property.

Intangible property, which is one half of the wealth bears only 25% of the tax burden, while it affords 60% of the income in the United States. Now one of the proposed and practiced plan is the use of the sales tax which is an intangible tax. The sales tax alone supported one half of the revenue in the state of Mississippi. No other tax so widely distributes the tax burden as well as the consumer's tax. Its distribution applies not only the number who pay tax but to 60% of the people. The burden cannot accumulate as has in the case of the General property tax. We find that 25 percent of all tangible property is delinquent due to a 40 percent bankruptcy of the farmers. The sales tax distributes day by day so that a citizen is never in debt to the Government. His payments are made in such small amounts as never to become burdensome or unbearable.

Cottonwood high school seniors will present their traditional play in the school building there Friday night. 'Two Days To Marry' is the title of the presentation. The curtain will rise at eight o'clock. Admission charges are 10 cents for adults while children will be admitted free.

The play is directed by H. S. Varnier, Superintendent of Cottonwood schools.

MY NAME

Author Unknown

If I had my choice of names About it I'd make no bones I'd not choose a name common I'd choose the cute name 'Jones'.

What's in a name? Many a thoughtless person has said But I like sophisticated names. I'd really rather be dead.

Now if I had the name Jones, Or Smith or even Brown I'd try to commit suicide Why; I'd even drown.

But I like sophisticated names As Denaney or Van Lane And I'm going to get a piffy one The next time I change my name.

Rev. Dewitt Van Pelt is conducting a protracted meeting at Cottonwood this week.

Fifth Sunday, Sunday School rally will be observed at the Victoria church the last of this month. We hope to have a big day. Everybody is invited.

Little Billie Joe Underwood visited with his grand-parents in Fort Worth last week.

Mrs. Phil Anderson visited Mrs. Charlie Smith in Rising Star Tuesday.

Mr. and Mrs. C. D. Baird attended the Texas ginners convention at Dallas last week.

Tinkling Bells, and the Clink of Silver----

IN a Chinese fairy story one reads about the Emperor's garden, where rare and colorful plants from all over the world were constantly growing.

It was the duty of the honorable head gardener to watch for the most beautiful of the blooms and tie to the stem of each a little silver bell. As the flowers swayed in the breeze, the bells tinkled with sweet music. Thus the courtiers and the distinguished visitors, strolling along the paths, were sure to see the finest specimens.

This was the Emperor's way of saying 'I have something extra fine that you should see: look this way and you'll be repaid.'

In the advertising columns of this paper are similar messages addressed to You. Read them and you will hear the clink of silver. Our merchants are saying "We have some extra values. We have some specially seasonable articles that you should see. Come to our stores and you will be repaid."

You have nothing to lose when you accept this invitation. In fact, when you fail to do so, you're missing some of the very news for which you bought this paper.

The Review is doing its utmost to serve this community in an acceptable manner and your assistance is very greatly appreciated.

The Frozen Ice Land

Theme in Junior English

By Fanora Neeb

'Yep, boys, I have had some exciting experiences,' said Fred, 'and as you have told yours, I will tell mine. I was on an expedition to the Arctic regions. Six other men and I were to make the trip. We left New York on October 18, 1926, and started our journey. Little did we know the dangers of the trip, but we were young and wanted adventure. And did we get it. We fared fine for about five days. Then we knew we were reaching our destination for the temperature had fallen to six degrees below zero. We were unable to continue our journey in the old ship which we called 'Hope'. We took our supplies from the ship and loaded our sleds. Our dogs were in perfect condition to make the journey which would be about a two weeks run. The next morning the six men and I started for unknown regions. It grew colder and colder as we went. We covered about 25 miles that day. We then unloaded some of our supplies for we had decided to stay there for the night. Gee, boys you never know how to appreciate home until you are in some desolate place where there is no sign of civilization. But to go on with my story. We were rested the next morning and set out again. One of our companions froze to death and we stopped long enough to lay him beneath the frozen snow. We were some what disheartened but went on. We had to climb over large mountains of ice, if you may call it that, and one of the five men fell between a crevasse and we were unable to get him out before he fell to the bottom. You can little imagine the agony he went through with. We left him there to die for none of us had the power to open the ice and get him out. We had not noticed the decline in our supplies. We barley had enough food to reach our destination. Then we had bad luck again. We lost our way. We stayed where we were and decided to turn back the next day. It would take us four days to return to our ship. Our food was gradually declining. Finally, on the second day of our journey back to the ship we ran out of water and food. It seemed that we were to perish in this frozen ice-land. Two of the men died of hunger, my remaining buddies and I lingered on until one day about five o'clock we heard the sound of a plane. The sky was clear and off in the distance we could see a U. S. Naval plane coming to our rescue. It seemed ages until the pilot flew to the ground. He had brought supplies and we ate to our heart's delight. We then got into the plane and were off for home. Never again will I be in that frozen country.'

Harry and Jimmie are (in Mr. Keyes opinion) a couple of dummies.

NEWS

Thursday of last week Lewis Norman and 'Goober' Keyes escorted the freshmen class on a picnic. They journeyed by foot to a branch of Turkey Creek. While everyone was resting after their long walk Scott Smitt fell in the creek, soiling his clothes, but no scratches or bruises were found. After a game of baseball they all enjoyed several rounds of boxing and acrobatical stunts. When Mr. Norman had eaten everything possible, apple-cores, orange peelings, and dirty sandwiches were thrown at everybody in view.

Our tennis players and Mr. Wheeler went to Abilene to the District meet last Friday and Byron Wright and James Patterson won second in doubles, and James Patterson won third in singles.

Since football, basket ball, and the interscholastic league meet is over the study hall is always full the last period in the afternoon.

The Junior Class seems to be very unlucky. It has already lost two of its girls and now another of them is planning (we fear) to make the final leap. Anyway, she is sporting a flashing engagement ring.

Our father who was so great Hoover was thy name, He took away our Chesterfields And gave us Golden Grain.

Essay Prizes Awarded

The prizes for the four best essays on "Why It Pays to Trade at Home" were awarded to the students Friday morning by Mr. Williams, Jack Scott, editor of The Cross Plains Review, gave a one-dollar check to Ida Nell Williams (freshman); Roma Young (sophomore); Clara Nell McDermott (junior); and Ovada Westerman (senior).

STUDENTS MAY RAISE FAILING GRADES

Our teachers are not selfish or lazy either because they are doing the most unusual thing for the students. They are helping all the students who made failing grades the first semester but who have been passing this semester to 'bring their failing grades up.' However, this means work, work and more work. The teachers give the students review assignments and final examinations will be given over the first semester's work. The review work includes such things as outlines of books, themes, etc. This means much work but it will probably be worth it.

Miss Jimmie Lou Gwathme was ill Friday and was unable to attend school.

Fannie visiting her uncle on a farm was watching a cow chew her cud. 'Pretty fine cow,' said her uncle as he came by.

'Yes,' said Fannie, 'but doesn't it cost a lot to buy chewing gum for her.'

Someone (we don't know who) said that Howard Bain was handsome. They must have been looking through rose colored glasses.

Mr. Wheeler—Why don't you like spaghetti?

Coach—Because Washington advised that we should avoid all foreign entanglements.

Miss Gwathme was a great talker. She visited the doctors office one day and told him all her symptoms. She finally paused for breath and said, 'Doctor, don't you want to look and see if my tongue is coated?'
 I know it isn't said the doctor, you don't find grass on a race track."

Repeat At Your Own Risk

By Moreland Baldwin

I had been hunting in the woods in the mountains of Idaho all day and had but one shell left in my gun and no game. As I was walking by a stream I saw three wild turkeys sitting on a limb of a tree just above my head. About that time a bear came upon my left and a mountain lion on my right. A covey of quail came and lit on the ground behind me. A rabbit sat down on the other side of the turkeys.

When I shot, I shot low and the ball split the branch the turkeys were standing on causing their feet to drop into the crack and holding them fast. My gun exploded and one piece flew to the left and killed the bear and a piece flew to the right and killed the mountain lion. The ball went on and killed the rabbit that was sitting on the other side of the turkeys. The recoil caused me to sit down the covey of quail and imprison them violently and my coat tails to fly over. My ramrod flew in the stream and when I retrieved it had on it a mess of fish as long as a man's arm, and my boots were filled with eals collected while hunting for the ramrod in the stream.

So, as a hunter I'm not such a bad fisherman, don't you think?

All Hail

President Roosevelt!

When the world was oppressed by depression
 And the people were tested and tried
 And no man knew
 Just what he would do
 And how he would live through the tide.

And they were all angry and disgusted.

At the President of '28

So they all did say

On election day

"We'll change things before it's too late."

They elected a new president to office

Who they thought could handle the job.

And he favored the motion
 To repeal prohibition
 And thus caused industry to throb

Now we're back on the highway of contentment.

Headed for happiness and rest
 And our president so brave
 Who, his country did save

Shall always be remembered among the blest.

Texas Almanac Is Splendid Book

Many new features are contained in the Texas Almanac and State Industrial Guide for 1933, which has just been issued by The Dallas News. There are more than 1,000 articles, statistical tables, illustrations and maps, answering between 50,000 and 100,000 questions about Texas.

A large folded sheet between the leaves of the volume carries political and railroad maps on one side and highway map on the other. These maps were made especially for the Texas Almanac and are up to date and accurate.

If one wishes to know where the principal lakes of Texas are

found, how to fly the Texas flag, the depth of the deepest oil well, the amount of oil and gas in Texas reserves, where the McDonald Observatory is to be built, how much is collected from the gasoline tax or the amount of the pay roll of Texas railroads, he will find it in the Texas Almanac.

While many new articles have been included, the chapters of information that have become standard in the Texas Almanac are retained, completely revised and enlarged. There are more than 7,000 names of individuals in the book.

The Akron Disaster

The loss of the huge Navy dirigible "Akron" with seventy-three lives is the most serious disaster since men first began to navigate the air.

Tragedies like this are a part of the price humanity pays for progress. Doubtless there will be a great outcry against further experiments in aerial navigation as a result of the "Akron's" crash.

From 1899 to 1913 Frank Gotch, famous wrestler, won 154 matches and lost but six.

GALL-STONES

If you are past middle age, fat, 'tubby' and—sedentary, you are a likely candidate for gall-stones, and especially if constipated and neglectful of diet, bowels and exercise.

I don't see as many gall-stone cases as I used to—not at all; people are becoming educated.

Not all gall-stones announce themselves by the severe pain of passing through the bile-duct; I once did an autopsy on an 80 year old patient—a woman—who had carried over seventy large stones in the gall-bladder for years, without knowing she had them!

These concretions are caused by long retained bile in the gall-bladder; they form somewhat like sugar forms in the bottom of the syrup-pitcher that is little used. Prevention means—to keep the bile moving; exercise helps to do this.

A plain, nutritious diet, and temperance in eating is another aid. Plenty of green vegetables, the 'leafy' sorts are of use in the diet. Lettuce, spinach, dandelion greens, well-prepared cabbage, colslaw, and such.

I am partial to the coarser breads at least once daily—People have told me sweet milk and eggs make them bilious. I think they are mistaken; the aerm 'biliousness' is so old it has whiskers—like all pious old frauds, it means always something else.

Best remedy for threat of gall-stones, Phosphate of Soda—I means, best family remedy; it is harmless. Should be taken every morning before breakfast, enough to keep the bowels moving comfortably.

The surgery of the gall-bladder is another matter. Your family doctor is your best friend—ask him.

WILLIS BROWNS HOSTS TO FRIENDS TUESDAY

Mr. and Willis Brown entertained friends at their home in the East part of town Tuesday night with four tables of bridge. The Easter motif was carried out in decorations, bridge accessories and refreshments.

The house was attractively decorated with lillies, geraniums and snapdragons in bloom.

Miss Doris Placke won high score. A refreshment plate of chicken salad on lettuce, cream cheese sandwiches, Easter candy favors and coffee was served to the following: Mr. and Mrs. C. I. Powell, Mr. and Mrs. S. R. Jackson, Mr. and Mrs. M. G. Underwood, Mr. and Mrs. Joe Blitch, Miss Juakana Westerman, Miss Doris Placke, Miss Clara Westerman, Miss Zenovia Loving; Lewis Norman, Harlie Neel, Jack Scott and the host and hostess.

MRS. M. D. PASCALL IS CLUB HOSTESS TUESDAY

Mrs. M. D. Paschall entertained members of the Sans Souci bridge club Tuesday night with a Depression Bridge Party. Guests came attired in old dresses that marked the styles of years long past. Talley cards and luncheon sets were made of brown wrapping paper. When the hour for refreshments came, paper sacks containing hard boiled eggs, sandwiches, pickles and cheese were passed to the guests, adding a hint to the depressed air. Later, ice cream and cake were served to members and the following guests: Mesdames Dixon, Cy Elliott, Ed Schaffner Jr., and Miss Sara Chapman.

VISITORS REPORT GOOD LUCK IN FISHING HERE

Mrs. Callie Marshall, Miss Mary Maud Marshall, Miss Irene Hollis and J. W. Baulch, of Clyde, spent the week end with Mr. and Mrs. J. E. Pittman and family here. The group spent one day fishing and reported unusually good luck.

MISSSES, LETA AND MARIE NEEB ENTERTAINED WED.

Misses, Leta and Marie Neeb were hostesses Wednesday afternoon when they entertained friends with an attractive dinner and bridge party. A pink and green color scheme was used in bridge accessories and table appointments to carry out the Spring motif. The prize for high score, won by Mrs. Fred Burgin, was daintily wrapped in pink cellophane and tied with pink ribbon.

The two course dinner served at quartet tables consisted of: pressed chicken, creamed asparagus on toast, vegetable salad, baked potato with cheese, sliced pickles, mints and ice tea. For dessert angle food cake and lime jello topped with whipped cream. Those attending were: Misses, Juakana Westerman, Pauline Carmichael, Leila Mae Bennett, Clarine Barnaby, Margaret Wagner, Mary Massa, Ava Walker, Lucille Burkett, Blix Pittman, Elizabeth Tyson, and Genevieve Atkinson of Santa Anna. Mesdames Edwin Baum Jr., Fred Burgin, Sidney Ratcliff and Bill Bryant.

MRS. LON ANDERSON IS HOSTESS AT CROSS CUT

Mrs. Lon Anderson entertained friends at her home in Cross Cut Monday afternoon with a bridge party. A yellow and green color scheme was used to carry out the Spring motif.

Mrs. W. C. Wilkerson won high score and cut prize went to Ruby Gaines. A 'sucker contest', in which guests competed consuming an all day sucker first, was won by Mrs. Lawrence Biehl.

The guest list included: Mrs. Jack Carl, Mrs. Bailey and Mrs. Lawrence Biehl, of Cross Cut; Mrs. Penny, Seminole, Oklahoma and Mrs. C. H. Wright, Mrs. W. C. Wilkerson, and Mrs. Bob Gaines, of Cross Plains.

Misses, Anna Mae McConathy, Enid and Georgia Gwathmey, attended the show in Coleman Sunday, later visiting Miss Annette Spath.

Vernon Bowers is visiting his parents in Abilene this week.

Study Club Holds Regular Meeting At J. A. Caton Home

Members of the Wednesday Study Club met at the home of Mrs. J. A. Caton Wednesday afternoon in their semi-monthly meeting. The first topic on the program was Hawaii. The Volcano and floral wonderland of world, was discussed by Mrs. Arthur Mitchell. Miss Ethel Manning discussed The Philippines and Guam. The third topic, Alaska and Aleutian Island was explained by Mrs. Walter Wagner.

Members of the club will attend the county federation institute at Putnam next Thursday.

Reports were given on the financial success of the play presented by club-women in the high school auditorium Friday night, to the effect that more than enough money was made to pay the club's pledge to the high school gymnasium in full.

Members of the club asked the Review that the entire public be thanked for the splendid response given their presentation and to say in behalf of the Wednesday Study Club that they were 'indeed grateful'.

JOY CLASS ENTERTAINED AT CHAPMAN HOME

Members of the 'Joy' Sunday school class, of the Baptist Church, were entertained Monday night by Miss Sarah Chapman.

At the beginning of the party current business was transacted. Miss Mildred Billingsly was elected first vice-president to fill the vacancy made by Edward Henkel, who recently moved to Dallas. Miss Rosa Van Lane was named second vice-president and Miss Sarah Chapman reporter.

Having transacted all of the necessary business, the group made candy, popcorn and worked jig saw puzzles for entertainment the remainder of the evening.

Guests were: Misses, Rosa Van Lane, Exa Patterson, Fluvanna; Merle Williams, Leora Gaines, Maxine Jones, Jennie Laura Jackson, Helen Bosworth and Miss Billie Merriman; and Mr. Dorland Cross.

MRS. R. ELLIOTT BRYANT RETURNS FROM HOSPITAL

Mrs. R. Elliott Bryant returned home Monday, from the West Texas Clinic, Ranger, where she was confined to bed more than a week as a result of injuries sustained when she fell from a horse here sometime ago. Mrs. Bryant is reported 'recovering normally' and is expected to be up again soon.

Traffic Cops in the Hayfield?

Every year sees more machinery on your farm—more trucks, more tractors, more pumps, incubators and windmills. A busy farmer has little time for keeping tabs on supplies—much less for going to town to bring them home.

Sinclair has met a crying need for help in this work by installing its new "Call-me-by-post card" service. We supply you free with business reply cards (no stamp required) which list the principal Sinclair petroleum products. All you have to do is write down the number of gallons or pounds opposite the item you need, sign your name and drop the card in the mail. We do the rest.

World's First Typist

Mrs. C. L. Fortier, 79, of Milwaukee, Wis. is the first and oldest stenographer in the world. Her father, C. L. Sholes, was the inventor of the typewriter. She assisted him in his early experiments and has never been without a typewriter since 1866. She took part in the 60th anniversary of her father's invention on March 28. She is still an expert typist.

The Editor's Mail

Following is a letter to Cross Plains friends from Miss Martha Jackson which was received by the Review Wednesday.

Do I like the east. Well, to tell the truth theres not so much difference after all. For every windy day in the West, theres a rainy one in the east; they both soon get on your nerves, so whats the dif?

The people appear to have lots in common. My music instructor comes here from Chicago. When she sits down the piano, she jumps up and down on the bench like she was riding a wild bronc.

Tho the West is wild and rough, the East is, not so tamed. From reading the two daily newspapers here, there has been at least one local car wreck published in each paper. Maybe if they would ride broncs and horses they'd be less expensive. You suggest it to them.

A lady made the remark, the other day, that people in the West must keep their silver in a glass jar to keep it from tarnishing. I told her that was O. K. with them, if they could only get the silver.

As for me, I prefer the west, and here's to it's glory and fame.

Sincerely yours,
Martha Jackson.

HOME TOWN GOSSIP

Continued from page 1

In the mail yesterday came the following suggestion for another name for Cross Plains. The missive read, "If the people of Cross Plains should decide to change the name of our fair city, I see no reason at all why they could not select the name 'Milwaukee, Jr.' Everyone knows that Milwaukee was made famous by light wines and beer."

And George Bennett and George Robertson, two Cross Plains boys who are now among the big shots in El-Centro, California, send this column their sentiments in regard to the renaming of Cross Plains. "Dear Jack!"

"In the last three editions of your paper you have left open for suggestions for changing the name of Cross Plains. Your idea in changing the name is, as we see it, to select a name more suitable for the location. Texans, out here, when asked where they are from have only one answer—Dallas—but, if you pinch down on them they are not from the immediate vicinity of Dallas but somewhere within a radius of two hundred miles of there."

"The name, Cross Plains, instills in the minds of the people that knows Cross Plains as one town that grew from a shack on the banks of Turkey creek to one of the most industrious trade centers of the Great Southwest. Next July the citizens of Cross Plains are gathering on the banks of Turkey creek, just a mere lads throw from where the town first began, FIFTY YEARS AGO, to commemorate its Fiftieth anniversary. If, after fifty years of bearing the one name the town is not widely enough publicized how could the changing of the name be any benefit? We would suggest that you start a campaign for a BIGGER and BETTER CROSS PLAINS. But if the majority wants the good old name changed permit us to suggest SCOTTVILLE."

If Messers Robertson and Bennett cannot think of a better name than 'Scottville', we believe it would be better to just continue with the present designation. Please say no more of this.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! If you, if you mind these simple rules of a famous old doctor:

- 1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.
Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

DR. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative

Says Her Husband Lost 16 Pounds in 4 Weeks

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 2 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at Smith Drug Store or any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

SPEED!

Time counts when you're in pain! Insist on genuine Bayer Aspirin, not only for its safety but for its speed.

The tablet that is stamped Bayer dissolves at once. It is many minutes faster than remedies that are offered in its stead.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

Soon Will Be Gone

Soon the seniors will be gone
 And each, his separate way shall take
 And all with their ambition and energy,
 Will strive his great fortune to make.
 Will they forget those happy senior days,
 Nay, they shall remember each single rule
 And every funny incident that happened
 While they were a senior in school
 If they are gifted or talented
 And in the world play some great part
 Of course they shall always hold dear
 The memory of the school that gave them their start.

When the seniors are gone, will they be forgotten?
 Will their names be buried in the past?
 No, the names and deeds of the seniors of '33
 Shall always be remembered and forever last.

MIDGET CAR VISITS CROSS PLAINS WEDNESDAY

Citizens downtown Tuesday morning had an opportunity to see one of the smallest cars ever to appear on the streets of Cross Plains.
 Bob Singleton, of the Universal Mills, Fort Worth, manufacturers of Gold Chain flour and Red Chain Feeds, was the driver and incidentally

also the builder of this unique car. There are many interesting features about this midget automobile. It is a special built four cylinder motor and the rest of the car was made from discarded parts gathered here and there. It can attain a speed from 50 to 60 miles an hour with ease and

has unusual riding qualities for a small car. The only disadvantage of the Universal speedster is that it only carries one passenger (the girls must walk home). The car was on display at Neeb's Produce Company here Tuesday.

Hayride Compliment To Seniors Weds'dy

Members of the Senior class were feted with a hay ride and Weiner roast Wednesday evening. The group met at the E. I. Vestal home at 3:15 and rode on a hay covered wagon to the mountains five miles North of there. The boys defeated the girls in a baseball game after which weiners were roasted and sandwiches served. Later, games of different kinds were played. Miss Edna Gwat-hmey, class sponsor, acted as chap-eron.

PERSONAL APPEARANCE

Are you becoming negligent about your personal appearance?
 Perhaps you cannot dress as well as as formerly but certainly you can keep your shoes polished, clothes pressed and your shirts and collars clean. It does not require too much effort to keep shaven and more than likely some of your family would see that your clothes are clean and pressed.
 Some men near middle life are pretty careless about shaving and so, even when their clothes are well kept, they look ill-kept.
 Laziness has more to do with this than anything else.
 You say: "If people don't like my looks they can look elsewhere."
 That is not a good reason for your neglect of yourself.
 It is just a weak excuse that you are making.
 The members of your family and your friends would like to see you improve your appearance.
 You would feel better, act better and look upon the world in a different way if you were more careful about your personal appearance.
 You need more personal pride.
