HOME TOWN GOSSIP

Mrs. Arthur Mitchell takes the cellophane crochet needle this week with the cleverest stunt in local society. At a party Tuesday night her guest played at an electric bridge table, which shuffled and dealt cards.

Now if that's not a new wrinkle, I'm old man Hoyle himself.

Here's congratulations this week to W. D. Smith on the fourth anniversary of the Piggly Wiggly Stores here and best wishes for its continued usefulness and prosperity.

This scribbler fully intended to be in Washington this week to give Review readers a country boy's conception of President Roosevelt's inauguration but things just didn't 'pan' out; so they'll have to let E. D. take his seat with the sanction of our presence.

Will somebody please explain to this column why Oakie Lewis, Jr. is so indifferent with his affections toward our very attractive young maidens? He is said to be the 'secret desire' of at least one half of the local fem' soles.

Bill Anderson continues to lead the Cross Plains business parade. If he continues to sell automobiles at the pace he has set, we predict General Motors will be calling him into conference for a few tips.

'Atta boy' Fill, power to you.

Two or three good bits of news have been coming to this department each week for the past several months from all parts of this and nearby counties. The items are mailed into us and the authors apparently forget to attach their signature.

The Review prints no unverified news stories. Please sign your name to contributions. That suits are pretty tough, we don't care for any, thank you.

A thousand pardons for cutting the Gossip short this week, but Chase and Virgil are raising such a big stink in the back about there being no 'wire room' in this week's paper, we are about to believe they mean it. Those guys are like that.

CALLAHAN'S OLDEST CITIZEN PASSES ON

John Boen, one of Callahan county's earliest settlers died at his home near Rowden Tuesday morning, after an illness but a few days. Death resulted from paralysis. Interment was made in the Admiral cemetery Wednesday afternoon.

Mr. Boen is said to have resided in this county longer than any other present resident. He came to Callahan in about 1873. Mr. Boen was the

The couple will make their home at Edgewood, Irving, West Virginia.

Dead Girl's Name On College Honor Roll

When the honor roll at John Tarleton College—Stephenville—was announced last week, the name of Miss Ruth Kaltenbaugh, who died recently at Pioneer, was listed as one of the most studious girls to attend the institution last term. Her record was ranked as one of the most excellent on file there.

Miss Kaltenbaugh died at Pioneer last month after coming home at the close of the school term for a vacation and rest. She was the only child of Mr. and Mrs. Miles Kaltenbaugh.

MARCH 13th WILL BE TRADES DAY HERE

REVIEW WILL ISSUE SPECIAL EDITION TO ADVERTISE OCCASION

Outside Buyers Being Notified And Invited To Be Here For 'Swapping'

Plans are being made to make March 13—second Monday—a big day in Cross Plains. It is regular trades day.

The Review will issue a special trades day edition next week circulating hundreds of extra copies in an endeavor to properly advertise the event. Several Cross Plains merchants have already stated that they expect to have a part in making the March trades day the biggest that has been staged here since the idea was revived several months ago.

"A number of stock buyers are being notified of the occasion and will probably be on hand that day", said G. E. Morgan, local buyer, yesterday.

A special lot for trading has been arranged just South of the city water tower with hitching racks and ample room for stock and vehicles. The possibility of building a water trough for horses on the lot is also being considered. However it has been assured that enough water will be on the ground trades day for everybody's stock.

SOCIAL FUNCTION IS SUCCESS AT PIONEER

Members of the Pioneer Parent Teachers Association announced to the Review early this week that the forty two and bridge party staged in the gymnasium there last week for the purpose of raising money to pay for shrubs recently planted on the school campus, was a financial success.

"We want to thank people of Cross Plains for their attendance and interest in the occasion which marked it with success", said Mrs. Rox Middleton, Monday.

NO JOKE! PORTER J. DAVIS HAS CHICKEN WITH 4 DRUMSTICKS

Person fond of chicken 'drumsticks' should communicate with Porter J. Davis. He may have a new idea as to how to make each fowl double its yield of 'drumsticks.'

He has at his hatchery South of town a four legged chicken, normal in every respect aside from the two extra limbs. The chicken is quite healthy and romps about the brooder energetically.

High School Students Explain Why It Pays To Trade In Cross Plains

The Review futhering its 'Trade at Home' campaign has offered four prizes of \$1.00 each to students of Cross Plains high school for the four best essays written on the subject. Every student in school responded and manuscripts were adjudged by members of the English faculty.

Checks will be awarded the winners in a chapel exercise at high school early next month. The first of the four winners to be published is by Miss Ida Nell Williams, high school freshman. Next week another of these articles will appear. Watch for the series.

Why Does It Pay To Trade At Home?

By Ida Nell Williams. There are many reasons why it is very necessary that we should trade at home. Our merchants are the backbone of our community, therefore, it is very important that these men do not leave. They pay taxes which help to support our schools and churches and finance our community. They make it possible for us to have

the good roads around Cross Plains which are a great aid to the farmers, as well as many other people.

I spend my money in Cross Plains because my father is a business man here, and we are supported by the people who trade here. We would be unable to remain here if people did not trade with us.

We all know that Cross Plains is a good town to live in. Why should not we all cooperate to make it a better one? When one trades out of town, he is helping to make another town better than his own. Have you ever stopped to consider the circulation of a dollar that you spend in your town?

How much does one save by patronizing out-of-town firms? Nothing is saved if one stops to consider the inconvenience and cost of transportation. When you need something look around, and you will most always be able to find the desired article at home.

Give it your honest support, and it will grow to be one of the most progressive little towns in Texas.

SCHAFFNER IS READY TO DRILL FOR SAND HIT 13 YEARS AGO

After 13 years of diligent waiting Ed Schaffner local oil operator, is ready to begin a test, four miles North of Cross Plains, which he declares is 'the best bet he has seen in the crude industry in 40 years'. 1,000 acres have been blocked in the tract and the well will be drilled to an approximate depth of 2,000 feet.

Mr. Schaffner came to Cross Plains 14 years ago intending to stay but a few months—long enough to drill the Vestal well—but has remained since waiting for the day when he could block acreage and drill for a sand that was discovered in the Vestal test, he told a Review reporter.

He said that in drilling the Vestal well a sand was encountered about 1790 feet, showing green oil and gas through a hole full of water. It was not permitted to produce however as promoters of the well were in search of deeper 'stuff'. He kept a cutting of the sand and has examined it with other oil authorities throughout this section.

The general opinion is that the sand is the same as was discovered in the large Cross Cut pool, South of Cross Plains. "It is exactly the same as the Cross Cut sand", said one of the most successful oil operators in Texas, last week.

C. D. Lane, who is interested in the well with Ed Schaffner and E. D. Priest in commenting to the Review Wednesday in regard to the test said, "you can tell your readers that the next big oil excitement in this area will be as a result of discoveries North of town."

Mr. Schaffner has been in the oil business more than 40 years. He has numerous holdings in the vicinity of Cross Plains. He declares that he believes the Vestal well would have produced 400 barrels a day from the sand which was passed up.

T. C. Kelly has returned from Throckmorton where he transacted business several days.

Tom Bryant and Elliott were in Throckmorton Wednesday.

'CITY DADS' REJECT PROPOSITION TO CUT RATE, HIKE MINIMUM

Report City Is Working On Another Plan For Lower Rate In Unverified

Cross Plains citizens' squabble with the Southwest Gas Company over rates is yet unsettled. Just what will be the outcome of the situation, councilmen admit is an enigma to them as well as other consumers here.

A reply to the city's request for cheaper gas was presented 'city fathers' in session Saturday afternoon. The Southwest Gas Company offered to reduce the rate to 50 cents a thousand with the right to raise the charge for the first thousand feet of gas to \$1.50. It is now 75 cents.

Councilmen rejected the proposition stating that in view of the fact that Summer is close at hand it would increase bills of small consumers and lighten only those of a few major users.

A member of the council told the Review Thursday afternoon that apparently 'they were licked' for the time being at least.

The Review learned from another source however that the city officials may be able to work out another plan whereby cheaper gas may be obtained. This report was unverified by city officials however.

It has been estimated that the cost of installing a municipal system here would be approximately \$5,500. The city of Cross Plains is said to have about \$2,000 that might be used for this purpose, aside from their permanent 'sinking fund' which is being kept in tact.

Tommie Holden is the 'Baby's' father. Elizabeth McDermitt is the mother and Helen Grace Gray appears as the big sister, who loses her lover to the charming young 'baby sister.'

Admission charges will be 10, 15 and 25 cents, the proceeds from which will be used toward purchasing sweaters for lettermen of the past season's football team.

Dressy

Five reasons For Going to Church—Theodore Roosevelt.

1. In this actual world, a churchless community, a community where men have abandoned and scoffed at or ignored their religious needs, it is a community on the rapid down grade.
2. Church work and church attendance mean the cultivation of the habit of feeling some responsibility for others.
3. There are enough holidays for most of us. Sundays differ from holidays in the fact that there are fifty two of them every year. Therefore on Sunday go to church.
4. Yes I know all the excuses. I know that one can worship the Creator in a grove of trees, or by a running brook, or in a mans own house as well as in a church. But I know also as a matter of cold fact the average man does not thus worship.
5. He may not hear a good sermon at church. He will hear a sermon by a good man, who with this good wife, is engaged all the week in making hard lives a little easier.

The church going people of the Dressy community are going to attempt to have every one in the Dressy community to attend church at least one time during the Month of March.

The boys and girls have a very good basket ball record this year, the girls having lost four games. The boys three, the boys won the Callahan County Championship over Putnam by a large score. This was four years in succession that Putnam and Cottonwood have played the final game, and our boys have won three of these games. The girls lost to Oplin in the final game. Our girls kept a lead until the last few minutes of the play but were unable to hold it. The girls played a good game but unable to keep up their speed and accuracy since that was the second game they had played in three hours—having won over Union by a score of 45 to 16, which was the largest score in the elimination games and the defeated team scored as few points as any team. M. Coppinger scored 26 points in three quarters. K. Champion scored 14 and A. M. Shirley 5. In the semifinals the highest score in the semifinals. M. Coppinger scored 20 points, and K. Champion 18. In the final game we lost to Oplin by a score of 21 to 30. K. Champion scored 17 points and M. Coppinger 5. M. Coppinger was the high point forward of the tournament, scoring 51 points in less than eight quarters.

CITY FLORAL NURSERY

MAKES WOMEN LOSE FAT

Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180 so started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my 3rd jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932.)

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at Smith Drug Store or any drug store in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

SINCLAIR MINSTRELS...on 35 NBC Stations every Monday evening

...we're riding today with "that fast-steppin' gas"!

They're apt at nicknames in the Sinclair refineries. Sinclair Regular Gasoline has now become "that fast-steppin' gas" to them because it's being refined to a formula developed for speedy getaway and flashy pick-up in the congested traffic of great cities.

Try Sinclair Regular in your worst traffic — and where there is no traffic let the eager surge of power in this fast, light gasoline bring you the joy of a smoothly speeding car on the open highway — plus the added satisfaction that comes from real fuel economy. Ask for Sinclair Regular Gasoline at the nearest Sinclair Service Station — today!

NOTE For best results use either Sinclair Opaline Motor Oil or Sinclair Pennsylvania Motor Oil. These oils have been de-waxed, and freed from petroleum jelly at as low as 60° F. below zero.

BRINGS FORTH THE ENVY OF ALL THE GIRLS

At English she's very good. And in Spanish she's the best. Just ask the Sophomores about her. They'll tell you all the rest. Ask a Freshman who's the best teacher. I know the answer you'll get. If it isn't Mr. Keyes, their sponsor. Then I've lost a bet. He isn't very large but he's smart and he's very very shy. You should call at school sometime and listen to all the teachers and girls sigh.

THE CLASS SPONSORS

By Wilma Jones
 The Seniors have the best Sponsor. All the Seniors know this is true. Miss Gwathmey can plan the keenest parts. There isn't anything she can't do.

She never gives demerits. We kids she never does scold. If I say Miss Gwathmey is best. I'm a senior, excuse me, if I'm too bold.

The Juniors wouldn't give away Mr. Wheeler. Although his mind runs in Channels deep. He does not talk to them very much. But he doesn't let them go to sleep.

He's a marvelous tennis player. Of Cross Plains High, he's the sheik. But he isn't such a daring romeo. For his always so kind and meek.

Miss Jennings is the Sophomore Sponsor. And all the boys adore her auburn curls. And the way she wears clothes to steal men's hearts.

Baby takes big sisters' beau in 'Baby Steps Out.'

The Juniors, Senior, and Sophomores gather in the study hall each morning to take spelling. If more than one word is missed, each word has to be written twenty five times; so everyone, even 'Red' Bingham, can be seen studying now.

The Senior couldn't decide whether Shakespeare, who they are studying, had child or not; until Miss Gwathmey read a quotation from 'McBeth.'

Father becomes a millionaire overnight in 'Baby Steps Out.'

Ernestine Sipes and Helen Gray smile at each other and say 'Hello, Pal,' everytime they meet. We wonder something similar has happened to them such as another girl grabbing Billie Mae for instance.

See your home town pictured before your eyes in 'Baby Steps Out.'

O SENIOR

By Wilma Jones
 O Senior do you long. For the Month of May. When your school days shall be over and you'll go your separate way?

When you'll forget old C.P.H.S. And the class-mates you loved so dear. And the teachers you were so fond of. Will their voices you long to hear.

When you read your memory book. And there is gray hair on your brow. Will you ever think of the senior. And the good times we are having. Now?

When Pauline Payne misses a word in spelling. And Juanita Vestal is late for school. And Miss Gwathmey yawns in English class. Something is contrary to the rule.

When Bruce Spencer flunks a pop-civic exam. And Leota Jones forgets to wear earrings. And Elizabeth McDermott forgets to paint her cheeks. Say, these are certainly unusual things.

When Leota Loving forgets to look dignified. And Tommie Webb to look wise. And Mr. Wheeler forgets to talk of Technocracy. Something is terribly wrong with these guys.

When all these unusual things happen. The cause is only too plain. They have a bad case of of Spring Fever. And no more are we able to explain.

GIRL SHOWS PROFIT IN RAISING CALVES

An average daily gain of more than 3½ pounds during a 67 day feeding period was made by a Hereford calf fed by Clara Nell McDermott, Cross Plains high school student, as part of her supervised practice work under the direction of V. A. Underwood, teacher of vocational agriculture.

A total gain of 240 pounds was made by the calf from an initial weight of 500 pounds to a final weight of 740 pounds during a feeding period of 67 days. Sale of the calf at 5, 4 cents a pound brought \$40.00. Expenses, including cost of calf and feed were \$32.08 leaving a profit of \$7.92.

Clara Nell bought the calf for \$25.00 on December 15, 1932, picking from a lot of several calves. She put the calf on feed December 15 and sold it February 20, 1933. Ground oats, barley, cotton seed, and Sudan hay were fed.

father of Ray Boen, who was formerly connected with the First State and Farmers National banks here.

Surviving are his wife; a daughter, Mrs. Grover Miller, Baird; and Ray Boen, who has been living with his parents for the past several years.

Scores of Cross Plains people attended the funeral. The small Admiral church could not accommodate one-fourth of the crowd that came to pay tribute and last respects to the county's 'senior resident.'

The Senior Receive Their Rings

Many of the rings of the Seniors were to large, and they were returned to the company where they were cut down. They were returned to the Seniors Wednesday morning.

She's a scream!

Noticed The Loss

While wandering in a Florida swamp, Mr. Wheeler saw an alligator snatch a small colored boy from the bank of a canal. Soon he came to a cabin with a number of pickaninies in the yard. He addressed their mother saying, "I hate to tell you, but I just saw an alligator get one of your children over on the canal." The old lady turned back in the door and said to her husband, "Rastus ah done told you all sumpin wuz ketchin our kids."

See Tommie Holden in the interesting role of 'Father' in 'Baby Steps Out.'

Minister: Do you say your prayers every night, Rosalea?
 Rosalea: No some nights I don't want anything.

Tommie W: So Helen fainted on her airplane ride?
 Leonard: Yes, the porter told her he was going to brush her off.

Sock: I didn't bring an excuse for being absent yesterday, because ma was too busy to write one.

Mr. Norman: Then why didn't your dad write one?
 Sock: He's no good making excuses. Ma always catches him.

Howard: What's the best color for a May bride?
 Floyd: Just according to your taste. I prefer a white one myself.

Mr. Wheeler: "As Kipling says, my dear woman, a rag, a bone, and a hank of hair."
 His lady fair: And man, is a jag, a drone, and a tank of air."

Mannish For Sport

Mannish wear is getting the call for sport and in-about wear this spring. Lillian Harvey of Germany, here for screen work, wore this suit with sweater upon her arrival in the United States.

Oakie Lewis, Jr., Orian Williams and Virgil Graves were Cisco visitors Sunday.
