LOCAL SCHOOLS OPEN MONDAY

HOME TOWN GOSSIP

Shine up your shoes boys and slick back your hair. The school marns will begin coming in Saturday night and to get an even break with 'Slim' McNeal you must start early.

That boy is certainly not a bit backward when it comes to making the acquaintances of new teachers.

We have Cy Elliott's word to the effect that when he was seven years old he could pick 500 pounds of cotton a day. Now that the titan topped book-keeper is keeping N.R.A. hours and getting off at three each afternoon, some farmer might secure a good hand by contacting him.

Did you know that there is a town named for Spurlin Freeman, the jovial A&P manager? The place only has one 'jerk-water' store and is called Spurlin, Texas.

And have you seen Mary Massa since she put on glasses? If not, take it from us the goggles give the bank steno a sense of dignity that even surpasses her handsomeness.

Not since the days when men carried sixshooters like pocket knives have local citizens seen men shoot through the top of stores for mere pastime, until Tuesday afternoon when Harlie Neel broke the age-old precedent by firing a 12-gauge shotgun through the ceiling at Higginbothams.

Harlie is said to have become nervous when Ralph Buckingham began telling him of the abundance of doves West of town, and just couldn't wait to get out and after them.

A sight good for pessimistic eyes was enacted down at Cree and Company Wednesday afternoon. 30 men were working in a high gallop. Big pipe as being moved about and loaded on trucks just as snappily as in the days when another oil well in Cross Plains was just a trivial matter.

And speaking of the 'good ol' days', a sight that we sorely miss now, is that of Corrum Beeler standing on the street corner juggling silver dollars by the dozens. Yes sir, Corrum has a knack about jingling those big coins that has never been equaled.

After 24 years in a cotton country, the scribber of this department saw his first bale ginned Wednesday afternoon. Like many other moderns, we had grown to accept the cotton gin merely as a matter of fact and never once realized the miraculous process going on inside those places.

It really sounds ridiculous that a man would live 24 years with cotton gins all about him and never see one running, but have one worse than that on Fred Cutbirth. He is 50 (won't that make him sore?) and never saw a printing press, in operation until two months ago, and he used to peddle prunes in a building adjoining the Baird Star.

CROSS CUT SCHOOLS TO OPEN SEPTEMBER 29th

Cross Cut schools will open September 25, according to an announcement from Superintendent W. T. Hughes to the Review Wednesday morning. Cross Cut's faculty this year will include seven teachers. All elementary and high school grades will be included in the Cross Cut curriculum.

Jack Lacy and John Farr went to Abilene Tuesday to bring the latter's daughter, Mrs. Freda Ernest, home from the West Texas hospital after undergoing an operation. She is able to be up and is reported as improving nicely.

Mrs. George B. Scott was in Putnam Wednesday.

CITY GAS MAINS ARE LIKE SHIP WITHOUT SAIL

STAND IDLE WAITING FOR MAIN LINE TO BE LAID TO CITY LIMITS

Like a ship without a sail, municipal gas mains stand idle awaiting a supply of fuel to be connected into homes of consumers. Virtually all lines have been tested and no more work can be done until a main line is laid into the city limits, the Review was told in an interview with members of the city council Wednesday.

The system proper was completed two weeks ago. City fathers are now marking time pending the laying of a main line to the city gate by Jim Anderson and C. D. Lane, who have contracted to supply gas from a field near Burkett. Anderson and Lane are said to have been delayed because of 'right of way' tie-ups.

When asked if the city gas could be piped into homes without re-piping residences, city councilmen said that it could, with the exception of a few minor changes in several private lines. There had previously been some question as to whether the city's low pressure system would furnish adequate gas through the small pipes with which a number of homes are fitted.

When queried as to what developments had been made in the suit of Southwest Gas Company vs. the City of Cross Plains, aldermen said that their reply to allegations had been filed with the federal district court and that they did not anticipate a hearing at an early date.

LOTIEF OPENS WITH FALL SALE FRIDAY

A storewide sale will open at Lotief's Dry Goods Store, here, Friday morning. The place was closed all day Thursday making preparations and 'marking down' prices, according to an announcement from C. A. Lotief, manager, yesterday.

Mr. Lotief has just recently returned from Saint Louis and Kansas City, where he purchased Fall merchandise for the Cross Plains store. In a statement to the Review Thursday he said: "In Saint Louis and Kansas City, I bought thousands of dollars worth of goods before the recent price advances and consequently will be able to offer in the sale, which opens Friday, some very unusual values".

C. T. Barns, of the Southern Sales and Auction Company, is in Cross Plains assisting Mr. Lotief and his sales force in the promotion of the sale. A double page advertisement for the firm appears on pages four and five of today's Review.

RELIEF GROUP ASKS FARMERS TO USE HOME COTTON PICKERS

The Texas Rehabilitation and Relief Commission has requested all cotton farmers to use local labor in picking their crops, as far as is possible and practical. "Please do not import any labor until you have first asked your local R. F. C. office for help", the commission urged this week.

RELIEF ADMINISTRATOR IS VISITOR IN CROSS PLAINS

Ezra Cook, of Clyde, Administrator of Callahan County Board of Welfare and Employment, was in Cross Plains Thursday afternoon looking after relief work here.

Mr. and Mrs. Ben Pierce were in San Angelo Sunday. They took their daughter, Mrs. Chester Glover there, where she met her husband. Mrs. Glover visited her parents here two weeks.

MRS. MARY C. GRIDER EXPIRES SUDDENLY AT SON'S HOME SATURDAY

Mrs. Mary C. Grider, 80, died shortly before noon Saturday at the home of her son E. Dryder, four miles North of town. Interment was made in the Cross Plains cemetery Sunday afternoon. Funeral services were conducted from the Church of Christ with Dr. C. A. Voyle, Baptist pastor, officiating.

Mrs. Grider arose at her customary hour Saturday morning, ate breakfast and followed her regular routine about the house until about nine o'clock when she went into the bedroom for a brief forenoon nap, which she frequently did.

At 12 o'clock E. Dryder went into the bedroom to call his mother to lunch. She did not respond to his call and an examination revealed that she had been dead only a short time. Physicians stated that death was due to heart failure.

Mrs. Dryder was born in Fayette County, Illinois, July 29, 1853. Her

GINS ARE HUMMING BUSILY AS COTTON MOVING IS BEGUN

Gins throughout the Cross Plains trade territory have been humming busily the past week as cotton began moving with quick tempo. More than 300 bales have been handled through the local yard, according to a check up with I. B. Loving, public weigher, yesterday.

Strict middling cotton was quoted in Cross Plains Thursday morning near eight and eight tenths cents. At present five buyers are here, they are: Porter J. Davis, Mart Adams, Gus Woosenbecker, A. Sneed and Steve Duke.

To date no cotton checks have been received in the Cross Plains trade territory but those familiar with the government cotton plow up program opined to the Review that the drafts would be forthcoming within the next seven days.

The number of bales to be handled in Cross Plains has been estimated by 30 local business men, farmers, ginners and professional men at 2,800 this year.

16 LOCAL BOYS AND GIRLS WILL ATTEND COLLEGE THIS YEAR

At least 16 local boys and girls will enroll in Texas colleges and universities within the next two weeks. Practically all are graduates of the high school here.

Miss Willie Smith will leave next week for Abilene, where she will begin senior work at McMurry College.

Weldon Steel will attend Simmons University at Abilene. Tommie Holden and Misses Juanita and Loreta Vestal will go to A.C.C. at Abilene, and Miss Pauline Payne to McMurry, Abilene.

J. F. Kelly, Jr., will return to Weatherford Junior College, where he will take second year work.

The largest local delegation will probably attend Daniel Baker, at Brownwood. Among those who have

Gaps Made By Graduation Worry Coach As Football Training Begins

Faced with the perplexing problem of filling holes made by graduation, Coach 'Goober' Keyes is putting his Cross Plains high school Buffaloes through two workouts daily in the endeavor to whip the club into conference caliber for September 29, when the herd makes its official debut.

While no definite statement was available from the Cross Plains mentor the past week, indications are that the club will be built about seven lettermen from last year's team. They are: Captain Socrates Walker, 'Bevo' Webb, Jimmie Lusk, Floyd Halbert, John Lackey, James Patterson, and Warren (Hungry) Spencer.

At least seven reserves from last year's squad have manifested no mean ability in practices this week and will no doubt receive serious consideration when the first starting lineup is chosen. Among them are: Joe Smith, a fast, shifty back; Scott Smith, at the pivot position; Gene Blitch, a hard running versatile man; Jay Mayes, possibly the fleetest man on the club and who incidently is a brother of Claude Mayes who made football history here a few years ago. Burl Lusk, husky lineman and a brother of Jimmie Lusk a last year let-

terman and Jimmie Settle, who is taking his football quite seriously, as if he intends to win a place on the team or know the reason why. Others who have shown promise and are attending work-outs are: Harry Carmichael, Oreal Ray, Wilburn Barr, Alton Barr, J. H. Childs, Jack Mason, Albert Chandler and Billy Gray.

J. E. Pierce, who will begin training with the squad Monday afternoon is expected to add much strength to this year's combination. He is a big husky chap from Deer Plains and in all probability will win a regular line position.

Perhaps one of the most serious problems facing Coach Keyes is that of finding a quarterback to replace Leonard Davidson, all conference field general who was lost by graduation. While Keyes has made no official statement as to whom he intends to place at the job, indications point to Jay Mayes. He has been used in preliminary practices as a passer and is being given valuable instruction in handling of the ball.

When the Buffaloes take the field in their first game September 29, fans may see a number of new faces on the purple and gold personnel but one thing looms certain that whatever Keyes sends out it will be a well-trained, hard fighting combination.

17 DAY REVIVAL TO CLOSE SUNDAY NIGHT AT BAPTIST CHURCH

A 17 day revival meeting will close at the Baptist church Sunday night with a baptismal service in the church auditorium.

Services that night will be held in the tabernacle, as has been done throughout the meeting. But the congregation will be dismissed at the close of the regular preaching hour to assemble again in the church auditorium.

Rev. C. A. Voyles, pastor, will have charge of the baptismal service.

"We are pleased with the good results of the meeting and feel that a public expression of our gratitude is due Dr. M. E. Davis and his assistants Miss Opal Lackey and Rev. J. E. Carrol. Thier work has been of unmeasurable benefit to the church", the Review was told by one of the deacons yesterday.

BAPTISTS CALL CISCO MAN TO LOCAL PULPIT

Dr. C. A. Voyles, of Cisco, has assumed the duties of pastor of the Cross Plains Baptist Church. He was elected to the position at a business meeting of the church Sunday.

Dr. Voyles' last pastorate was in Shreveport, Louisiana. He left there sometime ago because of climatic conditions which effected his health and moved to Cisco, where he was engaged in evangelistic work until being called to Cross Plains.

Dr. and Mrs. Voyles moved into the parsonage Tuesday afternoon. They have one son and daughter both will attend Howard Payne College, at Brownwood, this year.

'Uncle' Charlie Neeb and wife spent the day with his bother, 'Uncle' Bill Neeb and wife Monday, honoring them on their 58th wedding anniversary.

PROSPECTS ARE BRIGHT FOR SUCCESSFUL TERM; ENROLLMENT IS MORE

Cross Plains schools will open with a program in the high school auditorium Monday morning at nine o'clock. Superintendent Nat Williams was unable to announce the opening program to the Review yesterday at noon but assured that an interesting speaker would be on hand to address the gathering and urged that parents and patrons of the school attend the opening exercises.

As a part of the program Monday morning teachers and parents will be introduced and the year's work outlined by the Superintendent and Principal Lewis Norman.

An increase in the scholastic enrollment for this year has been announced by Superintendent Williams. 674 are expected to matriculate.

The faculty this year will be composed of: high school; Nat Williams, superintendent; Lewis C. Norman, principal; Garland Keyes, history and physical education; W. V. Wheeler, science and business administration; Miss Enid Gwathmey, english; V. A. Underwood, vocational agriculture and Miss Louise Nelson, high school spanish and grammar school english. The grammar school faculty is composed of Miss Anna Mae McConathy, principle; (intermediate department) W. E. Lusk, Mrs. J. E. Pittman, Mrs. M. G. Underwood; (primary department) Miss Thelma Ruth Clarkson, Miss Jimmie Lou Gwathmey and Miss Ethel Manning.

100 PATRONS ATTEND FIRST P.T.A. MEETING AT PIONEER FRIDAY

Patrons of Pioneer School district were well represented at the school building Friday night, when the Executive Committee of the Parent Teachers Association held open house for teachers. More than a 100 patrons called. The receiving line composed of the faculty and executive committee was as follows: Superintendent, Ira Davenport, L. C. Cash, Earl Campbell, Mrs. Owens, Gus Snodgrass, Miss Corinene Gray, Charles Rutherford, Lucille Westerman, Mrs. Ira Davenport, Laverne Scott, Mrs. Ada Alexander, Mrs. Ross Newton, Mrs. F. B. Joyce, Mrs. Jackson, Brooks, Mrs. Rox Middleton, Mrs. L. C. Cash, Mrs. Cora Guest, Mrs. W. B. Gunn, Mrs. W. E. Browning, Mrs. A. W. Kemper, Mrs. Wright and Mrs. A. F. Harris.

The subject, what makes a Successful P.T.A. was discussed from the schools view point by Supt. Davenport, and the parents view point by Mrs. W. B. Gunn, president Eastland county council of Parents and Teachers. Two piano numbers were given by Mrs. Ross Newton.

Punch and wafers were served during the social hour.

PROJECT STUDIED BY PIONEER P. T. A.

Twenty six members attended the first business meeting of the Pioneer parent teachers association Tuesday afternoon.

A discussion was held on what the project would be for the coming year. Morter Singers were organized under the direction of Mrs. A. B. Harris. Mrs. Lucille Westerman's room won the picture given for the largest percent of mothers present.

Mr. and Mrs. J. C. Garrett were in Loraine Sunday, where they visited their daughter Mrs. W. T. Rone, who has been quite ill for several months. They report her condition greatly improved.

PROMINENT DRESSY COUPLE WEDS HERE SATURDAY

Frank Ferrell and Miss Loraine Johnson, both of the Dressy community, were united in marriage at the Cross Plains Methodist parsonage Saturday night. The bride is the daughter of Mr. and Mrs. Noah Johnson and the groom is the son of Mr. and Mrs. J. L. Ferrell, both pioneer families in this section. The couple will reside at Dressy.

A. T. CROCKETT AND MISS RUBY RONE ARE WED HERE

A. T. Crockett of San Saba and Miss Ruby Rone of Dressy were married on last Wednesday night at the home of Elder J. M. Harlow, the latter performing the ceremony. The bride is a daughter of J. H. Rone and the groom a brother of Ed Crockett.

GOVERNMENT ANNOUNCES 1920 CENSUS FOR CALLAHAN COUNTY

The Government census has announced the 1920 population of Callahan county to be 1,129 less than

1910, due largely to the discovery of oil in adjacent counties. The federal report says Baird has a population of 1,902; Cross Plains 700 and Clyde 610.

REV. RICHBURG CLOSES REVIVAL MEETING HERE

The meeting at the Baptist church conducted by the Rev. Richburg of Abilene, came to a close on Sunday night. Large crowds attended the services, and a number were added to the church. Straight Baptist preaching was done by Rev. Richburg, and as such was well appreciated by Baptists and others who like to see a man preach what he believes.

ALBERT ROBBINS FAMILY LEAVES FOR CALIFORNIA

Albert Robbins and family left on Friday for California, Albert sold his home place in Cross Plains to his sister, Mrs. Willie Stewart. He is going to California to help take care of the big cotton crop reported in that State.

UNCLE CHARLIE McDERMITT IS IN DALLAS HOSPITAL

'Uncle' Charlie McDermitt is in a Dallas hospital, where he is being treated for a kidney ailment with which he has been seriously afflicted for several months. He was moved from a Coleman hospital to Dallas last week.

Reports late Wednesday were to the effect that Mr. McDermitt had shown no improvement and that his heart is also weak.

Mr. and Mrs. W. A. Beavers and children, Miss Ava Walker and Virgil Graves visited friends in Eastland Sunday.

Card of Thanks

I take this means of thanking friends for their many kindnesses during the recent bereavement caused by the death of my beloved mother, Mrs. T. A. Arledge. Your friendliness shall always be one of my most pleasant memories.

Mrs. P. G. Hirs.

Mr. and Mrs. V. A. Underwood and Mr. and Mrs. W. B. Baldwin, and daughter, Johnye Frances, visited in Fort Worth a few days the first of the week.

Miss Fanora Neeb visited her cousin, Miss Patsy Neeb, in Fort Worth over the week end.

W. C. Wilkerson left Tuesday for Dennison where he will go through the clinic in the MK&T hospital.

Thirteen football games are on the schedule for the 1933 season in the State Fair of Texas stadium. These games will all be played during the 16 day exposition. Among the scheduled games are nine interscholastic contests and four intercollegiate games.

ON TEXAS FARMS

Using extreme care in summer following his wheat land in a demonstration with the county agent, T. M. Parnley of Hartley county had the only wheat in his community to survive drought and winds. With no other vegetation for miles around the half starved jack rabbits were about to destroy the crop when the damage was checked by distributing poisoned grain. The yield was 5 bushels per acre.

Six Comanche county 4-H club boys brought 7 hogs to the poultry packing plant in Comanche in mid-June where they learned the "A and M. Way" of butchering and curing. A show of hams and bacons is to be held when the meat comes out of the cure. Planning to sell the meat, the boys have now decided that it's too good to sell.

The Hopkins County Home Demonstration Club Market opened late in May in Sulphur Springs with 19 farm women selling products of home manufacture. Building and store equipment were furnished by local merchants.

Ten community canning units each with three steam pressure canners and a sealer are operating on a toll basis in Red River county following demonstrations in canning by Extension Service workers.

One fifth of the entire state of Texas 30,000,000 acres of land, is held under oil leases. Oil taken from this state since its discovery has brought in more than four billions of dollars.

The All-World Turkey Show which will be one of the features of the 1933 Poultry Show at the State Fair of Texas, will bring many prize winning gobblers from the four corners of the world, according to advance information received here by Judge J. J. Eckford, director in charge of the department.

Three new shows and the world's largest portable ride are being brought to the midway at the 1933 State Fair of Texas by the Beckman and Gerety Shows. The new ride—"the twister" weighs more than fifty tons, and is the only one on tour. Two of the new shows are now showing at the world's fair in Chicago.

Not A Gold Mine But A Certain Profit

Most every man with money is practically every day submitted propositions that appear to be certain money makers. But scarcely any, available to local investors cope with an opportunity that is constantly knocking at Cross Plains' door.

There is a large demand for furnished apartments here. Almost every day the Review is

consulted by prospective renters who are desirous of finding place, where they can cook and sleep. Few of the tenants expect expensive luxuries. Apparently they are only desirous of locating living quarters which are entirely private.

Two or three duplex apartment houses constructed in Cross Plains would pay handsome dividends. We chance to say that they would be rented on an average of 11 month out of every year, year in and year out.

Its time to get into this field if you are interested, before labor and materials advance again. The opportunity will not continue to knock, someone will take advantage of it. Why not you?

Hail! The Opening Of School

Familiar trails, deserted through the Summer, will be beaten anew Monday morning when hundreds of boys and girls wend their way to the local school buildings for the beginning of another term.

The opening of school always brings thrills and sadness, and to the youth of America is a red letter day. Hearts beat a little faster and community activities begin to hum.

Each year when the old iron bell tolls on the first morning of school, we who have finished those joyful, hilarious days, witness an inner pang, and wish that we were kids again.

To every student, the faculty and board of trustees the Review offers best wishes and 'bon voyage' for the ensuing school-year. May it be happy and successful.

A State Sales Tax Is Ridiculous

When the legislature is convened in special session this Fall—and those close to the Governor declare it will be—the sales tax issue is expected to be presented again. Supporters of the bill have already begun the fight to assure its passage.

Should the sales tax be imposed upon Texas merchants it would practically double the huge burden, under which they are already staggering. Business at present is at a historic low ebb and any additional tax placed upon merchants—and finally, of course, the consumer—can have no stimulatory effect upon buying.

The very most that can be said for the sales tax is that it will not hurt. No one is bold enough to contend that it will help. It is popular with the public, we admit; when times are stressful to pass the burden to storekeepers and business men. In every community when there are needy families to be taken care of, the first appeal is to these men; no branch of charity overlooks them; civic enterprises demand their financial support and already their taxes are higher than on most other types of

property. There was once an old saying, "Don't ride a good horse to death". The old adage is simple but carries a true economic principle and today could certainly be applied to Texas merchants in regard to the proposed sales tax.

Mississippi a state which has the sales tax, is perhaps in worse condition than any of its adjoining neighbors who do not have it. A copy of the Hattisburg, Mississippi, daily American recently advertised eleven pages of property that was to be sold for taxes. If sales tax is a good thing, why hasn't it helped Mississippi? No Texas county has sold for taxes this much property in the last fifteen years at least.

Our Declaration of Independence reads, "All men are created equal and endowed by their creator with certain inalienable rights. Among these are life, liberty and pursuit of happiness".

The old document might be—and for years has been—interpreted to mean, the ownership of property unmolested, protected by the government, where every man may plant and sow as he pleases, and none molest or make afraid.

Now is it just and right that our state government tax every article that her citizens purchase and then sell their property because they can not pay more taxes? Certainly not.

It is high time that our official spenders at Austin reduce their expenses to meet the in-

"PLEURISY"

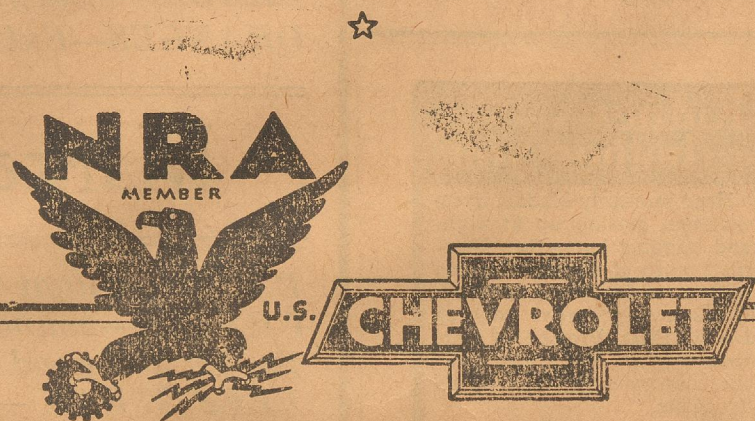

Here is a disease of the winter months, Pleurisy, usually resulting from exposure to violent cold. It should not be mistaken for pneumonia, so, you better have the doctor and be sure you are right.

Pleurisy announces itself by PAIN. Not necessarily much fever, unless it begins with a pronounced chill. Remember,—pleurisy is outside of the lung; pneumonia inside. The pleura is a tough, smooth membrane that lines the chest-wall—and also covers the body of the lung. If the membrane is normal, it will glide over its neighboring surfaces without sensation; inflamed, it at once becomes very painful. A cough, if any, is excruciating—it hurts to take a full breath—hurts at the point inflamed. If the spot remains sore long enough, adhesions may form, which starts a very chronic condition, hard to cure.

I have many times taken out from three to twelve pints of dropsical fluid from an old case of neglected pleurisy—"pleurisy with effusion." It should never be permitted to get that far.

Your duty when attacked is, to go to bed, or at least stay in the house where the air is dry and warm. Get up a sweat as quickly as possible. See that the bowel is 'open'. Get the blood to the surface and keep it there—it is possible only in warm atmosphere. Pneumonia may be mistaken for pleurisy—a dangerous mistake. See your doctor, and take no chances. Simple pleurisy is not dangerous if promptly attended to; pneumonia may be deadly if neglected.

The real name of pleurisy is "pleuritis." But I am inclined to use plain, understandable language for my readers. I hope this short sketch concerning a common complaint, may do good somewhere.

"Proud and glad to do our part"

WITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program over three years ago!

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

CHEVROLET

come. Abolish, cancel and strike out with expectations, until this can be done. Texas has about all of the taxes its citizens can bear and the addition of more may bankrupt so many that the number now paying will be greatly reduced. If our legislators are as wise as they should be and know the abilities of their constituents in regard to paying additional taxes, little time will be spent in discussing this absurdity in the special session.

BUFFALOES TO OPEN CONFERENCE PLAY AT CLYDE SEPTEMBER 29

Cross Plains high school Buffaloes open their conference play at Clyde September 29, when they meet the Bulldogs in the first official contest. The following week the herd takes on Pioneer, a new addition to the conference in a game for which the meeting place has not yet been determined.

October the sixth the Keyes athletes meet Moran here. The next week end they will entertain Baird high school here. October 27 will send the thundering herd to Caddo. The following week they go to Putnam.

November 11, Albany will come here. The next two weeks are open dates. The last game of the season will be with Rising Star on the Wildcats grid.

CROSS CUT

By Norris Chambers

School had better start pretty soon and allow this column to merge with "The Tiger" or we're telling you that we shall start to write something without anything to write. (We've been doing that all time, but things could be worse.) But we are informed that the school is to begin on either the eighteenth or the twenty-fifth of this month. The late start is supposed to eliminate the necessity of running out for cotton picking. But can it work?

Mrs. Luke Clark is ill, but it is reported that she is improving. She has erysipelas.

Darwin Anderson is still home from college, having a low-toed time.

The revival at Cross Plains has been pretty well attended by Cross Cut citizens.

Several Cross Cut High School pupils are attending school at Pioneer. We hope they have some fun over there.

Prizes for the best costumes will be awarded by the State Fair of Texas for its Carnival Night to be held Friday, Oct. 20, it has been announced here by Otto Herold, president of the exposition. Prizes will be awarded for various classes of costumes, Carnival night at the 1932 State Fair was one of the big events of the season.

BURKETT

Thinks She Is World's Largest Cow

"Lone Star" failed to diet... and as a result she was awarded a trip to the World Fair at Chicago. "Lone Star" claims the title of the "World's Largest Cow". She is owned by Miss Jeanne of San Antonio Tex., weighs 2800 pounds, stands 73 inches high and measures 15 feet, nose to end of tail. Shown above she is ridden by Miss Frances Green as she features the animal exhibition at the fair. Her owner offers a \$500 reward for proof of a cow larger than "Lone Star".
