## HOME TOWN GOSSIP

After but a short breathing pause, Cross Plains is again humming with election talk. This time it is regarding the balloting to be held August 26, concerning the legalizing of 3.2 percent beer in the Lone Star State.

And with President Roosevelt intimating that he may ask for a nationwide repeal of the complete prohibition statutes, it looks as if a time old feud will be opened anew.

\*\*\*\*\*

This prohibition question has severed more friendships than a scandalous tongue at a sewing circle. As the issue gets hot this Summer, let us respect each others' point of view and bury our malice at the polls.

\*\*\*\*\*

Dave Smith got by a long time with his offer to give \$10. worth of groceries to the first local couple to wed in a Cross Plains church, in a public ceremony, but Friday he was called upon to pay off. A Pioneer couple complied with all of the specifications of Mr. Smith's offer and received a coupon book for that amount with his compliments and congratulations.

\*\*\*\*\*

Yes sub, he paid off in less than a minute and didn't blink an eye. He just smiled and said, "May all your troubles be little ones".

\*\*\*\*\*

Apparently we were wrong last week when we stated that a local couple was to be wed Monday. However we believe that they just postponed the date to spite this department. Nevertheless, we had the information from a reliable source.

\*\*\*\*\*

Did you know that the city of Cross Plains is made up of six distinct subdivisions? They are called additions and are named; Central, Haley, Steele, Mathis, Fairview and Old Town.

There are 10 designated avenues here, named with letters from A to J inclusive. Streets run from First to Fourteenth. And in the Old Town addition there are five streets designated differently; they are called, Coffman, Comal, Pecan, Fisher and Farmer.

\*\*\*\*\*

Seen at a glance: Harve Keller exhibiting a four pound catfish to citizens in front of the bank Tuesday. 29 cars on the street and not a single "model T". Tom Bryant treating the crowd; and horned in, Phil Anderson selling another new one.

\*\*\*\*\*

Lem Hensley, former Review editor and now publisher of the Western Enterprise, at Anson, makes the following satirical comment concerning us in his paper last week.

\*\*\*\*\*

Lem is a good scout and puts out a paper that the citizenship of Jones County should appreciate, but we beg to correct his following comment.

## CROSS PLAINS GETS 3.2 IN NEW FORM

### ITS RAIN THIS TIME AND IS GREETED BY UNANIMOUS APPROVAL

#### Grain Crops Are Benefitted At Least 25 Percent Say Informed Persons

3.2—a significant figure over the nation today—hit the Cross Plains trade territory in a new form the past week and was greeted by unanimous approval. It was rain.

A general rain lasting more than 24 hours and netting three and two tenths inches of moisture fell over the Cross Plains trade territory over last week end. Light showers descended Friday, which were sufficient, farmers declare, to make the moisture here meet. Then early Sunday morning another precipitation began, which lasted through the day and into the following morning.

#### Streams Swollen

Practically all streams through this locality were swollen the first of the week, indicating that the rain was general throughout this section. A measuring apparatus, on a vacant lot in the city of Cross Plains, gauged the moisture at three and two tenths inches.

Informed persons told the Review yesterday that although grain was already greatly handicapped by dry weather, the recent rain would greatly revive all crops and doubtless result in a 25 percent increase in yields.

#### Storm Does Damage

With the moisture Friday night came one of the worst electrical storms seen in this locality in recent years. A check up with local people revealed that at least 100 took refuge in cellars.

At no less than seven places small damages are reported by property owners. In Cross Plains, the home of Mr. and Mrs. Lee Thompson was struck by a small flash of lightning impairing electrical service. The high school lights were thrown on and it was necessary to disconnect wires to break the circuit. Other similar incidents were reported to the Review by five or six local property owners.

## LOCAL BOY WINS 2ND IN AGRICULTURE TALK

W. N. Long, Sophomore in Cross Plains high school, took second place in a F. F. A. speaking contest at Abilene, Saturday night. First place went to the Breckenridge entry.

## MAPS DRAWN, DATA COMPLETE, TO ASK R. F. C. AID AT ONCE

### Councilmen Say They May Seek Local Finance If Federal Money Not Available

Possibilities of the construction of a municipally owned gas distributing system in Cross Plains are 'in the mill'. City officials were unable to say definitely Thursday at noon, whether or not the plant would become a reality.

Maps of the proposed system have been drawn and an engineer's report made. Detailed applications are now being filled in and will be submitted to the Public Works branch of the Reconstruction Finance Corporation within the next few days, the Review was told by an authoritative source Thursday morning.

In the event that federal assistance is not available, councilmen have intimated that local monies may be solicited to finance the project.

City Clerk S. M. Buatt—recently appointed Receiver—had no prediction to make Thursday when asked by a representative of the Review, what his opinion was regarding the city's possibilities of installing the impending system.

Idea Number 2 For Summer Picnic

By Jack Scott

It will take many successful ideas and an entire community's co-operation to put Cross Plains' golden jubilee picnic over this year, in a fashion that it is due. This is the second of a series of suggestory editorials published by the Review, with the hope that some of the ideas set forth through these columns may be beneficial in making this Summer's celebration a true symbol of progress and development that this section has taken, since those trail blazing pioneers assembled on the banks of Turkey Creek for that first Cross Plains picnic, exactly 50 years ago.

The theme of our picnic this Summer will no doubt be 'homecoming'. All former residents of this trade territory should be invited back and visit again with friends of yesteryear.

There is no apparent reason why each of our four churches could not enter into the scheme of the thing and ask all of their non-resident members to return to the home for this great golden jubilee get-together. The expense of mailing postal cards could be borne by the picnic finance committee, which will be called upon to secure money to promote the event.

Each business could very easily take a part in the 'homecoming and reunion' idea. All former employees could be invited back for only a small cost to each of our business concerns.

If the picnic is more than a one day affair—and it should be—we should truly exemplify the homecoming idea finding homes for all former residents, who return for the festivities.

The Review is waiting anxiously to see what business concern, church or individual will be first to fall in line with these suggestions and carry them out to the advantage of Cross Plains' golden jubilee picnic.

Another suggestion next week.

NEW YORK

Crickets as pets is one of the new things in New York. A man in Maine has developed quite a mail order business selling the creatures to New Yorkers.

Skool, a thin, crisp, tasty bread which goes well with beer is as much in demand in New York as pretzels.

Shoe stores here report the demand for reversible shoes, that is, shoes which can be worn on either foot. Wonder why?

It is estimated that at least a hundred persons here make a living by examining clothes in smart shop windows and sketching those which can be copied.

Toy and game shops report that business is excellent. Games are wanted where the whole family can play, it is said.

In certain New York shops you can buy what are described as speedometer clocks, that is, clocks without hands which operate like a speedometer.

Looking Back Down Memory's Lane From The Review Files Of 6 Years Ago Today

\$175,000 COURT HOUSE BOND WILL BE VOTED

Editor Butler at Clyde, says that he would like to see a new court house at Baird, but believes that \$17,000 is too much. He adds that every expression he has heard has been of the same opinion. Well, we have similar expressions here, however, we have heard a number state that they are for the proposed bond issue.

But from the general consensus of opinion, it appears that if the request had been for a \$100,000 issue, it would have had much less opposition.

BASEBALL IS POPULAR PASTIME IN CROSS PLAINS

The Cross Plains Tigers engaged Putnam Sunday and defeated the Spudders by a score of 16 to 12. A large number of fans 'rooted for the Tigers and they got a big kick out of the game.

The Tigers are going strong. At Cross Cut the Red Sox beat the fast Brownwood Army team in a fast game 13 to 2. A big crowd saw the game and the Red Sox made good, making a race track out of the ball park.

Another interesting game was staged between Cottonwood and the Amador team. The score indicates a good game. The final count was 5 to 3 in favor of Cottonwood, Jim Strickland, of Clyde tossed the ball for Amador.

This section has several star players who will likely go to some league next year if they so desire.

TEACHERS REELECTED FOR NEXT SCHOOL TERM

Most of the school faculty for 19-27-28 term has been elected, as follows:

DALLAS FIRM PAYS PLAINS' BOND PREMIUM

The City paying bonds were sold by the City Council Tuesday evening, to Geo. L. Simpson & Co. of Dallas for 1.02, which means a nice premium.

The same bonding house purchased the City water bonds at a like figure two years ago. Cross Plains bonds are considered good, evidently by bond buyers.

"For thirty years I had constipation. Souring food from stomach choked me. Since taking Adlerika I am a new person. Constipation is a thing of the past."—Alice Horns. Sims Drug Company.

HOW SHE LOST 29 POUNDS IN 3 MONTHS

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and dieted some and lost 29 pounds in 3 months. I feel so much better and intend to keep on taking the Salts as I was almost 50 pounds overweight." Mrs. Thelma Gravely, Roseville, Calif. (Jan. 11, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at Smith Drug Store or any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

The Family DOCTOR by JOHN JOSEPH GAINES, M.D. YOUR PHYSICIAN "Doctor, what's the matter with me?" "Can you cure it?" These two questions make the "horns" of the dilemma in every case treated or applying for treatment. Both questions are of the highest importance for the doctor and patient. A doctor may know exactly what the trouble is—he may be the best of diagnosticians—yet he may be sadly deficient in his knowledge of the best remedies for the disease; so broad and deep is the science of medicine! I believe there are hundreds—thousands of patients treated and cured—when the diagnosis was absolutely a mistaken one. How? Well, the skillful doctor treated the important SYMPTOMS. The best doctor strives to be equal to the answer to both of the questions at the head of this letter; happy the physician that can, truthfully answer both. Suppose the doctor cannot accurately diagnose the case—yet believes he has done so; I'd trust that doctor anywhere. Why? Just because he knows what remedy to apply for the symptoms. I would be perfectly willing for a doctor to treat me who knows well the action of the medicine he uses; he knows the cause that will bring about the effect. A good physiologist is a good doctor; the man who knows healthy life is quick to recognize any departure from it. Physiology is the science of life. I am not so devilish particular about a technical diagnosis; I do not care how many red cells a man has, just so I know he is anaemic. Now laugh, if you want to!

### SCRANTON

By Lessie Brown

Greetings to the Cross Plains Review readers.

We had 3 measured inches of rain here last Sunday which will be beneficial in crop growing. June planted cotton may be as good as last year when some of it produced almost a bale per acre.

Farmers seem to have more confidence than was manifested a year ago. A disposition to help themselves is more evident this year.

Farmers are straightening up faces, feelings and fences and are forging forward with faith in the future.

There is still a little money left in rural districts and was evidenced here recently when our people paid nearly \$50 to see "Ten Nights In The Bar Room", presented by our high school graduating class.

This class consisted of the following eleven persons: O. C. Brown, Hadassa Boland, Howard Jackson Gordan Abbott, Elsie Deal, Lucille Stansell, Willie G. Compton, Cecil McBeth, Clifton Barron, Pauline and Henry Pittman. It was said of this class that none of them used tobacco or booze. The baccalaureate sermon was preached by the Rev. Graves Darby of Cross Plains. Rev. C. G. Smith of Cisco addressed the graduating class and Mr. J. D. Pittman, President of our school board presented the diplomas.

Prof. Joe Burman and wife of Simmons University were week end visitors in the home of W. E. Faries.

The Burnams were accompanied to Scranton by Rev. E. H. Scott of Abilene who filled his regular appointment as pastor of the Scranton Baptist church.

R. E. Cozart of Scranton is the new Watkins salesman for the western half of Eastland county. We commend him to the citizenship of his district.

Recent visitors to our community whom we now report are as follows: Mrs. Hoyt Brown and daughter, Loneta of Leander, Texas; Mr. and Mrs. Granville Black of Austin; Mr. and Mrs. Chester Brown and Mrs. R. S. Walker of Winchell, Texas; Miss Christine Cunningham of Cross Plains, Mrs. Key of San Antonio; Mr. R. C. Balduree and family have moved to the farm of Paul Mitchell.

Mrs. W. N. Black and family visited her Uncle Jim Brown at Sabanno last Saturday. Mr. Brown has been very ill.

Jumping in flat-soled shoes in an exhibition in New York the other night, George Spitz, New York University's world record holding high jumper, cleared the bar at six feet, eight inches believed to be a world record for the high jump without spiked shoes.

### AFTER 40 bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" is a doctor's prescription for the bowels. Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot gripe; will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.

Refreshments were served to members, Miss Brent and one visitor Mrs. H. B. Edington.

### Cross Cut H. D. Club Meets In Newton Home

Cross Cut Home Demonstration Club met at the home of Mrs. Lewis Newton Friday afternoon, with 19 members in attendance. There were two visitors; Mrs. Presley Atkinson and Mrs. Smith.

After a brief business session, President Mrs. Bill Wright acknowledged Miss Malone, who gave a demonstration on "Keeping the Home in Step".

Members of the club expressed themselves as being especially proud of their wardrobe demonstrator, Miss Emma Newton, who recently took second place at the clothing contest and was awarded a set of kitchen cutlery. Miss Newton has been an active member of the club since its organization. Recently she has built a new clothes closet which has won the commendation of all who have seen it.

Next meeting of the club will be held May 26 at the home of Mrs. J. R. and Miss Thelma Todd. "Every member who owns a car is requested to borrow a horse and saddle and be there in riding equipment", said a member of the organization Tuesday.

SENIORS TAKE PARTING HAND

We seniors as friends in bonds of love, Our hearts in sweetest union join, Our friendship's like a drawing band, Yef we must take the parting hand How the sweet hours have passed away, Since we have met and made our way, How loath we are to leave the place, where the present "Juniors" show their smiling face, Could we but stay with friends so kind, How it would cheer our drooping mind, But duty makes us understand, That we must take the parting hand.

The Senior Sponsor

To say goodbye to loved ones is one of the worst things of life. To say goodbye is hard for the Seniors to say especially to Miss Gwathmey, their sponsor, who has been ever by their side in all they under took to do. She helped whenever she could in their studies, parties, and all class activities. When the class went on picnics she was always ready to take part in all the fun, pranks, and jokes. We dread the day when she will hand us our report cards and we know that never again will we hear her tell us we must get quiet or Mr. Williams will hear us. All that there is left for us to say is that the class who gets her for a sponsor next year will be lucky.

The Junior Sponsor

Mr. Buck Wheeler was appointed at the first of this school, as the sponsor of the Junior class. He began the year with a very cheerful smile

Get Up Nights? Make This 25c Test

Use this easy bladder physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights, BU-KETS, the bladder physic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better, after this cleansing and you get your regular sleep. Sold By Smith Drug Store.

—Every morning we were greeted with a smile. He was never impatient even when Moreland was wisecracking. On every picnic or party he was just as one of us. He was in on every game and joke. When our funds ran short, in all cases, Mr Wheeler was near to lend a helping hand. We, the Junior class of 33, thus conclude that we have had the best sponsor in school and we thank you Mr. Wheeler for everything you have done for us.

The Sophomore Sponsor

Miss Jennings, the Sophomore sponsor, is leaving old Cross Plains high after being here for five years. The students all regret her leaving, that is, all but those who are going to flunk Spanish this year. Miss Jennings has been a really good sponsor as everyone will tell you. She has been ready for everthing the Sophomore suggested. Evidently someone will Miss Senorita Jennings more than the students and if you will guess real hard, you may decide that somebody is the same somebody that Miss Jennings has been dreamin' about all these years. Bon Voyage, Senorita! Happy Landings in Texas University!

Freshmen Sponsor

The Freshmen think their sponsor is the best out. He may be little and he may be shy, but you should come to school and hear all the girls and teachers sigh. We are hoping he will be the Sophomore sponsor next year because this year he said he was only a freshman with us and we think he should also be promoted with us. It is hard to express in words what we think of 'Goober' Keyes.

# HOME TOWN GOSSIP

Continued from page 1

Only three of the errors pointed out by the Anson pencil pusher are in reality breaches of typography. We have his markings on file in the office and will take up the matter with him in detail at our next meeting.

Jack Scott, young editor of the Cross Plains Review, pulled a boner in his front page column recently, when he offered to undergo certain punishment if any one could find as many as five errors in typography in the issue of the paper in which his statement occurred. Editors cannot afford to let him get by with a proposition of that kind. The Enterprise has so darn many "busts" that it could not afford to let a contemporary put out a paper with only five errors. Hence, the proprietor of this column took Jack's column and marked seven or eight errors or what he terms errors in spelling, punctuation, or division of words, and sent it to Jack, and is holding the other forty-seven columns for future use. Jack puts out a good looking paper, with a daily front page make-up, with lots of live reading matter in it. Jack was honored Saturday by being elected vice-president of the Heart of Texas press association at Ballinger. However, The Dallas News, which is considered the best edited paper and the most nearly perfect mechanically in Texas or in the Southwest, often has many typographical errors. Country weeklies find some consolation in these occasional errors in such an example of high class journalism.

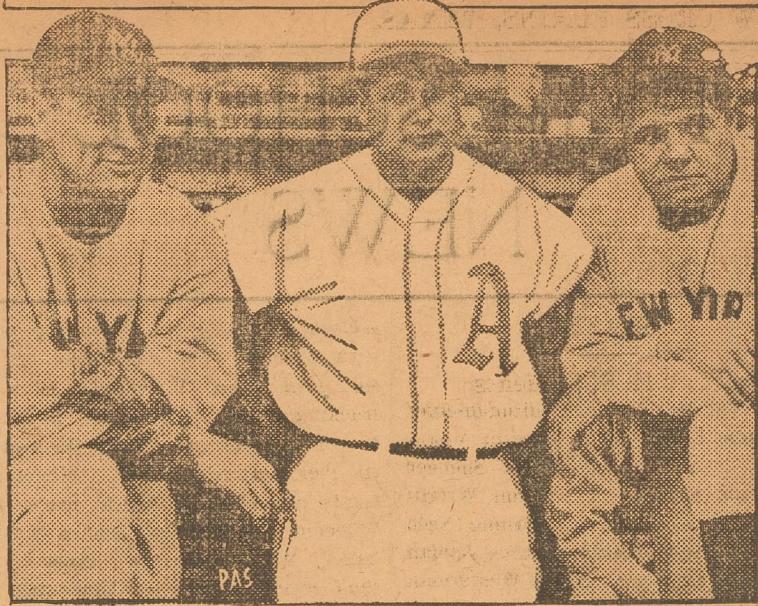

Mr. and Mrs. George Goodman of Eden, visited relatives here during the week end.

Mrs. Edwin Baum Sr. and Mrs. Edwin Baum Jr., visited in Brownwood Wednesday.

Vernon Bowers visited in Abilene over the week end.

Here is an exceptional picture of three of baseball's mightiest sluggers, Lou Gehrig, Jimmy Foxx and Babe Ruth, the former and latter of the Yankees, and Foxx of the Athletics. Gehrig is always a contender for slugging honors; Foxx led the American league with 58 home runs in '32, while Ruth's 60 home runs still stands as the record in any one season.

## The Editor's Mail

Mr. Jack Scott, Cross Plains, Texas. Dear Mr. Scott:

In recent weeks I have received many letters from the people of my district and from other sections of the State. Most of these come in regard to activities of paid lobbyists of this State. These lobbyists were here before I reached Austin, and are still here. Most of these men are smart, highly educated, intelligent and well trained men. Free hearted and good sports, but they are not here for the interest of the masses. But for special interest and that only. They are here to look after their own interest and defeat the will of the people, and I think it is nothing but right that they should be made to register and tell the law makers and representatives of Texas who they are and what they are here for and how much money they are getting to stay here, etc.

I am proud to say to the people of Texas that I am the only Representative who ever put such a resolution through the House. Of course, I had my good friend Mr. Adamson to help me and assist me, for which I am very grateful. I want to say this to the people of Texas, as long as we permit these special interests uncontrolled and unregulated, the people will never get any relief. I grant you, that the big interests have rights as any other citizens, and should be heard on all bills pertaining to their interest, but they have no right to tell us how to run this government, or how any one must vote.

And another thing. These Big Interests and their high priced lobbyists have plenty friends in the Legislature. First of all, some of the members of the Legislature have relatives who are now employed by the Big Interests and Public Service Corporations. I heard some members who have relatives on the payroll making remarks on that line. I also have been told by ex-members of the Texas Legislature that these big Monster's Utility crowd are now looking for men to be candidates for the next Legislature, and furthermore they are looking for Corporation Lawyers or some one who has a relatives who now is employed or working for such corporation.

I will not hesitate to state further that some trouble exists about reducing salaries in State Government here in Austin, as nearly all our law makers have either friends or relatives employed under some department or other.

For this and other reasons, we failed to accomplish what we should have for the tax payers. But after all, the average Member of the House is honest, willing to do right, and has a desire for the best interest of the people at heart. However, we have some members who do not take their responsibility very seriously and do realize what it means to occupy this responsible position as a law maker for six million people. And besides, some of them never had any business experience, nor have any common knowledge at all.

In conclusion, I want to say that I have cast every vote at every opportunity for lower salaries and economy, and for the interest of the people and not for Big Interests. I am proud of my record as such.

Respectfully yours, Cecil A. Lotief
