Home Town Gossip

Dear old Santa:

For fear that some of the friends in this department may be overlooked when you make your usual yuletide call, the Gossip column deems fitting and proper that a few of their desires be herein recorded.

Now first of all, will you please remember Lewis Norman, superintendent of Cross Plains schools. He has been a very nice boy the past two months, and would like more than anything for you to bring his friend Nat Williams, of Baird, a satisfactory group of teachers, in order that the Cross Plains faculty may not continue to be disrupted very few months to fill some vacancy at the county seat. You know Santa, Lewis is new on the job here and trying very hard to make good. Really, I think he has a swell chance to succeed if only he can solve this faculty problem and give a bit of time to devote to the other phases of his job.

* * * * *

Then Santa, there is Tom Bryant whom we wish you to remember this Christmas. As you possibly know, he has drilled about 27 dry holes in a row and they are becoming more monotonous. It would be a great deal to Cross Plains if our friend of ours could have a break of better luck for a change. You can't bring him a oil well, but you at least grease his stockline with some good high gravity gravity.

* * * * *

And too Santa, we wish you would ease the mind of Ike Kendrik, F. R. Anderson, Chas. F. Campbell and Willis J. Brown in regard to the postmaster situation. The suspense of waiting to know what who is going to get the Cross Plains postoffice is trying on these hands of ours. If you possibly have time will you please settle the matter by leaving some definite announcement in the socks of this letter on Christmas morn. Each of these boys will appreciate your help in this matter.

* * * * *

Then there's Fred Tunnell, cashier of our local bank. You know he came here from Rising Star August and is doing a sweet job money changing. The people of Cross Plains are fond of Fred and would like for you to leave his check baling with peanuts. As you know, he eats the oily hand "fruit" continuously but said that his supply is running low and we are afraid of what will happen when there are no more left. It is said that he could be as temperamental as Hugh Permitt when the Burnt Branch rancher is without a chew of fruit.

* * * * *

Then Santa, we sure would have forgot our old friends Morgan and Sam Sipes. For a Christmas present they would like a slight improvement in the market. Each has a large supply of the stubborn brutes and it is a known fact that getting becomes as tiring as looking at a mule which you must feed a couple of times each day, and for there is no market. So Santa, forget Eddie and Sammie this year.

OFFICIAL ALL-CONFERENCE FOOTBALL TEAM FOR DISTRICT 25-B

Position	Player	Team
Left End	Arnold	Coleman
Left Tackle	C. Wood	Winters
Left Guard	Ussery	Cross Plains
Right Guard	Parker	Brady
Right Tackle	Beltz	Winters
Right End	Sheffield	Brady
Quarterback	Barnett	Ballinger
Left Half	Dye	Brady
Right Half	Childs	Cross Plains
Fullback	Smith	Rising Star
	Hodge	Winters

Honorable mention: (given to all players who received one or more votes for first team berths), Ends, Huff, Brady; Hampton, Brady; Hall, Cross Plains; Tackles, Wehausen, Ballinger; Flahie, Cross Plains; Grossett, Ballinger; McMurtry, Coleman; Guards, Grossett, Ballinger; Wehausen, Ballinger; Thompson, Coleman; Richards, Santa Anna; Backs, Hopper, Rising Star; Schill, Brady; Partain, Winters; May, Ballinger; Morris, Ballinger.

Six teams placed players on the official all-conference football squad for district 25-B. Brady and Winters led the group with three apiece. Next in line came Cross Plains with two, and Ballinger, Coleman and Rising Star tallied one each.

One player received every vote to claim unanimous selection honors. He was Parker, of Brady, center. Next in favor was Sammy Arnold, Coleman wingman, who tallied every vote except that of the Winters coach. Dye, of Brady, and Childs, of Cross Plains, were regarded as one of the best in Cross Plains history until three stellar performers were removed because of injuries. And now before the basketball season is hardly underway, White's athletes have topped one tournament champion and finished runner up at another. They've only played in the two to date.

The Review did not learn definitely what salary inducements were made White at Baird, however, it was understood that a \$90.00 year hire had been promised.

If White accepts at Baird, as many believe he plans to, he will complete his connection with Cross Plains schools Wednesday afternoon when classes are to be abandoned for a seven day yuletide recess.

The official list was compiled from pickings by nine coaches and newspapermen. They are: Bob Fullerton, Winters coach; E. P. Shelton, Coleman coach; Earl Roulder, Brady coach; Bill White, Cross Plains coach; Bodie Hunter, Rising Star coach, and the following newspapers: Brady Standard.

Rising Star Record, Cross Plains Review and the Abilene Reporter News. The Reporter-News was accepted as a representative for those communities having no home town publication. Each paper and coach was allowed one vote.

4-H Club Banquet

Notwithstanding one of the very first days of the season some 20 dates were set for the first 4-H banquet ever given for the first 4-H club at Baird. Saturday, December 11, 1937, Mr. Earl C. Hays, club leader, was toastmaster for the occasion. Judge B. L. Rus, Sr., gave the invocation.

After a delicious banquet of dressing, potato salad, gravy sauce, mince pie and nut cake, topped off with 4-H cakes and coffee. Mr. Leon C. Russel, Assistant County Agent of our County, was presented to the group. Mr. Hanson was the speaker of the day and gave highlights of his recent trip to 4-H Congress just held at Chicago.

He stressed the meaning of four 4-H's and told the boys how to accomplish the things those letters signified. He stated that boys who complete their work are due rewards and that banquets, trips and trips were the custom kind of recognition accorded fellows who had the "get up get" to select a demonstration carry it through to a success.

One hundred thirty-two boys entered in the spring of 1937 in the 4-H club. By December 11th 110 boys had completed forty registrations. Those boys were the national 4-H pin that may be awarded only to boys who have received only to boys who have completed their demonstration and been approved by the county and the state club agent.

In addition to the club pins for who had completed their demonstrations and if they do the club will see that each of them receives an official 4-H pin for recognition of the year's work.

The thirty boys whose records are now on file show a profit, over all expenses, of \$1095.85.

A quota of 110 boys has been given to Callahan for the coming year. Last year the quota was 105 and actually reached 132. Boys are planning this year to start right now building their demonstration and getting in line for some of the prizes and some of the fun in producing a real demonstration.

The other two surviving children of this dreaded disease did not suffer so much from the after effect. Charnell has one foot that is effected and Katherine one of her hips. 4-H Club Banquet

Notwithstanding one of the very first days of the season some 26 sites were set for the first 4-H banquet ever given for 4-H boys completing their year's demonstration at Baird. Saturday, December 11, 1937, Mr. Earl C. Hays, 4-H club leader, was toastmaster on the occasion. Judge B. L. Russ Sr., gave the invocation.

After a delicious banquet of ham dressing, potato salad, berry sauce, mince pie and peanut cake, topped off with 4-H cakes and coffee Mr. Leon C. Ranson, Assistant County Agent of Garza County, was presented to the group. Mr. Ranson was the speaker of the day and gave highlights of his recent trip to the Congress just held at Cheyenne.

He stressed the meaning of four H's and told the boys how to accomplish the things those letters signified. He stated that boys complete their work are due rewards and that banquets, trips and trips were the custom-kind of recognition accorded fellows who had the "get up get" to select a demonstration carry it through to a success.

Those boys were the national 4-H pin that may be presented only to boys who have completed their demonstration and been approved by the county and the state club agent.

The award offered by McElroy Dry Goods Company was won by A. D. Corsell of the Opalin club.

The Callahan County club which is composed of the business, professional and ranching men of Baird and the immediate vicinity bought the official 4-H pins for the county agent. There may yet be others who will finish their demonstrations and if they do the club will see that each of them receives an official 4-H locking pin in recognition of the year's work.

thought, to sit and jape like this, but something was different with Bob. He sounded just the same, but there was something lacking—and she couldn't define it. Last summer she had not hesitated to tell him of Anne's story of her real mother and it would have been natural enough to tell him that she wasn't going to. It was something in that had changed. And what on earth could it be? For all he had asked her why she had appeared so suddenly and unexpectedly in Rockboro, she wasn't sure that he wanted to hear any outpouring of confidence from her. And it might be that he wanted to hear the story fit for my refined ears."

"I dunno about that. However, you're the librarian and you keep a shelf marked 'For adults only' and I dare say you've read them all. How's the library doing by the way?"

"We're pretty much in the public eye just at the moment because a group of our local matrons have just got round to demanding a ban on Anthony Adverse—a movement heartily opposed by the youth of the town. Me, I don't take sides, let em fight it out, gives them something to talk about in the long winter evenings. More coffee?"

"Lots more!" All very well, she thought, and sauntered off.

"I might notice that window and nailed it shut, and then where would you been?"

"There's been plenty snow, around New Year's there were drifts so high I couldn't open my front door. We may have more, too."

"But what'd you do this morning? You didn't have a fire, or nothing to eat. You shouldn't come over then. Mis' Kreef's none too neighborly, I know, and sorry I am to admit it, but she'd surely have made you a cup of coffee!"

"I went down and had breakfast with Bob Edits."

Bob brought another plate and fork and cup. "Start on a roll if you're fainting away." He took up the eggs and the bacon and set the plate before her with a flourish. "Dig in, my good woman, and when the first wolfish pangs are appeased maybe you'll tell me why you have been brought to beggary and shame. I hope the story is fit for my refined ears."

"Bob's acquiescence wasn't whole-hearted, she thought, after she'd greeted Mrs. Duffy and pre-empted the Duffy tub. It might be that he was still in love with her and found it painful to see her . . . it might . . . but somehow she didn't believe it.

It was grand to be clean again, even if her clothes were tired and wrinkled. She felt quite herself as she made the rounds of the various stores, or hailed old friends on the street. She told them all the same tale she had invented for Bob and felt she didn't care if they didn't believe it. At last she headed back to the house to be met on the terrace only she found that she wasn't going to. It was something in that had changed. And what on earth could it be? Miss Panama Neely of Denton was a week end visitor here.

A. There are to be four containing a total of 1,400,000 acres, of which 631,000 acres have already been purchased. These will be known as the Sam Houston, the Sabine, the Angelina and the Davy Crockett National parks.

PIONEER STUDENTS,
TEACHERS, VISITORS
SEE F.F.A. INITIATION

Members of the Pioneer chapter of Future Farmers of America delighted students, instructors and visitors, during the regular assembly last week, with an F.F.A. green hand initiation, a requirement for all first year boys before being admitted into chapter activities.

The program was opened by J. W. Fore who introduced Miss Dorothy Jean Cash, newly elected chapter sweetheart. Miss Cash gave an interesting resume of F.F.A. history during the past decade, pointing out outstanding accomplishments of the Pioneer chapter as well as that of others in this locality.

A farm poem was read by Miss Jewell Drake.

The initiatory ceremonies were opened by Jack Richardson, chapter president, in the customary order. Two candidates, Junior Franks and W. E. Cash were presented and received the greenhands degree.

The program was closed with an official welcome to Franks and Cash by the chapter advisor, J. P. Bassett, and a collective salute to the United States flag.

SHOULD CHECK-UP ON
PRESSURE COOKER NOW

"Now that it is meat canning time on the farm, and pressure cookers are going to be used so much, pressure gauges should be checked, as so many pressure cookers have been used over a period of years and like any piece of machinery they need checking," says Miss Clare Brown, home demonstration agent.

Checking may be done by commercial concern or it may be done at home with a maximum thermometer; the agent has one in her office and they may be bought from several firms. In using maximum thermometers the following steps will be helpful suggestions, says Miss Brown:

1. Check maximum thermometer by holding so bulb end is well under boiling water. Hold for a few minutes and if reading remains 222 degrees F. or 100 degrees C. the thermometer is correct.

2. Close cooker, place on fire, as soon as gauge reads 10 pounds or 240 degrees F. remove from fire, let gauge return to zero and stand 5 minutes. Open cooker and if thermometer reading is 240 degrees F. the gauge is correct. (Check at 15 lbs. pressure.)

Gauge of 4 degrees or two or down can be used with safety if marked, but gauges off more than this should be sent to the pressure cooker company for adjustment or replacement.

Gauges should be rechecked after they have been sent through the mail.

POSTAL BILL:

To the Senate went a bill favorably reported from the Senate Committee on Postoffices. The bill provides that the three highest persons in examinations for postmasterships be eligible for Presidential appointment.

* * *

HIGHWAY APPROPRIATION
REDUCTION:

If Congress approves the President's suggestion for a reduction of \$113,000,000 a year in Federal Appropriations for highways the State provisions for relief of the unemployed will receive a set back.

A great deal is expected by many States from the highway work, in which they would put unemployed back to work. The President's move is made in order to bring about a reduction in expenditures and in this way secure a balanced budget.

It is believed the move will get considerable opposition.

* * *

UNEMPLOYMENT INSURANCE:

On January 1, operation of unemployment insurance in individual States, is to take effect. There will be some delay however, due to administrative difficulties. Preparations are being made by Office of Employment Security to recommend that red tape be cut in an effort to bring this Act into operation at the turn of the year.

* * *

STATEMENT FROM
TAXPAYERS:

The Treasury expects that auditing returns of the wealthy will be made easier if a complete statement of all assets and liabilities of each big taxpayer is obtained. Recently many individuals with net incomes over \$100,000 were started by requests made by the Federal Government tax collectors to swear to a statement of their net worth. They had to tell the amount of cash they had, what securities they owned, value of their automobiles, yachts, homes, holdings in foreign countries and personal holding companies.

* * *

MORE BORROW TO PURCHASE
FARES:

Nearly 10,000 requests have been received by the Federal land banks in the last ten months for loans to be applied in the purchase of fares. The amount applied for totaled \$38,000,000 and the requests came from every state in the Union.

* * *

FEDERAL HOME LOAN BANK:

New home mortgage loans made by all active savings and loan associations in the United States aggregated \$666,229,000 in the first ten months of this year, an average of slightly more than \$66,000,000 per month. Despite the drop in residential building, new home loans made by savings and loan associations have held up unusually well, an indication that these thrift and home-financing institutions are bearing an increasing share of American home mortgage lending.

* * *

FORESTS FOR TOWNS
AND CITIES:

Town and community forests that pay as they grow were advocated by the Forest Service as work reservoirs for unskilled labor. Many towns and some other groups can make good use of mix delinquent, submarginal and other cheap lands to develop valuable forest properties. It was pointed out, the Forest Service stated such forests can often more than pay for themselves provide recreation and serve as work reservoirs for city and some rural areas.

COTTON:

Congress has appropriated \$130,000,000 for price-adjustment payments on cotton grown in 1937 in order to improve economic conditions in the country. This means that \$130,000,000 can be paid to farmers in the Cotton Belt to make up in part for the drop in the price of cotton and thus give them a better return for their 1937 crop.

"THE REST OF
THE RECORD"

BY JAMES V. ALLRED
Governor of Texas

Jim Ferguson has resumed publication of the Forum, which he stopped immediately after my nomination in the first primary last year. Charging both the National and State Governments with insincerity, ignorance and inexperience, Old Jim has a six-point platform, but says that he hasn't, as yet, selected a candidate.

It is, however, perfectly obvious that Ferguson is going to make an other peasy campaign for Governor. Ferguson plans have been brewing for several months. All the talk is that Mrs. Ferguson probably will run, but one or two other known candidates for Governor have been flirting with Old Jim to get the Ferguson support. It is regrettably apparent that Texas is in for another ordeal and we had just as well get ready for it.

The Ferguson platform is typical of his audacity. It has about 57 varieties of promises, one to appeal to every class of voters. He is going to economize twenty million dollars by increasing expenditures sixty million! He is going to help the poor by taxing them! A little sop for everybody.

Ferguson is for paying a pension of \$30 a month to everybody over 65 whether they need it or not, yet he proposes to take away from the needy old people who are now receiving aid from the State the cigarette, liquor and other taxes now going into that fund. He says he will use these taxes to abolish the State ad valorem taxes. That would relieve from taxation the oil companies now paying on their wells and leases, the insurance and loan companies now paying ad valorem taxes on paper buildings, and it would make tax free all of the vast acres of land now owned by non-resident individuals and foreign corporations.

Ferguson's platform is silent on some other issues in which the people are interested. Of course, he couldn't discuss the question of adequately taxing oil and sulphur because he is against that. He doesn't say anything about race track gambling because every gambler and racketeer in the country knows how the race track law got on the statute books under the Ferguson administration, and every racketeer and gambler, even those who have been driven out of the State under the administration, would welcome the return of Ferguson, or anybody who thinks like him, because they would not be molested under the Ferguson idea of government.

Old Jim doesn't say anything about the child labor amendment because he knows that while the labor organizations and women's clubs are for it, thousands of other people are against it. He doesn't say anything about liquor and open saloons, but everybody knows where he stands on that question.

Ferguson says he wants to abolish boards and commissions, yet he never made an effort during the two terms he served as Governor himself, and the two terms he served as proxy Governor to abolish any boards or commission. On the contrary he caused many to be created by the Legislature. His final belief is that all departments of government ought to be abolished in favor of one useless department—himself.

Ferguson has always been a great hand to try to take advantage of the people when they are in distress. When we were in the middle of the depression he wanted to make it more cruel by passing a general sales tax on the necessities of life—bread and beans, milk and medicine, blue shirts and overalls. Now that we are in what may turn out to be another depression, he proposes the same panacea and hopes to get by with promising a pension for everybody when he himself, fought the adoption of the present pension amendment.

I repeat, regrettably as it is, we are in for another ordeal of Ferguson, and we had just as well get ready to meet it.
