Harriet Susan Barr, Polio Victim, Laid To Rest On Friday

Funeral services for Harriet Susan Barr, 10-year-old daughter of Mr. and Mrs. Hulan Barr, who died of polio in a San Angelo hospital Wednesday night of last week, were held from the First Presbyterian Church in Cross Plains Friday afternoon. Interment was made in the local cemetery.

As she was affectionately known to a large circle of friends in Cross Plains, was stricken Sunday, May 29, and taken to a San Angelo hospital the following day. Doctors called to attend the Sunday expressed the belief she was suffering only with the flu. After entering the hospital her condition steadily worsened and she died Wednesday night.

Funeral services here Friday afternoon were conducted by Rev. J. U. McAfee, pastor, former pastor, and Arthur C. Evans, pastor of the church. The service crowded the auditorium far beyond its capacity in tribute to the child which is held in high esteem here. Flowers decked the casket on all sides and spilled over the speakers platform.

Survivors include both parents, paternal grandmother, Mrs. S. S. McAdams, the paternal grandparents, and Mrs. Hugh McDermott, aunts, one aunt, and a great number of relatives and friends. S. C. Long time Cross Plains business and paternal grandfather "Daddy" was laid to rest in the local cemetery exactly two days earlier.

Shivers Rakes Senate Absence Visit Washington

Senator Governor Allen Shivers was accused in Eastland of having deserted the Senate for a week and a trip to Washington to job as ambassador to Mexico Governor Jester, so Shivers become governor.

Charge was made by State Billie Mac Jobe of Putnam, spoke to the Eastland Lions club.

A freshman member of legislature, said that both Jester and Jobe are good friends but that he did not count such goings on.

Who recently bought a business in his home of Putnam, was married Friday night, June 3, to Miss Dean Fret, daughter of Mr. G. S. Fret, of Cross Plains. The ceremony was held at the Methodist church in that city before an assemblage of friends.

It was the move bad, in view of the fact that the state, over which Shivers could do nothing during his absence, and the House was too-and all the legislature squirming, doing nothing, and drawing only pay after having gone past statutory session limit.

After having said he was making a non-political talk, the doings in Austin at length, and said that it was up to the voters of Texas to want economy in government, more taxes, and no more, what kind.

It is highly in favor of the constitutional amendment put legislators on an anti-party for part of the Gilmer, against the part that was the state educational trustee setup.

WHITE STORE ADDS EMPLOYEES THIS WEEK
New employees were added to the White Store in Cross Plains last week. They are: Mrs. formerly of Bowie, and Thetford, Jr. of Cross Plains.

Cross Cut Man Buys Austin Payne Place Just West Of Town

Mr. and Mrs. Roy Newton, of Cross Cut, have purchased the W. A. Payne place and adjoining acreage just west of town, and will move there within the near future.

Mr. and Mrs. Payne own three dwellings in the city limits of Cross Plains, and it is possible they will occupy one of the places, however the Review had not learned their plans as this issue came off the press.

Ellenburger Well Makes Pumper On Sawyer; Rig Skid

Connally-Thornion et al completed their Ellenburger test on the Sawyer tract, a north outpost to the Baum field five miles west of Cross Plains, early this week as a pumper when production was estimated at 408 barrels in 15 hours, operators test. Rig was skidded 50 feet north to drill a test in the Cross Plains sand to 1700 feet where showings in the number one at this depth was said to give promise of commercial production.

The number one Sawyer-Shaw well, located 330 feet from the south and 60 feet from the west line of subdivision six, G. M. Vigal survey 798, topped the Ellenburger at 3863 and bottomed at 3890 where formation water was successfully squeezed off with plastic plug.

Showings encountered in the Caddo section were said to be thin and left untested, however, Schlumberger pictures in Cross Plains sand offer definite promise.

124 Seats Sold In New Stadium To Be Erected At School

Only 124 of the necessary 400 seats in the proposed football stadium to be erected on Cross Plains high school campus had been sold through Monday afternoon.

To finance the project 400 seats must necessarily be sold at \$7.50. Total cost of the project will be \$3,000. This includes moving present seating facilities to the east side of the field, reinforcing and painting that section for visitors, and the construction of steel stands on the west side to accommodate at least 800 people.

Purchasing of materials can not be begun until a sufficient number of the seats are sold to guarantee the stadium being built. If enough seats are not sold all monies will be refunded, the Review was told.

W. J. Carpenter, president of the school board, has agreed to serve as construction foreman on the job at no cost whatsoever and to act as purchasing agent for all materials and supplies. Junior Ford, secretary of the school board, has likewise agreed to act as treasurer for the project, paying accounts authorized by Carpenter, and then to account to the sponsoring civic organizations: Lions Club, Parent-Teachers Association, Chamber of Commerce, Fire Department and school board.

Persons who have not already purchased tickets, which guarantee reserved space for the next five years, are urged to do so within the next few days. A chart is on display at the city office, showing seats yet unsold.

Luncheon Club Is Postponed Tuesday

Regular monthly meeting of the Chamber of Commerce Luncheon Club was postponed Tuesday noon but will be scheduled at a later time this month. Members will be advised by post cards.

BURKETT QUILTING CLUB MEETS IN E. KEY HOME

Aunt Mary's Quilting Club of Burkett met last Thursday in the home of Mrs. Elmer Key. Three quilts were completed during the afternoon.

Refreshments of cake and punch were served to Meses. B. W. Webb, Earl Webb, Joe Hanke, Luther Knight, Callie Gray, Dick Thate, Earl Gray, Junior Key, Wm. Key, and Aunt Mary Adams.

Next meeting will be the afternoon of June 16 in the home of Aunt Mary Adams.

Mrs. George Neel Dies Suddenly At Home Here Tuesday

Cross Plains was deeply shocked Tuesday morning shortly before nine o'clock when Mrs. George R. Neel, 61, died with a sudden heart attack at her home in the north part of town. Mrs. Neel had been slightly ill for several days, however, her condition was not believed to be critical.

Mrs. Harlie B. Neel, daughter-in-law from Fort Worth, was visiting here and was alone with Mrs. Neel at the time. A few minutes earlier Mrs. Neel was believed to have been feeling better, and when her husband left for work she indicated that she felt stronger than the day before.

Funeral services were conducted from the First Methodist Church in Cross Plains Wednesday afternoon at three o'clock with Rev. J. U. McAfee, pastor, officiating. Friends of the Neel family filled the church auditorium to capacity and hundreds stood outside. All Cross Plains business houses closed during the service.

Survivors include the husband, one daughter, Mrs. Donald M. Weaver, of Selma, Alabama; two sons, Kermit Neel, of De Leon, and Master Sergeant Harlie B. Neel, of Carswell Air Base in Fort Worth. Another son, R. W. Neel, died in the service during the recent war. Other survivors include three sisters: Miss Cullie West, Comanche; Mrs. Clell Baskett, Del Rio, and Mrs. F. R. Anderson, Cross Plains, and one brother, R. O. West, of Elk City, Oklahoma. In addition she is survived by three grandchildren, a number of relatives and a great host of friends.

Mr. and Mrs. Neel were married August 19, 1907, and more than 17 years of their married life was spent in this community, he having assumed duties as manager of the local Higginbotham store here in January 1931.

Mrs. Neel enjoyed an exceptionally wide circle of friends. She was an active worker in the Cross Plains Methodist Church and many civic undertakings. She radiated a spirit of friendliness which endeared her to the hearts of all who knew her.

Pallbearers at the funeral and interment services Wednesday afternoon were: Bill Wagner, A. W. Wright, Chester Glover, Fred Tunnell, W. J. Carpenter and C. C. Holdridge.

Methodist Pastor Now At Conference

Rev. J. U. McAfee, pastor of the First Methodist Church here, accompanied by his wife, left Wednesday morning for Fort Worth to attend annual conference of the Central Texas Methodist District.

The Rev. Mr. McAfee has been in Cross Plains one year, during which time numerous improvements have been made to the church property here and all phases of the church program accomplished. It is expected that he will be returned to the local pulpit, such requests having been made by the congregation and board of stewards.

There will be no preaching services at the church next Sunday. Asked if he preferred to return to Cross Plains, the Rev. Mr. McAfee declared:

"Yes sir, the West Texas fever is like measles and my wife and I have caught it. Too, we have a good garden and don't intend to go hungry if returned here."

Virgil Powell Gets Dry Hole On Stacy

Virgil J. Powell et al this week got a dry hole on the Fred Stacy tract, four miles west of town. The hole was drilled to a depth of 412 feet, where salt water was hit. Prior to getting the water a nice showing of oil from the Grassroots sand was encountered but not in commercial proportions.

MRS. RAYMOND DEBUSK HAS SURGERY IN TEMPLE HOSPITAL

Mrs. Raymond DeBusk of Coleman is in the Scott and White hospital at Temple, where she has undergone surgery.

Friends here will be glad to learn she is convalescing normally and expects to be brought to her home shortly.

Mrs. DeBusk is a former teacher in Cross Plains schools.

Mr. and Mrs. Mark Adair were in Dallas first of the week.

Former Local Lady Expires In Corpus Christi Recently

Funeral services for Mrs. Nellie E. Lindquist, 72, former music teacher in Cross Plains and wife of a former local railroad man, were recently held at Corpus Christi, where she had resided for the past three years. Interment was made at Walnut Springs.

Survivors include a daughter, Mrs. Frank C. Hemphill of Corpus Christi; a son, J. E. Lindquist of Corpus Christi, two sisters and three brothers.

City Sprayed With 10,000 Gallons Of Strong Insecticide

More than 10,000 gallons of insecticide was sprayed throughout the city of Cross Plains last week in an effort to eradicate flies, mosquitoes and insects which might be carriers of polio or any other disease.

The spraying action was taken by the City Council, acting on the advice of Dr. Ell Powell, city health officer, who warned that insects offered a severe hazard to public health.

Two orchard sprayers, each equipped with two pressurized hoses were utilized in the spraying operation. The equipment was owned by Doos Alexander and manned by men experienced in its operation.

Spraying began in Cross Plains Thursday afternoon and was completed Monday. In addition to property within the corporate limits, the insecticide was also sprayed at the city sewer farm and dump grounds.

Local people have generally expressed themselves as being appreciative of the action taken by the council, pointing out that the elimination of insects approached an almost unbelievable proportion.

Exact cost of the project and year of paying it had not been learned as the Review came off the press, however, it is pointed out that hundreds of citizens have expressed themselves as being anxious to support whatever plan the council decides upon.

\$1.76 Per Bushel Being Paid Here For No. 1 Wheat

Number one hard wheat was being accepted for storage in Cross Plains yesterday at the rate of \$1.76 per bushel. That is, producers are paid that amount and the grain placed in federal loan. To be able to pay this price the K-B Feed Store in Cross Plains, operated by Ira Hall secured storage space in Bosque County.

Buyers in many towns are reported unable to purchase wheat at any price because of the lack of warehousing facilities. To accommodate as many local farmers as possible Mr. Hall is accepting no grain produced outside the Cross Plains trade territory. He points out though, that it is necessary to make prior arrangements before bringing grain in, for he has no assurance of how long present storage space will suffice.

Local Boy Tours Texas And Mexico With A&M Group

Harold Garrett, son of Mr. and Mrs. C. M. Garrett, and a senior at Texas A&M College, was among 17 boys in the Range and Forest department of the school to leave College Station last Saturday to make a tour of Texas and Old Mexico in company with Dr. Heady, head of the department.

Leaving the King Ranch properties Monday, the party went into Mexico. Returning to Texas, they will travel as far west as Big Spring and Spur, inspecting and taking tests of range soil, grasses, note terrain and watershed, and other conditions pertinent to cattle ranges and forests in the Mexico-Texas territory. Last stop of the group will be at Mineral Wells and return to College Station on June 20.

After writing a report on the trip, Garrett will return to the home of his parents here to spend the summer before re-entering college this fall.

C. R. Cook was a visitor in Abilene Monday.

Present Fruit Crop Here Best Seen In Many Years

By H. Don Rodgers In Abilene Reporter-News

Fruit in the southern Callahan and Eastland counties was never better, according to fruit farmers in and around Rising Star, Cross Plains and Pioneer.

Does Alexander, veteran grower at Pioneer, estimates that his 110 acres of peaches will start to the market in about 20 days. And he has hopes that the price will stay around its present level.

Alexander estimates that his orchards will yield more than 8,000 bushels of peaches, barring a hailstorm or twisting winds.

This section of the country has been very fortunate. An unusual amount of rain has put one of the

Uncle Sam Erwin Laid To Rest At Sabanno Tuesday

Funeral services for J. S. (Uncle Sam) Erwin, 87, who died at his home in the Sabanno community early Monday night, were conducted from the Presbyterian Church there Tuesday afternoon at four o'clock with Rev. Arthur C. Evans and Rev. S. P. Collins officiating. Interment was made in the Sabanno cemetery.

The passing of Mr. Erwin ended one of the longest marriages in this section of Texas, he and Mrs. Erwin having celebrated their sixty fifth wedding anniversary last February. They were married in Parker County February 28, 1884.

Mr. Erwin had been in declining health for some time, however, he remained active and friends in Cross Plains were deeply shocked to learn of his passing.

The Erwins moved to Sabanno in 1886 and had made their home there continuously since that time. Mr. Erwin was for many years one of the most active men in the area in supporting religious and civic undertakings. He was one of the founders and had been an officer in the Sabanno Presbyterian church since its beginning in 1888. Too, he served more than 12 years on the community's school board and was considered councillor and friend to people of this locality.

Survivors include the widow and their eight children: Mrs. David McDonald, Breckenridge; Mrs. J. B. Mashburn, Cisco; Mrs. Eddie Little, San Angelo; Mrs. Bob Goodrum, Rotan; Edwin Erwin, Sabanno; Mrs. Henry Minnix, Abilene; Finis Erwin, Sidney and Everett Erwin, Midland, all of whom were present for the funeral and interment services Tuesday afternoon. Other survivors include 19 grandchildren, 23 great grandchildren and number of relatives and a great host of friends.

Blake Caddo Field Given 2 New Wells

Completion of two new producers in the Blake Caddo field of Brown County, four miles east of Cross Cut, has been made by Paul Gardner of Brownwood.

Gauge of 47 barrels of 38 gravity oil in 24 hours has been filed for the No. 1 Clay Williams, out-post to the field, 330 feet from the north and west lines of the 100 acre Clay Williams tract in Wm. English survey 791. The production was through 3/4 choke with packer on casing and 250 pounds on tubing from 30 perforations at 2,834-40feet. Total depth was 2,923 and casing was cemented at 2,108.

The other completion was the No. 1 J. A. Haynes A. 1,718 feet from the north and 330 from the west line of lot 9 Juan Delgado survey 789. It was gauged at 93 barrels of 38 gravity oil in 24 hours through 14-16 choke from 50 perforations at 2,098-2,108 with packer on casing and 150 pounds on tubing. Total depth was 2,137 feet and casing was cemented at 2,133.

Over Inch Rain Is Received Wednes'

Cross Plains received 1.08 inch rain early Wednesday morning. The precipitation began shortly before three o'clock and continued for about two hours, bringing the aggregate for the year well above 16 inches.

best seasonings in history into the ground. Too, there have been no hailstorms and no tornado winds to destroy the crops.

Pecans Look Good
In addition to his peach orchards, Alexander has 20 acres in fine pecans.

"They look mighty good right now," Alexander beamed. "Sure looks like we ought to make a good crop."

Alexander really cares for his orchard, cultivating the land regularly. He plants a cover crop of rye and vetch, and keeps his field clean of all weeds.

Alexander is a real pioneer in conservation management or orchard soils.

He purchased the original 406 acres of the farm on which he now lives in 1927. At that time the soil was so depleted that it would not grow corn over knee high.

Alexander was active in helping organize the Upper Leon Soil Conservation District, two years later. Since that time he has carried on an active conservation program, and today it is paying off in bumper crop yields.

For Conservation, Too
Just a few miles away, over the line in Eastland County, J. D. W. Jones, of Rising Star, works under a similar theory as that used by Alexander, and it is paying off equally as well.

Jones, whose spacious farm home nestles among the big oak and pecan trees atop a hill almost within the city limits of Rising Star, is another fruit farmer solidly sold on soil conservation.

"No rain runs off of my orchard," Jones asserts. "When I came here 25 years ago this entire place was covered with shinnery and was not fit for anything."

Today, Jones has 40 acres in a fine orchard with at least six varieties of peaches, ranging from Early Elbertas that ripen early in the season on down to the variety that ripens in late August and early September.

He sold about 2,000 bushels of peaches last year from the 40-acre tract and there is every indication that this year's yield will be heavier. The first peaches are due to ripen about June 20.

Jones' choice fruit will produce the best crop he has ever had, barring some unforeseen weather problem.

\$2.50 To \$2.75
Peaches in the Cross Plains-Rising Star area are bringing from \$2.50 to \$2.75 per bushel. However, that is for very early peaches. The price is expected to hold about that level most of the season, veteran growers predict.

Jones planted vetch, Austrian winter peas and rye in his orchard last winter. Because of the abundant rainfall, the rye grew six feet tall.

"When I plowed it under, it held the moisture in the ground for several weeks," Jones said. "I sure do believe in conservation of our soil."

H. A. Young, Cross Plains machine shop operator, owns some nice orchards northwest of Cross Plains. He has a pear orchard fronting on highway 36. Every tree is loaded to capacity and should produce a bumper crop of fruit. All through that section of the country, the fruit stands to set new records for the amount shipped out to market.

Art Exhibit To Be Held Here Saturday

An art exhibit by pupils of Mrs. Fred Tunnell, originally scheduled to be held Wednesday of this week, was postponed until Saturday afternoon from 2:30 until six. The exposition was delayed because of the passing of Mrs. George R. Neel here Monday morning.

The exhibit is to be held in the American Legion Hut on East 8th Street with pupils from: Baird, Rising Star, Byrds, Putnam and Cross Plains displaying paintings. The public is cordially invited to attend.

Mr. and Mrs. L. W. Coppinger, accompanied by Mrs. Winnie Shuford, Mrs. B. F. Richardson and daughter, Byrene, and Mrs. G. V. Cunningham of Anson attended the graduation exercises at Texas Tech last week, where their son, John Edward, graduated with a degree in Petroleum Engineering.

Mr. and Mrs. Dickie Huntington have moved to Waco from Abilene where he will enter Baylor law school after completing work at Hardin-Simmons. Mrs. Huntington underwent surgery recently for removal of appendix.

Plans Go Forward For Annual Picnic Here July 21 & 22

Plans for the celebration of Cross Plains 65th annual Picnic to be held July 21 and 22 are now going forward by members of the Parent-Teachers Association, sponsoring organization, and indications are that this year's affair will offer more than the usual amount of entertainment.

Concurrently with the picnic the annual Cross Plains Rodeo will be held, however, it is to continue through Saturday, while the picnic officials closes Friday night.

Windshield stickers, advertising the picnic and rodeo, have been printed in a choice of several colors and are now available at the Review office for those who will help to promote this year's celebration. The stickers are free and local people are asked to make use of them.

Mrs. J. L. Bonner, president of the P-TA, asks that all committees, delegated with the responsibility of arranging for this year's picnic celebration, attempt to push plans as near completion as possible. Within the near future a meeting of all groups will be called to approve what has already been done and lay plans for unfinished work.

Cross Plains Volunteer Fire Department, which has until this year served as the sponsoring organization, has agreed to clean the grounds for the P-TA.

Burleson Requests Army Supply Tarps For Grain Storage

An urgent appeal for loans of tarpaulins to West Texas wheat farmers was rushed to 4th Army Headquarters in San Antonio Monday by Rep. Omar Burleson, of Anson.

Burleson, who was informed that county committees in Texas had been instructed to approve wheat storage in wooden-floored, wooden-walled bins with tarpaulin tops securely placed, went to work immediately to obtain tarpaulins.

The War Assets Administration advised the congressman that they no longer have any tarpaulins.

Burleson went to the Army, but was informed that the Army has no tarpaulin in any central warehouse which could be sent to West Texas. Army officers suggested that he contact General Thomas Handy, commanding general of the 4th Army at Fort Sam Houston.

In a telegram to Handy Monday afternoon, Burleson urged the general to dispatch tents or other tarpaulins to county committees as loans which would be used by West Texans in storing the bumper wheat crop so that farmers could get the Commodity Credit Corp. prices.

Burleson explained that he was attempting to make his request as attractive as possible to the Army when he suggested that the loans be made to the county committees instead of the individual farmers themselves. The committees would lend to the farmers.

Burleson feared the Army might take the attitude that there would be too much accounting and inventory trouble involved if each loan of tarp was made directly between the Army and the farmer. If the county committee took the responsibility for accepting the tarp and returning it, it would not mean as much trouble for the Army, Burleson reasoned.

Pastor And Wife In Wreck Enroute Home

Rev. and Mrs. J. W. Chapman returned here Tuesday morning from Newkirk, Oklahoma, where they attended a church dedication and formal wedding the past week end. Enroute home their car was struck by another vehicle, which was crossing the state highway. The Chapman car was so severely damaged that the local Baptist pastor and his wife were forced to return here by bus. No one was hurt, however, in the accident.

Mr. and Mrs. Dickie Huntington have moved to Waco from Abilene where he will enter Baylor law school after completing work at Hardin-Simmons. Mrs. Huntington underwent surgery recently for removal of appendix.

Mrs. John Ford has returned to her home here after a few days hospitalization in Rising Star.

Robert Smith spent the last week end here between regular and summer sessions at Texas Tech in Lubbock.

Mr. and Mrs. Art Yarbrough and children of Corona, California are visiting Mr. and Mrs. J. H. McElroy and Mr. and Mrs. W. P. Yarbrough.

Legislature Should Meet Each Year People Believe

By Joe Belden
Director, The Texas Poll

AUSTIN, Texas, June 4.—A large majority of Texas voters believes the Legislature should hold annual sessions, according to the latest statewide survey by the Texas Poll.

The poll shows, however, that almost half of the voters think the lawmakers now have a regular session every year. Only two out of every ten realize that regular sessions come once every two years.

Qualified voters, as a group, are only slightly better informed than the general adult public.

These findings are based on a survey in which the following questions were put to a cross section of the adult population:

"Do you happen to know whether the Texas Legislature meets in regular session every year, every two years, every three years, or how often?"

	Qualified Voters	All Adults
Every year	49%	43%
Every other year	22	20
Other answers	2	2
Don't know	27	35
	100%	100%

"Do you think the Texas Legislature should meet in regular session every year, or is that too often?"

	Qualified Voters	All Adults
Should meet every year	81%	73%
too often	8	7
No opinion	11	20
	100%	100%

Sixty-nine per cent of those who knew that regular sessions are now held every second year said they favored annual sessions for the Legislature.

Texas will vote September 24 on a proposed constitutional amendment requiring the Legislature to meet every year. The amendment also raises the pay of lawmakers to \$3,600 a year.

While voters favor annual sessions, they are inclined to oppose a pay raise for legislators. In a special election four years ago, a pay-raise amendment was defeated three to one. The latest survey by The Texas Poll discloses that only two out of every ten voters believe members of the Legislature are underpaid. A large majority admitted, however, they did not know how much a legislator is paid.

Paul Smith left Monday of last week for Mexico City, D. F. to enter a college there.

Mr. and Mrs. Raymond Renfro and two sons of San Angelo arrived here Thursday of last week to visit in the home of Mr. and Mrs. Bert Brown.

Mrs. Ernest Clark and daughter, and Mrs. Brooks Hill and son, all of San Angelo, came here last week to spend several days with their parents, Mr. and Mrs. Earl Smith.

County Agent's Column

By Oliver F. West

Grain Bins and Fumigating

Since the price of grain has dropped so low many farmers are going to store it on the farm. To qualify for a government loan certain precautions must be taken in storing the grain.

The insect pest of stored grain breed with little interruption the year round. The important pest that we have to watch out for are weevils and moths.

Bins used for storing grain should be thoroughly cleaned of grain and dust to reduce infestations in cracks and pockets of the bins. Pyrethrum sprays and DDT and mixtures of these products sold under various trade names are good for this purpose. Small quantities of old grain from the previous season should be fumigated, fed out or otherwise disposed of before harvest.

The sides and floors of the bins and cribs should be made as nearly air tight and rat proof as possible. The sides should be at least six inches higher than the grain after leveling off.

Fumigation is the best and most economical method of protecting grain in storage. Temperatures of 65 to 75 degrees F. are best for fumigation.

Where bins are not tightly sealed above, tarpaulin or other gas tight sheets can be used to cover the surface of the grain.

An ethylene dichloride-carbon tetrachloride mixture is cheap, non-inflammable and effective, and does not harm germination regardless of the dosage, exposure or moisture content of the grain. It is made up of three parts by volume of ethylene dichloride and one part by volume of carbon tetrachloride. Some commercial concerns sell this already mixed and ready to use.

It is applied with a watering can or sprayer on the surface of the grain at the rate of six gallons per 1,000 bushels or five gallons per 1,000 cubic feet. If the temperature is a little higher some of the liquid should be poured directly into the grain.

The ethylene dichloride-carbon tetrachloride mixture does not taint the grain which remains palatable and safe for both livestock or human consumption.

Inspect the grain storage at least once a month and fumigate it if found infested. Accumulation of waste grain and feed around the farm buildings should be removed.

If this is applied in a tight building be careful and do not inhale too much. If you get dizzy while applying this, you should get into the fresh air immediately.

Rat Control

Along with grain storage comes the rat control problem. These rodents can rob you of many pounds of grain, damage the grain, and cause disease. Remember that when grain is put in farm storage and has a government loan on it, it must be kept in good condition. If the grain is delivered to the government it must be in just as good condition as it was when it was put in storage. Rats can cause a lot of damage to grain. A continued rat killing program should be carried on at all times.

CARD OF THANKS

"Large Enough To Serve You, Small Enough To Know You"

Rheumatic Heart Leading Cause Of Children's Deaths

The disabling and often fatal disease of children, rheumatic heart disease, is one of the leading causes of death among children and young adults in the age group 10 to 25 years.

Unfortunately, there has been developed for this disease no vaccine such as we have for smallpox, diphtheria and whooping cough, but by recognizing the early symptoms and obtaining a competent physician's diagnosis and treatment, some of the damaging results of rheumatic heart disease can be prevented or moderated.

The State Health Officer, Dr. Fred W. Cox, says that "in general the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows and wrists. The pain is felt usually in one of these joints, and spreads frequently to the others. Often a doctor's examination of a child who becomes irritable and cross with no apparent cause, cries easily, and develops nervous habits, will disclose the presence of rheumatic heart disease."

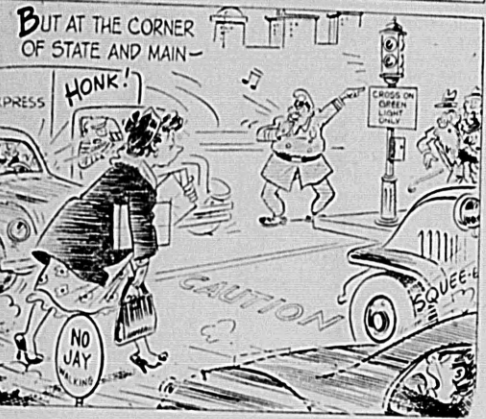

Predisposing causes to this serious illness includes frequent chills, living in damp, steamy quarters, poor diet, frequent colds, and sometimes scarlet fever or other infections caused by certain streptococcus germs. All such conditions should be avoided if at all possible.

Protection for children against rheumatic heart disease, should include a thorough physical examination by a physician at least once a year; a well balanced and washing diet; sufficient rest and sleep, and dressing at all times in accordance with the temperature of the room or playground. Consult a physician at once if any symptom suggests that this disease may be present or in the process of developing.

Farmers Ask Camp Bowie Grain Storage

Confronted by the greatest shortage for grain storage in recent years, farmers have sought the aid of Congressmen from this section in utilizing government buildings at Camp Bowie. It is reported there is sufficient space there to store 148,000 bushels.

The Human Race

Atwell Man Knows How To Make More Peanuts Per Acre

Growing winter peas for a winter cover and soil building crop is not a new practice for Howard Pillans, who farms in the Atwell community, but he has an exceptionally fine crop of Dixie wonder peas this year. Pillans knows from past experience that it pays to plant winter legumes. He states that peanuts following winter peas yielded seven bushels per acre more than peanuts which did not follow winter peas.

Campaign Pledges Unfilled As Close Of Session Nears

With Texas legislators now talking about ending this session, three measures promised in many a campaign last summer still wait by the wayside.

They are a veterans bonus, repeal of the poll tax and lifting the ceiling on the old age pension.

All three still have a chance of getting approved. But it will take work in these waning days.

1. Veterans bonus. Both Rep. Jimmy Horany of Archer City and Rep. J. A. Benton of Wylie have proposed constitutional amendments to pay a bonus. If either should get legislative approval it still would have to be voted on by the people. Both have been kicked around in committees.

Horany would pay \$250 to Texas veterans of World Wars I and II and another \$250 to those who served overseas at least three months.

"I hope to resurrect my bonus when a subcommittee makes its report to the State Affairs Committee of the House," said Benton. He would pay on a scale ranging generally from \$200 to \$500.

2. Repeal of the poll tax. The Senate approved it and the House approved it with a few changes. Then sent it back to the Senate where it's been since April 26.

Sen. Rogers Kelley of Edinburg, author of the proposal, asked the Senate to agree to the House amendment, but they refused.

"I don't know exactly what the objections were," said Rep. S. J. Isaacs of El Paso, who sponsored the measure in the House. "Senator Kelley had said the Legislature could pass a voter registration law. We said the Legislature must pass one. I understand some of the senators want that mandatory provision and don't realize that it's in there now."

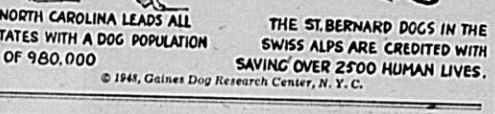

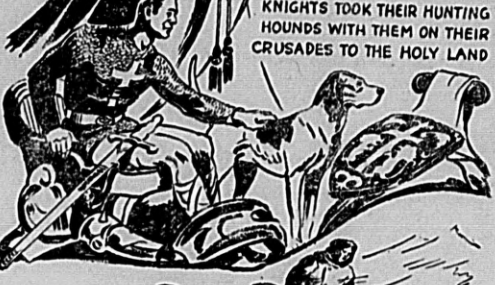

Repeal of the poll tax as a requisite for voting would still have to be approved by the people of Texas after it gets the legislative nod.

3. Lifting the old age pension ceiling. The House approved it and sent it over to the Senate. Then the Senate approved it and stuck on a provision that the pensioners must give the state a lien on any property they own as security.

Old Settlers Will Meet At Denton On Friday, August 12

Kendrick Park, in the Denton Valley community, will be the site of the 1949 Callahan County Pioneer Association reunion Friday, August 12.

Kendrick Park is a few miles southwest of Clyde. It is about two miles north of highway 36 at Denton Valley. It is a beauty spot, where the association held its reunion several years ago.

Several thousand residents of Callahan and others who have moved to other sections of this state and to other states are expected.

Vacation Bible School At Church Of Christ Opened Here Monday

A Vacation Bible School for children of all ages opened Monday morning at the Church of Christ with an enrollment of seventy. Classes will be held each morning beginning at nine o'clock and continuing for two hours each day this week.

On Friday evening a special commencement program has been arranged and will be presented by members of the different classes who have attended the Bible school. Certificates of attendance will be presented to each pupil. The program will begin at eight o'clock and the general public is invited to attend.

Mrs. Bert Lacy was carried to a Baird hospital in a Higginbotham ambulance Monday of this week where her condition was described as unsatisfactory.

Farmers May Store Grain At Home And Qualify For Loans

With the entire nation confronted with insufficient grain storage for the current crop, many local farmers are planning to warehouse their yields on the farm. It is pointed out that they can probably qualify for the government protected price by so doing, whereas if they sell in the unprotected market prices will be considerably lower.
 Government loan on number one hard wheat is \$1.87 per bushel in Callahan County, while the grain would bring no more than \$1.50 on the non-subsidized market. Oats likewise enjoy a loan value above the market quotation.
 Grain stored on the farm will, of course, be the farmer's responsibility, however, many point out that they are willing to run the risk of fire and weevils to avail themselves to the greater price.
 For a time at least, it may be necessary to store grain on the ground, covered with tarpaulins.

Burkett News

Grain cutting and combining is in full sway as well as gathering and canning vegetables. The gardens are burning up fast, and will soon be gone if it does not rain soon. The crops are also needing rain.
 Rev. and Mrs. J. W. Tickner left Monday for Cisco to spend the night with his mother. He will go to Fort Worth Tuesday to attend the annual conference.

Rev. Fred Smith, pastor of the Baptist church, preached his farewell sermon Sunday night. He and his family will move to Knot, Texas in the near future. He will have a full time church there.

Minister Leach, pastor of the Church of Christ, also preached his farewell sermon Sunday night. The new pastor will be at the church next Sunday.

Mr. and Mrs. Paul Bohnstedt and Sherry returned to their home at Rantule, Illinois after visiting her parents, Mr. and Mrs. V. C. Adams, the past two weeks.

Joan and Jean Evans visited their sister and family, Mr. and Mrs. Harold Chatham, of Oplin.

Mrs. G. Boyle is visiting her father, Caleb Neff, of Coleman, who is ill with the flu.

Misses Shirley and Betty Cowan of Electra are visiting in the O. L. McKinney home and with other relatives.

Mrs. Luke Edington is home after undergoing surgery at a Brownwood hospital.

Mrs. Matt Byers is on the sick list this week.

Little Miss Rita Joy Wilson of Buffalo visited her grandmother, Mrs. Cora Gaines, and other relatives last week. Rita Joy was real sick while here.

Lester Strawn, Jr., is home from Hardin-Simmons where he attended school this last term.

Mrs. H. P. White, Lahoma and Richard are visiting in Oklahoma.

Mrs. D. A. Boyle and Bonnie visited relatives in Bonham over the week end.

Mrs. Bob Herring operated the cafe while Mrs. Boyles was away.

Glen White, from TSCW, spent a few days at home before returning to his school for the summer.

Harold White is employed by the Amerada Oil Company at Vernon.

Mr. and Mrs. Hulan Harris, Wayne Harris, and Gene Garrett have returned to San Marcus for the summer school session.

Wayne has also returned to his school at Austin for the summer. W. E. Audas is slightly improved at this writing.

Mrs. Pet Underwood and Shirley and Tommy are visiting in Rotan.

Anita Strickland has been visiting relatives in Cross Plains since Tuesday of last week.

The W.M.U. ladies of the Baptist church canned beans for the Buckners Orphans Home Monday of last week at the home of Mr. and Mrs. C. S. Parsons.

Several persons over the community have been ill during the past few days.

HOW TO SHOOT A RIFLE

By ARTHUR E. COOK
National and Olympic Rifle Champion

...ights are used to point the target and it is important to learn to sight perfectly. An alignment of 1/10 inch in sight alignment will place the bullet two inches from the center of a target 100 feet away—a bad miss. You have the rear peep and front sight combination on top of the rifle, aim as shown at top centering the top of the peep hole. With an open sight (right above) center the top of the post on a level with the rear sight before directing the aim on the target. Notice when shooting at bullseye targets you aim at the bottom of the bull rather than at the center. That is because you are likely to lose sight of the black post within the black bullseye.

Aiming and shooting at bullseye targets is not only a great sport with many thousands of adherents throughout the world, but it is also the finest training for any kind of shooting. If you can't hit a bullseye that is standing still how can you expect to hit a live target that is moving?

(This instruction based on the book "HOW TO SHOOT A RIFLE," published by The National Rifle Association, Washington, D. C.)

Be sure of your backstop!

Local Men Recall Omaha Beach Five Years Ago Monday

Although very few former G. I.'s stopped to reminisce, Monday marked the fifth anniversary of one of the bloodiest days in American history, invasion of the Normandy coast.

Ex-servicemen who participated in the historic Omaha Beach operation, of whom there are many in the Cross Plains area, recall the landing and the subsequent combat as a grim experience. Others remember it as a time of redoubled effort, the beginning of the end, and civilians at home recall the apprehension which they felt for local boys in the thick of the fight, and the graphic accounts of American progress which poured information home through radio and wire services.

The Normandy invasion and struggle for a toe-hold in France cost the lives of several Cross Plains youths, yet it marked the turn in a conflict which then imperiled the earth. Nearly every adult American can remember where he was when he first heard the news of the great amphibious undertaking and the silent prayer uttered in his heart. Omaha Beach, hitherto unknown, became a household word.

Five years have passed and anniversary of the event slipped by unnoticed Monday, yet to some the memory of that day will burn forever fresh and vivid.

Mr. and Mrs. M. E. Howell visited in the home of their daughter and family in Colorado City Sunday afternoon.

Candidate

Caso March of Waco has resigned his position as professor of law at Baylor University to make his third consecutive race for Governor of Texas. The Waco lawyer has announced that he will open his campaign headquarters in Waco and hit the campaign trail in early June and stay on the road until the election, 1950. March's platform calls for the redistribution of the tax burden in Texas from the small home owner and farmer to certain natural resources; \$50 a month old age pensions, rural roads, aid to institutions for the mentally sick, veterans bonus, assumption by the State of the local bond indebtedness of school districts and the preservation of local self government in Texas.

Miss Polly Moon of Waco spent the past week end at her home here.

Mr. and Mrs. R. B. McGowen returned to their home in Monahan Monday evening after a visit of several days here.

Miss Barbara Garrett is attending the Presbyterian encampment at Buffalo Gap this week as a delegate from the Abilene district which includes Cross Plains.

Charles Mack Holdridge has arrived here at the home of his parents to spend the summer after attending John Tarleton at Stephenville.

Sgt. and Mrs. Grady W. Ramey and son, of Bastrop, spent the week end with her parents, Mr. and Mrs. Richard Thompson, in Cross Plains.

New Officers Are Installed Here By Eastern Star Body

(Contributed)

In a lovely ceremony Monday evening, June 6th, at the Masonic Hall Juanita Mayes was installed as Worthy Matron and Norman Coffey Worthy Patron for the ensuing year.

The meeting was called to order by the retiring Worthy Matron, Loreta Lutzenberger.

Installing officers in charge of ceremonies included: L. F. Foster, installing officer; Maggie Cook, installing marshal; Loreta Lutzenberger, installing secretary; Vera Pearl Bunnell, installing organist; Mammie Cunningham, installing chaplain.

Other officers installed were: Pearl Greenwood, associate matron; G. W. Fore, associate patron; Juanita McNeel, secretary; Sybil Worthy, treasurer; Flora Wright, conductress; Dixie Coffey, associate conductress; Missouri Strahan, chaplain; Exa McCord, marshal; Anna Mae McNeel, organist; Carmora Cox, Ada; Waldine Foster, Ruth; Velma Bailey, Ester; Jean Fore, Martha; Ruby Nichols, Electa; Myrtle Foster, Warder; and W. A. Williams, sentinel.

After installation, the Worthy Matron expressed her appreciation to the chapter and installing officers and gave her address on working together with love for unity and peace.

A lovely gift was presented to the Worthy Matron by Waldine Foster from the officers of the ensuing year.

The Junior Past Matron and Past Patron were presented their pins with appropriate words in appreciation of their year's work.

Refreshments were served in the reception room at the close of the meeting.

Miss Paula Jean Harrell of Lubbock spent the week end here with her uncle, Paul Harrell.

COMMUNITY SINGING TO BE AT METHODIST CHURCH NEXT SUNDAY AFTERNOON

A community singing will be held at the Cross Plains Methodist church next Sunday afternoon, beginning at two thirty, Foster Bond, has announced.

A cordial invitation is extended singers, and those who enjoy gospel singing, to be on hand and help make the gathering an afternoon of old-fashioned sing-song.

Mrs. Ernest Clark and daughter have returned to San Angelo after a visit here.

COTTONWOOD TO PRESENT HOME TALENT PLAY SOON

A home talent play entitled "Jimmy Be Careful," which is now in the practice stage, will be produced soon at the high school in Cottonwood, it has been announced. H. S. Varner is directing the two and one-half hour entertainment, and actual date will be announced later.

O. B. Edmondson left Monday morning for College Station where he will enroll at A&M College for a short study course.

High Blood Pressure

HARDENING OF ARTERIES, PAINS IN LEFT ARM AND SIDE-

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948: "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass. "I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure." Hundreds of other testimonials of similar nature.

H. D. Agent's Column

By Evelyn W. Scott

Preliminary records of 4-H Club girls were turned in in May. Records were read and outstanding girls selected. Leadership ability was also considered.

Louise Smith of Eula, and Ann Burleson of Dudley and Eula were selected to attend the Annual 4-H Roundup to be held June 14-15. Nita Johnson, county dress revue winner will also attend this meeting to represent Callahan County in the State 4-H Dress Revue to be held on June 15. A leader and Mrs. Evelyn Scott will accompany the girls.

Roberta Edwards, Eula; Barbara Breeding, Denton; and Ann Gotcher, Denton were selected to attend District 4-H Encampment held May 25, 26, and 27. Other girls have turned in records equally as good as those selected to attend the encampment but were unable to attend due to the fact that school was not out in several schools. These girls have just returned from this encampment being accompanied by Mrs. Fred

chell, Denton, and the Agent, Mrs. Scott. These girls will assist in training other leaders on camp activities during June. The county 4-H encampment will be held July 6, 7, and 8. Further details will be released at a later date.

"When warm weather comes around, we like to do as much work out of doors as we possibly can," Mrs. Bernice Claytor, extension home management specialist of Texas A&M College recently pointed out. "But don't forget that comfortable working heights are just as important outside as they are in the kitchen and laundry."

A sturdy bench or table conveniently near the back door or in the garage can take the stoop out of many spring jobs which too often are done uncomfortably and inefficiently on the ground, she said.

For example, window screens and garden furniture can be painted more easily when set up at a convenient working height. Refinishing furniture, upholstering and putting furniture into condition

for the season can be pleasant jobs when done out in the sunshine and at a level where they are convenient to handle as well as to see.

"The principles that hold for indoor work apply outside, too," Mrs. Claytor concluded. "Indoors or out, work is easier, faster and pleasanter when done without stooping."

This Tastes Good In Texas
Recipe of the Week
Salmon Cheese Loaf

2 cups (1 pound) canned salmon
1 cup grated American cheese
1 cup cracker or bread crumbs
1 tablespoon grated onion
1/2 teaspoon salt
1/4 teaspoon celery salt
pepper to taste
1 egg, beaten
3/4 cup milk
2 tablespoons melted butter
Flake salmon, add other ingredients, and mix well. Mold into a fish-shaped loaf or oval ring in a greased shallow baking pan, dot with butter and bake in a moderate oven (350 degrees F.) about 30 minutes until lightly browned. Serve hot, with olive-almond sauce and parsley-buttered potatoes. Serves six.

Olive-Almond Sauce for Fish Loaf
1 cup hot medium thick white sauce
1/4 cup stuffed olives, sliced
1/4 cup toasted almonds, cut in strips
1/4 cup mayonnaise
Add olives and almonds to white sauce and heat in double boiler. Just before serving, stir in mayonnaise, add more seasoning if needed, and serve at once. Serves 3 or 4.

Timely Tips
Extension Foods and Nutrition Specialists Texas A&M College
1. Red salmon costs about twice as much as the less highly colored. The food value of each kind of salmon is the same.

2. Include fish, either fresh, canned or frozen, in family menus often. It furnishes complete protein as well as valuable minerals and vitamins.

3. When cleaning fresh fish dip fingers in dry saw and you can get a firmer grip on the slippery fish.

Book On Checkers
By Cross Cut Man
Is Selling Rapidly

A. H. Plummer, of Cross Cut, one of the nation's outstanding checker players, has recently published a book called "150 Selected Single Corner Games" which is now being sold in Canada, Scotland and Germany in addition to wide distribution throughout this country. Checker players wishing to secure Mr. Plummer's booklet may do so by contacting him at Cross Cut, Texas.

\$110,000 In Bonds
Voted Saturday By
Citizens Of Baird

Without a dissenting vote, Baird approved issuance of \$110,000 revenue bonds for construction of a water pipeline and filter plant to a new lake to be built on Mexia Creek.

One hundred fifty nine affirmative votes were cast. The bond issue also will retire \$23,000 in bonds outstanding against the present water and sewer system.

The new pipeline will connect the city with the Mexia Creek Lake which will be built near Baird by a recently created water district. In a contract recently drawn at a meeting of the City Council and directors of the Callahan County Water Control and Improvement District No. 1, the city agreed to pay four cents per 1,000 gallons of water with a minimum charge of \$300 per month.

The contract will not become effective until approved by the attorney general and submitted to a vote of Baird citizens.

W. W. (Willie) Mitchell, of Ranger, and Charlie Mitchell, of Fresno, California, visited friends at the Baptist church here Sunday and took dinner in the home of Mr. and Mrs. H. C. Williams Sunday.

Items of Interest taken from
files of the Review printed 10,
20 and 30 years ago:

**30 YEARS AGO
June 13, 1919**

Dr. J. D. Sandifer, president of
Simmons College at Abilene,
preached the commencement ser-
mon to local graduates Sunday
night at the Baptist church.

This year's graduating class has
no boys, following is a list of girl
seniors:

Patience Austin, Pauline Wesley,
Juanita Harpole, Cozette Hembree,
Thelma Lamar, Gladys Adams,
Fay Tarrt, Ethyl Paster and Ollie
Mae Thorn.

Fire destroyed a barn and con-
tents on the E. L. Teston farm,
three miles east of town Sunday
afternoon. About 1000 pounds of
seed cotton, and a lot of feed was
lost as well as farm implements
damaged. No insurance.

Commissioner McDaniel, Henry
Smedley and Drew Baum went to
Baird Monday.

R. E. Wilson, produce man, made
a Ford trip to Eastland Monday,
coming back in the night, and also
in the rain.

Mose Baum, who has been with
Uncle Sam doing border duty, has
received his discharge and is now
at his old job carrying mail for
the same August personage, U. S.
route 2, relieving his sister, Miss
Rivers Lamar, who was his sub-
stitute.

**20 YEARS AGO
June 21, 1929**

J. M. Little, father of Dee Little,
has been visiting his son here.

Miss Myrtle Childers entertain-
ed with a social last Friday even-
ing in the home of Mrs. Will Mc-
Gowan. Those attending were Vera
Ford, Mrs. Cecil Moore, Edwin
Hill, Ressa Pierce, Bonnie Wayne
Adams, Charlie Gatlin, Mr. and
Mrs. A. E. Hill, Lois McCord, Ruth
Hill, Catherine Ford, Velma Barr,
Fay Reed, Lucile Carter, Edward
Schaffner, Harry Heath, Hoyt Co-
nine, H. H. Tanner and A. Adams.

Mrs. A. R. Clark has as her
guests, Mrs. J. H. Moragne and
daughter, Mary, of Groesbeck, and
Virginia Porter of Terrell.

**10 YEARS AGO
June 9, 1939**

Marriage of Thelma Gordon of
Albany and Charles F. Hemphill
of this city was solemnized Sunday
in Albany.

Following the ceremony, the
couple left for a short trip to South
Texas. They will live in Rankin.

Sheriff C. R. Nordyke and three
deputies raided a place 18 miles
southwest of Baird Sunday after-

**LOCAL SAILOR MOVES
TO NORFOLK, VIRGINIA**

Doyle C. Purvis, of Cross Plains,
who entered the navy about a year
ago, was recently transferred to
the USS Berry, and is moving from
Mare Island on the West Coast to
Norfolk, Virginia.

Personals

Miss Paula Jean Harrell of Lub-
bock spent the week end here
with her uncle, Paul Harrell.

Billy Anderson, student at Texas
Tech, has arrived here to spend
the summer.

Mr. and Mrs. Richard Lawrence
of Jal, New Mexico visited here
the past week end.

Miss Marie Smith has returned
to her home here after a visit in
San Angelo.

Gerald Moon has returned to
Abilene where he will attend sum-
mer sessions at Hardin-Simmons.

Mrs. L. L. Blackburn, of Baird,
visited in Cross Plains Friday
afternoon.

Sgt. and Mrs. Grady W. Ramey
and son, of Bastrop, spent the
week end with her parents, Mr.
and Mrs. Richard Thompson, in
Cross Plains.

noon and dispersed a crowd of
150 which had allegedly gathered
to participate in rooster fighting.
O. C. Nations of Abilene was
charged with ownership of the
"pit" and, along with 11 others,
was charged with gambling.

Mr. and Mrs. Mark Adair moved
this week into the C. M. Garrett
residence in the north part of
town. The house and grounds have
recently been redecorated and im-
proved.

Miss Myrtle Eugenia Haggard,
daughter of Mr. and Mrs. T. R.
Haggard, former Cross Plains res-
idents, was married Sunday morn-
ing to Gordon L. Hardin of Lamesa,
at the ranch home of her parents
near Westbrook.

A new roof was placed on the
Methodist church building here
this week, work being completed
Wednesday.

The Community Public Service
Company's softball team, as yet
undefeated in city competition,
will give the Highway squad a
chance at a perfect record Friday
when they meet at the field near
the Sinclair-Prairie lease. Game
time is six p.m.

**Mrs. Gray of Burkett
Achieves Publication**

Mrs. Annie Merle Gray, Burkett,
is one of the authors whose work
has merited a place in "Important
American Poet & Songwriters," this
year's most outstanding volume of
lyrics and poetry.

Thousands of manuscripts were
submitted from every corner of the
globe. Competition for a place in
this volume was very keen. Many
of the authors represented have
been previously published in other
important books, magazines and
newspapers.

Some of them have authored out-
standing volumes of their own, so
that to have won a place in this
volume is an achievement worthy
of wide recognition. For many of
the authors this is the first oppor-
tunity to achieve publication, and
it may serve as the incentive to a
successful literary career.

This volume met with such an
overwhelming response this year
that Valiant House, Publishers, of
664 Avenue of the Americas, N. Y.,
are already planning the 1949 book.
In order to encourage the lesser-
known authors to endeavor to at-
tain their rightful place in the
literary world, the publishers this
year are offering many prizes to
be announced shortly.

Mr. and Mrs. Donnel Clark are
visiting his mother, Mrs. Jeff Clark,
since he finished college at Texas
Tech last week.

Mr. and Mrs. Oscar Starkey of
Dallas visited here the past week.

**Rising Star Hires
Second Grid Coach**

Rising Star high school has em-
ployed an assistant coach to as-
sist Ray Nunnally during the
forthcoming football season. The
addition to the staff is Bill Mar-
cum, of Amarillo, recent graduate
of Hardin-Simmons University at
Abilene.

Mr. and Mrs. Claude Mayes and
Billy visited in Lamesa Sunday.

1/4 cup stuffed olives, sliced
1/4 cup toasted almonds, cut in strips
1/4 cup mayonnaise

Add olives and almonds to white sauce and heat in double boiler. Just before serving, stir in mayonnaise, add more seasoning if needed, and serve at once. Serves 3 or 4.

Timely Tips

Extension Foods and Nutrition Specialists Texas A&M College
1. Red salmon costs about twice as much as the less highly colored. The food value of each kind of salmon is the same.

2. Include fish, either fresh, canned or frozen, in family menus often. It furnishes complete protein as well as valuable minerals and vitamins.

3. When cleaning fresh fish dip fingers in dry sak and you can get a firmer grip on the slippery fish.

Book On Checkers
By Cross Cut Man
Is Selling Rapidly

A. H. Plummer, of Cross Cut, one of the nation's outstanding checker players, has recently published a book called "150 Selected Single Corner Games" which is now being sold in Canada, Scotland and Germany in addition to wide distribution throughout this country. Checker players wishing to secure Mr. Plummer's booklet may do so by contacting him at Cross Cut, Texas.

\$110,000 In Bonds
Voted Saturday By
Citizens of Baird

Without a dissenting vote, Baird approved issuance of \$110,000 revenue bonds for construction of a water pipeline and filter plant to a new lake to be built on Mexia Creek.

One hundred fifty nine affirmative votes were cast. The bond issue also will retire \$23,000 in bonds outstanding against the present water and sewer system.

The new pipeline will connect the city with the Mexia Creek Lake which will be built near Baird by a recently created water district.

In a contract recently drawn at a meeting of the City Council and directors of the Callahan County Water Control and Improvement District No. 1, the city agreed to pay four cents per 1,000 gallons of water with a minimum charge of \$300 per month.

The contract will not become effective until approved by the attorney general and submitted to a vote of Baird citizens.

W. W. (Willie) Mitchell, of Ranger, and Charlie Mitchell, of Fresno, California, visited friends at the Baptist church here Sunday and took dinner in the home of Mr. and Mrs. H. C. Williams Sunday.

Any erroneous reflection upon the character, standing or reputation of any person, will gladly be corrected if brought to the attention of the editor personally at the office, Eighth Street, Cross Plains, Texas.

Mr. and Mrs. Lee Bishop were in Eastland Saturday.

BISHOP CHEVROLET COMPANY INSTALLS A WHEEL ALIGNER

Bishop Chevrolet Company, located on North Main Street, has completed installation of wheel alignment equipment and now has the tool in operation.

This machine, the owner, Lee Bishop, believes, is the only equipment of this nature in Cross Plains, and is designed to lengthen the life of automobile tires, and steering parts.

Advertising of the new equipment will be found on another page of the Review.

BAIRD ORGANIZES BALL CLUB, LEASES DIAMOND

Baird baseball fans have completed organization of a club, and leased a site, which has been used for sometime for a diamond, for a period of five years. The club has been State chartered as the Baird Recreation Club, Inc.

Softball games are being played at present with the Baird club taking on Albany and Abilene teams last week.

Items of Interest taken from files of the Review printed 10, 20 and 30 years ago:

**30 YEARS AGO
June 13, 1919**

Dr. J. D. Sandifer, president of Simmons College at Abilene, preached the commencement sermon to local graduates Sunday night at the Baptist church.

This year's graduating class has no boys, following is a list of girl seniors:

Patience Austin, Pauline Wesley, Juanita Harpole, Cozette Hembree, Thelma Lamar, Gladycce Adams, Fay Tartt, Ethyl Foster and Ollie Mae Thorn.

Fire destroyed a barn and contents on the E. L. Teston farm, three miles east of town Sunday afternoon. About 1000 pounds of seed cotton, and a lot of feed was lost as well as farm implements damaged. No insurance.

Commissioner McDaniel, Henry Smedley, and Drew Baum went to Baird Monday.

R. E. Wilson, produce man, made a Ford trip to Eastland Monday, coming back in the night, and also in the rain.

Mose Baum, who has been with Uncle Sam doing border duty, has received his discharge and is now at his old job carrying mail for the same August personage, U. S. route 2, relieving his sister, Miss Rivers Lamar, who was his substitute.

**20 YEARS AGO
June 21, 1929**

J. M. Little, father of Dee Little, has been visiting his son here.

Miss Myrtle Childers entertained with a social last Friday evening in the home of Mrs. Will McGowan. Those attending were Vera Ford, Mrs. Cecil Moore, Edwin Hill, Ressa Pierce, Bonnie Wayne Adams, Charlie Gatlin, Mr. and Mrs. A. E. Hill, Lois McCord, Ruth Hill, Catherine Ford, Velma Barr, Fay Reed, Lucile Carter, Edward Schaffner, Harry Heath, Hoyt Collins, H. H. Tanner and A. Adams.

Mrs. A. R. Clark has as her guests, Mrs. J. H. Moragne and daughter, Mary, of Groesbeck, and Virginia Porter of Terrell.

**10 YEARS AGO
June 9, 1939**

Marriage of Thelma Gordon of Albany and Charles P. Hemphill of this city was solemnized Sunday in Albany.

Following the ceremony, the couple left for a short trip to South Texas. They will live in Rankin.

Sheriff C. R. Nurdyke and three deputies raided a place 18 miles southwest of Baird Sunday afternoon and dispersed a crowd of 150 which had allegedly gathered to participate in rooster fighting.

O. C. Nations of Abilene was charged with ownership of the "pit" and, along with 11 others, was charged with gambling.

Mr. and Mrs. Mark Adair moved this week into the C. M. Garrett residence in the north part of town. The house and grounds have recently been redecorated and improved.

Miss Myrtle Eugenia Haggard, daughter of Mr. and Mrs. T. R. Haggard, former Cross Plains residents, was married Sunday morning to Gordon L. Hardin of Lamesa, at the ranch home of her parents near Westbrook.

A new roof was placed on the Methodist church building here this week, work being completed Wednesday.

The Community Public Service Company's softball team, as yet undefeated in city competition, will give the Highway squad a chance at a perfect record Friday when they meet at the field near the Sinclair-Prairie lease. Game time is six p.m.

LOCAL SAILOR MOVES TO NORFOLK, VIRGINIA

Doyle C. Purvis, of Cross Plains, who entered the navy about a year ago, was recently transferred to the USS Berry, and is moving from Mare Island on the West Coast to Norfolk, Virginia.

Personals

Miss Paula Jean Harrell of Lubbock spent the week end here with her uncle, Paul Harrell.

Billy Anderson, student at Texas Tech, has arrived here to spend the summer.

Mr. and Mrs. Richard Lawrence of Jal, New Mexico visited here the past week end.

Miss Marie Smith has returned to her home here after a visit in San Angelo.

Gerald Moon has returned to Abilene where he will attend summer sessions at Hardin-Simmons.

Mrs. L. L. Blackburn, of Baird, visited in Cross Plains Friday afternoon.

Sgt. and Mrs. Grady W. Ramey and son, of Bastrop, spent the week end with her parents, Mr. and Mrs. Richard Thompson, in Cross Plains.

Mrs. Gray of Burkett Achieves Publication

Mrs. Annie Merle Gray, Burkett, is one of the authors whose work has merited a place in "Important American Poet & Songwriters," this year's most outstanding volume of lyrics and poetry.

Thousands of manuscripts were submitted from every corner of the globe. Competition for a place in this volume was very keen. Many of the authors represented have been previously published in other important books, magazines and newspapers.

Some of them have authored outstanding volumes of their own, so that to have won a place in this volume is an achievement worthy of wide recognition. For many of the authors this is the first opportunity to achieve publication, and it may serve as the incentive to a successful literary career.

This volume met with such an overwhelming response this year that Valiant House, Publishers, of 664 Avenue of the Americas, N. Y., are already planning the 1949 book. In order to encourage the lesser-known authors to endeavor to attain their rightful place in the literary world, the publishers this year are offering many prizes to be announced shortly.

Mr. and Mrs. Donnel Clark are visiting his mother, Mrs. Jeff Clark, since he finished college at Texas Tech last week.

Mr. and Mrs. Oscar Starkey of Dallas visited here the past week.

Rising Star Hires Second Grid Coach

Rising Star high school has employed an assistant coach to assist Ray Nunnally during the forthcoming football season. The addition to the staff is Bill Marcum, of Amarillo, recent graduate of Hardin-Simmons University at Abilene.

Mr. and Mrs. Claude Mayes and Billy visited in Lamesa Sunday.
