The Cross Plains Review

(SERVING THE LARGEST SHALLOW OIL FIELD ON EARTH)

Without offence to friends or foes we sketch Cross Plains exactly as it goes.

VOL. XXII 6 PAGES THIS WEEK CROSS PLAINS, TEXAS, FRIDAY, NOVEMBER 17, 1933 5c PER COPY No. 46

NEW C. W. A. JOBS CREATED HERE

HOME TOWN GOSSIP

The tattle-tail of this column has it pretty straight that a certain handsome, young filling station operator and a charming, young music teacher will recite their "I Do's" at Hyman's altar Christmas.

I am also informed from less authentic sources that two more local gents will enter double life during the yuletide season, taking as their brides a couple of girls from this vicinity. The gents in question are "professional" men.

Congratulations, Cross Plains, you played a good game Saturday and we were proud to admit that we are your closest neighbors. We are backing you for next championship.

"Doc" Sellers, Rising Star's gift to Journalism and the papa of the well read Hash column in the Record, states in his writings that he is contemplating a wager with us for the Cross Plains-Rising Star football game. However, as yet, he has failed to make his intentions officially known.

Could it be that the Twinkling City scribe will be found lacking in loyalty to his 'Kittykats' this year? We remember last year, when the Rising Star boys were top heavy favorites, he called our bet without a moment he called our bet without a moment's deliberation.

Advertising on page one is strictly forbidden in this great exponent of democracy but we prevail ourselves to the opportunity of saying a word about the Review's bargain day subscription campaign this week, under the rubric of it being news.

Your home town newspaper is going to have a decidedly increased subscription family when the annual rate slash comes to a close. But the Review staff is highly desirous of making view's number of readers more than any other sheet in this size town in Texas, Do Your Part. Renew or subscribe today.

Didja know? T. Y. Woody has had the same postoffice box here for 14 years? Gus Dennis has rented a tract of land for 19 consecutive years, and that there has never been a squabble between the landlord and tenant.

The dope bucket certainly received a kick in the snout last week and our football guesses looked a bit absurd, after time keepers guns had ended the various feuds over the district. Nevertheless, we came close and despite the numerous upsets our average was approximately 500 percent. It is therefore, without apologies to "ol' man dope" or spirited fans that the following predictions are offered for this week's grid menu.

Local Man's Father Is Slain At Gorman

WATCHMAN SLAIN BY DESDEMONA WOMAN EARLY MONDAY NITE

Leon Robinson, 55, Gorman night watchman and father of Fulton Robinson of this place, is dead and Mrs. Mae King, 35, is in a critical condition as a result of a shooting on the Main Street of Gorman early Monday night.

Terminating a short conversation, Mrs. King seated in the automobile in which she had just driven from Desdemona, shot Robinson once through the forehead, killing him instantly, and then shot herself twice through the lungs with a second gun.

Used Two Guns
Four boys standing near the automobile heard the three shots in rapid succession and saw Robinson crumple to the street then Mrs. King fall from the car across the dead night watchman's body.

Two guns fell from the car into the street. From a .38 calibre pistol, one shot had been fired through Robinson's head.

Two cartridges from the second gun, a .25 calibre pistol, had been discharged, the bullet penetrating Mrs. King's lungs. Robinson's gun, a .45 calibre pistol, was in his scabbard, untouched.

J. T. Chapman, justice of the peace, who conducted a verdict over Robinson, returned a verdict that he had died from gunshot wounds inflicted by Mrs. King.

BEGINNING MONDAY THEATER WILL SHOW 6 DAYS EACH WEEK

With new sound apparatus completely installed, the Liberty Theater here will begin Monday showing six nights a week, according to an announcement from W. A. Beavers, manager, yesterday. The new sound devices are replicas of the machinery used in the larger theaters throughout the state. Cross Plains is one of the first small towns in this section to be equipped with the most modern type of sound equipment.

"The new machinery will enable us to show newer pictures and give our patrons programs that will equal those that might see anywhere in Texas", Mr. Beavers told the Review.

The program for the first full week of showing, which begins Monday night follows: Monday and Tuesday, Janet Gaynor and Garrat, in 'Adorable'; Wednesday and Thursday, 'Sailors Luck', with a cast offering a host of moviedom's celebrities; then Friday and Saturday, Bob Steele, in 'The Oklahoma Cyclone'.

Saturday night of last week, V. A. Underwood, local vocational teacher, and two of his students, Buster Atwood and W. N. Long, attended an F. F. A. meeting in Abilene, as is customary once every two months. At the meeting Saturday night, W. N. Long was elected Parliamentarian of this district chapter.

Ralph Petty, formerly of the City Drug store left Wednesday for Brownwood where he has accepted a position there.

Mr. and Mrs. Phil Anderson had as their guests over the week end, Mr. and Mrs. Charlie Smith and children of Rising Star.

Mr. and Mrs. Bailey Wilson, and Mr. and Mrs. Chase Adams, were in Brownwood Sunday.

Mr. and Mrs. Jesse McAdams and daughter Jessie Ruth were Abilene visitors Tuesday.

LOCAL AG STUDENTS TREAT WORMY SHEEP

Worming sheep the new and most effective way is no mystery to students in the second year vocational agriculture class in the Cross Plains High School.

The class wormed 15 ewes and 196 lambs November 9th, on the Harrell and Lane Stock Farm five miles south of town.

This work was done with a 40 c. c. worming gun and 1130 c. c. of Arsate furnished by the Temple Laboratories. The Arsate was used at the rate of 10 c. c. per ewe and c. c. per lamb. Feed was withheld from sheep 12 hours before giving Arsate and 8 hours afterward.

The cost of worming the sheep was \$1.13.

After the work was completed the boys were served sandwiches, beans and coffee.

Miss Clara Nell McDermott entertained members of the 'Just Us bridge group last Thursday night at the home of her aunt, Mrs. Jack Aiken. Miss Farora Neeb won high score. Refreshments consisting of tuna fish sandwiches, potato chips, olives, candy and hot chocolate were served to club members and Miss Melba Mitchell.

Mr. and Mrs. Arlie Brown and Mrs. Ben Welch visited in Stephenville and Fort Worth over the week end.

County Agent Explains Cotton Acreage Plan For 1934 and '35

BY ROSS B. JENKINS

During the past week it was our pleasure and opportunity to attend the greatest convention of County Agents ever held in the United States, probably, and to have discussed with us the new cotton plan by Hon. C. A. Cobb, Chief of the Cotton Section, from Washington. There were many press reports coming out that many of you read but many of them were rather hazy and some seemed to give the impression that the agents were not thoroughly of the opinion that the deal would go over. That was not the impression given the writer but that every man there said it was a very fair plan and could be sold on its merits. After having gone through the past summer's experience here with you farmers and after having the opportunity of meeting you and personally discussing the problems concerning cotton reduction, our opinion was that the plan will meet with greater success than of last summer. The new plan has many angles that will appeal to the cotton grower that the other plan failed to include. The new contract will be drawn by three kinds of individuals. They are the land owner, the independent farmer who is a renter and the cash renter. In every case we are advised the landowner will sign the contract. Those who have a money lease for two years or more may sign and get the full benefits, without the landowners consent.

The plan is altered as was first printed in the papers some few weeks ago as that plan said it would be paid a rental fee of \$3.00 to \$11.00 where as the revised plan which is now going to press will pay the farmer 3 cents per pound for his 5 year average production. This five years is from 1928 to 1932 inclusive. The 1933 crop is not included in the set up. Each farmer is asked to cut his acreage 40% of his five year average. He will receive the rental that his average shows and no other way will be used to determine his rental free. That is, no inspector will guess at the amount the land will make the cold figures of what has been done will be used. This seems a fair deal and will play no favorites.

ARMSTRONG REPLACED AS M. E. PASTOR HERE BY REV. J. A. SCOGGINS

J. A. Scoggins, of Panhandle, will assume duties as pastor of the First Methodist Church here next week to replace Rev. C. C. Armstrong, who was transferred to Panhandle, by the North Texas Methodist Conference in session at Clarendon last week.

The Rev. Mr. Scoggins will not arrive in time for services Sunday, but is expected here about Monday night. Rev. Armstrong left for his new pastorate Thursday morning.

The new Cross Plains pastor is a man of about 40 years and a talented preacher, according to Rev. Armstrong, who is a long time friend of Rev. Scoggins. He has a family of three; a wife and daughter, who is a senior in high school.

The Rev. Mr. Scoggins formerly held pastorates at Knox City, Roby and Panhandle.

The conference made no other changes in the Cross Plains trade territory. Rev. DeWitt Van Pelt was returned to his duties at Dressy and Cottonwood.

Miss Ethel Manning was hostess to members of the Ace of Clubs bridge group last Thursday night when she entertained at the home of Mrs. Pittman. Miss Elma Ruth Clarkson won high score. High score for visitors went to Mrs. Fred Outbirth.

SECRETARY CEMETERY ASSOCIATION MAKES APPEAL FOR SUPPORT

An appeal to members of the Cross Plains Cemetery Association for semi-annual dues is being made this week by C. F. Hemphill, secretary of the organization. He is urging people, who have relatives interred in the local cemetery to affiliate with the organization and lend it their financial as well as moral support.

"Remittances may be mailed to any official of the association or directly to the Citizens State Bank", he told the Review yesterday.

Mr. Hemphill's direct appeal is published hereunder.

"Please pay your Semi-annual dues of one dollar per member to the Cross Plains Cemetery Association now.

"S. R. Jackson has been appointed chairman of the finance committee and he will appoint eight ladies in the city to canvass the entire citizenship for new members and collect from old members. These ladies will be calling on you for your dues and we trust you will be prepared to pay them, or better still you can hand your dues to the bank and get your receipt or you can hand your money to any official of the association and they will get it over to our secretary and treasurer, Mrs. Martin Neeb.

"The Association has appointed Mrs. Henry Williams, Mrs. Jim Barr, and Mrs. Carlos McDermott to collect dues from all country people who are interested in this cemetery.

"If you cannot see any of these collectors or if you live off somewhere else we request that you mail your check and thereby do your part in keeping a beautiful cemetery beautiful".

Better Lighting Will Ease Your Budget Worries

There are budgets that really will work... budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy desk... they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes!... Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plot out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employe will be happy to inspect your home-lighting arrangements. There's no obligation, of course... and there are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Thousands have Ended their Bowel Worries by taking this advice!

Can constipation actually be overcome? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:

This is the way many men and women have made their bowels as regular as clockwork in a very short time.

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without

using force. An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any form of laxative, but use a healthful, helpful preparation like syrup pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

VOL. 1 ISSUED BY THE STUDENTS OF CROSS PLAINS HIGH SCHOOL NO. 1

Bufs Meet Williams In Conference Fray

Bufs Hold Albany Too 0 Tie for District Championship

The Cross Plains high Buffaloes and Albany Lions played sixty minutes of hard football with neither side scoring. The scoreless tie left Cross Plains, Albany and Baird tied for the leadership in the district race.

Both teams gave a great exhibition of defensive play. The visitors were able to make six first downs, and the home boys made five. Most of the first half was played in Buffalo territory, but with three minutes left to play in the first half the Buffaloes started a drive from their twenty yard line and took it to Albany's forty before the half ended. The last half was all a defensive battle with Albany having a slight advantage and the game ended with the ball in Cross Plains possession on their own thirty yard line.

The Buffaloes meet Williams in their next conference game here at 3:30 Friday afternoon. Williams has shown very little this season and therefore the Buffaloes are top heavy favorites, but Williams is reported to have a scrapping ball club.

Many Ex-Students Of Cross Plains Attend Game Sat.

Many of the graduates and others who formerly went to school in Cross Plains Saturday to see the Buffaloes play the Albany Lions. Some of them were, Olan Glen and Floyd Childs of San Angelo, Tommie Holden, who is attending A.C.C. at Abilene, Tommie Webb and H. H. McDermott who are attending Daniel Baker at Brownwood and also Miss Emmarie Hemphill of that place, Misses Pauline Payne of McMurry College at Abilene, Leonard Davidson, who is attending school at Simmons University, in Abilene, and Raymond Steel of the same place, and numerous others.

Library Receives New Novels Monday

Many new books were received in the library the latter part of last week. There are several books of fiction and also other books of value to the students. The company which we ordered the books made us a present of several novels.

Roadslippery and darkerformore hours are more dangerous for smooth, thin tires—colder weather is more disagreeable for tire-changing—think of what's coming and put on new Goodyears now!

Bought now, tough new Goodyears give you safety all winter yet wear very slowly due to cool roads. Next spring they'll still be almost new. Today's prices—many sizes lower than a year ago—are another "buy now" reason. Come in and see us!

Here are some jokes, And a few wise pokes; But be they so few, They're guaranteed to be true

Nelah! Who'd a thunk it! And several more exclamations! Miss Gwathmey is so interested in her classes that she can't afford to fall in love. That was the impression she left in English IV Monday morning. We were discussing Bocon's philosophy regarding his theory that no person could be in love and still be entirely sane. She seemed to uphold this theory. Therefore, to drill her endless chain of knowledge into us, she must be quite masterful in her ways, which calculation she could not be in if she were in love.

IF

If you can look upon your tooth brush when it's pink, and not forestall one day your semi-annual visit to the dentist;

If you can date a girl who talks incessantly and suppress the desire to advise her to take a short course in personality.

If you can slip on the perfectly clean undies you wore the day before without feeling a pariah;

If you can turn on the radio when a beguiling voice has just announced, "Simply make a list of all the three letter words found in the following phrase: 'The perfect performance of Simplex will satisfy,'" and not

reach for the dictionary;
If you can listen without emotion to the fascinating experiences of others without telling your own;
If you can read that hamburgers may be bought for half-price and still not over indulge.

Then take my hand and all that's in it; you are a better person than I am, schoolmate.

Announcement for Mr. Wheeler: All school children welcomed to our room to enjoy the radio which Coach had installed in our room at any time.

BEAT WILLIAMS

How Old Is The Student Body

If the ages of the students were strung out in a succession, a reign of the time elapsed from the time of the height Grecian Empire to the time of the height of the Roman Empire could be observed.

By averaging the ages in the students in the Senior class we find that the average age of each pupil is approximately 17 years; to be exact it is 16.89 years.

The Juniors average is about 16 years, 6 months. To be exact it is 16.48.

The Soph average is 15.54 years.

The Fish average is 13.66 years.

By these relatives averages it is evident that the Fish class has the best average of any in the school, specifically; but according to the laws of averages it is evident that a few of them will fail, thus an accurate cannot be determined without some general averages from many schools.

The Seniors have the next best average according to these averages compiled. Next are the Juniors, and the Sophs bring up the tail.

The youngest pupils in the classes beginning with the Seniors and going down are Maxine Jones, 15 years two months, Harry Carmichael, Jay Lee Smith, 14 years 10 month, and Bobbie Gaines, 12 years 2 months.

CROSS CUT NEWS

Class Rings Are Ordered

The twelve juniors and the three seniors have ordered class rings for this year and next year. It may sound strange, but it is true—some high-pressed salesman sold them to us, and we must pay 8 dollars each for them. Both classes have contemplated plays, and some have been ordered. The rings will be in within seven weeks—in time for a good Christmas present from the one who pays for them?

Annual Jubilee Is Successful

School was dismissed at noon Friday, in order that the house might be better prepared for the great carnival which was to be staged that night. Everything was set in readiness, and slowly the evening rolled around, replacing the dull afternoon—dull except for two interesting ball games, played between the afternoon and the night.

The games were between Cottonwood and Cross Cut. The Cottonwood boys by a score of 39 to 0. (An interesting game!) The Cross Cut girls were defeated for the first time in two years by a score of 20 to 6.

There were many attractions at the celebration, such as "chucking the kitty kats," spinning the roulette wheel, playing bingo, fishing, and eating peanuts, popcorn, and sandwiches.

It has not been definitely settled as to the exact profit made that night, but the gross amount taken in was a little over 64 dollars. The money is to be used to buy library books.

Large crowds attended, people coming from all of the nearby communities and towns, and spent money freely. We want to thank all of those who helped us put it over, either by aiding in the staging or by patriotically spending good money for little in return.

Mrs. Luke Clark is giving her Sunday School class a party Saturday night. Everyone is invited.
