Deep Oil Test For Area Being Considered

ROTARY EQUIPMENT WOULD BE USED TO REACH ELEMBERGER

A 4,000 feet oil test may be drilled a few miles North-east of Cross Plains by E. N. Schaffner, Sr., of this place, and two Dallas oil men. Blocking of acreage is now the only obstacle.

The test would be drilled with rotary equipment to a horizon of 4,000 feet which, according to informed oil men, would penetrate the Elemberger lime.

Exact location of where the well would be drilled was not learned by the Review, however, it was understood that it would be somewhere in the immediate vicinity of the Vestal well, which caused a flurry of excitement in the early twenties.

No less than 20 individuals contacted by a representative of the Review expressed hope that the acreage could be secured and that the test would begin in the near future.

"People of the Cross Plains trade territory have long clamored for a deep test. This is my opinion a real opportunity," a well informed oil operator said to the Review Wednesday afternoon.

The Dallas oil operators were in town Saturday. They are expected to be here again Monday to either make arrangements to drill or abandon the idea.

County Champs; Have Dandy Week

Cross Plains high school Buffaloes continued their winning streak by copping the county basketball tournament here Saturday, upsetting Crews, regional champions, Monday night, and then a decisive triumph over the Breckenridge Buckaroos Wednesday.

An engagement with Randolph Junior College is carded in the local gymnasium Friday night.

The players are: left to right, top row: Howard Everett, Ross Hemphill, William Upton, B. W. Huntington, Donald Strahan. Left to right, bottom row: Dale Bertrand, Cornelius Elliott, Coach Bill White, James Hall and Bruce Strahan. Slightly in front with the ball is captain D. C. Hargrove.

COTTONWOOD MAN LAID TO REST IN CEMETERY THERE

J. H. Wilkey, 80, died suddenly at Cottonwood Wednesday of last week. Death was attributed to heart failure. Interment was made in the Cottonwood cemetery with the Rev. Homer Hailey, of Abilene Christian College, officiating.

Mr. Wilkey was born September 24, 1856, in Alabama. He came to Texas when about one year old and to Cottonwood 23 years ago.

He expired at the home of his adopted daughter Mrs. W. B. Varner.

Mr. and Mrs. Wilkey had no children of their own, however, they reared three. One, a boy, died in the navy in 1921. The other two are Mrs. Varner and Mrs. Cal Richardson of Lockney. His widow also survives.

The deceased had been a member of the church 47 years.

Local Boys Beat Region's Champs 23 To 21 Monday

Amid wild applause from a crowd that packed the local gymnasium to capacity, Cross Plains high school Buffaloes staged a brilliant fourth quarter rally Monday night to defeat the highly touted Crews Cagers 23 to 21 in their second reverse of the season.

The visitors were able to maintain an early lead until in the closing minutes of the contest when Huntington, Buffalo center, cashed a crisp toss to put the domestics one point ahead, Hargrove, who gave splendid account of himself all evening, added a free toss giving coach Bill White's boys a two point margin on the regional champions from Runnels county. The remaining seconds saw what was said by many to be the fastest basketball ever witnessed on the local court, however, neither club tallied again. The game ended 23 to 21 with perhaps few as surprised in the verdict as the visiting athletes, who have lost only one other game out of the 41 starts.

Cross Plains' 23 points were made by: Hargrove 14, Elliott five, Huntington two, and Hemphill two. Crews counters were chalked up by: Faubion eight, Morrison five, Martin four, King two, and another Faubion two.

In a preliminary match Crews girls defeated Cross Plains 26 to nine.

O. B. Chambers referred both games.

HERD WINS COUNTY CAGE CHAMPIONSHIP SATURDAY MORNING

Cross Plains high school boys and Eula girls grabbed honors in the Callahan county basket ball tournament held here Friday and Saturday. Baird boys and Cottonwood girls were runners-up.

The Cross Plains quintet defeated Baird 31 to 14 in the finals of the boys division, while the Eula-Cottonwood clash was close and left spectators guessing until the final whistle.

By virtue of their triumph Saturday Cross Plains boys will represent Callahan county at the district tournament to be held at Breckenridge February 19 and 20.

The tournament championship was the fourth this season for coach Bill White's Thundering herd, which had previously won at Burkett, Rising Star and May.

Attempting the unusual last week the local boys also entered an invitation at Bangs, the same time the tourney was in progress here. They managed to reach the finals in both tournaments but forfeited to Brownwood in the last round of the Bangs fray when the boys became exhausted with too much play.

J. C. GARRETT MADE DEALER FOR DODGE AND PLYMOUTH HERE

Garrett Motor Company, headed by J. C. Garrett, has been appointed dealer for Dodge and Plymouth automobiles in Cross Plains and will hold a formal showing of 1937 models Saturday.

Mr. Garrett who has been in the garage business here 14 years issued the following statement yesterday: "I have been often approached in regard to the taking over of an automobile dealership, however, I was always adverse to the plan until seeing the outstanding value now being placed on the market by the company which I have signed to represent. I invite all of our friends and customers and those interested in seeing the new Dodge and Plymouth to visit our show-rooms Saturday."

Representatives of the automobile factory were in Cross Plains Tuesday and Wednesday conferring with Mr. Garrett and closing final arrangements requisite to his appointment as a dealer.

CALLAHAN COUNTY TAX RECEIPTS UP

The collections for last month were above those of January, 1936, in Callahan county, according to reports compiled by Olaf Hollingshead, tax assessor-collector.

Collections of state and county school and roads taxes totaled \$69,358.37. Poll taxes issued for 1937 numbered 1,575.

19 COTTONWOOD PUPILS VISIT LOCAL CONCERNS

Nineteen third and fourth grade students from Cottonwood school visited Baird's Bakery and the Review Tuesday afternoon in one of a series of industrial visits being carded for the students by Miss Blanche Burkett.

Souvenirs were presented the children at each place.

10 POUND DAUGHTER IS BORN TO LOCAL COUPLE

Mr. and Mrs. W. C. Lane who live West of town are parents of a 10 pound baby girl born Monday morning, February eighth. The child's name had not been learned when the Review went to press.

MRS. LEE PAYNE HAS OPERATION SATURDAY

Mrs. L. O. Payne is said to be convalescing after undergoing a major surgery at a Santa Anna hospital Saturday. She will not be in condition to be removed to her home West of town for possibly a week yet, the Review was told.

Mr. and Mrs. Frank Howard, Mrs. Dr. Patton and Miss Bessie McCauley, all of Brownwood, visited in the home of Mr. and Mrs. Jack Aiken here Sunday.

Mr. and Mrs. K. C. Jones, of Ranger, are guests of Mr. Jones brother, Benton Jones.

Mr. and Mrs. Eddie Graham and Mr. and Mrs. Billie Mae Adams were visitors in Berger, Tuesday.

Mrs. Ben Garner left this week to visit her parents in Lafayette, Indiana.

Miss Ruth Gibson who has been employed at Kemper's cafe left Saturday for her home in Missouri.

20 STUDENTS MAKE 90 OR BETTER FOR 'TERM' AT DRESSY

New families moving into the Dressy community have resulted in a 20 percent increase in the school enrollment, says C. R. Steele, principal. Since the Christmas holidays, it is also pointed out, daily attendance has been near perfect.

20 pupils are on the honor roll for this six weeks period, with an average of 90 or better. The list follows.

First grade: Joe Frank Ferrell.

Second grade: Wayne McKinney, N. L. Long, Jr.

Third grade: Billy Morris Steele, R. B. McGowen, Jr., Paul Neeb.

Fourth grade: Noah Sealy Johnson, Joan Neeb, Delmar McKinney, Tommy Lee, Ben Gray.

Fifth grade: Stella Mae Lee, William Smart.

Seventh grade: Christeen McGee, Ernest Warren.

Eighth grade: Glenn Payne, Helen McKinney, Casper McKinney and J. C. G ray.

CROSS PLAINS BOY HAS BONE SURGERY SUNDAY

Dale Lane is in a Cisco hospital where he underwent a bone surgery Sunday afternoon. His condition is said to be quite serious.

Jim McGowen of Odessa was a visitor here Tuesday.

FUNERAL FOR S. M. BUATT TO BE HELD FRIDAY AFTERNOON

Funeral services for S. M. Buatt, 62, who died in a Cisco hospital Thursday morning will be held from the Cross Plains Baptist church Friday afternoon at two o'clock. Interment will be made in the local cemetery.

Mr. Buatt became ill Thursday of last week and was carried to the hospital Sunday night, where he underwent a major surgery. His condition grew steadily worse and he expired at five o'clock yesterday morning.

Mr. Buatt was born February 16, 1874. He came from Louisiana to Cross Plains as a newspaperman about 20 years ago, where he became connected with the publication of the Review. He was married to Miss Nettie Kennedy of this place, who survives.

In 1930 Mr. Buatt retired from the newspaper field and became associated with the city of Cross Plains as secretary to the council and office manager for the water system. When the city entered receivership he was named Receiver by District Judge M. S. Long, and his work in the refinancing program that ensued, whereby the incorporation reduced its bonded debt about \$150,000, has been widely praised. When the receivership was dissolved, Mr. Buatt's work was commended by attorneys of the court and bond holders as well.

Members of the city council said yesterday they had no one in mind to fill the place vacated by death.

Said Mayor S. P. Collins: "Cross Plains has lost a real friend, a beloved citizen and a competent public servant; Mr. Buatt will be sorely missed."

Mr. Buatt was a member of the Baptist church and the Masonic lodge.

PREBYTERIAN WOMEN OBSERVE PRAYER DAY

Ladies of the Presbyterian church will observe the World Day of Prayer Friday afternoon at 2:30. Men of the church are to go to Abilene Friday for a convention.

On Monday, the fifteenth, the Mothers Guild is to meet at the church at 2:30 at which time the auxiliary also meets at the Manse.

The Bible Study Class meets at seven o'clock on Thursday of each week. All, who so desire, are cordially invited to come and study with the class.

WASHINGTON BIRTHDAY CELEBRATION CARDED

Members of the local Masonic lodge and their families will celebrate Washington's birthday with a party and basket feast in the lodge hall Monday night, February 22. The Review was told yesterday by Walter Westerman.

All Masons are urged to keep the time in mind and ladies are requested to bring a covered dish.

TOM BRYANT STARTS SHALLOW OIL TEST

Tom Bryant began a shallow test for oil on the J. O. Kidd estate, northeast of Cottonwood, this week. He plans to drill 700 feet. The well is the third to be drilled in that vicinity by Mr. Bryant in recent months.

Mr. and Mrs. S. C. Barr are in Mineral Wells this week where he is undergoing treatment for an attack of rheumatism.

Fred Cutbirth and Hugh McDermitt were Brownwood visitors Wednesday.

Mr. and Mrs. W. A. Beavers were Putnam visitors Sunday.

Mr. and Mrs. Sam Barr spent the week in Mineral Wells.

Mr. and Mrs. Orba Booth were Coleman visitors Sunday.

BRADY MAN CRACKS UNDER RAPID-FIRE QUESTIONS SUNDAY

After dogged questioning Fred Parker, 26, admitted to Callahan county officers at Baird Sunday that he killed his middle-aged wife at their home near Brady, when she questioned him as to his relations with another woman.

The young man who believes he should have entered professional baseball formally admitted that he struck down Mrs. Parker at their Milburn community home on January 22, with a rail which plied into her skull.

"It was as I remember," the statement reads, "a left handed blow."

Parker was taken to the Callahan county jail Friday by A. L. (Loran) Barr, of Cross Plains, state highway patrolman, to prevent his being freed after a habes corpus hearing.

Rapid fire questions were shot at the murderer by Barr, Sheriff Robert L. Edwards and McCulloch county officers.

Parker "broke down" at eight o'clock Sunday night and signed a detailed statement of the crime.

SHALLOW WILCAT ON RADFORD LAND

The Grassroots Oil company of Cross Plains staked location this week for the No. 1 Radford Grocery company of Abilene, a shallow test to be three miles west of the town of Cottonwood.

Location given is 150 feet from the south and east lines of section 1, block, 1 Juan Delgado survey. It is contracted to drill to 750 feet.

JIM MILLER CLOSES A DEAL FOR DUNCAN PLACE WEST OF TOWN

A deal was closed last week in which Jim Miller purchased the Duncan farm, of 210 acres, seven miles West of Cross Plains. Considerations of the transaction were not made known. Mr. Miller will probably move his family to the place within the next few days.

GARNER HOME BOUGHT BY DR. J. H. MCGOWENS

Dr. and Mrs. J. H. McGowen purchased this week the Ben Garner residence in the North part of town. They will move into the house within the immediate future.

Mr. and Mrs. Garner, who have lived here for the past 12 years will move to Breckenridge, where he is employed.

Misses Bobbie Lee Westerman and Fanorla Neeb, students in Howard Payne College at Brownwood, spent the week end in the homes of their parents in Cross Plains.

Mr. and Mrs. Porter Henderson and Mr. and Mrs. Ralph Buckingham, all of San Angelo, visited friends and relatives here Sunday.

Mr. and Mrs. Ralph Chandler were in Cisco Sunday afternoon.

Man was born free and equal, and retains that status until marriage.

Mrs. Mollie McLain, Wilda and Walker McLain were Santa Anna visitors Sunday.

Miss Oleta Thate of Santa Anna visited here Sunday.

H. D. CLUB MEETS IN MRS. JIM BARR'S HOME

Have you got your garden plans made for this year? Hot beds made? Seeds selected for the variety of vegetables you will want for your family? Have you figured out how much of this and that to plant, the number of pounds or cans of food you want to store? These are some of the things Miss Vida Moore, Callahan Home Demonstration Agent, discussed with the ladies of the Cross Plains Home Demonstration club in their regular meeting Wednesday, February third in the home of Mrs. Jim Barr. An all day meeting was held.

Foundation pattern work was carried on in the morning and one of the new members who had never had any work on that line is now the proud possessor of a pattern that is made to measure.

At noon the club members each having brought a covered dish, spread a very appetizing meal which was enjoyed very much, after lunch, a number of club songs were sung.

The club president, Mrs. Jeff Clark, called the house to order and after a short business session turned the meeting over to Miss Moore who gave the club members some much needed information on garden plans.

Those attending were: Mrs. Roy Hayes, Mrs. Oren Barr, Mrs. H. G. Whitebarn, Mrs. H. C. Williams, Mrs. Marvin Smith, Mrs. L. W. Westerman, Mrs. C. A. Putnam, Mrs. Conner Elliott, Mrs. Jeff Clark, Mrs. J. C. Huntington, and Miss Vida Moore. Visitors were Miss Merle Williams, and Mrs. Albert Coulee.

The next club meeting will be held at the home of Mrs. Oren Barr February 17.

EXPRESS EMOTION WITH SHOULDERS HANDS AND FEET

"Don't look for emotion in the face. You'll find it much sooner in other parts of the body—the feet, legs, hands, arms or shoulders."

So says Errol Taggart, director of Metro-Goldwyn-Meyer's "Women Are Trouble," which comes to the Liberty Theatre Sunday opening a three day showing.

"The face is all right for fine shadings of subtle expression," he says, "but the best actors convey most with their hands and feet, the way they hold their arms and move their shoulders."

For example, Stuart Erwin, featured in the picture, can do more with a slump of his back or scrapping with their whole body, Taggart said.

Miss Bertha Gartner had as her guest here this week her sister of Abilene.

County Agent's Column

Angus Gain 4.2 Lbs. Per Day For Fifty Days

Sheriff R. L. Edwards reports to the county agent that he got a gain of 4.2 pounds per day on a group of 25 head of Aberdeen-Angus steers recently marketed in Fort Worth. The sheriff put these steers on feed November 20th at which time they averaged 720 pounds. He sold the steers January 19 at which time they averaged 940 pounds. He reports that he has never been able to get that much gain on any other breed of feeders put in his lots.

His feed ration was 5 lbs. cottonseed meal, 3 lbs. of ground corn and molasses mixed 80-20, 12 1/2 lbs. cottonseed hulls and 12 1/2 lbs. peanut hulls. This feed was fed from self feeders in the feed lots located one and one-half miles east of Baird on the Bankhead highway. Sheriff Edwards was loud in his praise of peanut hulls as a newly discovered valuable feed. He reports that analysis has shown peanut hulls to contain about 8 per cent protein against about 3 per cent for cottonseed hulls. He stated that when a batch of cottonseed hulls was mixed with cottonseed meal and the sweet feeds if put in one end of the trough with the peanut hulls added put in the other end of the trough that all the feeds with the peanut hulls was cleaned up first before the feed without the peanut mixture was even touched. Peanut hulls smell good and are very palatable. Six months ago peanut mills were hiring the peanut hulls hauled from their premises and burned. Today the hulls are selling at \$7.50 per ton with the demand much larger than the supply. The sheriff also thought that the addition of 20 pounds of syrup with 80 pounds of ground corn made a very good sweet feed. "At any rate," the sheriff said, "The Angus cattle and peanut feed made the best gain that I have ever known."

Terracing On Callahan Farms

Farmers in Callahan County terraced 664 acres of land during January with county machinery besides the many terraces put up with the plow and drags. Some four hundred acres were laid off for contours which, under the 1937 Farm Program, will receive 25 cents an acre for having the rows run on contour lines supervised by the county agent or other responsible person. The county agent has the assistance of ten NYA boys to put up these lines and works every day that the weather will permit. However, there is a list of farms on the county agent's desk now larger than he will be able to terrace before planting time.

It would be to the advantage of the farmers if a day could be observed in each locality at which time they come together and study with the county agent the correct procedure in running lines and then each farmer help the other to get his lines up this year. The conserving of our soils and moisture is so important that it should not be postponed ever to another year.

There is one instrument in the Opin section and one in the Cottonwood section that can be used and if any other farmer has one the county agent will be glad to check the instrument over for accuracy because they easily become out of adjustment. Any instrument that is out of adjustment will run the lines contrary to the way the farmer thinks they will go, therefore, those persons having such instruments should bring them into the office and they will be properly adjusted.

Soil Conservation Application Submitted For Payment

The Soil Conservation applications for a grant which were signed by the farmers who met the county agent at many communities over the county last week were mailed to College Station Saturday afternoon. Three hundred sixty-one applications went out and others will follow as soon as they have been signed. There will be about five hundred total from Callahan County. The State Board announces that these applications will be paid in about 15 days after they have been accepted by the Comptroller, who has a temporary office at College Station. Plans for the 1937 program are now in the hands of the county agent and will be given to the field about March 1st.

Cottonwood Association

The Cottonwood Agricultural Association will meet in special session Friday night, February 12th.

THE 25-MILLIONTH FORD HAS JUST BEEN BUILT

It HAS never occurred before in automobile history that 25 million cars of one make, bearing one name, have been manufactured under one management. The 25,000,000th Ford car rolled off the Ford Rouge Plant production line on January 18, 1937.

25 million cars since 1903 . . . more than one-third of all the cars ever built . . . enough cars to transport the entire population of the United States.

The figures represent a remarkable contribution to the social welfare, the industrial stability and the general progress of our country.

People respect Ford efficiency. They know Ford uses fine materials, the best workmanship at good wages, the most exact precision measurements. They know these things are passed along to purchasers in the form of extra value. Naturally, they like to do business with such a company. That is the only reason it has been required to produce 25 million cars.

Naturally, too, they expect more of a Ford car, more this year than last year—more

each year than the year before. They have every right to. The experience gained in building 25,000,000 cars enables Ford to produce today a really superb motor car at a really low price—with the Beauty, Comfort, Safety and Performance of much more expensive cars.

The 1937 Ford V-8 combines advanced design, all-steel construction, extra body room, and brilliant brakes with a choice of two V-type 8-cylinder engines—the most modern type of power-plant on land, sea, or in the air.

The 85-horsepower engine provides top performance with unusually good economy for its high power.

The 60-horsepower engine gives good performance with the greatest gasoline mileage ever built into a Ford car—and wears the lowest Ford price tag in years.

People expect more of a Ford car because it's a Ford—and they get more, for the same reason. It is undeniably the quality car in the low-price field.
