CALLAHAN FARMERS HELPED BUY PLACES BY FEDERAL AGENCY

Although Callahan County will not share in the land purchase program this year, loans of approximately \$35,000 being made by the Farm Security Administration for 1938 will help the county's farmers advance toward eventual ownership, according to J. McKnight, P.S.A's county supervisor. McKnight has already plied farm and home plans which loans will be made to 60 farmers. A large part of the will be for livestock, tools, farming equipment. Tenants have their own livestock and equipment will be given preference in the farm purchase program is expanded, as it will be in the next two years.

Work progressing on Scranton deep test. Drilling was going forward yesterday at noon on the Scranton deep oil test, with the contractors expecting to reach the Elenberger lime by the last of this month.

CORRECTION MADE IN PETERSON'S LETTER TO CALLAHAN VOTERS

In publishing the announcement of W. A. Petterson, Cross Plains deputy, for Sheriff last week the Review inadvertently transposed a line of type causing the message to read improperly. A news story concerning Mr. Petterson's candidacy also contained a typographical error concerning his coming to Cross Plains. Mr. Petterson came to Cross Plains as Deputy Sheriff in 1931, not in 1937, as the error caused it to read.

Strange But True.. Buying Blindly Without Investigation IT IS STRANGE THAT THERE ARE YET SOME WHO WILL ORDER MERCHANDISE FROM CITIES, OR CATALOGUE HOUSES BEFORE INVESTIGATING "HOME-TOWN" PRICES.

Our Progress and Our Promise By these who have closely observed progress, our success is, in a great measure, attributed to our experienced, aggressive merchandising methods in buying and distributing quality merchandise at prices no other store should pay—always. This, coupled with our ability to favor our worthy patrons with extended terms on volume sales of machinery, household supplies, building materials, etc., results in mutual satisfaction.

Do You Want Cross Plains To Be A Deserted Village?

Suppose everyone in Cross Plains should send for all their supplies... what kind of a ghost-town would you have? What would your home be worth? What kind of a job would you have? Ordering a dollar's worth from a catalogue house is one thing; that is, to that end, "NUFF S'ED."

BLACK AND WHITE 1938 AUTO PLATES ARE EASY TO READ

Increased legibility is a feature of new 1938 automobile license plates, delivered to the office of Tax Assessor-Collector Olat Hollingshead by the Texas Prison System.

Black figures on white backgrounds make the new plates easy to read. In addition, the numerals are larger than those on the 1937 plates.

Callahan county was allotted 3,250 vehicle plates, running from 147-801 to 150-450.

Passenger, commercial and farm tags were made at the state penitentiary at Huntsville.

Cross Plains motorists may obtain 1938 tags at Bond Brothers.

A deal was closed this week between Alvah Allen and Mr. Mahon of Burlington, Kansas, in which the former traded a farm, one mile South of Cross Cut, for a tourist camp at Weatherford.

Mr. Allen left Monday to take over management of the courts and to begin remodeling a number of his cabins. Mrs. Allen, a teacher in Cross Cut schools, will join her husband at Weatherford until after the close of the current school term.

Mr. Mahon, a Kansas oil man, is said to have been impressed with the possibilities of further oil development in the Cross Cut vicinity.

Mr. and Mrs. Joe Boles visited in Straun and Ranger Sunday.

CORRECTION MADE IN PETERSON'S LETTER TO CALLAHAN VOTERS

(Continued from page 1)

county will clarify the matter, it appears hereunder.

After careful consideration, I have decided to enter myself as a candidate for the office of Sheriff of Callahan County. In doing so, I do not feel that I am either a newcomer or a beginner, as I was born and reared in Callahan County, and have served twenty years as a peace officer, fourteen of which have been as deputy sheriff of this county. I am sure that most of you know me and that you are acquainted with my record in this line of work; and it is upon this record that I submit my candidacy.

I am deeply gratified for the confidence that has been placed in me in the past, and if you elect me sheriff, I assure you that I shall continue to enforce the law without fear or favor. If my record appears to you and you feel that I merit the office, I shall gratefully appreciate your support and influence in the forthcoming primaries.

Sincerely yours, W. A. PETERSON

Coleman Modern Hatchery Installs 35,000 Egg, New Electric, Automatic Incubator

Sensing a need for more hatching capacity for this section and realizing that hatching flocks should be blood tested, Simpson's Modern Hatchery, of Coleman, has recently installed a 35,000 egg, automatic, electric incubator. An advertising announcement concerning the firm's new equipment appears elsewhere on this page.

Mr. Simpson has lived in Coleman county all his life, having been born four miles north of Coleman. For the past ten years he has been in the seed business in Coleman and seems to be liked by "everybody and their dogs"; and knows the kids by their first names.

Mr. W. T. Jones, Jr. is also connected with the firm in the management of the hatchery has been in the poultry business for the past eleven years and has had quite a lot of experience in the marketing of poultry and eggs and understands a great many of the poultry producers' problems.

We see no reason why this territory should not yet be the best poultry center of the state, as we have some of the best hatcheries in the state, we have some of the finest blooded flocks as it is possible to have and we have blessed with good feed crops. Our climate is ideal for the raising of poultry and in fact in the very near future our state will be classed along with the leading poultry states and will probably surpass the most of them. Now is the time to get your chicks for the best production of the early fall eggs when the prices are always the highest.

Under the "tramp" corporation doctrine, a charter obtained under such circumstances from another state confers no rights upon the state of incorporation and is not within the rule of comity between states which permit corporations chartered within one state to transact business in another.

At the present time a total of approximately 300 "tramp" corporations are now doing business in Texas. Under the policy invoked by the Secretary of State, such corporations will be requested to surrender their permits and organize under the laws of this state. Since these corporations had paid their franchise taxes up to May, 1938, they will not be expected to surrender their permits and form as domestic corporations until the end of the present fiscal franchise tax year. It would be an unfair demand upon these corporations to request the change to be made at a time which would cause them to pay a double franchise tax for a part of the taxable year.

Under this new policy, the Attorney General will be requested to file suits against those corporations which fail to comply with the law or which may be exempt from the "tramp" corporation rule and any money which may be tendered by such corporations to the Secretary of State for 1938 franchise taxes will be held in suspense pending disposition of such suits.

It is expected that this new policy will not only eliminate the present discrimination against domestic corporations and bring the corporations under closer jurisdiction of the state courts, but it will increase the revenues to the state by the additional incorporation fees under Texas laws.

Doubtless the policy will arouse some opposition on the part of those who have been operating under the old rule, but its invention should be received with favor by the stockholders of domestic corporations who have had to comply with the capital stock requirements of this state while in a sense competing with those of the "tramp" corporations who escaped the requirements of the Texas law.

As this is written I have just returned from Bismarck, the capital of the State of North Dakota where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

"Pay your poll tax." That should be the slogan of all good citizens from now until February first.

One of the most important offices filled by vote of the people is that of Lieutenant Governor. Generally little attention is paid to it by the voters, but it is a powerful office.

The Lieutenant Governor presides over the State Senate and appoints the various senate committees. This is especially important when a conference committee is appointed. The Lieutenant Governor determines whether a bill is to pass or not pass. For this reason you can see how important it is.

Several candidates are being discussed, though none have made a formal announcement. Among them are:

1. Senator Will D. Pace, of Tyler, who is chairman of the State Affairs committee, where all the tax bills died during the regular session of the legislature. At the beginning of the regular session Senator Pace voted against race track gambling, but later switched to the other side and voted with the gambling crowd all the way during the remainder of the regular session; and even in the special session when the race track gambling law was repealed.

2. Coke Stevenson, who was twice elected speaker of the House by the Ferguson forces; and whose ruling as speaker first made it possible to legalize race track gambling.

3. Senator Wilbourne Collier, who voted for repeal; and

4. Senator G. H. Nelson, of Lubbock, who introduced the bill to outlaw race track gambling and successfully pushed it through.

This is part of the records of those who have been discussed as candidates. If definite announcements are made I shall be glad to give you "the rest of the record" as to the records of these gentlemen from time to time.

Regardless of whom you expect to vote for, for Governor, for Lieutenant Governor, or for any other office—"Pay Your Poll Tax."

Card of Thanks We wish to thank each and everyone of our dear friends and neighbors for the help and kindness shown us in the death of our dear wife, mother and sister for the kind words that were spoken, and their kind assertions that were rendered in every way. We thank Bro. Farmer and Bro. Thrasher for the sermon and good things they said. The beautiful floral offering was deeply appreciated. We also wish to thank Mr. Walker for being so kind and nice to us. May God bless each and every one of you and we will never forget you. S. T. Swafford and family Mrs. Claude Bagwell

THE REST OF THE RECORDS As this is written I have just returned from Bismarck, the capital

of the State of North Dakota where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

"Pay your poll tax." That should be the slogan of all good citizens from now until February first.

"THE REST OF THE RECORD"

BY JAMES V. ALLRED Governor of Texas

The Secretary of State recently invoked the "tramp" corporation doctrine, the effect of which was to discontinue the policy of granting permits to "tramp" corporations for the transaction of business in the State of Texas.

"Tramp" corporations as defined by Edward Clark, Secretary of State, are corporations whose charters have been obtained in a foreign state by citizens of the State of Texas for the purpose only of transacting business in Texas and transferring business in the state from which their charter was obtained. It was felt that the practice of granting permits to foreign corporations of such nature was a discrimination against those corporations incorporated in Texas because the stockholders of the "tramp" corporations are not required to comply with the capital stock requirements as prescribed by the Constitution and laws of this state for domestic corporations. Such foreign corporations also found it easier to evade the jurisdiction of the state courts.

Under the "tramp" corporation doctrine, a charter obtained under such circumstances from another state confers no rights upon the state of incorporation and is not within the rule of comity between states which permit corporations chartered within one state to transact business in another.

At the present time a total of approximately 300 "tramp" corporations are now doing business in Texas. Under the policy invoked by the Secretary of State, such corporations will be requested to surrender their permits and organize under the laws of this state. Since these corporations had paid their franchise taxes up to May, 1938, they will not be expected to surrender their permits and form as domestic corporations until the end of the present fiscal franchise tax year. It would be an unfair demand upon these corporations to request the change to be made at a time which would cause them to pay a double franchise tax for a part of the taxable year.

Under this new policy, the Attorney General will be requested to file suits against those corporations which fail to comply with the law or which may be exempt from the "tramp" corporation rule and any money which may be tendered by such corporations to the Secretary of State for 1938 franchise taxes will be held in suspense pending disposition of such suits.

It is expected that this new policy will not only eliminate the present discrimination against domestic corporations and bring the corporations under closer jurisdiction of the state courts, but it will increase the revenues to the state by the additional incorporation fees under Texas laws.

Doubtless the policy will arouse some opposition on the part of those who have been operating under the old rule, but its invention should be received with favor by the stockholders of domestic corporations who have had to comply with the capital stock requirements of this state while in a sense competing with those of the "tramp" corporations who escaped the requirements of the Texas law.

As this is written I have just returned from Bismarck, the capital

of the State of North Dakota where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

FOR SALE OR TRADE—Big black sow and 7 pigs about 1 week old. Higginbotham's

PUBLIC NOTICE I have opened a wrecking shop at the old Saunders Blacksmith Stand, in front of the Kemper Hotel. This business although owned by me will be separate and apart from Callahan Motor Company. For any wrecking shop service I invite you to try first. E. A. (Bill) Callahan MOTOR WRECKING CO.

THE REST OF THE RECORDS As this is written I have just returned from Bismarck, the capital

of the State of North Dakota where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

"Pay your poll tax." That should be the slogan of all good citizens from now until February first.

One of the most important offices filled by vote of the people is that of Lieutenant Governor. Generally little attention is paid to it by the voters, but it is a powerful office.

The Lieutenant Governor presides over the State Senate and appoints the various senate committees. This is especially important when a conference committee is appointed. The Lieutenant Governor determines whether a bill is to pass or not pass. For this reason you can see how important it is.

Several candidates are being discussed, though none have made a formal announcement. Among them are:

1. Senator Will D. Pace, of Tyler, who is chairman of the State Affairs committee, where all the tax bills died during the regular session of the legislature. At the beginning of the regular session Senator Pace voted against race track gambling, but later switched to the other side and voted with the gambling crowd all the way during the remainder of the regular session; and even in the special session when the race track gambling law was repealed.

2. Coke Stevenson, who was twice elected speaker of the House by the Ferguson forces; and whose ruling as speaker first made it possible to legalize race track gambling.

3. Senator Wilbourne Collier, who voted for repeal; and

4. Senator G. H. Nelson, of Lubbock, who introduced the bill to outlaw race track gambling and successfully pushed it through.

This is part of the records of those who have been discussed as candidates. If definite announcements are made I shall be glad to give you "the rest of the record" as to the records of these gentlemen from time to time.

Regardless of whom you expect to vote for, for Governor, for Lieutenant Governor, or for any other office—"Pay Your Poll Tax."

Card of Thanks We wish to thank each and everyone of our dear friends and neighbors for the help and kindness shown us in the death of our dear wife, mother and sister for the kind words that were spoken, and their kind assertions that were rendered in every way. We thank Bro. Farmer and Bro. Thrasher for the sermon and good things they said. The beautiful floral offering was deeply appreciated. We also wish to thank Mr. Walker for being so kind and nice to us. May God bless each and every one of you and we will never forget you. S. T. Swafford and family Mrs. Claude Bagwell
