The Cross Plains Review

(SERVING THE LARGEST SHALLOW OIL FIELD ON EARTH)

Without offense to friends or foes we sketch Cross Plains exactly as it goes.

AREA RECEIVES LONG NEEDED RAIN

HOME TOWN GOSSIP

Being public spirited Jesse Mc-Adams, local auto dealer, had no objection when stickers which read "SKY HIGH" were pasted on his used cars, to help advertise the firemen's play—of the same name—which is scheduled at the high school auditorium tonight. But imagine his chagrin, when he learned that a number of prospects for used cars had visited his lot, seen the stickers, and thinking the "SKY HIGH" had reference to the price, walked away without further inquiry.

On Easter morning we were reminded of what a local pastor told his congregation on the same occasion a year before. After having finished a very appropriate Easter service he delayed the congregation to say: "To All of you I want to extend my best wishes for a pleasant Thanksgiving, a merry Christmas and a happy new year, for there are many here I'm afraid I will not see again until the next Easter morning."

There's both irony and truth in those words. "Slim" Crutchmier, the elongated galeot from Oklahoma, is back in town and claiming credit for the nice rain Thursday. He has such a modest and retiring nature, that way.

The trade territory's biggest stay at home is Babe Wood. The local auto peddler won a trip to Michigan, with all expenses paid but refused to go simply because he's located an attractive fishing hole where he intends to ply his tackle the first morning of the season—May first.

Those who saw the soft ball game Tuesday afternoon between the Loyalty Club and F.F.A. boys will tell you the sport offers plenty of excitement. Our chief surprises were: George Neel is a flashy catcher—S. R. Jackson is a fine hitter but needs practice fielding—Nat Williams is one of the city's classiest pitchers—"Boots" Harlow and "Sap" Caton are real hot shots—and Dave Lee and this rural pencil pusher are dead weight to the success of any team.

And now comes word that Cross Plains is soon to have another theatre. The report, however, is not authentic.

1 DEAD, 1 SENTENCED 1 FACING TRIAL AND 1 FREE IN McBEE MURDER

Lynn Smith, accused an accomplice in the H. L. McBee death at Rising Star May 1, 1933, is at liberty today under \$1,000 bond. Frank Judkins, appointed by district court as Smith's attorney, arranged bond. Smith's bond figure was reduced from \$3,000 to \$1,000 March 30 after 88th district court dismissed a murder allegation in his indictment. Lynn is the brother of Jack Smith, accused of murder in the McBee death, who was found in his jail cell recently with his throat slit. Raymond Henry is under a 50-year sentence in the McBee death, given upon his conviction by an 88th district court jury April 5. Mrs. Henry, former wife of McBee, is scheduled to go on trial May 18 upon an indictment alleging murder of the highway worker.

HIGH SCHOOL SENIOR PLAY IS NEXT WEEK

"After You I'm Next," a three-act comedy drama, will be presented at Cross Plains high school auditorium Friday night of next week by this year's graduating class. Rehearsals have been held for the past two weeks and plans for the production are said to now be complete. A well trained cast is promised the Review was told.

Fire Boys To Present Play Here Today

ADVANCE SALE OF TICKETS INDICATE LARGE ATTENDANCE

Final plans for presentation of "Sky High" three-act comedy drama to be presented Thursday and Friday nights, April 16 and 17 at 8:07 o'clock in the High School auditorium, were completed Wednesday night when the cast and chorus groups met for dress rehearsal in the high school auditorium.

During the last week a few changes were made in the lineup of the cast. Boots Harlow replaced Charlie Hemphill as Steve, the designer of "Sky High" in the lead. Mr. Hemphill was called away on business. Stanley Clark now takes the part of Detective Mockshaw. Practices have been held every afternoon and every night.

Tickets are on sale and may be bought from any fireman and any of the high school girls in the chorus groups. Children in the grades are also selling tickets in an effort to help the firemen put the play over. Admission is 25 cents for adults and 15 cents for children. There will be no reserved seats. A thousand brilliant read and white car stickers and a hundred large red and white window hangers have been put out in an effort to advertise the play.

Rosa Van Lane holds the lead as the leading lady of Boots Harlow. Miss Lane and Mr. Harlow are featured in a duet together and sing "For All We Know" Rosalea Cutbirth is cast as Eve Card, the pretty air hostess who uses her vamping methods to use men to her best advantage but finds herself stopped when V. C. Walker takes the part of the hard-boiled air inspector Bedford who brings about a complete turn in the play.

Ralph Chandler is fast developing his Irish brogue to take the part of Mrs. Stephens, Steve's Irish mother. Pat Allen slurs his "R's" and "T's" to become the Irish uncle as Mr. Carney who pre-cludes all along that Steve is a weakling and unable to design a ship that will ever be entered in the World's Super Air Race.

Margaret Wagner, as Maizie, the maid who idolizes Stanley Clark, the detective, helps build up the comedy parts throughout. Willie Butler as Sam, the colored porter of the airport, sings "I Ain't Lazy, I'm Just Dreamin'" and seems to almost make a second "Stepin Fetchit". Orba Booth, as Hunter, the pilot of "Sky High" and as the announcer of radio station W.B.A. who gives the audience a thrill, with an excited account of the race, is beginning to take his part seriously and would almost like to apply for a position on "a real station." Dr. J. H. McGowan is also developing a foreign accent to be Carrina Narro, the gypsy fortune teller.

The four chorus groups of girls have practiced every afternoon and are ready to go into their rhythmic dances and songs. Mrs. Stanley Clark is pianist. Songs to be sung in the dances which are worked in the play are "My Hat's On the Side Of My Head" by the High Hatters, "I've Got Rhythm", by the Troopers, "There's something About A Hostess" by the Air Hostess, and "There's A Little Dutch Mill" by the Little Dutch Chorus. Special numbers of tap dances and songs will also be given.

Mr. and Mrs. J. C. Garrett and J. E. Walker visited with Lee Garrett and family at Anson Sunday.

Dr. T. G. Edwards attended a meeting of the Eastland and Calhoun counties medical association in Eastland Tuesday night.

Now Fully Paid For, Wide Improvement Is Being Made In Municipal Gas System

A deal which has been pending between the T. S. Holden and Company and J. T. Anderson and Company is finally closed this week whereby the former, a local company, became owner of the gas supply which furnishes the City Municipal System.

Mr. Holden told a representative of the Review this week that W. R. Lowe, of this place, had been employed to superintend production of the gas and see that an adequate supply is available at the city gate at all times.

An improvement program was launched this week at the Holden and Company lease, which calls for the modernizing of lease equipment and the ironing out of difficulties which have caused trouble on the 13 miles

of pipeline into the city limits. "We intend to spare no effort nor expense in making our service to the city of Cross Plains thoroughly adequate; night and day and through the coldest of winter," Mr. Holden stated.

In keeping with the program of improving the Municipal Gas Company's service to customers the city will begin in the very near future an extension program and the "helming" of pipeline network to make the distribution of gas more equitable the Review was told by city authorities.

Announcement is made from the city office that the municipal system is now fully paid for, the final note having been paid last week. "There is no debt of any kind against the city gas system and our

citizens are now enjoying the lowest gas rate in Texas", Mayor S. P. Collins stated for publication.

Despite the fact that the local rate is among the state's lowest, Mayor Collins pointed out that the gas system was one of the municipality's chief sources of revenue. The time will eventually come, the Mayor opined, when the Municipal Gas system will earn sufficient monies to improve our streets and do civic improvements; that is, of course, if citizens continue to give the enterprise their cooperation.

Offices of the Holden Company have been established in the Farmers National Bank building on the second floor, with Chas. F. Hemphill, Secretary-Treasurer and stockholder in the company in charge. Mr. Holden informed the Review.

PRECIPITATION IS OF REAL VALUE TO GRAIN AND RANGES

Long needed rain began falling over the Cross Plains trade territory early Thursday morning culminating a dry spell, which had begun to threaten all vegetation. Low overhanging clouds and favorable weather reports indicate that additional moisture might be forthcoming over the week end.

The rain was the first received here since the equinoctial shower March 22, and was said to be of unestimable value to all growing crops. Grain was especially helped by Thursday's precipitation.

Telephone connections to Cottonwood were impaired Thursday morning, causing belief that the rain there had been heavier and possibly accompanied by wind.

111 STUDENTS MAKE HONOR ROLL FOR 6 WEEK PERIOD HERE

10 girls and seven boys comprise the fifth six-weeks honor roll of Cross Plains high school. Billy Ruth Loving attained an almost perfect grade with an average of 98. Durward Varner achieved the highest average for boys with 96 and three-fifths. The other high school honor students follow: Elyone Westerman 94, and one-half; Doyle McMillan, 94; Mary Ruth Longbotham, 93 and three-fourths; Tom Arrowood, 93 and three-fourths; I. B. Loving, 93 and one-half; Helen Johnson, 93 and one-third; Annette Erwin, 93; Ross Hemphill, 93; Ida Nell Williams 93; and three-fourths, Joseph Harris, 91 and three-fourths, Betty Usrey, 91 and one-fourth; Eugene Cross, 91; B. W. Huntington, 90 and one-half; Bobby Neel, 90; Nancy Henkle, 90.

A total of 94 grammar school students made the honor roll. 26 boys and 68 girls made an average grade of 90 or better. Mildred Brown of the seventh grade led with an average of 96. The honor roll follows:

First grade: Robert Calhoun, 91; Harold Garrett, 90; Leonard Jones, 91; Paul Stephens, 91; Billie Jean Barr, 91; Doris Marshall, 92; Patricia Ann McCall, 90; Joyce McMillan, 90; Reba Jo Price, 92; Bobbie Jean Webb, 90; Juakara Youngblood, 90; Wanda Fay Pinkston, 91; Wilma Exum, 91.

Second grade: Erna Lee McMillan, 90; J. D. Conlee, 93; Tommie Beryle Conlee, 93; Bobby Dixon, 91; H. D. Hill, 91; Jimmie Lancaster, 92; Maxwell Pyle, 90; James Allen Burris, 95; Lucille Arrowood, 95; Jewell Dean Coulter, 92; Billie Jean Cross, 93; Inez Daniel, 92; Delia Davis, 94; Charlene Hutson, 91; Nedra Jean Hutson, 91; Sunshine Mann, 95; Faye Nash, 93; Dorothy Ripper, 94; Wanda Louise Starkey, 95; Maxine Strong, 93; Natlyne Williams, 93.

Third grade: Alvin Kemper, 90; Neal Smith, 92; Donald Williams, 92; Wanda Ruth Atwood, 92; Doris Marie Hall, 93; Marjorie Helms, 92; Betty Jo Youngblood, 91; Dorothy Jean Anderson, 91; La Verne Gould, 95; Charlene Holley, 94; Christine Holly, 94; Glenn Gage, 92; Rondal Young, 92; Dortha Beavers, 91; Betty Ann Dennis, 90. Fourth grade: Cecil Rudloff, 90; Betty Jean Browning, 91; Jimmie Kate Howell, 92; Wynola Thate, 95; Paul Smith, 93; Madie C. Edington, 91; Cleo Powell, 90; Emily Gray McDermett, 90.

Fifth grade: Toody McDermett, 94; Dale Lane, 98; Donnell Clark, 92; Russess Calhoun, 92; J. C. Mann, 92; Mary Jane Stafford, 91; Jimmie Lorene Starkey, 91; Kathryn Anderson, 90; Frances Pierce, 90; Arlene Magness, 90.

Sixth grade: Kathryn Young. (Continued on back page)

RABBIT DRIVE WILL BE HELD THURSDAY; "FUN IS PROMISED"

A rabbit drive will be held West of Cross Plains Thursday, April 23, the Review was told yesterday by H. H. McDermitt, who urged that residents of that community and businessmen of Cross Plains make a special effort to be in attendance.

The drive will begin at Olan Montgomery's home Thursday morning at eight thirty. Ladies of the Burnt community will prepare and serve dinner to all who participate in the drive.

A prize to the person killing the greatest number of rabbits will be given by Cross Plains merchants. The prize will be two boxes of shotgun shells.

"We especially urge that as many as possibly can, come and cooperate in the drive. Bring your gun and shells. An enjoyable day and an abundant dinner is promised," Mr. McDermitt stated.

Farmers West of town have declared for a number of months that rabbits are becoming noticeably numerous and that their damage to growing crops is appreciable.

SIXTH GRADE STUDENTS TO PRESENT PAGEANT

A free pageant will be presented by the sixth grade students of the Cross Plains school system Tuesday evening, April 21, San Jacinto Day, at eight o'clock. The pageant which is entitled "Texas, the Land of Romance", will be given in the high school auditorium. It is under the direction of Miss Anna Mae McConathy.

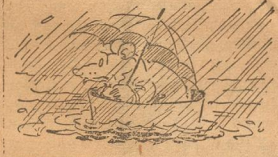

SINGING WILL BE HELD AT COTTONWOOD SUNDAY

An afternoon of singing will be held at the Cottonwood tabernacle Sunday afternoon. The entire public is invited, the Review was informed.

A number of outstanding singers have indicated they will be in attendance. The program will start at two o'clock Sunday afternoon.

Bill Payne who is attending Texas A&M college is spending the Spring holidays vacation with his parents, Mr. and Mrs. Austin Payne.

THE WEATHER RAIN WAVE

SCHOOL ON WHEELS AT M'ADAMS MOTOR COMPANY TUESDAY

A modern adaption of the "little red schoolhouse"—this time in the form of a traveling school for motor car mechanics—rolled into Cross Plains Tuesday. It was housed in a trim Ford Sedan Delivery Truck, equipped for mechanical demonstrations of the proper methods of servicing Ford cars of all types. Headquarters during its stay were at McAdams Motor Company, local Ford dealer.

The "school on wheels", which is under the direction of the R. R. Robinson branch of the Ford Motor Company, is similar in theory to many new traveling schools which "carry the school to the student." The school truck is equipped with not only tools of every description, but also a Ford Laboratory Test Set, designed to enable Ford Dealers' Mechanics to diagnose quickly and thoroughly the condition of a Ford V-8.

In the course of Tuesday's class, lessons were given in Ford engine analysis. A thorough discussion was held of the theory and practice of motor tune-up. Special emphasis was given to the new Ford Laboratory Test Set.

Instruction was given in the servicing and repair of the Ford carburetor, distributor and fuel pump, as well as other units of the electrical system and the cooling system.

FORMER LOCAL BOY WEDS HAMLIN GIRL

Word has been received of the marriage of Miss Florene Moore and Shirley Cox who formerly lived at this place. The wedding took place Sunday afternoon, April 12 at the home of the bride's parents in Hamlin. Many friends and relatives were present for the ceremony. The groom is the son of J. W. Cox.

Mr. and Mrs. Cox will make their home in Hamlin where he is employed in oil field work. Misses Cheryl Lutgens and Helen Gray visited in Clyde Monday.

54TH PICNIC WILL BE HELD IN JULY; FIREBOYS SPONSOR

For the first time in several years Cross Plains fifty fourth annual and old settlers reunion—the second oldest celebration of its kind in Texas—is not begging for a sponsor. The event will be staged in July this year under auspices of Cross Plains fire department.

After a consultation with other organizations, the firemen decided in a meeting Monday night to take the responsibility for the picnic. Although dates were not definitely set, it is already known that the celebration will be staged some time in July, before the Democratic primary scheduled for July 25.

Committees are to be named by Fire Chief Ralph Chandler at an early meeting of the department, the Review was told yesterday by J. L. Settle, assistant-chief.

LOCAL COUPLE WED AT ATWELL SATURDAY

Miss Gertrude McDonald and Clarence Wilcoxon, both of the Cross Plains trade territory were joined in marriage at eight o'clock Saturday evening, April 11. The ceremony was solemnized by the Rev. A. F. McWilliamson at his home two and a half miles West of Atwell.

Mr. Wilcoxon is the son of Mr. and Mrs. Mannel Wilcoxon, of Cottonwood, and is well known here. The bride is also a member of one of this section's well known families.

LOCAL MAN SUSTAINS EYE INJURY SATURDAY

M. G. Underwood entered a Gorman hospital Sunday for treatment of an eye injury. He received the injury when he struck his eye on a tree limb while fishing Saturday night.

3rd, 4th, GRADERS FORM SOCIETY TO STUDY BIRDS

An Audubon Society, to study the habits and characteristics of birds and animals, has been organized in the third and fourth grades of Cross Plains schools, with Miss Mary Beth Langston as sponsor. Officers of the society are: Jimmie Kate Howell, president; Wynola Thate, secretary; and Donald Williams, reporter.

The club plans to prepare a brief news article each week dealing with interesting things it has learned of birds and animals. Meeting days are each Wednesday.

SOCIETY CLUBS PERSONALS

BANQUET AT CROSS CUT HONORS SENIOR CLASS

Members of the Senior class of Cross Cut high school, were entertained by the Junior class at a banquet in the school building Tuesday evening, April seventh. Places were laid for about 30 students, faculty members and guests.

Dinner music was provided by Mrs. Dibrell, a welcome address was given by a Junior girl, a Senior girl made the response, Mrs. Allen gave a reading, Mr. Shannon, superintendent, made a short talk, there was a Dutch dance by W. A. Beavers, Jr. and Dortha Beavers, a tap dance by Johnnie Frances Baldwin, and a dance by Delia Davis and Zelma Fay Davis, Mrs. Stanley Clark played the accompaniments for the dance numbers.

THURSDAY NIGHT CLUB MEETS WITH MCGOWENS

Dr. and Mrs. J. H. McGowen were hosts to three tables of bridge when they entertained the Thursday Night Bridge Club last week. Mrs. Arthur Mitchell and Fred Cutbirth were high score winners. Strawberry shortcake and coffee were served to members and the following guests: Dr. and Mrs. T. G. Edwards, Mr. and Mrs. V. A. Underwood and Mrs. Lewis Norman.

Mr. and Mrs. Frank Medford visited friends and relatives in Fort Worth over the week end.

Mrs. Gene Adams and son, Billie Mac, and Mrs. Mattie McDougald, visited in Waco Tuesday.

Sarah and James Collins, students in Daniel Baker College spent the Easter holidays with their parents Rev. and Mrs. S. P. Collins.

Miss Georgia Jones, of Waxahachie spent the week end with her mother Mrs. J. Walter Jones and family here.

JUNIOR CLUB ENJOYS ILLUSTRATED LECTURE

The Junior Study Club met in the music room of the grammar school Tuesday afternoon. This meeting was postponed from last week.

Reports from committee chairmen were heard and Mrs. Lewis Norman gave a report from the District convention in Abilene. Various other business was discussed.

The program for the afternoon was an illustrated lecture on Mexico given by Miss Louise Nelson, club president. The Mexican articles were aquired by Miss Nelson last summer when she attended school in Mexico City. In addition to the lecture Johnnie Frances Baldwin and Emma Jean Settle did a native dance in costume.

MRS. BAIRD HOSTESS TO DRESSY CLUB MEETING

The Dressy Home Demonstration Club met in the home of Mrs. C. D. Baird Thursday, April ninth, for an all day meeting.

Miss Vida Moore was present to finish and cut new foundation patterns. She also gave the uses of the pattern.

There were 16 club members and three visitors present.

DELTA KARDA CLUB IS ENTERTAINED MONDAY

The Delta Karda Bridge Club was entertained Monday afternoon in the home of Mrs. Edwin Baum, by Margaret Wagner.

Refreshments of fruit salad, chocolate roll, and grape sparkle were served to the following guests and members: Mesdames Joe McAdams, Fred Cutbirth, Elliott Bryant, Otey Cannon, Jack Scott, Lewis Norman, Stanley Clark, Edwin Baum and the hostess.

Claude Mayes visited in Brownwood Sunday.

MRS. KEMPER HOSTESS AT TEA ON WEDNESDAY

Mrs. C. W. Kemper was hostess, Wednesday afternoon, April eighth, at a tea for the newly organized Young Women's Auxiliary of the Baptist church. The hours were from four to six.

Various games were played. A short program followed consisting of a vocal solo by Alvin Kemper, vocal duet, Mrs. Kemper and Mrs. Neafus of Wellispoint, Texas and an Easter story by Charles Dodson. The musical numbers were accompanied by Mrs. Stanley Clark at the piano.

Mrs. T. G. Edwards presided at the tea table. Tea, decorated cookies, gum-drops rabbits and jelly beans were served.

The guest list included Mesdames Carmen Wright, sponsor V. W. Tatum, T. G. Edwards, Neafus Stanley Clark, Misses Mary Beth Langston, Anna Mae McConathy, Merle Williams, Sara Chapman, Tommie and Robert Edwards, Charles Dodson, Alvin Kemper and the hostess.

* * * * *
* ATWELL *
* * * * *

Rev. J. C. Foster filled his regular appointment at the Primitive Baptist Church Sunday.

Mr. and Mrs. Geo. Morgan and little son from Baird visited Mrs. Morgans parents.

Mr. and Mrs. Alton Tatom, Mr. and Mrs. Ebb Rouse attended the Eastland county singing convention Sunday in Eastland.

Miss Notgrass, teacher of the primary grades took her little folks and some of their parents, to Lake Cisco Friday, for a picnic and an Easter egg hunt. All reported a wonderful time.

The spring epidemic for fishing has begun to brake out in this community. Among the first to catch the disease, was Ed Maddux, G. T. Brashear, Sam Jones and son Woodrow. They reported plenty of fish for their meals.

The workers meeting is to meet with the Baptist church her Friday the 17th.

Mrs. D. C. Foster and Mrs. Robert Brashear and Mrs. Clyde Lovelady, entertained the girls that were in the contest singing. Mrs. Foster, Brashear and Mrs. Lovelady were joint hostess, lunch was served.

Mr. and Mrs. Claude Allen of Pioneer visited in J. B. Riff's home Sunday.

Tommie Holden, Jr. returned to Norman, Oklahoma, this week to resume studies in Oklahoma University where he is an engineering student, after spending the "spring recess" with his parents Mr. and Mrs. T. S. Holden here.

Moreland Baldwin has returned to Texas University at Austin after a visit of several days with his parents Mr. and Mrs. W. B. Baldwin here.

Dr. and Mrs. J. H. McGowen and Mr. and Mrs. Fred Cutbirth visited Mr. and Mrs. Carlton Powell in Brownwood Sunday.

Miss Lilac Smedley of A.C.C. in Abilene was in Cross Plains Sunday afternoon.

Mrs. T. C. Kelly and children of Throckmorton and Mrs. V. V. Hart and son, Barney of Dallas were week end visitors in Cross Plains.

Mrs. W. J. Sipes, Misses Ernestine Sipes and Lois McCord were in Abilene Thursday of last week.

Miss Elizabeth Tyson visited Mr. and Mrs. Claude Rawls in Mertzon the past week end.

Mr. and Mrs. C. W. Kemper had as their guests here over the week end his sister and her husband of Grand Saline.

Get ready for dry weather. Maybe it will rain a lot, maybe not. Get your cistern and guttering ready. We do all kinds of sheet metal work any where. 15 barrel cisterns for \$18.50, large sizes \$25 to \$35. Leaky cisterns repaired. Stock tubs made up. Filters that clean the water for \$8.50.

J. E. Henkel
Cross Plains, Texas 34-17

MISS LANE IS HOSTESS FOR Y. W. A. MEETING

The Young Women's Auxiliary of the Baptist church met with Miss Rosa Van Lane Tuesday evening. The organization meets once every two weeks.

Miss Mary Beth Langston presided at the business session. The devotional was led by Miss Sara Chapman, Mrs. T. G. Edwards discussed the life of Dr. Cagawa, Miss Merle Williams gave the story of the Menenite woman.

Those present were: Mrs. Edwards, Mrs. Carmen Wright, Miss Mary Beth Langston, Miss Sara Chapman, Miss Merle Williams, Miss Edith Mae Tatum and the hostess.

The next meeting will be at the home of Mrs. Wright, April 28.

Our English Lesson

Synonyms
Attain, obtain, procure, secure, acquire, achieve, win, get.
Hasten, hurry, expedite, quicken, facilitate, speed.

Shrewd, keen, discerning, sagacious, judicious, wise, clear-sighted. Shortness, brevity, abbreviation, abridgment, reduction, curtailment, retrenchment.

Pity, sympathy, compassion, tenderness, forbearance, clemency, leniency.
Apparent, evident, lucid, obvious, explicit, distinct.

Word Study
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word every day. Words for this lesson:
Vivacity; liveliness; animation
"She accepted the invitation with youthful vivacity."
Perpetrate; to do, perform, or carry through. "It took a morbid soul to perpetrate such a deed."

Improvement Being Made On City Gas System

Both At The Wells And In The City Limits

Statement From Municipal Gas Office

Less than three years ago, Cross Plains citizens were paying 75 cents per thousand cubic feet for their gas. The citizens feeling that this price was too high, called an election and voted 20,000 dollars bonds to build a gas system. For some reason those bonds were never issued and sold. Later the city council put in a municipal gas system without placing any bonded indebtedness against the city. This system is now complete and paid for, and is the property of the city. The approximate cost of this system has been \$10,000. It is constructed with high and low pressure lines running through the city with all connection on the low pressure lines thus safeguarding customers from accidents from explosions etc. The pressure in the low pressure lines is regulated by several systems of regulators which will give an even and constant flow of gas if furnished at the city gate at proper pressure. The only difficulty so far in the system has been the pressure at the city gate.

The cost of gas has been reduced approximately one half. This saving amounts to more than the city tax. There are some earnings at the present rate. These earnings will enable the city to make other improvements for the citizens benefit. When you use gas from the municipal system you are but adding to your own property and making it possible to add further improvements.

The new owners of the gas supply system have already shown their interest in serving the community by making further improvements, which will add much to efficiency in a constant supply.

The Municipal Gas System was built by our people, for our people. You are a part owner of the system. If you do not get service let us know about it. We are pleased at any time to make the system serve you efficiently. It is your system, use it, boost it.

Statement From The Holden Company

A deal has been definitely closed whereby T. S. Holden and Company, of Cross Plains, became owner of the supply which furnishes gas for the Municipal System.

Being composed of local people and fully understanding that Cross Plains demands an ample supply at all times, the Holden Company has employed Mr. W. R. (Bill) Lowe, an experienced gas man, to superintend production. They have also started an extensive improvement program which calls for the ironing out of difficulties both at the lease and along the 13 miles of pipe line into the city limits. This work is being done at great expense to give users of the municipal system an inexhaustible supply of gas at the city gate at all times.

Offices of the Holden Company have been established on the second floor of the Farmers National Bank building, with Mr. Chas. F. Hemphill, secretary, treasurer and stockholder in the company, in charge.

The purchasing of the gas supply for the city of Cross Plains will in no way affect the Municipal Gas System, except to possibly give better service to the city, enabling it to render better service to its customers.

ROWDEN

Miss Juanita Swafford
**
Mr. and Mrs. John Miller entertained the young folks with a party Friday night. All reported a very nice time.
**
Mrs. Jim Taylor, Mrs. Bill Taylor and Mrs. John Swafford spent Saturday afternoon in the Odie Smedly home.

CROSS CUT LADIES INJURED IN WRECK

Mrs. E. A. Brum sustained a broken collar bone and Mrs. John Peeyhouse received back injuries, when the car in which they and their husbands were riding, overturned at Ranger, Saturday night.
The mishap occurred when Mrs. Brum who was driving, heard a tire go flat and immediately applied the brakes. The car careened and overturned. Neither of the men were injured.

Both the Brums and the Peeyhouses live at Cross Cut.

Mr. and Mrs. H. T. Reiger and children, of Gladewater, spent the week end with Mrs. Reiger's mother Mrs. W. C. Adams here.

Howard Coburn, who is working on a drilling well near Big Springs spent Easter with his family in Cross Plains.

Mr. and Mrs. Dee Barr, of Abilene, spent Saturday and Sunday with relatives and friends in Cross Plains.

Mr. and Mrs. Sam Ploughman of Rowden visited in Cross Plains Saturday and Sunday.

How Can I?? BY ANNE ASHLEY

Q. How can I drive a nail into plaster without marring the wall?

A. A nail can be driven into a plastered wall without crumbling the plaster if the nail is put in hot water for a few minutes, or dipped into melted paraffin.

Q. How can I prevent dandruff?

A. Dissolve one ounce of flour of sulphur in one quart of soft water. Do not use it until it is thoroughly mixed and settled. Apply it at night.

Q. How can I successfully launder ties?

A. Before washing ties, baste them carefully, to prevent the lining or padding from becoming lumpy. Remove the basting before ironing and the ties will look like new.

Q. How can I make a good toilet perfume?

A. A good toilet perfume can be made by mixing two ounces of alcohol with one-half ounce of orris root. Keep in a bottle, tightly corked, and shake well before using.

Q. How can I bleach a scorched spot?

A. Rub the spot immediately with a cloth dipped in diluted peroxide. Then run the iron over it and it will be as white as originally. Do not use this method on colored material.

Q. How can I test eggs for freshness?

A. Place the egg in a pan of water. If fresh, it will lie on its side. If a few days old it will tilt upwards. If stale, it will stand on end. If very old, it will float.

Q. How can I preserve a new clothesline?

A. A new clothesline should be boiled for about thirty minutes before using it. This prevents stretching. It will not tangle as readily and will last much longer.

Q. How can I mend kid gloves?

A. Buttonhole around the edge of the tear before drawing together. Then over-sew the buttonhole together and the repair is substantial.

SCRANTON

There was a study course held at the Methodist Church Tuesday and Wednesday evenings of last week.

The series of services conducted by G. W. Parks at the Baptist church both morning and evening came to a close Sunday evening.

Mr. and Mrs. Asa Skiles of Cisco attended services at the Baptist church Sunday evening.

Mrs. J. D. Sprawls and daughter Miss Muri and Miss Elizabeth Jobe visited in Sweetwater and Stanton during the week end.

Cottonwood school gave a play at the high school auditorium here Friday evening.

The Junior-Senior banquet was held at the school building Saturday evening.

Mrs. Foster of Eastland visited her brothers J. G. and E. M. Snoddy Sunday.

Charlie Smith of Abilene is visiting in the Walker Morgan home.

Mr. and Mrs. Lynn Faires of Cisco spent the week end with home-folks.

The Easter holidays was an occasion for a gathering of the Ray family, nine of which are living and all have established homes of their own. Earl and P. M. Ray, Mrs. J. H. Shrader, Mrs. A. T. Blalock and Mrs. Lee Boland, live here. R. L. Ray, Mrs. Morton Robert and Mrs. W. L. Anderson live in Fort Worth; Mrs. Lee Clements lives at Klendyke, Dawson County.

All attended services at the Baptist Church Sunday and enjoyed the preaching of their former pastor G. W. Parks.

CARD OF THANKS

We wish to express our sincere gratitude and thanks to the many friends who were so kind and thoughtful during our recent bereavement in the death of our wife and mother. We shall always remember you for your thoughtfulness.

COUNTY AGENT'S COLUMN

New Soil County Committee Elected

The community committee met with the county agent Saturday afternoon and elected their chairman who were then elevated to the county committee. The county committee is to be composed of John Shrader, Seranton, chairman, George H. Clifton, Cross Plains, vice-chairman, and John L. Estes, Clyde. The new committee represents the cotton interest through the chairman, the corn-hogs and peanuts through George Clifton, and the wheat by John L. Estes.

150 Oplin Farmers Study New Farm Program

One hundred and fifty Oplin farmers met at the call of Sidney S. Harville, president of the Oplin Agricultural Association Monday afternoon and after discussing labor saving devices and seed treatment methods than went into a discussion of the new farm soil program with the county agent leading.

Clint McIntyre, community committeeman for Oplin, said the farmers were very interested in the new plan and believed there would be as many if not more, than last year who would cooperate this year.

It was stressed that each farmer should set aside at least 20% of his land to soil conservation crops and that each farmer should measure his land so as not to have so much guessing this time. Acreage of each crop must be listed on the work sheet.

Dallis grass is going to be planted by many of the Oplin farmers. It is recommended as a grass that will smother Johnson grass and is not a pest itself. It is an excellent pasture grass and soil builder.

Larger Crops Planned

Reports received by the Department of Agriculture indicate from the answers of 42,000 farmers that the country plans to increase crop acreages somewhat over last year's plantings.

Reports suggest the principal crops (not including cotton) of about 299,000,000 compared with 281,000,000 last year, 302,000,000 in 1932, and the 1928-32 average of 296,000,000.

Among the cash crops, the most striking change is in the proposed spring wheat acreage of 19% increase above last year and slightly above the 1928-32 average. Winter wheat is below normal, however, so that the crop looks now to be but 1 to 2% above the average.

The intention to plant 8% more peanuts would mean the largest acreage since the war period.

Farmers' plans for feed crops, if not changed by the new soil-conservation program would indicate about normal plantings. A below average planting of corn is offset by an increase in grain sorghums. The supply will be ample in view of the 5% less-than-average number of livestock. Of course, the weather will determine the crop yields, regardless of acreage.

**Conservation
 A New Farm Program**

Three years ago, when it took two carloads of farm products to buy what one of prewar days bought, and farmers were hard pressed to keep ahead of the sheriff Congress said to them, in effect, through the AAA: "If you will cooperate, the National Government will help you out of your depression by organizing with a program to control the production of certain farm commodities which have been selling at prices ruinous to you. By controlling this production nationally, and this will mean restricting your output of these commodities until excess supplies are used up you can lift up farm prices and receive, in addition, benefit payments for cooperating."

More than three million farmers decided to take a chance. At the beginning of 1936, when they came to chalk up results, they found that farm prices now had a purchasing power nine-tenths as large as in pre-war days, instead of half. They found their gross income for 1935 was 3 billion more than in 1932 and more than any year since 1929. They were getting a larger share of the National income. These gains to the farmer were not a lump-sum charge against the rest of the Nation. They both reflected and promoted greater income among all classes.

The Supreme Court on January 6th said, in effect to farmers: "The National Government has no power to control the production of agricultural commodities, because it is not so written in the Constitution. Your production-control program, as it has been operating must cease. Processing taxes, out of which you have been receiving benefit pay-

ments, must cease, too, because they have been instruments used to promote the production-control program.

The National Government can, however, give you money provided it is for a purpose which promotes the general welfare.

On March 1, 1936, Congress said to the farmers, through the new soil conservation and domestic allotment act: "To promote the general welfare of the people of this country, we ask your cooperation in the conservation of our soil. Agricultural adjustment, which we recognized as an emergency measure, has made it possible for you to embark on a long-time program, the fundamentals of which have long been considered by the Department of Agriculture and were announced by the President last year.

As a Nation we do not own the farms, but we need your produce. We must depend on you to use your lands so that not only this year but next year and for many years to come we shall have sufficient to eat and to wear.

If you are to continue to feed and clothe our people, Congress continued, a stop must be put to losses of soil from your farms. Experts say that at least 40 million dollars worth of soil is being washed away each year. Already 50 million acres have been ruined for further cultivation. Another 100 million acres are badly eroded and 100 million more are threatened.

We are losing this valuable soil because you farmers, forced to compete with each other, uncertain of your hold on your property, and struggling to make enough money, have been unable to or were uninterested in caring for your land as you should.

You have been raising too much of the kind of crops which exhaust the soil and too little of the kind that rebuilds soil fertility. You have not always repaired your land or planted your crops so as to prevent rivulets of rain water from

LOCAL AGRICULTURE BOYS ATTENT TARLETON CONTEST

The vocational agriculture classes of Cross Plains high school attended the Twelfth Annual John Tarleton Judging Contest held at Stephenville April fourth.

Those entering the contest were: Beef cattle, Colvin Lackey, Burnett Porter, Bobbie Henkel; Hogs, Colvin Lackey, Burnett Porter, Bobbie Henkel. Sheep; Bobbie Henkel; Colvin Lackey, Burnett Porter. Dairy cattle; Buster Atwood, Paul Harlow, Noel Ike Childs.

After the contest the boys went on a trip of investigation of the work of the Soil Conservation Program.

washing away good soil or from causing deep gashes in the earth. You have not been saving or rebuilding enough wood lots to serve as windbreaks against dust storms and to keep good soil rooted down. You have been overgrazing your grasslands and many acres are now being eroded.

If you, individually and not in cooperation with each other, were to try to improve your farming practices, you might find your efforts too costly or ineffective. The job is one for all farmers. The National Government, therefore, will make it easier for you to conserve your soil. We will allow money from the public treasury to be paid among you according to evidence you show that you are using your land wisely, and for administration, out of a fund of 500 million dollars.

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:

More value for every dollar you pay.

Lower cost for repairs and service.

Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise

Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

\$2 A MONTH WITH USUAL LOW DOWN-PAYMENT, BUYS ANY NEW FORD V-8 CAR ON NEW UCC 1/2 PER MONTH FINANCE PLANS.

COMFORT SOLD ME ON GOODRICH TRACTOR TIRES—SAVINGS PAID FOR THEM

DO 4 DAYS' WORK IN 3 WITH NEW TYPE TIRES

★ Look what you get when you change your tractor from steel wheels to Goodrich Silvertown Tires—more work done every day—lower fuel consumption—more power—comfortable riding—and a tractor that's just as much at home on the highway as it is in the field.

Take a look at the husky tread on this new tire. Notice the double-deep lugs—see how they taper towards the center. Shoulders are heavy—there is plenty of extra rubber right where it's needed. The whole tread is built so that at one and the same time it provides super-traction, self-cleaning and slow, even wear!

Why not get the savings of this new tire—get the most out of your tractor? Ask us about a demonstration.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood
 YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset. Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

SCHOOL DAYS

Our Shop Is In Step With The Times

The Ford "Little Red School House On Wheels" Has Just Finished a stay at our shop, schooling our mechanics in the very latest trends in automobile repairing.

It Is With Pride and Satisfaction

That we announce to Ford owners every where, we have installed in our shop a complete laboratory test set, the only sure and scientific way to locate motor troubles. In only a jiffy our mechanics are able to detect any irregularity. Aside from being more nearly perfect than the old "this new device trial and error" method saves time, thereby reducing repair charges.

A THOROUGH TRAINING COURSE

A thorough training course of instruction has just been given our mechanics by a factory representative. We have always taken pride in our shop, and now unhesitatingly recommend our Shop Foreman Mr. Ralph Chandler, Sr., to you for any and all automobile repairing. SATISFACTION GUARANTEED.
