It Was Our Mistake

In the list of donation to the Red Cross printed in the last issue of the Review, there appeared an error in the amount subscribed by Mr. Martin Neeb. It showed that he gave 25 cents when the item should have read \$2.50. And besides this Mr. Neeb has given to this cause at a number of different times, and we gladly make this correction in justice to him.

Married

Mr. Everet West and Miss Callie Gallit were married in Baird, Monday morning, May 27th 1918 and a short time after Mr. West left for Camp Bowie where he goes into training as a soldier. We extend best wishes to the young people and express the hope that this great war will soon be over and they will be permitted to live many happy years together.—Baird Star.

Dead

Mrs. Mary E. Corley, aged 82, died at the home of her granddaughter, Mrs. J. H. Moragne, on Tuesday night, interment made at Bremond. The deceased had been in poor health for some time. She leaves but one child, Mrs. M. E. Morehead, mother of Mrs. Moragne. We offer condolence to the bereaved family.

Atty General Advises Women to Register

Austin, Texas, June 7.—Attorney General Looney is today advising County Tax Collectors and others that in order to be on the safe side, all women voters should be registered, including those in cities of 10,000 population and over and those residing outside of such cities. The Attorney General does not recind legal opinion holding that under the Texas decisions the registration of women outside of cities was not required under the new woman suffrage act as certain provisions are void. However, he says some lawyers have disagreed and a shadow of a doubt may be said to exist.

The Semans Buy Two Farms

A deal was consumated this week whereby the Semans Oil Operators through their representatives here, Messrs J. E. Clark and J. M. Hembree, purchased the two hundred acre farm belonging to the Bank of Cross Plains, which is located about a mile and a half southeast, and the 200 acre farm of L. C. Duncan some six miles west, at the sum of \$40.00 per acre. We understand this land had not been leased for oil purposes.

Cross Supper

Pioneer people are anything but clackers, according to R. W. Smith of that place, who was in town Monday. He states that a box supper given for the benefit of the Red Cross at that place Saturday night brought in the neighborhood of 100 dollars. A cake, which was sold in auction, he acting in the capacity of auctioneer, brought the tidy sum of \$34.05, the last man bidding receiving the prize, which Mr. Hoover will let by owing to the purpose it was dedicated to.

A Fine Photo Play.

Mr. C. C. proprietor of the Electric Theatre, informs us that he is making arrangements for the bringing to this city, the fine serial story, "The Lion's Claw", which will likely begin June 29. This is a very thrilling and interesting scene from beginning to end, and will be enjoyed by all attending.

Three Deep Test Wells Spudded in Brownwood

Brownwood, Texas, June 13.—Two more deep test wells were spudded in this district Wednesday. Bartles & Dumenil started drilling on the John M. Baugh ranch, nine miles north of Brownwood for a 3,500-foot test, and the Atlantic Oil Production Company spudded in its deep test on the Kennedy tract in Mills county, nine miles southwest of Goldthwaite. The Fidelity Oil Company will spud a deep test on the Young ranch in Mills County this week and two other deep test in that county are rigging up. Bartles & Dumenil have an extensive acreage in the north part of Brown county on a splendid structure. The Atlantic Company paid \$44,000 for its acreage in Mills and San Saba county, and also have several thousand acres scattered through Colman county. The production of the Brownwood shallow field was increased 150 barrels today with the completion of three more shallow wells in the vicinity of the T. E. Byrd tract.

Francis Kelley of Waco, is the guest of her cousin, Mary Sue Rumph for a month.

Mrs. W. C. Bagwell who has been visiting her mother at DeLeon since Sunday has returned home.

Mr. and Mrs. George Earle of Gatesville were from Saturday to Tuesday, making the trip with C. E. Alvis in his car. George is cashier for the railroad at Gatesville. He still owns his home in Cross Plains.

J. H. Hembree and W. C. Adam with their families spent Sunday in Panger taking in the sights.

Notice to Red Cross Knitters

After due consideration the following rules are submitted. These are not arbitrary but have been sanctioned by Mrs. Mabel Bearden of Baird, supervisor of knitting for Callahan County, and it is thought that by observing them carefully the best results will be obtained.

1. Owing to the fact that the world's supply of wool is limited, knit only the goods most needed; namely, socks, sweaters, and helmets. Wrists should be knitted from remnants. Mufflers are NOT wanted.

2. It is imperative in knitting socks to make them full 11 inches or a little over in the foot and 14 inches in the leg. Cast on the stitches at the top loosely. These socks are worn over the uniform and must be large.

3. In knitting sweaters make full large and bind off loosely at the neck. Be sure that helmets are large enough.

4. Obtain wool only from Mrs. J. F. Moragne, supervisor of the knitting department, attach name of knitter to finished articles and return to Mrs. Moragne, who will keep account of all wool issued and check off as articles are returned. Also return all remnants.

5. It is advisable that children learn to knit from odd bits of yarn before taking out wool from the Red Cross.

6. Lastly, we have nearly a million men in France. We are told there will be three million in the next year. This is why there is such an urgent demand for knitted articles, especially socks, but the knitting must be done conscientiously and according to the requirements of Mrs. John J. Horn, Pres.

PASTE the KAISER WITH W. S. S. on June 28th

Paste him in the eye with a War Savings Stamp—then paste him again and again. Don't think that you have already done your duty. Pershing's men "over there" don't go home after their first battle—they go after the Hun again—they keep on pasting the Kaiser.

Your government has officially set Friday, June 28th as

National War Savings Day

On that day every American is asked to "sign the pledge"—to invest in a definite amount of War Savings Stamps each month. Every real American will prove his patriotism by agreeing to regularly paste the Kaiser.

CROSS PLAINS, TEXAS.

Most of our advertising this week is 100 per cent patriotic. There is no question as to the loyalty of Cross Plains citizens.

This issue is a W. S. S. of Review. Are you going to do your duty in this campaign? Everybody will know what you do.

Every man, woman and child is expected to do his part in the W. S. S. campaign. There are a few here who have been derelict in their duty to their government, good men who have the means, people who are simply holding to the almighty dollar and strangling their patriotic impulses.

Demands For Peanuts Growing

Because the demands for peanuts for all purposes is increasing very rapidly, specialists of the United States Department of agriculture believes that the future of the peanut industry is very bright. The demand for peanut oil especially is growing, owing to the shortage of fat and the decrease in cotton production as a result of the spread of the boll weevil.

Probably the greatest opportunity for increasing the acreage for peanuts is for stock feeding purposes, says recent publication on the subject. Nearly every farm in the peanut-growing section could grow to advantage an acre or several acres, depending on the size of the farm, for feeding to hogs.

Peanut production has increased from about \$500,000 bushels in 1899 to over 40,000,000 in 1916, and at the same time the price per bushel has increased.

Clyde to Drill For Oil

E. E. Cook, our hustling, wide-awake oil man, tells us he has everything ready for the drilling contract to be signed on the test well that he has been working on to be drilled southwest of town. He went to Moran yesterday when he expected to sign a drilling contract.

This is to be a thorough test for the shallow oil, and we feel sure that there is going to be oil found there in paying quantities, in paying quantities, in fact it has long been known that there was oil in this locality for in bunching for water in years gone by oil has been found in sufficient richness to burn and these tests pass.

The big deep well on the Cathey place at Putnam is now near the 600 foot depth, and has a fine showing of gas and oil, which verily promises to be as good as 25 barrels per day by the time the 600 foot sands are touched; however, this is to be a deep well, and they will only delay drilling to see what the sands at this depth shows.

Other wells around Putnam are being pushed as fast as conditions will permit, some other locations have been made over the country. Clyde Enterprises

Win With Potatoes

The enemy is out-eating us in potatoes—out-potatoing us. Here are the figures—per capita weekly consumption:

United States.....2.3 quarts
Austria-Hungary.....8 quarts
Germany.....16 quarts
We can beat them at their own food—which really isn't theirs; it's a native American crop. We must eat more potatoes, says the Department of Agriculture, and that, right soon, or much of our record crop of last year will be wasted. Potatoes are plentiful and getting cheaper. Eat them instead of bread. Fight the enemy with potatoes.

What Will Be Your Answer?

Many American ships with many American lives are at the bottom of the Atlantic, victims of the German lust for blood.

Our boys are going "over there," through a sea of hostile submarines, to fight that you and I at home may be safe.

But we can do something. Germany said to us, "You cannot cross the ocean with your men! You cannot fight us, because you cannot reach us!" What shall our answer be on June 28?

June 28th National War Savings Day

Let every man, woman and child join in an answer that can be heard from one end of Germany to the other—an answer so clear, so strong and so true that it may have a far greater effect than any of us can imagine on Germany's future policy.

Let this be our answer—let every man, woman and child in this great land of ours pledge himself to buy as many War Savings Stamps as he or she can possibly afford. Let's show German autocracy that instead of

undermining our morale, sinking our ships and killing our men only stirs us to action.

If every American buys one War Savings Stamp on June 28th it will add 425 million dollars to our war fund.

But that is not enough. We must pledge five times that amount for the nation is two billion dollars, to be raised through the sale of War Savings Stamps this year.

Let's strike another telling blow to the Kaiser on June 28th by taking up every dollar of that two billions.

Keep Faith With Your Boy "Over There"

When your boy was so little that all the world was a foreign country to him, he trusted you to take care of him.

You sent that boy to school and to play and on your little errands, and with implicit faith he did your bidding.

Now we have sent your boy or your neighbor's boy out into a foreign land, into terrors that we cannot even know—and his faith has not faltered. He knows we will do our part, and we know he will do his.

Are we keeping the faith? Are we scrimping and saving and giving to help our boys do the thing that humanity has asked of them, and to help them come back to us sane and whole?

Presbyterian Pastor Arrives

Rev. J. W. Howell of Carrollton Mo., who has accepted the pastorate of the Presbyterian church of Cross Plains, came in [first of the week, and has entered upon the duties of his position here. Rev. Howell is a capable and forceful minister, comes most highly recommended, and we join the citizenship of this town and community in welcoming him and his splendid family among us.

The following is an account of a farewell social given by the people of his home town before their departure for this city.

One of the most pleasant social affairs which has ever been held in Carrollton church circles was that of Wednesday night at the Presbyterian church in honor of Rev. J. W. Howell and wife who leave in a few days for Cross Plains, Texas, where Mr. Howell has accepted a call from the Presbyterian church.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BOYS! Help Win the War

Get out and sell War Savings Stamps on **June 28th National War Savings Day**

On that day everybody is asked to sign a personal pledge to buy **War Savings Stamps**

War Savings Stamps are a direct loan to Uncle Sam. Nothing can lessen their value. They're always at par. They pay you well, though that isn't half so important to you as what money does for our soldiers "over there." Back them up. Keep food going to them. Keep their clips full of cartridges. And shoes on their feet.

Boys, get out and sell W. S. S.—and send our soldiers over the top with the go-get-'em feeling that comes from knowing you will see that they get what is coming to them.

War Savings Stamps cost \$4.17 each on June 28—and pay back \$5.00.

W. S. S.

ON June 28th

Paste him in the eye with a War Savings Stamp—then paste him again and again. Don't think that you have already done your duty. Pershing's men "over there" don't go home after their first battle—they go after the Huns again—they keep on pasting the Kaiser.

Your government has officially set—

Friday, June 28th

National War Savings Day

On that day every American is summoned to "sign the pledge"—to save and invest in a definite amount of War Savings Stamps each month.

Every real American will prove his patriotism by agreeing to regularly paste the Kaiser.

OIL DEVELOPMENT

The oil situation in the Gray country about fifteen miles southwest of Cross Plains is active and interesting. The Mitchell well is about five feet in the sand at 2,465 feet, and making 150 barrels daily. The well will not be drilled any deeper at present, but they will test the sand in their No. 2. The Empire Co. have moved a rig on the Isaac Neff farm just south of and in close proximity to Mitchell No. 1. A test is to be made on the W. T. Burns place one mile north of Burkett. A rig is being built on the J. P. Heim farm two miles or more east of Burkett. On the Herman Thate farm the Sun company have made a location 550 feet southeast from the Mitchell well. Mitchells have ordered rigs for Nos. 2 and 3.

No new contracts around Cross Plains made or to be made that we

know of. The pool in the Liberty country, which recently had a contract signed and all but ready for operation, has by mutual consent been abandoned; that is, those in the pool have agreed not to hold for contract any longer. It is stated. A goodly sized tract of land having been leased recently north of and near town, all hopes for a contract in that direction have been given up, for the time being at least. On account of litigation, nothing soon can be expected from the contract east of town.

Hauling of material for the rig on the Odum land has been interrupted with on account of the rains. However, the contractors seem to be putting forth their best efforts to put down a well. A contract on the Brown lands near Nimrod twelve miles northeast of town is attracting a good deal of attention. Rumor has it that a well soon is to be started near and southeast of Atwell, but we are unable to verify this report.
