CROSS PLAINS' OLDEST BUSINESS INSTITUTION

"When The One Great Scorer Comes To Write Against Your Name He Writes Not If You Won Or Lost But How You Played The Game"

Friday, June 17, 1949 5c per copy Vol. 40 No. 12

"Without offense to friends or foes we sketch Cross Plains exactly as it goes."

CROSS PLAINS, CALLAHAN COUNTY, TEXAS

Test Starts Olan Wilson's Farm West of Town

Drilling Company, of Cross Plains, has started operation on a deep oil test on the Wilson farm, six miles west of Cross Plains. The test, a farm from the American Trading Company, is located 200 feet south of the Wilson acreage.

The well on the Wilson, drilled by American Trading, flowed all 90 feet into the derrick on the first test, however, later attempts proved futile. It is believed, however, that the well is a commercial one and the test now going on is expected to answer this question.

One Third Of Necessary Number Of Stadium Seats

Approximately two thirds of the seats in the proposed football stadium for Cross Plains high school remain to be sold if the project is to be completed as originally planned. A sale made this week with organization sponsoring the seat sale had that about 160 of the 400 seats have been disposed of.

Seats are to be sold for \$7.50 and guarantee the holder a place at all home games the next five years. The 400 seats would raise \$3,000, estimated cost of the stadium.

Persons who have not yet purchased seats are urged to contact a member of the school board, Lions Club, Parent-Teachers Association, Chamber of Commerce or city department.

Local Girl Wed To Breckenridge Man

Margaret Ralston, daughter of Mr. and Mrs. G. W. Ralston of Cross Plains, became the bride of Gene Speed on Monday afternoon, June 13, at Vernon. The groom is the son of Mr. and Mrs. Jack Speed of Breckenridge.

The present couple will live in their home in Breckenridge where they were employed with a drilling company. Mrs. Speed is a 1949 graduate of local high school where she was popular in extracurricular activities, as well as an outstanding student.

Los of War Dead Laid In Legion Hut

Remains of Cross Plains men who lost their lives in World War I have been mounted on a display, which was last week on display at the local Legion hut on East 8th Street. Pictures of 28 local men are included.

Former Local Man Claimed By Death

John C. Ford, long time resident of Cross Plains, was claimed by death Sunday morning, May 29, at his home in Lubbock. He was 47 years of age.

He was married to Miss Leota Ford in 1922 and to this union children were born, of which one is living. The eldest son, died in 1920. Mr. Ford had three children in Lubbock County the last years.

His survivors include his widow, Mrs. Odora E. Ford of Canyon, Oregon; J. L. Ford of California; and Lovie P. Ford of Atwater, California; five daughters, Mrs. Iris E. Penkert of Cross Plains, Texas; Mrs. Edna Mae of San Francisco, California; Mrs. Pearl Shearer, Mrs. Katherine of Lubbock; 31 grandchildren, and six great grandchildren.

He leaves five grandsons: George Shearer, Arthur Earl Shearer, Doyle Ford, James Shearer, and Oliver Lee Shearer. Charles Chambers also was in Lubbock cemetery.

T. A. Strahan and little daughter, Riverport, Wyoming, are Mr. and Mrs. J. H. Strahan and other relatives here.

Bible School Will Begin on Monday at The Baptist Church

Regular Summer vacation Bible school of the local Baptist church will begin Monday morning for a two weeks session.

Classes will begin at 8:30 each morning and continue until 11. An invitation to children to attend from the age of beginners to 16 years of age is extended.

Winners Announced In Local Art Show Held On Saturday

Mrs. Fred V. Tunnell has announced winners in adults and children's divisions of art showings last Saturday at an exhibit held from two thirty until six o'clock in the afternoon at the American Legion Hall. Mrs. Henry Stallings and Mrs. Bohanan of Brownwood acted as judges for the 21 pictures entered. More than one hundred guests called during hours.

First place in adult pictures was "Bottles and Fruit" by Mrs. Roy Arrowood; second place, "Lemon Leaves and Apples" by Mrs. Bob Sutphen of Byrds; third place, "Cactus" by Mrs. Ray Tyler.

First place in children's division was awarded to Mary Smith showing "Still Life"; second place, David Dallas with "Holly"; third place, Bobby Wright with "Autumn Arrangement."

Students receiving honorable mention were Billy Sam Sipes with "Pottery"; Mrs. Edwin Neep with "Japanica"; and Mrs. Sutphen of Baird with "Apple Blossoms."

Specimens considered best by popular vote of those present were first, "Penny," a dog picture by Mrs. Harold Ray of Baird; "Purple Iris" by Mrs. Arrowood; and "Easter Lillies" by Mrs. Jewel Sutphen of Byrds.

Students of Mrs. Tunnell making entries at the showing were Mmes. Harold Ray, Sam Gilliland, C. E. Sutphen, Beta Freeland, E. Hughes, McCleary, Ed Sunderman, Lilly, and Ruth Dyer, all of Baird; Mrs. Bob Sutphen, Byrds; Mrs. Lois Williams and Miss Betty Mobley of Putnam; Mmes. Edwin Neep, Roy Arrowood, Ray Tyler, Craig McNeel and Norman Farr of this city; and Mary Smith, Bobby Wright, David Dallas, and Billy Sam Sipes, children.

Avenue D. Dwelling Is Being Enlarged

Mr. and Mrs. A. J. Milan are enlarging their home on North Avenue D, located directly across the street west from the Presbyterian manse. Finishing touches are now being put to the dwelling.

Conquest of Polio Now In Sight Medical Men Declare

The conquest of infantile paralysis is now in sight, Alton L. Blakeslee, noted science writer, predicts in a pamphlet published by the Public Affairs Committee, Inc., of New York.

"No one can predict just when the victory will come, or in what way," he adds, "but medical science is making such progress that there is real cause for optimism."

Such striking progress has been made in treatment during the past ten years that only about 15 to 25 per cent of polio victims are now "left more or less severely handicapped. Forty to 60 per cent of the children or adults who get the illness in recognizable form will recover completely, or almost completely without any visible evidence of paralysis."

Scientific study of means of preventing the disease has been slower, Mr. Blakeslee admits in the 20-cent pamphlet "Polio Can Be Conquered," but he lists a number of recent developments that appear to carry great promise. Monkeys have been inoculated against polio safely and effectively he points out. Unfortunately, the vaccine does not protect the monkeys against all strains of the virus and thus would not offer satisfactory protection for humans.

Top scientists are cited as believing that safe vaccine for humans will someday be found. The recent success of scientists in al-

Roylene Arrowood Weds Lubbock Man Wednesday Evening

Miss Roylene Arrowood, of Cross Plains, became the bride of Howel Neal Wilson, of Lubbock, Wednesday night of last week in a single ring ceremony, solemnized by Rev. J. P. Rice, pastor of the Central Baptist Church in Coleman.

Attending the couple were Miss Mary Lou Gossett, of Cross Plains, and Nele H. Carnes, of Rule. Present for the ceremony were the bride's parents, Mr. and Mrs. Roy Arrowood, of Cross Plains, and her grandmother, Mrs. Lizzie Colvin, of Coleman.

The couple will make their home in Coleman, where Mr. Wilson is connected with the Wampler Bros. Drilling Company.

The bride, only child of Mr. and Mrs. Roy Arrowood, is a 1949 graduate of Cross Plains high school, where she was an honor student and exceptionally prominent in school activities. She edited the most recent edition of The Bison, school yearbook, was an officer in the senior class and very popular with fellow students.

The groom is a veteran of World War II, having served more than five years with the Sea Bees, most of which was in the Pacific.

Public Scales To Be Installed Here On South Main St.

S. N. Foster, F. V. Tunnel and G. R. Neel were completing details Monday for the installation of a set of public scales to be ready for operation the latter part of this month. The scales, which Foster told the Review, will be 45 feet long and weigh maximum loads of 100,000 pounds, are to be installed on property recently bought just south of the Woody Service Station.

The scales were purchased several weeks ago by Foster, Tunnel and Neel acting as trustees for subscribers to a fund of some \$3,600.

The scales are to be operated by T. Y. Woody on a percentage basis. It is understood that one half of the receipts from weighing will go to reimburse investors.

Local Girl Named To State Position

Barbara Sue Garrett, daughter of Mr. and Mrs. C. M. Garrett, was elected to the office of state clerk of the Texas Youth Synod of the Presbyterian Church in the meeting of the Youth Synod held at Buffalo Gap last week. 250 young people and their leaders attended the meeting.

Cross Plains 4-H Girls Will Meet

Cross Plains 4-H Club girls will meet Wednesday morning of next week, June 22, in the Legion Hut on East 8th Street. This meeting was originally scheduled earlier in the month but was postponed.

Mrs. Evelyn Scott, County Home Demonstration Agent, and Mrs. Floyd Coffey, leader, will meet with the group.

BAPTIST WORKERS WILL MEET AT ROWDEN CHURCH ON THURSDAY, JUNE 16

The Callahan County Baptist Worker's Conference will meet Thursday, June 16, at the Rowden church in an all-day meeting. Subject for the day will be "The Revival," with Rev. Henry Little delivering an inspirational message at 2:15 in the afternoon.

Lunch will be spread at the noon hour. A cordial invitation is extended the public to attend by A. R. Dallas, reporter for the county organization.

Mrs. Ardell Barnhill, of Fort Worth, is visiting in the home of her brother, A. H. McCord, here this week.

Mr. and Mrs. Pete Fore attended the Star route mail carriers convention in Brownwood last Sunday.

Paul Lawlis Buys Groebel Production Southeast of Town

Paul Lawlis, of Abilene, one of the most active oil men to operate in the Cross Plains area in many years, last week purchased the Al P. Groebel producing lease and adjacent acreage, two miles south-east of Cross Plains. Lawlis plans to start a well on the recently acquired acreage within 90 days or less.

In addition to the production bought last week Lawlis owns wells on the Ruwaldt, Jones and Westerman tracts, two miles east of town.

Rev. J. U. McAfee Returns To Local Methodist Church

Methodist pastors from the Cisco and Brownwood districts were appointed Sunday at the annual Central Texas Conference in Fort Worth.

Rev. J. U. McAfee was returned to pastorate of the First Methodist church in Cross Plains for a second year. Other appointments in which local people might be interested are as follows:

To the Burkett circuit goes Rev. Frank Stone, formerly of Carlton, succeeding Rev. J. W. Tickner who goes to Desdemonia. To Cottonwood comes Rev. James Holdridge, a student at McMurry College at Abilene, who recently succeeded the late Rev. Will Gilliland. Returning to the pastorate of the Scranton circuit, which comprises Scranton, Pioneer and Cross Cut, is Rev. Ross Grace. Rev. D. E. McVey was returned to the pastorate of the Rising Star church. Rev. Oren Stephens was renamed district superintendent.

Rev. C. D. Wooten, former Cross Plains pastor, was transferred from Grosbeck to Ballinger.

Firemen Complete Training Program

Members of Cross Plains Volunteer Fire Department recently completed a training and refresher course here, taught by a representative of the State Fireman's Association under direction of the Texas A&M Extension Service.

Purpose of the training was to acquaint local firemen with latest methods of combating fires of various natures and to point out hazards peculiar to each.

L&L Drilling Another Well On Newton Land

Four and one-half miles southeast of Cross Cut, L. and L. Drilling Company of Cross Plains is drilling the No. 3 J. W. Newton, offset to production 2,034 feet from the north and 900 feet from the east lines of the Newton 320 acre tract in Block 157, ETRR Survey. The well will be drilled to 1,800 feet with cable tools.

Advertising Would Build Tourist Trade For Texas

Houston, Texas, June 7.—Texans are "sleeping blissfully through an unparalleled opportunity to expand Texas' biggest money crop—a year-around tourist business."

Little has been done to attract tourists to this state, Colonel Ike Ashburn, executive vice president of the Texas Good Roads Association, said today in a speech prepared for delivery at the Texas Chambers of Commerce Managers Annual Convention.

The Chamber's activity has been mainly that of bringing conventions to their individual cities, Ashburn said, adding that another factor in attracting tourists was the introduction to Texas gained by service men stationed here during both World Wars.

The speaker observed that a number of corporations have spent considerable sums for institutional advertising, but:

"We need a highly selective advertising campaign to secure additional tourists, to divert tourist trade from competitive areas, to increase itineraries and length of stay, and to encourage 'repeat tourists.'"

The advertising campaign, Ashburn observed, "should be to seek as vacationers persons who have

Grain Damaged By Continued Rains; 18½ Inches Here

Continued rains which have repeatedly interrupted grain harvesting are reported to have done thousands of dollars worth of damage this week as crops began to flatten in fields. Less than a fourth of the grain is cut.

Hard, intermittent showers of the past week brought the total precipitation for the year to 18 and one half inches, nearly as much as fell throughout all of 1948.

Grain yields were turning out surprisingly good until reaping was halted over the week end. Hadden Payne, who lives 10 miles west of Cross Plains, combined oats which average slightly better than 80 bushels to the acre. J. M. Greenwood averaged 50 bushels of barley per acre, and at least one field of wheat made 35 bushels to the acre.

Heavy rains which blanketed the Cross Plains area Monday night and Tuesday morning, netting 4.51 inches of moisture, did greatest damage thus far to uncut fields.

Many crops which had continued to stand through the repeated deluges were laying flat yesterday. Some growers declare that much of the grain can be harvested by special combine attachments, however, all admit that there will be a partial loss even under best conditions.

Through May Cross Plains had received 15.60 inches of rain. Measurements for June, up until Tuesday at noon, were 2.87 inches.

3 Local Youths Are At Hardin-Simmons Doing Summer Work

Three students from Cross Plains are enrolled in Hardin-Simmons University classes for the first summer term. Classes will continue through July ninth. The second term will begin July 12. Enrollment has reached an all time high of 1165 students for the summer term.

The students are Robert Moon, Burlie Paul McCowen, and Lloyd Dean McGrew.

Moon is a senior and a member of Players Club, Rodeo Association and Business Club. He is the son of Mr. and Mrs. H. P. Moon of Cross Plains.

Burlie McCowen is a member of the senior class. He belongs to the H-SU Symphony orchestra and is the son of Mr. and Mrs. C. M. McCowen of Cross Plains.

McGrew is a freshman and the son of Mr. and Mrs. H. H. Ray also of Cross Plains.

Mr. and Mrs. Art Yarbrough left Monday morning for a visit in Houston.

Miss Lois Nethery, of Artesia, New Mexico, has been visiting in the home of her sister, Mrs. J. W. Chapman, and family here the past several days.

Homemaking Girls Picnic at Brownwood Lake This Week End

Miss Mildred Woody and some 30 homemaking girls, accompanied by several mothers, will spend Friday afternoon and night on Brownwood lake, returning home the following day. The outing is an annual affair with girls taking homemaking in Cross Plains high school, for which projects continue through the Summer months.

Local Man Weds Brownwood Girl Sunday At Noon

Miss Sybil DeShazo, of Brownwood, and James M. Hutson, of Cross Plains, were united in marriage Sunday at noon at the Central Baptist Church in Brownwood, with Rev. Harry Hames, pastor, officiating for the double ring ceremony. The bride was attended by Joyce Choma of Dallas, and L. G. Morris of Cross Plains acted as best man for the bridegroom.

The bride is the daughter of Mr. and Mrs. Earnest DeShazo, of 1321 Brady Avenue in Brownwood. She is a graduate of Clayton New Mexico, high school and the Brownwood School of Business.

The groom is the son of Mrs. Mollie Hutson, formerly of this place but now of Levelland. He is a veteran of World War II, having served 47 months, 32 of which were spent in the European Theatre of Operations.

The newly weds will make their home in Dallas, where they will be employed. She has a place in the claim department of a Dallas furniture concern which she has held for some time.

Mr. and Mrs. Hutson were in Cross Plains first of the week visiting with friends. From here they left for West Texas and New Mexico points on a bridal tour. They plan to return to Dallas next Sunday.

Lions Club Meets Last Tuesday Noon

Fourteen members of the Lions Club were present Tuesday at noon at the regular semi-monthly meeting of the organization.

In the absence of the president, O. B. Edmondson, the meeting was presided over by Melvin Placke, vice-president.

Representatives of the Brotherhood of the local Baptist Church plan to attend a district meeting and barbecue to be held in Gatesville Thursday of next week, June 23.

Miss Mildred Woody, local homemaking teacher, attended a crafts school in Abilene last week, where special instruction was given in leather working, glass etching and block printing. The school was attended by 38 teachers.

City Hikes Rates In Water And Gas Beginning July 1st

Members of the city council have authorized a slight increase in water and gas rates here, effective with the July first billing.

The new rate schedule advances the minimum charge for natural gas to \$1.20, which covers cost of the first two thousand feet. The next four thousand cubic feet will be billed at 45 cents per thousand and all thereafter at 40 cents. Formerly gas rates were: \$1.00 minimum for the first two thousand cubic feet and 35 cents per thousand thereafter.

There will be no increase in the minimum charge for water. It will remain \$1.25 for the first one thousand gallons but will be increased from 25 to 35 cents per thousand gallons thereafter.

"The increased rate is essential," declared Mayor S. N. Foster, "if Cross Plains is to establish a business like plan of retiring its bonded indebtedness and at the same time supply health measures which have become mandatory of a municipality."

On another page of today's issue of the Review there appears a financial statement for the city of Cross Plains, covering the fiscal year which ended April 6. Citizens may see from this statement that the incorporation owes \$109,000 in bonds for which some method of retirement must be instituted.

It is pointed out that the city is now paying more for natural gas to supply the city system than formerly. Contract recently entered into with Earl Green, owner of the Pioneer Gasoline Plant where the supply is now being obtained, calls for the city to pay 18 cents per thousand feet for the first five years of the agreement and 20 cents per thousand for the second five year term. The increased revenue from this source will be used to meet the advanced price at the city gate and to give the Council funds to make replacements in existing lines, many of which have begun to leak.

The increase in the water rate will permit the city to carry out health measures, many of which are required by law.

Former Local Girl Weds at Brownwood

Miss Martha Frances Dennis, daughter of Rev. and Mrs. Russell Dennis of Brownwood, became the bride of Rev. Jere Kelly Bissett in a double ring ceremony performed by the bride's father at the Melwood Baptist Church, of which Rev. Dennis is pastor, in Brownwood on June sixth. The Dennis family are former residents of Cross Plains.

Vows were exchanged before an altar banked with palms among which were set tall baskets of gladioluses, calla lilies, fever few and fern. Miss Lavern Dennis was her sister's maid of honor and E. L. Bissett, brother of the groom, acted as best man.

For her marriage the bride chose a gown of white slipper satin designed with lace yoke, fitted bodice and bouffant skirt. Her veil of illusion fell from a coronet of orange blossoms. She carried a white Bible topped with an orchid. Her only ornament was a gold necklace, a gift of the bridegroom.

After a bridal trip, the couple will live in Beville where he is pastor of a Baptist church.

Cross Plains people attending the ceremony included Mrs. S. O. Montgomery and Verma Lee, Mrs. John D. Montgomery and son, Mrs. J. A. Barr, grandmother of the bride, and Rev. and Mrs. Fred Smith.

MORE THAN 25 PEOPLE VISIT IN MOORE HOME

Those visiting in the home of Mr. and Mrs. J. A. Moore over the past week end were her brother, J. L. Beard of Sinton; her sister and husband, Mr. and Mrs. Sam McCurry of Austin; a niece and family, Mr. and Mrs. Earl Hart and sons of Taft, Texas; Miss Wanda Joe Vickers of Sinton, Mabry Beard of Taft, Mrs. Jackie Richardson and son of Colorado City.

Miss Sherry Richardson, Mrs. Winnie Elliott, Mr. and Mrs. Gwynn Elliott and family and Mr. and Mrs. Cornelius Elliott and family, all of Brownwood; Mr. and Mrs. B. A. Moore and Pat, and Mr. and Mrs. J. L. Moore and Shirley of Cross Plains.

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948: "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure."

CROSS PLAINS, TEXAS

Burkett News

By Mrs. T. C. Strickland

There will be a homecoming Sunday, June 26, at the Burkett school grounds. Everyone is cordially invited to come and bring a well filled basket, as lunch will be spread at the noon hour. A special effort is being put forth to get in contact with all the ex-graduates and ex-teachers of the Burkett school. A short program will follow the noon hour and the regular fourth Sunday singing will be at the regular time at the gymnasium.

Rev. and Mrs. J. W. Tickner moved Monday to Desdemonia where he will pastor a church for the next year. Their friends here wish for them good luck and happiness.

Rev. and Mrs. Frank Stone of Carlton arrived here Wednesday to assume duties as pastor of the Methodist church here and at Echo and Byrds.

Robert Dixon Koenig and Harold Glenn Chambers attended 4-H encampment at Lake Buchanan three days last week.

Joan Evans, Barbara Golson and Earl Jones are attending the 4-H Round-Up at A&M College from Sunday to Thursday of this week.

Mr. and Mrs. James Hill of San Antonio visited her parents, Mr. and Mrs. Ben Strickland, over the week end.

Mr. and Mrs. J. D. Narron of San Antonio visited relatives here last week.

Mr. and Mrs. Richard Lawrence and children of Jal, New Mexico visited here last week.

Anita Strickland returned home after spending a week with her great grandparents and other relatives at Cross Plains.

Barbara Holland of Moran is visiting her grandparents, Mrs. Alva Holland, and Mr. and Mrs. Jodie Edgington.

Mr. and Mrs. Dick Holland and small daughter of Moran visited here Monday and Tuesday.

The W.S.C.S. met Monday with four members present and one visitor, Kay White. Meeting was in charge of the vice president, Mrs. Cora Belle Koenig. Devotional was given by Mrs. T. C. Strickland. Mrs. C. D. Baker, Mrs. R. M. White and Mrs. Koenig each gave parts on the program.

Plans have been made for the materials for repairing the tabernacle. The first rainy day that the

"Second Battle Of The Alamo"

farmers can be away from their work everyone is asked to meet at the tabernacle and begin the work.

The Moth Menu

Most folks figure when they protect their woolen winter garments from moths, the job is done. But wool isn't the only item on the moth menu. It also includes animal hair, fur, feathers and any articles made from these animals.

Now comes the time of year to store the winter woollens so the moths won't take a feast of them while you're in cottons and rayons. Mary Routh, extension clothing specialist at Texas A&M College, suggests checking the out-of-the-way floor cracks and baseboards where woolen lint and hair may have collected. Such places are often fertile breeding places for moths. So you might get them all out at one time while you're busy putting the woollens in storage.

Clearout the clothes closets and spray the walls, woodwork, baseboards and shelves with DDT. About a half pint will be needed for the average sized closet. Miss Routh suggests using a residual oil spray, since the water spray leaves a white deposit where it's applied.

The residual sprays are effective over a period of months in killing insects that come in contact with the closet surface. Space sprays last only a short time.

DDT solutions may be sprayed lightly on woolen clothing without injury to the surface. It's also good for protecting clothes hanging in closets. Moth balls, flakes or

crystals are advised for clothes stored in tight bags, trunks or other containers where a fumigating effect is desired, Miss Routh concludes.

**Clyde Hatchery Awards 50
Baby Chicks**

Dorothy Konzak of Clyde was selected as one of the outstanding 4-H Club girls of the past year. She has carried on outstanding demonstrations in clothing, bedroom and dairying work. She was awarded 50 baby chicks offered by the Clyde hatchery to an outstanding 4-H girl. Our thanks to the Clyde hatchery for this encouragement to 4-H club members.

Suits In The Bag

Packing a man's suit in a traveling bag often presents a problem, especially to men. It's a pretty hard job trying to pack a man's suit without wrinkling up at the end of the journey with more creases than there should be. Mary Routh, extension clothing specialist at Texas A&M College has a few tips on how to get where you're going with the least number of wrinkles. Such practice lengthens the life of the suit and saves pressing bills as well.

Don't spare the tissue paper in suit packing, Miss Routh advises. Use it generously. It helps keep the wrinkles out of suits. Now, for the average suitcase, wider than the gladstone, lay the coat flat on a table or bed, with the collar and lapels turned up. Lap the right front over the left front, bringing both sides over as far as possible without wrinkling the suit. Sleeves should lie smoothly along the coat. Turn them a little above the elbow and fold up. Then pick up the lower edge of the suit and fold toward suit's top.

With a gladstone bag, the only difference is making one more fold in the body of the coat, up

**Shower Friday Will
Honor Recent Bride**

A come-and-go shower Friday afternoon, June 17, in the home of Mrs. Norman Farr will honor Mrs. Neal Wilson of Coleman, who before her recent marriage was Miss Roylee Arrowood. Mrs. Lester Barr and Mrs. Oren Barr are co-hostesses with Mrs. Farr. Calling hours will be between three and six o'clock.

**BURKETT H. D. CLUB IS
ENTERTAINED IN HOME
OF MRS. NOLAN BURKETT**

Mrs. Nolan Burkett was hostess June seventh to the Burkett Home Demonstration Club when 15 members gathered in regular session. Mrs. Earl Brown, president, called the meeting to order, followed by group singing, led by Mrs. T. C. Strickland.

Plans for the Burkett homecoming June 26 were discussed and study made in setting an attractive table in which several members took part.

After a period of recreation, refreshments were served to the 15 members and Misses Coleen and Betty Burkett and Barbara Holland. Next meeting will be with Mrs. Clyde Brown on June 21.

and back. The coat sleeves are not folded separately as for the suit-case.

"Trousers are no problem, Miss Routh says. Just make sure the creases are straight and the pockets smooth inside. Fold them over once or twice, depending on the size of the bag.

Suits aren't hard to pack if the job is done right.

Mr. and Mrs. B. M. Adams of Big Spring visited relatives and friends here last Sunday.

**BIG TURNOVER EXPECTED
THIS YEAR BY USED
CAR DEALERS**

The used car dealers may not expect big money this year but they do expect a big turnover.

This is evident at most used car lots. The dealers have dusted off the sign that urge you to "get our bid first." Some even say "please stop here for the highest dollar."

But the dollars aren't nearly as high as they were last year and the year before.

Generally you will be offered considerably less than you paid for your car.

Of course the bottom isn't going to drop out of the used car business—unless it drops out of other businesses, too. As the car manufacturers reduce prices the used car dealer has to adjust his prices downward. But he adjusts both his buying and selling prices.

Most motorists who got new cars a year ago escaped at least one price increase. And they were substantial hikes in most instances. For example, in July from \$80 to \$115. In August 1948 Chevrolet boosted prices. Ford advanced Ford models \$75 excepting on one model, which it reduced \$5.

Virtually every other manufacturer also raised his prices in sizeable amounts during the year.

So far many motorists, the lower offers from the used car dealers are not as severe a cut as it is for those who got delivery after mid-year. The jolt comes mainly for those who figure the cost for replacing last year's model with all its extra equipment.

They are discovering that they have to accept from \$500 to \$1,000 less than the cost of a new car of identical make and equipment. Undoubtedly this will discourage a large volume of new car buying.

**CATTLE GREATEST SOURCE
OF TEXAS FARM CASH
INCOME DURING APRIL**

Austin, Texas, June 8.—Texas farm cash income totaled \$68,176,000 in April, rising 25 per cent from March, the University of Texas Bureau of Business Research reported.

Cattle was the greatest source of income in April, bringing Texas farmers \$33,386,000. Income from milk products totaled \$10,298,000; and eggs, \$4,724,000.

Heavier marketings of cattle fruits and vegetables, and livestock products pushed April income ahead of last month in the majority of crop reporting districts. South Texas Plains, Lower Rio Grande Valley, and Edwards Plateau more than doubled their farm income from March to April. On the other hand, March-to-

April declines ranged from 10 per cent on Red Bed Plains to 30 per cent in Northern High Plains. In comparison with April 1947, farm cash income for April was down 34 per cent. With exception of rice, peanuts, cotton and wool, all farm commodities brought Texas farmers less in April than a year ago.

Farm income rose 7 and 17 per cent over April 1948 in Northern High Plains and Coastal Plains, respectively, but declined slightly in other districts. Declines ranged from an 18 per cent in East Texas Timbered Plains to a 70 per cent fall in the Rio Grande Valley.

After adjustment for seasonal variation, the Bureau's index of farm cash income declined 19 per cent of the 1935-39 base in April from 220 in March to 331 in April 1948.

For the first four months of 1949, farm income totaled \$220,000,000, falling 22 per cent over like period in 1948. Except for increases of 16 and 20 per cent in Northern High Plains and Coastal Plains, all districts recorded declines from 13 to 60 per cent over their 1948 levels.

Yesteryear... In The Old Home Town...

Items of interest taken from files of the Review printed 10, 20 and 30 years ago:

30 YEARS AGO June 21, 1919

Henry Childs and son, Charlie, have been using one of the county tractors and graders on the principal streets of town. Charlie Barr and Virgil Foster have donated their services in assisting with the work. Charlie states that the county furnishes the gasoline where the community wants the roads worked, which is a fine thing for the community.

Archie Hampton, son of Mr. and Mrs. G. C. Hampton, came in last week from Austin where he has been attending the state university. He has finished courses there and will leave in a short while for Houston where he will take a two year medical course. His friends predict a brilliant career for him.

Elder J. M. Harlow has announced that he will preach at Cottonwood the third Sunday at eleven and at night. Everybody is invited to attend.

W. D. Drury and family have returned from a trip to New Mexico where we understand, they have located. They will return soon to the new state, their future home.

Review Honor Roll W. J. Morgan, Cottonwood J. A. Joy, Cottonwood Mrs. M. E. Peterson, Cottonwood C. M. McGary, Cottonwood E. L. Laminack, Sabanno L. P. Wood, Sabanno Oscar Gage, Sabanno Mrs. John Jo Horn, City J. L. Ferrell, Rt. 1

R. M. Black, one of this city's splendid barbers, returned here first of the week with his family from an extended visit with relatives in the Panhandle.

Frances Kelly of Waco is the guest of her cousin, Mary Sue Rumph, for one month.

Mr. and Mrs. Poley Williams have returned home after a few weeks stay in Marlin where she took treatments for rheumatism and is considerably helped.

20 YEARS AGO June 28, 1929

That women are not necessary for a successful wedding was proved last Friday evening when Tom Anderson and Taylor Bond were united in an impressive womanless wedding at the high school auditorium.

It is rumored that a scandalous divorce suit is pending.

Clyde Durringer and Aubra Dodson of Cross Plains defended the Philpeco Club golfers Sunday in a match with golfers from Stamford.

A number of popular marches and songs will be featured by the Cross Plains band in an open air concert to be staged Friday night at the intersection of main and 8th Street.

The band has 25 members.

At their regular meeting Monday the local Masonic lodge installed the following officers: J. C. Huntington, worshipful master; John Oliver, senior warden; R. C. Jackson, junior warden; A. G. Crabb, chaplain; George Lamar, secretary; Carlton Powell, treasurer; Walter Westerman, senior deacon; Sam Pruitt, junior deacon; Frank King, senior steward; John Miller, junior steward; and H. H. Nash, tiler.

Little Donnel Clark, son of Mr. and Mrs. Jeff Clark, is home and feeling fine after a tonsil and adenoid operation at the Sealy hospital Monday.

Mayor Martin Neeb announces that a public watering troughs has been installed near the cotton yards for benefit of farmers who bring their cotton to Cross Plains.

Miss Aletha Mitchell, 1928 graduate of Cross Plains high school, underwent a successful operation last Sunday for appendicitis at Santa Anna. She is reported resting easy at present.

Red Huckaby received a severe wound on the head Monday while working on a rig near Cisco. A falling beam caused the injury.

10 YEARS AGO June 16, 1939

Miss Jimmy Morgan of Pioneer entertained the future homemakers

of the Pioneer school last Friday night with alumber party.

J. T. Hammett, local golfer, blasted his way to his fifth title in the Philpeco Invitational Tournament here Sunday afternoon.

Home demonstration club members of Callahan County have recently canned 150 dozen pineapples, shipped in from Old Mexico.

Mrs. Walter Rudloff complimented members of the 42 club at her home Thursday afternoon.

A refreshment plate was passed to Mrs. Tom Cox, Mrs. Melvin Haney, Mrs. Curtis Strickland, Mrs. E. E. Thate, Mrs. M. E. Howell, Mrs. H. A. Young, and Miss Lucille Willis of Wichita Falls.

During the summer months the local school homemaking class will carry on projects for improvement of the home and family.

Those taking the work are Kathryn Anderson, Dorothy Fore, Florence Harris, Virginia White, Juanita Burks, Mary Jane Stafford, Rubye Riffe, Jimmy Starkey, Helen Huckaby, Adelle and Frances Pierce, Mozelle Baum, Lillie Dee McAllister, Earline Sillix, Charlene Smith, Emma Jane Williams and Maxine Morris.

COFFEE DRINKERS LEAD

Our Brazilian neighbors will be happy to know that coffee is the favorite beverage in the United States. Statisticians report that coffee lovers in this country eclipse milk devotees by 1,000,000 gallons a year.

Beer drinkers run a poor third, soft drink devotees, fourth, and "hard liquor" imbibers come in a limping fifth.

Figure-jugglers of the North western National Life Insurance Company in Minneapolis estimate that Americans consumed 8,000,000,000 gallons of coffee in 1948. That's enough java to keep Niagara Falls flowing for 67 minutes.

The experts calculate that 80 per cent of the coffee is brewed and consumed at home, and the other 20 per cent in restaurants. The total amounts to 55 gallons per capita.

Americans will consume almost 7,000,000,000 gallons of milk or about 48 gallons per capita this year. Beer drinkers will take 2,700,000 gallons, good for 19 gallons per capita, and hard liquor consumption will be only five quarts per capita.

Civic Orders Take Part In Fly Program

During the last several summers, considerable enthusiasm was shown by various local organizations such as Chambers of Commerce, many Civic Organizations, and others in the arranging of fly eradication program. Dr. Geo. W. Cox, State Health Officer, says that for taking interest in this work, the responsible parties are to be commended.

However, without year-round community sanitation the ultimate result, which is so important has not always been too successful; in some areas this has given rise to rumor that flies are DDT resistant. "The Texas State Department of Health heartily endorses a fly spraying program, providing it includes a general clean-up program carried out during the entire year", Dr. Cox said. "For example, why spray a garbage heap that not only invites but actually breeds flies when it should be removed. Why spray the city dump when it really should be covered. I fear the unplanned spraying program is similar to the application of perfume or toilet water to overcome b.o. or the application of powder to cover dirt."

In a well-planned fly control program, Dr. Cox declared, all places where flies gather, such as dumps, rubbish piles, garbage piles, decaying vegetation should be cleaned up by hauling away and burying. Proper garbage and rubbish containers with fly tight covers should be demanded from all. All buildings should be screened. Then, secure a sprayer outfit, preferably with one or more hoses each manned by a skilled operator to spray the areas where flies and other insects will light. It does little good to spray the center of the street, the ball diamond, or the sidewalks. Spray the surfaces where insects light or breed.

A residual spray remains active until the DDT washes off or is covered with grease, dirt or soot. This usually lasts for four to six weeks. After that, a second spray is recommended provided the item of clean-up is still being carried out.

TRAFFIC ACCIDENTS CAUSED BY DRINKING, STUPIDITY, CARELESSNESS

Believe it or not the Department of Public Safety says that "Accidents Don't Just Happen." They are caused. The causes named are drinking, stupidity, and carelessness.

Driving while drinking and drinking while driving is one form of stupidity since the public are warned and cautioned many times daily over the radio and by road signs against the danger of impaired vision and judgment resulting from alcohol.

Stupidity shows up in being the road hog. Can any person average 70 miles per hour on the highway without causing another fellow to slow down to let him pass? Statistics say no. The road would have to practically clear of traffic laws which are made for the drivers safety as well as for courtesy due others.

Carelessness takes its toll when the driver fails to have his car checked, when he takes his eyes off the road, when he disregards rules of safety which inconvenience him.

Texas owe loyalty to their state and to the Department of Public Safety which is striving to lower the rate of Texas fatalities due to motor accidents—motor accidents caused by drinking, stupidity and carelessness.

Texas People Pay Little Attention To Legislature

By Joe Belden
Director, The Texas Poll

AUSTIN, Texas, May 28.—Most Texas voters don't know how much a member of the Legislature is paid. Lacking this basic information, the public today is not prepared to support a raise in pay for the lawmakers.

This finding by The Texas Poll indicates that a proposed constitutional amendment to be voted on September 24 may be defeated unless its backers conduct an effective selling campaign. The amendment, besides giving each lawmaker an annual salary of \$3,600, would require the Legislature to meet in regular session every year instead of every other year.

Eight out of every ten qualified voters questioned in the latest statewide survey by The Texas Poll were found to be either uninformed or misinformed about how much pay a lawmaker receives from the state. Even so, the weight of opinion among this group was that the legislators are receiving about the right amount or too much. Only 14 per cent felt they were being paid too little.

On the other hand, only about two out of every ten qualified voters were found to be informed about legislators' pay. Fifty per cent of those said they thought the lawmakers are underpaid.

The poll shows that voters, as a group, are slightly better informed than the general public because they pay more attention to what goes on in the Legislature. However, about four out of every ten voters admitted they pay very little or no attention to legislative affairs.

Interviewers in all parts of the state put these questions to a cross section of the adult population:

1. "How much attention do you pay to what goes on in the Legislature - a great deal of attention, some, very little, or none at all?"

	Qualified Voters	All Adults
Great Deal	19%	14%
Some	42	39
Very Little	29	32
None	10	15
	100%	100%

2. "Do you think members of the Legislature are paid too much, too little, or about the right amount?"

	Qualified Voters	All Adults
Too much	12%	12%
Too little	22	19
About right	41	36
No opinion	25	33
	100%	100%

3. "Do you know how much a member of the Legislature is paid?"

	Qualified Voters	All Adults
Right answer	17%	14%
Wrong answer	11	8
Don't know	72	78
	100%	100%

No direct questions were asked about the proposed pay-raise a-

WALT DISNEY CARTOON AND DRAMA COMING TO PLAINS THEATRE JUNE 15

Heartwarming indeed is Walt Disney's new cartoon and live action dramatic feature, "So Dear To My Heart", which comes to the Plains Theatre on Wednesday and Thursday, June 15 and 16. In technicolor, it is an entertaining film for the entire family.

Performed wholly in an atmosphere typically American, it is the simple, homely, close-to-earth story of Indiana rural life a generation ago, seen through the eyes and recollections of an adolescent boy, Jeremiah Kincaid, his playmates and his adult friends.

The boy, of the same sturdy breed as Mark Twain's Tom Sawyer and Huck Finn, and Booth Tarkington's Penrod, is being reared rather sternly by his grandma and a clash occurs when the boy insists upon grooming a little black ram to be entered at the County Fair. Soon the entire village of Fulton Corners is involved in the situation. The partisans include the song-making blacksmith, the storekeeper, the dressmaker's lovely little daughter, a shrewd judge of livestock and of human nature at the County Fair, the train crew and depotmaster, and other folks of the sleepy Indiana locale.

The boy finally triumphs, wins the County Fair prize and the cheers of the village, having "done the best he could with what he had to work with," as the theme of the story is stated. The grandma too, has her victory, having shaped the future "tree as the twig is bent."

The cast gives it a wonderfully persuasive enactment; Bobby Driscoll as the young Jeremiah; Beulah Bondi in the role of Grandma Kincaid; Burl Ives, America's foremost troubador, as the blacksmith; Raymond Bond as the understanding storekeeper; Harry Carey as the judge of livestock; petite Luana Patten as the boy's loyal comrade, and all the others to the most modest bit part.

Mrs. Todd Jordan and daughters of Ingleside are visiting her brother, Pete Robbins, and family this week.

The lawmakers are now paid for only the days they are in session. The rate is \$10 per day for the first 120 days of a regular session, and \$5 a day thereafter if the session lasts longer than 120 days. For special sessions, which last 30 days, members are paid at the rate of \$10 a day. Regular sessions are held every other year, while special sessions convene only when called by the Governor.

Childs Descendants Have Reunion June 5

A former family of the Cross Plains community gathered Sunday June fifth, at the ranch home of Mr. and Mrs. S. W. Lilley on the Baird-Coleman highway for a reunion and dinner. Mrs. Lilley was formerly Dora Childs, daughter of the late H. D. Childs, a pioneer of the Cross Plains community. The Childs family was represented through the first, second and third generations.

Those attending the gathering were Mrs. Edna C. Kendrick of Douglas, Arizona, her son, John B. Kendrick, his wife and daughter, Jo Ann, of Hobart, Oklahoma; C. T. Childs, wife and daughter, Ima Ruth Konzak, and her little daughter, Kyan, all of Baird. J. H. Childs, son of C. L. Childs, and his wife, Caroline of Brownwood, Mrs. Mabel C. North of Pasadena, California; Mr. and Mrs. S. W. Lilley of Baird, the host and hostess and two of their three sons, Mr. and Mrs. Hubert Lilley, and daughters, Mavis and Barbara Jean and little son, Freddie, of Hart, Mr. and Mrs. Roy Lilley and children, Dean and Cherry, also of Hart, Mrs. Eunice C. Pierce and son, David, of Gladewater, James H. Childs of Pasadena, California and his four daughters, Charlene, Carlene, Barbara Ann and Martha of Fort Worth.

Carl L. Childs of Monahans, Mrs. Sadie Ima Sutton of Oakland, California and Mrs. Juanita C. Hagen of Los Angeles, California were absent at the gathering last Sunday. There are six sisters in the Childs family, Edna, Mabel, Dora, Eunice, Sadie Ima (Ted) and Juanita. They had a 'sister reunion' at the home of Mrs. Mabel North in Pasadena, California in August of 1948, the first time the six had all been together for 10 years.

Personals

Mr. and Mrs. Tom Cox attended a homecoming in Sidney Sunday.

Mrs. Bill Wagner has been visiting relatives in Clyde recently.

Mr. and Mrs. Tex Robbins of Breckenridge visited relatives here last week end.

Mrs. Martha Grider of Albany visited her sister, Mrs. Ross Wagner, here last week.

Mr. and Mrs. Sam Forehand of Brownwood visited her parents, Mr. and Mrs. J. S. Dunlap first of the week.

Mr. and Mrs. Claude Mayes and Mr. and Mrs. Ponia Worthy visited Mr. and Mrs. W. B. Overstreet in Abilene last Sunday.

BENEFACTORS TO BE HONORED

Four-year-old Juanita Peacock of Lubbock will represent grateful young patients of the Texas Scottish Rite Hospital, Dallas, when Texas' leading citizens gather on the hospital lawn June 12 at 3:30 p.m. to pay tribute to the memory of men and women who have left requests to the institution. Juanita watches as names of benefactors who have passed away during the last year, are added to the memorial statue. Dr. Theophilus S. Painter, president of the University of Texas, will be principal speaker for the services which will be broadcast over TGN network.

Pioneer

By A. O. (Slim) Harris

The first worship services were held in the new Baptist church building here Sunday morning. A large number attended Sunday school and morning services. Brother Tom Flippin brought the message.

Mr. and Mrs. Marvin Cade and children of Alpine are visiting her parents, Mr. and Mrs. B. I. Marshall, over the week end.

Mrs. Bill Smoot and Mrs. Lois Bellar were hostess to a bridal shower at the home of the former, honoring Mr. and Mrs. Bobby Dean. There were about one hundred guests who enjoyed games and back yard chats by most of the older folks. Punch and donuts were served as refreshments to all.

Mr. and Mrs. A. O. Harris visited in the Dow Flippin home Sunday afternoon.

Mr. and Mrs. Lonnie Gray and Merlyn enjoyed an outing and picnic at the Brownwood Lake Sunday.

Mrs. W. S. Matthews of Paducah is visiting her daughter, Mrs. Dow Flippin, for a few days.

Mrs. Susie Fore and her sister, Mrs. S. A. Fleming, have returned from Heaton, Oklahoma where they visited a sister for several days.

Mr. and Mrs. L. W. Pancake were dinner guests at the home of Rev. Tom Flippin last Sunday.

Mr. and Mrs. R. C. Brown had the pleasure of having their two

grandbabies and their father of Louisiana visit them this past week.

Mrs. Laura Hurley of Abilene visited her son and family, Mr. and Mrs. Olen Corley, during last week.

A cloud burst, along with high winds, hit the Hodnett Grove community, doing great damage to crops. The highway was flooded with several inches of water when the storm passed. A slight sprinkle showed at Pioneer, about two miles from the flooded area. A four inch rain was reported at Romney, five miles northeast of that area.

Rainfall for the week measured 2.93 inches.

Uncle Ben Marshall killed the largest copperhead snake of the season. He said it was pretty and fat, well marked with the copper color in complete detail. But its beauty did not save its life. A hoe was handy and the reptile was done away with very shortly.

Mrs. Frances Marshall and daughter, Ann, of Abilene visited relatives and friends here last week.

Mr. and Mrs. Chester Ballow and children attended a home coming at Markley last Sunday.

Mr. and Mrs. S. O. Skinner and

Pecan Trees Need Spraying For Good Crop

COLLEGE STATION—It's not too late to save next fall's crop if you get to work right away. That means spraying the trees for the pecan nut casebearer. He's a small gray worm also known as the pecan worm or the pecan borer worm. And wherever pecans grow, you'll find him.

After they hatch out, these little worms move down the twig to the nut cluster and begin feeding on the second or third bud below the nuts. After a four or five day meal on the buds, the casebearer bores a hole in the pecan and goes inside to destroy the kernel.

Allen C. Gunter, associate extension entomologist of Texas A&M College, says the only time to spray the trees effectively is the 10 or 12 day period from the time the eggs are laid until the worms enter the pecans. But once they have gone inside the nuts, spraying is useless.

So you've got to catch them at the right time, and you've got to do a thorough job of wetting each limb from top to bottom with the spray. A power spray that puts out a pressure of 200 to 600 pounds is recommended for the job, says

family visited relatives in Fort Worth over the week end.

Mrs. Henry Neville and sons, Kelley and Bernard, of Jal, New Mexico visited in the home of Mr. and Mrs. H. C. Huntington and other friends in the community here last week.

Several bushels of early peaches are being marketed from this section. Prospects are for a bumper crop.

Bonnie Lou Erwin, granddaughter of Mr. and Mrs. C. B. Hester, has been visiting her parents for several days in Fort Worth.

Gunter. And the spray is three pounds of 50 percent wettable DDT powder and six to eight pounds of wettable sulphur for every 100 gallons of water.

Pecan orchards treated with DDT will be safer for livestock grazing purposes than one treated with lead arsenate, Gunter says. Pecan trees sprayed later than the next few days will have an ineffective control of the pecan nut casebearer.

Mrs. J. A. Gregoire is visiting her sister in Fort Smith, Arkansas.

Mrs. F. R. Anderson visited in Comanche several days this week.

Leonard Ramiser and son of Oklahoma City visited his aunt, Mrs. Mary Wagner, last week.

Mr. and Mrs. J. A. Joy visited their son, O. L. Joy, and family in Abilene last Sunday.

Mr. and Mrs. Tyre Watson and daughter, Suzanne, visited her aunt, Mrs. Bill Wagner, last week.

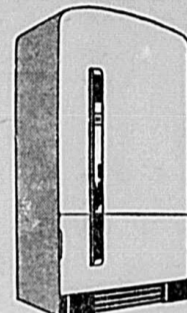

Mr. and Mrs. Billy Wagner of Sweetwater visited Mr. and Mrs. Bill Wagner and Mr. and Mrs. George Hutchins the past week end.

One easy brushing coat is all you need for a tough, rich finish!

HIGGINBOTHAM Bros. & Co.

CRITICAL PROBLEM OF GRAIN STORAGE EASED BY NEW ORDER

Waco, Texas, June 8.—J. Walter Hammond, president of the Texas Farm Bureau Federation, today sent a telegram to Secretary of Agriculture Brannan commending him for his action in meeting the critical storage problem by making price support loans available on grain piled on the ground or placed in temporary storage. "Under the Secretary's three-point program, all producers may take advantage of the government loan," Hammond said. Full text of the telegram to the Secretary follows: "I want to commend you for your courageous action in offering storage requirements which will enable farmers to secure government loan on grain. Circumstances justify such action, but will probably bring a storm of protest charging government waste from those who were all set to steal the grain crop. The saving to producers of millions of dollars will far outweigh any changes of loss incurred because of the action." Announcement of the Secretary's program immediately after President Truman signed the Commodity Credit Bill authorizing the Secretary to provide storage, climaxed the fight started by Hammond in April when he began contacting officials in Washington apprising them of the storage problem in Texas and urging that action be taken to remedy the situation, thereby sparing producers a loss of millions of dollars on the 1949 crop.

After appeals to all other sources Hammond last week dispatched a telegram to President Truman in which he told the President that "gravity of the situation and urgency for immediate action would justify unusual procedures and this appeal for consideration by the President."

Dating time from the birth of Christ was first conceived in 527.

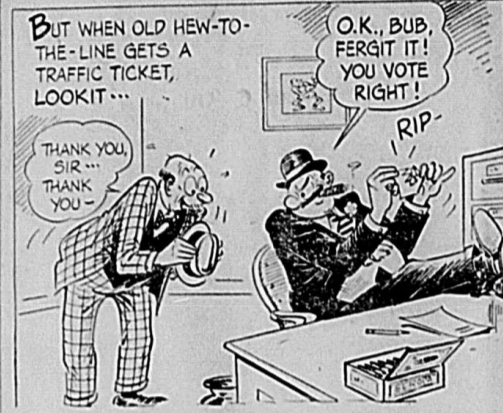

Otto Edward, Prince von Bismarck, was called the Iron Chancellor of Germany.

"Just Before the Battle Mother" was a popular song during the Civil War.

SOIL CONSERVATION DISTRICT NEWS

MRS. GAFFORD PAINFULLY INJURED IN FALL SUNDAY

Mrs. J. S. Gafford, who lives in the south part of town, was painfully injured last Sunday morning when she fell from steps of the local Methodist church, following attendance at morning services.

Several front teeth were loosened, right wrist sprained and a wound which required four stitches to close was suffered to the left ankle. Although no injuries were considered serious, Mrs. Gafford was considerably shaken up but Wednesday was said to be feeling better. She is 82 years of age and with Mr. Gafford has made her home in Cross Plains many years.

The most famous art museum in Paris is the Louvre, formerly a palace.

Letters of marque were licenses to fit out armed vessels and employ them in capturing enemy merchant shipping.

Yellow Bluestem grass seed will be harvested on the J. A. Sikes farm in the Rowden conservation group just as soon as weather conditions permit. This grass was seeded by Mr. Sikes in March of 1948 and will be the first Yellow Bluestem grass seed harvested in this area.

Weeping Lovegrass seed are being produced by P. J. Chilcoat of the South End conservation group. These seed will be ready to harvest soon.

District Supervisors for the Central Colorado Soil Conservation District met in their regular monthly meeting Monday, June 13. Agreements were approved for the following: C. V. Thomas, 200 acres; David H. Winslett, 80 acres; Paul Lutzenberger, 375 acres; W. J. Cross, 131 acres and L. V. Hagan, 80 acres.

Flat issued by the U. S. Government at the close of the Civil War was called greenbacks.

TEXAS TOPS NJVGA MEMBERSHIP DRIVE

Texas farm boys and girls, carrying on the state's traditional reputation for leadership, currently are leading the nation in the membership standing of the National Junior Vegetable Growers Association, it was revealed today.

The announcement, coming one month before the deadline for entries in the association's production-marketing contest, was made in the NJVGA News, circulated among thousands of members throughout the country. It reported that the Lone Star state moved into first place this month, with New York and Mississippi close behind.

Hundreds of Texas farm youths, between the ages of 14 through 21, will compete against boys and girls from all over the nation for the -6,000 in agricultural scholarships and cash awards provided by A&P Food Stores to teach the country's young farmers modern methods of producing and marketing vegetables.

Other Lone Star boys and girls can enter the competition by contacting their local 4-H Club agent, FFA leader, or by writing to the NJVGA regional chairman, Chesley Hines, Extension Horticulturist, Mississippi State College, State College, Mississippi.

Guests in the home of Mr. and Mrs. J. W. Foster at Pioneer last week end were: her sister, Mrs. W. M. Palmore and daughter, Mrs. Joe Palmer, of Dublin; Lee Howell, of Conroe, his sister, Mrs. M. E. Lindley and daughter, Mr. and Mrs. J. A. Sadler of Colorado City; Mrs. Jean David, of Four Rivers; Kenneth Day and family of Abilene, and Mr. and Mrs. L. C. Cash of Baird.

PERFECTS SIMPLE CANCER DETECTOR

NEW YORK—A simplified and painless new method for detecting cancer has been perfected by Dr. S. A. Gladstone, Department of Pathology, Polyclinic Medical School and Hospital here, which may be performed in the physician's office without surgical biopsy. The cancer test consists of rubbing a section of Gelfoam, a protein sponge, over the suspected area. Where cancer is present, the probe clinically tested for more than a year, the new method did not fail once in more than 700 cases, and actually proved the presence of cancer in some cases where standard surgical biopsy procedure had failed to reveal it. Dr. Gladstone has just been awarded a New York Medical Society "scientific award" for his contribution to medical science.
