## HOME TOWN GOSSIP

Philpeco country club's annual invitation golf tournament will be held July fifth, sixth and seventh.

Although placards advertising the event have not yet been distributed locally, we had the pleasure this week of seeing several which were being sent to neighboring cities to be posted at the various golf courses.

And speaking of advertising that brings us down to a story told at the Heart of Texas Press Association in Brady Saturday.

It is said that a codfish often lays a thousands eggs a day but makes no "noise" about it. While on the other hand, a hen lays one egg a day and makes quite a cackle to tell the world of her achievement.

We praise the hen from all sides and seldom think of the codfish. Moral: It pays to advertise.

For as long as many of us care to remember Willis Brown has been adorning the hardware department at Higginbothams. Now that he's resigned the post to take a few days off before going to work for "Uncle Sammel," the ol' store seems just a trifle strange.

Claude Mayes, one of the few local athletes ever to play four years of brilliant football without acquiring a widely used nickname, may now be greeted by his friends thusly: "Hi Skipper." (You know, the conductor of "Tocnerville Trop.")

In San Saba men are growing beards. An ordinance passed by the city council makes it unlawful for any male over 18 years of age to be seen on the streets clean shaven. Violation of the ordinance is punishable by a 50 cent fine for the first offense, \$1.00 for the second and \$1.50 for the third. After paying three fines, a person is no longer subject to the ordinance.

The idea is plenty clever from several standpoints but we shudder to think what Cross Plains barbers might do to anybody launching such a plan here.

If you've always been "brone" and would like to experience the thrill of wealth and the action of big business, we recommend the new past-time which is sweeping the country. It's called Monopoly, and for a couple of hours nothing is more exciting.

Some little tribute is due "Fill" Anderson. He's been running trout (trout to you critical spellers) lines for the past couple of week in the endeavor to catch a mess of fish.

The other morning he jumped out of bed at the break of day and drove out to the lake to run his lines. On the hooks there were but two fish. Both were bass, one about a five pounder and the other possibly a couple of pounds. Knowing that bass fishing was out of season, his sportsmanship said "throw em' back." His ravagenous appetite for fish replied: "Don't be a chump you're by yourself, no one will ever know."

Torn between the two desires the local auto magnate studied long (Continued on Back Page)

## Local Business Men Will Hear New Farm Program Explained At Banquet Here Tuesday Night, April 27

### ROSS JENKINS WILL BE GUEST SPEAKER; ATTENDANCE URGED

Cross Plains business men will have the opportunity of hearing the new farm program explained and discussed Tuesday night at the Presbyterian church, in a meeting which has been arranged by the Loyalty Club, and to which County Agent Ross B. Jenkins will be the principal speaker.

Every local business man, as well as any interested individual is invited to attend the meeting, the Review was told by J. L. Settle, Loyalty Club president. Dinner will be served, however, guests will be asked to pay 50 cents per plate.

The meeting of business men to hear Mr. Jenkins was called after it was learned that a number here were desirous of being informed as to the workings of the new agriculture program. Since, it is believed that the farm program will be operative for several years, Mr. Jenkins stated that he especially welcomed the privilege to address the gathering for he felt that business would be more cooperative if the plan was fully understood.

A number of meetings to explain and discuss the program to farmers have already been held, however, any and all who care to attend the banquet Tuesday night will be welcome and their presence appreciated.

### 2 HELD IN CATTLE THEFT IN COUNTY; ARE ABILENE MEN

Two Abilene men, Bruce Abot and Jesse Hitt, both 26, were arrested last week on a country road eight miles Northwest of Clyde by W. F. Short, special officer for the Tri-County Cattlemen's Association, and charged with cattle theft.

The men were driving a truck in which there were five calves which were identified by Joe Evans as his stock; they were taken from the old Graves ranch where Evans lives.

Two other men are in the Taylor county jail, for investigation in connection with the loss of several head of cattle in Abilene. One of the pair was brought to Abilene from Silverton in Briscoe county. Special Officer Short, Detective West and Sheriff J. L. Gordon of Jones county went to Silverton after the man.

Charges of cattle theft were filed against Abot and Hitt in Baird. W. F. Short was employed by the recently organized Tri-County Cattlemen Protective Association to serve as special officer and investigator for Callahan, Taylor and Shackelford counties and has been closely on the job and the arrest of these men is the direct result of several weeks work. Mr. Short is being ably assisted in this work by Sheriff R. L. Edwards and deputies of Callahan county and the Sheriff's Department and police department of Abilene and the Sheriffs Department of Shackelford county.

### CALLED MEETING OF DRESSY H. D. CARDED

A called meeting of the Dressy Home Demonstration Club will be held Thursday afternoon—April 30—at the Dressy Methodist church, the Review was instructed yesterday.

All members are urged to be present as matter of importance are to be presented.

Olaf Hollingshead of Baird was a visitor in Cross Plains Thursday.

### JENKINS CORRECTS; FARMERS WILL MEET HERE 1 P. M. TUESDAY

County Agent Ross B. Jenkins sends word just as the Review goes to press, that he will be in Cross Plains Tuesday afternoon, April 28—at one o'clock to meet farmers of this trade area in the Cross Plains high school gymnasium. He will devote one hour to the discussion of the new farm program, and from two to four he will help in the sign-up.

In the County Agent's column on an inside page of today's paper, Mr. Jenkins states that he will be in Cross Plains at two thirty, however, the time was changed to one o'clock after the other section had gone to press, and is necessarily corrected here.

Mr. Jenkins also made this correction of his column:

"In my column this week is a notice that the program will start Monday. That is true, except that every farmer will be notified when to meet his committeeman and what place. Mr. Cook and I will meet with committeemen and help in the sign-up, and letters will go to each man stating where and when to meet us. Watch for your notice. New changes in the program make this necessary" (signed Ross B. Jenkins).

### 29 WILL GRADUATE FROM SCHOOL HERE NIGHT OF MAY 22

Dr. Rupert N. Richardson, vice-president of Hardin Simmons University at Abilene, has been secured to deliver the commencement address to Cross Plains high school's graduating class of 1936. The exercises will be held in the school auditorium, Friday night, May 22.

29 students are slated to graduate with this year's class. They are: Elwin Williams, Paul Brashear, Leslie Bell Marshall, Lucille Steele, Alta Lee Killion, Ida Nell Williams, Tyline Usrey, Melvin Placke, I. B. Loving, Jr., Helen Johnson, Kathryn Harlowe, Bobbie Lee Hise, Jimmie Payne, Oleta Thate, Jolly Faye Stephens, Malcom Steele, Hadden Payne, Bobye Neel, Dixie Little, Clairene Freeman, Buster Atwood, Ruth Barr, R. E. Duncan, Oral Ray, Durward Varner, Bevo Webb, Edna Mae Hamilton, W. S. Bingham, James Moore.

Mrs. J. G. Saunders visited her daughter Fay, in Abilene the first of the week.

### GOVERNMENT MAKES MINERAL CHECK IN CALLAHAN COUNTY

A mineral resource survey is being made in Callahan county by B. K. Eubank, of Cross Plains, as a W.P.A. project. Purpose of the survey is to locate mineral resources and determine their quantity and quality, to study their geologic relations, to collect their materials, and to make rocks, minerals, fossils and of-excavations for such purposes.

Mr. Eubank told the Review in an interview Wednesday that he and his crew of workmen would endeavor to secure the following data, as prescribed by the W.P.A., to be used for the improvement of the geologic map of Callahan county:

Obtain location of and samples from all—old and new—quarries, mines and pits;

Name, location, and amounts of all mineral resources of the county; Locate buildings made wholly or partially of stone; find out how old the buildings are and how the rock had stood up and where it originally came from. Locate deposits that might be used for building stone; clays.

Find uniform and thick (10 feet or more) clay or shale deposits.

Obtain record of water wells in the county with observations on quality, quantity, and formations from which obtained. Obtain elevations of wells and well logs of old wells and wildcats.

Study stream terrace gravel deposits as to position, character and quantity. Collect samples of such minerals as rock, sand and gravel as are needed for laboratory testing. Such fossils found in the formations as may be needed for study in field laboratory or submitted to specialists.

Mr. Eubank told the Review that he would appreciate the co-operation of the public in submitting samples, giving information and granting permission for workmen to go on private property.

### F. F. A. BOYS ATTEND COLEMAN STOCK SHOW

Four members of the Cross Plains high school vocational classes attend the Coleman County Fat Stock Show held in Coleman at the Santa Fe Stock Yards, Wednesday, April 22.

After attending the stock show the boys visited the Dibrell Ranch and saw the outstanding padgett herd. Those making the trip were: Fred Klutts, Harold Barclay, Burnett Porter, Bobby Henkel and V. A. Underwood, local advisor.

### REIGER CANDIDATE FOR R. R. COMMISSION POST

Pictured above is Goodson Reiger, of Houston, who has announced his candidacy for Railroad Commissioner to succeed Col. E. O. Thompson. He is a brother of Herman Reiger, formerly of Cross Plains.

His platform pledges him to appoint only qualified employees; adjust freight rates to offset advantages now held by New Orleans over Texas ports and to reallocate production in Texas oil fields to guarantee all fields against discrimination.

### GOLF TOURNAMENT IS SCHEDULED FOR JUNE 5, 6 AND 7TH

Dates for Philpeco country club's annual invitation golf tournament have been set for June fifth, sixth and seventh. Invitations are scheduled to go in the mails within the next few days. Outstanding shot-makers of the state will be invited. The tournament is carded a week earlier than usual this year.

The following committees have been appointed to handle various phases of the arrangements.

**Committees Appointed**  
The following committees have been appointed to handle the various details of the tournament and will soon be busy at work on their duties:

Pairings and Starting—J. H. Gregg, J. T. Hammett, Horace White and W. B. Nicholson.

Rules—Porter J. Davis, Bill Tunnell and Ross Newton.

Driving Contest—Lowry Horton, Charles Rutherford and O. T. Jarvis.

Barbecue—Dutch Shults, Jack Embry and L. C. Cash.

Calcutta Pool—F. B. Joyce, C. E. Williams, Fred Tunnell and Charles Rutherford.

(Continued on Back Page)

### NAME COMMITTEES FOR CROSS PLAINS 54TH CELEBRATION

Committee to begin work on Cross Plains' fifty fourth annual picnic were named Monday night at a meeting of the local fire department, which will act as sponsors for this year's celebration. Ralph Chandler, fire chief, will again serve as general chairman of all committees.

Proposed dates for the picnic were discussed, however, none was decided upon pending replies from several who are expected to appear on the program and from carnival companies. It was agreed, however, that the celebration would be staged during the early days of July—prior to the Democratic primary which is scheduled July 25.

Committees named at the meeting Monday night follow:

Concessions: J. L. Settle and W. J. (Bill) Cross.

Grounds: V. C. Walker and J. C. Huntington.

Program and Invitation: F. R. Anderson, Stanley Clark and Paul V. Harrell.

Advertising: Arthur Mitchell and Jack Scott.

"We plan to arrange an attractive program, offering a wide array of free entertainment in keeping with the original idea of the Cross Plains picnic and old settlers reunion," Mr. Chandler stated.

### COLEMAN MAN HURT IN COLLISION HERE

Dexter Huey, of Coleman, sustained a broken left arm and painful lacerations about the head when his car crashed into a concrete culvert at the Philpeco country club—on highway 206—about midnight Wednesday. The automobile was badly damaged.

Huey was brought to Cross Plains where he received medical treatment.

### FORMER LOCAL GIRLS HUSBAND DIES SUNDAY

Word has been received of the death of Mrs. Dick Rushing's husband of Odessa. Mrs. Rushing was formerly Miss Maxine Gwin and was well known here having lived here for several years before her marriage. Mr. Rushing died of pneumonia Sunday.

Mr. and Mrs. John Westerman Mrs. Paul Boase, Miss Margaret Wagner and Miss Elizabeth Tyson of this place met the body in Cisco Monday enroute to Waxahachie for burial.

### FIREMEN MAKE \$26 IN PLAY "SKY HIGH"

Cross Plains fire department realized a profit of \$26 from the staging of the play "Sky High" here Thursday and Friday nights of last week.

Miss Eula Grey Cole, who directed the production, made the following statement for publication after concluding her duties in Cross Plains.

"The high school girls of Cross Plains are the nicest I have ever met. They can't be beat in good sports and working hard. The same thing goes for everyone I met and worked with in presenting "Sky High." Especial thanks are due Mrs. Stanley Clark for pounding the piano three hours every afternoon and being on duty again each night."

Mr. and Mrs. Stanley Clark were business visitors in Fort Worth and Dallas Wednesday.

## DUST, RAIN, COLD, AND SUMMER'S HEAT ARE ALL RECORDED

Old man weather served the Cross Plains trade, territory his most deversified menu the past week. Monday morning brought a deluge of dust. With night came nearly an inch of rain; then Tuesday it turned off bitterly cold. At press-time Thursday a Summer sun was shining brilliantly.

Although mercury hovered in the low forties late Wednesday, fruit did not suffer from the cold wave. A threatened frost did not arrive.

The precipitation Tuesday netted nearly an inch of rain in Cross Plains. Check-ups with farmers throughout the trade territory revealed that the fall was pretty general, however, Olan Montgomery in the vicinity of Burnt Branch reported that the rain there was lighter than in most spots throughout this vicinity and that additional moisture would be welcomed.

A number of tanks caught stock water, despite the fact that the rain came comparatively slow. Grain was greatly benefited, reported farmers and ranchmen.

In the city limits of Cross Plains, gardens appear to have taken on new life, lawns have figuratively turned light green over night, flowers are beginning to blossom.

The odd weather of the past week was typical with reports from other localities, again proving the old axiom that in Texas an overcoat or staw hat is never out of season.

## LOCAL GOLFERS WIN FROM BRADY SUNDAY BY 10 TO 9 SCORE

Philpeco country club golfers took the long end of a 10 to nine count at Brady Sunday afternoon, in a warmly contested match. The victory gave the locals two straight in the Mid-Texas Golf Association's organized play.

Following are results of the individual matches, with Philpeco squardmen named first:

Hammett lost to Harkrider one up. Wright defeated I. Q. Mayhew, Jr., one up.

Gregg won from V. R. Jones five up with four to play.

Nicholson trimmed Morrow six up and five to play.

Tunnell lost to Hallum two up. Thornton was defeated by Callihan one up at the twentieth green, one up.

Barton lost to Malone six and four.

Barton lost to Malone six and four.

Sellers lost to H. Adkins two up.

C. Rutherford won from Lindsey five and four.

Embry won over Deaton three and two.

A. Robinson defeated Harry Schwenker one up at the nineteenth green.

F. Joyce lost to I. Q. Mayhew, Sr., five and four.

J. Rutherford won from Lazelear three and two.

Ramsey defeated E. Adkins five and four.

Milwee lost to Lee Jones two and one.

Scott was defeated by Scaggs two up.

Anderson lost to Wall four up with three to play.

Jarvis won from Powell five up with four to play.

Mr. and Mrs. Elliott Bryant had as their guests over the week end Mrs. Bryant's parents of New Orleans.

G. E. Morgan was a visitor in Olney Saturday.

## Oil Activities Are Enlivened Through This Locality With 10 Wells Going Down

Drilling activities in the vicinity of Cross Plains have been enlivened the past few weeks, and there are now no less than 10 tests underway. Authenticated reports are that at least two more wells are scheduled to get underway in the immediate future.

Leo Ehlinger and Dave Gulley drilled in their second producer Wednesday on the Armstrong tract, seven miles Southeast of here. The well is 300 feet from their number one and is producing from the Trammel sand.

Shearer and Cunningham spudded this week 220 feet to the East of the Gulley and Ehlinger number one. They will also drill to the Trammel sand.

Bill Shults et al on the J. A. Barr tract, four miles Northwest of Cross Plains, was 550 feet Thursday morning. The 10 inch pipe was being run. Tom Bryant was reported 2,810 feet on the test one mile Northeast of here. The well is said to have about 1,000 feet of water, yet is making a strong showing of oil and gas from the Caddo lime. Operators are hopeful of the test's outcome.

E. N. Schaffner, after encountering repeated water difficulties, is reported 900 feet deep on the Vestal tract, about four miles Northeast of Cross Plains. Root, Rhodes and the Phillips are

now 1,000 feet on what is expected to be a deep test, 22 miles South-west of here. A million feet of gas was struck at 850 feet.

Charles Cox is spudding on the O'Reah farm, 18 miles East of Cross Plains.

Jim Anderson is temporarily shut down on his well 19 miles North-east of here—in the Romney vicinity—to finish blocking acreage.

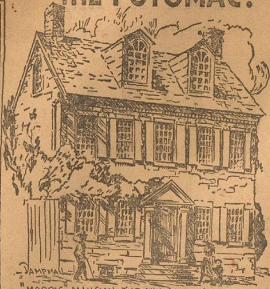

Petroleum Interests Incorporated are drilling at an unknown depth 20 miles Northwest of Cross Plains, in the Admiral vicinity.

Plans were being formulated here this week for the beginning of at least two other wells in this locality.

by Ned Moore

THE CAPITAL SITE  
WAS MOVED FROM  
THE HILLS OF  
GERMANTOWN TO  
THE FROG PONDS OF  
THE POTOMAC.

ON SEPTEMBER 27, 1789 A MOTION WAS MADE AND PASSED BY BOTH HOUSES OF CONGRESS THAT THE CAPITAL OF THE UNITED STATES BE SITUATED WITHIN AN AREA OF TEN SQUARE MILES IN THE HILLS OF GERMANTOWN, PA. THE HOUSE OF REPRESENTATIVES ADOPTED AN AMENDMENT IN WHICH PENNSYLVANIA SHOULD CEDE TO THE UNITED STATES ALL LAW ENFORCEMENT IN THAT DISTRICT. THIS NECESSITATED SENDING THE BILL BACK TO THE SENATE WHERE IT WAS SENT TO A COMMITTEE AND CONGRESS ADJOURNED BEFORE FINAL ACTION WAS TAKEN. BEFORE THE NEXT SESSION OF CONGRESS MUCH OPPOSITION HAD ARISEN AND IT RESOLVED ITSELF INTO A BATTLE OF WITS BETWEEN THOMAS JEFFERSON AND ALEXANDER HAMILTON. THROUGH THE CLEVER STATESMANSHIP OF THE LATTER, A TEN SQUARE MILE AREA "ON THE FROG PONDS OF THE POTOMAC" WAS DECIDED UPON FOR THE FINAL RESTING PLACE OF THE CAPITOL. THIS BILL FINALLY PASSED CONGRESS BY THE CLOSE VOTE OF 32-29 IN THE HOUSE AND 14-12 IN THE SENATE.

MORRIS MANSION, THE WHITE HOUSE OF GERMANTOWN, GAINED MUCH POPULARITY WHEN THE WASHINGTON ADMINISTRATION USED PHILADELPHIA FOR THE CAPITAL DURING THE YELLOW FEVER EPIDEMIC OF 1793-94. WASHINGTON AND MOST OF THE CABINET MOVED TO THE HILLS OF GERMANTOWN AND ITS HEALTHY ATMOSPHERE. THE HOUSE WAS BUILT IN 1772 AND DURING THE BATTLE OF GERMANTOWN IN 1777 SIR WM. HOWE MADE IT HIS HOME AND TRADITION SAYS PRINCE WILLIAM (AFTERWARDS WILLIAM IV) PAID HIM A VISIT THERE.

THE GERMANTOWN SITE IN THIS BILL WAS WHERE "FERNHILL PARK" IS NOW LOCATED.

Still Changes Ahead

A man has just been in to worry me about the children. He points out that taxes are getting worse and I am getting older, and that if I set up annuities and insurance trusts and establish a residence in Florida, where there is no state inheritance tax, and do a lot of other things, my children may perhaps be better off.

As far as insurance is concerned, I have been a booster for it all my life. My father, who was a preacher with a large family, and a small salary, used to remark that he had "kept himself poor paying insurance premiums." But the insurance premiums enabled him to sleep peacefully at night and, having seen us all through college, he proceeded to cash in his insurance, and he and Mother had a good time on it during their last years.

How completely they might have spoiled their days and nights if they could have looked forward into the future. Suppose they had known, in 1900, that this country was going to do a nose dive in 1929 which would be followed by the worst depression in history.

Well, they couldn't have done anything about it. And, as things have turned out, we are still eating regularly; we have a dry place to sleep, and so far have neither applied for a dole or sought admission to a nudist camp.

The changes that are going to come in these United States are beyond the imagination of any one to forecast. Our children and grand-children will have to meet them, as we have had to meet the problems in our own lives. What we can do for them beyond health and education is not much. Having tried to take care of these two requisites and being now an old man, I propose to save up the hours hitherto devoted to conferences with insurance men and devote those hours to golf.

Heaven, or Bargain Prices

Recently I wrote a piece about J. Thomson Willing, an elderly man without much money but rich in friendships because all his life he has encouraged young artists. Today I should like to preach my brief sermon to those members of the congregation who occupy safe and influential positions in business. Now that times are getting better, I should like to lay upon their consciences a sense of special obligation toward the young.

I stepped out of college into a depression. One morning on the streets of Chicago I met the captain of our football team. After beating the pavement for weeks, he had succeeded, through pull, in getting a job collecting uncollectable bills, on commission. His earnings were about three dollars a week. The president of our class spent his first six months at manual labor. My own ambition was to get a job as time-keeper in a construction camp in Montana.

The jobs we got were very poor, but we did get jobs. For many of the youngsters who have come out of college since 1932 there have been no jobs at all. Employment always lags when business begins to pick up. But the time comes eventually when there are more jobs—and that time is almost here.

So I ask the Brass Hats of business to take as much time as possible from their balance sheets and invest in helpful conversation with and generous efforts for young people. By so doing they will lay up for themselves treasures in Heaven. If Heaven seems too far away as a depository of treasurer, I might point out that they also will be buying some highly trained talent at bargain prices.

THE FAMILY DOCTOR

The "Medical Feature."

Every progressive family newspaper has its health article written by some intelligent medical man. Such "studies" are of great value to the public—or should be. Here you find the unselfish, the broad view, calculated to carry the greatest good to the greatest number. Our editor deserves profound thanks for his endeavor to present clean, educational values to his subscribers.

I read every health article that comes my way, even my own. I see many errors in the latter, after it has left my typewriter, and had its second reading. The busy physician is usually not an expert in grammatical construction. He busies himself with trying to put his stuff over in a manner that the reader will understand.

Here is no place for the slogan "every man his own doctor." We may, each of us, be every man his own plumber, chauffeur, gardener, painter, or tailor, but his own doctor, never. Even the best physicians employ a fellow-physician if they become ill and incapable of treating themselves.

**Play Safe**  
 Don't You Gamble GET LIFE-SAVER GOLDEN PLY BLOW-OUT PROTECTION

Today's high speeds place a terrific strain on tires. The inside of the tire often gets as hot as boiling water. Rubber and fabric separate. A tiny blister forms. Bigger and BIGGER it grows, until, sooner or later, BANG! a blow-out! and you're lucky if you keep from the accident list. By resisting heat the Life-Saver Golden Ply is built into every Goodrich tire. Silvertown keeps rubber and fabric from separating. High speed blow-outs don't even get a start. Remember, Silvertowns are safer—they'll give you months of extra mileage—yet they cost no more than other standard tires.

Heat causes blow-outs—This Life-Saver Golden Ply Resists Heat—Prevents These Blow-Outs

Jimmie Settle who is attending Daniel Baker College at Brownwood spent the week end here with his parents, Mr. and Mrs. J. L. Settle.

Frank Robertson of Rising Star was a business visitor here Monday.

**COUNTY AGENT'S COLUMN**

**Farm Program Discussion Every Saturday**  
 In order that the farmers may have an opportunity to ask questions and hear the new farm program discussed until it is understood by all who wish to know about it, the county agent will hold an open house each Saturday afternoon at 2:30 for such discussion. There will usually be some committeeman present to assist any man to fill out the necessary work sheets and to work out any other needed information. All farmers are invited to take advantage of this school, which will be held in the court room at Baird.

**Cut Worm Control**  
 Now is the day when the cut worms are going to be busy. With the fine rains adding new life to plants the worms are going to be really active. Cut worms may be controlled and destroyed by spreading poison bran thinly along the row. This may be done with a planter or by hand. The recipe is: Wheat bran—25 pounds, arsenic or Paris green—1 pound, lemons or oranges—6 fruits, low grade cane or sorghum molasses 2 quarts, and water one gallon.

Mix the bran and poison thoroughly while dry. Dilute the molasses with the amount of water as named, squeeze the lemon juice into this diluted molasses, then grind the rind of the lemons finely with a meat chopper and add this also to the liquid. Mix the liquid thoroughly with the poison bran mixture after an even mixture has been obtained, add more water and mix until a mash is obtained that when squeezed in the hand readily falls apart.

**New Soil Farm Program to Start Monday**  
 It has been officially announced that the new soil program will start Monday, April 27th by making out work sheets with the committeemen. Each man will go to the committeeman and give him the exact information as desired on the forms distributed at the county agent's meetings. If you have no form you may secure same from the committeeman. The sign up must be complete by May 15th. It is hoped that each man will attend to this work at once.

As the rules now stand, the farm must have 20% of the cultivated planted to some soil building or soil conserving crop to be eligible to receive any payment, that is 1 acre of soil building crop to 4 acres of soil depleting crops. If oats, wheat barley, or other small grain crops are turned under green and followed by sudan grass it will be eligible for the greatest payment.

The following example should give a good idea of the workings of the new plan. In a 200 acre farm there are 140 acres in cultivation, 60 three must be set aside 140 acres there must be set aside 20% of the total which is 28 acres. There are 100 acre for cotton and 40 acres for feed. There may be a maximum reduction of 35% of the cotton land which would be 35 acres, and there may be a maximum of 15% of the 40 acres feed which would be 6 acres. In all the farmer might cut 41 acres; he is required to cut but 28 acres. In no case might he plant more than 40 acres or his total feed base to feed. If he did so he would be penalized the amount of every acre over his feed base in the same calculation as the acreage would pay if it were included in the soil building payment. On the cotton he might cut the full 35 acres or he may cut just 28 acres out and thereby still have put 20% of his acreage in soil building crops and yet plant 72 acres of cotton and 40 acres of feed. The least he could take out would be 28 acres or the most he could take out would be 41 acres. This 41 acres may be planted to sudan grass and pastured or clipped green and baled. Yes, it might even be sold in that state, or all or any part to legumes.

In the case of a peanut grower and feed grower the picture is some changed as peanuts take only a 20% reduction whereas cotton has a maximum of 35%. If the above farm were a peanut farm the maximum of both crops would be necessary as then 20 acres maximum of the peanuts plus 6 acres maximum of the feed lands would still be 2 acres under the 20% of the total cultivation land. But in such case the maximum would be 26 acres that would receive payment as he had taken out his maximum in each case which is all that he is permitted to do. These acres so taken out may be planted to peas and receive the maximum of payment provided the forage remain on the ground. I understand the peas may be picked and disposed of in any way.

**Farm Meeting At Cross Plains Tuesday, April 28th**  
 The AAA Soil Conservation and Domestic Allotment Act will be discussed in the Cross Plains High School gymnasium Tuesday afternoon at 2:30. All interested are invited to be present. The discussion will be led by the county agent, aided by Jeff Clark, Ed Henderson and G. H. Clifton.

**SCRANTON**

Robert Coyort lost his barn with all of his feed and harness, Monday evening by fire. It is thought the fire originated by the heating of some freshly ground feed.

Mrs. A. S. Reese is on the sick list at this writing.

Supt. Hughes and Mrs. Hughes with the senior class spent the latter part of the week near Brownwood on a fishing trip.

The 4 H Club both boys and girls spent Saturday in Eastland attending a county meeting in interest of their club work.

A number of women from here attended the Methodist W. M. S. in Putnam Wednesday report a very enjoyable time.

Mrs. J. F. Kelly of Fort Worth visited friends here the past week. She returned to Odessa Sunday with son J. F. Jr., where they will make their home.

**How Can I?? BY ANNE ASHLEY**

Q. How can I make a cockroach trap?  
 A. Fill a pie pan, or similar container, half full of sugar water. Place it on the floor and slant several sticks, each about three inches long, from the floor to the edge of the vessel. The roaches will crawl over and drown.

Q. How can I separate a water glass when it becomes stuck in another?  
 A. Pour cold water in the upper one to contract it, and then immerse the lower one warm water to expand it. They can then be easily separated.

Q. How can the skins from beets be removed very readily?  
 A. Place the beets in hot water for a short time, drain off the hot water and immediately fill the vessel with cold water.

Q. How can the shiny parts of a garment be removed?  
 A. Sponge it with a solution of one teaspoonful of ammonia to one quart of water. Then press on the wrong side.

Q. How can I make a cement for pipe joints?  
 A. Mix ten pounds of yellow ochre, four pounds of ground litharge, four pounds of whiting, one-half pound of hemp, cut up fine. Mix together with linseed to about the consistency of putty.

**ROWDEN**

Frances Smedly spent Saturday night with Neel Tabor.

SOCIETY CLUBS PERSONALS

MRS. J. C. HUNTINGTON ENTERTAINS H. D. CLUB

The Cross Plains Home Demonstration Club met at the home of Mrs. J. C. Huntington April 15.

The home demonstration club is making an effort to beautify the cemetery, by soliciting the help of the public in cleaning away the weeds and grass. Later in the year they will plant evergreens, as an outside goal.

The next meeting will be at the home of Mrs. W. M. Smith on May 6, at that time Miss Vida Moore will meet with the club.

Those present at the last meeting were: Mrs. Volley McDonough, Mrs. H. C. Williams, Mrs. Jeff Clark, Mrs. Oren Barr, Mrs. Lester Barr, Mrs. Jim Barr, Miss Merle Williams, and the hostess.

JUNIOR STUDY CLUB TO SPONSOR A SILVER TEA

The Junior Study Club of this place is sponsoring a silver tea Monday afternoon at four o'clock at the Presbyterian Church. Every one is cordially invited to attend.

As the guest artist for the afternoon the club has asked Miss Mary Angeline Russell, a noted pianist, of Plainview to entertain with several musical numbers.

Mr. and Mrs. Elliott Bryant had as their guests over the week end Mrs. Bryant's parents of New Orleans.

Miss Anna Mae McConathy spent the week end in Brownwood visiting her mother.

FORTY TWO CLUB MEETS THURSDAY AFTERNOON

Mrs. C. R. Cook entertained the forty two club with two tables of bridge at her home Thursday afternoon.

High score for the afternoon went to Mrs. W. A. Williams. A refreshment plate of tuna fish sandwiches, orange cake, and coffee was passed to the following guests: Mrs. W. A. Williams, Mrs. Clarence Martin, Mrs. Volley McDonough, Mrs. H. A. Young, Mrs. Walter Rudloff, Mrs. George Scott, Mrs. El Powell and the hostess.

Mrs. Volley McDonough will be the next hostess.

Miss Bobbie Lee Westerman who is attending Howard Payne College at Brownwood spent the week end here visiting her parents.

James Collins who is attending Daniel Baker College at Brownwood visited here the first part of the week.

Mr. and Mrs. Davis Owens of Owen ranch returned home after a visit in Oklahoma City.

Miss Clara Westerman had as her guest Sunday, Miss Mary Elliott of Sweetwater.

Miss Thelma Prater and Mrs. Belma Prater of Cross Cut visited relatives here Sunday.

"SHARP STOMACH PAINS UPSET MY WHOLE SYSTEM" Says E. Hentges: "I tried a \$1 bottle (3 weeks' treatment) of Dr. Emil's Adla Tablets under your guaranteed. Now the pains are gone and I eat anything. Sold by Sims Drug Co.

CLUB IS ENTERTAINED AT R. E. BRYANT HOME

The Contract bridge club was entertained with three tables of bridge at the home of Mrs. Elliott Bryant last Thursday night.

Spring roses and bridal-wreath were used in decorating playing rooms.

O. H. Cannon was high score winner for the evening.

The hostess passed a refreshment plate of chicken salad sandwiches, olives, potato chips, stuffed celery, chocolate cake, and ice tea to the following: Mr. and Mrs. O. H. Cannon, Mr. and Mrs. Volley Joe Williams, Mr. and Mrs. W. R. Lowe, Mr. and Mrs. Jack Scott, Mrs. Edwin Baum, Claude Mayes and the host.

STUDY CLUB MEETS AT WAGNER HOME TUESDAY

The Junior Study Club met at the home of Miss Margaret Wagner Tuesday afternoon for a business meeting.

The house was called to order by the president, Miss Louise Nelson. Plans were made for a silver tea to be sponsored by the club next Monday afternoon, and to attend the County Institute which is to be held in Clyde Saturday, April 25. Those present were: Mrs. Truett Loveliss, Mrs. Lewis Norman, Miss Louise Nelson, Miss Jimmie Lou Gwathmey, Mrs. Jack Scott, Miss Novelyn Price, Mrs. O. H. Cannon, Miss Sara Chapman, Mrs. Stanley Clark, Mrs. Volley Joe Williams and the hostess.

LOCALS

Mrs. Stanley Clark, Mrs. O. H. Cannon, Mrs. Edwin Baum, and Mrs. Jack Scott were visitors in Cisco Sunday.

T. E. Baum returned home Sunday after spending a few days in Brownwood.

Mr. and Mrs. Oke Lewis and daughter of Coleman were visitors here Sunday.

Mrs. L. W. Westerman and Mrs. J. F. Kelly visited in Brownwood Saturday.

Dr. and Mrs. El Powell had as their guests over the week end Mrs. Powell's parents of Putnam.

Mr. and Mrs. L. W. Westerman visited in Big Spring and Odessa the first part of the week.

Jack Walker left Sunday for Merkle where he will make his home.

Heal Those Sore Gums

Even after pyorrhea has affected your stomach, kidneys and your general health, LETO'S PYORRHEA REMEDY, used as directed, can save you. Dentists recommend it. Druggists return money if it fails.

DON'T SLEEP ON LEFT SIDE—AFFECTS HEART

If stomach GAS prevents sleeping on right side try Adlerika. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night.

Sold by Sims Drug Co.

"AH WILDERNESS" IS BOOKED AT LIBERTY

"Ah Wilderness!" Eugene O'Neill's great stage drama, brought to the screen in elaborate form by Metro-Goldwyn-Mayer, is the current attraction at the Liberty Theatre, Sunday, Monday and Tuesday.

A smashing triumph for both Wallace Beery, who stars as the lovable, alcoholic, Uncle Sid, and Lionel Barrymore, who plays the father role enacted on the stage by George M. Cohan and the late Will Rogers, "Ah Wilderness!" tells the story of an American family in an intensely human manner and with characters every person in the audience can recognize.

There is hilarious comedy in it, charming romance of both youth and middle age, and moments of dynamic drama that holds the audience in its spell. In it O'Neill has brought to the screen a great American drama, and a literal cross-section of American life.

Barrymore rises to dramatic heights in the scene where he tells his son what every father must inevitably tell his boy on the threshold of manhood. Beery's love moments with Aline MacMahon add poignant pathos to a genial comedy characterization.

Willis Brown spent the day in Carbon Sunday.

The H. D. Club will meet with Mrs. H. S. Varner in an all day meeting. Miss Vida Moore will be present who will teach us how to cut different patterns by our foundation patterns.

"IN MEMORY OF THE BEAUTIFUL LIFE AND DEATH OF OUR DEAR LITTLE A. J. BURKS (Contributed)

"The Lord giveth and the Lord taketh away," "whereas ye know not what is your life? It is even a vapor that appreciates for a little time and then vanisheth away.

In the evening of December 18, at about 7:30 away our dear little boy passed away.

Little A. J. had been stricken with Diphtheria early in November and for some time we had thought it only a cold and the flu; but he grew worse and all our treatments seemed to fail, and we called for medical aid. The physician pronounced his case very grave.

For some time he seemed to grow better, and would bear his suffering so bravely. Every morning after a hard night of suffering, he would smile at us so sweetly and say he did not feel badly.

The little boy was born at the "Burks home," near Rowden, August 19, 1931. Making his short stay with us on earth.

Only four years and four months Little A. J. was such a sweet lovable child, and had such a bright intelligent mind. He loved the little Sunday school card pictures, and knew the story of Christ and his picture when he saw it. And one way of entertainment while he was in bed, was to read the little children's stories to him, and he would tell them to us as long as his strength permitted it. He could say and make all the letters of the alphabet.

And everywhere, we are reminded of his little life, by the things he loved, and played with and copies of letters made by his little hands.

His happy little disposition and sunny sweet smile only made a halo around our home of a very short while, and had to go on and lead us onward, and be a little sunbeam for us.

Yes little loved darling we no miss you just as sadly and deeply today as when you left us. "Little darling, how we miss you. From our fireside's broken band. But your going only leads us. To that brighter nappy hand."

Head Student Group Next Year

MARGARET CAILET

DOROTHY EHLINGER

### Our English Lesson

Words Often Mispronounced  
 Zoological. Pronounce zo-o-loj-ik-al, first o as in "no", not as oo in "tool."  
 Bury. Pronounce the u as e in "bet", not as u in "fur."  
 Capitulate. Pronounce the second syllable "pit", not "pitch."  
 Advertisement. Accent on second syllable is preferred.  
 Radiate. Pronounce first a as in "aid", not as in "sad."  
 Fatigue. Pronounce the i as in "police", not as in "pig."

Words Often Misspelled  
 Separate; ar, not er. Disappoint; one s and two p's. Forehead; note the e after the r. Necessity; one c and two s's. Formally (two l's, c's), procedure (ore e).

Substantiate; to establish the truth of by proof or evidence. "Your story substantiates what I have been saying."  
 Intrepid; bold; fearless; daring; dauntless. "He deserves a place among the intrepid pioneers of history."  
 Pernicious; highly injurious or hurtful. "It is a pernicious and growing tendency that must be corrected."  
 Immutable; unchangeable. "God's laws are immutable."  
 Words Often Misused  
 Do not say "I am well-posted on the subject." Say "well-informed."  
 Do not say "Each one did the work their own way." Say "his own way."  
 Do not say "My book is different than your." Say "different from."  
 Do not say "He is not as skillful as his brother." Say "not so skillful as." Use "so—as" in negative statements.  
 Do not say "a quarter of five" to express time. Say "quarter to five," which means towards five.  
 "Vocation" is a stated or regular occupation. "Avocation" is a casual occupation, or interest, outside of one's regular occupation.

### Miserable with backache?

WHEN kidneys function badly and you suffer a nagging backache, with dizziness, burning, scanty or too frequent urination and getting up at night, when you feel tired, nervous, all upset... use Doan's Pills.  
 Doan's are especially for poorly working kidneys. Millions of boxes are used every year. They are recommended the country over. Ask your neighbor!

**DOAN'S PILLS**

### Haste Chief Cause of Accidents

The chart above shows that last year 31 per cent of the deaths resulting from accidents involving mistakes by drivers were due to exceeding the speed limit; 17 per cent were due to drivers operating on the wrong side of the road; 15 per cent were due to the failure of drivers to exercise caution when the right-of-way was involved; 14 per cent of the deaths were due to drivers going off the roadway; 13 per cent were due to acts of recklessness, and 10 per cent of the deaths were due to miscellaneous errors by drivers.

Statistics by the Travelers Insurance Company indicate that 9 out of every 10 accidents for which the driver is to blame result from undue haste—haste to get through the next intersection before the light flashes red, haste to pass a few cars ahead when it's impossible to do so without using the wrong side of the street or road, haste in going through an intersection when the other fellow was in the intersection first, haste while traveling on the highway.

### BEGIN PAYMENT OF BONUS JUNE 15TH TREASURY STATES

The following item in regard to the early payment of the soldiers bonus was released from Washington early this week:  
 The Treasury Department last week prepared the huge money machine which will turn out cash for the veteran's bonus at top speed beginning June 15.

Treasury officials, acting on the assumption that a large majority of veterans will desire to convert their service bonds into cash immediately, arranged to designate almost 300 first and second class post offices throughout the country to act as disbursing offices.

Details are to be announced soon by Secretary of the Treasury Henry Morgenthau, Jr. Instructions will be given veterans as to the simplest way to convert their service bonds into cash.

Some treasury estimates were that at least \$1,500,000,000 in bonus cash will be paid out of treasury funds between June 15 and September 1.

Arrangements for getting the service bonds and petty cash into veterans hands have been com-

### MODERN ETIQUETTE

1. What is the most fashionable hour of the day for dinner?
2. Is it necessary for a man to rise when another man enters the room?
3. Who precedes when ascending or descending stairs, the man or the woman?

Answers to Questions  
 1. Between half past six and half past seven in the country, an hour later in the city.  
 2. Not unless the newcomer is elderly or distinguished.  
 3. The woman always precedes, both ascending and descending.

### Our Shop Is In Step With The Times

The Ford "Little Red School House On Wheels" Has Just Finished a stay at our shop, schooling our mechanics in the very latest trends in automobile repairing.

### It Is With Pride and Satisfaction . . . . .

That we announce to Ford owners every where, we have installed in our shop a complete laboratory test set, the only sure and scientific way to locate motor troubles. In only a jiffy our mechanics are able to detect any irregularity. Aside from being more nearly perfect than the old "trial and error" method this new device saves time, thereby reducing repair charge "trial and error" method.

### A THOROUGH TRAINING COURSE . . . . .

A thorough training course of instruction has just been given our mechanics by a factory representative. We have always taken pride in our shop, and now unhesitatingly recommend our Shop Foreman Mr. Ralph Chandler, Sr., to you for any and all automobile repairing. SATISFACTION GUARANTEED.
