

## WEST TEXAS UTILITIES CO. TO SPONSOR COOKING SCHOOL HERE NEXT MONDAY

How would you like to cook your family's meals simply by turning a switch? Today, the homemaker can accomplish just that... cook a complete meal by just turning a switch. Mrs. Abbie Andrews, widely known Home Economist, will demonstrate the most recent and proven developments in modern cooking at the demonstration which will be held Monday, January 14, at the home economics class room at the high school at 2:30 p.m.

L. F. Foster, West Texas Utilities Company local manager, has issued an invitation to all the housewives in Cross Plains and the surrounding area to be his guests at the demonstration which is planned as one of the best ever conducted here.

The demonstration, sponsored by the West Texas Utilities Company, will be conducted by Mrs. Abbie Andrews, a senior Home Economist for WTU Co's Cross Plains-Cisco-Abilene district and by other members of the district staff.

Mrs. Andrews, who will present the very latest in food preparation and time saving methods, is a graduate Home Economist with more than 15 years of practical experience. She has recently had special training in food preparation, preservation, and quick-freezing techniques at the nationally famous Frigidaire Home Economics Department at Dayton, Ohio.

Recipes and favors will be given to homemakers who attend the demonstration. All the food used in demonstrating the modern electric way of food preparation will be presented to women attending the school.

Reports Wednesday morning were that Mrs. Adair is slowly improving.

## Hodnett Try In Pioneer Sector Is Good Producer

The No. 1 Calvin Hodnett wildcat try in the Pioneer area is reported to be a producer with a potential of 25 barrels daily of high gravity oil.

Drilled by Harris & O'Brien, of Abilene, the new discovery well is located 150 feet from the north and 330 feet from the west lines of the J. Gaffee Survey and was completed at a depth of 1,265 feet with cable tools.

Operators report that the pay strata has not been determined as yet, as the logs show the well to be approximately 100 feet off of both the Blake and Cross Cut Sands.

Additional drilling on the block is expected to start soon, it was said.

## Mrs. Neithercutt Seeks Return As District Clerk

TO THE CITIZENS OF CALLAHAN COUNTY:

I hereby authorize the Cross Plains Review to make public my announcement as a candidate for re-election to the office of District Clerk of Callahan County, subject to the action of the Democratic Primary election. In making this announcement, I wish to first extend my sincere thanks to all the people of the county for their loyal support during my previous campaigns as well as the fine cooperation given me during my tenure of office. You gave me a splendid vote in the last election, and I am sure you will see fit to show such favor of my candidacy in the coming election.

Being reared in Callahan County and knowing the people of the county so well, I feel that you are aware of the manner in which I have performed the duties of District Clerk in the past. The District Clerk's office is of vital importance to every citizen, and it has been my chief desire to do my work well and keep the records of the court efficiently and in order.

While I feel that all of you are my close friends, I do not aspire to the office I seek merely on friendship, but upon my ability to serve you.

I earnestly solicit your support and influence during the coming election.

Sincerely,  
Corrie Neithercutt

## Woodard Electric Moves To North Main Location

In a display advertisement in this issue, James Woodard, owner of Woodard Electric, announces that he has moved his electrical and plumbing business from the old bank building here to the building formerly occupied by Tom Bryant on North Main Street, first door north of the Piggy Wigly store.

Things we stub our toes on today are ones we laid around carelessly yesterday.

## Jack Cox Announces As Candidate For Congress From 17th. District

State Representative Jack Cox of Breckenridge, pictured above has announced that he is a candidate for congress from the 17th Congressional District. He will oppose Omar Burleson of Anson, who indicated here recently that he will run for re-election.

"Many important and vital issues face the people of our district and our nation," Cox said. "It is my intention to take a positive stand on all such issues whether domestic, national or international. Believing that our people deserve and need public servants who are not afraid to take a stand.

"I earnestly solicit the support and the votes of the people of this district, and pledge a vigorous and active campaign. I will carry this campaign to every voter so that all may know me and the things for which I stand."

Cox, who is 29 years old, has been a member of the state legislature for several terms. He has been active in civic affairs in Breckenridge and has been prominent in the American Legion. He is a Naval Aviator in the reserve, serving during World War II. He is married and the father of two children.

## Icy Weather Adds .20 Inches Of Moisture To Parched Earth

Chester Glover, official rain gauger for the U. S. Weather Bureau here, stated that the drizzle and icy weather here Thursday and Friday of last week measured .20 inches, and farmers and ranchers of this area stated that the slow-falling moisture would be a great deal of help to struggling small grain crops and pastures and would carry them along for awhile until the big "Million Dollar" sets in.

According to reports from over this area the local measurement of precipitation was fairly general over this section.

## Freak Eggs Brought To Review Office By Red Huckaby The Past Week

Red Huckaby brought the editor of the Review two eggs, the past week, which he had gathered from his nests the same day, and they were indeed, freak specimens.

The eggs were laid by hens of a cross breed between White Leghorns and New Hampshire Reds. One egg measured 6 1/2 inches in circumference and 8 1/2 inches in length and the other was hardly larger than an average bird egg. Red stated that both eggs were laid the same day. The hen laying the large egg seemed to have questioned her action, as there was a perfect question mark on the large end of her egg.

When cracked the large egg gave up a second average sized egg complete with a hard shell and the small egg proved to be complete except for being miniature in size.

## Mrs. Roland Howell To Open Dancing School Here Monday, Jan. 14

In a display advertisement on another page of this edition, Mrs. Roland Howell, of this city, announces that she will open a dancing school here next Monday, January 14, in the old bank building, formerly occupied by Petty Jewelry Store and Woodard Electric.

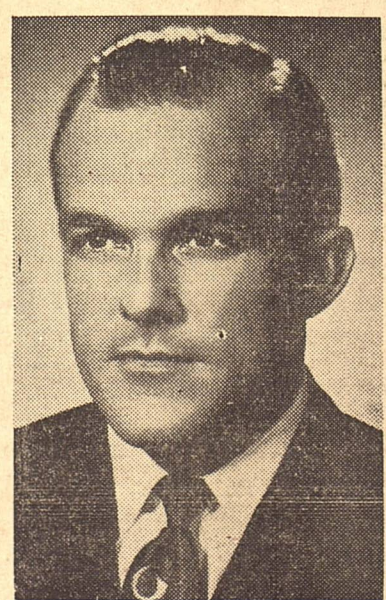

Mrs. Howell will be remembered here as Miss Johnnie Frances Baldwin, daughter of Mr. and Mrs. W. B. Baldwin of this city. She formerly taught dancing here during the years of 1940-41.

The new school will be known as Johnnie Frances Howell's School of Dance, and according to Mrs. Howell the classes will consist of both tap and ballet dancing and personality work. She stated that she was looking forward to a large class of beginners and will teach all ages from three years up.

Mrs. Howell is an expert in the field of dancing, having studied under Mrs. Lon Smith at Brownwood for a number of years.

## MRS. E. C. MARR CRITICALLY ILL IN GORMAN HOSPITAL

## Hiway Patrol O.K.'s Bishop Chevrolet As Inspection Station

Lee Bishop, owner of the Bishop Chevrolet Co., here, stated this week that his facilities had been inspected and passed by the Highway Patrol, and that he is now awaiting confirmation of the report from the Texas Highway Commission in Austin. He stated that he did not know how long it would be before his station would be confirmed and that it would not be possible for his firm to inspect cars and trucks until he received authorization from the state.

Bishop stated that a number of his customers and friends had been inquiring as to whether or not he was ready to inspect cars and he has asked the Review to announce to the driving public in this area that he will advertise the opening of inspection schedules as soon as he is authorized to start. Speaking further concerning the new inspection law, Bishop stated that it was going to be a big job and he asks that all car and truck owners who know that their vehicles will not pass to go ahead and have them repaired and placed in shape to pass when they are inspected.

## Week of Jan. 14-19 Proclaimed By Mayor as 'Citizenship Week'

Mayor S. N. Foster has issued a proclamation designating the week of January 14 through 19, as "American Citizenship Week." His action is in line with a recent "Official Memorandum" signed by Governor Shivers setting up the entire month of January, 1952, as "American Citizenship Month." Stressing the responsibilities and duties of the individual citizen in preserving the democratic way of life, the event is part of an annual citizenship program sponsored by the lawyers of Texas.

"Every individual should stop and think about the fact that we have obligations as well as privileges arising from our status as citizens of a free and democratic nation," the mayor stated in referring to his official decree. "We cannot expect to retain our liberties forever unless each of us personally shares in performing those obligations of citizenship."

Spearheaded by the State Bar of Texas, which is furnishing speakers for local programs throughout the state, the 1952 campaign has as its theme, "What Can I Do For Democracy?" Approximately 7500 local civic minded organizations are expected to cooperate in the drive, bar president Cecil E. Burney has announced.

Among groups taking part over the state will be local organizations of Lions International, Texas Federated Womens Clubs, Rotary International, Texas League of Women Voters, Optimist International, the American Legion and Legion Auxiliary, and Veterans of Foreign Wars.

Also participating will be C.I.O. and A.F. of L. locals, the various railroad brotherhoods, local G. I. Forums, Chambers of Commerce and Junior Chambers of Commerce, the State Bar has indicated. In addition, every college, junior college and university in Texas has been asked to conduct special assembly programs.

The State Bar committee on American Citizenship, responsible for planning and direction of the state-wide crusade for better citizenship, is headed by co-chairmen David A. Witts of Dallas and Jack Poe of San Antonio.

## FOUR CROSS PLAINS COUPLE PARENTS OF FIRST 1952 BABY BORN IN COUNTY

Mr. and Mrs. Truett Holley, former residents of Cross Plains, now living in Abilene, are believed to be the parents of the first baby born in Callahan County in 1952. The baby, a boy, Wendell Boyd, was born in Callahan County Hospital at Baird, Wednesday, January 2, at 12:36 a.m. He weighed seven pounds and seven ounces.

Mrs. George Tabor of Winters visited last week with her sister-in-law, Mrs. Elmer Baugh.

## THE BAYOU PHILOSOPHER SAYS MEDICAL SCIENCE HAS HARD JOB CURING TAX COLLECTORS SICKNESS

Editor's Note: The Bayou Philosopher on his Johnson grass farm on the Bayou gets off into medical science this week, his letter reveals.

Dear editor: With another year already started and nothin we can do about it, I was out here yesterday wonderin what the next 12 months will bring forth, especially in a business way, and I noticed the wind rollin a newspaper along over my pasture toward the barn and I was hopin it would blow inside so I could go out there later in the day and pick it up and it did and last night after supper I sat down to see what's goin on in the outer world and had just got through readin the comics when I began checkin up on the health of some more tax collectors.

I tell you, flu is bad around here but it must not be anything compared to what them Federal tax collectors have.

Why I know lots of people who've gotten sick in their time, a bank president who was laid up in the hospital several weeks, a preacher who was out of his pulpit three months, a doctor who had to go to the hospital a month, lots of business men who have to stay at home a week or two, farmers who have to lay around the house when they'd like to be plowin, but I have never seen any of em react like a tax collector. Resignin from their work is the last thing all my acquaintances want to do, in fact, they can't get back to their jobs fast enough to suit em, but you take a tax collector, he gets sick and the last thing he wants to hear about is his job. Just mention it and he seems to take a turn for the worse.

I tell you, medical science has a long way to go just in doin something about the common cold and the walkin flu, but I doubt if it'll ever get around to a cure for Tax Collector's Sickness. As I understand it, the disease is peculiar, it strikes without warnin. . . . You can be healthy, robust, almost domineerin today, but something comes up at the office and tomorrow you're flat out of your back, can't answer questions, have great difficulty rememberin facts, and seem to learn more heavily on lawyers than doctors. You seem to go on the feelin if you can just get away for a while everything will blow over. Personally, I never have cared much for work, but I've never had to get sick to quit, and I blame sure haven't quit to get sick. When the average man gets sick, for example, it's frequently because he's been tryin to do too much, but with tax collectors it's the other way around, they haven't been collectin enough, or they been collectin enough, or they been collectin in the wrong place, although personally I've always felt they've collected enough from me. But the main oddity about Tax Collector's Sickness is that nobody dies from it and while it incapacitates the individual collector for continued work in that line, somebody else always turns up to take his place. The government doesn't let the torch go out. Yours faithfully, J. A.

## BURKETT WOMEN'S CLUB HOLDS REGULAR MEET

Mrs. T. C. Strickland, reporter  
The Burkett Women's Club met in their first meeting of the year, Tuesday evening, January 1, in the home of Mrs. Clyde Brown with nine present.

The meeting was under the direction of the president, Mrs. Dan Gray. The club pledge and prayer was repeated by the group, after which the vice-president, Mrs. V. C. Adams, read the goals of the club for the year. The laws and by-laws were read by the president.

Roll call and minutes were read by the retiring secretary, Mrs. T. C. Strickland, after which the secretary's book was turned over to the new president, Mrs. Hatie Adams.

A motion was made and carried to have secret pals in the club this year instead of showering the hostess as was done last year. A membership drive will be held during the month of January and in February names will be drawn for secret pals.

The club voted to have an exhibit at the stock show held Friday, January 4.

The following committees were appointed for the year by the president:

Finance, Mrs. Alva Holland, and Mrs. J. C. Boyle; Membership committee, Mrs. Earl Brown, Mrs. Lou Burkett and Mrs. Betty Jones; Activity committee, Mrs. V. C. Adams, Mrs. Clyde Brown and Mrs. W. M. Newton; Hospitality committee, Mrs. C. D. Baker, Mrs. Alva Holland and Mrs. Jim Morgan; Recreation, Mrs. Robert Lindsey, Mrs. D. C. Gray and Mrs. V. C. Adams; Cards and flowers, Mrs. J. C. Boyle, Mrs. D. C. Gray and Mrs. Ava Belle Oliver; Reporters, Mrs. T. C. Strickland and Mrs. W. M. Newton; Advertising, Mrs. W. M. Newton and Mrs. Clyde Brown.

After the business session recreation was led by Mrs. T. C. Strickland. Refreshments were served to all members present.

The next meeting will be held January 15 at the homemaking cottage with Mrs. V. C. Adams as hostess. Each woman of the community is extended a cordial invitation to attend this meeting and become a member of the club.

Annie Weeks.

Mr. and Mrs. W. R. Johnson and children, Pansy Jo and W. R., Jr., of Abilene, visited in the Joe Burks home during Christmas.

Mr. and Mrs. Joe Burks and children visited her parents, Mr. and Mrs. Jay Gould, of Cross Plains, Christmas day.

Mr. and Mrs. W. G. Ensor and baby, of Odessa, visited relatives here during the holidays.

Mr. and Mrs. Freddie Thate were visiting in Fort Worth one day last week.

## HEALTH NOTES

Carelessness in the treatment of respiratory disease is not only foolish but very hazardous, according to Dr. Geo. W. Cox, State Health Officer, who warned Texans today to be on guard against such illnesses as lead to pneumonia.

Dr. Cox pointed out that pneumonia can and does strike with little or no warning, and in many instances its forerunner is a simple cold, an attack of influenza, or some other respiratory infection.

"A cold or any other infection of the breathing passage which makes one constitutionally weak, especially if it is accompanied by fever, demands the immediate attention of the family physician. To self treat and fight on one's feet a condition of this kind is to endanger life unnecessarily. It is advisable to take all possible steps to avoid respiratory illness since they so frequently lead to that dangerous complication — pneumonia."

Dr. Cox stressed the fact that it is important to build up, normal physical resistance by sufficient outdoor ventilation, adequate nourishing food, outdoor exercise and sufficient sleep, but added that the family physician should be called immediately if, in spite of such care, a respiratory disease develops.

"Guard against pneumonia which is a communicable disease. It may be acquired by direct or indirect contact with a pneumonia patient. Reduced bodily resistance resulting from habitual disregard for normal physical requirements makes pneumonia doubly hazardous. A physician should be consulted immediately upon the appearance of any respiratory ailment."

March of Dimes research grants are awarded on a basis of merit and qualifications of the personnel conducting the study upon recommendations of a Medical Advisory Board, made up of the nation's most prominent physicians and scientists serving voluntarily.

## Former Local Boy Weds Phillips Girl

Miss Shirley Julian, daughter of Mr. and Mrs. J. B. Julian of Phillips, became the bride of Neil Bush at 6:30, December 25, in the home of her parents. The bridegroom is the son of Mr. and Mrs. Lester Bush of this city.

The double ring ceremony was read before an altar decorated with white and pink gladioluses, greenery and lighted tapers, by the minister of the Church of Christ at Phillips.

The bride was given in marriage by her father, and wore a beige suit with brown accessories. She carried a white Bible topped with red roses.

The couple was attended by Miss Delories Jones as maid of honor, and Dwayne Martin as best man. After the ceremony a reception was held in the Julian home. The refreshment table was covered with a lace cloth centered with the wedding cake.

The couple left for a wedding trip to Mexico, after which they will be at home at 5 Cable Street, Phillips, Texas.

The bride is a graduate of Phillips high school with the class of 1950, and is now employed in a bank there.

The bridegroom is a graduate of Cross Plains high school with the class of 1947 and since that time has been employed with Phillips Petroleum Company at Phillips.

Mr. and Mrs. Lester Bush and Gene of this city attended the wedding.

Eastland.—One of the most significant agricultural changes in Eastland County the past few years has been the decrease in the number of farms, according to a report from the County Agent's office.

The 1950 agricultural census report shows a decrease from 2,345 farms in 1945 to 1,929 farms in 1950, a loss of 416 farms caused by consolidations and increasing the farm's size. The average size farm increased from 216 acres to 259 acres during the five year period.

Electric and telephone service to farmers increased during the past few years. In 1945 only 230 farms reported telephone service whereas in 1950 service had been increased to 357. Electric service increased from 883 to 1,326 during this time also. The census showed a total of 117 home freezers, 136 electric hot water heaters, 332 electric water pumps, 547 electric washing machines and 165 electric chick brooders on the farms over the county by 1950.

Mules on the farms over the county decreased from 281 to 89 and, surprisingly, cattle did also. Cattle and calves decreased from 31,258 in 1945 to 28,610 by 1950. Out of the number reported in 1950, 4,214 were milk cows or calves. The number of tractors increased.

The hog and sheep numbers remained fairly constant with around 10,000 head of hogs including pigs and a little over 8,000 head of sheep.

Poultry numbers decreased also from 154,596 to 98,036 in the five year period.

The number of farm tenants dropped from 710 to 434.

Turkeys and alfalfa increased in numbers and acreage whereas corn and sorghum acreage decreased.

Mr. and Mrs. Doyle Burchfield returned the past week from a Christmas visit in Kiowa, Kansas where they were guests in the home of her sister, Mrs. O. C. Alexander, and family and her mother, Mrs. J. W. Jones.

## 7 Texas 4-H's Win National Honors

HIGHEST honors were accorded seven Texas 4-H Club members recently when they were named national winners in their respective programs. Accomplishment, personal achievement and participation in club and community activities were all considered when their records were judged. Pictured here are the champions in the National 4-H Clothing, Food Preparation, Beautification of Home Grounds, Field Crops, Dairy Foods Demonstration, Farm and Home Safety and Tractor Maintenance programs.

Leon M. Langford

Ray J. Riley

Yolanda M. Ellis

Mary Ann Goertz

Agnes A. Warren

Billy Whitt

Adam T. Wolf

Yolanda M. Ellis, 16, Plainview, winner in the 4-H Clothing Program, in six years of club work made 80 garments, 41 articles, five hats, eight bags and one pair of gloves, exhibited at 31 local, county and state shows to win many blue ribbons and \$148.75 in prizes. One costume was made from an old tan woolen plaid coat and a pair of tan woolen trousers and displayed with accessories in the local fabric mart window. The Spool Cotton Co. provided Yolanda's \$300 college scholarship award.

Food Preparation champion Mary Ann Goertz, 17, Red Rock, has planned, prepared and served 5,875 meals in eight years. She was state cherry pie winner in 1950 and this year represented Texas in the national contest in Chicago. She served as chairman of the 4-H Camp Foods Committee, planning menus, buying food and coordinating work. She managed a county-wide 4-H supper, serving 100 plates in 30 minutes. Mary Ann received a \$300 college scholarship from Kelvinator.

Outstanding work in 4-H Beautification of Home Grounds won a trip to Club Congress, donated by Mrs. Charles R. Walgreen, for Leon M. Langford, 16, of Farmer County. He began his four year beautification program by cleaning up unsightly trash left from building a new home. He made an outdoor fireplace and lawn chairs for picnicking. Landscaping included a rock garden and a rose trellis entrance to the garden which contains every flower in his locality. Leon won the county beautification award in 1948, 1949 and 1950, and the state award in 1950.

Ray J. Riley, 16, of Hart, a certified seed grower since he was 13, was named National 4-H Field Crops winner. Ray grows certified grain sorghums, broom corn, sweet sorghum, grass sorghum, rye, oats, barley and wheat. He also grows state registered grain sorghums to sell to other certified growers. His yield of 2,110 per acre of sweet sudan was the greatest ever raised in Texas, the previous record being 2,000 pounds per acre. Inter-

national Harvester Co. is the donor of a \$300 college scholarship for Ray.

Agnes A. Warren, 17, Waco, a six year club member, has lived on a dairy farm all her life, and her family has long realized the value of dairy products in the diet. For her work in 4-H Dairy Foods Demonstration Agnes was awarded a trip to National Club Congress by Carnation Company. Her latest accomplishment is to make and serve cottage cheese in various combinations with fruits and vegetables. She gave a team demonstration on this subject six times to an audience of 2,025.

Billy Whitt, 17, Muenster, gave special attention to farm and home safety during his seven years in 4-H, but not until his home burned did he systematically check fire hazards. With three other boys he distributed 500 farm safety sheets in Gainesville during Farm Safety Week. More than four hundred boys checked homes against a "Hazard Sheet" as a result of four radio talks and three safety displays Billy made. General Motors was the donor of his \$300 college scholarship.

Adam T. Wolf, 18, Gainesville, also won a \$300 college scholarship for excellence in his Tractor Maintenance project. Through neglect one of the family tractors broke down during threshing and eight hours of valuable time was lost, impressing upon Adam the importance of proper maintenance. Later, due to threatened rain, a tractor had to be kept running all day and into the night to prevent a heavy loss in grain harvesting. One of Adam's services in the club was to help plan and conduct a tractor clinic for younger boys. Stanlind Oil and Gas Co. donated his award.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

## Seabees Observe Tenth Birthday

On December 28, the Navy Seabees observed their tenth birthday. It was on this day in 1941 that Admiral Ben Morell, USN (now retired), dispatched the letter to the Bureau of Investigation, now known as the Bureau of Personnel, asking authorization to form the first three Seabee Battalions.

Ten years ago this month, December 28, 1941, the Seabees were born. Faced with fabulous jobs they went about them in fabulous ways. Within a short year, the stories of the Seabee "Can-Do" were being told throughout the world. Just 18 days after Pearl Harbor, the construction workers of this nation were told of the needs of our Fighting Forces. Construction men flocked to the recruiting offices by the thousands. Camps were hurriedly established to train them for they had the "Know-How", but training as military men was necessary. Within a few months, the civilian builder was changed to a fighting construction man.

The Naval Construction Battalions began to move overseas. Within the battalions there were expert workmen capable of repairing a delicate watch or the heaviest bull-dozer. The Seabees constructed, maintained and operated all kinds of construction facilities; telephone, electric and water systems, sawmills, rock crushers, material depots, sewage disposal, mixing and refrigeration plants. They erected thousands of Quonset and other special buildings to house men and material. They found time to construct their own camp quarters and recreation centers.

Many Chaplains know the Seabees. Their hearts were made glad when the "fighting construction men" moved in to build his chapel. His smile broadened as he watched the chapel grow, because within a few days, men would worship their God here. Ten years later, the chapels remain to remind the people that the Seabees were there. It may be the chapel at Lorengau on Manus, with its long arched roof of wood and concrete; or the chapel on Owi Island, off

Biak, built of native wood covered with grass woven by friendly natives.

The Seabees fought beside the Marines and Soldiers, and many answered the last call to duty. The Seabees were at Iwo Jima, Peleliu, Okinawa and other Pacific Assault Landings. They were at all principal bases in the Pacific, and we would not forget them in Central and South America, Africa and Europe.

There's no denying that the stories of Seabee prowess grew better with each telling, but in every story there is the basic of fact.

On the seventh birthday of the Seabees, plans were announced for the Reserve. Now on the tenth birthday, there are many Organized Reserve Units training throughout the nation. There are openings in these units for officers and men who have the "know-how" and "can-do" of the construction

trades. For the experienced construction man, a navy rate awaits you, if you can qualify. If interested, you may contact the Instructor-Inspector Office at the Naval Reserve Training Center on South Third Street, Abilene, Texas.

Mr. and Mrs. Roy Acker were in Eastland Wednesday to attend funeral services for Mrs. Bonnie Gregg of Eastland who died suddenly last Monday. Mrs. Gregg suffered a heart attack at the home of her daughter, Mrs. Roy Wayne Acker, and lived only a few minutes.

Mr. and Mrs. Mrs. Arvin Peevey of Abilene visited relatives here and at Cottonwood Sunday afternoon.

# Let's Talk Livestock . . .

By Ted Gouldy

Fort Worth, Jan. 1.—Only the top grades of cattle and calves are currently able to sell at prices equal to or above a year ago at this time on the basis of a comparison of prices on New Year's 1951, with the prices in effect at Fort Worth this week.

Sheep and lambs and hogs of all weights and grades are currently selling well below the prices the first of the year 1951.

Start of the New Year, 1952, finds the Southwestern livestock producers faced with serious shortage of moisture and feed in most sections and in virtually all sections the expense of operations based on the January 1 outlook will be sharply above a year ago because of the necessity of heavy feeding and soaring feed costs.

Continued pressure on prices of heavy fed cattle during the first quarter of the New Year is expected due to record numbers of cattle on feed in the Western states and very large numbers on

feed in the Midwest.

Hog receipts are expected to be large enough in the first quarter to prevent any spectacular rise in prices in that quarter although some improvement would not be unexpected.

Some improvement in sheep and lamb prices could develop in the first quarter of the year because the numbers of sheep and lambs in the Southwest are not large. However, grain fattened lambs in large numbers are on feed in Midwest and Western feeding areas and these lambs will be moving into packer channels in the coming weeks.

Prospects for improved prices on sheep and lambs hinge on rain or other moisture coming to the Southwestern range country which would be in large enough amounts to encourage some restocking or the holding back of sheep and lambs already in the dry sections because of improved feed conditions. Or, some improvement in

the wool price could edge sheep and lamb prices into some higher ground.

A comparison of livestock prices at Fort Worth on New Year's, 1952, with New Year's, 1951, reveals:

Good and choice fed steers and yearlings a year ago at \$29 to \$32.50 and currently that class sells at \$30 to \$35.25. Common and medium grades a year ago at \$22 to \$29, sell about that way at Fort Worth this week.

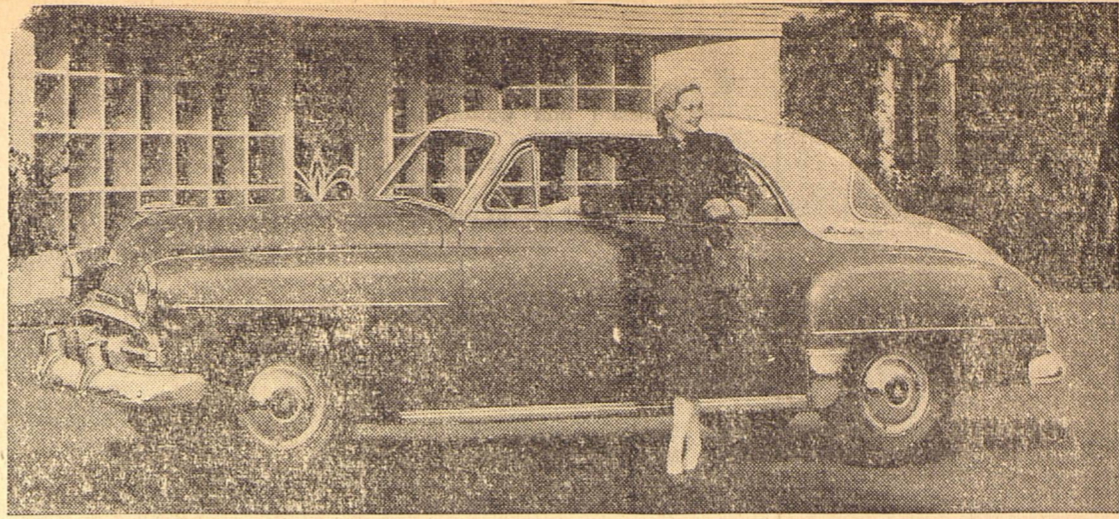

Fat cows a year ago at \$21 to \$24, sell around that figure, spots \$1 higher at Fort Worth this week. Cannors and cutters a year ago sold at \$16 to \$21.50 and about in that range this year, too.

Bulls a year ago were sold from \$20 to \$26.50, while at this time prices are generally \$20 to \$27.50 at Fort Worth, a few to \$28.

Good and choice fat calves a year ago sold for \$29 to \$32.50 and this year sell mostly at \$30 to \$33.50, some heavyweights higher to \$35.

Stocker and feeder steers and yearlings quoted from \$28.50 to \$32 a year ago, are quotable about in that slot for good and choice kinds this week, and the common and medium kinds at \$23 to \$28

## Plymouth's Pace-Setting New Belvedere

Here's Plymouth's smart hardtop club coupe, the Belvedere, the pace-setter in the lowest price field with its new concepts in styling and beauty. The car has glistening, lively two-tone colors: Suede Tan with Sable Bronze top; Belmont Blue Polychromatic with Sterling Grey top; Mint Green with Black top. The color used on the roof follows the Belvedere's streamlined contours around the spacious rear window and down over the rear deck, giving the car the continental look. Sparkling chrome molding outlines the top and carries back to separate the two colors at their junction at the rear quarter-panel. The interior is luxurious, with colorful quality fabrics and vinyl blended in perfect harmony with the shades used on the exterior.

college has the third largest enrollment among Baptist schools of the state.

The top floor of the new Walker Memorial Library, now well past the mid point of construction, and expected to be completed by June, 1952, has been designated for the graduate school.

Howard Payne has an excellent library with an approximate 28,000 volumes, and with an additional 1,000 to 1,500 volumes added each year.

## Higginbotham's

a year ago are quoted this week about in that same bracket, or perhaps 50 cents to \$1 under that in some sales.

Stocker heifers quoted at \$31 down a year ago, are currently hard put to bring such a price. Stocker cows at \$24 to \$29 a year ago, sell mostly at \$22 to \$28 this week. Stocker calves quoted from \$25 to \$35 a year ago at Fort Worth are quotable in that range today.

Top butcher hogs on January 2, 1951, sold at Fort Worth at \$20.25 to \$20.50, against a top of \$18.75 to \$19 on December 31, 1951.

Sows quoted at \$17 to \$18.50 a year ago, opened this week at \$15 to \$16.50. Feeder pigs sold from \$15.50 to \$17.50 a year ago, opened this week at \$10 to \$14.

Wooled fat lambs at \$32 on January 2, 1951 set a new all-time high for old crop lambs at Fort Worth, and currently sell around \$28. A year ago, lambs with No. 1 pelts sold for \$29, and the shorter pelts such as No. 2 and No. 3's cashed at \$28. Medium and good slaughter ewes sold a year ago at \$15 to \$16, and are currently quotable about \$2 under that price. Feeder lambs at \$27 to \$29.50 a year ago, are comparable to \$26 and \$27 feeder lambs at Fort Worth in recent sessions.

Some improvements in the feed situation may develop after the first of the year because of the release of some grain from owners who did not want to sell the crop in 1951 because of taxes. Last year they held until after New Year's and if they sold before New Year's this time it would mean selling two crops in one year and mean a bigger tax bite.

### Veterans ? Box

Q—I'm a World War II veteran back on active duty. I was granted a waiver so I wouldn't have to pay my National Service Life Insurance premiums. I'm due to get out of service again, and I want to know what to do in order to keep my insurance in force.

A—Simply start paying your usual premiums to the Veterans Administration, Washington 25, D. C., within 120 days after your release from active service. But don't wait until the last minute, or you'll be taking a chance of missing the deadline and having your policy lapse.

Q—I've been on active duty for the past two years, and I understand I'm soon to be discharged. I've never had National Service Life Insurance and I'm not disabled. How do I go about getting the new form of GI insurance after I get out?

A—Apply in writing to the Veterans Administration, Washington 25, D. C., within 120 days after your release from active duty, and pay the required first premiums. You won't be required to take a physical examination.

Q—Whom may I name as a beneficiary for the new form of term insurance available to Korean veterans?

A—You may name any person or persons, firm or corporation, or your estate as your beneficiary or beneficiaries.

Q—If I carry the term insurance available to Korean veterans, will I be paid a dividend, the same as veterans who hold NSLI?

A—No. The insurance will not earn dividends. On the other hand, its premium rates for most ages are the lowest of any GI insured authorized by Congress.

Mrs. Ethyl Tabor and Joyce, of Baird, visited relatives here during Christmas.

Mrs. O. B. Byrd visited in Houston last week end.

Mr. and Mrs. Jesse Holmans and son visited relatives at Wichita over the week end.

### Howard Payne College To Offer Graduate Work

Graduate work will begin at Howard Payne College January 21, 1952, according to Dr. Z. T. Huff, dean of the college. Courses leading to the Master of Arts Degree will be offered in Bible, Business Administration, Education, English, Government, History, Mathematics, Music and Science.

Candidates for the MA degree will be required to complete a minimum of one year's work in residence—30 semester hours—18 hours including a thesis in the major field, and 12 hours in the minor division.

A maximum of six semester hours of residence work of graduate character may be transferred from a recognized institution. All requirements for the MA degree will be expected to be completed within five years from the date of matriculation as a graduate student.

Tuition for graduate work will be \$9.50 per semester hour. Room and board will be \$202.50 per semester.

Howard Payne College is admirably fitted for the graduate school. Endowment is the highest per capita of any co-educational Baptist institution in Texas. The

**March Of Dimes Head For Theatres Named**

Mark Cole of Rosenberg, general manager of the Cole Theatres, Inc., has been appointed Texas Theatre Chairman for the 1952 March of Dimes, Lloyd Gregory of

Houston, state campaign director, announced in Austin this week.

A former president of the Rosenberg Community Chest and the Chamber of Commerce, Cole has been very active in community affairs, including the annual March of Dimes. As chairman for the State's theatres, Cole will coordinate show activities, including distribution of the March of Dimes film trailer, and will marshal support for the January polio drive among Texas show men.

"Theatre men of Texas have greatly aided in publicity and in collections during the March of Dimes each year," Cole declared. "Many managers have given their leadership to this important drive, which will be conducted from January 2-31 in 1952."

"The upward surge of polio incidence during the last four years has far outdistanced funds available for patient care, research, and professional education. Year after year, March of Dimes contributions have moved steadily ahead, but the March of Polio has continued to out-pace the March of Dimes. This year, the theatre men of Texas are looking forward to intensifying their cooperation with National Foundation for Infantile Paralysis county chapters to see that sufficient funds are raised."

Cole was born in West, Texas, attended Baylor University, and is a member of the Lions, Variety, and Baylor University Clubs.

Mr. and Mrs. LeRoy Grisham and girls of Coleman visited with the James Woodards and Elmer Baughs Sunday.

**PROCLAMATION**

WHEREAS, we as American citizens enjoy more rights and more freedom than the citizens of any other country in the world today, our nation being the last great bulwark against tyranny—the hope and inspiration of every individual interested in preserving and perpetuating for all mankind the liberties and privileges enjoyed only by free men in a free society;

WHEREAS, each and every American should always be conscious of the fact that our citizenship also entails certain definite duties and responsibilities—that the privilege of being free can be perpetual only in a society where all share in performing the obligations of citizenship;

WHEREAS, Democracy and our American way of life are ever subject to the serious and world-wide threat of Communism and related doctrines, and each American citizen has cause to realize and appreciate that our precious liberties may also be impaired or lost through our own lethargy and lack of attention to our every day civic duties;

WHEREAS, the State Bar of Texas has sponsored and is sponsoring an educational program to emphasize to the citizens of this state that our great heritage as Americans and as Texans can be preserved only by the full and complete participation of each and every individual in the duties and responsibilities of that citizenship;

AND WHEREAS, this program of the State Bar of Texas deserves and merits the full support of this community, and to the better functioning of this program a week should be designated and set aside as "American Citizenship Week", that all may join in perpetuating our American way of life, in emphasizing the significance and dignity of the individual as a citizen of a free and democratic nation, and in meeting and conquering the communistic threat—the greatest challenge of our time;

NOW, THEREFORE, by virtue of the authority vested in me as Mayor of the City of Cross Plains, Texas, I, S. N. Foster, DO HEREBY PROCLAIM that the week of January 14 through January 19, 1952, shall be known and observed in this community as "AMERICAN CITIZENSHIP WEEK".

And I do hereby encourage every citizen of this city to join in this week of dedication to the great principles of American Democracy, and call upon all groups and organizations to cooperate with the State Bar of Texas in making "American Citizenship Week" felt as a tremendous force in mobilizing the thinking and actions of our people toward a perpetuation of the principles and freedoms which have made America great.

IN TESTIMONY WHEREOF, I hereunto affix my official signature, this the 9th day of January, A.D. 1952.

S. N. FOSTER, Mayor

ATTEST:
