#### NO GAS, NO GOSSIP, SMILE AND BEAR IT!

The absence of gas from the municipal mains Thursday morning is responsible for no gossip column this week. Linotypes won't work unless metal is heated to about 500 degrees and frankly, there was not enough gas in the Review office to light a cigar.

The absence of the gossip column is regretted, however, the paper must go out on schedule. Therefore, type already set was necessarily placed in this column.

#### B. H. FREELAND RUNS FOR SECOND TERM AS COUNTY COMMISSIONER

B. H. Freeland files official announcement this week of his candidacy for re-election to a second term as County Commissioner from this precinct. His statement to the people of this precinct—which is composed of Cross Plains, Dressy Cottonwood, Atwell and Caddo Peak—appears on another page of this newspaper.

Mr. Freeland is exceptionally well known to the citizenship of the Cross Plains trade territory having resided virtually all of his life between here and Cottonwood and having served in the office one term. He has also made two extensive campaigns. His candidacy is subject to this action of the Democrat primaries to be held this Summer.

#### MRS. CORRIE DRISKILL ASPIRANT FOR DISTRICT CLERKSHIP OF CALLAHAN

Mrs. Corrie Driskill of Baird, makes official announcement this week of her candidacy for the office of District Clerk. Mrs. Driskill is well known to the citizenship of Callahan county having served in the Clerk's office one term and having made two thorough campaigns. She has also resided in Callahan county all of her life.

"I know that I am qualified to discharge the duties of the office commendably and I need the position as a means of livelihood for myself and the support of my small son," Mrs. Driskill told the Review Tuesday afternoon.

Her candidacy is subject to the action of the Democratic primary to be held July 25. Mrs. Driskill's official statement to the people of Callahan county appears on an inside page of today's Review.

#### CHURCH GROUP ELECTS OFFICERS AT MEETING

Thursday night, March fifth, 12 laymen and three pastors met at 7:30 in the basement of the Methodist church for the purpose of discussing religious conditions of this town. Plans were laid to try to better these conditions.

Lane, president; George Neel, vice-president; Jim Settle, clerk; Jeff Clark, chairman of the group will meet once each month. The next meeting will be in the Baptist church, Thursday, March 19, at 7:30 P. M. All men of town who are interested in the work, are urged to be present, the Review was told.

#### S&H SWINGS DOORS OPEN TO TRADE AT 7:30 P. M. THURSDAY

Cross Plains' newest department store—the S&H was set to swing its doors open to the public Thursday night at seven thirty. Mark Adair, manager, told the Review Thursday morning that everything was in readiness for the formal opening, at which ladies will be presented carnations and men, cigars.

Windows in the store were decorated and thrown open to view Wednesday night. Pedestrians paused in front of the firm Thursday morning to compliment the attractiveness of the exhibits.

While it was not definitely known yesterday morning who would be employed at the new store, it was understood that temporarily at least, Mrs. Frank Medford, Mrs. Anderson Newton, W. C. Childress, Jr., and Mr. Adair would form the personnel.

Several hundred were expected to attend the gala opening scheduled for Thursday night at seven thirty. The firm has a full page advertisement, concerning the opening, on page three of this newspaper.

A colorful sendoff is given the S&H by other local merchants who use no little space in this issue of the Review welcoming the new firm and offering congratulations and best wishes.

#### FORMER LOCAL MAN DIES IN REFINERY EXPLOSION TUESDAY

J. L. (Jimmy) Franklin, formerly of Cross Plains, was one of five victims who died this week, as a result of injuries sustained in a refinery explosion at Ingleside—near Corpus Christi—Tuesday. Another, J. W. (Jack) Cline is reported to be in a grave condition. Six other workmen were also injured.

Franklin, a former employee of an ice company in Cross Plains, exploded Wednesday afternoon about five o'clock.

The explosion is reported to have been caused by a short circuited electric light extension cord being used in a 30,000 barrel tank. The refinery is the property of the Humble Oil Refinery Company, with whom Franklin was employed at the time of the fatality.

Mr. and Mrs. Cox moved to Cross Plains last week and have taken the Elmer Henderson residence in the South part of town.

#### CROSS PLAINS A DANDY TOWN; THOSE WHO MOVE NEARLY ALWAYS RETURN

There's an old saying of Cross Plains that: "Those who leave here most always come back". Mr. and Mrs. L. W. Westerman can vouch for the truth of the adage.

They moved to Coleman Monday, Wednesday they loaded up household belongings and journeyed homeward to Cross Plains. Unable to locate things as convenient and economically as they had known them in the old home town is given as the reason.

#### PNEUMONIA FATAL TO CROSS PLAINS FARMER WEDNESDAY

Gus Dennis, 52, prominent local farmer, succumbed to pneumonia and heart complications at his home, three miles east of here, Wednesday night at 10 o'clock. He had been ill slightly more than a week.

Seven Baptist churches in the county are holding Centennial Revivals this week in response to a proclamation made by Gov. James V. Allred. In the Tuesday meeting, E. N. McCoy, conference clerk read a letter from the Governor, expressing his appreciation to the churches for their cooperation.

#### F. F. A. STOCK SHOW BIG SUCCESS, SAY SCORES OF PEOPLE

From the standpoint of stock exhibited, prizes awarded and interest manifested, Cross Plains F.F.A. chapter's third annual stock show Saturday was acclaimed the best ever staged here.

T. G. Caudle, head of the Vocational-Agriculture department in Cisco high school, who judged the animals, said: "The show was exceptionally good, offering unusually attractive animals. It was in my opinion a crowning achievement not only for the Cross Plains trade territory and Callahan county but for this entire section."

#### MRS. JOHN LUSBY ASKS DISTRICT CLERK OFFICE IN JULY 25 BALLOTING

Mrs. Georgia Fraser Lusby of Baird announces as a candidate for the office of District Clerk this week. Her candidacy is subject to the action of the Democratic primaries to be held this Summer.

Mrs. Lusby is perhaps better known to the citizenship of Callahan county as Mrs. John Fraser. She has spent most of her life in this county. Her husband died several years ago and in September 1934, she returned to Baird to make her home.

"I feel that my experience and training in the past have equipped me adequately to make this county a capable District Clerk. I need the office as a means of livelihood and if elected will strive to give satisfaction," Mrs. Fraser told the Review.

Her initial statement to the voters appears on an inside page of the newspaper.

Mr. and Mrs. Parker Baum and children of Big Spring are visiting in the home of his parents, Mr. and Mrs. T. E. Baum here at present.

#### INCH AND HALF OF MOISTURE RECEIVED OVER THE WEEK END

The first rain of any consequence in several months blanketed this section Saturday night and early Sunday. The precipitation which started about three o'clock Saturday afternoon continued intermittently until nearly "day-break" Sunday, netting exactly one and a half inches, according to a measuring gauge.

Farming activities which have been partially curtailed for weeks got underway in rapid fashion this week.

Turkey Creek, which touches the city limits in the Southwest part of town, flowed "half bank" early Sunday. Other streams throughout this vicinity were also partially swollen. Falling as it did however, somewhat slowly, most of the water soaked into the soil.

The only accurate measuring device of which the Review was able to learn, was at the C. D. Baird place, five miles West of town. It registered exactly an inch and a half of moisture.

Pastures and plowed fields are said to be helped most by the rain, however, local gardeners welcome the moisture as a "godsend." Composite opinion is, however, that the rainfall for 1936 is to date at least an inch below normal.

#### BREAK GROUND FOR SCHOOL BUILDINGS AT BURKETT TODAY

A celebration to observe the breaking of ground for a new school building will be held at Burkett Friday, the Review was informed in an interview with Superintendent W. R. Chambers Wednesday morning.

A program including luncheon on the ground, basket ball games in the afternoon, brief talks by Mr. chambers, members of the board of trustees, and representatives from Coleman and Cross Plains.

Several from Cross Plains are planning to attend the ceremonies at Burkett Friday morning.

#### TOM HOLDEN BUYS CITY GAS SUPPLY

T. S. Holden and associates last week purchased from Jim Anderson the gas lease, which supplies natural gas for the Municipal Gas System in Cross Plains. Equipment at the lease, 13 miles of pipe and machinery incidental to boosting the gas to the city gate, were included in the transaction.

The trade will in no way effect the city's gas supply the Review has been assured.

## E. M. 'ED' Curry Gives His Views On Issues; Outlines His Platform

#### Fellow Citizens of the 107th Flitorial Legislative District:

I am glad to be living and grateful to you for the encouragement and loyal support which many of you gave me in the race for the Legislature two years ago. I feel that you know more about me and my strong tendencies toward a one hundred per cent American Government "Of the people, by the people and for the people," as I distributed among you thousands of copies of my platform in the last campaign. I am sure that you remember my respectful attitude toward both of my opponents and that attitude I want you to keep in mind, for it will serve to mitigate and justify a different attitude which justice and duty demand that I take in this campaign.

I am pacific and respectful by nature or innately so and when my attitude is otherwise it must be assumed because of some external force. This external force has struck, and I am preparing you for a possible disturbance due to impending political heat-waves accompanied by atmospheric conditions calculated to bring about thunderstorms of the political variety. I hope this thunderstorm will have a tendency to purify these unhealthy political atmospheric conditions. If this disturbance happens, observing as you must have in the last campaign that I was not inclined to bring on such disturbances, this fact ought to clear me of any possible charge seeking to lay its responsibility at my door.

I have been not only a peaceful but a loyal citizen of your fine district for over fifty-two years, therefore my record is before you or available and well known to many. I will answer many slanderous charges circulated against me in the last campaign, but really my neighbors have answered these charges for me by their ballots. Many of my neighbors have known me during all these years and to them I gladly refer you, who do not know me. They will gladly tell you what manner of man I am. In fact, they have already spoken by endorsement sheets with hundred of their names attached and by their ballots in the last election. In my home box, seven out of every eight of my neighbors gave me their preference over the incumbent, Lotief, who at this time is asking for a third term. In his (Lotief's) own box, his neighbors gave me two votes to his one and Donald Kinnard got nearly as many there as Lotief; therefore, Lotief got practically one vote out of every four at his home box. Think this record over and protect by your ballot the men and women of tomorrow. If he tells you this statement is not true, go to the records and see for yourselves.

Fellow citizens, your welfare and mine is involved in this contest, therefore it demands your patriotic attention. This report above given of the vote of the home people in his box and mine means much to you if you will but stop and think for a moment, for nobody knows a man like his

close neighbors, and generally you can find out facts from them—in other words, the truth; but you can't depend upon gossip by gossipers. This you know, but it is certain that many were not following this safe guide in the run-off primary of 1934, judging by results. If they knew what the home vote really was. You were deceived in many things in that campaign and it is probable that you did not know that he got about one vote out of every four in his home box; but it is absolutely true.

I feel certain that you are not going to give him the third term for which he has the audacity to ask, as it is against your Democratic rule to give a third term; but I wanted you to know the truth anyway. You should know it.

I am here to attend to the most pressing issue of this contest and such important matters as I will advocate for our betterment will get due attention from the stump or the soap box, during the campaign. I have not, by any means, been idle during the past two years; but have studiously applied myself in the search for knowledge and information that might be gained thereby. I have scanned the whole field of history of the world's governments, from the ancient and medieval to the modern, as well as the present activities of all the nations. Thus, I have tried to prepare myself for the work in the Legislature, so that if I am your choice for that work I will not be altogether unprepared. I do not feel apologetic in asking for the opportunity and honor of representing you in the Legislature; but I feel confident of my ability and certain of my integrity.

I mention here some of the outstanding issues and how I stand:

I am a warm supporter of the old age pension principle and I have a well-defined pension plan in mind which I will explain in my campaign speeches.

I am for no fetters on the ballot, and therefore favor the repeal of the poll-tax resurement to vote.

I am against a beaurocratic government.

I am for the referendum principle of government.

I am bitterly opposed to the government of the lobbyist for the rich man.

I am for preserving our constitutional rights by enforcing its provisions.

I will not dodge or whine; but will take a stand on every proper issue in this campaign. I will even try to tan the hides of political skunks.

I sincerely hope that you who gave me your support in the last campaign see fit to do so again; and to you who did not, I most earnestly solicit your support this time. If I live and we regain our political equipoise, this change is going to be made, so help us God. Yours for a revival of the Spirit of Patriotism, and hoping to be your next Representative, I am,

## To The People Of Commissioners Precinct Number Four.

Having served two years as your Comissioner, I believe that the experiences I have gained will enable me to render a more valuable service during my second term, if elected.

Again I thank each and every citizen of this precinct for the kindly attitude with which I have been favored; and I ask your serious consideration of my candidacy for re-election.

## Obituary

### Little Oscar Peevy

By Mamie Jordan  
The white winged angel knocked on the door.

The little Oscar was a mortal no more.

At the age of ten months and eight days.

He started on his heavenly way. He went to his father above.

Where everything is beautiful and there is love.

He looked so natural in his silky white bed.

With the loveliness of pink flowers over his head.

He was dressed in a suit of blue with white and blue socks of pretty hue.

Golden locks covered his head.

A few shading his silky white bed.

Grieve no more dear parents, sisters and brother.

He has gone to a better land than any other.

There we all shall meet some day. Where the banks of heaven are.

We know this is true for the Bible tells us so.

To a far better land than any we know.

Clyde White and B. O. Braun, Bairst, were business visitors to Cross Plains Tuesday.

# Your Friend Forever...

When you landed in this world, probably the first to chronicle your birth was the ol' home town newspaper. Through the years—infancy, adolescence, manhood (or womanhood)—it has been like an elder brother pointing the way, rejoicing in your success and achievements, lauding them to the world. When the icy hand of death squelches the breath from your body, the ol' home town newspaper will again perform it's sublime duty. It will portray you simply, fairly, yet correctly.

Through a lifetime, your home town newspaper devotes it's best to keeping you informed of the happenings of interest. Each week it brings news of the shops, accidents, county, church, neighbors, school, trade area; the things you really care to know.

Stand by your home paper as you would yourself. It is your friend, interested in your welfare, a champion of your course. Subscribe for it. Recommend it to your friends. It records the only history of your family. In it's files, yellowing with age, is the only authentic record of the happenings of yesteryear.

The management of the home newspaper may change from time to time. But no individual—regardless of who is the publisher or editor—will ever own the home town newspaper. It belongs to the people, as much as does the church, the school, or the courthouse, the Alamo.

The Cross Plains Review is your home town newspaper. Frankly, it's personnel is striving earnestly, diligently to give the Cross Plains trade territory a paper of which to be proud.

### 190 AGED PEOPLE HAVE SIGNED FOR PENSION AID HERE

190 old age pension applications have been issued by Mrs. Paul Boase since the office for that purpose was opened here February 26.

Mrs. Boase states that for several days after the office was opened she issued from 16 to 18 applications each day. Now, however, the average runs to about five or six applications, daily.

There is still an ample supply of the blanks available. Notaries Public are acknowledging the affidavits for aged people free of charge.

Applicants are urged to bring full information concerning places of their residence during the past nine years, age of each of their children, and other necessary data.

This work was made possible through donations of local merchants. Headquarters are in the Citizens State Bank. Aged people are requested to take advantages of Mrs. Boase's services within the next few days, as it may be impossible to maintain the local pension office many days more.

Any investigation in reference to my qualifications or otherwise will be appreciated.

I expect to make a complete canvass of the county during the campaign. If elected, I promise efficient and prompt service.

### DEMAND IS NORMAL AGAIN FOR FARMS, BANK REPORT SAYS

Return to normal purchasing of farm lands is shown by a study of applications received by the Federal Land Bank of Houston in the past five months, according to word received from the bank by M. H. Perkins, Secretary-Treasurer of the Citizens National Farm Loan Association. Nearly three million dollars, or about twenty per cent of the Land Bank and Land Bank Commissioner loan applied for in that period have been for the purchase of farms.

For some months past, Land Bank Commissioner as well as Federal Land Bank loans have been available for financing the purchase of farms. Prior to the broadening of their scope, Land Bank Commissioner loans could be made only to refinance existing indebtedness.

From October 1, 1935 through February 29, 1936, 4,160 new and reinstated applications were received by the Federal Land Bank of Houston, for amounts totaling \$15,023,950.

Federal Land Bank loans now are available through NFLAs, said Mr. Perkins, at the lowest interest rates in history and may be made for the following purposes: (a) To purchase land for agricultural uses; (b) to buy equipment, fertilizers, and livestock necessary for the proper and reasonable operation of the mortgaged farm; (c) to provide buildings and for the improvement of farm land; (d) to liquidate indebtedness of the owner of the mortgaged land incurred for agricultural purposes or incurred for agricultural purpose or incurred prior to January 1, 1933; and (e) to provide the owner of the mortgaged land with funds for general agricultural uses.

Loans to farmers may be made by the Land Bank Commissioner for the same purposes as Land Bank loans. However, the purpose for Commissioner loans are broader than for Land Bank loans in that Commissioner loans may be made to refinance any indebtedness of the farmer without regard to its purpose or the time it was made. Indebtedness for which the farmer is not personally liable, but which is secured by a lien on his farm property, may also be refinanced.

Edwin Baum and Claude Mayes were in Baird Monday.

S. W. Hughes of Brady was a business visitor in Cross Plains Monday.

### To The People Of Callahan County

In announcing my candidacy for District Clerk of Callahan County, I feel that I need no introduction to the voters of the county. I held this office one term, 1933-34, and made two thorough campaigns.

I am qualified for the office, will be glad for anyone to inquire into my work while there. I feel that I can make a better clerk now than then on account of the experience I have had. I need the work and I wish to assure you that I can and will appreciate all the support you can give me and if I am elected, will make you a good clerk. Thanking you in advance.

### Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

**YOUR kidneys** are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use **Doan's Pills**. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users of the country over. Get them from any druggist.

##### Program Planning

Farmers and farmers' wives are being given the first opportunity ever offered for them to come together in the various communities and have a voice in planning what they shall plant and what they should plant in a long time planning program which is recognized and is authorized by the national government. At the beginning a series of such meetings was started last week at Atwell in which Dave Foster, was elected president, Dayton L. Sessions, vice president, and B. P. Pillans, secretary-treasurer. At Dressy Ed Henderson was elected president, Fred Stacy, vice-president, and Flem Johnson, secretary-treasurer. At Denton Roy Kendrick was elected president, T. N. Minix, vice president, and S. E. Odoin, secretary-treasurer. Plans are being drawn whereby the county agent assisted by Miss Vida Moore will complete the community associations set up at Oplin, Lone Oak, Cottonwood, and Union or any other community that should so desire that the agents include them with the set up. The schedules as prepared by the government must be finished and back into the county agent's office by March 30. It is thought the new farm program will be discussed at regional conferences the coming week in Texas. It was discussed at Memphis, New York City, and Salt Lake City. The new farm program will also help livestock producers along with cotton, corn, wheat, peanuts, rice and tobacco producers. Details of how

**Eighty 4-H Club Boys Attend Their First Show and Meeting**

The 4-H Club boys showed their first baby heaves and hogs in Baird Saturday and invited outsiders to see their chickens, dairy cows, and horses. There were about four hundred people who attended this show which was very encouraging for the first attempt.

Gene Finley, a first year club boy, won the first prize money on his calf which weighed 870 pounds. Bobby Williams, a second year boy, showed second and third calves which were very good and the judge stated he was at a loss to know just which calf was the best.

In the horse division N. L. Dickney won first, Ellaamore (Curly) Seale won second with her 2-year old and Harold Alexander won third. This was a ranch style reining contest supervised by Ace Hickman and judged by Ed Horne, E. L. Finley and Jess Sparks.

In the poultry division Clyde M. Johnston was first and W. P. Franklin second in W. P. Rocks, Mrs. J. A. Sikes was first in Barred Rocks. Andrew J. Jones was first with S. C. White Leghorns. Salas Lawrence was first with Rhode Island Reds and S. J. Bains was second.

There are now 110 boys enrolled in 4-H Club work for the county which represents seven organized clubs. There are 21 boys who have signified their intentions of feeding calves for this next year. There are on record today 25 boys who plan to feed registered or grade hogs. J. B. Ashabraner, Jr. and Billy Mac Park of Putnam have purchased registered gilts and Jesse Mac Pyeatt of Clyde has his gilt which was delivered some 4 weeks ago. 60 boys plan to attend the Fat Stock Show March 17. The Union School bus, by the courtesy of the Union School trustees will take about thirty boys. The county agent deeply appreciates this courtesy from these school authorities. Plans are on foot by cooperating ranchmen and farmers of the county to help the boys stage a real show at about this time next year. Callahan County boys are in group 1 for the Fat Stock Show which has given them free tickets and at 9:30 they will be guests of the Fort Worth Star Telegram. At 10:30 they will visit the zoo and at 12:30 they will enter the Fat Stock Show grounds. There were 6 boys at the Show last year and should 60 go this year that will be quite an increase.

A great deal of interest was shown Saturday in stallions which were shown by Messrs. Ernest Ham of Clyde, W. L. Parks, of Putnam, and S. E. Edwards of Denton. Each stallion was of different color and class since one was an iron gray, one a bay, and the other black. Everett Hughes showed a very good exhibit of yearling mules which attracted the mule admirers.

One of the most interesting events of the day was a pig scramble in which two pigs were turned loose and the boy who caught him became the new owner. The Callahan County Club composed of business men of Baird presented a fine type Duroc which was grown by Joe Glover of Baird and was caught by Newt Steen of Route 2 Moran. J. N. Williams gave a smaller pig which was caught by Harold Miller of Enla. Only 4-H Club boys were eligible to compete in the scramble. Quincy Loven has given one of the boys one of his pigs which will be delivered from the July farrowing.

**Poultry Specialist To Visit Baird March 20**

McCarthy, poultry specialist of A&M College will be at the county agent's office. If you have any affected birds bring them along. Mr. McCarthy will be in Baird from 10:00 until 12:00.
