REV. STRICKLAND TO LEAVE

The Rev. D. M. Strickland, for
some eighteen months pastor of
the Baptist church here and at sev-
eral other near-by churches, has
accepted a call to Elkhart, Kansas,
and will leave for that place about
the 21st. He will preach his last
sermon here on Sunday night. He
has done a good work and the Ba-
ptists under his ministry here and
their many other friends regret to
see them leave, and wish them
every happiness in their new field
of work.

KILLED IN FRANCE

S. F. Knight of this place received
a telephone message from his son
Doyle at McCauly on Sunday night
stating that Jay Knight, youngest
son of Mr. Knight here, had been
killed in action on the front in
France. Jay was twenty-four years
old, was single. He lived here a few
months three or four years ago. He
was a good boy and made the su-
preme sacrifice for a great cause. He
volunteered for service last April,
was stationed first on the coast
and afterwards moved to Camp
Travis. He left that place the first
of June. He has been fighting on
the famous Hindenburg line. He
was from Mitchell County. He has
done all he could, and none can do
more. We offer our deepest sym-
pathy to the bereaved ones.

Dead

E. A. Hsley, Jr., aged six, son
of Mr. and Mrs. E. A. Hsley, who
live near town, died at his home on
Sunday night at 12 o'clock; death
resulting from partial paralysis,
supposed to have been caused from
a recent hurt about the head. The
funeral services were held from
the home, and the body buried in
the Cross Plains cemetery. The
Rev. D. M. Strickland, the family
pastor conducted the services. The
little boy was the youngest in a fam-
ily of eleven children and his was
the first death in this family. He
was a bright, lovable boy and his
death is a heavy loss to his family
who are heart-broken to give him
up. We offer our sincerest sym-
pathy to the bereaved ones.

OIL DEVELOPMENT

Mr. John Dawkins of Baird, in
conversing with the writer on
Tuesday stated that the well he is
to put down on the Cordwain ranch
was to be spudded in on Wednesday.
P. J. McBride, contractor, has been
on the ground for some time. A
commissary has been built as well
as a house for caring for the men.
Three cars of casing 16-, 12-, and
10-inch, and all material, are on
the ground. The well will be put down
4000 feet if oil is not struck before
that depth is reached. The
well is located on the south part of
section No. 12.

Mr. Dawkins also informed us
that P. J. McBride, who has the
contract for the Odom well, has his
drillers on the ground ready for the
Odom well when the tools and drill-
ing equipment, which is in transit,
arrives. Wood is being hauled to
the Odom location, and water and
material is all that is lacking to get
development there. The well is
sure to be drilled. Mr. Dawkins
has put considerable acreage in the
Odom contract. The site is on the
Cummings Survey eight miles west
of Cross Plains.

The Hart well is down 1400 feet.
It is eight miles northeast of Baird.
A rich vein of coal was found in it
some time ago.

The Putnam well is 3625 feet and
been fishing for two weeks. They
have a fine showing of oil.

The Seal well seven miles south
of Baird to be put down by J. O.
Hamilton has a rig up waiting for
material.

Mr. Max Yost, manager of the
Albin well east of town, reports
that the car containing the rig for his
well, left St. Louis on Oct. 3, ac-
cording to a telegram mailed to him
from his wife. He is having a cellar
dug at the site of the well to hold
the casing. Otherwise he is awaiting
material.

The Gray brothers who are to put
down a well on the Henry Childs
farm north of town, say their
derrick material is in transit. A
cellar is also being built at this lo-
cation, which is 450 feet from
Henry's tank and about one-fourth
of a mile from his house. Tools
are loaded and en route.

FOR GOOD ROADS.

J. I. Crass, a progressive farmer
who lives two miles south of town,
says that he is heartily in favor of
the good roads talk the Review has
been giving up of late. He says that
now if ever in our history, the coun-
try needs to build roads, and just
now is the opportune time for the
simple reason that our drouth-
stricken farmers could be employed
at home. If farmers are compelled
to leave home at this time in search
of a sustenance they may not be able
to return when it goes to raining to
sow grain, and some land may lie
out. Those of us who can stay
should be willing to vote bonds to
help keep our less fortunate neigh-
bors at home. Besides, the roads
are as badly needed as or worse than
if it were raining. This is just one
more cogent reason for building the
roads. Mr. Crass says he is willing
to go his whole length to get good
roads started in the country, and
that he believes any reasonable bond
issue will carry. Talk it to your
neighbors. What do you think of
the proposition of connecting Cole-
man County road with Cisco via
Cottonwood? It was almost worked
up once.

Next week we will try to give the
name and amount of each bond
buyer. Our quota is \$40,000, but
we are starting very poorly toward
reaching it. Likely a campaign at
the last of the drive will help out.

NOTICE!

After due publication of this notice we
will not allow overdrafts of any kind. We
stand ready at all times to grant any ac-
commodation to our friends and customers
and will gladly do so upon request. The
overdraft habit is inconsistent with good
banking methods and is often abused. If
you are in need of a few dollars for a short

any embarrassment that might occur.

The above notice will be applied to all—no

Are You Losing Dollars
to Save Pennies?

YOU PROBABLY ARE, if your farm lacks proper im-
provements in the shape of hog houses, feed racks, good
gates, granaries, sheds and other farm buildings. A poorly
cultivated piece of land gives but poor results. It takes effort
and care to grow crops. And it takes good buildings to take
care of farm animals, farm produce, and farm implements. If
you have no investment, how can you expect to realize a
profit?

Build up your farm by building the buildings you need. Build of
Southern Pine. Build NOW! Your bushel of corn and wheat will go
father in buying lumber now than they ever did before. Your farm pro-
duce has approximately twice the purchasing power now that it had in
1914, when it comes to lumber.

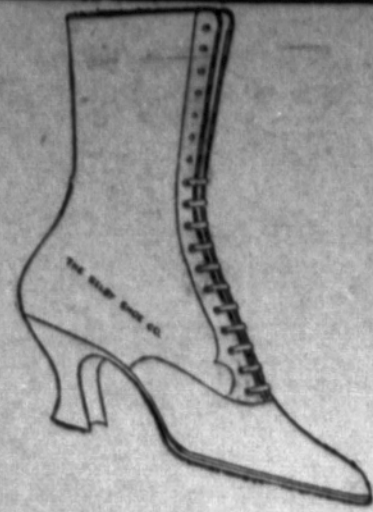

We do not know how long this unusual opportunity will be open for you.
Why not take advantage of it while it lasts?

Come in and let us show you our farm building plans. Get the benefit
of our free service. Make the investment NOW—we are ready to help
you.

Sabanno Notes

Guy Westerman, who is now doing border duty is at home on a furlough. He has been stationed at Brownsville, Texas. He visited his brother Eugene at Waxahachie on his way home.

Rev. Anderson was back with us last Sunday after an absence of three months. He has been holding meetings and reports a good summer.

Mr. and Mrs. A. N. Davis and small son are visiting her father and family. Mr. Davis is a brother of Mrs. Chester Green. He has been in the Officers training Camp at Camp Pike. He came home on a furlough and was taken with Spanish Influenza the day of his arrival. He is reported better now.

Aaron Gage has charge of the Haskell school for the ensuing year. He has bought Claud Stars motorcycle, and expects to board it home.

Some people are digging peanuts. At least they are ploughing up the vines. The peanut crop will be very short in this community. Some have decided to bale peanuts and vines together.

The community met Tuesday morning to clean up the cemetery.

Miss Lillian Tunnel of Rising Star has been visiting Miss Luna Green the past week.

The Ladies of the Red Cross met at the Methodist church last week to pack a box of clothing for the Refugees. As in all calls that come to our community, we went "over the top" again. A large supply of good warm clothing was brought together, each woman doing what she could, and doing it gladly.

The Young Peoples Society has been reorganized into the Union Christian Endeavor Society. They had their first meeting last Sunday night, with Henry Minix as leader.

Miss Luna Greu gave a party Thursday night of last week in honor of Miss Lillian Tunnell.

Mrs. Bullock has evidently decided that the Ford is the surest method of travel in this country and consequently has replaced her Chevrolet with a Ford.

The prospects of the Childs oil well is causing some excitement in this community, and royalty is beginning to go up by leaps and bounds.

Mr. Minix and family spent Sunday at their old home in Comanche County.

The many friends here of Miss Nina Griggs of Baird, are glad to know that she is convalescing from a severe case of the Spanish influenza. Her sister, Mrs. Green, is also doing better. Mrs. Green's husband died a few days ago with the same disease.

Nearly all of Baird has been afflicted with influenza of the Spanish variety. The writer was in the county capitol on Tuesday, and the first man he encountered was John Dawkins and Dick Cordwert. Mr. Dawkins is just from a setback with this disease. Pit Ramsey was sick. Gene Melton was seriously ill. Lon Day, district clerk, had barely recovered from it. Boon Holmes was staggering around when he should have been at home. Charlie Nordvike and County Agent Cupp were at themselves but were the officials present, and of course the others were counted as sick.

MARRIED

We are just a little late to report the marriage of Riley Beard and Miss Minda Patterson on Sunday a week ago. However, we knew nothing of it and still want to wish them every happiness. Riley is a young son of Mrs. T. J. Beard who lives four miles southeast of town and the bride the youngest child of Rev. and Mrs. D. N. Patterson of this place, all mighty good people.

Dressy Items

As no one has written from Dressy in some time, will try to write a few items.

People are busy gathering peanuts and picking what little cotton they have.

Mrs. John Ferrell and baby returned Saturday after a week's visit with her sister, Mrs. Alex Baum of Denton.

Born to Mr. and Mrs. Flem Johnson on Sept. 20 a girl. School is progressing nicely. Miss Brady of Atwell principal, and Miss Dora Ayres, of Rowden, as assistant.

Mr. Gould and family, near the Bayou visited Oscar McDermit's Sunday.

Reinhart Hanke has returned to his post at Waco, after a 30 days furlough visiting his wife and parents of Comal.

Walter Swafford returned Saturday from Ranger, sick with influenza. He is reported at this writing to be better.

Uncle Mike Waller's little girl also has the influenza.

Bro. J. W. Watson of Burkett preached at the Baptist Church Sunday.

Born to Mr. and Mrs. Pomp Payne on Oct 3rd a ten lb. boy. Miss Dora Ayres visited her parents at Rowden. Saturday and Sunday.

Tom Upton and family of Cross Plains attended church here Sunday.

Lloyd Farmer, of Clyde visited Johnnie Henderson, a few days last week.

Miss Susie Wilieford returned Sunday after a few days visit with her brother at Cottonwood.

Mr. and Mrs. Henry McDaniel visited Pomp Payne and family Saturday night and Sunday.

Mr. and Mrs. Alex Baum, of Denton, visited John Ferrell's Saturday night and Sunday.

Earl Smith has returned to Strawn, after a few days visit with his parents near Comal.

A. G. Foster and family of Brownwood visited his son Andy Foster and family Sunday week ago.

C. R. Steele and family have moved to Burnt Branch. Mr. Steele is teaching school there.

Rev. S. A. Rogers, has been called to another field, in his ministerial work. We regret very much to state that the Baptist church is now without a pastor.

Bose McDaniel and family have moved to Hale Center.

This is the first letter from a new correspondent at or near Dressy, and evidently a good one. The Review would be glad to have such a representative from every neighborhood. Come with a letter every week.

Our hearts were made glad when our youngest boy, Walker Respass, arrived home on a furlough from the Navy, having been stationed at San Diego, Calif. We have only three boys and all three are in the service, our oldest boy, Grady, is with Gen. Pershing in France; the next oldest, Ross, is probably in New York; and Walker, the youngest, who is now at home on furlough, is in the Navy, so the Respass family is represented in all branches of the service, save the cavalry and if we had another boy he would probably be in the cavalry, and I, the old Dad of the whole cheese is conspicuous in all the "thank you" jobs that is in the hands of the government. I believe they ought to exempt me from government duty or allow me to enlist and occupy a position on the firing line. I have all my boys in the army, one son-in-law, hold one Liberty Bond, and am pledged for twenty-five dollars in War Savings Stamps. Is not that a record for an old man 71 years old and out worth the price of the Bond? "rah" for "Uncle Jimmie" in the Baird Star.

HOW MEN WHO ARE NOT QUALIFIED FOR MILITARY SERVICE AND WOMEN CAN HELP WIN THE WAR!

All men in Class I, from eighteen to forty-five will be called rapidly as a result of the Man Power Bill. Thousands of young boys between the ages of sixteen and eighteen, who will not be accepted for military service, can patriotically take their places in business offices by taking advantage of the thorough and practical training in America's largest Commercial College. This call for men who are not qualified for military service, and women, to help win the war by filling in gaps of business are very urgent. If you cannot go to the front, you can fight behind the lines. You are needed in thousands of positions all over the country. Those who are properly trained, naturally receive consideration for the best positions. Those who are not properly trained get what is left. If you want to do yourself justice, and, at the same time, contribute your ability and service to the winning of the war, arrange to enter our school at once and let us prepare you for the position that is worthy of your time and effort. The demands of the war have taken thousands of men from business offices, so that graduates of our school have unusual chances to enter into positions of responsibility in the shortest possible time. With such opportunity confronting you, how can you put off entering and lose the advantage of being a well trained business man or woman? We train our graduates to enter business with favorable conditions and send them to desirable places. In every business, there is "someone" who knows, and "someone" who has made a study of the job ahead of every department. Our graduates are the "someones," because they have been trained in a practical and not in a theoretical way. They have been given an opportunity in school to show what they can do.

Let us train you for this service and place the prestige of our school behind you when you get into the field of business. Fill in and mail for free catalogue.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

FRANK BROWN SERIOUSLY WOUNDED AT BURKETT

Frank Brown, aged forty, who resides in the Burkett community, was thrown from his back last Friday when his mule became frightened at an auto and ran away. The single tree broke, and in passing through a gate, the vehicle swerved and threw Mr. Brown out and against a tree. It is said his skull was fractured and one of his ears badly lacerated. The patient was reported in a serious condition at last account.—Democrat-Voice.

4TH LIBERTY LOAN

The Honor Flag system instituted during the last Liberty Loan Campaign is still in force, and the Honor Flag with four bars will be awarded to every County or Community over-subscribing its quota.

Another matter to which we draw attention is the fact that ten ships built by the United States Shipping Board will be named after the incorporated towns or cities raising the largest over-subscriptions to the Loan. In this connection, the percentage of population purchasing Bonds will also count and it is the two factors taken together which will determine which towns or cities are to receive the honor.

Ten military tanks will be named after the Counties producing the greatest over-subscription, together with the greatest percentage of subscriptions by population.

The last scholastic census will be used as the basis upon which to figure.

The honor of sending tanks into battle with the name of their County on the side should appeal to every citizen.

A MESSAGE FROM HOOPES.

In the name of the quarter of a million men who have left this District to fight for us, I appeal to the citizenship of the Eleventh Federal District to subscribe and over subscribe the Fourth Liberty Loan, and I call upon them to do it quickly.

Let us put away as unworthy of ourselves and of this occasion the usual thoughts of our little, and really unimportant, lives.

Men are fighting, braving and suffering even death itself for you and for me.

As ordinary average decent human beings we should feel that we must support these men and provide them with the minimum amount the Government asks of us. As men of pride in our race, birth and nationality, we must do more and make our response both prompt and generous.

To count our money while our sons are fighting for our lives, our homes and our future, is out of place and unworthy.

Conditions in this District of ours are not ideal and the burden of the Loan has been most carefully adjusted. Not a single man, not a single community has been asked to do more than is possible or reasonable.

Upon the wealthy men of this community rests a responsibility greater than that ever placed upon their shoulders before. They must lend to their country the accumulated wealth of past years and we know that they will do it.

Our boys went to our defense fearlessly, courageously and with a smile on their faces. We must all lend to them what they have given. J. W. HOOPES, Federal Reserve Bank, Dallas.
