STATE TREASURER ADVISES INVESTING MONEY IN W.S.S.

Two big reasons why every per-
son should invest in War Savings
Stamps are given by John W. Ba-
ker, State Treasurer of Texas, who
was County War Savings Chairman
in the 1918 campaign. Here is what
he says:

"Thrill is the foundation upon
which success is built. Those who
save succeed.

"The people who take advantage
this year of the opportunity offered
them in the Government Savings
campaign to acquire the habit of
saving sanely and spending wisely
through the purchase of War Sav-
ings Stamps will be building for fu-
ture prosperity and power. Thrill
is power.

"Intelligent saving looks to future
wise spending and is, therefore, post-
poned enjoyment with interest.

"United States Government War
Savings Stamps are the best and
safest securities that money will buy.
These Treasury Bonds pay four per-
cent interest, compounded every three
months. They increase constantly in
value and that constant increase is
guaranteed by the Government.

"There are two big reasons why
every person should save and invest
in W. S. S. First, it is to every
one's financial interest to become the
owner of as many War Savings
Stamps as he can acquire. Second,
there are still 2,500,000 American sol-
diers in France, Germany and Rus-
sia. They have to be taken care of,
and money invested in War Savings
Stamps will enable the Government
to take care of them and bring them
back home to America when they
have finished the job of making
world-wide peace permanent.

"This is no time for people to lay
aside their patriotism, but instead a
time when all of us must exhibit a
higher type of patriotism than ever
before. Investing in War Savings
Stamps is profitable patriotism."

WAR IS NOT OVER UNTIL BILLS PAID

American soldiers in Europe must
be fed and brought home. Until that
is done the war will not be over, Je-
clares Carter Glass, Secretary of the
Treasury. Buying War Savings
Stamps will help the Government to
making its final settlement of war ob-
ligations.

"There are two million American
soldiers in Europe," Secretary Glass
points out, "and obligation is just as
much on the Government today as
when the guns were firing to see that
they are maintained in comfort, to
provide for their return home. It is
just as important, and even more im-
portant, to impress upon the Ameri-
can people the necessity of culti-
vating the habit of thrift and sav-
ing."

"The war will not be over until the
United States Government has hon-
orably met every commitment made
in order to win the war."

JULIUS HAD NOTHING ON CAESAR OF TEXAS

J. Caesar of Rome, Italy, who took
everything in sight he wanted, is
dead and has been for a long time,
but Caesar, Texas, is just a little
more alive than anything else on its
section of the map.

The word "Caesar" seems to stand
for action and they do things—
Caesar, Texas. For one thing—they
stand loyally behind their Govern-
ment.

Like thousands of other cities and
towns, Caesar was swept by the War
Savings movement last year. Every
citizen who could bought or agreed
to buy War Savings Stamps. Post-
master W. J. Vaughn now reports
that every pledge has been kept, that
no applications have been made to
cash War Savings Stamps and that
the Caesarites are still backing up
the Government with their money.
Julius Caesar had "nothing on"
Caesar of Texas.

Helps Sick Women

Cardui, the women's
tonic, helped Mrs. W.
William Eversole, of Har-
pach, Ky. Read what
she writes: "I had a
general breaking-down
of my health. I was
bed for weeks, unable
to get up. I had such
weakness and dizziness
... and the pains were
very severe. A friend
told me I had tried every-
thing else, why not
Cardui? ... I did, and
soon saw it was help-
ing me ... After 12 bottles
I am strong and well."

TAKE CARDUI

The Woman's Tonic

Do you feel weak, ir-
rity, worn-out? Is your
lack of good health due
from any of the com-
plaints so common to
women? Then why
give Cardui a trial?
You should surely do so,
what it has done for
many thousands of
women who suffered
should help you back
to health.

Ask some lady who
has taken Cardui.
She will tell you how
it helped her. Try Cardui.

AT GALVESTON \$2.30 PER BUSHEL

President Wilson has signed an
executive order increasing the
minimum price of the 1919 wheat
to \$2.30 per bushel at Galves-
ton, Texas.

At the same time a presidential
proclamation was issued declaring
in order "to protect the Uni-
tes against undue enhance-
ment of its liabilities" under the
guaranteeing wheat prices,
after July 1 no wheat or
four should be imported
from any foreign country
except under prescribed
conditions to be fixed by Wheat
Administrator Julius H. Barnes.

In addition the president approv-
ed a licensing plan put into effect
by Wheat Administrator Julius H. Barnes
providing that
persons handling wheat, with
exception of growers, must be
licensed.

MAN GOES 130 FEET IN WELL AFTER BIT

The Southwestern Oil Co. lost
a bit in their Brook No. 1 well at a
depth of one hundred and thirty
feet. The bit toppled over against
the side in such a way it seemed
impossible to remove it. After the
drillers had worked for some time
in a fruitless effort to recover it
Andy Tong, an Arizona miner, who
was standing by proposed to go
into the hole and place a chain on
the bit so it could be removed. It
was a twenty inch hole but only
had one joint of casing placed,
hence it was practically an open
hole.

Tong was supplied with the nec-
essary chain and lowered into the
well. When he reached the bit,
he managed to swing it away from
the wall with his feet until he could
drop a loop of the chain over it.
Then he gave the signal and the
chain was tightened so as to hold
the bit in position until the man
could be drawn out. Just about
the time the cable started with the
man, the driller's wife came out
and stood looking on without knowing
that the man was in the hole. Im-
agine how badly frightened she
was when a man's head and face,
bloody from scratches, appeared
at the top of the well.—Eastland
Chronicle.

Our Biggest Grain Crop.

It cannot be gainsaid that this is
the biggest grain crop this country
has ever produced. No doubt in
the days of Indian occupation as
good a yield of grain might have
been made had it been planted and
cultivated properly, but so far as
records go, this is the cereal crop
without a peer. New comers and
old-comers, those that have been
here since the time the mind of
man runneth not to the contrary,
almost, all unite in saying that
1919 is the best. Nearly any wheat
field will pay its owner this year
more than the reasonable value of
the land. Oil investments would not
have been much ahead of an invest-
ment in a grain farm last fall.

Fourteen bushels of wheat per
acre is the least yield we have heard
of on land in the prairie where hail
had not damaged the crop, forty-
five bushels the best, which was on
Martin Jones' upland farm nine
miles west of town, farm measure,
seven oil well measure. Oats from
forty to 100 bushels. Barley from
fifty to seventy-five.

The following are a few yields
we have that have been reported
to the Review. We will be glad to
give others, but want conservative
reports.

Charley Slate of Burkett, on the
Bayou, 2825 bushels of wheat, 100
acres.

Charley Stone of the Bayou,
4200 plus of wheat off 150 acres.

C. C. Carmichael on E. DeBask's
farm, 625 bushels off 20 acres.

Elvie Byrd, 883 bushels off 40
acres.

J. A. Pyle of south of town
made 2100 bushels of oats off 30
acres.

Clarence Eddington 747 bushels
of wheat off 30 acres, and 3541 of
oats off 80 acres. Rent was taken
out of part of above.

Uncle Elige DeBask of the Bay-
ou and Turkey creek country be-
tween Burkett and Cross Cut, was
in town Tuesday, Uncle Elige is
one of the oldest pioneers of this
country, and states that this is a
record grain crop. He has been
very successful as a stockman and
farmer, having accumulated a great
deal of property.

TABERNACLES FOR BUR- KETT AND CROSS CUT

The Rev. W. E. Anderson, M.
E. pastor for the Cross Cut and
Burkett charge, who lives at the
former place, was in town Tuesday.
He states he has taken subscrip-
tions fully covering all costs to
erect a 43x53 foot open tabernacle
for Cross Cut to cost \$400; also
that he has done the same thing at
Burkett, only on a bigger scale, as
the tabernacle at that place will be
60x80 in size and will be closed,
and will cost \$1200. Both will be
inter-denominational in character,
and will serve a great need. Both
places are ahead of Cross Plains in
this work. Rev. Anderson has
built a tabernacle at nearly every
place where he has preached. He
is a cousin of Tom Anderson of
this place, manager of the Higgin-
botham store.

The Baptist meeting will begin
at Cross Cut next Sunday, to be
conducted by the Rev. Nations.

The M. E. protracted will begin
on the 2nd Sunday in August, to be
conducted by the pastor, Rev.
W. E. Anderson and assisted by a
cousin of A. F. Willis, who lives
at Texarkana.

Earle Shell Buys McLean Drug Store

A deal was closed this week
whereby Earle Shell became owner
of the Palace Drug Store.

Mr. Shell is well known to the
drug trade here, having been em-
ployed by Erwin Drug Company
for several years. He is a regis-
tered pharmacist, and has had some
fourteen years' experience.

He tells the News that he ex-
pects to install a new soda foun-
tain and refreshment tables, as
well as to replace some of the fix-
tures with something more modern,
and increase the size of the stock
carried.

During the several years he has
been here, Earle has gotten to be
quite popular with the trade, and
the people are expecting him to
enjoy a good business.—McLean
News.

Mr. and Mrs. Mose Jones and
son of Anson are here for two or
three weeks visit with their son,
Mont Jones, and other relatives
and friends. Mr. Jones would have
been an old-timer here had he
stayed in the country. Landing in
this part of the county in 1873, he
remained a citizen for about twenty-
eight years, since which time he
has resided in Jones County.

Remarkable Case of Baby Helping to Save Life.

From The Cleburne Review.
A remarkable case of self-pres-
ervation, on the part of a baby, was
brought to light Thursday when E.
J. Adair, living two miles south of
Godley, brought his twenty-one
months' old son here to greet
friends. In company with J. A.
Dalton of the firm of Dalton &
Pickle, Mr. Adair called at the Re-
view office and told the hair raising
story of rescuing his son from a
watery grave.

Mr. Adair stated that last Satur-
day his little son, while playing
around a deep water well fell into
it. It was twenty feet to the water
and the water was thirty feet deep
in the well. The little fellow went
under twice and finally seized the
water pipe and held his head out
of the water. Mrs. Adair and
mother ran out and looking down
in the well saw the little boy hold-
ing on to the water pipe, and en-
treated him to hold fast till papa
came to get him out, and he did
so.

The grand mother went a half
mile to a neighbor's house and
phoned to Mr. Adair at Godley,
telling him to rush home, that his
little son was in the well. The two
miles were covered very quickly,
but not too quickly, for the little
boy who was clinging to the pipe,
while floating in the water, was near
exhausted.

On arrival at the well Mr. Adair
scaled down the pipe and soon had
the little fellow safe and sound at
the top of the well. Within a few
moments he was in his mother's
arms and had thrown off his little
mind the picture of the dark place
and the splashing water. He must
have realized that it was a case of
perseverance, for his little fingers
were blue from the tight grasp he
had on the pipe.

Hand Grenades As Souvenirs

Hand grenades, just like those hurled into the Hun lines by the American soldiers, can be secured as war souvenirs by the boys and girls, men and women of Cross Plains. These grenades have been made into savings banks and are being distributed locally by the bank of Cross Plains.

When the Germans gave up, the United States had a large quantity of these grenades ready to send across. The War Department had no further need of these "weapons of war" so turned them over to the Savings Division of the Treasury Department and they have been transferred into "weapons of peace."

It is a simple matter to obtain one of these grenades banks. The boy or girl obtains one from the local bank so that he or she can save. When enough money has been earned and saved to buy a \$5 War Savings Stamp, and it is purchased, the grenades become the property of the girl or boy. Adults may also obtain these grenade banks by saving and investing in at least three \$5 War Savings Stamps of the 1919 issue.

Only a limited number of these grenades could be obtained for Cross Plains. This will be the only opportunity to earn a real weapon of war as a souvenir. When these grenades are gone, it will be impossible to secure any more. Those interested should arrange a day to day to get their grenades, which can be obtained in Cross Plains from the Bank of Cross Plains.

Date of Picnic Changed.

There will be a picnic Aug. 2 1919, two miles southeast of Burkett at the same old place, in Frank Brown's pasture. There will be amusements for everybody. The public is cordially invited to come and bring a well filled basket. This is the first picnic of the season. We invite the hearty co-operation of everybody to make this picnic a success. Bert Brown, Foreman of Committee.

On account of threshing date of above picnic was changed from July 19 to August 2.

Methodist Revival.

Our meeting will begin Sunday, July 27th. The pastor will do the preaching. We will have new song books, and a very fine "Chorus Leader." Mr. Art Donald, a devout Christian and member of the Presbyterian church, will be here from Lamesa, Texas, to sing for every service, and we feel that we are fortunate to secure the services of this young man.

The public in general is invited to attend all services.

FIGHT FLIES; SAVE LIVES
It is said the American military records show that the common fly causes more deaths than the enemy.
Kill every fly you can and burn his body; but better still, stop his breeding by keeping your premises clean. See that your neighbors keep their premises clear of filth.
Flies will not go where there is nothing to eat, and their main diet is too filthy to mention.
The fly has no equal as a germ carrier; as many as five hundred million germs have been found on and in the body of a single fly.
It is definitely known that the fly is the "carrier" of the germs of typhoid fever; it is widely believed that it is also the carrier of other diseases, including possibly infantile paralysis.
The very presence of a fly is a signal and notification that a housekeeper is uncleanly and inefficient.
The foregoing is taken from a bulletin issued by the Merchants' Association of New York.

The house fly spreads Typhoid Fever, the most common disease we have, and dangerous also. Clean up your place and fight flies. Eat nothing you see a fly on.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors have endeavored in vain to prescribe a cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
