Work Can Be Continued
1 of Year, When Emer-
cy Will Be Over.

(Special.) The Nation-
al Council of the Youn-
g men association, through
committee has made public
statement of its receipts
for work in the period be-
tween 1917 and March 31
supplementary announce-
ment work council explain-
ed a final report. Its war
ing reached its maximum
of this year, its being con-
ducted in the United States and
overseas.

Received in the period
the report, an aggregate of
\$. Of this amount, \$123,
contributed by the people
of States in the three coun-
tries to finance Y. M. C. A.

ent of Y. M. C. A. expendi-
work in the home camps
buildings constructed in the
y departments at a cost of
in maintaining and oper-
ing buildings the Y. M. C. A.
\$3,965,782.

\$31,601; in managing a chain
for the men on leave in the
ities, \$477,959.

overseas religious work the Y.
spent \$467,584; on education
ary work, \$901,932. Concerts
entertainments were given at
\$850,000, and motion picture
at a cost of \$1,066,757. Over-
-hilities cost \$1,957,301.

ugh the international commit-
the Y. M. C. A. \$16,042,695 was
ed in work with the allied ar-
and \$1,058,591 in work with pri-
of war. Of the sum of these
the war work council con-
\$14,400,175.

nditures with the allied armies
ed \$9,738,744 for France; \$407,
Great Britain; \$3,139,951 for
\$4,805,935 for Russia, and \$800,
other allied countries.

the prisoners of war in Ger-
the Y. M. C. A. spent \$117,983;
mark, \$90,087; in Austria-Hun-
\$146,812; in Sogitzland, \$247,
Turkey, \$56,206, and in other
les \$300,545.

grand total of expenditures was
7,000. This left, on March 31,
y balance of \$27,465,854, which,
the payment of pledges to the
War Work campaign still re-
upaid, is expected to be suf-
to support the work from April
to December 31, 1919.

accounting for this balance the
ent lists assets of the war work
il on March 31, 1919, of \$43,323.
These included \$9,835,881 in cash
nd assets overseas amount-
\$18,761,676. The Y. M. C. A.
nd on that date cash supplies
nd and in transit to the value
5,992,591, and outstanding ac-
totaling \$9,735,966.

the same date its current liabil-
-ties and reserves amounted to \$15,
2 including \$2,792,964 in bills
-matrices due in the United States,
\$6,594,720. Due overseas. There
charged against it \$1,827,285 rep-
-ting remittances received from the
of the A. E. F. for transfer to the
d States. It owed the British,
and United States govern-
-ment, for transportation and sup-
\$8,922,568.

HARDWARE.

OUR STOCK IS COMPLETE.

Galvanized and Painted Roofing, Fruit Jars, Enamelware, Jelly Glasses, Harness, Collars, Bridles, Stoves, Syrup Buckets, Hay Forks, Maize Forks, Pocket Knives, Talking Machines, Rope, Builders Hardware, Dishes, Glassware, and Table Cutlery.

DON'T WAIT, BUY IT NOW.

Merchandise of all kinds is very scarce, and hard to get at any price. All indications are that goods will be higher, and not lower, so there will be nothing gained in prices by putting off buying.

C. S. BOYLES

We Sell For Cash Only

A car of Cane Sugar:
Try a package of the cube sugar; it's convenient to use on the table. We also have the powdered sugar; it's much better for cake making.
B. L. BOYDSTUN

Just unloaded car new flour at Higginbotham Bros. & Co. Extra Special Patent at\$6.20. Extra High\$5.90. We will save you money on your groceries. Be sure to see us before you buy. Every sack guaranteed. You will find it new first at Higginbotham Bros. & Co.

As other public weighers have increased the price for weighing to 15c and 20c, and everything else having gone up, and being requested by most of my customers to raise the price for weighing, after August 1st, I charge 15c a load.
J. W. Payne, Public Weigher.

For any kind of **INSURANCE** See **L. P. HENSLEE.**

LOST—A vest with pocket book, and 2 Oil Certificates, one \$75.00 and one \$25.00. Issued to A. R. Westernman. Liberal reward for them. Notify Ray Westernman, Cross Plains, Texas.

Typewriter For Sale.
A Royal typewriter in good first class condition for sale. Would trade it for Liberty bond, oil stock or good note. **L. P. Henslee.**

THE CROSS PLAINS REVIEW

CROSS PLAINS, TEXAS, FRIDAY, AUGUST 22, 1919

No. 25

Your Business Partner

It is a good bank's duty to assist its clients in the solution of their problems—whether they be the problems of a merchant or a farmer. Both are business men.

In fulfilling this moral obligation, we like to consider our organization as your business partner—interested in your success and eager to forward your plans.

Confidential Counsel

If you wish sound advice in seeking credit, making investments, or even the more personal problems of your business you will be welcomed here. You will find a talk with our officers helpful.

This service is in addition to those commonly attributed to banks and is a mark of our appreciation for your account.

We want to show you that this bank wants your business. And we want to show you the many practical benefits you receive through placing it here.

Messages to Seekers of Success

Bank with US
Farmers National Bank
Of Cross Plains, Texas

Picnic & Chautauqua

Next picnic and Chautauqua held in Comanche County to be at Six Springs August 26th, 27th and 28th. Visit the new oil wells. Many entertaining features.

County has felt the strangle hold of the grip on white necks—grip which she has shown, and is now feeling the poison grip. Thirty two lives have been lost in recent race riot at that city.

Cross Plains Mer. Co.

The place where you get Best Casings and Light Crust Flour.

DR. MARY L. GRAVES
DENTIST
Office in Residence.
CROSS PLAINS, TEXAS

FOR SALE.
Callahan County Maps, 10 prints on paper, fifty cents each; blue prints on paper thirty cents each; scale 4,000 yards to an inch.
Jackson Abstract Company, Baird, Texas.

20 Per Cent
20 per cent off Ladies Skirts this week.
B. L. Boydston.

Tan-No-Mo
THE SKIN BEAUTIFIER
The most scientific and most complete facial preparation of the modern era. It is very softening and does not dry the skin. It is in effect. Used daily it is a preventive of the sun and the evening in a course of facilities for the skin.

Baker-Wheeler Manufacturing Co., Dallas, Texas.

District Court

Court convened Monday. Judge Harry Tom King, and District Attorney W. J. Cunningham.

Grand Jury: Geo. B. Scott, Foreman, H. E. Jones, Albert May, John Moore, W. H. Miller, C. S. Boyles, M. M. Terry, J. F. Tucker, I. R. Keele, Sam P. Long, George Coates, and J. A. Deriberry.

Door Bailiff—T. H. Ployd. Walking Bailiff—J. J. Hendrix. Riding Bailiff—Lee Good.

The suit of Mrs. H. N. Walker against the T & P Ry Co. has been set for Monday, August 25th. Attorneys for the plaintiff Hon. Cope Johnson and Judge Edwards, of Tyler, and County Judge J. R. Black, of Baird. Judge Edwards has been here all the week and Hon. Cope Johnson will arrive Sunday.

Not much business before the court this week. Baird Star.

J. W. Slough, the cold drink and melon man, gave the Review a fine watermelon Monday, which was very much appreciated.

Ross Wagner, son of Mr. and Mrs. W. R. Wagner, surprised his folks by making his appearance last Friday on a discharge from the Marines. Nobody here knew he had landed in the States. Ross got to France too late to get into the thick of the fight. He says the only boys he saw were Loydd and Isom Patterson, sons of Mr. and Mrs. D. N. Patterson, formerly of this place. He saw them in breast, France, whence they sailed to the States ahead of him. Ross is in fine health.

D. P. Carter and family, except Ralph, eldest son, of Lockney are here visiting relatives and friends. This is the family's first visit here since leaving Cross Plains three years back.

The ice cream supper at Mrs. Scarboroughs last Saturday night was well attended; quite a few young boys from Turkey Creek were present.

Mrs. S. M. Scarborough and little Miss Willie Scarborough are visitors in Abilene this week.

Mr. and Mrs. J. T. Riggs and daughter Gladys left Wednesday for New Mexico and other points where they will visit their children and friends. Mr. Drury's family We wish them a pleasant trip.

Mrs. Jno. Barclay left Saturday morning for Jones county where she will spend a few weeks visiting children. We wish her an enjoyable trip.

Will Fortune returned home Friday night from Ranger where he has been at work in the oil fields. He says he got rich but was glad to get home with his family.

John Goodman and wife were visitors at Mr. Barclay's Sunday evening.

Picnic Announcement
There will be a two days picnic at Burkett, Texas, August 29, and 30, 1919.

There will be all kinds of amusements for everybody. Remember the time and place and be sure and come.
T. H. Colvin and R. T. Wilson, Managers.

OIL NOTES

Childs north of town is cleaning out after a shot.

Litzinger 2 1/2 miles east of town is drilling at about 1300. Schaffner Bros., who are having good success drilling the Vestal, have the contract for finishing the well.

Vestal two miles northeast of town about 2000 feet. Slight oil showings have been reported in this well.

Pennant Sanders seven miles south of Cross Plains is having trouble with salt water at a reported depth of 1900 feet.

Adams nine miles southwest about 1200.

No report on other wells.

MORE GOOD RAINS

Rain extending from the Cross Plains country for fifty or more miles east fell on Monday afternoon and night. This was supplemented by a fine rain on Wednesday night, both coming just in time to be of incalculable benefit to cotton, feedstuffs, potatoes, etc.

INTERESTED IN BOTH

Andy Hudson, deputy cattle dipper for this part of the country, reports a very fine day in dipping at Fred Cuthbert's ranch on Thursday of last week. J. B. Cuthbert, of Baird, John Flores of Belle Plains, and Frank Parker, head inspector, were present. Andy is usually pretty well interested in the dipping end of the work, but this time he takes more pleasure in telling of the splendid dinner Mrs. Fred Cuthbert sent to the vats for the boys to eat. He states that ice tea, watermelons, beef roast, cakes, pies, and nearly every other delicious dish known in the culinary arts of the West composed the bill of fare.

Rx

Doctor Says—

"Your care for your health prompts you to seek the skilled advice and expert medical attention of a reputable physician. You can afford to be no less careful in selecting your druggist."

The doctor prescribes. We follow his formula, but both he and his patient must depend upon our skill and knowledge if proper results are to be obtained.

Quality Plus Accuracy

is our watchword. You can accept, on our word of honor, the assurance that these two important elements are included in every prescription we fill. In addition nothing but the purest drugs are used. If you value these things and wish the added service of promptness, bring your prescriptions to us.

DEVOE
THE GUARANTEED
LEAD AND ZINC PAINT
FEWER GALLONS - WEARS LONGER!

This paint is absolutely pure—100% paint and nothing else—paint to the last drop in the can. The guaranteed formula on every can tells just what the contents are. It proves that DEVOE contains no whitening, no china clay, no silica or other worthless stuff.

That's why we guarantee that DEVOE will take fewer gallons and wear longer than any other paint. Come in and let us tell you how little it costs to paint DEVOE.

Don't forget we sell Sleeping Porches

Let us tell you what it will cost—the one you have in mind. Then let us build it for you.

JOE. H. SHACKELFORD'S
LUMBER AND PAINT STORE
CROSS PLAINS - TEXAS

Floyd Coplin, 69th Engineers, arrived at the home of his mother in Cisco on Thursday, August 7th from overseas duty, having been here for a few days the guest of M. E. Wakefield. He was in France for some time but on account of being detained in a hospital he never saw much service on the front. He was not in any fighting unit.

Mrs. Baker and son, who have been visiting her parents, Mr. and Mrs. J. A. Pyle, returned to their home at Houston last Saturday morning.

George Long has returned home from overseas duty where he was in a medical corps. He was gone one year and one day.

Lets every body come to the Cross Plains annual picnic September the 10 and 11. Hembree and Robertson managers.

Chester Green of Sabanno entertained his Sunday School class last Friday night with a chicken roast. About five chickens were present, backed up by a lot watermelon and other dishes usually appreciated by a bunch of young people.

Mrs. H. A. Carter and boys left here Saturday for a visit with her mother at Goldthwaite.

J. S. Connelly was in town Wednesday of last week buying lumber of Joe Shackelford for an addition to his residence in the Comal community.

Joe Baum and family of Loraine are visiting their folks and friends here. Joe reports crops in his country as being good.

Miss Mary Robertson returned home Saturday after visiting friends in Dallas. She was accompanied home by Miss Collins, a sister to the Rev. S. P. Collins, formerly pastor of the Presbyterian church here.

J. C. McDermott and youngest daughter, Miss Gladys, left on Saturday for a visit with Mr. McDermott's brother at Hico.

Mrs. Tom Anderson, who has been operated on recently twice for appendicitis, at a sanitarium in Keenville, is doing very well. Tom has brought his children home and then to his parents at Ring Star.

Jim Watson of Burkett hauled out 6 loads of lumber from the Shackelford yard one day last week to build a new residence.

Miss Loren Graves has returned from Canyon, where she has been attending school for the summer.

Misses Loran and Myrtle Lee Upton of Dallas are visiting their sister, Mrs. Barney Lindley.

Meet me at the Cross Plains annual picnic September 10 and 11 every body will be there. Hembree and Robertson managers.

QUESTIONNAIRE
ANSWERS WHICH WILL SOLVE PERPLEXING PROBLEMS OF THIS RECONSTRUCTION ERA.

Query.—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

Answer.—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the weather will collect a higher bill in deterioration and decay.

Query.—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

Answer.—Good paint properly applied when needed is the main thing in making a house last long and well. A house worth \$2,500 can be painted at a cost of about \$125. In 60 years that house will need about 15 paintings, the total cost of which will be \$1,800. Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, \$4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, \$5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

"PAINT PAYS FOR ITSELF."

Query.—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

Answer.—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or tinwork. If you value your barn sufficiently to paint it, do it the justice of a good job.

U. S. Invents Anti-Rust "Dope."

Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EFFECT OF COLOR UPON THE DURABILITY OF PAINT.

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing "chalking" and "checking," two defects which are often observed when white paints are used.

Health About Gone
Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. _____ had us get Cardui. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic
She writes further: "I am in splendid health... can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

W. E. BUTLER

MEXICO WILL EXHIBIT AT THE VICTORY FAIR

INVITATION EXTENDED BY DIRECTORS THRU CONSUL FLORES ACCEPTED BY PRES. GARRANZA.

The Republic of Mexico, for the first time in history, will make an official Government exhibition at the Victory Fair.

Mexican Consul Flores, of Ft. Worth and Dallas and W. H. Stratton, Secretary State Fair of Texas, originated the idea. Signor Albino R. Nuncio, of the Mexican Industrial, Commercial & Labor Department, made a trip all the way from the City of Mexico to Dallas, a few days ago to complete arrangements. Signor Nuncio is an expert in preparing displays for exhibitions. He had charge of the Mexican Government's exhibition at the Pan-American Exposition at Buffalo, N. Y. and at the Panama-Pacific Exposition at San Francisco, California. The display at the Victory Fair will consist of agricultural, industrial, official, and artistic exhibits. Pottery, Indian Blankets and wicker-ware are among the commodities, in many different sizes, color combinations and unique designs that are made by the Mexicans and the Indians of Mexico, that will be shown.

The Dallas Trade Trippers, who visited Mexico recently, inspected their national museum of commercial and industrial arts. They are filled with admiration for the many interesting and handsome articles they saw there. Many of these, together with a famous Mexican art loan collection, it is planned, will be shown at the Victory Fair at Dallas in October.

One, or more, of their excellent Police, or Army Bands, may come. Secretary Stratton has sent a special request of this nature to President Carranza.

Twenty thousand square feet of floor space have been set aside for the Mexican Government exhibition. Advice has been received that thousands of representative Mexicans will attend the Fair. At this time an immense amount of business can be transacted between Mexicans and Texans and many cordial personal friendships will then be made.

HORACE GOLDIN, MAGICIAN STAR FOR VICTORY FAIR

WITH COMPANY OF ORIENTAL MYSTICS WILL MYSTIFY COLLEGIUM AUDIENCES.

Horace Goldin, Master Magician, Illusionist, and Inventor of Legende-main, with his company of Oriental Mystics, will be a star coliseum attraction at the Victory Fair at Dallas in October.

Goldin presents some of the most mystifying spectacular illusions ever seen anywhere. He himself is a "whole show of whirlwind magic." A beautiful maiden walks through a big plate glass mirror—Goldin disappears from a wicker basket suspended from an airplane—a dainty damsel appears to be torn to shreds by a raging tiger, only to walk forth presently unharmed. Goldin climbs a rope dangling from nowhere, and he disappears into—nowhere. Those, and many other tricks which appear to defy all the laws of nature and of mechanics, will be presented by Goldin, the Royal Russian Magician & Company.

GIANT SEARCHLIGHTS WILL ILLUMINATE VICTORY FAIR

THREE HIGH POWERED LIGHTS MADE FOR RUSSIAN GOVERNMENT SECURED.

Three immense electric searchlights, that will prove a revelation in illuminating possibilities, have been secured for the Victory Fair. These were obtained through the cooperation of J. F. Strickland, President, and J. W. Carpenter, Vice President, Dallas Light & Power Company. The combined strength of these searchlights is 4,500,000 candlepower. They were originally made for the Russian Government prior to the revolution in that country, but were never shipped there. The additional light will be found a great convenience and will also be a great attraction. Light is emblematic of progress and knowledge and these giant searchlights will be especially appropriate for the Victory Fair at Dallas in October.

LIVE STOCK SPECIALS NUMEROUS THIS YEAR

PRESIDENT SIMPSON GRATIFIED AT WIDESPREAD INTEREST SHOWN IN STATE FAIR AT DALLAS.

President Jno. N. Simpson, of the State Fair of Texas, has received advice that a number of new special premiums will be awarded to Live Stock raisers at the Victory Fair at Dallas in October.

These will be in addition to the \$50,000.00 in cash premiums offered by the State Fair itself, and will make the aggregate cash premiums available for the Victory Fair the largest ever offered by any Fair in the country.

Swift & Company, as evidence of their desire to promote live stock improvement in Texas, have donated \$1,000.00 for special premiums. This amount will be divided as follows: Champion Hereford Steer \$150.00; Champion Shorthorn Steer \$150.00; Champion Aberdeen-Angus Steer \$150.00; Champion Red Polled Steer \$150.00; Grand Champion Steer \$150.00; Barrows, all breeds \$125.00; Mutton Sheep, \$125.00.

All entries competing for the Swift premiums are to be fed sixty days before the opening of the Fair, Oct. 6th, on ration balanced with Swift's Digestor Tankage.

Armstrong Packing Company, "The Pioneer Packers of Texas," Dallas, offers \$120.00 in cash premiums for Champion Barrows.

J. J. McLain, Anna, Texas, offers \$200.00 in cash premiums for Duroc Jerseys, as follows: For Boars \$57.50; sows \$57.50; litters of pigs \$55.00.

The Flowerdale Farm, offers \$50.00 for the Grand Champion Barrow, (any breed) of the Champion.

"THE GARDEN OF FOLLIES" HEADLINER AT VICTORY FAIR

MAGNIFICENT NEW YORK MUSICAL REVIEW SECURED BY SECRETARY STRATTON.

"The Garden of Follies," New York's last word in scintillating, spectacular, Musical Extravaganza, will be a headliner amusement attraction in the coliseum at the Victory Fair at Dallas in October.

This was secured in person by Secretary Stratton during his recent visit to the East. Visions of the Winter Garden, or of Broadway in 1919, will float before the eyes of the beholder of this beautiful production.

Boodles of pretty girls, captivating music, magnificent scenery, "dreamy" costumes, and a "kib-wabby" plot, delightfully intertwined, make up the production. Grace, beauty and wit will abound in "The Garden of Follies."

VICTORY FAIR AUTO SHOW WILL BE BRILLIANT EVENT

TRUCKS, TRAILERS AND TRACTORS WILL ALSO BE SHOWN IN GREAT PROFUSION.

A Palace of Pleasure Cars, vast fleets of sturdy Trucks, and trailloads of Tractors and Trailers will be exhibited at the Victory Fair at Dallas in October.

The 1920 models, in many makes of modern touring cars, limousines, sport models, and runabouts, evidencing all the latest ideas in speed, endurance, beauty and comfort, will be shown.

Trucks, hundreds of makes in many sizes, and suitable for all hauling needs on the farm, in the city or town, anywhere else that time and labor-saving transportation is needed, will be there.

Tractors—the farm powerplant on wheels—that make all farm tasks easy, will be demonstrated.

So many trucks will be shown that a new building had to be erected to house them. This will be a substantial frame building 60x100 feet, and will cost \$7,000.00. In the center will be a beautiful art-fountain. Both the automobile and trucks, trailers, will be artistically decorated and the lighting effects decorated and the lighting cost of \$3,000.00, will be very novel.

It is proposed to make the new truck building a community social center where you can come and meet your friends and have a real good time. An orchestra will be provided, and there will be dancing every day and every evening. The Dallas Automobile Trades Association is co-operating with the State Fair management to make the Auto Show at the Victory Fair an event long to be remembered.

Gets Right Down to Work and Does a Good Job

Three features combine to make our John Deere Pony Disc Plow get right down to work in hard soil and stay there, pulverizing the soil in the way that every farmer likes. The discs are set at just the right angle. The seat is well back of the rear disc, making the weight of the driver assist in securing and maintaining penetration. The pull of the team aids in keeping the plow down.

It is called a Pony Disc because small mules or light horses can pull it. But it will do any class of work that large plows do. It has been used for years by thousands of successful planters.

We can furnish it with either one or two discs. The single disc cuts 8, 9 or 10 inches. The double disc cuts 16 inches. If you have a one-disc plow and want to convert it into a two-disc, all you need is an additional beam, disc, disc scraper and disc bearing, which we can furnish. A wrench is the only tool you will need.

This is the handiest, most effective plow of the smaller type that you can buy.

Come in and let us show you all of the features of our John Deere Pony Disc Plow.

HIGGINBOTHAM BROS. & CO.

Building Material and PAINTS

We now have a most complete stock of building material, such as lumber, paints, varnishes and wall paper—in fact everything needed in building and beautifying your home. The house fly spreads Typhoid Fever, the most common disease we have, and dangerous also. Clean up your place and fight flies. Eat nothing you see a fly on.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Dr. J. C. Carter's Medicine acts through the blood on the mucous surface of the Eustachian Tube. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by J. C. Carter's Catarrhal Medicine. Circulars Free. All Druggists. The Carter Medicine Co., Toledo, O.

Why We Hold A REGULAR TRADE

Because our groceries are always staple and the best. It does not pay to buy inferior quality. Good food insures good health, while uncertain quality is always a poor investment, no matter how low the price.

Our Canned and Bottled Food Products have the backing of reliable, well known producers. That is your protection. The prices are no higher than the excellent quality warrants and the assurance of goodness is an added value well worth demanding.

Become one of our regular customers and we will satisfy.

HOW CLEOPATRA NEEDLE WAS SAVED

New Process Invented to
serve Surface of Monument
in Central Park

HIEROGLYPHS OBLITERATED

Rigors of Western Climate
Khedive's Gift to Disasters
Painting Ancient Obelisk
Special Preparation to
ed Decay—Ruined
tions Restored.

New Yorkers awoke one day to find in their breakfast papers news that a zealous park commissioner had discovered signs of disintegration on the surface of the city's most antique—Cleopatra's Needle. Hieroglyphs revealed that the monument, large pieces of sandstone, had fallen from the tall shaft with them part of the pyramid.

London's twin sister of Cleopatra's Needle was reported as resting comfortably and enduringly on the banks of the Thames, and the rival city determined whether a preparation could be found to stay the attacks of harsher climate.

Such a preparation was soon coming. A new paint combined a preservative for stone with

THE OBELISK.

The Obelisk was presented to New York by the Khedive of Egypt, S. N., after a three years' effort, obtained possession of it and moved it to its present position, at an expense of nearly \$100,000. It was finally swung into position at noon, January 22, 1881.

The height of this monument, from base to tip, is 69 feet, 2 inches. The measurement of the base, square through its side, is 35 feet, 4 inches. The entire weight of the monolith is 219 1/2 tons. Since it was quarried near the torrid zone, it has traversed the entire length of Egypt, most of that of the Mediterranean Sea, and the width of the Atlantic Ocean—a distance of 6,400 miles—proving itself a first rate traveler for one whose age has exceeded thirty-five centuries. In the course of its existence it has seen Pharaohs and their gods, going to their destruction in the Red Sea; Sishak marching to the conquest of Jerusalem; Cambyses despoiling the land; Herodotus, Plato and other Greek students engaged in pursuit of Egyptian lore; Alexander the Great on his victorious expedition through the land of Goshen; six and a half centuries of Roman sovereignty and Christian struggles at Alexandria; all the long line of Moslem rulers since Caliph Omar; and now, leaving altogether its native land, it stands looking upon the million dwellers in this metropolis, whose site was unknown to the Eastern world at a time when the Obelisk had been in existence for two thousand years.

by Dr. William Kueckro, chemist at the Metropolitan Museum of Art. The monument had been tried, but the application had not entirely accomplished its purpose. The new painting process, however, proved a success. Disintegration halted and the damaged parts repaired. New York breathed easily again.

PAINT PROTECTION
AND ITS ECONOMY

The preservation of structural materials, which may be obtained through the application of paint, constitutes the most vital means of furthering the conservation of our natural resources. It is, moreover, the most economical method of sustaining the appearance and general upkeep of any community.

A structure coated with sheets of dia rubber would not be as well protected from decay as a structure coated with a good oil paint. This is due to the fact that a sheet of rubber is so durable or as waterproof as a dried film of paint. The latter material when applied dries to a continuous elastic film containing finely distributed particles of metallic wear-resisting pigments. A square foot of such film upon a wooden surface costs less than a penny, yet it will beautifully protect a dollar's worth of surface for many years. This is a low rate of insurance.

Dwellings, barns, outbuildings, posts, fences, stock enclosures, wagons, implements, windmills and other structures, whether of wood, iron or concrete should be preserved, through the use of paint, from rapid decay. High quality paint may be used successfully for such purposes. Colored paints will found the most advisable, the color matter in the paint adding from two to three years to the life of the coating.

Brownfield, Texas.
August 26, 1919.

Mr. L. P. Henslee,
Cross Plains, Texas.

Mr. Henslee—I thought when I subscribed last year that I would get in on the dollar rate and that would pay until this month, but as it did not, please find enclosed \$1.50 for which send me the paper for another year.

How is everything down there? Fine I hope. Everything is fine here, crops are good and we have had plenty of rain.

Brownfield is on a boom now, they are building us a \$25,000 school house, another new bank, and several nice new residences that will cost from \$5,000 to \$10,000.

This going to be a fine place some day.

Yours truly,
Wenford Swan.

For sale, a 2nd hand row binder and a Ford car, both in good shape. See W. A. Rawlings 1-2 miles northeast of town.

I have leased the Barber Shop at the Tartt Tailor Shop and will appreciate a share of your business, at the same old prices, 20 and 35.

Bill Cross.

Be sure to be at the picnic Sept. 10th and 11th.

Keep in condition. Have a good time, but don't let the Bright-lights blind you. The only difference between a Blind and a Curtain is the word "ASBESTOS." When you are blinded by the Lights it is "Curtains" for Life.
