THE CROSS PLAINS REVIEW

CROSS PLAINS, TEXAS, FRIDAY, NOV. 21, 1919

No. 38

To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it. Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars. Think of what you can do with this.

Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a business, or to go traveling, or to educate yourself or your children.

Nothing will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their savings pennies in the pockets of the poor—on or dependent on others.

T. N. Pinkstun Dead.

T. N. Pinkstun died at his home in Liberty on November 14, and was buried on the 15th. Pinkstun was among the old men of the country, having lived for thirty-five years. He was born Dec. 16, 1858, and thus was 61 years, 10 months, and 28 days old when he died. He leaves his wife and nine children and one dead, and seven grandchildren. Bro. Pinkstun obeyed the gospel over thirty years, thus preparing to meet his Lord on or late.

The writer tried to offer some words of hope and comfort from the word to the sorrowing child and a host of friends. Our hearts die and moulder away, but spirits live on and on in perfect peace with God, or in misery and woe with those who forget God. Our hearts are an open book that is read by all, and our good or bad lives will live after we are dead.

Returns From Overseas.

Frankie, son of Mr. and Mrs. Frank south of town, returned last Friday from overseas in Europe. He has seen service in France and with the Army in Germany, where he was stationed in Coblenz. He has been in England, Norway and Sweden, and has returned home with the belief that Texas is the best of all Europe. He was gone for 18 months.

COTTON RECEIPTS GOOD; THE PRICE FLUCTUATES

The 2700-bale mark was reached at the local cotton yard on Thursday, and likely by to-day has been exceeded by a hundred or more bales. At the same date 2100 bales had been ginned by the two local gins. The price dropped considerably the first of the week to advance again to 40c for good cotton.

W. R. ELY DISARICT JUDGE

Judge W. R. Ely of Baird has been appointed district judge of the 42nd district, to take the place of Judge Harry Tom King of Abeline, resigned. The many friends of Judge Ely in this part of the country are glad to hear of his promotion. It is hardly likely that any one can beat him for re-election to the place if he desires it.

PEANUTS GOOD YIELD AND PRICE

Farmers are harvesting and marketing their peanuts with dispatch, reporting a good yield. Our merchants are paying \$2 for good nuts, and that's a mighty good price. One car has been shipped and another is being loaded.

Married.

W. H. [Henry] Fox and Miss Maggie Shipp, daughter of Mr. and Mrs. H. L. Shipp of Liberty, were married at the home of the bride on Sunday at 11, Elder J. M. Harlow performing the ceremony. The public free school term of Cross Plains will open next Monday, Nov. 24th. I would like to urge every parent who can possibly spare his children from the cotton fields to start them to school next Monday, if they have not already begun. Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Neither too Wide nor too Narrow
but Standard 56-Inch Auto-track

WEBER

Bought by Farmers Because of Its Known Qualities

REGARDLESS of all other considerations—the 60-inch wagon does not fit the road. Any advantages it might possess are offset by the fact that it is a stranger on its own roads. It rides the ridges, which causes broken axles, wheels and other parts, and the tongue whips about which is hard on the team.

The justly famous Weber wagon is built only in 56" auto-track because this is the standard approved tread of automobiles—and the automobile makes the ruts in mud or soft roads. If the farm wagon is not made to follow the same path it is out of date for road service. Automobiles are increasing among farmers because they are a time-saving necessity, and every farmer who hasn't an automobile intends to procure one at the earliest opportunity.

The Weber 56" auto-track wagon will do everything that the old 60" wagon would do. It will haul cotton bales as easily as the wide track wagon and the team can draw the load without having to pull every inch of the way. It lends itself just as readily to all kinds of farm work and in addition it fits the prevailing road tracks.

Besides the auto-track feature the new Weber has the patented Fifth Wheel and the "Safety First" Swivel Reach Coupling—two advantages that are worth \$20 apiece to the user during the life of the wagon.

By all means see our Weber wagons before you buy. We can offer you something that will save you money and give you service.

It rides the ridges, which causes broken axles, wheels and other parts, and the tongue whips about which is hard on the team.

The justly famous Weber wagon is built only in 56" auto-track because this is the standard approved tread of automobiles--and the automobile makes the ruts in mud or soft roads. If the farm wagon is not made to follow the same path it is out of date for road service. Automobiles are increasing among farmers because they are a time-saving necessity, and every farmer who hasn't an automobile intends to procure one at the earliest opportunity.

The Weber 56" auto-track wagon will do everything that the old 60" wagon would do. It will haul cotton bales as easily as the wide track wagon and the team can draw the load without having to pull every inch of the way. It lends itself just as readily to all kinds of farm work and in addition it fits the prevailing road tracks.

Besides the auto-track feature the new Weber has the patented Fifth Wheel and the "Safety First" Swivel Reach Coupling--two advantages that are worth \$20 apiece to the user during the life of the wagon.

By all means see our Weber wagons before you buy. We can offer you something that will save you money and give you service.

THE CROSS

VOL. X

CROSS PLAINS,

To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.

Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poor-house or dependent on others.
