CANNERY YES! - - - CANNERY NO!

HOME TOWN GOSSIP

The little city of Burkett seems to hold quite an attraction for Cross Plains boys. No less than five have invaded that community during the past two years to claim their brides.

And now, there are about five who can be seen traveling that way most any evening. Wilburn Barr continues to be the most conspicuous Burkett visitor, however, there are several who are threatening his title.

Among the newest recruits to Burkett's social whirl are Garland Smith and David Henkel. They're frequent callers at the Newton and Evans homes, respectively.

Mark up another bulls-eye for this columnist. We prophesied the Bryan-McElroy wedding to the very day. Remember, we told you five weeks ago the couple would trip to Hymen's altar on the groom's birthday, August 30? Well, it happened just that way.

A finer looking couple the ol' home town has not seen in many, many moons. Here's congratulations and a million good wishes for the happy pair.

"Stinky" Davis is driving down from Hamlin quite regularly and Lois McCord isn't working for the first time in several years. Is there any connection?

We've got a snooper on the case, but have as yet received no definite information.

The best story heard on the rounds this week:

An automobile careened at the corner. The driver vainly applied brakes. Smash! No one was hurt, but the car was badly damaged in the accident. A crowd hurriedly gathered.

"Ladies and gentlemen," said a man from atop the wreckage, "this is a terrible damage and in sympathy with the owner of this car I'll start a contribution with \$5.00 to help replace his loss."

Plucent oratory brought additional offering in double-quick fashion. Soon the crowd dispersed and the speaker was left with a handful of bills.

"That was pretty slick of the boss," said a uniformed chauffeur to the mechanic, "he made enough here to fix his car good as new."

Just a few days more and the school "marns" will be trekking back into the ol' home town for the beginning of another term. It is rumored, however, that one of the very popular young ladies won't return. Trustees refuse to verify the report. Time will tell.

Some "tall" tales have been going the rounds the past couple of days concerning local nimrods' luck in hunting doves. "Doc" Eli Powell, as usual, is spinning the greatest prevarication.

Over coffee cups, he told this scribbler Wednesday morning of shooting eight times and killing nine doves, (flying too, mind you), a hawk and a rabbit.

A noticeable improvement has been made at the Review office; things are looking better. . . . Phil Bingham has shaved his mustache.

LOCAL STATION GETS RAIL CAR LOAD MOTOR OIL THE PAST WEEK

A carload of motor oil was received at the local depot this week and delivered to the E. C. Neeb Service Station, on Main Street. The car was the third purchased in the past 12 months by the local station.

A district representative of the Continental Oil Company told the Review Saturday that the purchase was one of the largest made in the state last month by an independently owned service station.

A three column by 10 inch advertisement on an inside page of today's Review contains additional information concerning the carload shipment.

S. W. Hugh's, of Brady, was a last week.

Jesse McAdams Arrested On Peddling Charge

WILL FIGHT CASE; TRIAL IS DOCKETED FOR SEPTEMBER 11

Jesse McAdams, local automobile dealer, was arrested Tuesday afternoon and charged with violation of the "city peddling" ordinance. He posted bond and the case has been docketed in corporation court for Friday of next week, September 11.

The arrest was made as a result of automobiles owned by the McAdams Motor Company, on which were painted "for sale" signs, being parked on Main Street in front of the place of business.

McAdams said in an interview with the Review that he would fight the case. Paul V. Harrell and possibly another attorney will represent him.

Ordinance 58 in the city statutes—commonly known as "city peddling ordinance"—was passed in 1926. It places restrictions on what may be sold on city streets. It sets the fine for violation "not less than \$1.00 nor more than \$100."

The case will be brought to trial in corporation court here Friday, September 11.

Mr. McAdams issued the following statement from his office Thursday morning:

"There have been so many of my friends who have called at my office and expressed their sympathy for me and my family for the unfortunate ordeal, by being arrested and placed under bond on Tuesday of this week, that I feel I should make this statement. "I am unable to find words that will express my appreciation for the words of sympathy. "As the case now stands, I have been indicted by Jim McMillan and charged with violating the peddlers ordinance and my case has been set by Judge Westerman for Friday, September 11, 1936, at 10 a. m. I have employed an attorney to represent me and will have trial by jury. "I am not at liberty to state the facts behind the case, however, all facts will be presented at the trial." (Signed) JESSE McADAMS.

149 FRIENDS HONOR 'DYKE' MARSHALL IN 'FRIENDSHIP PARTY'

In the old family home near Pioneer, friends of W. E. (Dyke) Marshall gathered Wednesday evening for a friendship and goodwill party. Dyke has recently been in the Nichol's Sanitarium at Savannah, Mo. He appears to be making steady and satisfactory recovery.

His friends, because they are his friends, decided to surprise him with a friendship party. So, about dusk they began coming, and the line did not break until 149 persons had filled the house and yard. For several hours they sang, laughed, played and made merry together. It was a family party. All from the babe in arms to the gray head were there. The young played games, the old reminisced, and cheer and good will and happy fellowship pervaded the very atmosphere.

After an hour of merry-making the group assembled in the yard and after a short talk by a relative they formed a great circle and with hands clasped sang "Blest be the Tie That Binds." A prayer was offered. Dyke was called to the center of the circle, and while thus surrounded by his friends, he was reassured of their love, he was led into the house where love tokens were unwrapped, and to his wonder and amazement almost everything a young man can wear was presented him. At a late hour friends returned to their homes declaring that it was one of the happiest occasions of their lives.

A word of cheer, and a token of love and sympathy while we live is worth infinitely more than a bank of beautiful flowers heaped on our bier when we are gone.

Callahan Girl Is "Jonah" Bride

Pictured above are the former Betty Gentry, Callahan county girl, and J. Rob Henderson, as they recited the vows of marriage in a stuffed whale's mouth, on the municipal beach in Long Beach, California. The Rev. Isaac McRae performed the ceremony while a string trio played the wedding march.

Mrs. Henderson lived in Baird until about 18 months ago, when she was divorced from her first husband. She is known in Cross Plains.

WORTHY HOME SCENE OF GLADSOME EVENT ON 64TH BIRTHDAY

C. W. Worthy, prominent Cross Plains farmer, no longer pays particular attention to his birthdays, and the passing of his sixty-fourth on August 22, brought only casual comment. He was, therefore, easy prey for a surprise affair the following day when all but three of his children gathered at the family home to observe the occasion.

Mrs. Worthy being "in" on the plans hurried her husband off to Sunday School in order to give the children an opportunity to come and arrange a bountiful banquet.

Returning from church, Mr. Worthy observed Mr. and Mrs. O. D. Strahan, friends of long standing, in a filling station at Cottonwood. He paused to inquire of their plans and invite them to dinner at his home. The Strahans, who were then enroute to the Worthy home, tactfully declined.

Mr. Worthy trekked his way homeward. Upon arriving he was somewhat alarmed to see several automobiles parked at the front. Expecting no company, he entered the house expectantly. Inside, he noticed all but three of his children and in the dining room a large table heavily laden with food. He was still unaware, however, that his birthday was being celebrated until a few minutes later when Mr. and Mrs. Strahan and family arrived and the surprise was revealed.

After luncheon, guests repaired to the living room, where games of forty-two and dominoes, and the singing of hymns was enjoyed throughout the afternoon.

Among those present were: Mr. and Mrs. Worthy, Mr. and Mrs. Oran Barr and family, Fonia Worthy, Mr. and Mrs. Bryan Bennett, Mr. and Mrs. W. E. Everett and family, Mrs. Raymond DeBusk and daughter, Charlyse, Jean Barr, and Mrs. Strahan.

Mr. Worthy came to this locality in 1898, from Alabama, and has resided here continuously since.

Mrs. Leonard Breeding and children, of Lamesa, are visiting relatives here this week.

LOCAL COUPLE WED BY GROOM'S FATHER SUNDAY AFTERNOON

Miss Mozelle McElroy and Loyd Bryan were married at the home of the bride's parents, Mr. and Mrs. J. H. McElroy, near Cottonwood, Sunday afternoon at four o'clock.

The ceremony was solemnized by the groom's father, Rev. W. L. Bryan, of Cross Plains, in the presence of only close friends and members of the two families.

The bride's maid of honor was Miss Agnes Varner. The groom was attended by Jimmie Settle.

Immediately after the ceremony the bridal party repaired to the dining room, where a large wedding cake was cut and served with vanilla ice cream.

The couple left Monday morning, in company with Mr. and Mrs. Marion Rutledge, for Dallas, where they attended the Texas Centennial. They returned to Cross Plains Tuesday night.

At present Mr. and Mrs. Bryan are at the residence of his parents on Eighth Street.

The bride is a member of one of this section's most prominent families. She attended Cottonwood schools, where she was outstanding as a basketball player on the school team, which won the West Texas championship two years ago; she was also active in social diversions of the younger set both at Cottonwood and in Cross Plains.

The groom is the son of Rev. and Mrs. W. L. Bryan. He has resided here for the past 10 years. He was graduated from Cross Plains high school with the class of 1935. At present he is employed at a downtown cafe.

Sunday was also the groom's birthday; twenty-first.

CHURCH OF CHRIST TO BEGIN REVIVAL FRIDAY

The Church of Christ will begin a revival meeting at the Webb tabernacle Friday night, September 4, the Review was told yesterday. Elder J. P. Salyer, of Burkett, will do the preaching. The entire public is cordially invited to attend any or all services.

J. A. Caton was a business visitor in Dallas this week.

* * * * * 80c PER BUSHEL IS BEING PAID LOCALLY FOR 1936 PEANUTS * * * * *

Unusually early marketing of peanuts got underway in Cross Plains last week with several truck loads being sold here. Eighty cents was being paid for number one nuts. Three buyers are reported to be bidding for this year's crop in Cross Plains.

MILLER - TEAGUE FAMILIES IN 8TH ANNUAL REUNION

The Miller and Teague families held their eighth annual reunion at the Brownwood State park Tuesday, Wednesday, Thursday and Friday, August 18 through 21.

Members of the families and their guests were welcomed to the grounds by the three Teague brothers and Rev. C. R. Teague. Relatives were present from Texas, Oklahoma, Arkansas, Arizona, New Mexico and Florida.

The Brownwood Chamber of Commerce had extended the heads of the families special invitations to the county. Rev. L. L. Jones, of Brownwood, delivered the welcome address.

At a business meeting, which is always a high spot of the reunion, Mrs. Alice Miller, president, took charge. Minutes of the last meeting were read and approved. Election of officers was called for and Mrs. Miller was re-elected to the place of president. Harry Miller, of Denison, was named vice-president, and Mrs. Marjorie Brewer, secretary.

A memorial service was held and special tribute paid to members of the family who had died since the gathering a year ago. Mrs. Stella Jennings, of Denison, had charge of the service.

Wednesday's program consisted of a "get acquainted" meeting. High spots of Thursday's program were preaching and a watermelon slicing. The melons were furnished by the Teague brothers.

Wednesday night a three-act play of preaching services and a general was presented on the docks over the water, just below the club house.

The third day's feature was a "Mulligan stew" feast, which is always a high spot in the four-day entertainment calendar. Approximately 175 members of the two families and 100 guests, some of whom were the Newtons: John Newton, of Brownwood, Charlie Newton, Cross Cut, and several of the other Newton and Gaines families, of Cross Cut, were present.

It was voted that the next reunion of the group be held in August.

JAY GOULD BRINGS IN FIRST BALE OF COTTON; GETS 12c

First bale of cotton from the 1936 crop was sold in Cross Plains Friday morning. The bale was produced by Jay Gould, who lives in the Victoria community West of town. It was bought by Porter J. Davis for 12 cents per pound. The bale weighed 525 pounds.

A premium of \$15.00 was awarded Mr. Gould by local merchants. He received a \$13.00 premium at Burkett, where the cotton was ginned.

Local merchants have also paid into a fund to give the producer of Cross Plains' second bale \$7.50 and the third bale \$5.00.

Those contributing toward the cotton premiums were: Porter J. Davis, \$2.00; Higginbotham Brothers & Company, \$2.00; W. A. Huckleby, 50c; Cross Plains Review, \$1.00; Sims Drug Company, 50c; W. E. Butler, 50c; Cox Produce, 50c; Homer P. Moon, 50c; Motor Inn, 50c; Anderson Chevrolet Company, \$1.00; McAdams Motor Company, \$1.00; Willis J. Brown, 50c.

I. H. Kendrick, 50c; Neeb Produce Company, 50c; E. C. Neeb, 50c; West Texas Utilities Company, \$1.00; Piggy Wiggly Store, \$2.00; Barr's Bakery, 50c; R. T. Loveless, 50c; Calhoun Motor Company, 50c; Sipes Service Station, 50c; Claude Burns, 50c; Kemper's Cafe, 50c; Smith Drug Store, 50c; Caton's Variety Store, 50c; Cross Plains Variety, 50c; Cross Plains Hardware Company, 25c; Mark Adair, 50c; City Drug Store, \$1.00; Bond Brother, 50c; Ramsey's Grocery Store, \$1.00; Jones Produce & Feed Co., 25c; Garrett Motor Company, 50c; Cross Plains Lumber Company, 50c; J. E. Henkel, 50c; Citizens State Bank, \$1.00; Wilson's Cafe, 50c; Baldwin Lumber Company, 25c.

COUNTIES RAISING QUOTAS FOR 'DEMS'

District and county organizations are now active in raising their quotas for the \$250,000 campaign fund in behalf of Roosevelt and Garner, it was announced by Roy Miller, director of organization and finance for the Democratic National Campaign in Texas. Dinners, luncheons and other meetings have been planned all over the state, indicating the enthusiasm with which Democrats are launching the drive.

The following quotas have been set for Callahan and adjoining counties:

Brown	\$1270.00
Callahan	538.00
Coleman	950.00
Eastland	1442.00

After hearing the second committee's argument in favor of the cannery and sewing room the councilmen explained their viewpoint was unaltered. The project is, therefore, today without an official local sponsor and funds are yet to be subscribed to meet such expenses as rent, possibly water and gas, and incidental items.

ILLNESS FATAL TO C. W. RHODES HERE

C. W. Rhodes, 51, who died at his home in the Southeast part of town Wednesday afternoon of last week, after a long illness, was laid to final rest in the Cross Plains cemetery. Funeral services were conducted from the Baptist tabernacle Thursday afternoon at 1:30, with Rev. V. W. Tatum officiating.

Survivors include: the widow, two children, one brother and three sisters.

Among the out-of-town relatives here for the funeral were: Mrs. Ella Sawyer and Mrs. Emma Cox, of near Lubbock; Mr. and Mrs. Duran Cox, Mr. and Mrs. John Henry and daughter, Mrs. Imogene Patterson and children, all of Moran; Mr. and Mrs. Hester Lane and family, of Stephenville; Miss Warda Mae Lane of Sweetwater.

Mr. and Mrs. Arthur Mitchell and daughter, Patsy Ruth, visited the Texas Centennial Exposition in Dallas this week.

MERCHANTS FAVOR FEDERAL PROJECT; CITY DADS REJECT

Although W.P.A. supervisors have been assured by local business men that expenses necessary to the maintaining of the cannery and sewing-rooms in Cross Plains will be met, the project is today without a local sponsor and funds are yet to be subscribed.

The project was formerly sponsored by the city, which furnished water, gas and incidental items, and in co-operation with the county paid rent on the building. (The West Texas Utilities Company donates electricity). Feeling that the benefits derived from the project did not justify the expenditure, the council recently voted to discontinue the city's support.

Since federal specifications require that municipalities furnish such items as utilities, rent, etc., W.P.A. officials began making plans to allocate the cannery elsewhere.

Local business men, apparently at issue with the council as to benefits derived from the project, held two meetings last week to petition a reconsideration of the council's ruling. At the first meeting about 12 were present and a committee named to confer with the council. The conference was held, but the feeling that its action represented the will of the majority of the citizenship the council declined to retract the ruling of discontinuing support to the cannery.

Another meeting was held Thursday morning of last week and 38 local citizens, most of whom are business men, were in attendance. After hearing a representative of the W.P.A., Mayor S. P. Collins and Mrs. Louis Helms, supervisor of the local project, and discussing the situation at length, the body voted unanimously in favor of continuing the cannery and sewing room project and assured W.P.A. officials the necessary expense would be met. The body also voted to send a second delegation to the city council. Jesse McAdams, F. R. Anderson, E. A. Calhoun, Chas. F. Hemphill, and C. C. Neeb were named on the committee.

A meeting was called Tuesday afternoon and members of the committee were invited to come before the council and present their argument. At the time, however, McAdams, Calhoun and Anderson were not accessible and only Neeb and Hemphill were present at the meeting. They explained that a large number of local people are of the opinion that the expense of about \$15, per month which, the city was being asked to meet, is far overshadowed by the fact that the project is providing employment for about 20 ladies, and is maintaining a payroll of near \$400 in Cross Plains.

After hearing the second committee's argument in favor of the cannery and sewing room the councilmen explained their viewpoint was unaltered. The project is, therefore, today without an official local sponsor and funds are yet to be subscribed to meet such expenses as rent, possibly water and gas, and incidental items.

Local Hunters Take Field In Dove Quest

Local nimrods took to the woods and the fields Tuesday for the opening of the dove shooting season, which was fixed this year almost a month earlier than last.

Experienced hunters report shooting better along streams and near lakes and tanks because of the extreme dry weather this summer. They also anticipate a banner year for the sport because the birds are so plentiful in this section. The short 1935 season, imposed by the federal government and cold, wet weather at the opening of the season, gave the doves a better chance to multiply last year, and are listed as the principal reasons for the better crop this year.

Federal and state regulations are nearer agreement this year. The federal laws specifically fix hours during which birds may be hunted as between 7 a. m. and sunset, while the state laws fix the hours at one hour before sunset and after sunrise. The federal time prevails.

The state bag limit is 15 birds per day or 45 per week, while the federal limit is fixed at 20 a day. The state law prevails in this instance.

Those using automatic or pumping guns should have the magazines of their guns plugged so that they will shoot only three times. These plugs are available at stores selling sporting goods.

There is an increased tendency among sportsmen to discard the old heavy gauge guns in favor of the "20" and "420" gauge.

Among the more important hunting "don'ts" include:

1. Don't have in possession more than 15 game birds or fall varieties at one time.
2. Don't hunt under the license of another.
3. Don't hunt from an automobile.
4. Don't hunt on a state game preserve or on enclosed lands of another without the owner's consent.
5. Don't hunt out of the county of your residence without license.

DELIGHTFUL NEW TEAM SCORES IN POWERFUL FILM

Loretta Young and Franchot Tone form a delightful new romantic screen team in Metro-Goldwyn-Mayer's "The Unguarded Hour," coming to the Liberty Theatre here Sunday afternoon for a three-day run.

The new picture, filled with romance, drama and mystery, gives both players an excellent opportunity for their talents.

Moving with lightning speed, the Lawrence Weingarten production concerns a prosecuting attorney who sends men to their doom by his brilliant use of circumstantial evidence. When he is caught by circumstances for a crime he has not committed his wife comes to his aid to save his life.

Both Tone and Mrs. Young are outstanding in their respective roles as the attorney and the wife.

Roland Young, as the friend of the family, is exceedingly funny while Lewis Stone is setting as the head of Scotland Yard.

Others who score in the mystery thriller, directed by Sam Wood, are Robert Greig, Dudley Digges, Jessie Ralph, Aileen Pringle and Henry Daniell.

FARM PROBLEMS ARE BEING STUDIED IN NIGHT SCHOOL HERE

Local farm problems were discussed by farm boys of the Cross Plains trade territory in a meeting at the high school building Wednesday night for the purpose of deciding upon farm problems to be taken up in a part-time class being held by V. A. Underwood, teacher of vocational agriculture in the Cross Plains high school.

Sixteen or more meetings, two or more each month, are expected to be necessary in order to cover the following problems suggested by the farm boys: Selecting, feeding, and exhibiting calves, lambs, and pigs; tanning hides and pelts; dehorning calves; tree killing; terracing; strip cropping; pasture work; farm planning, and studying farm arithmetic along with some form of athletics.

The meetings will be held at 7:30 each first and third Wednesday nights of each month at the Cross Plains high school building. The school is to be open without charge to all farm boys who are interested.

WITH NEW MACHINERY LOCAL GIN IS READY FOR '36 COTTON CROP

Finishing touches were completed this week at the Planters Gin, as everything was placed in readiness for the 1936 cotton crop.

Four new feeders, extractors and cleaners, recently purchased from the John E. Mitchell Triple Cleaner Company, have just been installed.

E. I. Vestal told a representative of the Review that four men besides himself would be employed in the gin, and that Miss Clara Nell McDermett would have charge of the office.

Mrs. C. R. Cook returned home Wednesday, after a few days visit with her aunt, Mrs. Gordon Phillips, of Big Spring.

Mr. and Mrs. V. A. Lane and son of Santa Anna, visited friends and relatives here the past week.

Miss Martha Nan McAdams spent the past week visiting relatives in Wichita Falls.

Q. What was Sterling C. Roberson's record before coming to Texas, and what service did he render here. D. S., Cisco.

A. He was born at Nashville, Tenn., Oct. 2, 1785, was well educated, fought with General Jackson at New Orleans in 1815 and came to Texas in 1823. He and his nephew, George C. Childress, were delegates to the 1936 constitutional convention from the municipality of Milam. He introduced more settlers into Texas than any empresario except Austin and raised a company to fight for Texas independence.

Q. What two Texas towns were named for the same hero. S. A., Leaky.

A. Crockett, in Houston county, and Davy, in DeWitt county, were named for David Crockett.

Q. Who was the first Chief Justice of the Republic of Texas. J. J., Cooper.

A. James C. Collingsworth, a native of Tennessee, who had served Brazoria in the constitutional convention.

Q. Where was New Birmingham, Texas, and what became of it? G. S., McDade.

A. It was near Rusk, Cherokee county, where there was iron ore that gave promise of large industrial development and at which a large hotel, for that period, was built by the developing company. The field and hotel were abandoned but a saw mill employing some 60 or 70 families, is being erected there now to utilize the timber of the surrounding section.

COTTONWOOD NINE TO PLAY HOGTOWN

The Cottonwood base ball team will ring down the curtain on a successful season Wednesday afternoon, in a game with the powerful Desdemonia Giants.

Cottonwood, and Desdemonia have both made enviable records this Summer and the contest promises to be one of the most spectacular seen in this section in several months.

The game is called for 2:30 on the Cottonwood diamond.

Cottonwood defeated Desdemonia two weeks ago and the "Hogtown" boys are reported to be coming with their stingers out Wednesday afternoon. A slight admission charge will be made.

Girls Try Target Shooting

With eyes well trained on the target, these three girls fired the first shots that opened the rifle range at Texas State College for Women (CIA). Misses Bernice Pass, Denton; Gwendolyn Stoepelman, Silsbee; and Marguerite Keltz, Whitefiat, join the ranks of target shooters as the new sport is added to the college curriculum.

RECORD WINS, SO REVIEW BOYS FEED

A golf match between the Rising Star Record and the Cross Plains Review, in which members of the Philpico country club were the combatants, was culminated Monday night with a chicken dinner at the club house, with members of the latter aggregation paying for food consumed by the former.

The Record-Review match was staged to stimulate interest in facilities of the club. Members of the teams were selected by the division of the golf ladder: the Record taking the odd numbered players—1, 3, 7, 9, etc.—and the Review taking the even numbered players—2, 4, 6, 8, etc. Play was continued over a period of two weeks, with the Record winning nine of the 14 matches. Plans were discussed at the banquet.

STUDY CLUBS TO OPEN SEASON'S WORK SOON

After disbanding for the summer months both study clubs of this place will take up their year's work this month.

Famous women and the opera will be the feature study for the Wednesday Study Club during the season of 1936-37, according to the year books, which have just been completed and issued to members by Mrs. T. G. Edwards, Mrs. Chas. F. Hemphill, and Mrs. R. S. Gaines.

Club life teaches us there are many kinds of beauty, in the world, the beauty of ideals, of knowledge, of sympathy, of readiness to be put in any place and used in any way for the general good.

Already members of the club are doing supplementary reading preparatory to their program opening.

18 COLLEGE STUDENTS PREPARE FOR SCHOOL

Texas Manufacturing Booms With Cactus, Plague Of Ranges, Used As Raw Material

A new industry is being developed in Texas from a plant which ranchmen have spent much time and thousands of dollars to destroy—the cactus.

While this industry is yet in its infancy, careful examination of articles produced from cactus stalks shows them to be of such toughness, strength and adaptability that the future of the business seems assured.

Horace Alkin, University of Texas graduate in philosophy, has experimented with the Texas cactus for years and now is using it as a raw material for the manufacture of canes, gavels, handbags, fans, vases and other articles. Every product is made directly from the stalks and leaves—or joints—of the cactus. The patent application for the process is pending.

Botanists over the state predict cactus manufactured products are destined to become a major industry in Texas.

"Texas needs a new crop besides cotton," Dr. G. W. Goldsmith, professor of botany at the University of Texas, said while examining products of the plant. "It seems to me that here is such a crop—one which should prove of great benefit to the people of the cactus region."

Dr. B. C. Thorp, another professor of botany at the University, also was impressed. "This seems to point the way to a new and valuable industry for Texas, one which will be of great value to ranchmen of the state," he said.

Two articles most extensively manufactured from the cactus are walking canes and fans.

Cane to F. D.
The canes—one of which was given to President Roosevelt—are made from the long stalks and have proved to be of unusual strength. Since the stick is a hollow, perforated tube, the canes are light in weight.

The fans are fashioned so as to retain the shape of the cactus leaves. Before reaching the market, suitable dyes of assorted color combinations are added with cellophane lining.

The famous Texas Centennial gavel, fashioned by Alken and Peter Mansbendel, an Austin wood carver, was used by Senator Joe Robinson to bring the Democratic national convention to order for the nomination of Vice-President, John Nance Garner by Governor James V. Allred of Texas.

The gavel has a handle of cactus, with a head of walnut. On the gavel is the following inscription: "Presented to the Democratic national convention by the Texas delegation in fitting memory of the Texas Centennial, 1836-1936."

Texas cactus-producing areas are the southern, western and central portions of the state. Although a number of species are involved, these are divided roughly into two types—the flat-jointed opuntias, commonly known as the prickly pear, and the cholla.

Mrs. V. A. Underwood had as her guest this week her mother, of Tolar.

Miss Oradine Ogle of Coleman visited Miss Ruth Barr here last week.

THE CALL TO BATTLE

The common cold germ is marshaling his forces for the annual attack. Soon this insidious enemy will prepare to live up to his reputation as America's greatest foe to good health. Each year more than two hundred million "common colds" undermine the health of the nation and often pave the way for a serious illness, such as pneumonia, bronchitis, influenza, tuberculosis and other health wrecking diseases.

Leading doctors tell us that fifty percent of all disabling diseases start with a cold. The City Drug Store is prepared to aid you in repulsing the attack of this dangerous enemy. Our druggist will be glad to recommend remedies to prevent and cure common colds, or to fill your doctors' prescription.

STATE CAPITOL NOW HAS "NO WOMEN"

As a result of the legislative primaries, and based on the present personnel of the administrative departments, next January will be the first time since 1919 when there has been neither a woman in the legislature nor as head of a state department.

Miss Annie Webb Blanton was elected state superintendent in 1918. Governor Neff appointed a woman private secretary. In Governor M. A. Ferguson's first term, there was a woman governor, secretary of state, and for a time, state labor commissioner. Senator Margie Neal was the first woman senator. Mrs. Edith Wilman was the first woman house member; the high point of women's votes was four years ago, when there were five members in the house. There is no woman in the senate now; and only one woman house member, Mrs. Helen B. Moore, of Texas City, who retires at the end of the year. Mrs. Jane Y. McCallum, second woman secretary of state, served in the office for six years.

52 HOMES IN THIS COUNTY HELPED BY FEDERAL LOAN BODY

Residents of Callihan county received a total of \$16,072 from the Home Owners' Loan Corporation during the three-year period of refinancing operations which terminated June 13, 1936, according to the final figures furnished H. P. Drought, state director for the National Emergency Council. This sum represented 52 individual loans.

A total of 44,361 distressed home owners in Texas were extended aid in the sum of \$103,208, 774. Of this money it is estimated that \$6,343,000 went toward the payment of taxes and assessments, the estimated average of tax and assessment payments per loan in Texas being \$163.

According to the 1930 United States census reports there were 374,755 owned non-farm homes in Texas. The Home Owners' Loan Corporation mortgages on 11.8 per cent of this number.

The total number of loans made in all states, Puerto Rico, Hawaii and Alaska was 1,021,817, involving the sum of \$3,092,870,784, making the average loan \$3,027.

More than 98 per cent of all money involved went for the refinancing of distressed homes by means of long-term replacement mortgages which are to be amortized fully over the term of the loan in small monthly payments. The balance of the money advanced went for the restoration and conditioning of properties.

It is estimated that \$228,453,000 of the Home Owners Loan Corporation advances went to the tax offices of the nation, with the national average tax payment per loan being \$224.

SCREW WORM CONTROL

Due to the seriousness of the screw worm menace over the South, the Federal government has appropriated funds from time to time to make investigations and study relative to the eradication and control of this dreaded insect. After several years of experiment and testing of many and various remedies it has been found that there is a very effective and harmless treatment that will do the work that has none of the serious after effects such as burning, poisoning, and failure to kill the screw worm.

For many years it was believed that the green blow fly caused screw worms but that has been proved erroneous. No fly causes screw worms, but the specific screw worm fly. This fly also never lays eggs on anything but fresh blood or on the fresh wound. They are never to be found in dead animals, and do not hatch in dead flesh. If the maggot is in an animal that dies, they leave the animal as soon as the blood flow stops in the veins. Other of the flies love dead and putrid flesh, but not the screw worm. Furthermore, a screw worm sticks straight down in the wound and bores only in the live fresh tissue. They are always in clusters and cause a swelling around the wound in which they are working. Other maggots go over and under and are always seen moving from one part of the wound to the other. Screw worms stay put. The screw worm breathes through its tail and also throws out a fluid that will weaken any medicine put on to kill him, therefore in treating, always wipe out the wound with cotton to remove this protection.

Treatment: The government investigators have found but one killer that they will recommend as killing the worm without injury to the animal and one oil used as a repellent and aid in healing. The killer is 90 per cent commercial benzol and the oil is dehydrated pine tar oil of a specific gravity of 1.065. This is safe and is dependable. There are many remedies as recommended by various concerns to be just as good, but the

investigators did not find them so.

Soil Measuring Ready to Start

Most every farmer who has been working to get his farm ready for compliance measuring is now in position to have the work done. Some have been waiting to get a rain before plowing under the peas, sudan, or sorghum, but the rain has not come, at least, not as this article is being written.

Supervisors were given instructions on how to measure each farm on Wednesday in a meeting with the County Agent and senior soil conservation assistant, A. L. Cook. Each farm must be plotted and the exact size of the whole farm is to be shown along with the correct measurements to be made of all fields. The supervisors will call at the farm and with the farmer will measure and plot the whole farm. If each producer helps, the job will be finished sooner and therefore the checks will be coming quicker. It is hoped that each farmer helps to get the job done well and quickly.

It is the purpose of the government at this time to make a correct map of each farm so receiving a grant that may be used for the programs that come up in the future years.

Please do not ask the supervisor to figure the size of the land measured as that is not his business, neither has he time to do it. All that work will be done in the office by people who are more accustomed to such work and who will have the proper guides to help them. Any farmer may get his measurements by calling at the office after his farm has been computed.

If any of the soil crops were planted and were killed out by causes not under their control the County Committee will accept it as per measurement. If there is any doubt about your compliance drop in and talk it over with the County Agent or Mr. Cook. Land in cotton but from which no crop will be harvested may comply by terracing, and other measures just as liberal if you are not fully in compliance. Let's help our land, our pocketbook, and co-operate with our neighbor and government.

MILLER - TEAGUE FAMILIES IN 8TH ANNUAL REUNION

ust, 1937, at Wood Lake, near Sherman and Denison. The closing address was made by Edd Miller, county superintendent of Sherman, who expressed the appreciation of all concerned for the hospitality extended and the innumerable courtesies evidenced.

TEXAS COUNTIES HAVE WIDE RANGE IN BONDED DEBTS

Bonded debt in Texas counties ranges all the way from 43 cents to \$129.31 per \$100 of property valuation. C. B. Sheffield, state auditor, has reported to Governor James V. Allred.

The bonded debt was compared on both the assessed valuation and the true valuation of property; and besides the differences of more than 1000 per cent in the ratio of debt, the discrimination in the rate of assessment was pointed out.

Some of the high and low extremes of bonded debt in relation to values included:

Hidalgo county, \$129.31 per \$100 true valuation; Rusk county, 43 cents; San Jacinto county, \$29.43; Reagan county, 80 cents; Mason county, 83 cents; King county, 67 cents; Delta county, \$20.13; Eastland county, \$25.82; Gregg county, 80 cents.

Some of the typical counties were: Harris, \$9.06 per \$100 true valuation; Taylor, \$11.58; Tom Green, \$7.14; Travis, \$9.38; Cameron, \$31.26; Jefferson, \$7.78; Nolan, \$12.06; Howard, \$5.10; Wichita, \$15.55.

Percentage of true value used in assessing property for county and state purposes ranged from 30 per cent in Briscoe, and 40 in Bexar and Harris to a full 100 per cent in Baudera, Archer, Calhoun, Dawson, Hidalgo, Scurry, Wilbarger.

Average rate of assessment was 48.68 per cent, and the average debt per 100 per cent of true valuation was \$8.28 for the entire state, or \$17.02 per 100 of assessed valuation.

The bonded debt of Callahan county is \$804,964. The total assessed valuation is \$7,189,176.

ANOTHER CARLOAD OF GERM PROCESSED CONOCO MOTOR OIL FOR

NEEB'S SERVICE STATION CROSS PLAINS, TEXAS

UNLOADED AT THE M. K. & T. DEPOT THIS WEEK
T.N.O.-38952

Fifteen years in the filling station business, and the handling of 10 different kinds of motor oil has taught us that there is none better than Conoco Germ Processed. For that reason we buy in carload lots to get the very best at a price we can sell within the reach of all.

This is our third carload in 12 months, therefore, we unhesitatingly recommend

CONOCO GERM PROCESSED MOTOR OIL

Those who've used it are the best advertisers. The strong recommendation given Conoco Germ Processed Motor Oil is largely responsible for the fact that we find it most convenient to buy in carload quantities in order to adequately supply the demand.

NOTICE TO TRACTOR OWNERS: You will be needing good oil at land breaking time. Why take chances on other oils when the merits of Conoco Germ Processed Motor Oil is nationally known and acknowledged. Remember we sell both by retail and wholesale, and can give you from stock either a can or a truck load. Be sure to figure with us on your tractor oil

All weights and grades of this better oil are stocked at this station. The viscosity recommended by the manufacturer of the very automobile you drive is on our shelf. Stay with the specifications and avoid motor trouble and expense. Drive in today, tomorrow, or when your car needs it; for a crankcase drain and refill with this wonderful motor oil, being praised everywhere.

Our gasoline and snappy service can't be beat. We cherish the privilege of serving you often.
