Dead Trees Valuable For Wildlife

I am sure that there are many people who never realized the great value that dead trees are to Wildlife resources. It is true that these trees play a definite part in wildlife production on the farm. Most of the larger dead trees on the farm have many hollows in them for which many species use for reproduction. One incident was related by the Game Department a few days ago when a Texas farmer cut down a big tree. He got three opossums, each weighing seven pounds, five fat squirrels and twenty pounds of honey out of the tree. These trees also serve as a means of many wildlife resources to escape from their natural enem-

We have many birds that use these trees to build their nests during the spring. Most of these birds are valuable to the farmer in the control of insects that work on the valuable trees around the farm: thus saving many more trees from the wood pile, thereby providing us with the beauty that only a tree can provide.

Should Profit From Germany's Experience

A number of years ago Germany put on a forest beautification progam, in which all dead trees were removed from the forest. This destroyed the homes of many insectivorous birds that were controlling and Mrs. J. Peyton Smith the insects on the live trees. City Ordinance

AN ORDINANCE REGULATING TENT SHOWS AND TEMPORARY BUILDINGS IN THE CITY OF CROSS PLAINS, TEXAS.

Providing penalties for the violation thereof, repealing ordinances inconsistent therewith, and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CROSS PLAINS, TEXAS.

Section 1. The term "Tent Shows" means and includes all shows or any other perforances that are staged in a tent, or in any other kind of temporary building that does not meet the requirements of the ordinance regulating buildings inside the Fire Zone.

Section 11. It shall hereafter be unlawful for any person, Firm or Corporation to establish or set up any Tent Show or Temporary building as described in section inside the Fire Zone as described in ordinance No. 55.

Section 111. Penality; Any Person, Firm or Corporation violating the provisions of this ordinance shall upon conviction be fined in any sum not less than \$10.00 of more than \$50.00 and each days violation of this ordinance shall constitute a separate offence.

Section IV. It shall be the duty of the City Marshall or any other City Official to enforce the previsions of this ordinance. Section V. The fact that Tent

Shows and Temporary buildings constitute a fire hazard that could cause an increase in the local Fire Insurance Rate, and there being a public emergency requiring that this ordinance be passed finally on the date of introduction, and the Mayor and City Council having declared the existence of such an emergency and requested such passage, this ordinance shall be passed finally on th date of its introduction this 19th day of March 1940, and shall take effect immediately upon its passage and approval by the Mayor and City Council.

has known all along that Ernest Thompson would be in the race again this year, and that has not Well, it was left up to Ma and caused any excitement. A few days ago, because of the charges against the liquor administrator Bill Me-Craw got in the paper for a day or so but there was no excitement much about this. But when Ma and Jim hint that "We" are going

Another of these is O. P. Lock hart, state committeeman from the Senatorial district around Austin

. . and one of the two members who voted against sending a Garner-instructed delegation to the national convention, in a recent meeting of the State Democratic Committee at Hillsboro. Mr. Lockhart told them that his district was for Franklin Delano Roosevelt and until Mr. Roosevelt said that he was out, Lockhart would not vote to nstruct for Garner.

Mr. Lockhart was one of the first eaders in coming out in the open for O'Daniel in 1938 and was head of the O'Daniel for Governor Club in Austin in the campaign. Some say that he cooled toward the Governor . . . that the leaders in the early days of O'Daniel for Governor are active for Garner.

E. B. Garmany, the millionaire oil man from Dallas, was an early O'Daniel man in 1938 and is now for Garner in the Southwest. Some say that O'Daniel is not a Roosevelt man and point to the fact that the big banquet given for him in Houston soon after his election was given by anti-Roosevelt men, among them the millionaire lumberman, Jno. H. Kirby. Some called the dinner "The Million-Dollar Banquet" and said that not a man at the table was worth

Well, I got way off what I started to palaver about . . . Ma and Jim . . and as I said, politics make strange bed-fellows. So Dan Moody and others who have in bygone years bitterly fought the Fergusons may not be active supporters of them this year, but they will, perhaps, not be so hard on them. So it may turn out to be O'Daniel also for prohibition . . . and against third term for Roosevelt . . . Running against the field of others. After all, Ma and Jim have always

been heart and soul for F. D. R. Soon after Ma's election in 1932 Roosevelt leader in North Texas came near causing Mrs. Roosevelt to be charged with snubbing Ma. It happened at the airport when Mrs. Roosevelt was flying through here and Mrs. Ferguson was invited to the airport to greet her. Roosevelt leader refused to let a photographer make a picture of Mrs. Ferguson standing beside Mrs. Roosevelt. But Ma and Jim had so many things happen to them that they just passed it off and I imagine this man later felt ashamed of what he did

Well, anyway folks, if Ma and Jim get in the race for Governor, we will have a hot time in Texas this summer . . . so if your hearing is bad, better quit drinking and get ready to listen to politics and more
