Texas Vehicles Paid \$52.50 In Taxes In 1939, Survey Shows

AUSTIN, Texas.—The average tax burden on each vehicle in Texas was \$52.50 during 1939, according to figures for the tax year furnished by the Texas Motor Transportation Association.

Texas was above the national average of \$50.82, but twenty-second below the high of \$82.13 paid for each vehicle in Florida.

This \$52.50 includes \$27.04 paid for state gasoline taxes, \$13.10 paid for state registration and other fees, \$7 paid to the federal government in gasoline taxes, and \$14.40 paid for other federal excise taxes.

score Cross Plains seven, DeLeon nothing.

Had it not been for two costly fumbles the thundering herd might have tallied again but twice when the offense began to click systematically the charge was bogged down by fumbles which the Bearcats recovered.

In the fading minutes of the fourth period, DeLeon took to the air and lightly threatened to score.

After two completions, however, the effort was thwarted and the game ended with Cross Plains owning the ball not far from mid-field.

Cross Plains made five first downs to DeLeon's seven. The locals had a net gain rushing of 79 yards to 70 for the visitors.

The Bearcats completed two of seven passes for 34 yards, one of which was a 34 yard heave from Billy Mac Smith to Pat Moore.

The Bearcats connected with three of 12 passes and got one intercepted. Neither side drew a penalty throughout the entire game.

Starting line-ups: Cross Plains, Longbotham and Smith, ends; Lovelady and Upton, tackles; Huckaby and Warren, guards; Wolf, center; Billy Mac Smith, Byrd, Henson and Kelley, backs. DeLeon, Nabors and Ash, ends; Rutledge and Harris, tackles; Macon and Holmes, guards; Pittman, center; Carter, Terrell, Underhill and Littlejohn, backs.

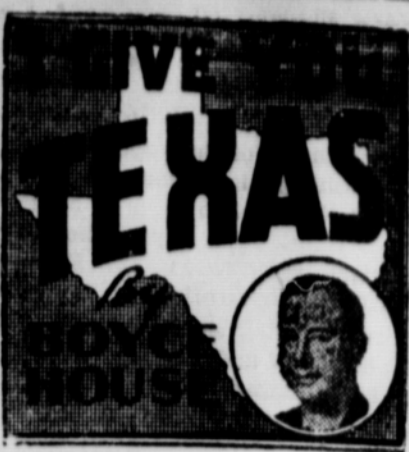

For Cross Plains, Norman Henson turned in one of the most brilliant games of his career in the backfield. Other backs looking good included Smith, Byrd, Henkel and Kelley.

In the local line Longbotham, Moore, Huckaby and Upton were outstanding.

For DeLeon, Terrell at fullback was the most consistent ground gainer. In the line Ash and Pittman gave good accounts of themselves.

The game was a non-conference affair and was attended by a nice crowd.

Cross Plains has an open date scheduled this week end.

Farmers To Vote On 1941 Cotton Quota Here December 7th

Voting procedure in the cotton marketing quota referendum, December 7, will be the same as was used in the referendum last year.

All cotton producers in the state will be given the opportunity to vote in the referendum to decide whether quotas will be in effect in 1941.

George Slaughter, state AAA committee chairman, pointed out in last year's referendum, 82 percent of the cotton producers voting in Texas favored quotas, while 91 percent of the producers in the nation voted "yes."

A national cotton marketing quota of approximately 12,000,000 bales, the same as is in effect for the current year, has been proclaimed by Secretary of Agriculture Claude R. Wickard.

The county AAA committees will be in charge of all arrangements for the referendum in the various counties, the chairman said, and the voting will be handled just as in any regular election.

The committee will choose three local farmers to serve as election officers in each community. Voting places will be provided for all communities where cotton is produced, the county committee designating the places and providing ballot boxes.

Voting places will open at 9 a. m., December 7.

All voting will be by secret ballot, each farmer marking his ballot and casting it in the customary manner used in secret balloting.

To be effective in 1941, cotton marketing quotas must be approved by two-thirds of the farmers voting in the nation. If approved, quotas will apply to all states, counties and communities where cotton is produced.

Sgt. Mato Fowler of Randolph Field, San Antonio, was the guest of Miss Earline Smith here this week.

STATE FAIR HEADS HOPE FOR RECORD BREAKING CROWDS

Dallas, Texas.—To the tune of swinging paint brushes, rumbling trucks and the pounding of a thousand hammers, last minute work is being rushed this week for the opening of the State Fair of Texas on Saturday, October 5th.

With an outstanding calendar of events scheduled for the 16-day show, Fair officials hope to top the 1939 record breaking attendance of 1,036,708.

The Fair will present the greatest livestock show in its 52-year history. Headlined by the National Hereford Show and Regional Holstein Friesian Show. The finest stock on the continent will compete for an all-time high of \$100,000 in cash premiums.

The amusements event of the season in the Southwest will be the Fair's giant outdoor musical revue, "Americana," to be presented on a 300-foot stage, with a cast of 150 dancers and top-name entertainers.

Topping the long list of free attractions will be the noted Mexican Mariachi Orchestra, the Swor Brothers All-Girl Minstrel, and a novel Tractor Rodeo.

With the Federal Government participating, the 1940 State Fair of Texas will present the largest Chemistry Show ever held, including as a feature, the National Plastics Show, an outstanding exhibit at the San Francisco World's Fair.

The Agriculture Building will house more than 150 elaborate exhibits from 60 counties, 32 Future Farmer groups, 26 Four-H Clubs and numerous Home Demonstration groups, paying tribute to the State's leadership in agriculture.

A hydroponic show, demonstrating the water culture of giant plants and vegetables; the world's largest showing of farm and road machinery; an outstanding exhibition of contemporary American art for the Fine Art Museum; an all-bred Dog Show; a big schedule of athletic events for the Cotton Bowl; and the biggest Hobby Show ever held in Texas will be but a few of the features of the 1940 Fair.

SCRANTON MAN REPORTS COTTON GINNINGS LOWER

Census reports show that 590 bales of cotton were ginned in Callahan county from the crop of 1940 prior to September 16 as compared with 915 bales up to the same time last year.

These records are kept by John H. Shrader, of Scranton special agent.

Texas towns will participate in the Queen of Queens Pageant on opening day, the same day also designated as Press Day. The entire Second Division of the U. S. Army from Fort Sam Houston will be at the Fair for Army Day, October 13.

BURKETT

L. Brink)
Mrs. Audrey Brown and daughter Ann, left for Wichita Falls after visit with friends and Burkett.

Burkett is recuperating from operation that she had at the overall hospital. She is getting along well in her writing.

Afternoon Burkett's car crashed against Centerville. The official report is in favor of the home. Although Burkett lost control of it's main team by graduation, they were strong against their opponents.

Similar event occurred also on morning when a group of called themselves the 'Parade' down main and commercial for an exhibition cheering ability. Then north up commercial road north-second street they came to the end from there they retraced their old haunts at the center. One of our local declared that the game was a bag when he witnessed the event.

Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers, a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.

to see the school as a whole thinking in terms of group welfare without personal favoritism. He charged that most differences and misunderstandings between teacher and patron are due to lack of proper and appreciative acquaintance and could be averted by closer association. "For a mutually beneficial and cooperative understanding between teacher and patron," declared Mr. Norman, "there should be close acquaintance; an acquaintance that can best be attained through frequent class room visits and confidential and sympathetic interviews. If teachers and parents can know each other better, they can better understand the child and his individual problems," he said. He urged the patrons to seek "first hand information" on the activities of the school. "Visit school frequently and don't wait until something comes up that offends you to call on the teachers," he urged. Supt. Norman concluded his address by commending the Cross Plains patrons on their dependability and faithfulness during his long tenure in the school system here.

After the program refreshments of punch and cookies were served to the guests by the girls of the home making department.

Next regular meeting of the organization will be October 22.

in an effort to give the farmer a fair share of the national income and to encourage conservation by assisting the farmer financially so he can reduce his soil depleting acreage. To encourage the adoption of soil-building practices, additional payments are made available, but these must be earned by actually carrying out soil-building work.

Some farmers of the state for years have been carrying out conservation practices as a matter of good farming principles, but most of them, because of the cash crop farming system, have been unwilling or unable to go to the added expense necessary to practice conservation.

Miss Patsy Holder is seriously ill in the Brownwood Medical Arts hospital.

Grannie Burkett and Anna Golsen are on the sick list.

PTA met last Monday afternoon with about twenty-five present. A committee of Mrs. E. E. Henderson, Mrs. A. E. Brown, and Mrs. Paul Golsen was appointed to go to Plover to inspect their lunch room.

PIERSON— (Continued from page 1)

Working closely with the Extension Service and other government agencies the AAA has helped farmers along in their adoption of a conservation type of farming, and good results have been obtained from the conservation measures put into effect. Many farmers who have not thought much about the need for conservation measures have become staunch advocates of such good farming practices. Many saw the need for thinking ten years ahead— or longer—but could do nothing about it because the needed all the cash they could get to keep on farming and to provide the basic necessities for their families.

About 95 percent of the farmers in Texas are participating in the program. Some farmers participate in order to get payments, others to conserve and improve their soil, and others because of the existence of surpluses. But, regardless of their reasons, nearly all are cooperating and are carrying out conservation measures.

Participation in the program is voluntary with payments made to those who stay within their acreage allotments of special crops and carry out recommended soil-building practices. The content feature of the program is in the form of marketing quotas which are in effect only when approved by two-thirds of the growers of a crop voting in a national referendum. Quotas provide for penalties on marketers of the crop by producers who exceeded their acreage allotment. Only when supplies are inordinately large and when prices are too much below parity are quotas on any crop proclaimed.

So far the farmers have used the conservation feature of the farm program to catch up on practices which they weren't using but which they knew were good farming practices. So far they have used the payments to get the basic practices started. In 1940 the farm program reduced the payments made for ordinary farming operations on many farms and maintained or increased the payments on practices that are less widely used but are effective as soil builders.

NEITHER TEAM HAS BEEN IMPRESSIVE IN GAMES THIS SEASON

Coleman Seeks Second Win In Thirteen Years; Buffs To Be Greatly Outweighed

Cross Plains Buffaloes will lead his Buffaloes to Coleman Friday night to engage the Bluecats on Hufford Field. The encounter will be a conference duel.

Neither team has an impressive record this year. Cross Plains having won two non-conference starts and losing the only game to count in district standings to Brady by the top-heavy score of 41 to nothing. The Bluecats defeated Rochelle and lost to Stephenville and Albany. The battle Friday night will be Coleman's first conference game.

For the second time in thirteen years of competition the Bluecats are figured to subdue a Cross Plains eleven. The Buffaloes, faced with the probable absence of four capable gridlers, will be weakened considerably by loss of the players.

"All of the remaining players are in excellent physical condition," Coach Walker told The Review Wednesday morning.

The Buffaloes will give away many pounds in weight, both in the backfield and on the line. As a whole, team averages are: Cross Plains, 146 pounds per man; Coleman, 167 pounds average for each player. The local backfield will average 147, to the Cats 154. Local starting linemen will average 149, while their opposition will par 170.

BAPTIST CHURCH NEWS

Sunday was a red letter day with our church. We had two fine congregations for preaching services. The new Sunday school officers and teachers were installed and, near a record attendance in Sunday School.

To the extreme joy of the pastor, and to all of the membership of the church, the offering met the note at the bank, with a plus balance to the church. The deposit made was \$103.28.

Baptist stock is above par, and if you want to share in its dividends be there Sunday and feel the spirit of the Lord and enjoy the fellowship of his people.

Remember, the church will observe the Lord's Supper at the close of the eleven o'clock service. "Every one is cordially invited to come worship with us," says Rev. Poe.

Mr. and Mrs. Travis Foster have returned home after an extended visit in California.

Mrs. C. V. Aiken and daughter, Billie Ruth, of Cisco, were visitors here Sunday. Billie Ruth is a student at Cisco Junior College.

Mrs. M. R. Goodman returned home Monday after a several weeks visit with relatives in Plainview.

Carlton Powell and E. D. Priest of Abilene visited here Saturday.

Mrs. Clyde Beeler visited friends in Brownwood the past week.

Mr. and Mrs. Fonia Worthy were visitors in Coleman Sunday.

Anderson Barr visited his sister, Mrs. Dorse Harris of Bayou Wednesday.

RISEING STAR COUPLE HONORED ON GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. J. Perry Montgomery of Rising Star were honored on their Golden Wedding Anniversary Tuesday, October 1, when a large group of friends and relatives gathered in the home of the couple to celebrate with them completion of fifty years of married life together.

Mr. and Mrs. Perry Montgomery are double cousins of Mrs. Mamie Swafford and are friends of long standing of Mrs. Chas. Taylor and many others of this place. Both Mrs. Swafford and Mrs. Taylor attended the reunion.

At noon a beautiful lunch and barbecue was spread on tables beneath giant sycamore trees near the house.

Eight of the couple's nine children were present. They were: Mr. and Mrs. Milton Montgomery and children, Mary Ellen and Willard of Sylvester; Mr. and Mrs. Oscar Montgomery, Rising Star; Mr. and Mrs. W. L. Swafford and son, J. C. of Lorraine; Mr. and Mrs. Melvin Montgomery of Bishop; Mr. and Mrs. Cecil Montgomery and child, Edward of Cisco; Mrs. Homer Howard and family of Tarzan; Mr. and Mrs. Earl Montgomery and children of Bishop; Mr. and Mrs. Harold Mant-

GREATER DRIVE TO BE STAGED BY RED CROSS IN ROLL CALL

Membership double that of last year will be sought by the Callahan County chapter, American Red Cross in the annual roll call opening on Armistice Day next month.

Announcement of the greatest roll call in the history of the organization has been made by the American Red Cross. Farmer is county chairman and...

Chairman of the local chapter. Last year, with only a skeleton force in the nation, the Red Cross aided more than 3,000 men in uniform in their social and economic problems.

With an army of more than 1,000,000 imminent, the organization will need heavy increases to meet proportionate needs in its field offices in military posts, Farmer emphasized.

Regular work, in disasters, nursing service in both urban and rural sections, and war relief production of clothing and surgical dressings must continue, it was stressed.

\$60,000,000 Boom In Cotton Is Forecast

Austin, October 11.—A forecast that 1940 cotton sales would boom 60,000,000 above last year came today from Dr. A. B. Cox, University of Texas economist who has asserted the governmental cotton policy has blocked U. S. cotton from foreign markets.

Consumption, he said, would be limited mostly to domestic use, including national defense demands.

ANOTHER BUS FOR CITY

Cross Plains will receive new business institution. The Review learned, O. F. Maggert, has rented a building where a store is now located, and the building is vacated.

Mr. Maggart will open every store.
