

\$1,000 WORTH of New Silks

We have just received more than \$1,000.00 worth of our New Fall Silks. Every color that the heart could wish: this is the greatest array of pretty silks that you have ever had the pleasure of looking at in Cross Plains. Tricollets, Satins, Georgettes, Taffetas, Crepe-de-chiens, Silk Poppins, Pongees and other new silks that we don't know the name of. And you will find these priced a great deal lower than they have been.

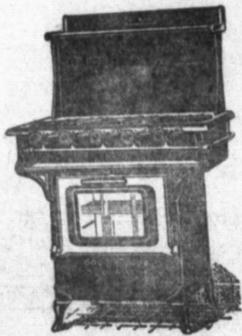

Ladies' Pumps and Oxfords

are still selling at reduced prices. Also, all Ladies' HATS are being sold at Half-price and less.

Groceries Groceries

We are headquarters for everything in the Grocery line. A brand new Car of Cotton White Flour

It's the kind they are using at the bakery to make that good bread, cake and buns. Try a sack and be convinced of its fine bread making qualities.

This Is The Stove

that is nearer like a Gas Stove than any thing you can buy. It burns Oil or Gasoline and has no wicks to get out of order. Let us demonstrate this stove for you.

THE CROSS PLAINS REVIEW

CROSS PLAINS, TEXAS, FRIDAY, AUG. 6, 1920

No. 23

IT IS YOUR DUTY - A PRIVILEGE TO HAVE A BANK ACCOUNT

The man in whose judgment you have confidence, the man who stands for progress, accomplishment, in your community invariably has a bank account.

It is not difficult to have such an account. The hard part is the part we make that easy. If you would enter the ranks of the citizens you should start an account NOW.

BETTER THAN AVERAGE

Cross, local thresher man, came in from threshing for the week. He states that the average yield for wheat, according to his estimate, is fifteen bushels, and for corn, thirty to the acre. The writer returned from a trip to East Texas, and from observation, even the renowned country of Denton will not exceed this yield if it will measure up to grain is light all the way to Alabama line going northeast. It is to be better on the Plains.

After Hilborn Road

is raising funds with which to build a road from that to the Hilborn field. The Co. promises to raise as much as Cisco. Cisco is about ten miles from the field, Cross Plains eight, and Rising Star a little less. Are we going to let Star and Cisco get full credit from this field right at our

number attended the Bailey and speaking at Coleman.

riage of Dressy Couple

ward Burn and Miss Lena both of Dressy, were united in Brownwood on Saturday and left immediately for on their honeymoon trip. Contrasting parties are young well known, having been in the Cross Plains country, being a daughter of Mr. J. L. Ferrell, and have the best wishes of everybody and happy married life.

LETTER FROM NEW MEXICO

Mr. L. P. Henslee,
Dear Sir:

Enclosed find \$1.00, for which send your paper to N. L. Pinkston, Melrose, New Mexico. We left Cross Plains July 3, and arrived at my brother's at Melrose July 14, being on the road eleven days. We saw lots of good country and fine crops, also the best grass I ever saw. One thing the Plains is noted for is its good water. We had a very nice trip, the roads were good except about one day's travel. Stopped at Slaton just upon the Gap Rock, the night of the ninth, and on that date it certainly did rain. Crops were good in that section, but a little late here.

The next day after we arrived we all took a thirty mile trip north, up in the wheat belt. They have just begun to thresh, ten or twelve trucks pass every day hauling wheat to town. The land is a good grade of sandy loam. Have seen land in Texas not as good grade of land as this, sell from \$50 to \$100 per acre, and good land with very good improvements can be bought from \$15 to \$25 per acre, and the people that think New Mexico is a regular desert, wish they would come out and see the products they are still hauling to town of last year's crop.

We had a good rain yesterday, which, people say, will insure a good crop. Land is advancing fast, and to the people that expect to ever come here to get a home, I advise them not to wait too long, as land has doubled in value the last two years, and is still advancing, but I think it is cheap at \$20 per acre. I am well pleased with the country, and if I had words of money, would spend it for land in New Mexico.

C. M. Pinkston.

BLANTON'S VICTORY NOT PLEASING TO AMERICAN FEDERATION OF LABOR

Abilene Man Said to Be at Head of Black List of Gompers Bunch

Washington, D. C., July, 1920. The renomination of representative Blanton in the Abilene district comes as a bitter disappointment to American Federation of Labor officials, who regarded the Abilene Congressman as the worst foe of organized labor in Congress.

The Texan was at the head of the Federation's nonpartisan "black list" of Congressmen and Senators whom it sought to defeat. Blanton's contest was being watched from Washington, for it was believed here that organized labor was trying harder to defeat him than any man in Congress. Had he failed of renomination it would have been regarded as a victory for the American Federation of Labor and would have served notice that the federation must henceforth be taken into calculations as an organization capable of cracking the whip over its political enemies.

No less disappointed than labor officials were officers of the Federation of Clerks, an organization of Government employes which had resented Blanton's attitude toward the thousands of clerks employed in Federal bureaus and departments here.

Frank Morrison, secretary of the American Federation of Labor, who gave out statements attacking Blanton during the pre-primary campaign would make no comment.

"It was the nomination campaign was it not?" he asked.

He was informed that the Democratic nomination in Texas is regarded as equivalent of election. Morrison's tone, however, indicated that the fight on Blanton may be resumed in the general election.

Childs - Snow

Henry Childs and Miss Bertie Snow, the latter of Bangs, were married in Brownwood on Saturday. The groom and bride are both well known in Cross Plains, Mr. Childs having lived in this country for a number of years, and the bride a few years north of town, where she owns a farm. They have many friends who wish them much happiness.

Robert Forbes and family are on an extended visit and prospecting trip to New Mexico.

Buys Property Here.

C. R. Duncan and wife of Wayland in Stephens County left here on Sunday after spending a few days with L. C. Duncan, a brother. Mr. Duncan bought a home from his brother, the white house just north of Mr. L. C. Duncan's place.

A Luscious Crop This.

Uncle Jack Mathis reports the sale of about seventy-five dollars worth of watermelons from a small patch on his place in the east part of town. Just a little side line with him. No hauling to market; he sells them from his yard and patch. The melon crop is not great this year, but is not a failure by any means, what it lacks in quantity it is making up in lusciousness.

P. J. BUSH NO. 1, SOUTH-WEST OF HILBORN, EXPECTED DAILY TO COME IN

This Well's Success May Augur Much for Cross Plains Oil Field

The Hilborn oil field seven and one-half miles northeast of Cross Plains is proving to be the biggest thing in oil development for this community so far reported. The Hilborn No. 1, brought in in January, was shot on the 3rd of August with 240 quarts of nitroglycerine. At this writing it is not known how much the flow was increased. It was shot to see if its production could not be brought up to that of Hilborn No. 2, the sensation of the field.

Everybody to the southwest is watching with no little interest the outcome of the P. J. Bush No. 1, one-half mile southwest of the Hilborn No. 1, which is expected in any hour. If it comes in a big producer, the territory between the Hilborn and Cross Plains will be more or less proven, as the Vestal five miles southwest of the Hilborn and two miles northeast of Cross Plains is a paying well.

Hilborn No. 2, one-half mile south of No. 1, is still making first reported big production.

Hilborn No. 1, half mile north, is second best well in the field.

Shook No. 4, 1-2 mile west, an offset to the Cade land, is drilling at about 3000.

Many new rigs are being erected back towards Cross Plains.

The original Vestal well is still improving, making more oil all the while.

The Consolidated C. E. Barr, drilling at about 2100.

The Greenlee, T. J. Harris, drilling at about 1900 feet.

The Templeman, J. H. Lee, at about 1700 feet.

The L. P. Litzinger J. N. Gooch, near Pioneer, shut down a t 1840 waiting on underreamer. This well, three and one-half miles southwest of Hilborn No. 1, has fine prospects of being a big producer.

A Good Woman Passes Away

Mrs. Minnie Reed Randolph, wife of Mr. Reed Randolph, and daughter of Mrs. Martha Pate, of Cottonwood, age twenty five years, and five months, died in Cisco, July 20, 1920, and was buried in the Cross Plains Cemetery July 21.

C. C. Tyler and Mr. Stucky Methodist Pastors of Cross Plains, and Cisco, conducted the funeral services at the grave.

To the bereaved husband, mother relatives and friends, we extend words of comfort and sympathy.

C. C. Tyler.

A good piano for sale.

Mrs. Jim McGowen.

McDaniel-Bond

Buel McDaniel, son of Mr. and Mrs. Wade McDaniel of this place, and Miss Modelle Bond, niece of Mrs. E. Lamar, were married on July 24, in Abilene, the home of the bride. The young couple will make their home on the Wade McDaniel farm, where the groom has a crop pitched. We join their many friends in extending

WHY NOT HAVE A NEFF CLUB? METHODIST LOCAL ACTIVITIES

It is in order just now, for those that constitute what we are pleased to term the progressive and forward looking element of the Democratic party to meet and form a "Neff for Governor Club." Neff carried this box by only a few votes over Bailey, but the chances are, if the citizens will awake and come out to vote, that he will have an easy victory on the 28th. We will suggest that those interested see if a meeting cannot be arranged in Cross Plains on Saturday afternoon.

Paschall-Nunn.

Omer Paschall and Miss Evelyn Nunn were married at the home of Mrs. Lizzie Day on Saturday afternoon. Esquire A. J. Mathis performing the ceremony. The bride is the eldest daughter of Mr. and Mrs. Will Nunn of this place. The groom has lived here for a number of years and is a young man of

Rev. J. W. Hunt, pastor of St. Paul's Church, Abilene, will preach at Dressy, next Saturday at 11 a. m. and hold our third quarterly conference immediately after services. Our meeting starts at Dressy Sunday Aug. 1, at 11 a. m. Rev. R. O. Sory of Rising Star will do the preaching.

Rev. J. W. Hunt, of Abilene, will preach at the first M. E. church Cross Plains, Sunday night August 8th at 8.30. The public in general is invited to attend all these services.

C. C. Tyler, pastor.

PREPARE TO HELP HANDLE TEN MILLION BALES OF COTTON THIS YEAR

The Government estimates this year's cotton crop at ten million bales. Prepare to help handle this enormous crop. It requires from four to six weeks to quality. If you act quickly you can be ready. We have the largest and best equipped Sample Room in the state, with a solid glass wall on the north to afford light. This room was constructed especially for teaching the cotton work. There being such a difference in the grades of cotton and with the ever increasing demand for help along this line, young men and women should prepare themselves immediately. When we say women, we say so based on the fact that there are several women taking our cotton classing, realizing what an opportunity is open to them and the State admits women to the Cotton Examination the same as men.

A special summer course is given for \$40.00, including tuition, samples and material for Cotton Grading. In order to get in time to prepare for the coming cotton season, write, wire or phone for information and our free catalogue.

CONVICT PARDONED PAPER TWO CENTURIES OLD

Texas, Aug. 5, "Uncle" Grist, who was granted a full pardon from the Board of Pardons and Parole, recently granted a full pardon to a convict who had been in the penitentiary for thirty-five years upon his conviction in 1840 with the killing of a man in Callahan County, was today and personally granted the Governor for clemency to him. He also thanked the members of the Board of Pardons and Parole for recommending the pardon.

New Oil Territory Opens.

The report comes from Carbon to the effect that the Puett well, some three or four miles south of that place, on the Carbon and Rising Star road, came in a day or so ago and the most radical report reaching this office is to the effect that the well is making upward of 250 barrels of oil per hour.

The Puett is in the general direction of Rising Star from Carbon, and is probably within ten or twelve miles or less of the Hilburn pool, which is located six miles northwest of Rising Star.

Allowing that this report is true, a huge strip of territory will have been added to what is termed a semi-proven acreage.—Free Press.

Mrs. Tom Anderson has returned home from Rock Springs, where she has been visiting her mother, Mrs. Benskin.
