## Home Town Gossip

House, who writes a column many weekly and small newspapers, is an interesting man at any time and occasionally, in his opinion, rings the bell with something really good. In his column the past week he calls attention to what we have long thought is one of the most profligate practices in this country—the practice of the trucks from out-of-town grocery stores with bread that is within a day or two haul away to be disposed of in some way. We never knew just what was going on with it, but House says it is fed to hogs. Now, since it is on and our government is dragging everyone to practice economy and food cannot be allowed to continue? Old-time readers of this newspaper will remember that flour was rationed during the first World War and many were obliged to eat cornbread against their wills. If you ever gave a thought, how long it would take until flour is rationed? Then, here is an angle. If you have ever given a moments thought you realize the economic loss in hauling bread from Fort Worth and other large cities to Cross Plains, using man power, gasoline, and burning up rubber when we have a bakery right here that could supply the local demand for bread without the use of tires, gas or any of the things essential to the government in prosecuting the war. In all forms of any size at all there is a bakery. These bakers could, each week, determine exactly how much bread it takes to supply the home and left-over bread to hogs would be a thing of the past. You believe we are right and you believe Mr. House is right, this investigation of the matter may be able to help by sending a letter to Leon Henderson, national price administrator, Washington, D. C., and send a copy of it to your Congressman and Senator. You don't want your flour rationing is time to start doing something about it. Up to 60 days ago we were repeatedly told that there would be no rationing of sugar. He said it couldn't happen here. We have sugar rationing. If we continue to waste our wheat flour, is it not logical to conclude that flour will also have to be rationed? Remember, in this war we are our own army but dividing resources with all allies. Think over.

is the way Mr. House sizes the situation: "The trucks, loaded with bread that was going to be fed to hogs, are seen in a single day recently being east of Dallas. No doubt a large number of such trucks had been counted on the ways leading west, north and south from that city. Multiplying this by all the cities, large, medium and small in Texas, you have thousands upon thousands of loaves of bread being fed to hogs weekly—at a time when flour, sugar, yeast, milk and anything should be conserved for fighting forces and the civilian population forming the second line of defense. Consider the electric power (vital to national defense) of the manpower (which is even more vital) that were consumed to produce this mountain of virtually wasted bread. Why does this situation exist and what something is done about it? Self of Terrell, president of the Independent Bakers Association of Texas, has an explanation for the situation—and his organization of a solution. The cause, he declares, is that the baker serving a grocery store puts out his competitors in the size of the pile of loaves he stacks on the store table, on the theory that the bigger the mound of his bread, the more likely the customer is to buy that brand. The result is that each baker leaves far too many loaves because he feels he must make this showing in order to attract the customer's eye. But the grocer gets the bread on consignment—he pays only for the loaves he sells. Next morning, the baker's truck comes around and collects the unsold loaves—and these represent the bread, that by hundreds of truck loads, is disposed of for almost nothing as food for hogs and for similar uses. The remedy? Self says it is for the grocer to pay for all the bread he gets. In this war, the merchant (Continued on back page)

## Cross Plains Trails In Bi-District Cage Series

### DUBLIN LADS BEAT HERD 30-29 HERE ON TUESDAY NIGHT

Visitors Score In Last 40 Seconds To Take First Of A Three Game Series

Dublin defeated Cross Plains 30 to 29 here Tuesday night in the first of a three game series to determine the bi-district basketball champion for districts seven and eight. A second game of the series was to be played at Dublin Thursday night. In the event a third game is necessary it will be played in the Howard Payne College gymnasium at Brownwood Saturday night.

At the end of the first quarter the visitors were leading eight to six. In the second chukker, however, the Dublin lads really began clicking and at the half time were ahead 20 to 11.

Cross Plains came back in the closing half and made a desperate fight to overtake the visitors lead, and in the last three minutes surged ahead 25 to 24. The lead was exchanged three times with Cross Plains still out in front by one point with only 40 seconds remaining. At this juncture, however, Grissom swished the basket to put Dublin ahead, sewing up the ball game.

High scoring honors were divided between Joy, of Cross Plains, and Grissom, of Dublin. Each boy accounted for 14 of his team's tallies. The Buffaloes will go to Dublin Thursday night with the resolve to overcome a home court advantage and put themselves back in the running for the bi-district championship. It is conceded, however, that Dublin has a strong advantage when playing at home due to the fan-shaped backboards to which they are accustomed as well as a number of other new innovations which their ultra-modern gymnasium possesses.

Tuesday night's game was refereed by Nat Williams, Ballinger school superintendent. Starters for Cross Plains were: Moore and Joy at forwards, Scott at center, Coppinger and Pillans at guards. Robbins was the only other local lad to see service. He was substituted twice, once for Moore and once for Joy.

Pre-nuptial music was furnished by Misses Dorothy and Doris McIntosh, who sang "I Love You Truly." They were accompanied by Genia Sprinkle, who played the wedding march and "Leibstraum" during the ceremony. Mrs. Straley is attending Howard Payne College. She was graduated from Cross Plains high school with the class of 1938. The bridegroom, son of Mr. and Mrs. W. L. Straley of Oplin, is a graduate of Oplin high school. The couple will make their home in Brownwood.

### Dolph Long Laid To Last Rest In Local Cemetery

After an illness of several months, Dolph Long, 56, succumbed Thursday, February 12, in the home of Mrs. Fannie Robinson, in Cross Plains.

Funeral services were held Friday afternoon, February 13, at four-thirty o'clock at the Church of Christ, with Minister Harper, of Burkett, officiating.

Survivors include the wife and three children, Calvin Long, of Fort Bliss, El Paso; Mrs. Levi Bennett, of Cottonwood and Earl Long, of Louisiana, as well as a host of relatives and friends.

### DOYLE BURCHFIELD BUILDS NEW HOUSE

Doyle Burchfield is completing a five room house on his place between here and Burkett. The house, six miles southwest of town on the Coleman highway, was torn down and the new structure built on the same location. It will comprise five rooms and a bath.

In the dwelling razed Mr. Burchfield recovered a number of wrought iron nails, which went out of general use more than 40 years ago. He showed a few of the old time nails to friends in Cross Plains this week; very few of the younger men had ever seen such nails before.

Mr. and Mrs. Burchfield plan to move into their new home about the first of next week.

LeRoy Butler returned to his home here Wednesday, from Freeport, for a few days visit.

### TREASURY SUGGESTS BOND BUYING PLAN

The Treasury, asking every income-earner to invest regularly in defense bonds and stamps, Saturday night proposed this general "yard-stick" for savings, with the understanding that earners without dependents could do better, while those having dependents might not be able to do as much:

\$ 10 to \$ 15	\$ .50
\$ 15 to \$ 20	\$ .75
\$ 20 to \$ 30	\$ 1.25
\$ 30 to \$ 40	\$ 2.00
\$ 40 to \$ 50	\$ 3.00
\$ 50 to \$ 60	\$ 4.00
\$ 60 to \$ 80	\$ 6.00
\$ 80 to \$ 100	\$ 8.00
\$ 100 to \$ 150	\$ 12.00
\$ 150 to \$ 200	\$ 18.00

### Nancy Henkle Is Bride Of Leland Straley Tuesday

Miss Nancy Henkle, daughter of Mr. and Mrs. J. E. Henkel of Brownwood, formerly of this city, and James Leland Straley of the 142nd Infantry, Camp Bowie, were united Tuesday night, February 10, at 9:30 o'clock at the Coggin Baptist church by Dr. Karl H. Moore, pastor of the First Baptist church.

The bride's twin, Bob Henkel, was best man, and Mrs. J. L. Bradford was matron of honor. J. L. Bradford and David Henkel, another brother of the bride, were ushers.

Three tall baskets of gladioli, stock, and heather in pastel colors decorated the altar. Background was formed by palms, and tall white candles, which were lighted by Miss Mildred Bradford, completed decorations.

The bride wore a dusky pink crepe dress with a pastel coat. Her ensemble was completed with a matching felt hat, white gloves, and other accessories in navy. Her corsage was a white gardenia.

Mrs. Bradford wore a blue print silk dress with a navy redingote and light blue accessories; pink carnations formed her corsage.

Pre-nuptial music was furnished by Misses Dorothy and Doris McIntosh, who sang "I Love You Truly." They were accompanied by Genia Sprinkle, who played the wedding march and "Leibstraum" during the ceremony.

Mrs. Straley is attending Howard Payne College. She was graduated from Cross Plains high school with the class of 1938. The bridegroom, son of Mr. and Mrs. W. L. Straley of Oplin, is a graduate of Oplin high school. The couple will make their home in Brownwood.

The youth was the son of Mr. and Mrs. H. L. Shipp of Cross Plains, both of whom survive. He had been in the U. S. army two years.

He was born in Galveston county October 22, 1921 and was at the time of his death 20 years, three months and 23 days of age.

Other than his parents the youth is survived by four brothers, Walter Jr., Shipp of Grand Junction, Colorado; Willie, of Fort Worth; Riley and Jack, of Cross Plains; six sisters, Hazel Mae and Katherine Wilson, of Waco; Mrs. Henry Fox, Cross Plains; Mrs. Nolia Marshall, Ashola, Texas; Mrs. Oma Marshall, of Amburst; Mrs. Areola Dial, of Grand Junction, Colorado, and a host of close friends and relatives.

### Doris Nell Gray Bride Of Soldier Saturday Evening

Miss Doris Nell Gray, daughter of Mrs. W. J. Gray of Cross Plains, became the bride of Hubert V. Jones, of Camp Bowie, in a quiet, yet impressive, single ring ceremony at the First Methodist church here Saturday evening at nine o'clock. Rev. C. D. Wooten, Methodist pastor, officiated.

The nuptial was the culmination of an extended romance, and although not publicly announced did not come as a surprise to the many friends of the popular young couple.

The bride is a graduate of Cross Plains high school having finished with the class of '39. She later attended McMurry College and for the past 18 months has been employed at Adair's dry goods in the ladies-ready-to-wear dept. Doris Nell, because of an exceptionally winning personality enjoys a vast circle of friends and was extremely popular in both high school and college.

The groom is the son of Mr. and Mrs. Jim Jones of Marshall. He has been stationed at Camp Bowie for the past 18 months, however, Monday afternoon he was transferred with his company to Fort Blasing, Florida. "Scout" as he is favorably known by members of the younger set in Cross Plains is a graduate of Marshall high school, where he was quite prominent in extra-curricular activities.

For the ceremony the bride wore a navy blue dress suit, trimmed in white lace with navy and white accessories. The couple were attended by the bride's sister, Mrs. Herbert Freeman and Mr. Freeman.

Friends of the couple are wishing for them many years of marital happiness.

### MOTOR INN SOLD AND WILL BE MOVED AWAY

Claude Mayes sold his Motor Inn cafe in Cross Plains Monday afternoon to Clarence Cleere of Brownwood. The establishment will be moved to Kileen, where an army camp is now under construction.

Mr. Mayes plans for the future were not immediately learned.

### PRATER ON STAND IN MURDER TRIAL

Testifying that he was constantly in fear of bodily harm and for his life, Edgar Prater took the stand in his own defense Wednesday morning in his trial for the fatal shooting of Cecil Moore, on a farm near Cross Cut June 21, 1940. The case is being heard in Brownwood.

On questioning by Gib Callaway, attorney for the defense, Prater told of trouble he had with Moore at various times. He told of the trouble starting soon after the Moore family bought a farm adjoining his in 1918. The trouble arose over water from the Moore place running on the Prater field.

The trial is the second to be held in Brownwood following the fatal shooting of Moore. It will likely be the latter part of the week before the matter is placed in the hands of the jury.

Mrs. Sanford Mason, of Coleman, was a visitor here Thursday.

Mr. and Mrs. H. A. Young were in Wichita Falls Thursday to attend the funeral of Mrs. Young's brother-in-law.

Mr. and Mrs. Marshall Willis of Sweetwater, visited in the home of her parents, Mr. and Mrs. W. M. Freeman, the past week end.

### DRAFT BOARDS SOON TO BEGIN STUDYING LATEST INFORMATION

20 To '44 Group Classifying Will Be Undertaken By Boards In Near Future

157 men between the ages of 20 and 44 were registered for military service here Monday. Registration was held in the high school building under the guidance of S. F. Bond, local chairman, assisted by members of the school's commercial classes.

The registration was the third to be held throughout the nation since the current emergency presented itself. Previously men between the ages of 21 and 36, and those who had just become 21 had been held.

Although no accurate figures were available it was predicted that approximately 1,000 men would be registered in Callahan county Monday.

Draft boards will soon begin considering the information received as a result of Monday's registration and begin placing the new group into proper classifications.

### Fort Worth Stock Show Boosters To Be Here March 6th

Fort Worth civic leaders, traveling by special bus, will arrive in Cross Plains at 3:25 p. m. on Friday, March sixth, for an annual good-will tour in the interest of the southwestern Exposition and Fat Stock Show, set for March 13-22.

The visitors will remain in Cross Plains for 10 minutes to present a program and extend special invitations to the Fat Stock Show and Rodeo.

Eight such invitational tours for the Fort Worth show are being conducted this year under the auspices of the trade extension committee of the Chamber of Commerce. The leaders include Ernest Allen, committee chairman; Homer Covey, general chairman of trips; Charles G. Cotton, trade extension manager, and Boyce House, special days director for the Stock Show.

Sandy Johnston's Stock Show Troubadors will provide music over a public address system in the special bus. Tommie Thompson is the master of ceremonies. Kenneth Waite, clown, will provide amusement for the crowds in the towns visited.

Local citizens will be invited to set a special day and get up a delegation to visit the Stock Show. They will be asked to bring their horses, wagons, buggies, or any old horse-drawn vehicle and enter the Stock Show parade on March 13.

### METHODIST TO OBSERVE LAYMEN'S DAY SUNDAY

**TEA FROM YAUPON BUSH**

A shortage of tea looms, because of war in the Pacific. Most of our tea comes from Ceylon. A shortage of ships, and the threat of Japanese naval and air forces in the long lanes of commerce in the Pacific, may result in the gathering and culture of several varieties of yaupon, which thrives in Central Texas and through much of the Deep South. Yaupon is a member of the Ilex family, which by mountain people of the Carolinas has been used as tea for generations. The Indians of the South brewed a black tea from yaupon leaves used in their ceremonials. During the Civil War tea from yaupon was widely introduced. Although the tea plant of India and China does not belong to the same family as yaupon (holly), the two have similar uses. It is not unlikely, however, that the tea plant may also become a crop in parts of the mountain South if the shortage continues.

**Citrus Byproducts**

California citrus growers have added considerably to their net income by converting former waste materials—peeling, under or over-sized fruits—into commercial products. Recent figures show that processing into stock feed, pectin, syrups, aromatic oils and essences, now amount to 15 per cent of the entire annual crop.

**Syrup From Roses**

Because of the shortage of sweets, syrups and fruit juices in Britain, scientists in London have developed a process for making syrup from rose hips. The latter is the name for the fleshy seed pod of roses, belong to the same family as apples. The syrup or juice has all the tang of boiled elder plus aromatic proportion pleasant to the user.

**DEFENSE BONDS MEAN MORE TROUBLE FOR THE JAPANESE**

One 10c defense stamp will pay for five cartridges for a marine.

One 25c stamp will buy a dozen bandages or one mess kit for the Army.

One 50c stamp will buy twelve yards of barbed wire for the Marines or a beanpot for the Navy.

One \$5 stamp will buy two log splints while two of the stamps will buy two steel helmets.

Such were a few of the items which defense bonds and stamps will procure for the armed forces of the nation.

In the Army \$6 will purchase an antitank shell; \$10 will pay for a tent; \$1,000 for a reconnaissance car and \$15,000 for a pontoon bridge.

In the Marines \$18.75 will get a field telephone; \$184 is the charge for a submachine gun while \$240 will fire a 50 caliber antiaircraft machine gun 1,000 times.

An \$18.75 defense bond will buy a flying jacket in the Navy, \$85 will suffice for a pair of binoculars and will buy a propeller for a training plane.

If your dollars go into the United States Air Corps \$150 will get a parachute, \$5,400 will purchase an aerial camera, \$5,400 will pay for a barrage balloon and if you've really got the dough, \$137,000 will pay for one fighting pursuit plane.

The Coast Guard too, were included in the compilations. \$30 will get a breeches buoy, \$40 will buy one cannister and \$3,955 will buy a radio communication truck and equipment.

NEWS BRIEFS OF BYC

Little Squibs Gleaned From Fil

November 9, 1917: While working with C. E. McGee's peanut thresher last Sunday afternoon Preston Armstrong had a very painful and serious accident. He was on top of the separator and accidentally got one foot caught by the cylinder, dragging him over and the other foot into the machine, almost tearing his left foot into shreds and badly bruising the other foot. The sudden heavy load on the machine caused the belt to fly off which probably prevented a more serious accident.

December 7, 1917: Earl Dennis who left here two weeks ago in company with Bill Ogilvy, has sent word to his folks that he is in the infantry at Camp Travis. He took the examination for the aviation corps, but failed to pass.

Charles Mitchell left Sunday for Fort Worth, where he went to enlist in the army. He returned on Tuesday, failing to pass the physical examination.

December 7, 1917: Quite a number of soldiers from Camp Bowie were here Thanksgiving, among them being Jim Helms of Burkett, and Todd Baucum, of Cross Cut, Claude Willis of Leon Springs Training Camp is visiting his parents at Cross Cut. Claude has won his commission as second lieutenant.

Jim Helms states that he is still anxious to go to France. He also said that his whole company would be bitterly disappointed if they didn't get to go. He said when he joined the National Guards, which has been merged with the regular army, that was enlisting in order that he might go to France.

December 7, 1917: N. W. Dennis has bought the W. H. King's home on west Eighth street. Mr. King and family have moved to Mineral Wells, where their boys have been at work for some time. Mr. Dennis had already made arrangements to move to town and work A. J. Mathis farm next year.

September 28, 1917: B.H. (Broad) Bann died at his home at Stamford, 1:15 a.m. Sunday, of typhoid fever, and was buried in the family cemetery at Cross Plains on Monday afternoon. Rev. C. O. Kidd, pastor of the Methodist church, conducted the services. The deceased was a young man, thirty-five years old, and was reared in this country, where he had many friends. He had been living at Stamford for several years, where he worked in the railroad office. He was married to Miss Daisy Henderson, of Coleman county. He leaves no children. He was a son of Mrs. C. B. Bann of Dressy. He was a consistent member of the Methodist church.

September 14, 1917: Eugene Wesley, youngest son of Mr. and Mrs. J. W. Wesley of this place, some few days ago joined the navy and on Saturday received notice to appear at once in Dallas for duty. He volunteered at Cleburne, he and Charley Burkett, of Burkett, going together, the latter being turned down on account of his eyes. Eugene enlisted as a fireman, and will now draw \$30.00 monthly. He has several kinsmen already enlisted in the navy. He would not have been drawn in the draft for some time. We congratulate him on his volunteering, and unite with the many friends of the family in wishing him every good fortune.

### Fred Purvis Writes

The Nazis in Germany have laid out their plan To conquer the world and rule all the land Set up their dictator for nations to see And bow to his wishes from sea to sea. To obey and worship this mighty brute This blood thirsty Octopus demon of loot, Hitler is the name of this Devil in power God save the countries he seeks to devour. Since coming into power in the year '33 Has built a mighty army that is frightful to see, Poor Poland the first he had on his list Fell quickly with the aid of the fifth columnists, Then France and others soon fell to their knees No chance to compete with his deadly army. After crushing these nations according to plans He gathers his forces and makes other demands But England sits tight with hands on her gun With trigger fingers itching for a chance at a Hun "Alert" every signal now for Freedom at stake, Don't shrink for a moment it might be to late Soon the hum of the bombers these men can now hear And the signal is flashed that enemies are near, For out over the waters these watchers now see The destroyer of Life-Home and Liberty, The roar of the motors are now over head And the defenders of Britain are throwing their lead Bombs falling, fires raging, shells bursting in air The groans of the dying are heard here and there; This battle goes on from hours to days On comes these deadly bombers in waves after waves When the guns again are silent and the Siren sounds all clear among the debris of fallen buildings Mothers searching for Children dear; Hear the shriek of a poor mother As she finds her only babe With little arms torn from the body With the bombs old Hitler made, The day is coming Adolph But the day no one can tell You'll be found with the Devil In the bottomless pits of Hell, There you'll pay for lives you've taken Innocent children while they sleep For in God's word we find this scripture What you sew you will surely reap, In a land across the ocean, From this war torn battlefield Is a land that stands for Freedom To Nazism they will never yield, Uncle Sam has called "Attention" To his men, resources to And has cried all aid to Britain, So across the waters our airplanes flew With the aid of Uncle Samuel Britain met him in the air Then his bombing expeditions Grew less frequent every where Now this invasion planned for Britain Just would not materialize For the British fought like demons For their Liberty they would sell their lives; He calls a halt on this invasion The word goes out at his commands That a conference was forth coming For another list of plans, Then he whirled on mighty Russia Knowing not the power within, With instructions to his army To bring Stalin to Berlin, On he went with tanks and bombers Gaining ground from day to day Crushing all the opposition That should come across his way, As he pillaged, killed and captured Moving forward every hour Stalin's men were backing slowly Bleeding Hitler of man power "On to Moscow" shouts his generals As this mighty machine rolls on, Crushing bodies of wounded soldiers From the loss of blood, could only moan, The U.S.A. the land of plenty Knowing too well how Russia's being drained Of munitions of war and her resources So its time to stop old Hitler's gains Who will fight this cruel beast of prey Who cares not, for God and manhood "Only "Power" to come his way, As our mighty tanks and bombers Arrived on Russia's battle front Hitler gasped and shouted "Onward" But his army failed to jump, His men were falling by the thousand How they wavered here and there Artillery roaring, machine guns popping And bombs falling from the air, "Whazza Mat Adolph" says Musso Your plans again are about to flop, For on this battlefield near Moscow Hitler's army has been stopped, Again Adolph's wrath is kindled As he calls for men more men But as he sends up a fresh division It seems to vanish with the wind, Stalin's men were standing firmly Not another inch would give, Then the Huns decided quickly No man can face that line and live, "About Face" hear the orders As they come down the line And again the orders given "Forward march and double quick time," Now this irresistible army Could never be stopped so Hitler claimed Is now being driven from Russia Badly crippled and badly maimed And again we hear from Musso For Hitler promised him this and that Why are you leaving Moscow Adolph Why me quickly "Whazza Mat"? Mountain itler has no time to answer continues, or the dirty lies he told, California) he calls his pushers added cons he must have aid and have it quickly come by he puts the pressure on Japan, materials pan has orders from this ruler check this aid to Germany's foes the guns and supplies that we are sending are wrecking his nerves from head to toes, The little Jap being an obedient servant Of this mighty great "I Am" Feels secure with the aid of Hitler In attacking Uncle Sam So the dirty plans were in the making Men were sent to Washington To make believe they wanted friendship And not to face our gallant sons, While this conference was in session These sneaking coyotes danced with glee While planes were being loaded

### NIMROD BOY NOW IN AIRCRAFT TRAINING AT SHEPPARD FIELD

Private Burnett C. Porter, son of Mr. H. T. Porter of Nimrod, route two, has enrolled in the world's largest Air Corps Technical School at Sheppard Field, Texas, where he is working toward a rating as an aviation mechanic.

Private Porter, attached to the 417th Technical School Squadron, began class work February fourth and is scheduled to be graduated in June. He attended Cross Plains high school.

At present, he is in the first phase of school and is studying basic material. Before he qualifies as one of the eight specialists necessary to keep one plane in the sky, he will have undergone intensive training designed to give him a complete working knowledge of the battle birds.

### MAC ARTHUR'S GIFT TO JAPS USED AGAINST HIM

WASHINGTON — Japanese troops are using equipment General MacArthur mercifully ordered sent to Japan after the great earthquake of 1923 to attack his army on Bataan Peninsula recently.

"Several of the specially built barges which the Japanese used in attempting landings on the west coast of Bataan have been captured," the army disclosed in a communique.

"In them were lifesaving and other equipment marked 'United States Army transport Merritt.' This equipment was part of the relief supplies given to Japan by the United States after the disastrous earthquake and fire which devastated much of Japan in 1923.

"In this connection it is interesting to note that these supplies were loaded on the army transport Merritt in Manila for shipment to Japan under the direction of Brig. Gen. Douglas MacArthur, then commander of the Philippine Scouts Brigade."

Rev. R. G. Rieberg of Big Spring, visited friends here Sunday. He was formerly pastor of the local Baptist church.

For a trip to Hawaii. To Pearl Harbor shouts the commander While Uncle Sam is sound asleep Destroy all Hangers, blow up their batteries And above everything sink their Fleet. The U.S.A. was really sleeping When these bombing planes arrived They could not believe the Japs were on them Until they came swarming from the skies. No chance now to repulse these bombers With men absent from their guns This cowardly deed was quickly done. Planes destroyed by the hundreds Hangers were taken, warships sunk Japan in a very brief period (only junk). Japan we admit that this thing stunned us But just now our minds are clear We'll return this bombing visit It will happen within a year, You'll never forget the attack on Pearl Harbor, The mode of attack was a cruel mistake And also you'll pay for the marines that you butchered.

Who were fighting for freedom On the Island of Wake. Now the pangs of war are on us But we know our boys will be Fighting men like Stone Wall Jackson And like Robert E. Lee, Hold the banner high boys, let the stars and stripes unfurl, Show the foes of our Democracy We are the champion of the world!

MACON, Ga. — Boy meets girl, 1942 version.

A Cochran field flying cadet, in the throes of loneliness, telephoned Wesleyan college for girls just to talk to someone.

After some hesitation, a student promised to meet him next day.

He was to recognize her by a green skirt and a beige sweater.

Came the day and he entered the drug store. There were six girls with green skirts and beige sweaters.

The girls went into a huddle after giving the cadet a careful once-over.

Five left.

### TOMATO GROWERS LOOK FOR PROFITABLE YEAR

McALLEN, Texas — Tomato growers in the Lower Rio Grande Valley are anticipating a rich harvest, perhaps one of their best in years, because of the Federal Government's canning program which calls for a pack of 40,000,000 cases of tomatoes and tomato products, compared with 28,000,000 cases during 1941.

A floor of \$17 per ton to the grower has been set by the government, which will net him about \$5 per ton more than that paid by most Valley canners last year, according to L. H. Moore of the Moore Canning Company, McAllen.

Estimates are that the Valley will plant 30,000 to 35,000 acres to tomatoes, 90 per cent of which are planted. Various sources are speculating as to whether the government announcement would spur further planting. Present acreage, however, barring unforeseen weather conditions, would provide a crop ample to supply both fresh and canning needs, it was pointed out.

Mr. and Mrs. Jess Parker had as their guests the past week end, Mr. and Mrs. Vernon Mitchell of Brownwood.

### CROSS PLAINS GIRL STUDENT ADVISOR AT COLLEGE IN DENTON

One of the 300 advisors to new students at Texas State College for Women is Miss Mildred Browning of Cross Plains, a representative of the home economics department. She was chosen for this position because of her scholastic record and interest in the work of her department.

During the school year she aids new students in matriculation and orientation and works with the Advisory Council.

Miss Browning is the daughter of Mrs. John Browning and is a sophomore student in the college.

Mrs. Curtis Strickland and her son, Billy Dale, returned to their home in Arlington Saturday, after a weeks visit here with Mr. and Mrs. Ira Loving.

Old Man Texas has sharpened his pencil. There's a job to be done.

Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

**CROSS PLAINS AND DRESSY H. D. CLUBS HAVE AREA MEETING**

In an Area meeting Thursday, February 12, Cross Plains and Dressy Home Demonstration Clubs met in the home of Mrs. Jimmie Payne, Miss Ellen Steffins, county home demonstration agent, gave a demonstration on the making of a cutting bed.

It was agreed upon that sand is the best medium for cutting beds. January and February are good months for putting out cuttings in the bed. The bed should be located near a fence or building, out of the way, with plank or log frames. The soil should be spaded out six or eight inches in depth and sand mixed with it.

The cuttings should be planted about one and one-half inches apart with one-half or two-thirds of cutting in the ground. Pack soil around cuttings, water them and then cover with leaves or straw. In the hottest months it is advisable to make a shade of sacks about four feet high.

During the social hour Mrs. Tommie Harris and Mrs. Forrest Walker served punch and cookies from a very dainty, but informal, decorated table, to nineteen members.

### DRESSY BAPTIST CHURCH

We had a great Sunday School Sunday. There were several new faces present. You are invited to come and watch us grow.

A good sermon was preached by Bro. Lawton, on "Teach Me Thy Way, Lord." Sunday School next Sunday at eleven o'clock. Bro. Martin, of Coleman, will preach. Everyone is extended a most cordial invitation to attend and expect a real treat.

### PRESBYTERIAN CHURCH

All services the same as before the beginning of "War Time" which would make the time for Sunday school 10:45 and the morning worship 12:00 o'clock. Afternoon Bible study 4:00.

Theme for morning sermon, "Salvation—what is it and how to get it." "If we live right then we are saved" is the usual idea but this leads to a FATAL error. Another idea which prevails is, "That salvation is preparing to meet God." This, too, leads into fatal error. "If we pay the price we shall be saved", is another misleading idea. The price of our salvation has already been paid.

Theme for afternoon study "The anti-Christ—a politician." The anti-Christ does not arise suddenly. The Bible gives a record of history of him from the time human society reaches a stage when people want him and demand him, till he engulfs all earthly power and rules "Over all kindreds, and tongues, and nations." The present political and religious conditions of human society have reached the stage where the anti-Christ could easily take over, with but little change.

### CROSS CUT CIRCUIT METHODIST NOTES

We had two very good services at Cross Cut Sunday, attendance not what it should have been. Had new ones present, and some of the old ones. Some menses, mumps, and other sickness in the community. No one will say that people who are sick ought to go to church. The Lord knows all about their sickness, and if really unable to attend church, will excuse them; but the preacher don't know all about it, yet has to excuse them on a statement. If the pastor should visit all the sick people Monday, that he hears of Sunday, he would have a hard days work. But I have found out that by Monday morning most of them are better usually they get better in time to go visiting Sunday afternoon, and Monday morning they are up soon ready for business. Listen, people, you can't fool the Lord, nor have you fooled the pastor as bad as you think. You have let the devil fool you. The Lord is well up on this excuse making.

In the 14th chapter of Luke you will find a warning against it. The people made excuses for non-attendance; but none of them seemed to satisfy the Lord, and he just arranged for others to become the recipients of the supper and left the excuse-makers out. Take heed less "Thou art the man." Our people seem to be much disturbed over War conditions and other material interest, and it is well that they consider these things, for any thoughtful mind can see that we are facing serious issues; but remember that Jesus said "Seek first the Kingdom of Heaven and all these things shall be added." If there ever was a time that we needed to seek the Lord and all His guidance it is now. We beg our people to call mightily upon the Lord.

BLACKOUT AND AIR RAID PROTECTION ORDINANCE

AN ORDINANCE RELATING TO AIR RAID PROTECTION: AUTHORIZED BLACKOUT AND AIR RAID PROTECTION ORDERS, RULES AND REGULATIONS; PRESCRIBING PENALTIES FOR VIOLATION THEREOF; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CROSS PLAINS, TEXAS.

Section 1. AUTHORITY TO PROMULGATE NECESSARY ORDERS, RULES AND REGULATIONS FOR BLACKOUTS AND AIR RAIDS. In order to protect life and property in the City of Cross Plains, Texas, from enemy action the Mayor (or other authorized official) is authorized and directed to carry out blackouts and air raid protection measures in said City at such times and for such periods as are authorized or ordered by the Army or Navy and to promulgate such orders, rules, and regulations as may be necessary to insure the success of the blackouts and air raid protection measures and to protect life and property during such periods. Said orders, rules and regulations shall include traffic movements of emergency or other vehicles, evacuation of residents, congregation of persons on public streets, sidewalks, and in public places or buildings, but this enumeration or any enumeration contained in this ordinance shall not be taken as a limitation on the power to promulgate orders, rules, regulations governing any other subjects, persons or property which may be required in order to insure the proper carrying out of any duly authorized blackouts or air raid protection measure. Practice blackouts and air raid drills may be carried out at such times and for such periods as the Mayor (or other authorized official) shall in his discretion deem appropriate or necessary but subject always to the orders and directions of the Army or Navy, and the orders, rules and regulations authorized herein.

Section 1. A "blackout" is hereby defined as any period of time designated by United States Military or Naval Authorities for extinguishing or effectively screening lights of all kinds. During such period it shall be unlawful:

(1). For any person in the occupancy of any building or structure to fail to turn out or cause to be turned out all exterior lights thereon or connected therewith. (2). For any person to allow any light in any house, room or apartment to be visible from the outside. Managements of hotels, apartments, lodging houses and office buildings shall be responsible for all exterior lights, lights in passageways, stairways, halls, corridors and other places not occupied by tenants or other persons and in all unoccupied rooms, apartments or offices.

(3). For any person excepting as may be herein otherwise provided to display or allow to shine, any light in any open space, or for any person owning or controlling any sign to allow the same to be illuminated or any light to be displayed therefrom. (4). For any person to drive an emergency vehicle with the lights on unless screened and shielded according to regulations promulgated by the Mayor or by United States Military or Naval Authority.

(5). For any person to place or leave any vehicle or any obstruction of any character in any public street, avenue or alley in such a manner as to obstruct traffic, fire hydrants, or exits from public buildings. Section 2. No Municipal or Private Liability. This Ordinance is an exercise by the City of its governmental functions for the protection of the public peace, health and safety and neither the City of Cross Plains, the agents and representatives of said city, or any individual, receiver, firm, partnership, corporation, association, or trustee, or any of the agents thereof, in good faith carrying out, complying with or attempting to comply with, any order, rule, or regulation promulgated pursuant to the provisions of this ordinance shall be liable for any damage sustained to person or property as the result of said activity.

Section 3. LIGHTS DURING BLACKOUT DECLARED PUBLIC NUISANCE. Any light displayed contrary to any order, rule or regulation promulgated pursuant to the provisions of this ordinance constitutes a public nuisance and when deemed necessary in order to protect life or property during a blackout or air raid the police, or the special police authorized herein, are authorized and directed to enter upon any premises within the City, using reasonable force, and extinguish lights or take other necessary action to make effective any order, rule or regulation promulgated under the authority conferred by this ordinance.

Section 4. CONFLICTING ORDINANCES, ORDERS, RULES AND REGULATIONS SUSPENDED. At all times when the orders, rules and regulations made and promulgated pursuant to this ordinance shall be in effect, they shall supersede all existing ordinances, orders, rules and regulations insofar as the latter may be inconsistent there-

Rubber—Goodspeed

From the alkaline deserts of the West, America can harvest half a billion pounds of natural rubber to offset the Jap grab at India, claims Dr. T. Harper Goodspeed, University of California scientist. He is shown here with "rabbit bush," the new rubber plant, which may reach life-saving status in this war.

METHODIST CHURCH

We invite you to attend all of our services. The church is not a refrigerator for preserving perishable piety. It is a dynamo for charging human wills with power. The object of the church is not to tell men how to dodge difficulties, but to furnish strength and courage to meet them.

The business of the church is not to furnish hammocks for the lazy, it is rather to offer well-fitting yokes for drawing life's loads. The man who does not attend any church, practically votes to do away with all churches.—Selected.

PLEASE NOTICE—Time for church services Sunday. We used the earlier time last Sunday, but have decided to have the services as follows until the days get a little longer: Church school—10:45 War Time Preaching—11:45 War Time. Young People's meeting 7:00 p.m. War Time. Evening Preaching—8:00 p.m. War Time.

Wednesday evening prayer meeting—8:00 p.m. Remember the Special Laymen's Day Service for Sunday morning, beginning 11:45. War Time. C. D. WOOTEN

Off-Hand Observations

The terrible world war is still raging in the Pacific, in Libya, in Russia, and other places with awful fury but, so far, nothing exactly what Turkey will do about entering in the war and preparations seen under way for a great spring campaign in Russia and on the Mediterranean by the Germans.

Marion Sayles Taylor, known over the radio as the "Voice of Experience," died recently. Mr. Taylor was 53 years old and his home was in Beverly Hills, California. He was walking along a street in his home town when, without complaint, he fell to the sidewalk dead, apparently from a heart stroke.

He is survived by his wife, Mrs. Mildred Taylor. It is said that the people of England, as a whole, have lost in weight from five to seven pounds since the beginning of the war, according to the head surgeon of a London hospital. On the other hand soldiers and other men in the armed forces have put on weight.

This country and Canada have run their clock and watches up one hour. This change of time took place on February 9, and is known as Daylight saving time and is said to be a means of power conservation measure. Daylight saving time was used during the first world war, and with success it is said, but the agricultural class of our people declare that the old reliable sun time is better adapted to their use as the livestock and fowls refuse completely to conform to the change in time.

Production Eggs Needed As Defense Measure

Considerable uneasiness throughout Canada and for the British when it became known that the Dionne quintuplets, suffering from an unusual condition of the bone in her legs, specialists were called in for a thorough examination of the malady as not serious.

Texas' own quadruplets, Joyce and Joan—celebrated third birthday on Sunday, 31, with open house for friends who contributed to the building of a \$20,000 home in Dallas.

It is reported that the cake were served the day for them it was a birthday.

At the instigation of the Poultry Board recently, the Wilmetts, who had been in the poultry business since before the States' entry into the war, a greatly increased egg production this year, and if the need be, it will take many more eggs than last year, according to poultrymen.

T. Jones of Coleman attended the state-wide meeting of hatchery men, grain men, equipment men, and others interested in the poultry business at Fort Worth Saturday.

The meeting they set up a Poultry War Board, composed of one representative each from the major groups of the poultry industry.

The Department of Agriculture has ordered that the government buy 24,000,000 dozen more eggs this year than were bought last year. This means Texan poultrymen must step up their production 1,514 car loads of eggs that of 1941.

Means of reaching this goal outlined: 1. Start with chicks of high quality. 2. Feed a complete ration of high quality ingredients. 3. Fill all available poultry space. 4. Protect health of poultry by strict sanitation. 5. Increase profits by marketing quality.

RUSH PERIOD NEARS IN CAR TAG BUYING

The rush for obtaining automobile tags is near. "You can aid in lessening that rush," declares Mrs. T. W. Briscoe, tax collector, "by remembering to bring with you your certificate of title."

It is pointed out that unless a vehicle happens to fall under the exemption given in the title law, the owner will be required to submit a certificate of title when securing license tags.

"If no title has ever been applied for," Mrs. Briscoe cautions, "bring all your papers with you. Since many boys in the service have been compelled to leave their cars without license tags, the regulations have been modified to allow the purchase of tags, provided application for title is made at the same time."

There will be a place in the tax collector's office for depositing old car tags for those who care to contribute this old metal for national defense.
