In churches and homes, in city streets and stores, across the countryside - the spirit of Christmas spreads its joy and its contentment. Soon now, the hustle and bustle will give way to the highest moments of holiday celebration. It's a time for light-hearted laughter and heartfell prayer, a time when friendships are renewed and family ties are strengthened. Citizens of the area can help make this possible for the more unfortunate through your support of the anonymous group, the Goodfellows, who give of their time, money and efforts, year after year, to put this spirit of Christmas into the heart's and faces of those who would not be able to enjoy this spirit of Christmas in celebrated the spirit of the season finds expression in immunerable ways—among them, the gladness of gift-giving, the happiness of onne and merriment and, above all, the solemn hust of midnight, traditionally the symbolic time for heralding the Birth of Christ.

A ceremony has been arranged prior to the opening of the Texas Chisholm Trail Centennal Museum when itarrives here for a one-day stop Monday, December 18.

Cecil Davis, president of the Bailey County HistoricalSurvey Committee, sponsors to the train making a stop here, will open the program at 9:30 a.m. with a brief statement. The Muleshoe Stage Band will be on hand to present a variety of selections.

Bailey County Judge Don Cihak is to deliver the welcome address. Davis will then recognize any who have made

known that they are the sons, daughters, grandsons or grand-daughter of any of the Chisholm Trail pioneers.

Mayor W. B. LeVeque will cut the ribbons, officially opening the museum for the public to view.

description of the situation:

"Cattle in the east pushed cattle into Central Texas; cattle in the heart of the state crowded cattle to the western line of the Cross Timbers where the wild Kiowas and Comanches stopped progress. As years went on these herds multiplied until cows swarmed from border to border,

"From being a source of pleasure they grew to be a burden. In time they dominated. In time they dominated the state which became cattle-minded, cattle-ridden. Cows stood belly-deep in grass; cows coloeld themselves in low-banked streams; cows chewed could in the shade of the trees; cows ran wild and free, too unrestrained and too numerous for accurate numbering and branding.

"Ranchmen tended them, branded them, tried to keep them under surveillance, but with no ultimate end in view. For the benefit of the citizens of Bailey County, Judge Don Cihak has written a resume to explain the need for a re-evaluation of all taxable property. His comments are as follows:

"It should be clear to all citizens of Bailey
County, except the uninterested, that a re-evaluation of all taxable property needs to be accomplished. By this is not meant a raise in the tax rate or levy, but the ultimate result would mean an increase in taxes for those whose property is valued for tax prices at less than market value. And it would probably mean a tax decrease

for those whose property is valued above market value. The law defines "market value" as the price the property will be fine the property will be fine the property will be fine to be considered to sell and is bought by one who desires to sell but is not obligated to sell and is bought by one who desires to buy but is under no necessity of buying. The County Tax Assessor may keep informed of the price for which real property sells by examining the deeds and this amount may be listed on the tax rolls as evidence of market value.

This County assesses real

evidence of market value.

This County assesses real property at one eighth of its supposed market value and personal property at one hird of its supposed market value. Now obviously if real estate has not changed hands for a grail weight be determined by other means, such as comparable sales of like tracts or homes, value of irrigation water versus dry land, improvements, and too-graphy. It might surprise some people to learn that top, flat, irrigated land in this County is ASSESSED at \$30 per acre, making market value \$240 (\$30 x 8). There are also inequities in valuation of city property which have been adjusted.

The Board of Equalization for the County is by law the Commissioner's Court. They do not assess taxes, but it is their duty to qualize property values so that as near as can be done under the law each person owning taxable property pays only that tax in relation to the market value of his-pays of the county is the contracted concerning their interest in Joing with a commercial firm of property you are dealing with.

During the summer of 1967 the Mulesbee City Council and the Muleshoe Independent School District were contacted concerning their interest in Joing with the City Council and the Muleshoe School Board have to property within the County, with the City Council and the Muleshoe School Board have both indicated their interest in Joing so, There has been of ifficial action in any of the three taxing units as far as the approval of such a plan, however, I feel sure that your representatives on these bodies are as concerned as I am that person pay more than has part of the part

Christmas Eve recommendation of value by three or four residents of the

County for the reason that long time residents might better know the true market value of a particular piece of real estate that a member of a firm from Lubbock or Dallas or Amarillo, This I could readily agree with on land alone, but there are several utility companies, a railroad, and pipelines located here, and innumerable items of personal property with which such persons might not be familiar, and it would be better in my opinion to have a complete and impartial re-evaluation by a firm which is a specialist in this field.

The reason for the County, City and School District to unfortable this procedure jointly dertake this procedure jointly dertake this procedure jointly dertake this procedure jointly dertake this procedure jointly

The reason for the County, City and School District to undertake this procedure jointly is first one of cost sharing for the same benefit, and secondly for an unch better reason. If you have the same benefit, and secondly for an unch better reason. If you have the same better reason, if you have the same better reason, if you have the same home, much fairer to him to have his home valued at a market value of \$15,000 on the City, County, and school District tax rolls. Now the City might ASSESS the same house at 25 percent of its market value and LEVY a tax of \$1,10 per \$100 valuation, while the School District might ASSESS the same home at 3a and one can be supported by the same home at the same home at one eighth of its market value and LEVY at the Stapper \$100 valuation, and the County would ASSESS the same home at one eighth of its market value and LEVY at the same home at one eighth of its market value and LEVY at the same home in each taxing unit in that particular home would be equal. This seems to me to be closer to equality for all who own taxable property than that particular home would be same home that the same home valued at \$8000, the City at \$12,000 and the School at \$16,000.

I have said that this process

County has that home valued at \$8000, the City at \$12,000 and the School at \$16,000.

I have said that this process would probably result in an increase in taxes for those whose property is valued at less than market value, which would mean an increase in County income, It should also be very clear to the people of this County that when the County Jail is condemned and closed, your tax Cont'd on Page 3, Col. 3

SPIRIT OF CHRISTMAS CHEER AND GOOD WILL PREVAIL IN MULESHOE

The Christmas spirit is high in Muleshoe this week and the business houses are decorated in keeping with the occasion. Some of the show windows are so modern as could be found in a city and we challenge anyone to find better goods.

Schools will close for holiday on Friday December 21, It is understood that school will re-sume work on January 2.

There will be a Christmas program and tree at the Meth-odist Church on Christmas even inght. Preparations are being made this week for the enter-tainment and a nice time is in store for the little folks.

A County wide Christmas party was held at Baileyboro Wednesday of last week, 115 people, representing 11 communities of the county being present coasistic present of the county being present coasistic present of the state of the coasistic present of the Bailey County council, presided. Mrs, San Sims of Circletack led the singing and Mrs, M. A. Saider, council recreation chairman of West Camp led in game playing.

The Progress Home Demonstration Cibe gave a play written by some of its members, of Muleshoe and Jim Arnold, Baileyboro gave appropriate readings, after which old Santa Claus arrived with a big bag of gifts, also reading some humorous clegrams.

Gifts were made to all present, each person bringing an exchange present, and Mrs. Kennedy, retiring president, was presented with a beautiful weekend bag by members of the Bailey All members of the Bailey **--**

This club is an auxiliary organization, composed of mothers or female relatives of the DeMolays, who are interested in assisting them in their social activities and in promoting the general welfare of the DeMolay Chapter.

Chris Ford was born at Whitesboro, but spent most of her youth near Sudan, graduating from high school there, She attended the University of Texas at Austin. She has also lived in Lubbock, Dallas, Washington, D. C., Vallejo, Calif. and I. Paso. The Fords have two children, Trevor, 16, and Christy Ann, 12. They famed in the bear shore moving to whether the search of the First Methodist Church. She is a former member of the Llano Estacado Civic club.

Her hobbies are playing bridge, interior decorating, entertaining friends and all kinds of sports.

Immediate plans of the DeMolay Mother's Club, center around a Christmas open house for the Demolays, their guests and parents. Other plans include various projects to give financial assistance to the chapter.

County Commissioners Court were present.

Refreshments of chicken salad, crackers, cookies and hot spiced punch were served to those present. A feature of the occasion were the favors of mistietee and red berries from the Ozark mountains of Arkansas, being furnished by Mrs. Claud Gage, of Joyland from her old home community of that state.

MULESHOE MULETTES

Muleshoe Mulettes defeated
the Three Way Eaglettes Tuesday night 66-19. Carolyn Emtry led the team scoring with
24 points, Ann Douglass 20,
Joyce Puckett 13 points and
Debra Hayes with 9, The forwards hit 30 of 60 shots forom
the floor and six of ten from the
free throw line.

The Muleshoe guards did not
allow the Eaglettes a lay-up in
the entire game, Four outside
shots were made along with 11
free throws.

MHS 'B' TEAM

MHS 'B' TEAM

The Muleshoe High School
'B' team has a 3-2 record so
far for the 1967-68 season.
They have beaten Littlefield,
Morton and Lazbuddie and have
been beaten by Levelland twice.
Coach Royce Barnes coaches
the 'B' team and he feels that
the boys are working very hard
and have shown great improvement. The boys he feels have
shown the most improvement
are Lionel Patterson, Ricky
Botkin, John Woodard and Roy
McCormick. The 'B' team
will travel to Springlake this
weekend to participate in the
Springlake tournament. They
played Dimmitt Thursday in
their first game.

MHS FRESHMAN

Freshman basketball team de-feated Dimmitt 40-14 in Dim-mitt Monday night. Vicky Ju-lian was high pointer with 18 points and Suzanne Byrd had 15 points. Janice Head was outstanding in the field of re-bunding and in rese intercenoutstanding in the field of re-bounding and in pass intercep-tions. The defensive trio also for an outstanding job. The Freshman girls are looking better all the time and will continue to improve if they keep hustling.

BOYS 'A' TEAM

We were well pleased with the play of our basketball team in the Friona tournament. We played poorly in our first game with Springlake but we were able to win 49 to 47. In the semi-final game with Farwell, the boys played a much better game and defeated a fine Farwell team 49 to 47. In the farwell team 50 to 45 to 45

Last week, Art II concluded its studies on dry-paint etching. Incised lines on plastic plates were achieved by using various metal points. The plates were then inked and printed. Some students plan to send their prints to friends for Christmas cards,

Another project was enacted by the students this week painting. Using tree-like designs previously drawn, the artists are painting over a background of snow. Branches,

limbs, and trunks are being reproduced for a natural looking landscape.

Art I, meanwhile, has finished its concentration on portraits and figure drawing. The portraits consist mainly of friends and relatives of the students, The imaginary models are attired in ball gowns and gloves, Completion of that finds the group beginning painting, too, They are using the newest painting medium available - Acrylic Folymer Hatex.
