Peanut Farmers To Vote On Marketing Quotas

REFERENDUM SET APRIL 26; MUST WIN BY 2 THIRDS

Marketing Quotas to Continue 3 Years If Approved By Two Thirds Majority At Polls

By E. L. PIERSON

Callahan county peanut farmers will vote on Saturday, April 26, in a referendum to determine whether they will market their 1941 crop under marketing quotas, according to J. L. Farmer, Chairman of the county A.A.A. committee.

Secretary of Agriculture Claude R. Wickard proclaimed marketing quotas for peanuts this week after Congress had provided for such action in a recent amendment to the Agricultural Adjustment Act of 1938. If approved by two-thirds of the farmers voting in the county referendum, quotas will be in effect for three years.

The national marketing quota is the amount of peanuts which will be harvested from the national acreage allotment, set by law at 1,510,000 acres. This is the same as the 1940 peanut allotment under the agricultural conservation program, which will be continued in 1941. Under the quota, a farmer who plants within his peanut acreage allotment may market all he produces without penalty. Peanuts marketed in excess of the farm marketing quota are subject to a penalty of three cents per pound. However, payment of the penalty is not required if the excess peanuts are delivered to an agency designated for handling excess peanuts. In this case, the farmer receives for his excess peanuts the price for oil, which usually is considerably lower than the market price for edible peanuts.

Only those peanuts which are picked and threshed by mechanical means that peanuts logged off or dug for hay do not come under quotas. Also, quotas do not apply to farms on which the measured peanut acreage is one acre or less.

The Act requires that if quotas are not approved in the referendum, no peanut loan or diversion program can be offered on the 1941 crop. If quotas are approved in the referendum, farmers are assured of a loan or diversion on the 1941 crop. If quotas are approved in the referendum, farmers are assured of a loan or diversion program, or both, as a means of protecting peanut prices. The loan rate would be between 50 and 75 percent of parity.

A preliminary report gives the 1940 peanut acreage picked and threshed by mechanical means as 1,967,000 acres, from which the production was 1,911,634,000 pounds. In 1935 this acreage was 1,473,000 and the production was 1,147,225,000 pounds.

STUDY CLUB MEETS WITH MRS. HOWELL

The Wednesday Study Club met with Mrs. Roland G. Howell last week. Mrs. Wilburn Barr reviewed the book "Barbary Coast" by Herbert Ashbury. A report was given on the convention of Texas Federation of Women's Clubs which met in Ballinger April third and fourth.

Entertainment was provided by Marcia Rich who gave a song and dance number.

A refreshment plate, stressing the Easter theme, was passed to: Mmes. Edwin Neeb, Raymond DeBusk, Brookie Eubank, Hulian Barr, Wilburn Barr, Jimmie Settle, Walton Wagner, Howard E. Coburn, D. C. Lee, Olan Wilson and the hostess.

Mr. and Mrs. J. H. Lilley of Hart, were visitors in the home of Mr. and Mrs. W. P. Moore last week end.

Mrs. Marion Longley and little son who have been visiting here and at Mineral Wells have returned to their home at Gladewater.

Russell McGowan, of Monhans, was in Cross Plains Wednesday afternoon.

"FROST IN APRIL" BOYS SHOULD WEAR OVERCOAT SATURDAY

If you're a believer in old adages get out your overcoat and look for a freeze Saturday.

It was February 19 that the first thunder of that month was heard in Cross Plains, and there's an old adage that says: "If it thunders in February it will frost in April". Several local people contacted this week expressed themselves as being believers in old saying.

Another weather sign worth watching is the one that says: "Rain on Easter Sunday will be followed by seven straight wet Saturdays". Due to the fact that it showered here last Sunday—Easter—observers will have an opportunity to see whether or not his adage also holds true.

CALHOUN MOTOR CO. BUYS \$1,600 WORTH OF NEW EQUIPMENT

E. A. (Bill) Calhoun, owner of Calhoun Motor Company here, this week announces the purchase and installation of \$1,600 worth of new shop equipment to be used in the firm's auto repair department headed by Boyd Dillard.

New equipment recently bought includes: a motor tune-up machine, hand seat valve grinder, hydraulic lift, high pressure grease gun, air compressor, 30 minute battery charger, spark plug cleaner and tester, piston pin hones and rod lining equipment.

OVER 300 DIFFERENT PEOPLE AT REVIVAL

A successful revival closed at the local Methodist church Sunday night. Rev. C. D. Wooten, pastor, who did the preaching, reports that he has a record of all who attended any of these services and that he finds the names of more than 300 different people who attended one or more services. He reports that about one-half of the members of the church attended more than one half of the services during the meeting.

SUNDAY SCHOOL CLASS ENTERTAINED MONDAY

Mrs. J. D. Conlee and Mrs. Jack Graves entertained members of the Fidelity Matrons Sunday School class of the Baptist church at the home of the Monday evening.

After a brief business session during which Mrs. O. L. Clark and Mrs. Earl Horton were selected as new troop captains, literary games furnished an enjoyable diversion. A refreshment plate of sandwiches, potato chips, pickles, cake and hot chocolate was served to the following: Mrs. W. J. Mayes, Mrs. Tom Cox, Mrs. Carmen Wright, Mrs. J. E. Barrington, Mrs. C. E. Poe, Miss Eloise Lane, Miss Anna Mae McConathy, Miss Marie Hain, Miss Rosa Van Lane, Mrs. Earl Horton, Mrs. O. L. Clark, Mrs. Dave Lee, Mrs. R. A. Bolles.

Next meeting of the group will be in the home of Mrs. J. E. Barrington.

ILLINOIS PEOPLE VISIT IN CRAIG McNEEL HOME

Mr. and Mrs. Craig McNeel and daughter, Patricia, have as their house guests for the week, Mrs. McNeel's sister, Mrs. Alva Levitt, and daughters, Marcia Jean and Edith, also Wallace Wilson and Paul Barnes, all of Charleston, Illinois. The young people will resume their studies at Eastern Illinois State Teachers College on April 21.

Tommy Holden, Jr., of Camp Bowie in Brownwood was a week end visitor here in the home of his parents.

Mrs. J. L. Bonner and daughter, Jane of Anson, spent last week here with her parents, Mr. and Mrs. Fred Cutbirth.

ANNUAL MEETING OF C OF C WILL BE HELD TUESDAY

Session In City Office Will Come to Order Promptly At 7:45, Declares Clyde Sims

Accomplishments of the past year and plans for the future will be highlighted at the annual meeting of the Cross Plains Chamber of Commerce to be held in the city office Tuesday night of next week. The meeting will be called to order promptly at 7:45, announces Clyde Sims, president of the organization.

"Not only the heads of the various businesses but employees are urged to participate in the discussion of ways and means of making Cross Plains an even better town", Mr. Sims stated.

Officers and directors for the ensuing year are to be named at the meeting Tuesday night and plans formulated for what the organization hopes to accomplish during the next 12 months.

Present directors in the Chamber of Commerce are: Sims, Fred Tunnell, W. D. Smith, C. C. Holdridge, Roy Lee Little, George R. Neel and Porter J. Davis.

DRESSY AND LOCAL H. D. CLUBS MEET TOGETHER TUESDAY

Cross Plains home demonstration club met in first area meeting Tuesday afternoon with the Dressy Club in the basement of the Presbyterian church here.

Miss Clara Brown gave a demonstration on the making of sweet dough, cinnamon rolls, tea rings, butter-scotch rolls, cross buns and coffee cake. She also explained how to protect mattresses, springs and comforts.

DRESSY H. D. GROUP PLANS AREA MEETING

Plans for an area meeting to be held at Dressy May 13 were discussed by members of the Dressy home demonstration club at the home of Mrs. Brookie Eubank Thursday afternoon of last week.

Report of the council meeting at Baird was given by Miss Kaola Cavanaugh. Mrs. Hadden Payne had charge of the recreational period.

Refreshments were served to: Mesdames, Wallace Jones, Forrest Walker, Hadden Payne, Jimmie Payne, N. L. Long, Brookie Eubank and Miss Kaola Cavanaugh.

Next meeting of the club will be with Miss Cavanaugh.

CROSS PLAINS GETS OVER 2 INCHES RAIN

More than two inches of rain fell in Cross Plains over the week-end, bringing the rainfall for the first 110 days of 1941 to 10.94 inches.

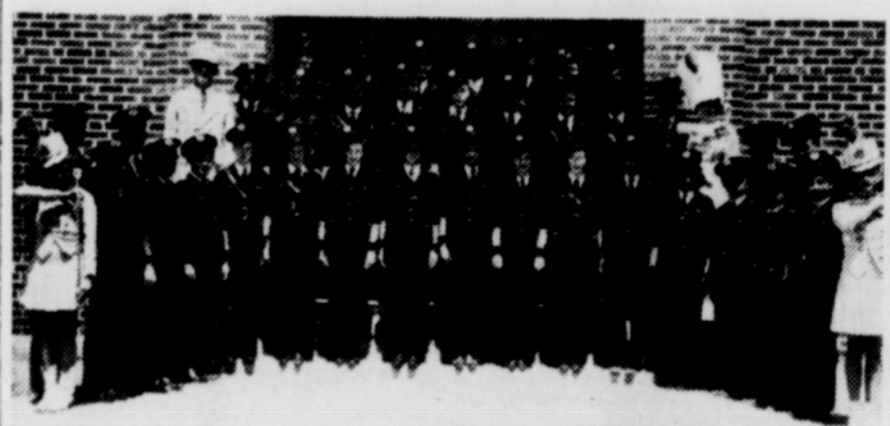

Moisture this week was of special benefit to small grains and recently planted gardens and fields. The moisture was somewhat "spotted", almost missing Cross Cut and Burkett. Too, it was accompanied by hail, however, no appreciable damages have been reported.

Mrs. Curren E. Allen was a Brownwood visitor Saturday.

Mr. and Mrs. Rossie Browning and son, of Brownwood were the guests of Mr. and Mrs. T. E. Baum here Sunday.

Mr. and Mrs. Nat Williams and family of Ballinger spent Sunday here in the home of her parents, Mr. and Mrs. O. S. Maggart.

To Be Heard In Concert Tuesday

Pictured above is Cross Plains high school band, which will be heard in its annual Spring concert Tuesday night. Although the above photograph was made last year the personnel of the band is not greatly changed.

Roland G. Howell is now director of the band and under his tutelage the local musicians are accredited with having accomplished a great deal.

BUFFALO BAND TO PRESENT CONCERT TUESDAY EVENING

Cross Plains schools will present the Buffalo band in a free concert Tuesday night, April 22 beginning at eight o'clock.

It will be the annual spring concert in preparation for the State Contest to be held in Abilene April 26.

Roland G. Howell, director, promises a well rounded program, ranging from the heaviest of overtures to a novelty, "The Three Bears", narrated by "Toody" McDermott.

JOHN TOLLERSON IS NAMED TO PIONEER BOARD OF TRUSTEES

John Tollerison has been appointed to the Pioneer school board to fill the vacancy created by the recent resignation of D. T. Drake. Mr. Tollerison will serve out the unexpired term of two years.

Other members of the Pioneer board are: E. M. Curry, president; W. R. Gibson, secretary; Oscar Shaefer, J. B. Brown, L. E. Hodnett, and A. C. Fore.

PIONEER MAN'S CAR LOOTED AT BROWNWOOD

The car belonging to Orville Ethridge, Pioneer high school football coach, was broken into Sunday night while parked along a street at Brownwood, and about \$125 worth of clothes stolen.

Mr. and Mrs. Ethridge had been away for the week end and stopped in Brownwood to attend a movie before returning home.

BILLY GENE BOILES IS SPLENDID STUDENT

The name of Billy Gene Boiles should have appeared on the honor roll for the fifth grade in the roll published in the Review last week. How the error occurred the Review is unable to explain, however, apologies are hereby tendered. Billy Gene has never failed to make the honor roll since he was in the first grade.

PIONEER GOLFERS DEFEATED CISCO 3 UP

Pioneer high school golf team composed of Paul Huntington, William Gibson and Eldon Tollerison defeated Cisco high school nible welders three up at the Philpico course.

Huntington playing the number one place won four and three, Gibson won three and two and Tollerison was the victor in his match one up.

OWEN RENFRO TO MOVE TO NORTH MAIN STREET

Owen Renfro, owner and manager of the Renfro garage on South Main Street, announces that he will move his plant into the building adjoining Dave Lee's Service Station the first of May.

C. B. Gregory, of Dallas, was a visitor here last week in the home of Mr. and Mrs. R. E. Wilson.

R. E. and T. B. Wilson were business visitors in Baird Monday afternoon.

PETITION ASKING VOTE PRESENTED COURT ON MONDAY

Judges Named To Preside At Cross Plains, Dressy And Caddo Peak Voting Boxes

A local option election to decide the fate of 3.2 beer in justice precinct six, comprising Cross Plains, Dressy and Caddo Peak, was called by the Commissioners Court in session Monday afternoon and the date set for May third.

Polls will open the morning of May third at eight o'clock and close that evening at seven. Judges to preside at the three boxes are as follows: Cross Plains, Hulian Barr, J. G. Sims, Ed Baum and J. G. Weiler; Dressy, Raymond Steele, Ed Henderson and Fred Long; Caddo Peak, Felix Oglesey, Jim Moore and E. W. Riggs.

The Commissioners Court called the election after a petition had been submitted by the specified number of voters asking that the referendum be held.

A vote on the beer question was held April 9, 1940. At that time Cross Plains was wet by 38 votes, Dressy was wet by 10 and Caddo Peak was dry by 14.

A brief history of other recent votes on the beer question for this precinct is as follows. June 30, 1934 the precinct voted in favor of beer by a majority of 50 votes. On August 24, 1935 the precinct voted beer out by a majority of 54 votes. Then on April 6, 1938 the precinct voted beer in again by 79 votes.

REDUCED INSURANCE RATE IS EXPECTED FOR CROSS PLAINS

A lower insurance rate for Cross Plains is expected within the near future as a result of inspection made here first of the week by state fire examiners.

Every phase of the city's fire fighting equipment was given an official check, save one small device which was recommended for the new fire truck. This piece of equipment has been ordered and will be installed as soon as it arrives.

Tests proved pumping equipment here exceeded state requirements.

PRESBYTERIAN LADIES ORGANIZE STUDY UNIT

A meeting was held Monday afternoon at the Presbyterian church for the purpose of organizing the young women of the church into a study group.

Mrs. Merlin Garrett was elected president. Other officers elected were as follows: Mrs. Fonia Worthy, vice-president; Mrs. Hulian Barr, recording secretary; and treasurer and Mrs. Lester Barr, corresponding secretary and reporter.

A course of study and a name for the group will be adopted at the next meeting Monday afternoon of next week.

A social was planned for Thursday evening April 24th, with Rev. and Mrs. S. P. Collins and husbands of members as guests.

Those present for the meeting were: Mesdames, J. H. McGowan, Fonia Worthy, Merlin Garrett, Oren Barr, Lester Barr, Hulian Barr and Miss Vizie Eager.

Home Town Gossip

Pratt, local jeweler, received word that a watchmaker's tool on which he has been working for the past several years has been approved by the United States patent office. The watch is adjustable to all watch movements and is of measuring the most delicate.

It will be the handiest thing ever hit the watchmaker's trade since a contemporary jewel.

Plan to organize a business professional men's luncheon. Cross Plains is being centrally supported by quite a number of our local dignitaries.

D. Wooten comes forward with splendid suggestions as to the service club could be organized. If interest in the proposition to grow a meeting organization will likely be held near future.

City of Rising Star is building this week the newly completed market building. The building was erected at a cost of \$120,000 and is 80 by 120 feet. It is through cooperation with the Southwest Peanut Association.

Building is to be used as a center for truck and fruit of all kinds and watermelons. It will also house Rising Star fall fair, held each year, and will be used as a house for peanut crops by the Southwest Peanut Association.

Calculations are certainly in favor of Rising Star people in general. Frank Robertson in particular.

Political contest is expected to develop in the choosing of a representative to the late Morris and to represent Texas in the state senate. As these are written only one man named himself as a candidate. He is Gerald Mann, the popular little Attorney.

Who first attracted attention to the "Little Red Arrow" of football teams, has had a rise in Texas politics. As General he seems to have led the law according to the letter and not with a leaning toward the popular trend. It should be noted, however, that this opinion seldom struck a discordant note. Most observers that Mann interprets the law as it is and lets the chips fall where they will. Such honesty and sincerity has endeared him to the hearts of Texans.

Good news for farmers of Cross Plains trade territory, a change of diversification has been made in one of the best "small" towns in all Texas. Eggs a day will soon be available in sizzling pots and pans for the defense army, and reports from Washington that an army ration will provide one egg a day for each soldier.

Good news, not only for Cross Plains farmers, but also for the defense army. Eggs of nature's most bountiful gifts, being rich in essential vitamins and minerals.

Eggs a day means an increased and possibly better food and eggs became one of the most important features for our defense action, and in time, our poultry and industry.

Eggs a day for each soldier is more than the average citizen is estimated with an army of a million men in camp by only three million dozen eggs a month will be used by the army.

NEWS BRIEFS OF BYGONE DAYS

Little Squibs Gleaned From Files Of Review

March 12, 1920: The Review on last Saturday closed a deal with the Linotype Corporation for a new typesetting machine that will put the Review second to none in equipment in the country. Other needed equipment will be added soon.

March 19, 1920: Clay & Butler Lumber Co., who have leased Block 68, which is on East of Main Street and joins the right of way on the South, are unloading material. Their business will be in charge of W. B. Baldwin. A switch is to be built that will put their yard in close connection with the railroad.

March 26, 1920: A local track and field meet will be held in Cross Plains on Saturday, March 27. Literary events, such as declamations, debates, and spelling contests will be held in the morning. The track and field events will be held in the afternoon, beginning at 1:30. Some of the local schools that will be represented are Cottonwood, Dressy, Deer Plains, Burns Branch, Turkey Creek, and others. We would like for the patrons to show an interest in their children by coming out with will-filled baskets.

April 9, 1920: The cold wave, concomitant with Easter, Saturday and Sunday nights was unusually severe, killing peaches, plums, and other early tender garden crops. No damage has been reported to grain. It was a cold as well as a disagreeable spell of weather.

April 16, 1920: The well on the Greenlee lease, Southwest corner of the Dyson survey, short distance from the Vestal discovery well, the first of the week spudded in their water well, and as soon as sufficient water is found the well in the search for the elusive liquid will be spudded in. Everything is in tip top shape to drill a well with dispatch. The head driller, it is said, has had fine success in drilling in other fields.

April 23, 1920: Joe Baum and family, who have been living in Putnam for a few months, have moved back to their home in Cross Plains.

Plains. Could not stay away. The oil boom was too enticing. Glad to have them back, anyway.

April 30, 1920: C. H. Taylor of Michigan, late of Gorman, has rented the old drug store building South of the railroad from Broad Bond, and has opened a bakery in the same. He has renovated the building and repapered it. He has employed a first class baker, and is well prepared to take care of all the needs of the town and country in the way of bread and pies.

Inasmuch as this ads another business to our town, everyone should do what he can to use Mr. Taylor's products. Keep the bakery going and help your town that much.

May 7, 1920: Era long Cross Plains will be raised from the state of darkness to light by reason of the fact that she will have an electric light system in operation, work on which was begun this week. S. P. Bond, who is installing the system, has had the streets surveyed, and has hands out now digging holes for the posts. A good deal of trouble has been had in getting material delivered, which has delayed the work. Electric lights and gas in town will make Cross Plains a more fit place to live.

May 14, 1920: Mrs. Alice Henderson and son Porter and daughter, Miss Ruby, left on Thursday for a few weeks stay at Mineral Wells, where they go for Mrs. Henderson's health, which has been bad for some months. Her many friends here wish that mineral waters of this famous health resort may prove efficacious as a speedy cure for her.

May 21, 1920: The Cross Plains public schools will come to a close on Friday of this week. On Saturday night, May 23, the senior girls will give a play entitled, "Not a Man

In the House?" The baccalaureate sermon will be preached on Sunday night at the Presbyterian church by a preacher from Abilene, services to begin at 8:30. The commencement exercises will be held at the school auditorium on Monday evening beginning at 8 o'clock.

DREWERY HOME SCENE OF QUILTING THURSDAY

Mrs. A. D. Drewery was hostess to members of the Sally Quilt Club Thursday afternoon of last week. One quilt was completed during the meeting.

Those present were: Mesdames, E. I. Vestal, Everett Wright, O. G. Ballard, Lou Haley, Kate Davidson, Chas. Taylor and the hostess.

Next meeting of the club will be in the home of Mrs. E. I. Vestal the afternoon of April 24.

PIONEER P. T. A. WILL MEET ON APRIL 22

The Pioneer P. T. A. will meet on April 22, at which time new officers will be installed. All officers are urged to be present. Mrs. A. F. Harris will be in charge of the program which will consist of talks on "Continence and Security at Home," and "Physical Health."

New officers for the ensuing year are as follows: President, Mrs. J. R. Ramsey; vice-president, Mrs. Pete Usery; program, Mrs. A. F. Harris; publicity, Mrs. E. Hodnett; finance, Mrs. Jake Huntington; publication, Mrs. John Tollerson; membership, Mrs. Wright Gibson; hospitality, Miss Mahota Cork; treasurer, Mrs. Doss Alexander; secretary, Mrs. E. R. Battle; historian, Miss Doris Jo Pyle; standards, Mrs. Woodrow Smith; music, Miss Myrtha Cook; radio and show, Mrs. L. C. Cash; summer round up, Mrs. Tom Cowan, and safety, Mrs. H. C. Huntington.

Mrs. L. C. Cash was re-elected as president of first district in a district meeting in Cleburn April first and second.

Funds For Cancer Control Asked Of Callahan County

Mrs. W. P. Brightwell has again been named Callahan county chairman by the Women's Field Army of the American Society for the Control of Cancer in its peace time war against an affliction that annually claims 100,000 lives. Mrs. Brightwell will accept donations, 50 percent of which are to remain in this state to be used for research, the balance going to national headquarters for research of a wider nature. In Cross Plains contributions to the cause may be left at the Citizens State Bank or at the office of the Review.

The following prepared article concerning the dreaded malady and plans of its control has been released by the state headquarters: "Death is always sad, but when it is avoidable death the tragedy is least bearable. Conservative medical authorities tell us that between one-third and one-half of those who die from cancer could and should be saved by early diagnosis and prompt, proper treatment.

"Medical and research science is doing its part. Million volt x-ray machines have been developed, radium is more widely distributed, new surgical techniques have been perfected. We who are the public, the chief victims of this disease, are not doing our part.

"In order to give the individual information necessary for his own protection and for the protection of all, a campaign of education and enlightenment, aimed at both men and women, is being conducted by the Women's Field Army of the American Society for the Control of Cancer. Its program is carefully planned by leading physicians and carried out by volunteer women."

Congressman Sam Russell, of Stephenville, visiting in the district last week during recess of the Washington lawmakers, cracked down on strikes in industry that are delaying national defense preparations. "There is a growing sentiment in Congress for legislation to curb such strikes," Russell said. "Chairman Hatton Summers of the house judiciary committee, that has a number of such bills before it, is dealing with a rising tide of congressional sentiment in favor of such legislation."

The Stephenville salon, serving his first term in the house, said his mail from constituents showed insistent demand for legislation of this character. "Had it not been for these strikes and labor departments records show they have hurt many national defense projects, we could have produced enough additional material to equip an army large enough to halt the German invasion of Greece," he said.

After a swing through Russell returned to Washington of the week.

RISING STAR DROPS TO CLASS B LEAGUE

The Rising Star Wildcats will be in new company again next football season, having elected to drop into class B company rather than play in class A circuit which offered fewer home games.

In conference competition next year Rising Star will play: Williams, Putnam, Strawn and May. Non-conference games are booked with Pioneer and Cross Plains. Two open dates are yet on the schedule.

Scene of tests made results of tire improvement in Arizona high year-long climatic conditions. Summer and winter effect of such driving can be scientifically.

Conclusions, following completion in a Goodyear G-3 All-Weather competitive units worn to the fabric, at M. (Buster) Rick Goodyear dealer, proved identical conditions. Construction averaged 20 or more miles than other line tires tested.

Interesting in these tests was the fact that the edges of the All-Weather tires were 19 to 20 miles more than other line tires tested. Completed with this quick stopping and slipping on curves, resistance to cuts and greater blow-out resistance. Consequently, cost of the new tire is previously, declared.

Sam Russell Scores Strikes That Slow National Defense

Congressman Sam Russell, of Stephenville, visiting in the district last week during recess of the Washington lawmakers, cracked down on strikes in industry that are delaying national defense preparations.

"There is a growing sentiment in Congress for legislation to curb such strikes," Russell said.

"Chairman Hatton Summers of the house judiciary committee, that has a number of such bills before it, is dealing with a rising tide of congressional sentiment in favor of such legislation."

The Stephenville colon, serving his first term in the house, said his mail from constituents showed insistent demand for legislation of this character.

"Had it not been for these strikes and labor departments records show they have hurt many national defense projects, we could have produced enough additional material to equip an army large enough to halt the German invasion of Greece," he said.

SAM RUSSELL

After a swing through his district, Russell returned to Washington first of the week.

I am an American!

I live in a land respected by all, Where beauty and truth shall never fall.

Love is our watchword, and peace is the cry, Where the Stars and Stripes forever fly high!

(Written by Robert Moore, a patient at the State Sanatorium, whose home is in Brownwood; quoted in John C. Biedeger's La Coste Ledger).

Momentum was given to the proposed return of horse racing at a meeting in Austin of representatives of a dozen organizations, including Dirt Farmers Congress, labor, old age pensions and First Voters League. A resolution was adopted that any taxes from racing be set aside for pensions. It is estimated racing would provide \$2,500,000—and while almost every industry and business included in the omnibus tax bill is pleading to be released, racing is willing to be taxed.

Numerous newspapers are urging repeal of the chain store tax. "Most chain stores today are home-owned," says the San Antonio Evening News.

The tax is called "a discriminatory penalty" by the Dallas News and the Fort Worth Star-Telegram asserts the levy is "punitive, not against the chains but against the consumer, the producer and business in general." Says the Austin American. "The consumer is the real 'goat' of the law." Out in West Texas, the Post Dispatch calls the tax "a fine on efficiency" and continues. "A spokesman for the Southwestern Cattlemen's Association recently reported that a program in which producers and chain stores worked together had materially increased beef and lamb consumption and given the cattle industry three of the best years in its history. The chain stores have participated in similar programs on behalf of cotton, fruits, pottery, cactus plants and other commodities whose sale had to be increased if producers were to avoid possible ruinous losses." The San Antonio Express sums up, "Civic sentiment generally demands repeal of the unwarranted Texas chain-store tax."

TIRES TESTED ON ARIZONA HIGHWAYS

Some of tests made to determine results of tire improvements has been on Arizona highways, where year-long climatic conditions simulate Summer and warm weather's effect of such driving on tire mileage can be scientifically determined.

Conclusions, following tests recently completed in which the new Goodyear G-3 All-Weather tire and competitive units were driven until worn to the fabric, according to G. M. (Buster) Richardson, local Goodyear dealer, proved that, under identical conditions G-3 quality construction averaged 20 per cent longer mileage than other popular first-line tires tested.

Interesting in these many test results was the fact that the non-skid edges of the All-Weather's tread total more than 19 feet of gripping surface for every 12 inches of tread a 19-to-one safety factor that will operate in any direction, Mr. Richardson indicated.

Coupled with this is the factor of quick stopping and starting, plus no slippage on curves, increased resistance to cuts and bruises and greater blowout protection. Consequently, cost per mile of the new tire is much less than previously, declared the local tire man.

Callahan Farmers And Ranchers Get \$143,765 From AEA

Farmers and ranchers who complied with the Agricultural Conservation Program in Callahan county for 1941 have received up to date a total of \$143,765.

Under the Conservation Program farm operators and owners were paid \$120,457.29 for planting with in the various acreage allotments established for each farm. \$23,481.65 of this amount was earned by the operators and landlords for carrying out the following practices: 1,913 acres of farm land was tilled on 56 farms; 84 farm tanks were built; on 20 farms, 374 acres were strip cropped on the contour; on 460 farms 18,552 acres of inter-till crops were farmed on the contour; on 449 farms 17,850 acres of cropland was listed on the contour; on 129 farms 4,250 acres of small grains were seeded on the contour; on 307 farms 4,796 acres of green manure and cover crops of non-legumes were plowed or disced under; on 421 farms 1,933 acres of legumes were plowed or disced under; on 303 farms 2,740 acres of summer legumes were interplanted or grown in combination with soil-depleting crops; and on 726 farms 971 acres of home garden were planted.

Ranchers in Callahan County have received \$23,308.26 to date for carrying out the following range building practices during 1940.

Grazing was deferred for a period of 5 months on 11,398 acres of pasture land; 411,096 feet of contour furrows were plowed; constructing 640 cubic yards of spreader dams; constructing 61,743 feet of spreader terraces; constructing 109 tank dams in which 175,230 cubic yards of dirt were moved; one 65 foot well and one 18 foot well were drilled; 3,508 acres of prickly pear and cacti were eradicated; 214 acres of mesquite were eliminated; and 206 acres of cedar trees were eliminated.

HOUSTON MAN AND LOCAL GIRL MARRY

Miss Charline Carr of this place, and Mr. Earl Carpenter of Houston, Texas, were married in Carlsbad, New Mexico April third. The couple were accompanied by the bride's sister Miss Billie Jean Carr and Miss Louise Carey and Mrs. Gladys Goodman.

Mrs. Carpenter is the daughter of Mrs. Willie Carr, and has lived in Cross Plains most of her life. She attended the Cross Plains high school.

Mr. Carpenter is the son of Mrs. Ethyl Carpenter of Houston, and is a graduate of A & M college. He is employed as government inspector at Camp Bowie.

While in Mexico they visited the Carlsbad Caverns and then over into Old Mexico.

Mr. and Mrs. Carpenter will make their home in Gallop, New Mexico.

B. W. Huntington, student in the University of Texas at Austin, visited his parents, Mr. and Mrs. J. C. Huntington, over the week end.

Miss Maxine Hise, student in Abilene Christian College spent Easter with her parents, Mr. and Mrs. C. F. Hise in Cross Plains.

James Collins, youngest son of Rev. and Mrs. S. P. Collins, who is attending Texas A & M college visited his parents over the week end. Upon his graduation from A & M within the near future James will enter the U.S. army as a second lieutenant.

Arthur Mitchell, of Munday, visited friends in Cross Plains Friday night and Saturday. He stopped here on his way home from Temple, where he had undergone a physical check-up. Cross Plains friends were gratified to learn that he is virtually completely recovered from a recent major operation.

Glamor Girls Have Sox Appeal

Here's a hint for National Cotton Week. While practicing for strenuous dance routines, floor show entertainers in George White's new night club in New York follow the trend set by college girls and don knee length cotton socks. Styled by the home economics bureau of the Department of Agriculture, these new knee length socks are being worn in such bright colors as red, blue, tan and green.

880,000-ACRE HOME READY FOR WILD DUCKS IN CANADA

The estimated 50,000,000 ducks now migrating northward to Canada will find 880,000 acres of protected feeding grounds prepared by American sportsmen, President John W. Coleman of San Francisco told the annual meeting of Ducks Unlimited recently.

Duck hunters representing thirty states met recently and planned to extend the preserves to a million acres during 1941, and to launch a financial campaign in which duck hunters will be asked to give 5c for each duck shot.

E. Herriek Low, vice-president of the New York Corn Exchange Bank, was elected president of the organization. Other officers included Coleman as chairman of the board, and Vice-Presidents Will J. Reid, Los Angeles, and Lawrence C. Phillips, Sr., Denver.

The Canadian field director, T. C. Main, reported twenty-two new dams were constructed last year in the duck feeding grounds of Alberta, Saskatchewan and Manitoba, which he said saved 500,000 ducklings from starvation during the summer drought.

A tentative budget of \$100,000 was adopted for 1941 to build dams for another 120,000 acres.

To finance the work, 5,000 coin banks have been prepared for distribution to hunting lodges, resorts hotels this autumn.

The inscription on the bank asks hunters to give 5c for each duck shot and 10 per cent of all poker winnings at hunting lodges.

Coleman pointed out that if a nickel had been given for each of the 9,000,000 ducks shot by Americans last year, the fund would have yielded \$450,000, "enough to double the available duck supply."

U. S. FAMILIES SMALLER

The size of the American family has declined steadily during the last fifty years, and the average family today has 4.1 fewer persons than in 1890. This statistical comparison is true for Texas and for the nation. Cause of the decline, Director William Lane Austin of the Census Bureau said, is primarily the increased movement of families from the farms.

WRITING BY THE BIBLE

From the Associated Press there comes the story of the woman who sent a post card to her sister with these words: "Third John, verses 13 and 14."

When the sister went to the Bible and found the verses, chapter and book to which she had been referred, she read: "I had many things to write but I will not with pen and ink unto thee: "But I trust I shall shortly see thee and we shall speak face to face . . ."

PHILPECO LADIES PLAN BUSY SEASON

Ladies of Philpeco Country Club held their first meeting recently and elected officers for the new year as well as mapping out plans annual club tournament is to be for an active golfing season. The hold in May, the exact dates having not been set as yet.

The ladies will also participate as members of the inter-city league as they did last year playing home and home matches with the Cisco, Ranger, Albany and Breckenridge ladies clubs.

Following is the list of officers named for the year: Mrs. L. E. Gates, president; Mrs. Buster Robertson, vice-president; Mrs. P. J. Casery, secretary; Mrs. Claud Hammett, corresponding secretary; Mrs. C. E. Williams, Rising Star reporter; Mrs. W. W. Tilley, Cross Plains reporter.

The committees are as follows: Entertainment—Mrs. W. A. Tunnell. Grounds—Mrs. Jay Koonce.

Finance—Mrs. Lester Strawn. Membership—Mesdames C. A. Crowover, Babe Wood and Pete Fore.

Qualification rounds for the ladies tournament are now under way and are to be completed by May 1, it was stated. Each Thursday is to be observed as "Ladies Day."

FEWER INJURIES IN HIGH SCHOOL FOOTBALL GAMES

AUSTIN. — Although more teams participated in interscholastic football last autumn, there were fewer injuries and no fatalities among players, Athletic Director R. J. Kidd reported Friday.

Kidd advanced the opinion that greater concern for safety methods taught in summer coaching schools, league insistence on weekly, injury reports and a blanket insurance policy plan resulted in increased safety consciousness on the part of coaches, parents and schoolboys.

The average AA class squad dropped from forty to thirty-eight players and the average six-man football squad grew from thirteen to sixteen. Altogether, 679 teams participated.

Peak injury period was at the start of conference play, October 6-12, and the third quarter in games showed the greatest number of injuries because "boys went back into the game without proper warming up."

Line play was responsible for the greatest part of 679 sprains, 382 fractures, 144 dislocations and 126 cuts listed by coaches.

LESS COTTON IN STORAGE

Though the war situation has not helped cotton as much as it has some other commodities, the recent withdrawal of line from the government's loan stocks is encouraging. Higher cotton prices in recent weeks have caused an estimated million bales to be taken out of the warehouses and placed in commercial channels. Farm officials in Washington estimate that this figure will reach 1,250,000 bales by the middle of May.

Of course, the amount of cotton in storage is still immense; but it is helpful to have this amount diminishing instead of increasing. The rise in cotton prices has had a stimulating effect on commercial buyers. Many of the large cotton merchants need stocks to cover the commitments they have made in the last six months, and some of them look for a higher loan rate on the new crop.

In view of the carryover still on hand, the increase in the domestic use of cotton may not warrant immediate increase in acreage; but the general cotton outlook has improved. The stronger demand is heartening to those who are seeking new domestic uses for cotton to balance the drop in exports. Persistent research and experiment may result in material and permanent enlargement of the home demand for lint.

METHODIST CHURCH Let us keep the good work going. Our meeting was very successful that it caused a great many to resolve to do more for the Lord at the church. Let us keep our Christian duty ever before us and remember that we need the church and its influence more than the church needs us. We are expecting large crowds at the services Sunday. The good thing the meeting has accomplished will be measured to a great extent by the interest shown in the services of the next few weeks. Sermon Subject for Sunday morning: "After Easter What?" Don't miss this service. Sunday night the subject will be: "The Immortality of the Soul." There is to be a District training school in Cisco the week of April 20-25. During the last part of May there is to be a two weeks Daily Vacation Bible School held at the Methodist church for the children.

Mrs. C. L. Browning and children and Mrs. Wilburn Walker left the week for San Diego, California where Mrs. Browning will join her husband. BURKETT DAM GETS PRESIDENTIAL O. K.

Information has been received here of the presidential approval of the proposal to build a dam for the Coleman County Fresh Water Supply district No. 2, at Burkett.

The dam would be constructed by WPA with the water district to serve as sponsor. The proposed dam would be a half mile southeast of Burkett and would impound 65 acre-feet of water in a 520-acre drainage basin.

It is estimated the project would cost a total of \$68,218.50. Included would be the construction of a lake, a purification plant, reservoir, water lines and fire hydrants in the town of Burkett.

DISPENSABLE HUMAN PARTS

A large percentage of Americans have had some portion of their bodies removed by operation. How many parts can we get along without? A good many, says Prof. G. H. Estabrooks, an eminent surgeon, who cites these "dispensable" parts: we can get along with one lung and do well without a stomach or parts of the colon and intestines. We can part with the gall bladder, the spleen, the appendix and one kidney. Even the bladder may be removed; and man can live with half a brain. In a pinch we can dispense heretofore of all these parts with two quarts of blood. A man in a pretty bad way, yet still might survive, Professor Estabrooks says.

Mr. and Mrs. Curtis Strickland and son of Fort Worth were visiting friends and relatives here Sunday.

2 THIRDS FARMERS OVER NATION MUST APPROVE PROPOSAL

If Adopted Marketing Quotas To Be Continued 3 Years; 7 Voting Places In County

Whether or not peanut farmers will be subjected to marketing quotas will be settled by farmers at the polls Saturday. Voting here will be in the Cross Plains Motor Co., building on 8th Street.

According to E. L. Pierson, head of the Callahan county AAA office, the polls will open at nine o'clock and close at seven that evening.

For the marketing quotas to be placed in effect, two thirds of the farmers voting in the referendum throughout the nation must favor the proposal.

It is impossible for the government to continue a diversion program without placing a limit upon production of peanuts for the edible market, points out J. L. Farmer, Callahan county A.A.A. committeeman.

The law authorizing a referendum on marketing quotas was passed by Congress on the request of producers and processors, associations throughout the country.

Every grower, whether he's a landlord, owner-operator, tenant, or share-cropper, who shared in the proceeds of a 1940 peanut crop which was picked and thrashed by mechanical means, has one vote in the referendum.

The producers themselves will express their opinions of quotas at the polls and on that expression of opinion depends the decision as to whether they shall be in effect.

From the Harisole (Ala.) Enquirer comes this story:—A judge was pointing out that a witness was not necessarily to be regarded as untruthful because he altered a previous statement.

"For instance," he said, "when I entered this court today I could have sworn that I had my watch in my pocket. But then I remembered I had left it in the bathroom at home."

When the judge returned home that night his wife said:—"Why all this bother about your watch-sending five men for it?"

Here is a story that we took from the Eagle Lake Headlight that must be a first cousin to the old one about the man seeing a mirror for the first time:—Dad had been very much occupied all by himself over in the corner near the fireplace. He was working industriously with a stub of a pencil and a piece of paper. Suddenly, he looked up happily. "Cripes," he exclaimed, "if I ain't learned to write."
