ALL COUNTY-WIDE BEER ELECTION

**VOTE ON QUESTION
LAST THURSDAY IN
MONTH; JULY 31ST**

Approximately 2,000 Votes
Expected To Be Polled,
Political Observers Say

A county-wide beer election was called by the Commissioners Court in session Monday afternoon. A petition bearing several hundred signatures from all portions of the county was presented the court requesting that the referendum be held. Date of the referendum will be Thursday, July 31.

At present beer is sold only in two places, Baird and Putnam. All other precincts previously voted against the sale of brew, the last of which was Cross Plains which went approximately two to one against the foamy beverage.

Polls for the election will open the morning of July 31 (Thursday) at eight o'clock and close that evening at seven. Approximately 2,000 votes will likely be polled, political observers agree.

In Cross Plains voting will take place at the Cross Plains Motor Company, Inc., building with the following judges in charge: Hulian Barr, Edwin Baum, J. G. Sims and J. G. Weiler.

Below is the wording as it will appear on the official ballot:

For prohibiting the sale of beer containing alcohol not exceeding four (4%) per centum by weight.

Against prohibiting the sale of beer containing alcohol not exceeding four (4%) per centum by weight.

It is pointed out that drys will scratch out the second paragraph ("Against Prohibiting") and that wets will scratch out the first paragraph ("For Prohibiting").

FORMER COTTONWOOD MAN GAINING FAME

Lewis T. Nordyke of the staff of the Amarillo Globe-News has written an extremely interesting article on Frenchy McCormick, which is appearing in the second August issue of Ranch Romances. Mr. Nordyke has called his article "The Angels Sing," a line taken from John McCarty's poem about Frenchy and her husband, Micky. Frenchy will long be remembered as the last resident of Tascosa. Here is a great love story, and Mr. Nordyke has told it with sympathy and feeling.

"The Angels Sing" has been ably illustrated with pen and ink drawings by Harold Bugbee of Clarendon, and among them is a sketch of Frenchy made from a photograph taken when she was a young woman. The issue of Ranch Romances containing this can be found on the news stands from July 18th to August 1st.

Lewis Nordyke is a brother of Sheriff Clarence Nordyke of Callahan county and the son of T. A. Nordyke of near Cottonwood.

FORMER LOCAL COUPLE PARENTS OF BABY BOY

Mr. and Mrs. Nathan Foster of Atwell, and formerly of this place, are the parents of a six pound and twelve ounce baby boy, born Sunday, July 13, in the Eastland hospital.

The child has been named James Erwin. Both mother and son are doing nicely.

Mrs. Foster is the former Miss Louise Erwin.

REV. ROY CAMP

Baptist Revival To Start Monday Night, July 21st

First service of a two weeks revival meeting of the First Baptist Church of Cross Plains will be held Monday night, July 21, at eight o'clock, under the tabernacle in rear of the church building.

Dr. Harry Lee Spencer, of Stephenville, will be the guest preacher and the gospel singing will be under the direction of Rev. Roy Camp, of Fort Worth. Rev. C. E. Poe, pastor, announces that the Rev. Mr. Camp is especially anxious to have all children at least once each day during the meeting. It will be remembered that he did some wonderful work, especially in scriptural memorizing by the youths, here last year.

"We cordially invite the general public to attend all of these services, the morning services at 10 p. m., and the evening services which get underway with revival singing at 7:30 p. m., the Rev. Mr. Poe stated to the Review.

TRACTOR INJURY IS PAINFUL FOR LOCAL WOMAN; RECOVERING

Mrs. J. D. Copeland who was painfully injured recently when run over by a tractor driven by her husband is reported to be recovering slowly. The extent of her injuries are not definitely known, however, she is reported to be suffering a partial paralysis about the limbs. It is believed, however, that this will be of only a temporary nature.

The accident occurred when Mr. and Mrs. Copeland started to the orchard riding the tractor. Mrs. Copeland slipped from the machine and fell directly in front of it. The occurrence was so quick that Mr. Copeland did not have time to stop the tractor until one of the wheels had passed over the lower part of his wife's body.

BABY DAUGHTER BORN TO TRICKAM COUPLE

Mr. and Mrs. T. D. Mustin, of Trickam, announce the birth of a baby girl, born Wednesday, July 2.

The child weighed nine pounds and has been named Betty Lou.

Mrs. Mustin is the former Miss Pauline Miller, daughter of Mr. and Mrs. Jim Miller, of this place.

Completing Arrangements For Burkett's Picnic Celebration

Burkett's annual Picnic celebration will be held in Canon Grove, beneath the highway 296 bridge which spans Pecan Bayou, Thursday, Friday and Saturday of next week, July 24, 25 and 26. A varied program of entertainment is being arranged, according to committee-men, A. B. Harris and W. V. Adams.

Bob Hurst's carnival which played here last week for the Cross Plains sixtieth annual celebration has been secured for the Burkett engagement.

Band concerts by a number of school musical organizations are docketed during the three day celebration. It was not known yesterday, however, whether or not Cross Plains high school Buffalo band would play at Burkett due to the fact that a number of the musicians are away on vacation.

"All of the old time fun of Burkett's picnics are assured," said W. J. (Bill) Cross who has been assisting committeemen Adams and Harris. "Come bring a lunch and spread it beneath the towering shades in the coolest, most comfortable picnic grounds in Texas", he concluded.

Efforts were being made yesterday to secure several speakers of sectional renown.

FORMER MAYOR AND CIVIC LEADER LAID TO REST ON MONDAY

Martin H. Neeb Succumbs To Heart Attack Saturday Night At His Home Here

Martin H. Neeb, 62, long time local business man, former Mayor and civic leader, died at his home here Saturday night at 10 o'clock of heart disorder, with which he had been troubled for some time. Funeral services were conducted from the First Methodist Church of Cross Plains Monday afternoon at three o'clock with Rev. C. D. Wooten, pastor, officiating, assisted by Revs. S. P. Collins and C. E. Poe, Presbyterian and Baptist pastors respectively. Interment was made in the family plot at the local cemetery.

Martin Henry Neeb was born in New Braunfels, Texas, November 26, 1878, the eldest child of the late Chas. and Mrs. Neeb. He was married to Miss Lucy Elizabeth Baum at Cross Plains December 23, 1906. To the union were born four children, all of whom with the widow survive. They are: Mrs. M. A. Jones, Brownwood; Mrs. E. B. Webb, of Burkett; Mrs. Marie Harrell, Odessa, and Mrs. Ronald Miller, Fort Hancock. Other survivors include: the mother, one brother, one sister, a grand daughter, and a great host of near relatives and friends.

Pall bearers at the funeral and interment services were: Howard Gary, Fred V. Tunnell, W. D. Smith, Hugh H. McDemmett, John Baum, Roy Rutledge, F. C. Newton and Paul V. Harrell.

The flower escort included: Mrs. Herbert Freeman, Mrs. J. C. Bowden, Mrs. Fonda Worthy, Mrs. Hulian Barr, Mrs. O. B. Edmondson, Mrs. R. L. Little, Mrs. Dave C. Lee, Mrs. Socrates Walker, Miss Cheryl Lutgens and Mrs. John Lewis Bonner.

Having been in business in Cross Plains for about 40 years Mr. Neeb enjoyed an extremely large acquaintanceship and friends crowded the Methodist church far beyond capacity at the funeral services. Scores unable to get inside the building stood with unbared heads near the entrance. In tribute to the deceased, who in years past had served in most every civic capacity including that of alderman and Mayor, all Cross Plains business houses closed from three until four Monday afternoon.

PATRICIA McNEEL IS CITY'S DUTCHESS TO DE LEON EVENT

Miss Patricia McNeel received word from Fred O. Jay, secretary of the DeLeon Chamber of Commerce, this week that she had been chosen as Dutchess to represent Cross Plains at the annual DeLeon Watermelon and Peach Festival. The coronation of the queen of the celebration is to take place the night of July 23 at the DeLeon fair grounds.

Miss Patricia is the daughter of Mr. and Mrs. Craig McNeel. She was graduated from Cross Plains high school with the class of 1940 and took a post-graduate course at the local institution the past year. Many of Patricia's friends are expected to accompany her to DeLeon.

METHODIST LADIES TO SERVE LUNCH TUESDAY

Ladies of the local Methodist church will serve luncheon Tuesday at noon, July 22, the proceeds from which are to be used in improvement of the church premises. It was announced yesterday by Mrs. H. A. Young, a member of the committee in charge.

GERALD WOODS LAID TO REST WEDNESDAY

Mr. and Mrs. R. L. Paschall received word Tuesday night, July 15, of the death of a nephew, Gerald Woods, 26, of Brownwood. He was the son of Mr. and Mrs. Enis Woods of Brownwood.

Survivors include the widow, one child and both parents.

62 Notaries Public In County; 16 Are Located At Cross Plains

Persons needing the service of a Notary Public in Callahan county should have little difficulty in locating such authority, 62 persons having qualified for the approaching two year tenure. Baird lead the list with 29 notaries public, Cross Plains came second with 16, Clyde had 10, Putnam five, and Cottonwood and Abilene route two, one each.

The list of notaries public by communities follows:
Cross Plains: Edwin Baum, Jr., W. J. (Son) Sipes, J. C. Watson, John W. Loven route two, Hulian Barr, Fred V. Tunnell, S. C. Barr, S. F. Bond, Tom Bryant, E. A. Calhoun, C. R. Cook, Maggie Cook, Paul V. Harrell, Mrs. C. V. Ramsey, Mrs. E. N. Schaffner, Sr., Mrs. Ethel Sims.
Baird: Frances Ashlock, Mrs.

Charles Kizer And Former Cross Cut Girl Wed July 12

Marriage of Miss Charlie Mae Newton and Charles Kizer, of Brownwood, was solemnized at eleven o'clock Saturday night, July 12, at the First Christian Church in Cisco, with Rev. Wright reading the single ring ceremony.

Their attendants were Mr. and Mrs. W. J. Kizer, of Rising Star and Mr. and Mrs. J. C. Fletcher, of Cisco.

The bride is the daughter of Mr. and Mrs. Charlie Newton, of Brownwood. She was graduated from Cross Cut high school with the class of 1941.

The groom is the son of Mr. and Mrs. J. W. Kizer, of Rising Star. He attended Coleman high school. The couple are at home on 502 Center Avenue in Brownwood where he is employed by the West Texas Produce Company.

HIT AND RUN DRIVER HURTS TWO SATURDAY NIGHT NEAR PICNIC

Two were injured here Saturday night as they were walking along the highway in the vicinity of the Picnic grounds when struck by an automobile driven by a "hit and run" driver.

Louis Godwin and W. L. Barnett, a lad of about 13, were walking down the pavement to the skating rink from the Picnic grounds when the accident occurred. Mr. Godwin sustained the more critical injuries, his entire body being badly bruised and lacerated. The youth escaped with only a gash in the back of his head. The two were rushed to town and given first aid. Examination by a local physician revealed that no bones had been broken. Both are expected to completely recover.

Authorities are searching for the driver of the "hit and run" car, the second accident of such nature here in recent months.

POOL HALL MOVED; NEW TABLES ARRIVE

Carl Autry moved the Recreation Club this week from the Polshuk building on North Main Street to the building adjoining the Citizens State Bank on the South, that is recently vacated by Wilson's Cafe.

Mr. Autry installed two new tables Tuesday afternoon, making the club one of the best equipped of its kind in this section. Mr. Autry has been praised for the orderly, wholesome manner in which his business is conducted.

NEW ROOF GOING ON SCHOOL BUILDINGS

A new roof is being placed on Cross Plains school buildings this week. The covering will cost in the neighborhood of \$500, however, it bears a guarantee for five years. The buildings have been in need of roof repairs for some time.

METAL NEEDED FOR NATIONAL DEFENSE AUTHORITIES SAY

Mayor C.S. Martin Appeals To House-Holders To Help By Contributing Old Utensils

Heeding an appeal from the federal government for aluminum to meet a shortage for national defense, about 200 men and women from all sections of Callahan county, met in the district court room of the courthouse at Baird Tuesday night, upon the call of County Judge B. H. Freeland, and organized for a "kitchen-door" canvass of the county to collect this vital metal.

Judge Freeland named the four County Commissioners to serve as chairmen in their respective precincts, with the suggestion that Mayors of the incorporated cities be named to handle their communities. The Commissioners were also charged with the responsibility of naming chairmen at all other communities in their precinct and seeing that the program is carried out.

House-wives will be asked to donate any piece of aluminum they can spare without the necessity of replacing it with a new purchase. So much aluminum is used in the manufacture of planes for national defense that a shortage has accrued and to meet the crisis a nationwide drive is being made.

Cross Plains' Method

Mayor C. S. Martin has requested that house-holders in Cross Plains respond to the nation's call by placing aluminum utensils they can spare in the front yard or on the porch Monday morning of next week and that a truck will be sent around to pick it up. If the need arises a second canvass of the city will likely be made on Tuesday.

All aluminum in the precinct will be gathered at a central point somewhere in Cross Plains and then loaded in a county truck and hauled to Baird, where it will be dumped on the courthouse lawn together with contributions from other precincts.

Air Defense Later

In opening the meeting in the courthouse at Baird Tuesday night, Judge Freeland pointed out that Callahan county had never fallen short of a patriotic goal and that he felt sure householders would contribute liberally to meet the shortage of the vital metal, aluminum. He was followed by B. L. Russell, whose invaluable service in civilian capacities during the last war will be long remembered. The veteran Callahan county barrister praised the men and women of this county for their unselfish devotion to the nation's welfare and urged that workers leave no home uncalled on. "From the humblest dwelling to the most palatial palace, Americans are

NO QUOTAS SET FOR DEFENSE BOND SALES

M. H. Perkins, Callahan county chairman of the sale of defense bonds and stamps, has advised the Cross Plains committee in charge of this work that for the time being at least this county will be given no specific quota. He points out that government officials have expressed the hope that the necessary number of bonds may be sold without any "high pressure" methods.

In the mean time the Cross Plains committee, headed by J. G. Weiler, is urging all who possibly can to make investments in these defense securities which are on sale at the local post office.

ABILENE WOMAN BUYS HOME ON MAIN STREET

Mrs. Ed Crockett, of Abilene and formerly of Cross Plains closed a deal Tuesday afternoon for the C. W. Kemper rent house on North Main Street, the dwelling formerly occupied by Mr. and Mrs. V. A. Underwood. Considerations of the transaction were not announced.

Mrs. Crockett will move into her new home some time before the first of September.

County Organized For Scrap Aluminum Drive

60th Cross Plains Picnic Closes On Saturday Evening

After three days of hilarity Cross Plains sixtieth annual Picnic was brought to a close Saturday night. Several thousand people attended the celebration Thursday, Friday and Saturday, with possibly the largest crowd present the last evening.

Winners of the street parade on opening morning were announced as follows: best float, Cross Plains home demonstration club; second best float, Higginbotham Brothers and Company; best team, C. B. Edgington; best kid pony, Tom Minton, Jr.; second best kid pony, Harold Garrett; best saddle horse, Raymond DeBusk; second best saddle horse, Fred Stacy; best decorated bicycle, Robert Calhoun; most comical entry, Calhoun Motor Company.

The amateur contest was rained out the first night of the celebration, however, large crowds and keen interest was evidenced Friday and Saturday evenings. Winners of the cash prizes in Friday night's performance were: Dorothy Ripper, pianist; Barbara Jean Ramsay, tap dancer; Bonnie Lou Huntington, rope skipper and tap dancer. Saturday night's prize winners were: Annette Erwin, pianist; Leta Mae Hill, singer, and Burdette Benksin, whistler.

The carnival which played here during the Picnic has gone to Burkett for the annual observance there.

At an appointed time the aluminum will be sold to the smelter making the highest bid. Funds derived from these sales over the nation will go into a Civilian Air Defense Corps, to be organized after the aluminum drive is completed. The nature of the air defense program is not yet definitely known here, however, it is believed that watching posts will be placed at vantage points throughout the nation and that civilians will be schooled in methods of defending American skies.

SMITH IS PEAKER AT PICNIC

Mr. Smith, of Throckmorton, speaker from this district at the Cross Plains Picnic afternoon in the interest of saving bonds and stamps. Mr. Smith stressed the need of the hour, pointing out that in countries had lost their freedom because they failed to meet the need of dictators.

He pointed out that Senator speech had not been pre-empted only a crowd of hundred was present to address.

SOLDIERS CAN BE A GENTLEMEN SAYS LEAR

Ft. Worth. — Sorry soldier, if you want to soothe the girls you'll do so without approval—even from home. Recently an irate army general had 350 soldiers march 15 miles extra because they cat-called girls in shorts on a golf course.

Recently two congressmen pounced on the general for his stern discipline but in Fort Worth more than half the persons quizzed by the Daily Press think Lieut. Gen. Ben Lear was right.

In Fort Worth even the father of a selectee thought the members of the 110th Quartermaster Regiment "should be punished." The breach of discipline was committed in Memphis, Tenn.

A LARGE PEANUT ACREAGE FOR OIL ALLOWED BY A A

WASHINGTON. — Farmers who grow peanuts will be permitted to increase acreage planted to this crop in excess of each farm allotment without incurring deductions in any benefit payments under the AAA farm program except the peanut conservation payment, provided such increased acreage is planted for production of oil.

Change in the AAA provisions was made by Secretary of Agriculture Claude R. Wickard. Previously such an increase in peanut acreage would have meant reduction of benefit payments to such farmers.

This change does not affect the marketing quota program on peanuts. Under provision of this program, peanuts produced in excess of the farm quota must be delivered to a designated agency at all prices, in order to avoid payment of the marketing penalty.

Under the peanut marketing quota provisions of the agricultural adjustment act of 1938, as amended, the Secretary is required to support prices on peanuts grown on the allotted acreage at not less than 50 per cent nor more than 75 per cent of the parity price by means of a diversion or loan program, or both.

COMMON HOUSE FLY CARRIES MANY DISEASES

AUSTIN. — Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follows closely in the trail of the common house fly.

"Control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and individual in the state," urges Dr. George W. Cox, state health officer. "Most effective measures for control is to prevent breeding," he said. "Flies breed in filth and about eight days are required to complete a life cycle. During her lifetime of several months one housefly lays from 600 to 1,000 eggs. Thus it can easily be seen that in a season, which usually begins in the spring of the year, descendants from one fly number countless thousands.

"To eliminate flies, breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture and food necessary for the propagation of the fly. The flies should be kept from contact with food or drink or utensils in which food or drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with food and drink and by unwashed hands and utensils. See that your windows, doors, and por-

ches are screened so that the stray fly from some careless neighbor will not molest your family. Also, see that your grocer keeps his meat, vegetables and fruits free from flies.

"Organized health measures to destroy the breeding places, control of flies' access to your home and food and established standards of cleanliness in your community will eliminate the fly. The number of flies is an index to cleanliness of any community and they can be entirely eliminated."

Care to our coffin adds a nail, no doubt, and a laugh so merry each draws one out.—Dr. Walcott.

Interest in public affairs, national, state and city, should be ever present and active and not abated from one year's end to the other.—William McKinley.

Why do folks always refer to a contemptible man as a "miserable pup"? A pup always seems happy and good natured.

Air miles flown increased from 7,000,000 miles per fatal accident in 1936 to 40,000,000 miles in 1940. Scholastic credit for completion of the Civil Aeronautics Administration's civilian pilot training is being offered by 362 colleges and universities.

Less than 3 per cent of the pilots or captains and less than 8 per cent of the pilots or first officers among airlines pilots and pilots who are military reservists, have been called for military service.

Gross revenue during the month of January from the nation-wide air express service showed a 27.5 per cent gain over the same month in 1940.

Figures on maintenance and operations at Randolph Field, Texas, indicate that almost every one of the 300 craft used for student training have flown about 235,000 miles since being turned out from factories.

On January 1 of this year, pilot certificates were held by 63,113 individuals in the United States as against 51,291 a year ago, a gain of 101.9 per cent.

On January 1, 1941, 17,351 aircraft (not representing military planes of any type) were certificated, a 35.2 per cent gain over the 12,829 aircraft that were registered on the same date of the previous year.

California had the largest number of certificated pilots on January first with 8,285 pilots holding certificates. New York state was second with 4,863 certified pilots, and Texas came in third with 3,918 registered pilots.

This institution has faithfully served both its depositors and borrowers for quite a while. Through these many years it has grown steadily until today it is a very strong banking institution.

A great many who refer to the Citizens State Bank as "That's My Bank" say they do so because they particularly like the way this bank has stood the test . . . through good years and hard times. They agree that there are many other ways to judge the worth of a bank and all of those ways are firmly entrenched in the policy of this bank.

Loyalty Wins WTU Lineman National Valor Award

Lineman J. B. Handley of Childress shows how ordinary fence wire was used for climbing hooks in emergency that won national honors.

Loyalty to his job today is worth \$150 in unexpected cash to J. B. Handley, lineman for the West Texas Utilities at Childress, who thus capitalized on the "big blizzard" of February 16-17, 1940.

Handley was selected for the Claud L. Matthews Valor Award of 1940 at the annual convention of the Edison Electric Institute in Buffalo—an award made each year for the outstanding performance of valor in the United States electric industry. A check for \$150 and a handsome scroll, commemorating his restoration of lights and power on the Quitaque-Turkey electric line during a severe wind and snow storm, were presented to him at the quarterly safety meeting in Childress.

Nominated for the honor by WTU officers and fellow workmen, Handley, according to the citation, "on his own initiative and at great personal risk patrolled 10 miles of transmission lines, improvised means for climbing ice-coated poles, made necessary poletop repairs and restored electric service to the towns of Quitaque and Turkey...".

Handley and two other linemen, Bob Adams and Jay Hunter, were doing routine repair work on the Quitaque-Turkey line, February 16, 1940, when the blizzard struck. They were instructed to return to Childress where they were headed when the line went out. They then tackled the job of making repairs.

Taking turns walking a mile across farm and pasture to patrol the line, while the other two followed the road in a pickup truck, Handley, during his turn, was isolated when the truck was stuck in a snow drift and unable to meet him at the next crossroad. He then continued the patrol alone and without tools, which had been left in the truck to make walking easier in the snow, which by then made it difficult to see from one pole to another.

Late that evening he found a farmhouse where he spent the night, resuming his patrol the following morning—much colder, the wind much stronger, and the snow much deeper.

Half way between Quitaque and Turkey, Handley found the lines damaged by winds and snow. Equipped only with pliers, without safety belt or climbers, he took wire from a nearby fence to use for foot-rests in climbing seven ice-coated poles where wires had been torn loose from insulators by the wind and the weight of snow and ice.

"It was a trick I learned when a kid," he said. "We'd take a long piece of wire, tie it looselike around a pole, and use the ends to make a loop for the foot. B, the time I'd climbed those seven poles, knocking the ice off with my pliers and slipping the wire upward a few inches at a time, I was getting pretty good at it and making fair time."

Repairs were made and Handley reached Turkey at mid-day, with lines ready to be energized and service restored with less than 24 hours' interruption. The storm was one of the most severe ever recorded in West Texas, disrupting all forms of traffic and communications for several days.

His feat was cited as "showing a high measure of foresight, courage, resourcefulness, and determination well beyond the reasonable demands of duty."

Methodist Church PERSONALS

There are one hundred and sixty-eight hours in a week. How many do you share with Church. The same logic applies to Christianity as applies to life — you get out of it just what you put into it. Those who share many hours a week with Christ receive a great joy and a sense of spiritual security, which those who live within themselves never realize even exists.

Come to church next Sunday morning and hear Rev. H. H. Barnett preach.

Young People meet at 7:30.

Offhand Observations

The senatorial election in Texas is now in the past and our present governor, W. Lee O'Daniel, will be our next senator and Coke Stevenson, our present lieutenant governor will be our governor for the rest of the term.

It is thought, by those who seem to know Mr. Stevenson best, that he is well-fitted for the high post to which he has been elevated.

As a young man he was a wagon freighter, ranch hand, school teacher, newspaper publisher, and finally studied law in between his other duties.

We believe the people of Texas will fall in line and follow his leadership in the up-building of all interests for the welfare of our great state.

The entire country was grieved the past week when the death of the great musician, Ignace Jan Paderewski was announced.

Mr. Paderewski had endeared himself to the people of the United States by his frequent musical tours throughout the country for the past sixty years.

The musician was known the world over as the greatest pianist of his time. He was born November 6, 1860 in Poland and suffered many hardships during his early life.

From the Texas Press Messenger of February 1939 we take the following, which is a part of a hard luck story passed on to its readers to show that "theirs" after all, is not the hardest lot.

"In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My shattered financial condition is due to Federal laws, State laws, county laws, city laws, corporation laws, liquor laws, mother-in-laws, brother in laws, sister-in-laws, and outlaws.

Through these laws I am compelled to pay a business tax, amusement tax, head tax, school tax, gas tax, light tax, sales tax, liquor tax, income tax, food tax, and excise tax.

For my own safety I am required to carry life insurance, property insurance, liability insurance, burglar insurance, accident insurance, business insurance, tornado insurance, unemployment insurance, old age insurance and fire insurance.

Simply because I refuse to donate to something or other I am boycotted, talked about, lied about, held up, held down, and robbed until I am almost ruined."

A courteous and, shall we say, timid editor recently made this announcement in the columns of his paper:—"For those who have hesitated to renew for fear I didn't have

Languid and old, he sat by the fire, and dreamed of the days of yore. Dreamed of the yester-years, when youth tired, of victories told ore' and ore'.

He lived over again the days he spent with the wife of his youthful years. With his daughters, and sons, and then she had to go, at this memory, big dim eyes filled with tears.

Humming a tune, in time as she swayed of "the home over there," where she was ready to go.

And served with a life full of love He is gone from our homes, but not from our hearts. His memory will live on and on. Our dear old dad, that every one loved, He lives — even tho he is gone.

IN REMEMBRANCE OF SWEET BONNIE MAE INGRAM

A precious one from us is gone, A voice we loved, is stilled, A place is vacant in our home, That never can be filled.

God called her home to dwell with him, In realms of bliss to stay, When she will wait at heaven's gate.

For us to come some day, The Angels bore our baby home, And some sweet day we hope to go and join her over there.
