City, School Elections First Week In April

2 CITY DADS MUST BE NAMED APRIL 1 AND TRUSTEES 5TH

Outgoing Are Aldermen L. W. Placke and T. E. Baum and Ben Atwood and Jack Lacy

Two elections are scheduled here the first week in April. On the first day of next month voters residing within the city limits are to trek to the polls to name two Aldermen, then on the fifth two school trustees are to be chosen.

Terms of T. E. Baum and L. W. Placke expire on the city council, and either they are two more "city dads" must be named. On the school board terms of Jack Lacy and Ben Atwood are to expire.

None of the quartet mentioned above has yet signified whether or not he will stand for reelection. To nominate a candidate for any of the offices a petition, signed by at least 10 qualified electors, must be filed with the city clerk or secretary of the school board at least 10 days before election.

The city vote is to be held in the water and gas office on the East 9th street, with J. C. Watson serving as presiding judge. The school election will be held in the Cross Plains Motor Company, Inc. building on East 8th street, with Sam C. Barr acting as presiding judge.

The usual requirements governing voting will be followed, the Review was told.

NAME COMMITTEES AT COUNTRY CLUB

Committees to serve Phillips country club throughout the ensuing year were named Tuesday night by Fred Tunnell, newly elected president, and ratified by the board of directors.

The committees are as follows: Ground and greens: Jay Koonce, chairman, L. E. Cates, Fred Tunnell and Lester Strawn.

Rules: Bill Tunnell, chairman, Porter J. Davis and Lowry Horton.

Finance: W. E. Tyler, chairman, Edwin Baum and C. E. Williams.

Fishing: W. E. Tyler, chairman, Babe Wood and Pete Essery.

Tournament: Charles Rutherford, chairman, Jake Huntington and Jack Scott.

Publicity: Jack Scott, chairman, M. S. Sellers and L. C. Cash.

Tennis: L. C. Cash, chairman.

Bathing Beach: W. B. Baldwin, chairman, F. R. Anderson and O. R. Shultz.

Funeral services for Mrs. M. E. Wakefield, formerly of Cross Plains, who died at her home in Brownwood early Saturday morning after a long illness, were held Sunday afternoon and interment was made in the family plot of the Green Leaf cemetery there. Survivors include one daughter, one son, a grand-daughter, a sister and scores of friends and near relatives.

A number of Cross Plains people attended the funeral and interment services Sunday afternoon. Among the pall bearers were three Cross Plains men: R. Elliott Bryant, Tom Bryant, Jr., and Edwin Baum.

COTTONWOOD WILL HAVE BOX SUPPER AT SCHOOL FRIDAY

A box supper is to be held in the Cottonwood school building Friday night, March 14. A free program has been arranged.

Prizes are to be given the most popular woman and the ugliest man present. Everyone is invited to come and bring a well filled basket.

MRS. T. B. BRISCOE IS HERE THIS WEEK

Mrs. T. B. Briscoe, assessor and collector of taxes, is in Cross Plains this week to supervise the registration of automobiles which is to be completed by April first. She is headquartered at the office of Cook's Insurance Agency.

TERM EXPIRES

Tom C. King, six-foot four, 210-pounder, whose duties as State Auditor ended with the failure of two-thirds of the Senate to confirm his nomination by Gov. W. Lee O'Daniel. King has had the distinction of being appointed by two Governors and twice confirmed by the Senate, giving him the longest period of service in the Auditor's office in the State's history. "I will always be grateful for the opportunity of serving the people of Texas to the best of my ability," King said. He formerly lived in Fort Worth and Dallas and will return to that city.

Mrs. H. C. Placke Dies Saturday In Hospital At Cisco

Mrs. H. C. Placke, 42, died in a Cisco hospital Saturday morning at 3:45 after an illness of several weeks. A brief funeral service was conducted from the Higginbotham chapel here Saturday morning at 11. The body was then carried to Lincoln, Texas,—near Giddings—childhood home of the deceased, where interment was made Sunday afternoon in the family plot of the Lincoln community cemetery.

Mrs. Placke had been in declining health for some time and entered the Cisco hospital about three weeks ago. Her condition was not known to be immediately dangerous until about three or four days before she expired.

Survivors are the husband, Herbert C. Placke, a daughter, Mrs. Drexel Underwood, of Pioneer, and a son, Billy, who lived with his parents, in addition to both parents, Mr. and Mrs. H. Mims residents of Lee County and the Lincoln community. Other survivors include a grand-child, several brothers and sisters and a host of near relatives and friends.

Mr. and Mrs. L. W. Placke and Mr. and Mrs. Gilbert Williams, of Cross Plains, were among those accompanying members of the immediate family to Lincoln for the funeral and interment services.

Winners At County Meet Will Receive Loving Cups

Announcement is made by the executive committee of the county interscholastic league meet that 11 loving cups are being added to the list of trophies to be presented winners of the annual event, to be held in Baird next week end.

List of the newly added cups and their donors appear hereunder: Senior boys track and field events—that is team compiling greatest number of points—awarded by Ray Motor Company.

Boys debate; gun presented by Citizens State Bank, Higginbotham and Kemper's Cafe. Girls debate: Callahan County Luncheon Club. Junior volleyball: Earl John-

son Motor Company. Junior track and field: Ashlock Insurance Agency.

High school juniors track and field: W. D. Raley. Grammar school playground ball: Clyde school faculty.

One act play: Cross Plains Motor Company, Inc., Smiths Drug Store, Sims Drug Store, Red Top Service, Baldwin Lumber Company and Worthy's Grocery.

Girls extemporaneous speech: Olaf G. South. High school girls playground ball: Baird school faculty. "We believe these cups will increase interest in league events, and we hope to add more next year," stated Olaf G. South, Chairman of the executive committee.

Conscience Money Sent Baird Store

The mails brought an unusual letter to W. B. Jones, Baird dry goods merchant, this week. The letter contained a sum of money and a note which explained that the sender was asking that the cash be accepted as payment for a hat stolen from the store several years ago.

The letter went on to say that since the theft the writer had realized how wrong robbery was and the money was to help erase the blot. The letter, unsigned, came from Sweetwater, Texas.

Jones makes the reply that if it will help the writer's conscience, the books as far as he is concerned, are perfectly balanced.

2 One Act Plays Tuesday Night In School Auditorium

"The Bride Wore Red Pyjamas" and "Exit Glamour" are the two one act plays to be presented by the high school speech department next Tuesday night, March 18, at 7:30 p. m.

"We want you to know before you come that the bride did no such thing. It's only a trick to get your money," the Review was told Tuesday. "The Bride Wore Red Pyjamas." It was added, however, that "Toady McBerrett" was desperate enough to do anything to get out of marrying that English walking stick (Alvin Kemper), as Gerry (Billy White) put it. Mother (Juanita Burke) was all for it, but Benson, the butler (Donald Gibbard) came immediately to the rescue.

"As for 'Exit Glamour': It's the amazing denouement of a problem which has been causing the popular, beautiful, and glamorous Leslie Tremayne (Leona Plunkett) the loss of many hours of sleep over her husband, Basil Kent (Billy Mark Smith). The two are supported by Kathryn Anderson as Sophie, the maid.

The winning play is to be entered March 28, in the county contest at Baird, and Tuesday night's performance will be "Cross Plains' only chance to see 'Exit Glamour' and 'The Bride Wore Red Pyjamas.' Admission will be ten and fifteen cents.

Election of other members of the faculty is likely to be considered by the board at its first meeting in next month. The newly elected superintendent will probably meet with the trustees at that time.

MUSICAL CONCERT AT SCHOOL AUDITORIUM NEXT THURSDAY NIGHT

Howlin's Chosen Four, a male quartet, will render a concert in the high school auditorium here Thursday night, March 20, under auspices of the ladies of the local Methodist church.

The quartet which is composed of: Austin Williams, Buck Yates, Spurgeon Sprawls and Enell Bond, sang last Sunday afternoon at Burkett and received a stupendous ovation. They are to appear again Sunday afternoon, at the Cross Plains Baptist Church for the regular monthly singing convention.

F. R. ANDERSON BUYS TWO DWELLINGS HERE

A deal is in the process of completion between F. R. Anderson and the Mrs. W. M. Neeb estate, where by Mr. Anderson is expected to become owner of the two dwellings in the Northeast part of town, occupied by the J. J. Ripper family and the A. A. Beekman family. Considerations of the trade had been agreed upon yesterday, however, final papers had not been drawn. If the deal is made, as expected, the Anderson family will move into the house now occupied by the Beekmans.

CHURCH LADIES WILL QUILT FOR ORPHANS

Circle number one of the Baptist W.M.U. met Monday afternoon in the home of Mrs. Jess Dunlap for a Bible study. The group is to meet again, Monday, March 24, at the home of Mrs. Mammie Swafford at which time a quilt is to be completed for Buckner's Orphans Home.

HUBERT KELLEY AND SOC WALKED NAMED FOR ANOTHER YEAR

Board Will Likely Consider Election Of Others The First Meeting In April

Members of the board of trustees for Cross Plains Independent School District Monday night named Leo Varner, superintendent of schools at Williams, to be superintendent here succeeding Lewis C. Norman, resigned. Mr. Varner will assume his duties in Cross Plains at the close of the current fiscal year, July first.

Other faculty members re-elected for another year by the board, which met in special session Monday night, included: Socrates Walker, athletic director and instructor of social subjects and Herbert Kelley, principal of the grammar school. J. K. (Jack) Aiken was also re-elected to assess and collect taxes for the ensuing year.

Leo Varner, the son of Mr. and Mrs. H. S. Varner of Cottonwood, is a graduate of Howard Payne College at Brownwood, from which institution he holds a Bachelor of Arts degree. After graduation from college he served two years as principal of the Atwell school. He then taught in Cross Plains one year, at the close of which he was elected principal of the grammar school. The Williams school, however, professed the more lucrative post of high school superintendent and he accepted the place there. At the end of his first year at Williams, Mr. Varner was given a two year contract.

The newly elected Cross Plains school head is regarded in school circles as one of the most promising young men in the profession. His record at Atwood, Cross Plains and Williams is indeed enviable, say those familiar with the subject. His election to the Cross Plains superintendency Monday night was by a unanimous vote.

Election of other members of the faculty is likely to be considered by the board at its first meeting in next month. The newly elected superintendent will probably meet with the trustees at that time.

Home Town Gossip

Writers who express their opinions to take space in the paper early in the week and fail to get up the copy in time for publication present one of the major problems of publishing a country newspaper. Printers go ahead with the making of the pages, and the usual result is to block out the space the writer has announced he will use. Cottonwood Club To Have All Day Meeting On 21st

An all-day meeting for the Cottonwood Home Demonstration Club is scheduled at the next regular meeting date Friday, March 21, in the home of Mrs. Sam Moore, West of Cottonwood. Clara Brown, Home Demonstration Agent, will give a demonstration in yeast breads. Equipment, mixing, baking, and serving yeast breads will be demonstrated. The meeting will begin at 10 a. m. and a covered dish luncheon will be served at noon.

In the afternoon, a business meeting will be held, and Miss Brown will discuss the proper kitchen storage, a perplexing problem to many housewives.

Due to bad weather only five members of the club were present at Mrs. Bryan Bennett's Friday afternoon March 7. The program on landscaping planned for this date will be given in April.

135,000 Texans Are Employed By Oil Industry Of Texas

DALLAS. — Nearly 135,000 Texans get their entire living from oil refining, a Statewide survey just completed by the Texas Mid-Continent Oil and Gas Association shows.

The oil refining branch of the state's petroleum industry furnishes jobs for 33,000 Texas workers, including office employees, with payrolls of \$50,000,000 a year. Counting four persons to a family, a total of 132,000 Texans obtain their livelihood from oil refining alone, the survey shows.

In addition, Texas carbon plants employ 1,850 more workers and pay them \$2,200,000 a year, while natural gasoline plants provide jobs for 3,500 more Texans, with payrolls of \$5,775,000. This gives a total employment in the Texas petroleum refining industries of 38,700 workers, who with their families make up 125,000 Texans getting their sole living from this source.

Texas oil refineries refine 83 per cent as much crude oil as Texas produces, an increase of 28 per cent over 1933, the association reported. This is in contrast with Texas cotton, of which only about 2 per cent is processed in Texas, and Texas wool and mohair, virtually none of which is processed here. Most Texas raw materials are shipped out of the state to other parts of the world for manufacturing, to the virtual exclusion of Texas labor.

"It is a factor of vital concern to every Texas worker to see that as much as possible of the raw materials which Texas produces are also manufactured into finished products in our state," the association points out in a statement issued today. "Oil, like cotton and all Texas materials, must seek outside markets for volumes in excess of home requirements. But unlike most of the other materials, Texas oil is first manufactured into useful products in Texas plants with Texas labor. More than four-fifths as much oil as is produced in this State is also converted into finished products here, making Texas' largest manufacturing industry."

"The result is that thousands of Texans are afforded employment. This would not be the case if the bulk of the crude oil produced here were shipped out to be refined by petroleum refineries situated in other states. Most Texas refiners now operate on a profit of a small fraction of a cent per gallon of gasoline, their principal product. Anything which would add even a part of a cent a gallon to their costs would seriously injure Texas' largest manufacturing industry and affect the livelihood and welfare of nearly 135,000 Texans."

INSURERS PAY TEXANS \$23,934,000 IN 1940

With American families receiving an average of more than \$205,000 every hour throughout 1940, in benefit payments from life insurance companies, Texas beneficiaries were paid a total of \$23,934,000 in death benefit payments during the year, it was reported by John A. Monroe, Jr., president of the Dallas Association of Life Underwriters.

A total of \$29,516,000 was paid out in the state in 1940 under 6,926 ordinary life policies, \$2,798,000 under 1,908 group life insurance certificates and \$29,000 under 3,771 industrial life insurance policies, Mr. Monroe said.

I GIVE YOU TEXAS

"Don't Run over My Little Girl" which appeared originally in the Kiwanis Magazine, is reprinted from T. B. O'Bryan's Clay County Lead-er.

Today my daughter, 7 years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker spaniel, whose name is Coot, sat on the front porch and whined his canine belief in the folly of education as she waved goodbye and started off to the hall of learning.

Tonight we talked about school. She told me about the girl who sits in front of her, the girl with the yellow curls, and the boy across the aisle who makes funny faces. She told me about her teacher, who has eyes in the back of her head, and about the trees in her school yard, and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things, tremendously vital, unimportant things; and we studied spelling, reading, arithmetic and then to bed.

She's back there now—back in the nursery sound asleep, with "Princess Elizabeth", (that's a doll) cuddled in her right arm.

You guys wouldn't hurt her would you? You see, I'm her daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix that—but when she starts to school, walks across the street, then she's in your hands.

She's a nice kid. She can run like a deer and darts about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time. I have to work to pay for her clothes and her education. So please help me look out for her. Please drive slowly past the schools and intersections—and please remember that children run from behind parked cars.

Please don't run over my little girl.

The task of trying to erase a picture from the minds of the people of Texas confronts the advocates of a separate oil and gas commission, in the opinion of observers. The drawing—widely circulated through the press in the last few weeks—shows a giant representing Oil Industry and the familiar figure of Old Man Texas, who has his hands

I GIVE YOU TEXAS By BOYCE HOUSE "Don't Run over My Little Girl," which appeared originally in the Kiwanis Magazine, is reprinted from T. B. Her cocker spaniel, whose name is Coot, sat on the front porch and whined his canine belief in the folly of education as she waved goodbye and started off to the hall of learning.

What makes drawing and its accompanying words significant is the fact that it was put out by the "various units of the industry and sponsored by the Texas Mid-Continent Oil and Gas Association." The statement said, "With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated." Could the industry have conducted this pioneering if it hadn't been making money? To the majority of fair-minded Texans, that looks like the State Railroad Commissioner has been doing a pretty good job of supervising things so that the oil industry might prosper and thereby pay taxes and provide wide employment.

Boats Plying On Brownwood Lake Must Be Licensed

The time for licensing boats that ply Lake Brownwood expires March 15, boat owners were warned recently by the Brown County Water Improvement District No. 1. Licenses are payable annually to the water district under an act of the 44th Legislature and orders promulgated by the District's board of directors.

The license fees for motor or power driven boats include 50 cents for one or the first passenger and additional passenger, including the driver, minimum fee being \$2 and maximum fee \$5 per year. The same rates apply to sailboats. Out-board motor boat fees are \$2 per annum up to 16 feet in length, \$2.50 from 16 to 18 feet in length, and \$3 for those over 18 feet. A row-boat or canoe requires \$1 per annum fee.

Minimum license of \$7.50 per annum is provided for commercial power-driven boats, the exact fee depending on seating capacity at 50 cents for the first passenger and \$2 for every additional passenger. motor boat fee is \$7.50 up to 16 feet, \$9 for boats over 16 to 18 feet. Detachable outboard commercial and \$10 for those over 18 feet. Commercial sail boats are the same as motor driven boats. Row boats for hire pay a fee of \$1.

Each driver of a commercial boat must pay a license of \$3 per year, quarter-year.

RICKETS

AUSTIN. — "Rickets, a chronic nutritional disorder of babies in the first two years of life, may be expected to reach a seasonal peak in March and later due to lack of sunshine and deficiency of infant dietary during winter months," declares Dr. George W. Cox, state health officer.

"Rickets constitutes one of the most important diseases of infancy because of its general prevalence, its serious complications, and the fact that it is readily preventable. "Rickets occur more frequently among the lower income groups though upper-bracket incomes are not total insurance against the disease. A faulty dietary and lack of sunshine can occur in any income level unless intelligent parental control against these deficiencies is constant.

"Rickets is one of the most chronic nutritional disorders occurring among children in Texas. It is more prevalent than statistical records reveal. It is also more often overlooked than recognized, and its consequences are not shown in death rates since it is seldom a direct cause of death in infants, but rather a contributory cause.

"The earliest suggestive symptoms of rickets are restlessness, irritability and head sweating. In a well advanced case the disease becomes evident to the physician at a glance. The angles of the head become more pronounced, the thorax deformed, the abdomen large and protuberant, the legs bowed or knock-kneed, and the infant gives evidence of malnutrition.

"The prevention of rickets depends on two factors, namely, sunshine and diet. The key to practical prevention is found in the fact that artificially fed city babies confined in apartments without adequate sunshine and fresh air furnish the vast majority of cases.

"Rickets as a public health problem deserves efforts at community control. The fact that the disease is common, serious and preventable should be common knowledge to all people," concludes Dr. Cox.

LUMBER INDUSTRY BOOMS

AUSTIN — The Southern lumber industry boomed during January as production and shipments climbed and unfilled orders at the end of the month mounted. University of Texas business statisticians reported today. Average weekly production per unit—325,918 board feet—gained 6.9 per cent over December, 34 per cent over January, 1940. Shipments gained 6.7 and 53.4 per cent over the comparable periods. Unfilled orders January 31 totaled 1,041,316, up 7.9 and 50.2 per cent above the corresponding periods.

Food For Defense Call to Arms Surplus farm products and over production of food products in America, of which so much has been written and talked about, may prove a "boogy-man" to cause a great deal of future grief.

By Mrs. Norman Coffey
One hundred and one hot school lunches were served to pupils and teachers on the opening day of the Hot School Lunch program at Cottonwood school. Serving of the hot lunches began Monday, March 17, and will continue the rest of this school term.
Students derive many advantages from these lunches. Among the advantages are a well-balanced meal, a well prepared meal cooked in sanitary kitchens and served piping hot to the pupils each day. Hot lunches in the Cottonwood school are being served for five cents.
The members of the Cottonwood Home Demonstration club, sponsor of the hot lunch project, wish to express their thanks and appreciation to all who helped prepare the kitchen, to those who sent dishes, towels and utensils and especially to the board of trustees. To the school teachers and to every school patron, help and co-operated in this and surrounding communities, the club extends thanks.
Visitors to the lunch room are always welcome. Mr. R. J. Willoughby, superintendent is business manager of the project and Mary Beth Palmore is collector.
