The senior class with 12 on the honor roll led the school with the greatest number of students in the scholastic bracket. The juniors were second with nine, while the third and sixth grades had but one each.

13 EASTERN STARS GO TO CISCO MEETING ON LAST TUESDAY NIGHT

Thirteen members of the Cross Plains Order of Eastern Star attended an Obligation Night program at the Cisco Eastern Star Lodge Tuesday night. Those attending from here were: Mr. and Mrs. Carmen Wright, Mrs. Ralph McNeal, Miss Mahota Cook, Miss Rosa Van Lane, Mr. and Mrs. E. B. Wingo, Mr. J. A. Barr, Mrs. Robert Cunningham, Mrs. Eli Powell, Miss Hazel Ogilvy, Mrs. C. R. Cook and Mrs. George B. Scott. Present at the meeting were also representatives from other nearby Eastern Star chapters.

Frank Cross, of Brownwood was a Cross Plains visitor Wednesday.

Armistice—in U. S. War Games

Upper Right: (L. to R.) Lieut. Gen. Delos Emmons, Lieut. Gen. Walter Krueger and Lieut. Gen. Ben Lear, commanders of the two field armies and air force in war games in Louisiana, listen to comments on the games by Lieut. Gen. Lesley McNair, chief of staff at GHQ, Washington, D. C. Below: The infantry battalion has borne the brunt of the battle in the first army maneuvers at Camden, S. C., and returns to camp after the "attack."

Jack McMillan And Burkett Girl Marry Saturday In Baird

The wedding vows of Miss Barbara Ola Burkett, of Burkett, and Jack McMillan of Coleman, formerly of this city, were solemnized Saturday night, October 11, at eight o'clock, in Baird.

The bride is the daughter of Mrs. H. C. Beaver, of Burkett. She was very outstanding in school activities there.

The groom is the son of Mr. and Mrs. J. M. McMillan, of Cross Plains. He was graduated from the Cross Plains high school with the class of '39, and was an outstanding member of the Buffalo football team. He has been living in Coleman for the past two years.

The couple are making their home in Coleman, where he is employed.

OUTLOOK GOOD FOR GIRLS' GAGE SQUAD

Getting ready for the approaching basketball season the Cross Plains high school sextet journeyed to Desdemonia Wednesday night for a practice scrimmage.

Robert Hill, who will coach the local girls this season, states that he is highly impressed with the possibilities of a winning team.

Mr. and Mrs. Orall Horton, of San Sabu, were business visitors here Tuesday.

The Arabs treat their camels badly.

BOY SCOUTS MAKING GOOD START HERE

Fifth weekly meeting of the Cross Plains Boy Scout troops was held in the basement of the Presbyterian church Tuesday night.

Patrols have been organized as follows: Bob White patrol, Richard White, leader; Jack Ripper, Glen White, Billy Gene Boiles, Leonard Jones, Bill White, Lois Edward Davidson; Wolves patrol; Alvin Kemper, leader; Neil Smith, Paul Smith, Robert Calhoun, Jack Lacy, Donald White and Harold Garrett.

A new patrol was organized Tuesday night with Jack Illingworth as leader and Rex Angeley, Dick Vestal, Pat McNeal, and C. W. Autry forming the personnel.

The scouts are now conducting a drive for old paper. Each boy will be assigned one city block to canvass. In addition the boys plan to sell popcorn at the Halloween carnival at the school building the night of October 31, and at all future football games here. Proceeds are to be used in the purchasing of uniforms.

Robert Hill is scout master and Hubert Kelley is assistant.

A Swedish cake called "spatt kaka" required 89 eggs.

In winter, the stars look brighter because there actually are more bright stars visible.

The word 'hiccup' came from its own sound.

STREET PARADE TO PROCEED CARNIVAL

Interest in a Halloween carnival to be held on the school campus the night of October 31 was reaching a white-heat yesterday as the four classes of high school and the ward school as a whole vied for the honor of choosing a queen to reign over festivities of the occasion.

As a prelude to the carnival, an elaborate street parade with possibly 600 school children taking part is to be held here Monday afternoon of next week. Prizes are to be given students entering the best costume, one for boys and another for girls, the best decorated bicycle, most embellished donkey and the most unusual entry.

Enthusiasm was running high at the local schools yesterday as each of the several classes mapped a "blitzkrieg" finish which they hoped would carry their colors to victory in the queen's race.

Funeral At Dudley Tuesday Afternoon For Drowning Victim

Funeral for Mrs. Clara Cutbirth McCarty, 23, who was drowned early Monday morning when an automobile in which she was riding plunged off Highway 80 near Baird, were held at three o'clock Tuesday afternoon at Dudley, Callahan county, Baptist church.

Arrangements for the funeral of J. H. Kinney, 49, Abilene man who died in the same accident, were not immediately made. His body remained at the Wylie funeral home, Baird, where word was awaited from a son in Chicago.

Mrs. McCarty was buried in the Dudley cemetery, after services conducted by the Rev. Dick Bright of Potosi.

Funeral for Kinney was expected to be held at May.

An Abilene highway patrolman, Ralph Robertson, who investigated the wreck, said the couple were pinned beneath the 1939 Hudson coupe when it hit a guard rail and turned upside down in a five-foot ditch of water.

Orphaned at 10 months, Mrs. McCarty had been reared by aunt and uncle, Miss Annie Cutbirth and J. E. Cutbirth of Dudley.

COMMUNITY SINGERS MEET HERE SUNDAY AFTERNOON

The Cross Plains Community Singing Convention met at the First Methodist Church in Cross Plains Sunday afternoon, October 19, at two o'clock, with president, Willis Connelly, in charge.

Several noted singers from surrounding communities and counties were present.

Off Hand Observation

From Tit-Bits (London). "What does this expression, 'See you,' mean?" asked the judge.

The clerk of the court replied: "My lord, it appears that this is a slang expression of American origin which has gained regrettable currency in the language of our people through the insidious agency of the cinema, and is, I am led to understand, employed to indicate a state of dubiety in the mind of the speaker as to the veracity or credibility of a statement made to him."

"Oh, Yeah," said the judge—Abilene Reporter-News.

Buffaloes Lose To Brady 18 To 6 After Stubborn First Half

After a valiant first half stand, Cross Plains high school Buffaloes saw their defense crumble in the third and fourth quarters here Friday night before the onslaughts of a powerful Brady football machine. Final score was Brady 18, Cross Plains nothing.

Brady scored again in the fourth quarter after a sustained drive had advanced the ball to the Cross Plains four. From this point Nance plowed through a hole in the center of the purple and gold forward wall for the necessary yardage. Again the attempt to convert from placement was bad and again the Buffaloes were off-side, so Brady was given a second trial kick, but it also was bad and the score was 12 to nothing.

Gambling desperately the Buffaloes took to the air and completed two nice passes with Bill Russell making spectacular grabs of Donnie Ray Kelley's chunks. But the third was bogged when Rice, of Brady, intercepted a Cross Plains forward. The Buffaloes took over on Cross Plains and a few minutes later had scored again. Benefield, by far the classiest back on the field, sprinted into an open field and picked up 30 yards. Just as he was pounced on by a bevy of Buffalo defenders, the elusive Benefield lateraled off to Nance who raced 18 more to cross the double stripe standing up. Brady's kick for extra point was no good but for the third time of the evening the over-zealous Buffaloes were off-side on the conversion play and the Buffaloes received another trial. But it too was hardly worth the effort and was not close to good.

Outweighed decisively by coach Russ Holland's Brady boys, the Buffaloes fought stubbornly and made a better fight of the contest than most of the several hundred fans had expected. Even in defeat the locals at times looked surprisingly good. True, the Cross Plains offensive never really got underway but the "mighty mites" of coach Soc Walker's team were giving their mountain-like opponents every thing they had.

Old Car License Extended, No New Blank Forms Yet

According to a statement out in Abilene last Thursday, the state motor vehicle department has extended the old car license until next July, but no new blank forms have been issued to renew your license before next July, where you have lost your license, you will be able to get license.

Previously, duplicate licenses had been issued to replace lost licenses but this practice has been discontinued. The general renewal throughout the state has been delayed several weeks by a lack of forms and blanks.

Buffaloes Lose To Brady 18 To 0 After Stubborn First Half Scrap

After a valiant first half stand, Cross Plains high school Buffaloes saw their defense crumble in the third and fourth quarters here Friday night before the onslaughts of a powerful Brady football machine.

Staying off five Bulldog scoring threats within their 20 yard line, the thundering herd was able to break all-square with the touted McCulloch countians at the half time. But the Bulldogs came back strong in the third period and pushed over a counter after five minutes of play with Placker lugging the leather to pay dirt from the one yard line.

Brady scored again in the fourth chukker after a sustained drive had advanced the ball to the Cross Plains four. From this point Nance plowed through a hole in the center of the purple and gold forward wall for the necessary yardage.

Gambling desperately the Buffaloes took to the air and completed two nice passes with Bill Russell making spectacular grabs of Donnie Ray Kelley's chunks. But the threat was bogged when Rice, of Brady, intercepted a Cross Plains forward.

The Bulldogs took over on Cross Plains and a few minutes later had scored again. Benefield, by far the classiest back on the field, sprinted into an open field and picked up 30 yards. Just as he was pounced on by a bevy of Buffalo defenders, the elusive Benefield lateraled off to Nance who raced 18 more to cross the double stripe standing up.

Brady's kick for extra point was no good but for the third time of the evening the over-anxious Buffaloes were off side on the conversion play and the Bulldogs received another trial. But it too was hardly worth the effort and was not close to good.

Outwighed decisively by coach Russ Holland's Brady boys, the Buffaloes fought stubbornly and made a better fight of the contest than most of the several hundred fans had expected. Even in defeat the locals at times looked surprisingly good. True, the Cross Plains offensive never really got underway but the "mighty miles" of coach Soc Walker's team were giving their mountain-like opponents every thing they had.

Cross Plains made two first downs

to compare with 17 for Brady. The locals completed seven of 19 passes while Brady was connecting with one of three. Cross Plains lost the ball on fumbles once and Brady twice.

The starting line-ups: Cross Plains Pos. Brady Upton lb Hottick Fincher lt Dodds Moore lg Wolf Pillans c Alexander Foster rg Nelin Browning rt Lewis Scott re Benefield Russell b Mitchell Kelley b Nance Whitehead b Placker Angeley b Rice

The victory gave Cross Plains a 25 percentage in conference play with one win against three losses. This week the local boys play Winters there.

ELLEN STEFFENS TO BE NEW H. D. AGENT IN CALLAHAN COUNTY

Announcement of changes in the different county home demonstration agents was made last week. Miss Clara Brown who has been in Callahan county for about two years will be transferred to Jones County. Ellen Steffens of Mason is being transferred to Callahan county. Tennessee Reed, assistant county home demonstration agent at large for the Texas, extension service has been appointed temporary demonstration agent for Taylor county. It is announced all of these transfers will take effect November 1st.

FORMER LOCAL GIRL IS MARRIED THURSDAY

Miss Earline Morris, former Cross Plains high school student and the daughter of Mr. and Mrs. Earl Morris of Sipe Springs, was the bride of Sgt. Robert English, of Camp Bowie, in an impressive ceremony at the First Methodist Church in Sipe Springs Thursday evening. The single ring ceremony was read by the groom's father, pastor of one of the Brownwood Methodist churches.

The bride is well known in Cross Plains having attended high school here and finishing with the class of '38.

The newly weds will make their home in Brownwood.

Among those attending the wedding were Mr. and Mrs. Fred V. Tunnell, of Cross Plains, aunt and uncle of the bride.

LITTLEFIELD MAN BUYS FARM NEAR CROSS CUT

The old Teague place, two miles East of Cross Cut has been sold to a Littlefield man whose name the Review failed to learn. The new owner plans to take possession in January, moving shortly after first of the year. He is reported to have a son who is also looking for a place to buy or lease in the vicinity of Cross Plains.

PARKER BAUM PLACE IS SOLD TO WALLACE JONES

W. Parker Baum has sold his farm, five miles West of Cross Plains, to Wallace Jones who owns the land adjoining the property on the West. Mr. and Mrs. Baum will make their home for some time in Big Spring where he is employed in the oil field. Mr. Baum reports, however, that he is burning no bridges behind him, for he plans to return to Cross Plains to make his home as soon as the flurry in West Texas has quieted.

CITY TAX COLLECTIONS ARE COMING IN NICELY

City tax collections which began coming in October first are in about normal proportions, the Review was told yesterday by L. W. Tyson, city tax collector. Heaviest payments are expected in January, however, Tyson points out that property owners can save time and avoid the rush by making payments during October and November.

FIRE BOYS WILL AGAIN SPONSOR SUMMER PICNIC

Cross Plains volunteer fire department voted in a meeting last week to again sponsor the annual Cross Plains Picnic held each year in July. Newly elected chief, V. C. Walker, will name committees to handle various phases of the celebration.

FIRE DEPARTMENT GETS ANOTHER SUCTION HOSE

Keeping fire fighting equipment ever-workable, members of the city council last week ordered a new suction hose to be used in conveying water from fire plugs to the pump mounted on the truck. The new piece of equipment is expected to arrive within the next few days.

NEWS BRIEFS OF BYGONE DAYS

Little Squibs Gleaned From Files Of Review

June 3, 1927: W. A. and Pat Gaines, who recently sold their Hudson-Essex Agency here, to the Derlington Motor Company, have entered a partnership with Garrett Fomby, of Brownwood, and have purchased the Hudson-Essex Agency at San Angelo. They plan to move there with in a few days to take active charge of the business. They established a high sales record with the agency here.

July 22, 1927: Cisco's fast ball team came over Sunday and met the Cross Plains Tigers at the local park and went back home convinced that Cross Plains has a real team. The score was 12 to 1 in favor of the Tigers. The visitors made one run, five hits and six errors, while the Tigers made 12 runs, 15 hits and one error. Harris worked on the mound for the Tigers and the visitors couldn't hit him effectively. Clark worked behind the bat in his usual efficient style.

July 29, 1927: The Chevrolet Dealers of Callahan County met Saturday night with Julian Motor Company, Putnam, where Mr. Julian had a fine spread of fried chicken and other foods, beautifully arranged at the Mission Hotel.

Aubra C. Dodson, Phil Anderson, G. E. Morgan and John Holder attended the banquet from Cross Plains.

September 16, 1927: J. P. Smith of Comanche has purchased the Caskey Drug Store, and has assumed active duties. He operated the Hamilton Drug Company at Comanche, before coming here. Mr. Caskey will be here for a couple of weeks yet and will move to Abilene to join his family. Mr. Smith is an experienced druggist and will do well here, it is believed.

September 16, 1927: Chas. Childs, contractor, who contracted with the Fuller Construction Company, to move the dirt preparatory to paving, began work Monday, on South Main Street, instead of North Main Street as was first planned, and this work is progressing nicely. Paving contractors and the City's engineer are here and preparing to proceed with the paving program.

While the streets are being paved, it will inconvenience the public to some extent, but the alleys have been cleaned and graded up for use, and these will be used extensively while the streets are torn up. Probably not over two blocks will be closed to traffic at a time and every effort will be made by the city to meet traffic conditions with out materially interfering with the paving program, and it is hoped that the public will cooperate with the city in making the best of the situation while the paving goes forward, in order to facilitate matters for the best interest of all.

March 2, 1928: Patsy Ruth, 2 year old daughter of Mr. and Mrs. Earl Smith, was lost in the woods near their home 15 miles West of town Wednesday morning at about ten o'clock and was found about two miles from home, at two o'clock, the same day, by a searching party. Mrs. Merryman was the first to see the lost child, who was standing on top of a hill. She had wandered several miles through the woods and when found, her limbs were scratched by the under brush. A large number from Cross Plains and surrounding country joined in the hunt for the child.

May 25, 1928: Elliott Bryant, who has just returned from Texas Military Institute at San Antonio, was awarded a silver saber for excellence during the year. His recognition was mentioned in the press at San Antonio as follows:

"First Sgt. R. Elliott Bryant was given the saber offered by Frank Brothers to the non-commissioned officer who excelled throughout the school year in military bearing and deportment and for greatest and best drilled non-com of the corps."

August 31, 1928: Frank Taylor and Miss Zera Harris were married Thursday, August 30, at the Methodist parsonage in Cross Plains, Rev. Hockabee, local pastor, performing the ceremony. The bride is a daughter of Mr. and Mrs. Tom Harris of Cross Plains and is a recent graduate of the local high school. They will make their home in Santa Anna.

September 7, 1928: Donald Baum, son of Mr. and Mrs. Drew Baum, celebrated his second birthday with a party Tuesday afternoon. Those present were: Billy and Ben Wagner, Billy Wayne Marsh, Wayne Landere Adams, Donald Clark, Wesley Baum, Edwin Jr., Neek, Johnny Frances Baldwin, Norma Louise Nichols, Ruth Rumph, and Leonard Baum.

COTTON GINNINGS SLOWER FOR CALLAHAN THIS YEAR

Census report shows that 1,007 bales of cotton were ginned in Callahan county, from the crop of 1941, prior to October 1, as compared with 1,728 bales for the crop of 1940.

I GIVE YOU TEXAS by BOYCE HOUSE

Governor Coke Stevenson is a good story-teller. Here's one that's credited to Texas' pipe-smoking chief executive.

On his ranch near Junction, he had working for him a cowhand who was the second biggest liar in the world, Stevenson figured. He had already fired the biggest.

And he thought he ought to have a heart-to-heart talk with the second cowboy, so the Governor told him how the other man had been let out because the rest of the crew couldn't abide the fellow's lies.

"Yes, I know", and the cowhand shook his head.

Stevenson continued, "Now take what he said about the trees in East Texas being 800 feet high—"

The cowboy broke in, "Yeah, the trouble with that guy was he just never had seen any real trees like we have up in my country."

What sort of fellow is Gene Carrigan, manager-coach of the Fort Worth Rangers, who will introduce Texas' newest sport, ice hockey, on the night of Nov. 5 in Will Rogers Coliseum? Carrigan is over six feet, weighs more than 200 pounds, has wavy black hair, blue eyes and a flashing smile. He was born in Edmonton, Alberta, farthest north of any city in Canada but soon will have his final papers and will be an American citizen.

The Aurora Borealis can be seen clearly 6 nights in Edmonton. It's so bright you can nearly see to read a newspaper by it. Days are short in the winter and lights are kept on in stores and offices till 9 a.m., and are turned back on at 5 p.m. But in July, golf matches can be played by natural light till 10 o'clock at night.

Ponds, rivers and lakes are frozen about half the year; and for as long as two weeks at a stretch, the temperature stays at 30 degrees below zero, or lower. Gene learned to skate at 7, using the skates of an older brother and pushing a chair around on the ice rink that his father had formed by flooding the backyard with water.

Such is the hardy, outdoors background that produces great players in this fastest of all sports, ice hockey.

A wise old owl sat in an oak— The more he heard, the less he spoke; The less he spoke, the more he heard— Why can't we be like that old bird?

Collier's in a recent issue told of a loan shark case in Dallas. "For nine years, the victim had paid \$225 a week for a loan of \$20, borrowed to settle a hospital bill. Never having been allowed to apply a cent to the principal he still owed the \$20, although he had paid a total of \$1,965 per cent interest.

A tramp knocked at the back door and the lady of the house said, "You seem to be an able-bodied man; you ought to be strong enough to work". And he replied, "I know, mum. And you seem to be beautiful enough to go on the stage, but evidently you prefer the simple life." She said, "Step into the kitchen and I'll see if I can't stir up a meal for you."

One for the old joke contest: Two neighbor women had an argument. One claimed she had loaned the other a pitcher and, when it was returned, it was cracked. The other woman said, "In the first place, I returned the pitcher in good condition; in the second place, it was cracked when I borrowed it; and in the third place, I didn't borrow it at all."

Having heard that farmers are dissatisfied at the price paid for the milk they produce because of the butterfat grading of distributors, Rep. Virgil Goodman, chairman of an investigating committee, declares, "We want to know if this situation is true," and he invites all farmers who are dissatisfied to write him the facts and get their neighbors to do likewise. The letters will be kept confidential, he adds. Goodman's address is Route 1, Box 423, Fort Worth.

Students Gaining Weight Eating In School Lunch-Room Regularly

By LEO VARNER

The Cross Plains Community Lunch Program has been in operation for six weeks. The results have been startling, even to the most optimistic observers. Eating a well balanced hot lunch every day in a spotless lunchroom in company with their classmates has a stimulating effect upon pupils and teachers alike. Not only this, but there is a better feeling among the pupils as there is no better way to create good-will among people than to sit at the same table and share good food. The results mentioned are enough justification for the continuation of the Lunch Room, but the most important achievement is the gain in weight of many of the pupils. The records kept in the school show that no student who has been eating in the lunch room, has lost weight and that nearly all of them have actually gained. One pupil gained eight pounds during the six week period and the average gain per pupil in this period is one pound and one-half (1 1/2 pounds). There was a time when a boy or girl gained their weight chiefly during the summer months when they were eating three hot meals daily. The results of the lunch program this far tend to show that the pupil will now grow normally during the school months as well as in the summer.

Schoolmen have long believed that a child was in a more receptive learning attitude early in the morning, but reports from the teachers concerning this attitude show that the pupils who eat hot lunches are doing good work all through the day. Naturally, discipline has improved and a better grade of school work is being done, so the Lunch-room is educationally sound. With three-hundred twenty-five pupils eating at the same time this is a certain cure for any embarrassment that a child would ordinarily have when eating with a group.

The W.P.A. has employed ten women who cook and serve the meals. These women have all been approved by a local physician as to health and sanitation. These workers never touch the food after it is cooked, thus assuring the pupils of sanitary conditions throughout the meal.

The Parent Teachers Association and the business men of Cross Plains have collaborated to place the very best equipment in the lunchrooms in this section of the state.

The first four grades in ward school begin eating at 11:45 and are through shortly after 12:00. Then the remainder of the ward school enters, and they finish by 12:30. The high school pupils remain in their homeroom until 12:15 and by the time the ward school has finished they are ready to begin. The time taken for three hundred twenty-five pupils and teachers to eat has taken only one hour. In this way the younger pupils are fed first and this is all done without disrupting the schedule.

The Community Lunch Program has gained so much prominence and recognition throughout the nation that it has been listed as a National Defense Project and as such, will continue to function even after our Defense effort in the present crises is over.

Any doctors have stated that slightly less than fifty percent of the boys examined for army duty have been turned down from some defect caused by malnutrition in childhood. The hot lunch program is the answer to this outstanding challenge and it is not only proper but it is the duty of every parent to see that their children avail themselves of the opportunity of eating hot lunches thereby doing their part toward making this nation the most healthy one in existence.

"Now is the time to start some action against the peach tree borers," states Extension Entomologist, Cameron Siddall, who gives the following suggestions.

"Paradichlorobenzene Method. No preparation of the soil is necessary except to break the crust for 15 to 18 inches around the tree and to remove any grass and weeds. PDB crystals should be placed in a circle around the tree, about three inches from the base. For mature trees of average size, 1 oz. by weight should be used; for annually large trees an ounce and a half is sometimes needed; for trees four to five years old, 3/4 of an ounce; and for trees one to three years of age, 1/2 ounce, or slightly less, should be used. Immediately after the crystals have been applied, they should be covered with several shovelfuls of dirt, and the dirt packed with the back of the shovel to make a cone-shaped mound. The material should be applied between October 20 and November 5. After about six weeks, the mound of earth should be torn down and the residue of crystals removed."

It seems that the defense program is taking most of the ethylene dichloride supply, and we will no doubt have to use paradichlorobenzene in fighting the borers this winter. How to Fertilize Orchard Commercial fertilizers will be higher in 1942. Home grown fertilizer in the form of vetch, clover, oats or rye are cheaper ways of adding plant food. In East Texas apply 50 to 100 lbs. of superphosphate per acre and sow 20 to 30 lbs. per acre of vetch. In Central Texas giant burr clover or rye may be used, and in West Texas oats, wheat or rye is suggested. There is moisture a plenty now. Let's get these crops planted.

Home Accident Deaths -
Highest In Five Years

Infections arising from cuts and scratches play major role on the home accident front. Above—The kitchen butcher knife is a poor whittling blade, especially when it is drawn toward the body. Right—Falls last year killed 16,000 Americans in their homes. Never use a chair or other furniture as an improvised ladder.

Washington, D. C.—Carelessness is writing a new stanza to "Home Sweet Home."

According to the American Red Cross, home accidents last year accounted for their greatest fatality toll in five years. Some 23,000 persons lost their lives through falls, burns, poisoning and other hazards of everyday home life. Although less dramatic—consequently less apt to attract public interest—home accident fatalities ran a close second to death on the street and highway, trailing by 1500 deaths.

With carelessness playing the leading role, more than half of home accident deaths were attributed to falls—occurring on stairs, slippery floors, insecure rugs and use of chairs and other articles of furniture as improvised step-ladders. Burns and accidental poisoning followed in that order.

Injuries causing varying degrees of disability accounted for nearly 5,000,000 cases involving hospitalization or care of a physician, the Red Cross pointed out.

To reduce accidents in the home and on the farm, the Red Cross is launching its annual accident prevention program the last week of October. Throughout the nation, in schools and through the Junior Red Cross, some 10,000,000 "check lists" listing accident hazards will be distributed. Householders will be urged to conduct a cellar-to-attic check-up to determine and correct hazards.

BUFFALOES GO TO WINTERS TONIGHT

Cross Plains high school Buffaloes go to Winters Friday night for a conference game with the Winters Blizzards. Kick-off is set for 7:45. The band, pep squad and possibly a hundred fans will accompany the Cross Plains athletes to Winters for the game.

Comparative dope indicate that Cross Plains will likely be the underdog in the contest, however, coach Socrates Walker and his boys are conceding no quarter. Winters lost to Coleman 19 to seven, whereas Cross Plains was beaten by Coleman 12 to nothing. It is pointed out, however, that Winters tallied more first downs than did Coleman and excelled in every department of the game except scoring.

The Buffaloes will be pointing for their second conference triumph.

LADIES URGED TO AID RED CROSS IN MAKING CLOTHES FOR REFUGEES

Ladies who will knit or sew for the American Red Cross are requested to contact Mrs. C. R. Cook, in Cross Plains, at once in order that the quota for this community may be fulfilled. Two dozen dresses and 35 sweaters are to be made here.

It is pointed out that these garments when finished will be sent by the American Red Cross to the refugees of the war-torn countries of Europe.

Soon as the present quota is completed, ladies will be called on to help make bandages and other requirements for the American armies, however, this work can not be instituted until the present program is completed.

Approximately 90 sweaters and 50 dresses have already been made by Cross Plains ladies.

UNITED STATES GENIUS IN PLANE PRODUCTION

In the swift, military precision of war as waged by Adolf Hitler and his crew, it is easy to lose sight of the things most important if this country is to defend itself against the Nazi. It is conceivable that the United States, with its genius for production, can build the planes and guns and ships to combat Hitler—at least as long as England holds out. But it is on another front that the Nazi Führer is most dangerous.

The case of Norway is typical of the way Hitler works. During World War I, many Norwegians had taken German children into their homes, thus saving them from the effects of malnutrition. The friendships made at this time were kept up in the post-war years, and many Germans were welcome guests in Norwegian homes. So strong was the bond that many German boys were regarded almost as sons by their Norwegian benefactors and their trust in these war refugees was complete.

Hitler took these boys in their teens and turned them into fanatical Nazis. Then, when the time came to strike, they were sent back to Norway as civilians, ostensibly there for a vacation or on other peaceful missions. With these trusted young men at fronts, other troops made the trip concealed in the holds of cargo ships. They delivered neutral Norway to Hitler.

It is impossible under any civilized code to believe that such a thing happened, but it did. Such incidents point the way for those of us fortunate enough to yet be untouched by Hitler. Under no circumstances must the United States make the terrible mistake of trusting Hitler.

THE USE OF CACTUS

Since the cactus has been brought into the picture, how would like to sit down on a cactus plant? Not so good? Well, you may like to do it, and like it, if information comes by way of a little magazine, "Caps and Lones." It is true. It tells that auto motive search men are going to use cactus plant fibre for upholstery padding in seats and back rest. For years, the search has been a padding that would be matted—a fibre that would be a seat" when treated with heat and would thus remain rigid throughout the life of the car. Cactus fibre is tougher for its than any they've ever seen, so is reported.
