Seniors Win Football Game Here Thursday By Score of 14 to 0

A large crowd of loyal football fans were on hand at Buffalo field last Thursday night to witness the game between a team composed of Senior boys from last year's team and Coach Frank Rundell's hopefuls for next season. The Seniors won the game by a score of 14 to O, but the young Buffaloes gave them a good fight all the way, and fans are very optimistic over the chances for a winning team next year.

Barr, the Seniors took control of with the workers for an instructhe game early in the first period tion session. Mrs. Scott reported when Barr romped 40 yards around right end to score. He also added signed up to work at the Legion the extra point from placement. The Seniors scored their second

The Buffaloes threatened to score Center Dwayne Wilson sacked up ed to the 10-yard stripe before beclipping was assessed the Buffs at a point near the 15-yard stripe and set them back to the 30, where their drive bogged down and the Senior took over on downs.

Another game between these two ceams has been scheduled for Thursday night, May 8, wi'l sach off time set for 8:00 o'clock. Admission will be 25c per person, with the Senior Class again sponsoring the game. The band will also perform at this time, it was said.

Baird Rodeo Boosters Render Program Here donate a pint of bling man in Korea. Saturday Afternoon

boosters from Baird paid this city In Fort Worth, Dallas a visit Saturday afternoon and staged a very entertaining program on Main Street, while inviting local (Thursday).

day night, and will again be a time was had by all. contest of keen competition beis a member of the Rodeo Cow-System. Based on prize money won, of interest. world's championship titles are points for the entire year at approved association rodeos.

(Continued on Back Page)

Today (Thursday) is "Blood Donor Day" in Cross Plains, and local citizens between the ages of 18 and 60 are urged to make arrangements to donate a pint of blood to be used to save the lives of our fighting men in Korea.

The American Legion Auxiliary is sponsoring the Bloodmobile visit here, and Mrs. Elvis Scott, president of the organization, stated yesterday that a total of 65 pints of blood had been pledged. This is 35 pints short of the goal set by the ladies, it was said. If you haven't pledged a pint of blood to this worthy cause, go by the Legion Hall today between the hours of 9:00 a.m. and 3:00 p.m. and give vours.

Bill Reeves, representative of the Red Cross, was here from Fort Sparked by Quarterback James Worth, Tuesday afternoon and met that the following ladies have Hall today: Mmes. R. N. Whitehorn, John Purvis of Cottonwood, Worthy, Will Fortune, Don Mc-Call, M. H. Bains, Bill Kilgore, Claude Mayes, Elvis Scott, Homer

If you plan to donate your blood today, remember these things: do not eat fats (such as cream and once in the second period when butter), meats, fried foods and eggs for at least four (4) hours beone of Barr's aerials and scamper- fore you give. Take such thinks during this period as fruit juices, ing downed. A 15-yard penalty for bread, crackers, dry toast, raw vegetables or vegetables boiled in plain water, jam, jelly, honey, skimmed milk, black coffee or tea with sugar. You will be served at the Red Cross Canteen as soon as you have donated your blood.

Students between the ages of 18 and 21 may donate their blood, providing they have parental consent. Every donor will receive a medical check-up before giving their blood. It has been pointed out, too, that it will not be necessary to disrobe in order to give their blood.

Make a Date to Save a Life! Go by the American Legion Hall and donate a pint of blood for a fight-

THE BAYOU PHILOSOPHER HAS SUGGESTION FOR PILOTS WHO ARE GETTING TIRED OF FLYING

Editor's note: The Bayou Philo- the safest jobs in the army, it sopher on his Johnson grass farm on the Bayou is probably all mixed

Dear editar:

Every mornin for more than eight months now the newspapers have been carryin a daily report on the progress of the truce talks in Korea, it's become sort of like the weather report, you know it's one piece of news you can always find in the paper, or the market report, regardless of whether the price of cattle is goin up or down or standin still, there'll be something in the paper on it, and I've been thinkin.

You know, the papers lately have also been carryin some reports of pilots who tired of flyin and had rather stay on the ground, and I think I can sympathize with em many's the time I've looked out mediately felt too tired to plow, and I blamed sure wouldn't want Douglas, although all three were to get court martialed for it.

But here's what I'm getting at. Why can't some of these tired aviators volunteer for the truce talks? Seems to me it's one of

takes place out of the sun in a tent, and apparently it has a good up this week, his letter indicates. future. Also the workin hours ain't

so bad, I noticed one day last week the truce talks lasted 15 seconds, and a man who objects to workin 15 seconds a day is just bein unreasonable.

he just ain't tryin to get along. J. A. I'd come closer to volunteerin for that job myself, with them kind of hours, if they was holdin the talks out here instead of in Korea. If you think this suggestion has

any merit you can pass it along to

the proper authorities. By the way, I have noticed the followin Democrats have decided they do not want to be President next year: Truman, Stevenson, prominently mentioned as candidates a while back. Hours gettin

too long in that job too? Yours faithfully,

held, followed by the benediction. Classified Ads Get Results

Adams and C. D. Baker.

By John C. White, Commissioner

California may have the Rose Parade, the Rose Bowl and all the fanfare. But Texas is the leading rose producing state in the nation.

Texas producers are shipping up to 20,000,000 rose plants a yearor two-thirds of all roses used in outdoor planting in America.

The rose is a field crop, and growers set out 10 acres of roses like other farmers plant corn or cotton. In fact, some rose growers also plant other crops, and one of the leading East Texas growers takes pride in his .8 bale-per-acre

During the blossoming season one can see 15,000,000 rose plants flowering 2,000,000,000-odd roses-

repairs.

is the plant, not the bloom, that is marketed.

Shipments average 200 to 300 cars annually to big cities in the East and Midwest. Up to 14,000,000 plants move in refrigerated cars; the remainder go by parcel post

Texas producers take as much pride in the development of fine rose stock as our cattle breeders take in their Hereford Whitefaces. Growers are known to have paid as much as \$10,000 for a single parent plant.

They grow many varieties developed by cross-pollination by breeders in other parts of the country and Europe. But they also develop their own varieties from which go to waste as they fade and "sports" which occur when a plant

pertly . . . and at a moderate cost.

Until recent years, Texas growers shipped their plants to distributors out of the state, but they are now beginning to do some of their own THE TEXAS ROSE INDUSTRY | die and drop off the bush, for it distributing, going in for fancy root packing for department stores. The plant is displayed in colorful moisture-proof packages, and the roots are packed in sphagnum moss -which conserves moisture up to six weeks and allows the plant to continue growing and even to bloom on the sales counter.

Growers now store large quantities of bushes for late shipment to retail trade. Cold storage facilities can hand 2,000,000 bushes.

In marketing rose plants, much depends on the pull of the name A few of the most popular varieties grown in Texas are Radiance, Peace, Talisman, Briarcliff, Gay Lady, Big Daddy, Festival, Summer Snow, Texas Centennial and General MacArthur—an old variety named for Douglas' father. (Para) One of the best sellers is an old variety which has no place among the newer and finer plants. The secret of its popularity is in the name: "American Beauty".

Children's Health Day To Be Observed Over The Nation on May 1.

Children's Health Day will be observed throughout the nation on May 1, in the hope of insuring that tomorrow's children will be sturdier than were those of yester-

In Texas, state health officials are shooting for a receord of benefitting an even greater number of handicapped children than the 4,320 which were cared for under the state's cripple children program in 1951.

It will mean new hope for the child with a club foot, a cleft palate or harelip, a crippling burn, bow legs, or a curved spine.

State Health Officer Geo. Cox, whose department has administered the program since 1945, said many people "don't realize that they can get state financial assistance for the physical restoration of many crippling conditions.'

Eligibility for help is set by legislative, statute. The law says any person of normal mentality under 21 years old whose physical functions or movements are impaired by reason of a joint, bone, or muscle defect . . . is eligible for care, providing the county judge where the child resides certifies that the parents cannot finance the needed care and treatment.

Physical restoration is the purpose of the program. Some of the conditions which are accepted for treatment are infantile paralysis, osteomyelitis, club feet, harelip, cleft palate, arthritis, rickets, tuosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, webb fingers amputation, Pott's disease, and many others. If the attending physician recommends prosthetics, the appliances are supplied.

The program does not include such handicapping ailments as rheumatic fever, hearing and visual deficiencies, or epilephy.

Crippled children of indigent parents have been available for state aid since 1933. Formed first under the Department of Education, the program was transferred to the State Department of Health in May, 1945. Since the transfer, a total of 12,589 handicapped children have been returned to normalcy or near normalcy.

180 HP CHRYSLER V-8 FIRST IN 3 CLASSES IN ECONOMY RUN!

Here is truly dramatic proof that Chrysler's great new FirePower 180 HP V-8 engine design sets an entirely new standard of efficiency among American passenger car engines!

In this annual economy test, rigidly supervised, and limited strictly to stock car entrants, cars competing are divided, by price and size, into 11 standard classes. The route, from Los Angeles to Sun Valley, covered 1,415 miles of every possible kind of driving. Average speed for all cars was just under 41 miles per hour. And in 3 of the 11 classes, the Chrysler V-8

engine was best for gasoline mileage. In Class "F", this magnificent new engine won first place for a Saratoga 6-passenger sedan (125½-inch wheelbase, 4010 pounds). In Class "H", it won first honors for a Saratoga model 8-passenger sedan (1391/2-inch wheelbase, 4510 pounds). And in the top price and size, Class "I", it was again first, in a Chrysler Crown Imperial Sedan (1451/2-inch wheelbase, 5360 pounds).

To travel these substantial cars at this speed under these conditions gives additional proof, we believe, that here in the FirePower V-8 engine is the finest and most efficient engine ever put into an American passenger car!

WE INVITE YOU TO DRIVE THIS ENGINE, YOURSELF ...

The same engine which has just scored these remarkable accomplishments is no farther from you than your own Chrysler Dealer. He will welcome the chance to let you take the wheel and feel for yourself what Chrysler has done . . . not only in engine performance, but in power steering, power brakes, new shock absorbers, passenger comfort . . . to deserve the title: "Finest Car America Has Yet Produced!"

the finest car America has yet produced

Area 4 FFA Boys Realize A Dream Come True ____ Review Want Ads Get Results As Bobby Holder Memorial Camp Dedicated

Some 3,400 Area IV Future Farm- Robert A Maniare, state director ers realized a dream come true of vocational education with the Saturday when Attorney General Texas Educational Agency, intro-Price Daniel officially dedicated the Bobby Holder Memorial Camp ridge, and a member of the origito "the advancement of rural youth over the state. The camp is troduced Attorney Daniel. located at Possum Kingdom Lake, near Breckenridge.

More than 500 boys, teachers, business men, farmers and ranchers gathered to hear Daniels stress the need for "keeping the government as close to the people as possible."

"When we loose our individual initiative we are inviting centralization. And when centralization begins within a government, the people loose control rapidly," Daniel said.

Daniel referred to the Bobby Holder Camp as one of the best means of training the youth of provements that would make the Texas in better ways to serve God and country. Full Day

officials as many civic and business leaders from well over the dedicated. Mr. and Mrs. F. W. Holder, fa-

ther and mother of the lad who lost his life in 1944, were present to hear Daniel and other speakers on the program praise the work being done at the camp site.

Louis Wood vice president of the Farm & Ranch Publishing Company, presented a check for \$1,000 to Area IV FFA President Tommy Smith of Lawn who directed the morning's activities.

Murry Cox, well-known farm and ranch editor for radio station WFAA in Dallas, was master of ceremonies of the program which was broadcast over several leading stations.

Jack Cox of Breckenridge and a candidate for Congress, introduced a list of county delegates along with the original board of directors for the camp. A brief outline of the camp's his-

tory was given by J. B. Payne, Area IV supervisor of vocational agriculture. Payne described how the camp was first established as a memorial to Bobby Holder, who, in the opinion of all who knew him, was the ideal American boy. In the absence of J. W. Edgar, state commissioner of education, quarrel.

duced J. D. Sandefer, Breckennal camp board, who in turn in-

Mrs. Daniel was accompanied to the dedication by Mrs. Holder. \$150,000 Unit

Work for camp officials doesn't stop at the dedication, however. Harris M. Veale, chairman of

the finance committee, told the group of future plans for the site. Veale said the FFA'ers, with the leadership of their teachers and advisors, has set as their aim the establishment of a \$150,000 camp. Some 10 cabins, equipped to sleep 10 boys each, will be built along with a caretaker's home, a show, boat house and other im-

camp one of the best in the state. Veale, who also furnished the lunch for the group, described how It was a full day for the camp with funds from various organizations, business firms, and individuals, the camp will be established state gathered to see the camp and operated in a way that will provide clean, wholesome entertainment and training for youths all over the state.

O. B. Edmondson, Hulon Harris and Charles Barnard, president of the local FFA Chapter, attended the meeting.

IT PAYS TO ADVERTISE: When the annual budget for the Colorado State Penitentiary was submitted it was found to include an item of \$100-for advertising and publicity.

A SALE IS A SALE: Arrested for eating drinking glasses in a tavern, a man in Decatur, Illinois, protested indignautly: "But I paid for every glass I ate."

The Intermediate Class of the Rowden Baptist Church was given a weiner roast at the community center Friday night. Games were played and the party was well enjoyed. Those attending were the Rowden young people and some invited guests of Cross Plains.

Mrs. B. Crow and girls, Mrs. Dale Gibbs visited Mrs. Blan Odom Wednesday night.

Mrs. Ludie Owen of Oklahoma is visiting Mr. and Mrs. John Adair and Johnny.

Mrs. Dale Gibbs left Thursday to join her husband who is in the 31 Division at Franklin, Alabama. Her parents, Mr. and Mrs. B. Crow, have received word that she arrived there safely.

Biggs Irvin and wife of Fort Worth spent last week in the home of his mother, Mrs. Rosa Irvin.

5 Approved Inspection Stations In Callahan

The following five inspection stations in Callahan County are State approved: Rocky Motor Co., Baird; Ray Motor Co., Baird; Sutphen Motor Co., Baird; Wagley Garage, Putnam, and Bishop Chevrolet Co, Cross Plains.

Callahan County has 3,817 registered vehicles that must be inspected by September 6, 1952. Of this number less than one thousand have passed the inspection.

The inspection consists of the safety features of the vehicle only and most vehicles will pass the inspection with no or little adjust-

Recent High Winds Cause Severe Wind **Erosion Damage**

winds sharply expanded western Texas acres undergoing moderate to severe wind erosion damage, the Soil Conservation Service reported today following its periodic survey of land cover and wind erosion conditions.

Hardest hit single area reportedly was in the vicinity of Big Spring where battering westerly and northerly winds on February 2 and 3 reached 58 miles an hour and scooped out great quantities of dry, loosened soil.

Regional Director Louis P. Merrill of the SCS places the new total in acreage which have been damaged to a moderate or severe extent this blow at 901,000 acres Oklahoma acreages undergoing moderate or severe damage have totaled 154,000 acres.

The reports of SCS District Conservationist W. S. Goodlett of Big Spring, Jesse Jenkins of Lamesa and Z. C. Dameron of Pecos

to Merrill said residents of those areas described the blowing of the past week end as the "worst since 1934". Dry, unprotected fields in the Big Spring area bled down to plow depth in many areas. Goodlett placed the acreage undergoing severe damage at 21,500 acres. According to SCS definition, "severe" damage means that soil is blown out from two inches to plow depth or that the surface is covered by more than six inches of hummocky accumulations.

Goodlett said the storm added 155,000 acres to the area in the Big Spring vicinity which have suffered moderate to severe wind damage. Only two inches of rain have fallen in that area since September, 1950, Goodlett reported.

Approximately 400,000 acres in the Big Spring area are now without enough plant or residue cover to prevent wind damage, Goodlett

damage from the recent storms include Lamesa, with 265,000 acres of moderate to severe wind damage; Castro and nearby counties to the north and west, 35,000 acres and Pampa, 8,500 acres.

At Gummon, Oklahoma, District Conservationist John F. Bailey reported 150,000 acres in the moderate to severe damage category, a gain of 25,000 acres in the last two weeks.

Merrill estimates the amount of emergency tillage done by Texas farmers alone as an erosion preventive measure at approximately 2.000,000 acres. This practice, he explained, halts soil movement by winds for a time, but it is only an emergency measure at best and can not be depended on to last through a blow season. The supervisors of soil conservation district in the wind erosion areas are working with the Soil Conservation Service to get a more effective, long range program of wise land use, plant and residue cover, and grass on too-hazardous lands.

At Lubbock District Conservationist Homer Taff said only scattered fields in his area blew during the recent storm. Well over three-fourths of the cotton lands in that area have been protected temporarily by emergency tillage he said, but he added that the tillage may not be effective much longer. Winter wheat, however, has improved rapidly in that area as result of January moisture. Conditions to the west and south of Lubbock remain critical.

District Conservationist esse Jenkins at Lamesa said the soil in his area is now too dry for further emergency tillage. However, more than 100,000 acres in that area have been given temporary protection by the practice.

REP. JACK COX TO SPEAK ON FREEDOM FORUM AT SEARCY, ARK.

BRECKENRIDGE, April 24 Rep. Jack Cox, member of the Texas legislature, will speak on the nationally-known Freedom Forum at Searcy, Arkansas, during its twelfth seminar.

Cox was invited to share speaking honors with some of the nation's outstanding exponents of Americanism after he participated in the event last October. Dr. George S. Benson, president of Harding College and founder of the Forum, has announced that various industries and professions have accepted invitations for the series, with the theme this year, 'Education for Freedom.'

The brochure originating at the college for this year's forum called Cox a "Crusader for Freedom." Cox has traveled 150,000 miles and has spoken before thousands of people preaching Americanism, even before going to the Texas egislature for three terms without opposition. Cox is a candidate for Congress from the 17th District of

ATTENTION MR. FARMER:

Improved Pastures and Beef Cattle Will Make You Money

Beef cattle prices for the next twelve months will depart little from the 1951 levels, perhaps a bit lower. Beef cattle numbers since 1949 have been increasing more rapidly than the human population, and if the beef cycle runs true to form, there will be lots of cattle on the prairies and the feed lots two years from now.

The annual increase in beef cattle numbers is about six million head and slaughter in '52 will be higher than in 1951.

Regardless of prices, livestock will always balance out a sound farm program and have an important place in conservation of the soil. The better your pastures the more profit you will make from beef

Peyton Smith Shaken Up In Automobile Accident On Saturday

Peyton Smith miraculously escaped serious injuries Saturday afternoon when a car, driven by G. W. Allen of Brownwood, rammed into the back of the pick-up he was driving, causing it to go out of control and leave the highway, sheering off two fence posts and finally stopping when it hit

Mr. Smith was returning from his farm west of town on Highway 36 when the accident occured.

Allen, who was attempting to pass Smith, discovered he was meeting a car from the opposite direction and chose to hit the back of Mr. Smith's pick-up rather than to meet head-on with the oncom-

Smith's pick-up was declared a complete loss and damage to the Allen car, a 1949 Ford, was heavy. Smith suffered painful, but not serious bruises about the head. The other man escaped injury. Both men were traveling alone.

Miss Edna Krell has returned home after attending funeral services for an uncle, Otto Flache, of Paradise, last Wednesday.

Mr. and Mrs. Travis Bruce and son of Parnell and Mrs. Pat Teague and son of Amarillo left for their respective homes Tuesday after spending a few days here in the home of their parents, Mr. and Mrs. F. C. Newton.
