Insurance.

Policy holders who wish to reeive their 1952 dividend in cash must so notify VA, under Public Law 36, 82nd Congress.

Policy holders who do not so notify VA, under this law, will not receive their dividend in cash. Instead, it will be used by VA to pay the premiums becoming due after the dividend is payable, if the policy holder fails to pay such prem-

VA said it is mailing a special form to all eligible policy holders which they may use to request cash payment, if that is their desire. However, any type of written request for cash payment will be acceptable, VA said; but, in such cases, the policy holders are cautioned to give their full name and 30-pay life and endowment poliaddress and their insurance numbers so that their accounts may be identified easily and quickly.

The dividend is payable to policy holders whose policies were in force under premium-paying conditions for three months or longer between the 1951 and 1952 anniversary dates of their policies.

Policies of persons in active service since April 25, 1951, which are under waiver of premiums under Public Law 23, 82nd Congress, will not earn dividends for the period of the 1952 dividend that their policies are in such waiver status.

The same dividend rates that were used in computing the special three-year 1951 dividend will write to the VA office to which apply to the 1952 dividend. This schedule involves approximately 3,000 different unit rates for the computation of dividend pay-

Generally speaking, those who received the full three-year payment of the special 1951 dividend will receive approximately onethird of that amount in the regular 1952 dividend, provided their insurance was in force for the full 1952 dividend year.

It is expected that the first payments will be made in March, 1952. Future payments are planned to be made as soon after the anniversary date as is administratively possible, VA said.

> To get bigger yields, we are planting better seeds. But seed testing and certification, while helping us improve the quality of our seed stock, is one more complication in 20th Century farming. Seed samples submitted to the State laboratories indicate there is some confusion as to procedure. The following notes should help clear things up:

"Certified seed, bearing a Certified Seed Tag, is seed which meets high quality standards. Certification is not required by law.

A grower wanting his seed certified files an application with the State Department of Agriculture and pays a \$10 annual fee, plus a cent to 50 cent fee per acre for

"Registered" seed is like certified seed, except that it meets

higher quality standards. More than 1,000,000 bags of high quality registered and certified seed passed into the Texas channels of trade last year.

"Tested" seed is seed tested for purity and germination. It is required by law for field seeds offered for sale.

The State Seed Laboratories in Austin and Lubbock provide free testing for field seeds. Tested Seed Labels cost 1 cent each.

Samples should be identified with kind and variety, name and address of sender, lot number, or other stock identification, year grown, test desired (whether purity or germination, or both).

Samples should be 2 ounces for small seed like white or alsike clover; 5 ounces for seed the size of red or crimson clover, alfalfa, ryegrass, bromegrass, millet, flax and rape; 1 pound for seed like sudan grass, sorghum, proso and hemp, and 2 pounds for large seed like corn, cotton, cereals and

The state laboratories tested 14,-818 samples last year, and sent out 3.614.083 Tested Seed Labels. (to be continued)

The Assistant Director said the total trapped was slightly more than 300. The schedule had called for 600 white tails

HEALTH NOTES

Pumping 2,500 gallons of blood every 24 hours is the astonishing work done by the heart, according to Dr. Geo. W. Cox, State Health Oficcer. The heart is about the size of a man's fist and is rated at 1/240th of a horse power; it never sleeps, loafs or takes a vacation from the beginning of life to the end. The only rest it gets is between beats. Yet with all the work the heart has to do it does not give out suddenly unless it has been injured or ill-treated.

Under pressure of work the aver age person neglects his heart and unwittingly abuses it. The chief causes of heart trouble, aside from the deterioration of old age, are rheumatic fever, acute infectiou diseases, chronic infections, syphilis, too adrupt return to activity after a serious illness, too strenuous exercise and overweight may be

Many of the signs which you may think mean heart trouble, or nervousness may cause pain near the heart, shortness of breath fainting and irregularity of beat If you have any of these symptoms do not try to diagnose the condition yourself, but go to your doctor for an examination. He will be able to find out what is wrong and may tell you that your heart is sound. Have a regular periodic examination and follow your doctor's advice.

A-Yes. It's a matter between the veteran and the lender.

Q-I have a National Service Life Insurance term policy. Now that I'm on active military duty my premiums have been waived. What must I do, after I am discharged, in order to pick up my insurance again?

A-You must start paying the required premiums to VA, within 120 days after your separation from service. It's best to start paying the premiums as soon as you get out of service. The premiums won't be applied to your policy until it falls due, but in the meantime you'll be guarding against any chance of your policy lapsing. ATTEND CHURCH EASTER SUNDAY

THE EASTER GOSPEL

"And when the Sabbath was past, Mary Magdalene, and Mary the mother of James, and Salome, had bought sweet spices that they might come and anoint him. And very early in the morning, the first day of the week, they came unto the sepulchre at the rising of the sun. And they said among themselves, Who shall roll us away the stone from the door of the sepulchre? And when they looked, they saw that the stone was rolled away: for it was very great. And entering into the sepulchre, they saw a young man sitting on the right side, clothed in a long white garment; and they were affrighted. And he said unto them, be not affrighted: ye seek Jesus of Nazareth, which was crucified; He is risen; He is not here; behold the place where they laid Him. But go your way, tell his disciples and Peter that He goeth before you into Galilee; there shall ye see Him, as He said unto you. And they went out quickly, and fled from the sepulchre; for they trembled and were amazed; neither said they anything to any man; for they were afraid." Mark 16: 1-8
