

Doing Things

This Store prides itself on its ability to do those things which provide the best merchandising service for the people of this community. Our readiness in all departments for Fall and Winter is an example of our ability to do things right.

The Well-Dressed Woman's Secret

What is it--this knack of always being well dressed? It's the result of careful selection from high-class makers of Ladies' wearing apparel, such as Hoveland, Sarderson, McColm Co., Mitchell Bros., and Palmers. It is not made the cheap way. That's why it looks good.

Ladies' Trimmed Hats

The popularity of our Ladies' Trimmed Hats is proven by the way they are selling. There is a reason; it's this--they are fresh from the eastern markets and from the best makers. If you buy here you get the right style.

Silk Shirts

A big assortment of Silk Shirts in Crepe-de-chene, silk broadcloth and Jersey silks. The colors are beautiful. All \$10.00. See Our Windows

New Dress Goods

Every kind and every color that the heart could wish in new Silks. Priced very reasonable. Other dress goods are arriving every day.

TAILORING BUSINESS **PENNANT OIL CO. MAN HERE**

Mr. Tarr and Jim Settle have their tailor shop to Arthur McCall, who has taken charge of the business. Mr. Tarr will go to Abilene, where he has a home, and where he expects to send his children to school. Settle will give his attention to his line of life insurance. Mr. Settle will have associated with him, for the present at least, Mr. Boden, who has had considerable experience as a tailor.

M. Harrell, of Tulsa, Okla., is in town this week. Mr. Harrell has charge of the Pennant Oil Company's business in this country, and will be remembered as having bought royalty from a good many people near Cross Plains. Mr. Harrell states that his people are well pleased with their well between Burkett and Cross Cut as a gasier. It will furnish enough gas, in the opinion of Mr. Harrell, for three or four towns the size of Cross Plains. His people will be glad to co-operate with the town in any way they can to furnish gas.

Line Singing Notice.

County line Sacred Harp convention, will meet at Cross Plains on the second Sunday of the month in Sept. Every one cordially invited to come and sing two days of good singing. The old folks a special place as well as the young. So everybody come and sing and sing the old songs that our fathers used to sing.

W. W. Everett.

Baptist Meeting Begins.

R. G. Richburgh of Abilene, arrived here on Monday night for a meeting at the Baptist church. He closed a meeting at Cross Plains on Sunday, and left on Monday night for this place. On Monday night, the first service of the series being held on Tuesday night. The preacher formerly of the Salt Tank neighborhood was pastor at Pioneer and Cross Plains some time. He states that the meeting he ever conducted was at Cross Plains several years ago from this town. Everybody invited to attend and hear him.

John Hembree of Abilene was in town Friday and Saturday.

U. S. CHAMBER OF COMMERCE IS OPPONISTIC

Washington.—The Chamber of Commerce of the United States believes there will be a gradual and natural readjustment of business conditions without economic calamity. Its semi-annual bulletin on crops and business, summarizing conditions in scores of lines, says:

"Tight money, unrest of labor, loosened bonds in some phases of social life, the Russian-Poland war and high cost of necessities are disturbing business factors.

"The trend seems to be toward a gradually increasing gain of supply upon demand and a somewhat lower level of prices.

"The automobile industry seems to be headed toward somewhat lessened output. The jewelry business in New England is slowing up. Paper mills are full of orders. The same is true of metal lines.

"The complaint of inefficiency of labor and scarcity grows less.

"Construction and building have slowed down. The reasons include high prices, scarcity of labor and materials and practical withdrawal of credit accommodations on new constructions.

"Coal mining has its flock of troubles, including lack of cars and strikes.

"There is promise for 3,000,000,000 bushels of corn, 300,000,000 of wheat and for a cotton yield of 12,500,000 bales, although cotton is not safe reckoning. There will be more oats, tobacco, potatoes, rice, sugar, both cane and beet, and a hay crop of proportions that should have a marked effect in reducing cost of live stock, dairy and poultry products.

"Future prices and adequate transportation are problems confronting the farmer.

"The general belief is that there are fewer cattle and hogs in the country than at this time last year, but as many sheep. Poultry and dairy industries are steadily increasing."

SCHOOL PATRON WRITES

I am one of your number and for this reason I want the best school possible. I was for fifteen years a teacher in the public schools and colleges of Texas and therefore know something of the value of the teacher and parent co-operation.

We feel that we have a very splendid faculty selected for us another year almost exclusively our own product. This being true it is only natural that we should trust the keeping of our school to them.

At the same time they will fail if we neglect our part. We must have our children at school the first day and every day afterward. No period of the school is so important as the first few weeks. During these first few weeks of school the child receives an impress that affects the whole school year.

How humiliating to the country child is it to stay at home and work these first weeks then go back in his old grade of the former year because grades cannot be arranged all through the year.

Sometimes as parents we blame the child and maybe the teacher when in fact we as parents are solely to blame. All farmers know that in the physical world whenever growth ceases, dissolution and death follow. This is equally true in the realm of mind.

We as parents must study to live. Our children are our most sym-

DRESSY ERECTING A MODERN SCHOOL BUILDING

The new school building at Dressy is being rushed to completion. The house is being erected by day labor, under the direction of one carpenter. The building will be modern, conforming in all respects to State plans. Outside measurements are 28 by 60 feet. There are two main rooms 22 by 30 feet each and two cloak and two library rooms. The pupils will receive abundant light from windows on the west and south. The building faces the east and is located on the old site.

The trustees are S. P. Long, J. L. Ferrell, and J. M. McDaniel. Bonds to the amount of \$2800 have been voted to take care of the new structure, and to this has been added \$350 from the sale of the school's one-half interest in the old building to the Dressy W. O. W. lodge. The trustees have employed Mr. C. R. Steele as superintendent and have about closed a contract with a lady from West Texas for the second place. A good many of the patrons have donated their time and work in erecting the building, and it is all duly appreciated by the trustees. More help, however, would not be amiss.

ODOM TO RESUME DRILLING

ODOM TO RESUME DRILLING

J. C. McBride returned last week to the Odom well west of town. Mr. McBride says that Paul McBride, field manager for the company drilling the well, will be in, in a few days. He states also that as soon as the 6-5-8 inch casing arrives drilling on the well will be resumed. The depth is now 2600 feet, and the Gray sand will soon be encountered when a small well, at least, is expected to be brought in.

S. E. Settle Moves Here.

S. E. Settle, superintendent-elect of the public school, is doing his best fighting the rains and mud to move here, to be ready to take up his work in school. He will occupy the Pitt Ramsey home in the old town. School is supposed to begin on the 20th

pathetic study, so let's study them; study for them and study with them for this one school term at least.

Now is the time to consult your family physician as to their health. Perhaps neglect along this line may lead to a term's failure for them.

Clothe and feed them properly. No hungry and poorly clothed child will learn at school. Study to prepare a proper lunch and when this is handed the child to depart for school, add your smile and approval for the day's work. It will pay.

If you are not satisfied in your mind that you owe an entire term to your child talk with his teacher about it. Ask Mr. Bond who deals in cotton in dollars and cents, if it will pay in his line.

In the work of the future, our new world built after the war, we will need to have broader minds, higher ideals, deeper sympathy, greater love, than in the world of the past.

Parents and teachers, let's have this school term of ours at Cross Plains tell for good in the world of the future.

Flaura Jackson.

BEAVER BOARD

The Means to an End of Waste Space

A few panels of Beaver Board, a little wood trim, a hammer, nails and saw—all you need to cover up old cracked plaster and wallpaper and put new life into any part of the house.

Beaver Board plays a major part in this worthwhile operation. While it is covering up unsightly cracks and dingy wallpaper it is providing a surface for painting and decorating, and ending the wall and ceiling question once and for all time.

Beaver Board is built up into large flawless panels from strong, pure wood fibres. When you have lived with it you will know why it is displacing lath and plaster in new houses and putting new life into old ones.

COTTON PROSPECTS GOOD

J. W. Payne of Cross Plains was exhibiting two stalks of cotton taken from L. O. Payne's crop at Burnt Branch on Monday. Each stalk had fifty bolls about grown, and a number that promised to mature soon. The stalks would not be bad specimens taken from a black land farm in East Texas. It would be hard to estimate the yield of cotton this country would make this year if cotton would hold what fruit it now has

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the bill, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

ANNOUNCEMENT!

I have bought the Tarrt & Settle Tailor Shop and will continue to run the same at the old location just west of the postoffice. I will keep thoroughly experienced tailors as help, and will be prepared to do anything in the tailoring line.

I have now associated with me, Mr. Charles W. Boden, who worked for 12 months prior to coming to Cross Plains, for the Wardrobe Tailors of Douglas, Arizona, the biggest tailoring concern in the Southwest, having quit this company of his own accord, and is recommended by them as having thorough knowledge of cleaning and blocking hats, spotting, etc. He has had good experience cleaning gloves and silk dresses, etc.

I represent the Churchill & Lamb Tailoring Company, and can give you both fit and quality—Satisfaction guaranteed, and the price is reasonable.

Your patronage will be appreciated.

WONDERFUL MUSICAL REVUE FAIR EVENT

Emil de Recat, Famous Producer, to Present Original Show.

Assuring the people of Texas and the southwest a wonderful and entirely original Coliseum show for the State Fair season by a daring adventure into the production camp, the State Fair management will present, beginning October 9 and ending October 24, Emil de Recat's latest and most famous production. It will be the result of a musical revue, giving the world events in song and dance.

de Recat is a genius in costuming, stage decorations and effects. He will be given free rein to make the State Fair revue the most wonderful in the way of costumes and stage scenes that has ever been produced in the South.

"There will not be a dull moment in this great revue," says Secretary W. H. Stratton, who visited a week at de Recat's studio in Chicago. "The singing and dancing will be extraordinary, introducing as it will ten principals and a chorus of twenty-four beautiful girls. The costumes will make every scene one of dazzling, vivid beauty. In addition four unusual specialty acts will round it out."

Three carloads of scenery will be needed to stage the revue, which will be shown in Dallas for the first time, making the State Fair rank with New York and Chicago for original productions.

COX'S CATTLE MAY VISIT STATE FAIR

Democratic Presidential Nominee is Owner of Fine Herd of Herefords.

Visitors to the livestock exhibit of the State Fair of Texas—October 9 to 24—will likely have an opportunity of seeing some of the famous Hereford breed raised by Governor James M. Cox of Ohio. Plans are being made to bring the pick of the Democratic nominee's herd here during the Fair and enter them in the contest for the livestock awards.

Assurances that the livestock exhibit this year will far excel any previous exhibit held here are made by Secretary W. H. Stratton, who has just returned from a trip to Chicago, where he visited a number of prominent cattlemen whose prize herds will be seen here this fall. Mr. Stratton declares that the coming Fair is arousing more interest in the North and East than ever before and that scores of cattle raisers from the Chicago district alone are already making plans for the trip during October.

Cattle, swine and sheep will have a prominent place in the exhibit and entries for all divisions have already begun to pour in. Those in charge of this department of the Fair are filled with enthusiasm over the prospects of staging the greatest livestock show that America has ever seen.

SCHOLARSHIP AWARDS EVENT FOR YOUNGSTERS

The awarding of seven college scholarships will be one of the many features of the Boys' and Girls' Educational Encampment, to be held at the State Fair of Texas, October 9 to 24. It is estimated that more than 1,000 boys and girls will attend the encampment and each will be given an opportunity to win a prize.

In addition to the six scholarships of Washington, Texas, have offered in A. & M. College scholarship for the best area of cotton grown by a member of a Boys' club.

The encampment, which has been organized now for several years, is a very important factor in keeping boys and girls of Texas interested in school work.

AUTO SHOW AT FAIR TO BRING NEW MODELS

Though the exhibition season of the State Fair of Texas—Oct. 9 to 24—is several weeks away, automobile dealers of Dallas and of North Texas have practically all placed their orders for cars to be brought here for the automobile exhibit, which will be held on a larger scale than ever before. Already more than a hundred entries have been made by automobile dealers and many more will be made before the Fair is opened, taking up every bit of available space in the automobile building.

Late models of cars of practically every make will be shown here. In many instances the new 1921 models will be displayed for the first time.
