CALLAWAY STATES CAMPAIGN VIEWS

Cleve Callaway's home county citizens, say that he is Senatorial timber, capable of reasoning from cause to effect, reliable, courageous and honorable. Cleve Callaway is an over-seas veteran of World War

One whose loyalty in this terrible crisis can be depended upon. Cleve Callaway makes the following statement himself: I agree with the President when he said that the American people are far more aroused to the seriousness of the present times, and far more willing to sacrifice than congress. The people are more familiar with the crimes being committed by John L. Lewis' hijacking henchmen, in the name of Union Labor, than Congress and her investigators are. The people have in every precinct, representatives that can give them first hand knowledge along that line. You people are familiar with how production in this country, on the farm, in the oil fields, on the ranches, and in the factories, is being sabotaged by the political mugwumps selling our very life blood to the pressure groups, for what they think is political gain.

I think the time has come to elect leaders who are responsible, and willing to accept the responsibility at all times for the condition of their country. We have got to elect men with iron down their backs, honesty in their souls, and patriotism in their hearts. Men who will tell the people the unvarnished truth about what is being done in his department of government even if it peels the hide off of his or his friend's backs. That I intend to do if elected to the State Senate.

Self serving public officials with a pocket full of Ismic remedies; such as giving every soldier one hundred and sixty acres of land and a jeep after the war, or as one suggested forty acres and a mare mule to raise mules from: are about as necessary as a broken leg. Lets get wise to ourselves. I believe with our governor; that we have got to quit wasting money in this state government, and leave that money in productive channels, what the hungry maw of the War Machine does not need. This is a war of production, and it is up to us people to do it, but we cannot do it if we are hamstringing by political pandering to pressure groups and organizations. There are plenty of Kaisers and Higginases in this country if the government gives them a chance.

Let's fortify with Cleve Callaway in the Senate.

Utilities Ready In War Time Despite Great Obstacles

L. F. Foster, local manager of the West Texas Utilities, said yesterday that the tribute to the nation's natural resource industries, in the latest issue of Industrial News Review, "of course includes such an issue" in this part of West Texas.

An editorial in the Review referred to light and power, coal and oil. "West Texas can't claim much production of coal," Mr. Foster said, "but as for the rest, we can be justly proud of our contribution to the war effort."

In part, the editorial says: "The job the natural resource industries are doing on behalf of the war effort deserves nationwide recognition and admiration."

"The power and light utilities are among those industries. For many years, the utilities have been subjected to the most bitter kind of political and legislative attack. They have been subjected, in addition, to tax-subsidized competition from the socialized power systems built by the government. Yet, in the face of these tremendous difficulties, they have successfully met any and all demands for power."

They have expanded their plants to the limit of their abilities. They are serving war industries, consumer industry, agriculture, and homes with complete efficiency and at an extremely low cost.

"Around 90 per cent of all the commercially-generated power in this country is produced by the private utilities—and in some of our major industrial areas, where key war plants are situated, they produce all the power."

It is pointed out that "no resource is more important to modern war than oil—and this country produces something like 60 per cent of the total world supply."

"Since the war began," the Review states, "the oil industry has made a magnificent record in keeping production up to the unprecedented demand."

Such industries are credited with "helping to bring ever nearer the day of our final victory... and are typical of free America's answer to the dictators who deliberately brought upon the world the most terrible war in history."

METHODIST NOTES

CROSS CUT CIRCUIT

Sunday was our last day at Cross Cut in this Conference year. The heavy rains this week-end made it bad. Not many people came to church. They thought they had a reason; and we have to admit that some did have a lawful reason; but others just had an excuse. One family was called to Brownwood, and they took a tractor and pulled their car through mud to the Gravel road, then got in their car and went to Brownwood. If all the people in Cross Cut community had been that much interested in God's work the churches in Cross Cut would have been filled. One Baptist lady rode horse-back for over two miles to get to the Baptist Sunday School; another walked, the lady who walked came back to our church took her seat with four Methodist and listened to this preacher try to preach, and seemed to enjoy it. If the Lord should make His second advent to day, He would find some Christian faith in Cross Cut.

I wish the people would not let the Devil so blind them. The Lord says, seek first the Kingdom of heaven; the Devil says seek the world first. Don't you know that you ought to heed the command of the Lord? If you don't you are not as intelligent as I have been thinking you were. I know that there are some people who are so mentally depraved that they do not know right from wrong, to be sure the Lord has provided for their salvation; and I rejoice because He has; but with your intelligence, will you really enjoy heaven, if you get there because of your ignorance?

We are to go to Thrifty Sunday. May the Lord give us good weather, and touch the hearts of the people, and draw them out to the services. Our fourth quarterly conference will be at Thrifty first Sunday in November.

NOVEMBER 1 IS DEADLINE FOR OBTAINING DRIVERS LICENSES

This is for the special benefit and relief of all those Texans who have been worried these months about when to renew their drivers' licenses.

Come November first, all original licenses will expire. The operator who hasn't obtained a renewal by then will be without a license, State Police Director Homer Garrison warned recently.

Automatic renewals are granted where the application is made on time, Drivers License Chief J. B. Draper explained. But once an original license has expired, the driver must take an examination in order to obtain a new license. Anyone who drives without a valid license is liable to arrest and fine.

Application forms are available from State Police district headquarters, by mail from the headquarters in Austin, and at most county courthouses, either from sheriffs or tax collectors.

Renewed licenses are good for two years and cost 50 cents.

Judge Betah Freehand and Clyde White of Baird, were business visitors in Cross Plains Monday afternoon.

IRON - IRON That's The Answer

Uncle Sam has informed Scrap Iron Dealers that complacency shown by holders of scrap iron in getting it moving to war production factories is no longer a matter to be taken lightly! The time has come when the matter of patriotism is connected with the matter of selling iron, because the one burning point is: We can never hope to match the Axis in needed war equipment until every available pound of waste material is rounded up and loaded into a car bound for a war material factory!

AND LOADING IS GOING ON CONTINUOUSLY IN CROSS PLAINS! SELL YOUR IRON TODAY!

IT'S ALL YOURS ... and the Japanazis Have Nothing Like It!

Y: And, pray tell, what is it we have that the Japanazis have nothing like—and is censored?

Reddy: It WAS a road map of Uncle Sam's electric power. It DID show how high voltage transmission lines criss-cross the country—carrying power to busy war plants and to 27 million homes. It's censored as to location of cities and plants because we're glad to cooperate in concealing information that might aid the enemy.

Y: What else can you tell me about it?

Reddy: This: It's the greatest electric system in the world. No other nation has anything like it. The famous British "grid system" could be dropped into one small section. It carries more power than all the Axis countries combined.

Y: And how did we obtain it?

Reddy: This nation-wide transmission net work was put together in peacetime to serve you and all Americans. It was built with the savings of the people it serves... individual citizens, churches, colleges, sav-

ings banks, insurance companies, all of whom invested their savings in sound electric securities. It is operated under the American system of free enterprise by men and women trained and experienced in good business management. Their success depends on bringing the greatest service to the greatest number of homes at the lowest possible cost.

Y: H-u-u-m. Quite different from the Nazi system. Under the Japanazis, and their system of political management and state slavery, the individual, or his institutions, is nothing. Only bureaucrats and political favorites have anything to hope for.

Reddy: Yes. And in the long run, that won't win wars! Here in West Texas... in this whole country... everybody has a personal stake in Victory—and in preserving the American way of living which has made us the strongest nation on earth!

Y: And how did we obtain it?

Reddy: This nation-wide transmission net work was put together in peacetime to serve you and all Americans. It was built with the savings of the people it serves... individual citizens, churches, colleges, sav-

TO THE PEOPLE OF CROSS PLAINS AND CALLAHAN COUNTY, TEXAS:

We are trying to elect Cleve Callaway to the State Senate to fill the unexpired term of Hon. John Lee Smith, who was recently nominated as Lieutenant Governor.

We believe for the place. Let's all get behind Cleve and not only make it unanimous in this county but get votes in the other counties of the District by sending post cards to your relatives, friends and acquaintances in the following counties: Eastland, Callahan, Taylor, Nolan, Mitchell, Scurry, Fisher, Jones, Shackelford, Stephens, Throckmorton and Stonewall. You can get the post cards free, already written and all you have to do is to sign and address them, at the following places, Review Office, Edwin Neel's filling station, City Drug Store, Sims Drug Store and Paul V. Harrell's office.

SUNBEAM BAND TO BE ORGANIZED AT BAPTIST CHURCH

A Sunbeam Band will be organized at the First Baptist Church in Cross Plains next Monday afternoon, October 26, at three o'clock, with Mrs. Alvin McClinton, newly elected leader, in charge.

"We would like to have as many as 20 little girls and boys, between the ages of four and eight years, to enlist in the Sunbeam Band. We have a playlet entitled, 'Mother Goose and Her Missionary Family' which requires at least 20 children.

Children will be taught recitations, motion songs, verses and stories of Bible characters. All little boys and girls are invited and urged to attend the meeting Monday and join the Sunbeam Band. A Sunbeam Band was organized at the First Baptist Church in Cross Plains last week.

THE MAN WHO KILLED MY DOG: Cherry, the little bird dog, almost without a fault, was killed by some man Tuesday night of last week while she was in her own back yard.

A better dispositioned dog never lived. She loved everyone and never thought of man as an enemy. Children could roll over her, pull her ears, play with her as they do to make them happy and be happy herself.

It might have been that she was licking the man's hand when he killed her. At least she would have done so had he offered it, for she only thought of man as a friend.

In the field, she would have hunted birds all day for this man if he had invited her. He could have taken his own good time going to her when she found them.

Nevertheless, even when she arrived, she would have brought them to him and placed them in his hand.

All she wanted in return was little kindness and that man all men learned to expect from all men regardless of race, color, or creed.

Yes, this is the kind of a little dog you called to the fence in her own back yard and shot while she was unsuspecting—a little dog that I had refused \$300 for.

Man, the next time you pick up a gun and look down its sights, I hope you will see a pair of soft brown eyes looking up into your face for kindness and expecting a pat on the head instead of a load of shot.

Yes, the next time you go hunting and the birds get up in front of you, I only hope you will see a little white-and-brown dog standing out there, rigid on point, her tail curled over her back, holding them for you, as much as to say, "Here they are, boss, come on and get them when you are ready."

Whoever you are, you still have one spark of kindness that you should cultivate and let grow. You had the mercy to kill her instantly (even on grounds that were hers) instead of stopping so low as to use strychnine, which would have caused her hours, and maybe days, of suffering. For that much, you have my thanks.

It isn't probable that there is a future "happy hunting ground" for kind, little brown-eyed dogs like Cherry. But if there is, she is over there trying to get to hunting, or romp with someone. If this is so, you need not look for her any more, man, for you are not going her way.

Dr. Stork deposits six of pink and shivered customers, squalling at the home of the home paper as its helpful watchfulness over-born babe's destiny by adding pounds and making him "a bouncing ten-pound boy."

When he persuades some mis- female to share his mis- fortune, the home paper de- clares as "a sterling young man, brave and handsome."

When middle age has thin- nish left, put his waist line and the home paper brushes adrift off his coat, obscures makes juice on his shirt front makes him "a substantial

politics gets into his system he tries to get elected to the office, he is again made over by some cheerful agency from ordinary home-head he is into the end of the people, whose stam- like qualities commend him to thoughtful consideration of voters."

Finally when his worthless excess is ready to return he come and Satan stands ready to receive the sin- soul, the home paper throws the ball and tries to sneak him St. Peter with the choicest of fairy tales to which his has given rise. On the off that he might run across a "ll even tries to palliate the of the hereafter by having believed and rejoicing widow state with grief."

old home paper, cheerful, old, old liar that you are. How impudently most of us would be, it not for the great, big charit- heart that guides you.

second item, which we think really good, is by an author the same we do not know. It is

worships Mother, reverses, loves wife and adores Child- but the quality of feeling he toward the man whom he and calls his friend has never defined.

I'm in trouble, I do not call him; I find him by my with his hand on my shoulder, the sun shines on my side of street, he is over there with me in my prosperity.

friend of mine is a selfish because deep down in his heart, wants life to bring me all of its day good and hopes that I may spread the heartaches that come I am used unfairly and treat- ingly.
