**SCS selling trees for windbreaks**

It is common knowledge among farmers and gardeners that windbreaks have a positive effect on crop growth. By retarding the wind, these barriers start a chain of favorable growing conditions.

For instance, less moisture is lost through evaporation, the temperature is lowered, and there is an increase in the relative humidity.

Furthermore, the wind is slowed downwind for a distance of 15 to 20 times the height of the trees. If a windbreak is 45 feet high, the wind velocity will be reduced as far away as 900 feet from the trees.

In addition to benefiting crops, windbreaks also reduce heating and cooling costs for homes and buildings. Windbreaks also increase comfort around feed lots, barns, and water tanks and are effective in sheltering livestock on the range or pasture.

For more information or to order your trees for windbreaks, call the Donley County Soil & Water Conservation District Office at 874-3576 ext. 3, or come by at 321 S. Sully. Trees are limited so hurry and place your order.

**Breast Cancer Screening Clinic set for Feb. 26**

The Women's Center of the Don and Sybil Harrington Cancer Center and Baptist/St. Anthony's Health System will conduct a Breast Cancer Screening Clinic at Clarendon Medical Center Nursing Home, Hwy 70 North, Clarendon on February 26, 1999.

Breast cancer affects one in eight women. The key to winning the battle against cancer is early detection by having an annual breast exam and mammogram and performing a breast self-exam each month.

Participants will receive a low-cost screening that includes a mammogram and instruction in self-examination by a registered nurse.

The total cost is \$75. A minimum of fifteen women needs to register in order for the mobile mammography clinic to come to area towns. Funding is available through the Texas Department of Health for Texas residents who qualify for assistance. All exams are done by appointment only. Call 356-1905 or 1(800) 377-4673 for more information.

## Broncs scalp Indians

The Clarendon Broncos put in a solid performance in their final home game on Friday night against the Quana Indians. The Broncos were fired up and ready for revenge for their loss to the Indians in the two teams' previous meeting.

Clarendon started off well and led by one at the end of the first quarter. The Indians started having foul trouble in the second quarter which gave the Broncos the opportunity to make seven of eleven free throws. The Broncos were also hot from the floor as they outscored Quana 15-9 in the second to go up by seven at the half.

Clarendon's offensive surge gained strength in the third quarter. Sophomore Sam Holton led the Broncos with six of his twelve points in the third. The Broncos' defense caused Quana to become frustrated which led to several Indian turnovers. The Broncos patience paid off as they were up by 13 with eight minutes to go.

Quana would not give up and hit two three point shots which cut the Bronco lead and gave the Indians a small boost. Clarendon tightened up their defense and worked the ball well in the final minutes to hold on for a 59-48 victory.

Each member of the Bronco squad contributed to the scoring effort

and ultimate win. They were as follows: Travis Woodard, 16; Sam Holton, 12; Derek Shields, 7; Junior Rodriguez, 6; Chris Linquist, 6; Carey Thornberry, 4; Ben Wilson, 4; Nathan Sears, 2; and Josh Williams, 2.

The Broncos did not fair as well in their game with Highland Park last Tuesday night.

The Hornets were on fire as they rained in 22 points to Clarendon's 11 in the first quarter. The two teams settled down in the second quarter and played evenly. The Broncos went into halftime down by nine.

The Broncos were led by Senior Travis Woodard in the third quarter as he scored seven of his 14 points. Clarendon continued to battle defensively and held Highland Park to 13 in the third.

Both teams were in the double bonus in the fourth quarter. The Broncos went 8 for 10, and the Hornets went 8 for 11 from the line. Clarendon put up another good fight against the Hornets but were stung, 52-58.

Scoring for the Broncos were Travis Woodard, 14; Ben Wilson, 10; Josh Williams, 8; Nathan Sears, 6; Carey Thornberry, 4; Sam Holton, 4; Derek Shields, 3; and Junior Rodriguez, 3.

Senior Broncos and Lady Broncos were honored last Friday night between the girls and boys games. Playing on their home court for the last time were Kim Alexander, Johnnie Sparks, Nathan Sears, Travis Woodard, and Derek Shields. Not pictured was D.J. Edwards.

## Bronco Powerlifting team earns first place trophy

The Bronco Powerlifting team took the first place trophy at the White Deer Powerlifting Classic on Saturday. Ten teams from the area, including two 4A teams, participated in the meet.

Clarendon took first place with a total of 36 points. Canyon was second with 31, and White Deer was third with 28.

Individual placings were as follows: 242 lb. division - Brandon Word, first, Tyler Lane, third; 222 lb. division - Hunter Spier, first; 198 lb. division - Jeff Hearn, first; 165 lb.

division - Cael Shields, second; 148 lb. division - Shannon Martin, first; and girls division - Kirsten Bertrand, third. Other lifters that participated in the meet were Colt Floyd, Nathan Floyd, Clay Sawyer, and Aaron Kidd.

"The kids really deserve to win. Some of our lifters come in at 6:45 a.m., and others lift after school. They are truly dedicated to being the best that they can be. I am very proud of them," said Coach Jeremy Gage.

The Broncos will participate in the Shamrock Invitational on Saturday morning, February 13.

## South Plains defeats Clarendon College

The Clarendon College Bulldogs traveled to Levelland last Monday, February 1, for their first meeting with South Plains College.

The Bulldogs seemed to be a little fatigued from the long road trip as they came out flat offensively and were sluggish defensively. Clarendon got behind early and were down as much as 23 in the first half before they started hitting the bucket. The Bulldogs went into halftime down by 16.

The second half was not much better for Clarendon's offense. The Bulldogs were 7 for 21 from the free throw line. Defensively the Bulldogs picked up the pace and held South Plains to 24 points in the second half. The defensive effort came a little late as South Plains won the game, 53-61.

Leading scorers for the Bulldogs were Nate

Jones, 20; Danny Anaya, 12; Byron Dixon, 9; and Jauron Moreland, 8.

CC went on the road again last Thursday to play Frank Phillips College in Borger. This was the second meeting for the two teams this season.

The Bulldogs jumped out to a good lead in the first few minutes of the ballgame and led by as many as 10 in the first half. Clarendon went on an offensive drought half way through the first half which allowed the Frank Phillips men to make a come back. The Bulldogs' halftime lead was one point.

The second half of the ballgame was a back and forth battle. The Bulldogs were down by six and managed to come back with two minutes left in the ballgame. Missed free throws again tormented the Bulldogs in the final minutes of the

game. Frank Phillips capitalized on Clarendon's mistakes down the stretch and won the game, 67-76.

The Bulldogs leading scorers were Danny Anaya, 18; Charncey Ephriam, 18; Byron Dixon, 11; and Tim Marshall, 8.

"We've been getting the job done defensively but not offensively. I think we mentally let down in our game with South Plains, and we were physically fatigued at the end of the Frank Phillips game. We are just going to have to keep trying different things until we find what works," said Head Coach Joe Mondragon.

Clarendon will travel to New Mexico Military Institute on Thursday, February 11, at 7:50 p.m. The Bulldogs will host Midland College on Monday, February 15, at 7:50 p.m.

## Lady Bulldogs beaten by South Plains, Frank Phillips

The Clarendon College Lady Bulldogs started off a tough week on the road in Levelland as they faced South Plains College.

The Lady Bulldog team had a tough time hitting outside shots against South Plains' zone defense. Clarendon's leading scorer, Kiri Neptune, was on the bench early with foul trouble and only four points. The Lady Bulldogs added to their woes as they had 19 turnovers in the first twenty minutes and were down by eleven at the half.

Clarendon had more trouble in the second half containing their opponent. The Lady Bulldogs offense did a better job from outside, but the post play continued to struggle. Clarendon lost to South Plains, 45-62.

Leading scorers for the Lady Bulldogs were Korey Knorpp, 9; Mahalia Simpson, 7; Kasey Parks, 7; and Wendy Russ, 6.

The Lady Bulldogs took on Frank Phillips in Borger on Thursday night.

Clarendon had defeated Borger in the first conference game of the season.

The Lady Bulldogs had another lackluster first half and did not shoot the ball well. Frank Phillips had the Lady Bulldogs down by seven at the half.

Clarendon had a much better second half and closed in on FPC. With 40 seconds left in the game, the Lady Bulldogs were down by one. Clarendon forced a shot that missed, and Borger grabbed the rebound. The Lady Bulldogs were forced to foul and gave Frank Phillips the opportunity they needed to seal the win, 43-46.

Leading the scoring for CC were Kiri Neptune, 19; Wendy Russ, 7; and Mahalia Simpson, 5.

The Clarendon College women will travel to Western Texas College in Snyder on Thursday, February 11. Game time is scheduled for 5:50 p.m. The Lady Bulldogs will play at home on Monday, February 15, at 5:50 p.m. against Midland College.

## JV Lady Broncos drop two

The JV Lady Bronco team played in Highland Park on Tuesday afternoon. Clarendon scored well in the first half and led by two at the end of the first quarter.

The Lady Broncos continued their second quarter blues as they were held to four points. The Lady Hornets scored 10 in the second and led by four at the half.

Highland Park took advantage of Clarendon's fouls in the third quarter and stepped up their defensive play.

Clarendon tried to come back in the fourth as they outscored the Lady Hornets. It was not enough, though, as Highland Park came away with the 33-40 win.

Scoring for the Lady Bronco JV were Janey Aduddell, 9; Tamika Kimble-Hearn, 8; Janiah Mondragon, 5; Jamie Sawyer, 4; Elizabeth Simmons, 3; Jamee Sparks, 2; and Lindy Helms, 2.

Clarendon hosted the Quana Lady Indians on Friday afternoon.

The Lady Broncos had an excellent first half. The JV went 7 for 11 from the free throw line and had

only four fouls. The Lady Broncos were up by one at the half.

The Lady Indians forced their way back into the ballgame in the third quarter and were up by two with eight minutes to play.

The Lady Broncos continued to play good defense but struggled from the free throw line in the final minutes. Quana came away with the 34-41 win.

Scoring for Clarendon were Janiah Mondragon, 8; Jamee Sparks, 7; Lindy Helms, 6; Elizabeth Simmons, 6; Janey Aduddell, 5; and Elizabeth Simmons, 2.

Black History Month usually instigates additional student essays and focuses readers on writings concerning African American talent, accomplishments, and contributions important to our nation's development. Burton Memorial Library offers a variety of interesting resources to all ages.

Maya Angelou's books, *Wouldn't Take Nothing For My Journey* and *Phenomenal Women*, remain popular.

Erma Calderon, co-authoring *Erma... A Black Woman Remembers 1912-1980* with Leonard Ray Steel, reveals memories of the way it was.

*To Be A Slave* by Julius Lester is a collection of authentic slave narratives. It vividly describes how it felt "to be owned by another person as a car, house, or table is owned. To live as a piece of property that could be sold..." This Newbery Award book relates "powerful words coming from mouths of old people who lived the horrible experience of being enslaved in America."

In *Amos Fortune, Free Man*, writer Elizabeth Yates inspiringly relates Amos Fortune's life, who was abducted by slave traders at age 15 and finally bought his freedom at age 60.

Her concerns for children and America's future prompted Marian Wright Edelman, first black woman admitted to the Mississippi Bar and founder of Children's Defense Fund, to write *The Measure Of Success: A Letter To My Children And Yours*. High School students and adults will find this book quick reading, interesting, and touching with a strong message of truth.

*In Daddy's Arms I Am Tall* contains verses from various poets accompanied by unique artwork of Javaka Steptoe. This

tribute to black fathers "delivers a profound message that family is a precious gift." Fifth graders will recognize this book as one of the popular Bluebonnet Series.

Writings of Martin Luther King, Thurgood Marshall, first African American appointed to Supreme Court in 1967, Generals Benjamin Davis and Colin Powell, scientist George Washington Carver, and Civil War antislavery leader, Frederick Douglass, are available with other well-known African Americans.

Four of Bill Cosby's books, *Childhood*, *Fatherhood*, *Love And Marriage*, and *Entertainer* demonstrate warmth, integrity and humor that has endured Cosby to American hearts. *Picture Life Of Cosby* is obtainable for young readers.

Various biographies present exciting moments of sports figures, Julius Erving, Bo Jackson, Carl Lewis, Shaquille O'Neal, and others.

Students, three volumes of *Voices Of Triumph* are conveniently located in your high school library. *Creative Fire* informs of accomplishments by sports figures, playwrights, poets, writers, artists, craftsmen, movie makers, and musicians with popular sounds of jazz, blues, rock 'n roll.

*Leadership* honors African Americans in science, education, inventions, religion, politics, business, and industry. *Perseverance* spotlights heroic African Americans who significantly contributed to the Military and Old West settlement. It presents facts and attitudes during slavery and abolition periods and influence of civil rights. School Librarian, Jean Stavenhagen, will gladly direct you to them.

## NRCS leads in private land conservation

The Natural Resources Conservation Service (NRCS), formerly SCS, was born of adversity, a national response to the Dust Bowl catastrophe of the mid-1930's. The agency's first chief, Hugh Hammond Bennett, spoke eloquently for the land when he convinced the Congress that soil erosion was a national menace; that a permanent agency was needed within the Department of Agriculture to call landowners' attention to their land stewardship opportunities and responsibilities; that a nationwide partnership of Federal agencies with local communities was needed to help farmers and ranchers conserve land.

More than six decades later, the land, soil, water, air, plants, and animals still require someone to speak for its health and well-being, and that responsibility remains a challenge for NRCS, the US Department of Agriculture's lead conservation agency. No other Federal agency works for the health and fate of private land.

NRCS relies on many partners to help set conservation goals, work with people on the land, and provide assistance. Its partners include conservation districts, state and federal agencies, NRCS Earth Team volunteers, agriculture and environmental groups, and professional societies.

The nation's 3,000 conservation districts are the heart of the law, operate on the premise that local people know the most about local need. They link NRCS with their neighbors and with local priorities for soil and water conservation. They also augment the work of NRCS's conservationist with district programs and with their own technical and support staff.

The strength of NRCS is in its workforce. Most of its employees serve in USDA's network of local, county-based offices. The rest are at state, regional, and national offices, providing technology, policy, and administrative support.

NRCS employees have the technical expertise and field experience to help land users solve natural resource challenges and maintain and improve economic viability. Employees are highly skilled in many scientific and technical areas, including soil science and conservation, agronomy, biology, agroecology, range conservation, forestry, engineering, geology, hydrology, cultural resources, and economics.

Nearly three-fourths of the technical assistance provided goes to helping farmers and ranchers develop conservation systems uniquely suited to their land and ways of doing business. The agency also provides assistance to communities to reduce erosion, conserve and protect water, and solve other resource problems.

NRCS employees are committed to working with private landowners and managers to assess the state of their land and protect its values.
