ELBERT REEVES

Reeves Announces For Re-Election State Representative 88th District

The Donley County Leader is authorized to announce the candidacy of State Representative Elbert Reeves of Matador (Motley County) for re-election from the 88th District (Donley, Hall, Childress and Motley Counties) and subject to the action of the Democratic Primary July 28th.

Rep. Reeves, acknowledged as one of Texas' outstanding statesmen, needs no introduction to the voters of his native Motley County nor to the citizens of the 88th District, which he has so ably served. His record since he has been in Austin is testimony of his sterling character, high principles, and honest representation for the citizens of his district.

The influence of his work in the House of Representatives is reflected by benefit to every community in Texas. His experience, as Chairman of the House Agriculture Committee and as high ranking member of the House Education Committee, which deal with agriculture and school problems has been of irrefragable value, not only to his district, but to the entire state. Rep. Reeves is dedicated to the duties of his office and to the service of his people.

In making his announcement, this week, he made the following statement:

"I want to thank the citizens of Donley, Hall, Childress, and Motley counties for the splendid cooperation I have received in conducting the duties as your State Representative. I want to thank every voter in the 88th District for their votes and influence which elected me to this high office. In seeking re-election as your State Representative of the 88th District, I pledge to give my entire time to the duties of the office as I have done in the past."

DEADLINE FOR SCHOOL CENSUS IS JANUARY 31

School officials are reminding all parents that January 31st is the deadline for the annual school census and are urging parents of children who will be six years old before September 1, 1956 that have not been contacted, to report same to Mr. Vaughan's office in the College building. Each additional child counted on the census will mean additional revenue for the local schools.

Clarendon Lions Club Sponsoring Wrestling Here February 2nd

The local Lions Club is sponsoring another round of wrestling with their first card coming up Thursday, February 2nd in the College gym at 8 o'clock.

To highlight the first attraction, two matches will be featured with Rip Rogers vs Cowboy Carlson tangling it up in the first match and two girl wrestlers, Joan Ballard and Cathy Lee making up the second.

Both matches will be two out of three falls with a one hour limit. Rogers and Carlson are both big and rugged and have a big following. Rogers weighs 210 pounds and Carlson 214 pounds.

If you haven't ever watched a girls match, you'll sure want to see this one. Both, Joan Ballard and Cathy Lee, weigh 135 and 140 pounds respectively, and are considered among the best in the field, and are due to really put on a show for fans of this area.

Price of admission will be \$1.00 for adults and 50 cents for children. There will be no reserved seats, so it will be a first come—best seat—affair.

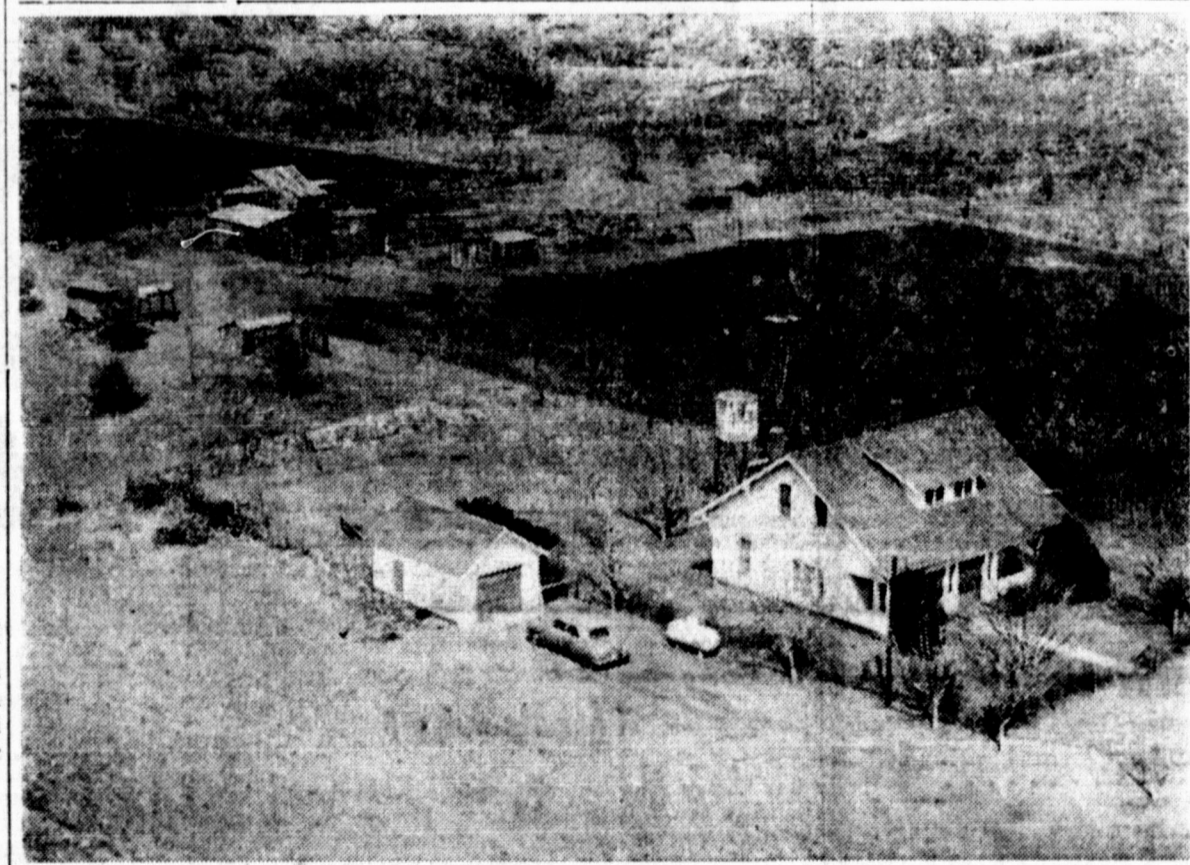

Donley Show Calves Place High In Amarillo Show

Troy Harrison, 16, son of Mr. and Mrs. Ellis Harrison of the McKnight community, was a third top exhibitor in the junior show in Amarillo Monday. Troy had the reserve champion Hereford steer, after taking first place in the light class. Harrison took first place in the pair-of-calves class, showing his junior class winner and his stallmate, winner of second place in the heavy Hereford steer class. Troy showed the grand champion steer in the local show here last Friday.

Other top winners in the Amarillo show were: Angus middle-weight steers, 4th place, Charles Cospo; two calves owned and fed by one boy, 5th place, Gene Floyd.

STOCKING'S DRUG STORE DAMAGED BY FIRE

Fire caused by an electric motor caused considerable damage to the Stocking's Drug last Friday morning. Smoke from the small blaze caused most of the damage. Remodeling operations are under way at the present time.

MYSTERY FARM NO. 38—Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

Services Held Saturday For Mrs. Leona Jones

Funeral services were held Saturday afternoon at the First Baptist Church for Mrs. Leona Jones with Rev. W. F. Vandenberg officiating.

Mrs. Jones, 75, passed away last Thursday. She had been a resident of Clarendon the past 13 years and was a member of the First Baptist Church.

Survivors include one son, Joseph F. Jones, Amarillo; one brother, James E. Eubanks, Des Moines, Iowa and one grandson.

Pallbearers were Emmett Simmons, George Thompson, Homer Estlack, J. D. Swift, L. L. Wallace, and R. C. Bingham.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Services Held Tues. For Former Resident

Funeral services were held at the First Baptist Church Tuesday afternoon for Mrs. Lola Jane Stephens, former Clarendon resident who passed away last Saturday at her home in Corpus Christi. Rev. J. Perry King officiated.

Mrs. Stephens was a resident of Clarendon for 26 years prior to moving away in 1940.

Survivors include one daughter Mrs. Hattie O'Brien, Corpus Christi; one sister, Mrs. E. W. Stephens, Knox City; six grandchildren, 10 great grandchildren and two great great grandchildren.

Grandsons served as pallbearers. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Four Identify Mystery Farm Number 37

Again the guessing was a little slow in the Mystery Farm identification last week with only four getting their names in the pot on Mystery Farm No. 37. E. L. Floyd drew out for the free subscription to the Leader; Mrs. Leon Foster drew out for the two free movie tickets; F. A. Floyd and C. C. Ayers drew out for one free movie ticket each to the Mulkey Theatre. That's all there was so another show ticket went begging for another identifier.

Funeral Services Held Tuesday Morning For Mrs. Wesley Knorrpp

Funeral services were held Tuesday morning at the First Presbyterian Church for Mrs. Mary Bliss (Bugbee) Knorrpp with Rev. Paul Wright officiating.

Mrs. Knorrpp, wife of the late Wesley Knorrpp, prominent Clarendon banker, died Sunday afternoon at her home here following a quite lengthy illness. She was a member of the Presbyterian Church.

Local Men To Attend Water Meeting In Childress Tonight

A large group of interested citizens is expected to attend the Salt Fork Dam meeting in Childress tonight at which time the foundation for a water authority election will be laid. From all information received, something has to be done soon if this water district hopes to keep a legal hold on the water in Salt Fork of Red River. If an election is not called within the time limit, Oklahoma will make a grab for the water and Texas will be left high and dry.

Everyone that can, is being urged to make this trip to Childress tonight. The group will form a caravan on the lot north of the Donley Hotel at 5:30 this afternoon. The meeting in Childress will be held at 7 p. m. in the banquet room of the West Texas Utilities building there.

Donley County Leader, \$2.50 year

On January 31 and February 1, the Clarendon College Comets will entertain the Nashville Business College girls in basketball at the Clarendon gym.

The N.B.C. team is rated as one of the top teams in the nation. For several years the Tennessee team was the National Crown winner. Two years ago this team was replaced by the Wayland College team but it is a strong contender again this year.

The Nashville team has two all American girls and they have one girl who was chosen to the World Tournament team. Peggy Tate, who played for the Clarendon team last season, is now a member of the NBC team.

Fans in the Clarendon and surrounding areas will have an opportunity to see one of the top teams of the nation in action in this game.

The Comets will be out to get a victory over the Tennessee team and to gain in the national rating in girls basketball. A victory over NBC would put the Comets near the top in national recognition.

If you are interested in basketball, come out and help the girls in these games. If you are not interested in basketball, come out to the games and perhaps you will become interested.

These games will start at 8 o'clock.

Comets And Bulldogs In Doubleheader Here Saturday Nite

On Saturday night, January 28, the Clarendon College Comets will meet the Fort Worth Motorettes and the Bulldogs will meet the West Texas State Freshmen in the Clarendon gym.

This should be a very thrilling night of basketball as both the opponents of the local teams are very good teams.

The Bulldogs have met the Freshmen once this season and came out with a 90-84 victory in Canyon. The Freshmen team has a very good record with losses only to the Bulldogs, Texas Tech Freshmen and Howard County Jr. College. The Freshmen team is considered the best West Texas has ever had.

The Bulldogs are going to be out for its second victory over the West Texas team and the Freshmen are going to try to get revenge for the earlier loss.

The Comets will be meeting the Fort Worth Motorettes and will be out to continue their winning way. The Comets have lost only to the Wayland College Flying Queens.

The Motorettes have a good ball team and will give the Comets some strong competition. The Motorette team is sponsored by a motor company in Fort Worth and is composed of college girls from that area.

The Comet-Motorette game will start at 7 o'clock with the Bulldog-West Texas game to follow.

Back the local teams; come out to see some good basketball. The players need your support.

PERFORMANCE
made it the
Largest Selling "8"
in the World...

the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

	Car Sales	Ford Sales Leadership
FORD V-8	1,241,742
Car C-V-8	634,376 607,366
Car P-V-8	262,870 978,872
Car C-Six	845,153 396,589
Car P-Six	334,540 907,202

Here's why!

People just naturally go for 8 cylinders in the FORD package!
 And to a world record extent!
 Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!
 Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!
 These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that. And the Ford V-8 of today is the best yet... by a country mile!
 Smoother and quieter—you can scarcely hear it, even with the hood up!
 Sasser—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!
 And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.
 So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.
 Come in... try it today!

Barnett - Lamberson Nuptials Read

In an impressive ceremony Sunday afternoon, January 15, at the Methodist Church in Hedley, Miss Charlene Barnett, daughter of Mr. and Mrs. Charles Barnett of Hedley, became the bride of J. T. Lamberson, Jr., son of Mr. and Mrs. J. T. Lamberson of Pampa. Rev. R. N. Hucabee read the double ring service.

Centered with a white kneeling bench, the archway of greenery was flanked by baskets of white gladioli and stock, and candelabra ornamented with blue ribbon and wedding bells. Family pews were marked with wedding bells and blue satin bows.

Candles were lighted by Miss Annetta Curtis of Amarillo. Miss Curtis wore a ballerina length dress of green net over taffeta and carried a glove corsage of gold daisies. Mrs. Joan Sims of Pampa, presided at the guest registrar.

Don Cox, organist, played a medley of nuptial selections and accompanied Miss Letha Moss who sang "Always", and "The Lord's Prayer." The traditional wedding marches were used.

Attending the bride as matron-of-honor was Mrs. Virginia Curtis of Amarillo. Her waltz length dress was of orchid nylon tulle and she carried a colonial bouquet.

Ray Cooper of Borger attended the groom as best man. Ushers were Ted Myers of Amarillo, brother of the bride, Buddy Lamberson of Pampa, brother of the

groom, and Don Lamberson of Hedley, cousin of the groom.

The bride, given in marriage by her brother, Adell Myers of Pampa, was attired in a waltz length gown of white Chantilly lace and net over slipper satin, fashioned with a fitted bodice, bouffant skirt and long sleeves terminating in points over the hands. Her veil of illusion fell from a tiara of seed pearls. She carried a white Bible topped with a white orchid surrounded by French hyacinths and showered with satin streamers tied with clusters of hyacinths. In her Bible she carried the wedding ring of Mrs. Frank Kendall. Her only jewelry was a small white gold cross, a wedding gift from the groom.

Mrs. Barnett, mother of the bride, wore a navy blue suit with navy and white accessories. The groom's mother wore a grey suit with white accessories. Both wore corsages of white carnations.

Following the ceremony the bridal party and relatives were feted at a reception in the C. L. Johnson home. Assisting Mrs. Johnson were Mrs. James Evans and Mrs. Roy Jewell.

The reception table was covered with a white taffeta cloth with shirred ruffles touching to the floor. Centering the table was the tiered wedding cake. Blue carnations and fern surrounded the crystal punch bowl. Miss Jane Mosley served the cake. Mrs. Mary Ruth White ladled punch. Mrs. Charlene Wells registered the guests.

For traveling the bride chose a light beige suit of imported linen with brown accessories and a white orchid.

THE LION'S TALE

By Carl Allmond

An extra table had to be set for the crowd Tuesday — lots of guests.

Boss Lion Lowe stressed the importance of turning in our tickets for the show that was held last night. We are hoping a good crowd turned out.

H. C. Preslar, Mayor of Childress, was up and invited all present to the Salt Fork Water meeting. Mr. Preslar emphasized the importance of this meeting, stating that without water, it is impossible for a town to grow. The meeting will be tonight, Thursday, Jan. 26th at 7:00 in the banquet room of the West Texas Utilities, Childress.

Lion Spier asked how many could go, and about twenty-five expressed their desire to attend.

Lion Drennan announced two basketball games for Saturday night. The College girls will play the Ft. Worth Motorettes, and the college boys will play West Texas State Freshmen.

Lion Drennan stated that the total enrollment for the College this year is 155 students. This is the largest enrollment in the history of Clarendon Jr. College.

Drennan introduced the "crazy girls" quartet, who sang some songs. He meant the college girls quartet would sing some crazy songs—Oh well! They were good, and reminded us of the Hit Parade—beauty as well as talent! Those in the quartet were Jane Mosley, Sonja Atkinson, Nellie Jon Hodnett, and Barbara Holube. Marilyn Hill was the accompa-

nist.

Guests for Tuesday were: District Judge Luther Gribble and District Court Reporter James Richardson, Wellington; H. C. Preslar, and Jim Cateher, Childress; T. W. McAnear, Bruce; V. C. Waddell, Hedley; C. H. Koonz, Amarillo; Bert DeBord, H. A. Green and Curtis Mears, Clarendon. Clyde Price, Jr. and U. Z. Patterson were presented as new members.

P. S. Boss Lion Lowe just called in (11 P. M.) and said to tell everyone about our Wrestling matches for Thursday, Feb. 2nd. Cowboy Carlson and Rip Rogers will be the main event. There will also be an added attraction called the "Tunnie Kent Special" (Women Wrestlers). Price of admission will be \$1.00 for adults, and 50c for children. Bill asked us if we would referee. Much oblige—we have seen some referees thrown through the ropes.

ALFRED McMURTRY NAMED PRESIDENT LIVESTOCK ASS'N

Members of the Panhandle Livestock Association met at the Herring Hotel in Amarillo Tuesday and elected Alfred McMurtry of Clarendon, president for the next year. Other officers elected at the meeting were Bob Brandenburg, vice president and Ralph E. Morrison, Secretary-treasurer, both of Amarillo.

It's Got All Texas Talking! --- "The TEXAN" BY DODGE

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too... specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders.

Truly a beautiful car to be admired by you and your fellow-Texans.

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

FARM NEWS

from the County ASC Committee

BENSON HIGHLIGHTS NEW FARM PROPOSALS

The farm program which the Administration has recommended to Congress is "a workable approach", Secretary of Agriculture Ezra Taft Benson told a group of cattlemen recently.

"It will reduce surpluses", the Secretary declared, "It will gradually bring production and markets into balance at fair prices. It will provide more economic security and a fairer share of the national income for farm people." The proposed program includes: A Soil Bank of two parts—one called an Acreage Reserve and the other a Conservation Reserve—both to be voluntarily carried out by farmers. Cooperation in

either part would not impair the farmer's historic acreage allotments.

Under the Acreage Reserve, Farmers would voluntarily reduce planting below their acreage allotments, and in return would receive certificates equal to a specified percentage of their normal yield on the acres they withheld. The certificates would be negotiable so farmers could convert them into cash, or they would be redeemable by CCC either in cash or in actual commodity at a specified rate.

Under the Conservation Reserve, farmers would contract with the Government to shift land out of cultivated crops and into forage or trees and, where feasible, to ponds and reservoirs. Any farmer would be eligible to participate. He would be paid a fair share of the cost of establishing the forage or tree cover, up to a specified maximum amount per acre that would vary for dif-

ferent regions. The Government would provide certain annual payments for a period of years related to the length of time needed to establish the new use of the land.

CARD OF THANKS

Our most sincere thanks for the numerous ways our friends helped us during our recent loss. The kindness and genuine neighborliness meant so much to us.

BLOWIN' Out the CORNERS

by Uncle Zeb

The following little poem and sayings are taken from Boys Ranch Roundup, a little publication put out by and about the Ranch; it goes,

The things that goes the farthest toward making life worthwhile, That costs the least and does the most, is just a pleasant smile. It's full of worth and goodness, too; of joy and sentiment, It's worth a million dollars, but it doesn't cost a cent. "It's always too early to be a quitter."

"A boy is never quite the angel his mother expects him to be and never quite the man his father believes him to be." Pretty good thinking; all of the above.

Newest member of our Ain't Smoking Right Now Society is Julian B. Smith of Plainview, Texas. Mr. Smith has been off the weed about a month and we very well remember from our experiences that this is a very crucial period in one's quitting. This is the time that you push the bottoms out of your pockets, chew gum or toothpicks, matches and what have you. Stay with it Mr. Smith and as days go by now it will begin to be easier and easier. Then before long you won't mind very much a'tall.

We have heard that "Sympathy is never wasted except when we give it to ourselves", now isn't that just about the truth. When we begin to feel sorry for ourselves then danger lies just ahead. I guess we all can't help getting into this mood once in awhile, but we all have learned from experience how bad it always turns out for us.

Someone else said that; "There is more power in the open hand than in the clenched fist." If we look about us any day we see folks proving this. We see the fellow making friends with a friendly smile and an out-stretched

We see folks getting the doors of life opened for them by using kindness, and we see folks trying to batter the door down with a clenched fist. When we stop and think, we soon realize which method does the best job.

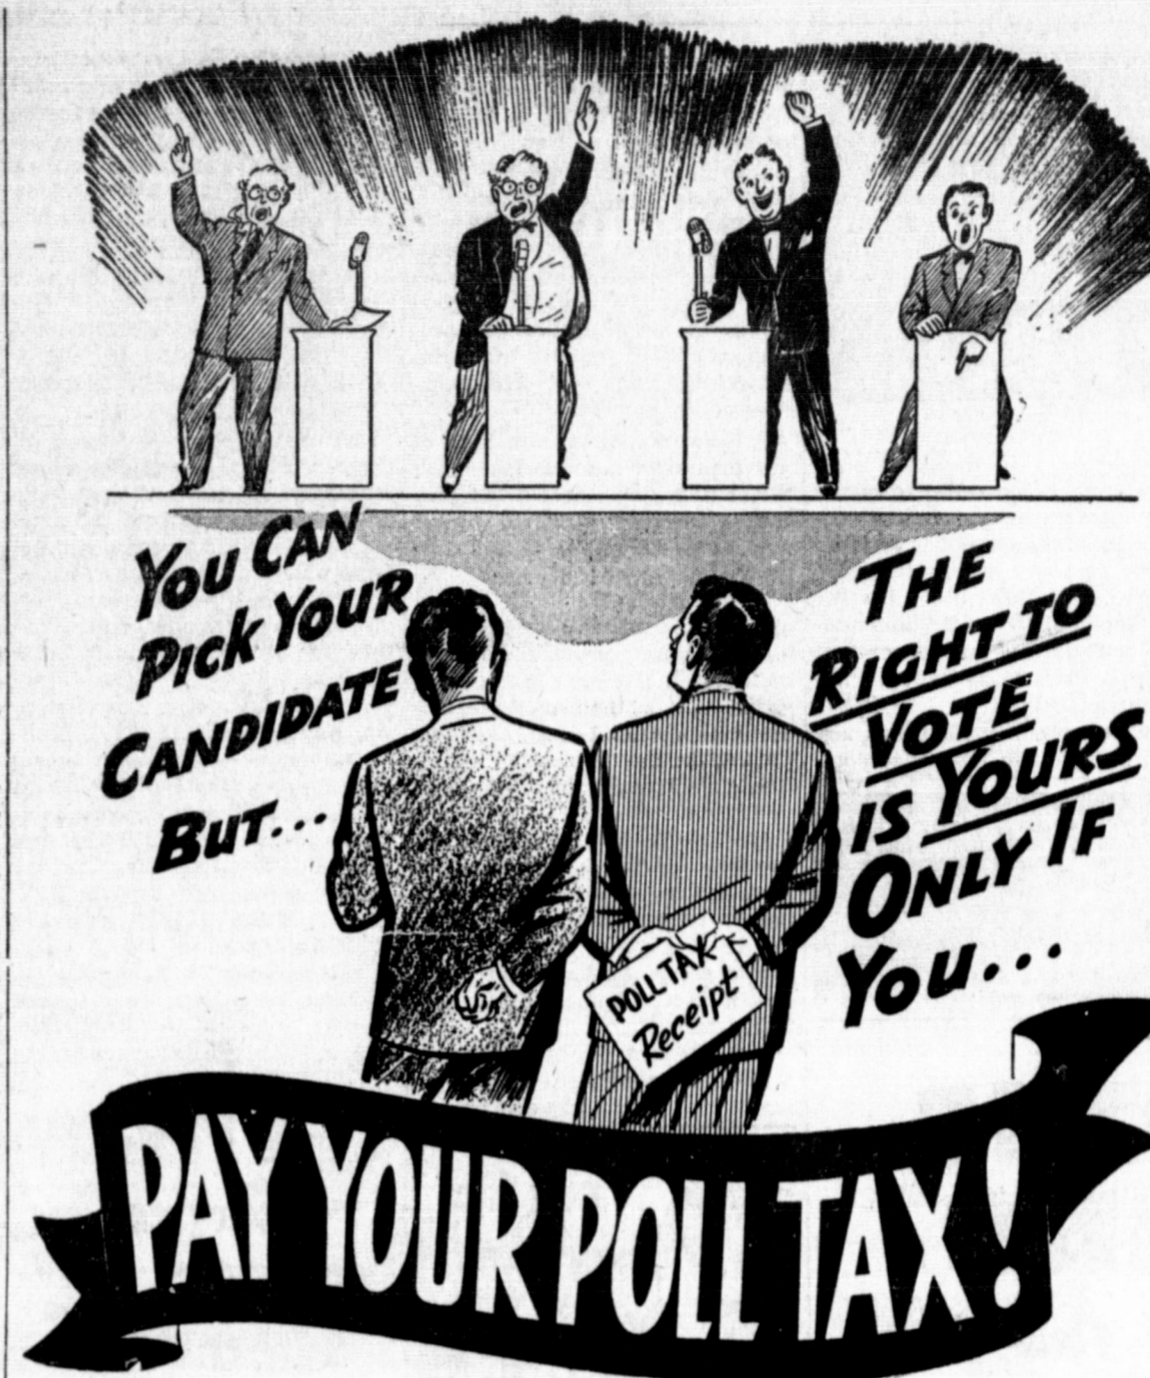

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Mr. J. N. Weaver, whose farm is in the Chamberlain community, has reported some 1955 cotton yield results which he thinks the guar seeded on his place in 1954 is responsible for. Following is his account.

In 1954 Mr. Weaver planted 27 acres to a strip crop pattern of 4 rows of cotton and 4 rows of guar. In 1955, Mr. Weaver rented this 27 acres to D. R. Lindley who planted it to cotton. Mr. Lindley produced 14 bales of cotton on the 27 acres—very near 1/2 bale per acre—which is well above the District average for last year. During the same period, Mr. Weaver says that he produced only 16 bales on between 55 and 60 acres, or less than 1/2 bale per acre of cotton land of about equal productivity normally. He attributes the difference in yield largely to the guar that was on the land in 1954. Several other farmers in the Donley Soil Conservation District have reported similar results.

One thing Mr. Weaver cautions anyone planting guar about is that it is not any better in preventing soil blowing in the winter and spring than cotton is, there-

fore one should plan to seed a cover crop of rye in the fall on the land planted to guar the same as he should protect his cotton and bundle feed land with a cover crop every fall.

The Donley Soil Conservation District and the technicians of the

Soil Conservation Service assisting the District are interested in obtaining the results of applying soil conserving and improving measures, since it is through trying new plants and conservation measures in this District that we are able to determine what helps us most here, and to pass such information on to other farmers.

pany in Texas has suffered any loss. Nevertheless the companies are feeling the pinch of the adverse publicity.

J. Ralph Wood, president of the Southwestern Life Insurance Co., was one of the 28 executives who presented the "guarantee" proposal to the insurance commission. "We want to protect the good name of Texas insurance companies," Wood stated, "and also protect the innocent life insurance policy holders."

J. Byron Saunders, chairman of the insurance commission, said "I am happy to learn of the project. It is a most laudable step. It will help relieve much public anxiety and concern."

In other developments, the insurance commission moved to force a change in management of the John K. Wilson Mutual Aid Association of Princeton; while the state obtained court orders to shut down the American Atlas Corporation and J. A. Irwin, Inc., of Dallas.

Meanwhile investigations continue by the Texas State Senate's investigating committee concerning all details of the collapse of the U. S. Trust & Guaranty Co., whose president A. B. Shoemaker shot himself when the firm went under recently.

Sen. William S. Fly of Victoria is the new chairman of the investigating group. Fly was named

to the post by Lt. Gov. Ben Ramsey after Sen. Searcy Bracewell of Houston resigned when the committee voted to go into a closed session . . . "to avoid improper divulging facts for the benefit of offenders."

In the opinion of the new chairman, there is a place for both open and closed meetings. "But executive sessions should be held only under unusual and extraordinary conditions," Fly stated.

Checks unearthed in U. S. Trust files by State Auditor C. H. Cavness reveal the names of six legislators or ex-lawmakers who have received pay from the now-closed firm. But Cavness has not been able to learn who received \$50,550 in cash withdrawals, most of which were made during the time the 1955 Legislature was in session.

Another Cavness revelation was payment of \$115,499 to Kam-in Advertising Agency. Cavness said it was a Houston firm which handled the Drew Pearson television program in which the news commentator told his listeners, "You can put your trust in U. S. Trust." Of the \$115,499, a total of \$95,992 was paid in 1955.

Giles Goes To Huntsville
 When the prison doors opened Monday morning in Huntsville, Bascom Giles was there awaiting

the start of his term in the penitentiary. He left Austin alone, by car, sometime after midnight Sunday and drove to Huntsville, to turn himself in. The unexpected move on the part of the former State Land Commissioner was made to avoid any further publicity.

Clint Small, attorney for Giles, released the following statement which had been prepared by Giles just before his departure for Huntsville:

"I have to the best of my ability made amends to the state in a material way. I want to state that so far as I am aware, no other state official or employee was involved in any of the transactions for which I was convicted." He added, "I wish to thank from the bottom of my heart those friends who have been kind and sympathetic with my family and me during the past troubled year. I deeply regret the embarrassment and heartaches caused my friends and co-workers."

Giles' commitment papers to

the penitentiary were prepared Monday (following receipt of word that he already was in custody) when district judges at Crystal City and Austin granted motions to dismiss his notice of appeal. Other appeals which had reached the court of criminal appeals were to be dismissed Wednesday.

Giles had been convicted 13 times in veterans land fraud cases (12 pleas of guilty). Sentences total 75 years. But all terms run concurrently, not consecutively. Highlights and Sidelights . . . 2 As his maximum sentence was six years, he will be eligible for parole in one year, two months and 12 days—allowing time for good behavior.

Several weeks ago, Giles vowed to repay all he owes. He has repaid \$80,000 to date. He is joint defendant in other civil suits totaling \$170,000. But his share of the liability has not been determined.

Water Problems Studied
 To conserve water, Railroad

Commissioner Ernest O. Thompson recommends the prorating of water much the same as oil now is prorated. He made his recommendation at a meeting of the Texas Water Resources Committee. At the same session members of the Brazos River Authority said that in some years as much as 600,000 tons of salt and other chlorides are washed into Postum Kingdom Reservoir. Suggested was a dam to block off a salt flat in Northwest Texas and permanently impound the flow of brine springs and the run-off from the area. This would prevent intrusion of 200,000 tons of salt a year into the Brazos reservoirs and stream flow. BRA's aim is a six-dam program costing \$173,000,000.

More Vaccine
 Because of steadily increasing supplies, Salk polio vaccine priority in Texas has been extended to persons up to 20 years of age and to pregnant women. Total polio cases in 1955 was 1,931. It was a sharp drop from the prev-

Why buy a truck in the dark?

If you buy a new truck after looking at only one make, it's like making a deal in the dark. You can't be sure of getting the most for your money.

A smarter way to buy is to "spotlight" real truck value—weigh and compare competitive claims with these Dodge truck facts:

- ★ Most standard V-8 horsepower of all leading makes—1/2-ton through 3 1/2-ton range. You'll get faster trips—more work done with DODGE.
- ★ Shortest turning radius. You'll park more easily, wheel through traffic quicker with DODGE.
- ★ Biggest cabs, with biggest wrap-around windshield. You'll enjoy roomier comfort, safer vision with DODGE.
- ★ Highest payload capacities . . . pick-ups providing up to 22% more payload than others. You'll haul bigger, more profitable loads with DODGE.
- ★ Prices down with the lowest. Comparative fact show that, feature for feature and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE POT BEGINS TO SIZZLE
THE FARM SPEECH. The farm message to Congress was fourteen pages of words advocating the adoption of many policies that have been on the books as farm legislation for a number of years. Policies that the present Secretary of Agriculture has had, and now has, the power to adopt but which he has not only failed to adopt but has vigorously refused to adopt. What the farmers need is action, not words.

THE RACE ISSUE. If some of the big city and far west Congressmen would spend as much time representing their own constituents as they do trying to make the South, the whole coun-

try would be better off. A lot of this fanfare and trumpet blowing by these self-appointed saviors of mankind smells suspiciously political and sounds the same way.

THE FOREIGN AID RECOMMENDATIONS. Russia found out that she could not break this country by an armament race. Hence, she announced a reduction in her armament program and stepped up her contributions, grants and loans to foreign countries, probably thinking that if she couldn't break us one way, she could another. The Administration immediately took the bait and started advertising an increased foreign aid program. Dulles then announces with great alarm that we are in an economic war with Russia. This was no startling news to me. If Russia has the same experience in her foreign aid program that we have had, she will soon find out that you can't buy friends. Let us not be misled.

MORE ABOUT KIEV

An interesting incident happened while we were being driven from the airport at Kiev to the hotel. In all the Russian cities the automobiles go hurtling down the street at breakneck speeds and the drivers are not seemingly interested in the fate of pedestrians. However, we were told on several occasions that if a driver hit a pedestrian it was a pretty serious offense. My observations was that it was the agility of the pedestrians and not the astuteness of the driver that prevented many collisions. The driver of the car in which we were riding from the airport was sailing merrily along at about 40 miles an hour and approached a crosswalk that was literally teeming with pedestrians. He made no effort to touch his brake but did honk his horn twice. As usual, the sea of human beings parted just barel yin time to prevent the killing of a half dozen or more. However, one fellow did not get back far enough, and it looked like nothing could avoid our car hitting him. After a fast game of zigzag between the pedestrian and the car, we missed him by less than 1000th of an inch. All of us were very thankful that an accident had been avoided and thought that the matter was ended. However, when we drove up to the hotel, another car drove up occupied by the pedestrian and another fellow. They talked at length with the driver of our car and all left together. Our group had been riding in three cars and, usually, the same drivers stayed with us all the time we were in one city. The next morning after this incident, our former driver had been replaced by a new one. We asked the interpreters and some of the officials what had happened to the other driver.

They merely shrugged their shoulders and said he was probably driving for someone else. However, we pressed the issue several times after that and never did receive a satisfactory answer. We never did see the driver again, although the other two drivers and the substitute driver who was assigned to us remained with us all the time we were in Kiev.

The Free Market in Russia

The last vestige of free enterprise in the USSR is a market place called the free market. It is very similar in appearance to our farmers markets or public markets. The products sold at these places are mostly agricultural. We were told that when the members of a collective farm made more than their "norm", the surplus was divided among the members who could sell their share or use it as they pleased, or on the other hand, the entire surplus might be sold by the group and the proceeds divided. Stalls for displaying merchandise for sale can be rented by an individual or by a group, such as a collective farm group. There is no set price on these products, as is the case concerning all other items in the USSR. The products can be sold in the free market for whatever the customer is willing to pay. We saw milk being sold at one stall for seventy-five cents a quart and at another stall for a dollar a quart. There

was some Russian writing which I assume meant that the quality of the dollar milk was better than that of the seventy-five cent milk. There were fish stalls, meat stalls, flower stalls, fresh vegetable stalls, milk and cheese stalls and so forth. Meat was being sold for \$1.75 a pound at one stall and for \$2.00 just a few steps away. Suckling pigs are considered a delicacy in Russia. Since the members of a collective farm group raise some livestock of their own, there were a lot of these suckling pigs for sale at the free market.

PARENT-TEACHER TALK

The Sims P.T.A. held its regular monthly meeting on Thursday afternoon, January 19th at 3:00 o'clock in the Jr. High auditorium. The meeting was called to order by Mrs. T. M. Caldwell, Jr., president.

Mrs. Dick Vallance, Character and Spiritual Education Chairman, introduced Bro. T. H. Harmonson, Baptist minister from Martin, who brought the devotional, entitled, "Jesus Heals the Sick."

During the business session, Mrs. Caldwell reported on the boxes of clothing given to needy families at Christmas. She also reminded everyone to pay his poll

tax. Mrs. Sandifer's room won the dollar for having the highest room count.

Mrs. Bob Moss, vice president, presented the program for the afternoon which was a panel composed of the following doctors: Dr. B. T. Kirkpatrick, dentist from Amarillo; Dr. B. K. Humphrey and Dr. Joe Goldston. Each doctor talked in his particular field on the care we should be giving our children, the lack of proper care in so many cases, new techniques and skills known and used now, and the great responsibility that is ours as parents and teachers to see that our children are given the proper medical attention that they need and the proper love and care in the home, without which medical attention can sometimes be of little value. Each talk was excellent and most enlightening and we are sorry all the parents couldn't be there to take advantage of these men's knowledge and experience. We want to thank each of these doctors for giving us of their valuable time and also thank Bro. Harmonson for his fine devotional.

The next meeting will be a night meeting on Feb. 16th and we are looking forward to a wonderful time, but there will be more about that later.—Reporter.

Many people, who have never spent a day in a medical university, foolishly believe that they can advise their friends how to treat an illness. They mean well, but can cause serious harm.

The proper diagnosis of a disease is an art that a Physician acquires only after years of study and internship training in a hospital. It is more important to treat the cause of an illness than to just relieve discomfort, which is usually the most any self treatment accomplishes. When you are sick be guided by your Physician.

REDDY SAVES YOU WORK WITH AN ELECTRIC CLOTHES DRYER

☆ no stretch!

☆ no lift!

☆ no carry!

Saves You Work because it ends the STRETCHING to hang wet clothes on the line. Saves you the discomfort of cold in winter, heat in summer. Saves your manicures, too.

Saves You Work because it ends the strain of LIFTING a heavy basket. Saves your back from strains. And did you ever have the experience of having a line break or a prop fall? Reddy ends all this.

Saves You Work because it eliminates the tough, hard job of LUGGING a basket of wet, heavy clothes out to dry and bringing it back in again. Saves you plenty of steps, too! Best of all, an ELECTRIC CLOTHES DRYER dries clothes fresh, sweet and clean — like magic!
