FARM NEWS

from the County ASC Committee

ANNOUNCEMENT OF 1956 ACREAGE RESERVE PROGRAM OF SOIL BANK

Requirements for participation in the 1956 Acreage Reserve Program under the "Soil Bank Act", Public Law 540, were announced by the Secretary of Agriculture Ezra Taft Benson. County Agricultural Stabilization and Conservation Committees, which will administer the program, will announce locally when the program agreements are available for signature by farmers in the county offices.

Agreements with farmers cannot be signed until forms and regulations are available. We should have them in the Donley County Office in the near future and at that time we will send information to all farmers in Donley County.

Under the 1956 Acreage Reserve, farmers who are eligible to take part in the program may earn payments in connection with one or more of the commodities specified in the law—corn, wheat, upland or extra long staple cotton, peanuts (Except Virginias and Valencias for which there is no surplus), rice and most types of tobacco.

Under the basic rules of eligibility established in keeping with the law, acreage designated for the Acreage Reserve must: (1) Be representative of the land used for the crop, (2) result in the harvesting of an acreage of the basis crop less than the farm allotment or corn base acreage, and (3) not be grazed, cut for hay, or cropped for the entire 1956 calendar year. Noxious weeds must also be controlled on the "reserved" acreage.

In order to participate in the Acreage Reserve, a farmer must comply with all acreage allotments or corn base established for the farm.

The 1956 program, as provided by law, contains special provisions and payments which enable farmers to participate this year. Any farmer who otherwise complies with the provisions of the Acreage Reserve will be eligible for payment if:

1. He has underplanted his Soil Bank corn base or his allotment for cotton, rice, tobacco, peanuts, or wheat, and he certifies that he underplanted (a) an anticipation of complying with the 1956 Acreage Reserve or (b) because of adverse weather conditions, or

2. He has underplanted his 1956 allotment for winter wheat and certifies that this was done because of adverse weather conditions, or

3. He has complied with his Soil Bank corn base or his farm allotment for a particular crop, but an acreage of the crop was not harvested because of destruction by natural causes.

Maximum and minimum acreages of basic crops which may be placed in the Acreage Reserve have been established as follows (except that where the allotment is less than the specified acreage minimum or maximum).

For wheat, the maximum is the larger of half the wheat allotment or 50 acres. The minimum is the larger of 10 percent of the allotment or 5 acres.

For cotton, the maximum is the larger of half the allotment or 10 acres. The minimum is the larger of 10 percent of the allotment or 2 acres.

The payments which a farmer may earn for participation in the Acreage Reserve will be determined by multiplying a base unit rate by a yield factor. The National Average rates for 1956 crops are: Cotton, 15 cents per pound; wheat, \$1.20 per bushel; corn, 90 cents per bushel; rice, \$2.25 per cwt. and peanuts, 3 cents per pound.

The payments will be determined as follows for Cotton and Wheat:

For underplanting allotment for cotton, the payment rate will be based on the normal yield for the designated acreage.

For underplanting 1956 winter wheat, because of adverse weather, the payment will be \$4 per acre. For destruction due to natural causes or for plowing or otherwise physically incorporating the crop into the soil, or for clipping, mowing, or cutting the crop, the payment will be based on the smaller of an appraised yield for the field or the normal yield for the farm, but will not be less than \$6 per acre.

Provisions of the Conservation Reserve part of the Soil Bank will be announced as soon as practical. The same acreage on a farm may not be included under both the Acreage Reserve and the Conservation Reserve parts of the Soil Bank.

Mr. and Mrs. Herbert B. Pope and Gloria of Clarksville visited in the home of Mr. and Mrs. Selton Bagby enroute to and from the Grand Canyon and other scenic points west. They left for their home Sunday morning. Gloria remained for a longer visit with her aunt and uncle.

Funeral Services Held Friday For Mrs. D. G. Ballew

Funeral services were held Friday afternoon at the First Baptist Church for Mrs. Anna Ballew with Rev. Howard Scott and Rev. W. F. Vanderburg officiating.

Mrs. Ballew, 46, died Wednesday evening in the Groom hospital following a short illness. She had been a resident of Donley County 42 years and had taught in the Clarendon Public Schools the past 18 years. She was a member of the First Baptist Church and of Delta Kappa Gamma Sorority.

Survivors include the husband, Donald G. Ballew; a son, Joe Lynn Ballew; her parents, Mr. and Mrs. N. B. Cole; a sister, Mrs. Willie B. Landress, all of Clarendon and a brother, J. B. Cole of Midland.

Pallbearers were Mark Allen, Owen Pyeatt, George Craft, Bill Thornberry, Roy Blackman and Bob Williams.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Fireworks Warning Stressed

The Sheriff's Department and City officials have issued their annual Fireworks Warning as the Fourth of July Celebration time approaches and are stressing the fact that violators will be subject to a heavy fine.

Youngsters who want to spend their money in this manner and crave to hear the loud reports, will find it much safer for everyone concerned to take off to the country somewhere to set them off. Fireworks of any nature are dangerous and the innocent can be injured quite easily without actual intent of the youth responsible. This sort of incident occurred here last year.

Officers are appealing to parents and youngsters to see that fireworks are enjoyed by those who use them and be considerate of those who are old or otherwise could be affected by these sudden loud reports.

Rites Held For Humphrey Infant

Funeral services were held Tuesday afternoon in the First Methodist Church for Scott Lee Humphrey, 2 year old son of Dr. and Mrs. Ben K. Humphrey. Rev. Conrad M. Ryan officiated. The body was taken to Dallas for final rites with the Murphy Funeral Home in charge of arrangements.

Scott Lee died at 6:20 A. M. Sunday morning in an Amarillo hospital following a short illness.

He is survived by his parents; two brothers, Michael Edward and Russell Ty Humphrey, all of Clarendon; his grandparents, Mr. and Mrs. M. D. Martindale of Denver, Colo., Mr. and Mrs. E. N. Humphrey of Boise, Idaho; and a great-grandmother, Mrs. A. A. Martindale of Grand Rapids, Michigan.

HEDLEY LEGION ELECTS NEW OFFICERS

At the regular monthly meeting of Adamson Lane Post No. 287, at Hedley last Tuesday night the following officers were elected for 1957:

J. E. Kidd, Jr., Commander; J. D. Foster, First Vice Commander; C. C. Cavender, Second Vice Commander; J. L. Chesser, Chaplain; C. L. Johnson, Adjutant; R. A. Shaw, Service Officer; W. D. Franklin, Historian; M. D. Shaw, Child Welfare Chairman; J. M. Tate, Sgt. at Arms.

Donley County Leader, \$2.50 year

Two Cowboys Drown In JA Stock Tank

Last Wednesday was a tragic day on the JA Ranch when two youthful cowboys drowned in a stock tank while driving a herd of cattle across the Mitch Bell pasture 23 miles southwest of here. The two victims were Emmitt Johnson, 18, of Lefors, and Merle Scott, 20, of Vega.

The double-drowning occurred about 11:30 a. m. when several JA cowboys were moving a cattle herd across the Mitch Bell pasture. Johnson tried to swim his horse across the tank while the others were driving the herd along the dam at the opposite end. He was thrown into the water when the horse reared, and he couldn't swim. Without waiting to take off his boots and chaps, Scott jumped into the tank. Apparently he was exhausted at the time he reached Johnson and was unable to fight off the drowning man's attempts to grab him. Both men sank in water about 15 feet deep.

The bodies were recovered three hours later by a crew composed of the Pampa fire chief, Ernest Winborn, a Pampa fireman, Paul Skidmore, Sheriff Truett Behrens, Constable Rob Hill and Russell McGee of the Murphy Funeral Home.

Funeral services were held Friday afternoon for both young men. Services for Johnson were held at the First Assembly of God Church in Pampa with the Murphy Funeral Home in charge of arrangements and services for Scott were held at the First Methodist Church in Vega.

Johnson, an honor graduate of Lefors High School in 1956, is survived by his parents, Mr. and Mrs. LeRoy Johnson, four brothers, Leonard Ross, Lendell Wayne, Samuel Jerrell and Alvin, Dane Johnson, all of Lefors.

Scott, who had worked at the ranch at intervals the past two years, is survived by his parents, Mr. and Mrs. Henry Scott of Vega, two brothers, Archie L. Scott of Amarillo and James Henry Scott of Vega; two sisters, Mrs. Dorothy Nell Wofford of Amarillo and Jerry Jane Scott of Vega.

Former Resident Dies At Childress

Cyrus C. Cope, 71, long-time resident of this area, died Monday afternoon at his home in Childress.

Funeral services were held Wednesday afternoon at the First Baptist Church in Childress with Dr. Clifton Tennison, pastor, officiating.

Mr. Cope was a long time resident of Clarendon prior to moving to Childress in 1926. He was a veteran employe of the West Texas Utilities Company and held the post of chief engineer at the Childress plant when he retired six years ago.

Survivors include his wife, Pearl Cope of Childress, two daughters, Mrs. Ray Johnson, Shamrock; Mrs. R. C. Hash, Oklahoma City; three sisters, Mrs. J. H. Headrick, Clarendon; Mrs. G. T. Cope, Fort Worth; Mrs. George Bugbee, Redlands, Calif.; two brothers, T. J. Cope, Parnell and Wiley Cope, Jacksonville, Texas and three grandchildren.

Burial was in Citizens Cemetery, Clarendon, with Newberry Funeral Home in charge of arrangements.

Mr. and Mrs. J. R. Cowan and children of Valley Mills visited last week in the home of her parents, Mr. and Mrs. Clyde Butler.

First Votes Counted In Rodeo Queen Contest

According to the first vote count in the Rodeo Queen contest, voting has got off to a slow start but is expected to pick up momentum this next week. Only two weeks remain before the big celebration date and the crowning of the 1956 Rodeo Queen, so pick out the candidate of your choice and start dropping your votes in the containers they have placed in the various stores over town. Each penny counts one vote and this is one occasion when you can cast as many votes as you wish.

The committee in charge announced the queen standing Tuesday morning as follows: Jeanie McAnear 577 votes; Linda Lamberth 413 votes; Jackie Estlack 359 votes; Tookie McClellan 323 votes and Ruth Ann King 120 votes.

These five rodeo queen contestants will take part on the TV program over KGNC June 30th, so remember to watch this delegation from Clarendon when they put on the program advertising the big celebration here.

Local Scouts At Camp Kiowah This Week

Seventeen local boy scouts made the trip to Camp Kiowah near Canadian Sunday to spend the week and return home Saturday. The week long program includes daily participation and instruction in camping, hiking, cooking, swimming, boating, canoeing, archery and rifle. All are housed in tents on the Apache camp site. At this time all boys have escaped incidents other than sunburn.

All parents of the local boys are invited and welcome to attend advancement ceremonies either Thursday or Friday nights.

Local men taking the boys to camp were C. A. Pitts, James Gouldy, J. Gould, Fontayne Elmore, Oliver Abel and Gene Long. Mr. Abel stayed with the boys through Tuesday night at which time J. Gould took over until Friday night. Clyde Price Jr. and Donald Pitts are both members of the camp staff and will be at Kiowah the entire summer session.

Boys enjoying the boy scout camp from here are Ronnie Tyra, Tommy Messer, Mike McCleskey, Neal Carter, Philip Abel, Eddie Tipton, Dwight McAnear, Kenny Schull, Gary Campbell, Jerry Bones, Clyde Thomas, Shelby Bell, Sammy Jacobs, Grady Rhodes, David Pitts, Martin Head and Jerry Elmore.

More Softball Players Needed

According to a report from Ray Moore, around fifty men and boys showed up for the softball team organization meeting Tuesday night but more are needed to form a good league. All you men as well as boys in the various age brackets come on out, Moore stated.

There has been a delay in the arrival of the light fixtures but we hope to have these in and up sometime this week Mr. Moore added.

We want to urge all teams that have already been organized to start workouts so we can get some games going as soon as the lights can be turned on, Moore concluded.

Mrs. O. C. Watson and George and Mrs. Lena Antrobus left Sunday morning to spend a few days at Dallas.

Outdoor Entertainment Association Announces Plans For Big Celebration

Funeral Services Held Monday For Pioneer Resident

Funeral services were conducted Monday morning at St. John The Baptist Episcopal Church for Charles Herbert Bugbee with Rev. Paul Wright, pastor of the First Presbyterian Church, officiating.

Mr. Bugbee, 89, a resident of Donley County for 43 years and father of Harold D. Bugbee, noted western artist, died Saturday afternoon at his home here.

He bought land near Clarendon after coming here from Massachusetts in 1913. He was postmaster here for 8½ years and held a life membership in the Khiva Temple. Mr. Bugbee was a stock farmer and rancher.

Mr. Bugbee was born in Melrose, Mass., Sept. 26, 1866. Before moving to Texas he played in several of the nation's leading marching bands, including John Phillip Sousa's famous band. At one time Mr. Bugbee was considered one of the two best clarinetists in the country.

He carried his interest in music into the Khiva Temple and worked with the Amarillo Khiva band.

Mr. Bugbee married his wife, Grace, June 1, 1897 in Melrose. She along with Harold, survives. An active Republican, Mr. Bugbee was chairman of the Donley County Republican party for many years. He was interested in Panhandle politics.

Pallbearers were F. L. Goldston, Boone McClure, Bill Bromley, Forest Sawyer, Otto Beach, Clyde Price, Jack Clifford and John McCarty.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Contract Let On F. M. Hwy. 1260

C. B. Hudson, resident engineer for the Highway Department, announced this week that the contract for Farm to Market highway 1260 south and east of Clarendon had been awarded to Luce Const. Company and N. F. Bradley. The amount of the contract was \$93,467.55.

Work on the new road is expected to begin within the near future.

The Clarendon Outdoor Entertainment Association has announced the plans for their annual Fourth of July Celebration. This celebration will start on July 2nd with a rodeo at 8 p. m. at the Rodeo Arena with performances at 8 p. m. the 3rd and at 2 p. m. and 8 p. m. on the Fourth.

There will be three big Western Dances at the American Legion Hall the nights of 2nd, 3rd and 4th. Music will be furnished by Emmett Allen and his Sunset Ramblers. There will be two sessions of skating at the Legion Hall on the afternoon of the 2nd, 3rd and 4th.

There will be a big Free Barbecue served at the Court House square at 11:30 a. m. on the Fourth, followed by a big parade. The Queen contestants are: Tookie McClellan, Jeannie McAnear, Jackie Estlack, Linda Lamberth and Ruth Ann King. The Queen will be crowned at the afternoon performance on the Fourth.

The Association has obtained the famed Amarillo Maverick Club Trampoline and Tumbling Act for performances on the 3rd and both performances on the Fourth. This Club has the Southwestern A.A.U. champion as a member of its team and the club has won several state championships. There will be about 14 boys in this act. These boys' ages range from 9 to 14 years of age.

There is approximately \$3,500 prize money to be awarded at this Rodeo with special prizes as follows: A hand-made saddle will be awarded to the best all-round cowboy of the show; beautiful silver and gold belt buckles for the best time in each event and a pair of levis for the first no time or disqualification in each event.

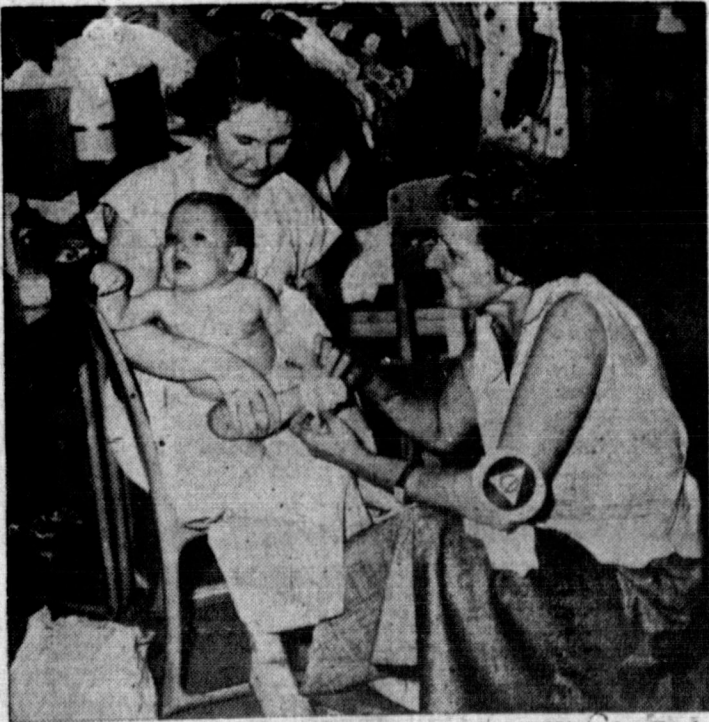

The saddle has been donated by the Donley County State Bank and the Farmers State Bank of Clarendon.

The buckles have been donated by Cornell Bros., Ray Palmer, Bob Moss, City Drug, Alderson Chevrolet and Noblitt Sales Co.

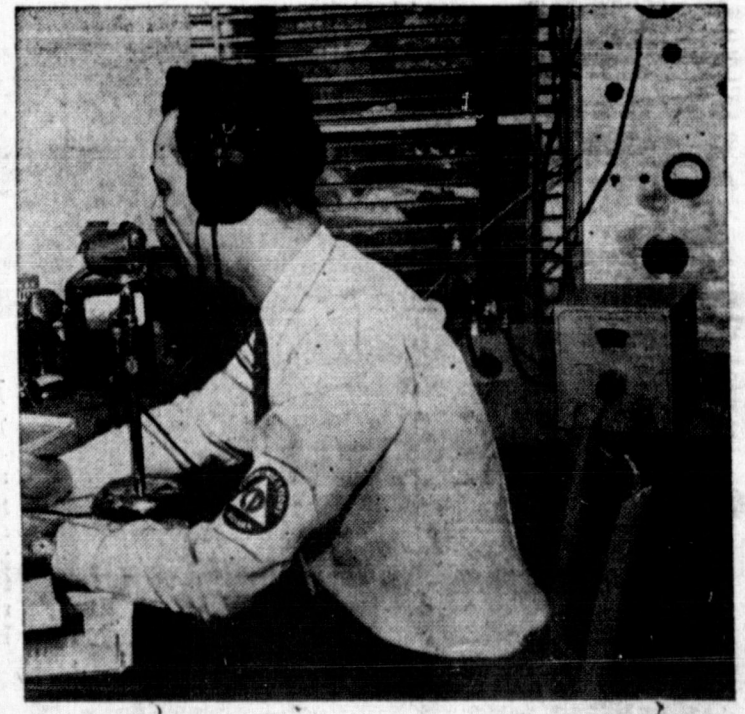

The levis have been donated by Dick Shelton, A. R. Henson, Risley Implement, Eddings Texaco Service and Estlack Machinery Co.

Prizes for the best floats are as follows: 1st, \$15.00, 2nd \$10.00, and 3rd 5.00.

Donley County Leader, \$2.50 year

VOLUNTEER-CIVIL DEFENSE worker helps outfit a family in a relief shelter in Torrington, Conn., after all the family's possessions were washed away during the Northeast flood caused by Hurricane Diane. Working with the Red Cross, civil defense Welfare Service volunteers helped alleviate human misery just as they would do if this nation were suddenly attacked. (Wide World-Photo)

AMATEUR RADIO "hams" play a key role in alerting civil defense units to natural disasters, and maintaining vital communications when telephone lines are down. This Marion, Ind., operator flashed the first word of that city's tornado to Indiana civil defense headquarters, which immediately rushed aid. Most "ham" operators are linked to civil defense through the Radio Amateur Civil Emergency Service, sponsored by the Federal Civil Defense Administration to supplement regular channels. (FCDA Photo)

AUSTIN—Regardless of who is elected this summer, most Texans probably won't find their daily lives greatly changed.

But to one segment of the population, the 22,000 state employees and their families, it matters a lot. It affects their livelihood.

As much as a 20 per cent turnover in state employees can be expected after the new officials take over in January.

This estimate comes from Pirtle Watts, executive secretary of the Texas Public Employees Association. About one-third of the membership is concentrated in the Capitol; the rest is scattered over the state.

TPEA members on the whole are quite discreet in their politics, Watts thinks. Their association by-laws expressly prohibit any group endorsement.

But individuals, especially certain key personnel, are courted by candidates. Many office-seekers, especially in Travis County, regularly promise "more adequate pay."

And those employees whose jobs hinge on the boss' being re-elected naturally pull for him. State law, while not as strict as the federal Hatch Act, puts some restrictions on this.

Formerly a rider on the appropriations bill forbade any political activity by state employees. Now the ban is only against use of state cars, or campaigning on state time.

INSURANCE COMPANIES RE-ALIGN

"Merger" will be a much-discussed word in the Texas insurance industry during coming weeks.

Wind-up of the State Insurance Commission's stringent solvency survey left 94 companies—or seven per cent—without licenses. New permits were granted to 1,219 firms.

Results confirmed Chairman Byron Saunders' prediction that the industry would prove 90 to 95 per cent sound. He said so last January when the commission began its drive to "weed out the bad apples."

Many already have negotiations

underway, or completed, to merge with stronger companies. More realignments are expected, especially among life companies where many large firms actively seek reinsurance business.

RADAR TRAPS ATTACKED

Are the Texas Highway Patrol's radar speed nets illegal?

Amarillo Attorney Horace E. Wilson says he will fight to the Supreme Court, if necessary, to prove they are. Wilson was arrested recently and fined \$5 plus costs. A radar set near Seguin had clocked him at 71 miles per hour.

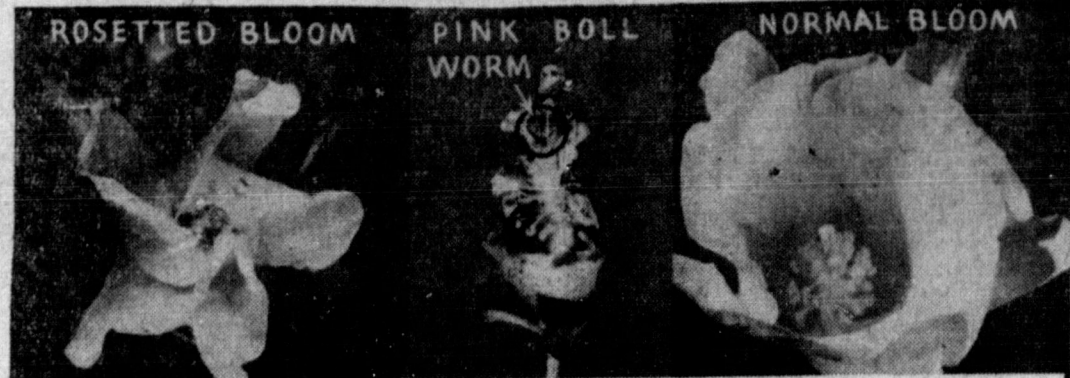

He declares Section 803A of the State Penal Code provides for automatic dismissal of a speeding charge if the arresting officer lies in wait or hides.

In Austin Patrol Chief W. J. Elliott said "nothing in state law prohibits hiding the radar unit, but the highway patrol does not make this a practice. We can do more good by putting ourselves out in the open."

CITIES NEED MORE WATER

A majority of Texas cities feel their water supplies are inadequate for the future.

State Sen. George Parkhouse of Dallas, chairman of the Texas Water Resources Committee, says a recent survey of 225 cities shows 54 per cent with this problem. Purpose of the survey was to search out needs and sentiments for a statewide water program. Recommendations go to

The dreaded pink bollworm is moving into cotton fields in all areas of Texas. When the cotton plants first start blooming, fields should be checked between 9:00 A.M. and Noon, daily, for about ten days for rosetted blooms. Rosetted cotton blooms

indicate the presence of pink bollworm. The worm can be found by tearing open a rosetted bloom. Farmers should be on the lookout for pink bollworms, and are urged to contact their County Agent for control recommendations.

the Legislature in January.

Parkhouse said city officials "almost without exception" favor building their own water facilities aided by financing "on the lowest level of government possible." He said he is most hopeful the next Legislature will make such a program possible.

DAVY READY FOR TOURISTS

Texans, who tour their Capitol by the thousands each year, will see a fresh-faced Davy Crockett this summer.

Crockett's huge portrait was rehung in the Capitol foyer last week after an extensive re-touching job. Legislators last session authorized \$12,000 for conservation work on five valuable paintings.

Taxpayers have invested \$95,409 in the fabulous art collection scattered over the Capitol. Resale value is estimated as high as half a million dollars. Tourist favorites are "Dawn at the Alamo" and "The Battle of San Jacinto." They are located in the Senate chamber. Each cost \$12,500.

There are approximately 2,800 women officers and 3,300 enlisted women in the Inactive Naval Reserve.

SOCIAL SECURITY INFORMATION

John R. Sanderson, Manager of the Amarillo Social Security Office, states that a surprisingly low number of applications have been filed in this area for the purpose of establishing a period of disability.

Sanderson feels that the low number of applications is because there are no cash payments paid upon a worker's proving that he is disabled. In many cases, however, Sanderson says that the establishment of a period of disability will make eventual social security payments much higher, on the death of the worker or upon his reaching age 65, than they would have been otherwise. In some cases no payments will ever be possible unless the period of disability is established.

Any worker who can answer "Yes" to the following questions should contact the Amarillo Social Security Office about establishing his period of disability: Are you now under a serious dis-

ability which prevents you from engaging in gainful employment? Have you been disabled for at least 6 months? Did the Disability begin before you became 65 years of age? Did you work in employment or self-employment covered by the Social Security Act for at least one-half of the 10 years before the disability began and for one-half of the 3 years just before it began? Sanderson urges any one who can answer "Yes" to each of these five questions to contact the Amarillo Office and get full particulars about this phase of the Social Security Law.

A representative from the Social Security Administration Office will be in Clarendon June 25, 9:30 a. m. at the Court House.

NOTICE TO CREDITORS

MARTIN NEWS

Mrs. W. H. Morrow

Mr. and Mrs. Elmer McKay and family of Amarillo visited Mr. and Mrs. Odell Osburn Saturday.

Those that had dinner with Mr. and Mrs. Otho Elliott Sunday were Mr. and Mrs. Raymond Waldrop and family, Mr. and Mrs. Charlie Hearn and family, Mr. and Mrs. Wes Sullivan and family.

Beth Waldrop went to a birthday party Friday. It was in honor of Mike Graham.

Bob Cole, J. R. Graham, Doyce Graham, all spent Sunday at Amarillo.

Rev. Porter Arnold from Silvertown preached at Martin Sun.

There were 70 at Sunday school and for church Sunday.

Mr. W. H. Morrow has been real sick but is some better at present.

Mr. and Mrs. Pete Morrow and Mike of Amarillo spent Tuesday evening in the Morrow home.

Mr. Ralph Morrow of Amarillo spent Friday night with his parents.

Mr. and Mrs. Wayne Morrow of Amarillo visited his father Saturday night.

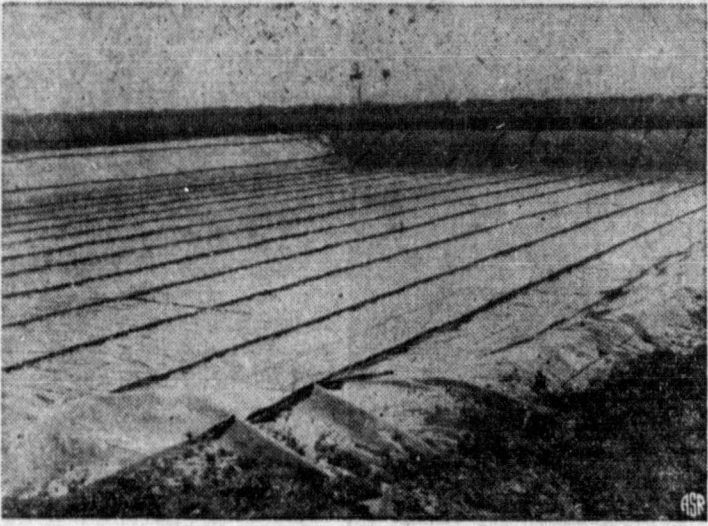

Mr. and Mrs. Charles Roberts of Slaton visited Saturday night and Sunday night with his parents, Mr. and Mrs. Buck Roberts.

Mr. and Mrs. Gene Davis and family of Amarillo came by to see her parents, Mr. and Mrs. Buck Roberts. They had spent the week end fishing down close to Stephenville.

Mrs. Harold Graham and Mrs. J. M. Graham of Ashtola visited Saturday afternoon in the Morrow home.

Mrs. Hulda Wilson, Mrs. Linnie Cauthen of Memphis visited Mr.

Plastics Develop New Farming Methods

Farmers and greenhouse owners are learning to use flexible plastic films in a number of new ways to step up operational efficiencies.

The current widespread interest in plastic film as an aid in the conservation of farm water, for instance, is dramatized in this experimental installation completed recently under a program sponsored by the College of Agriculture at the University of California.

In regions where rainfall provides inadequate moisture for normal plant growth, film-lined irrigation ditches can distribute supplementary water to thirsty crops. The plastic effectively eliminates the water losses caused by seepage.

Protection of silage is another promising on-the-farm use. Properly covered with plastic tarpaulins, silage stored outdoors remains in a high state of preservation. Tarps are easily rolled back for interim feeding of livestock.

The same material is used in greenhouses as an airtight covering during steam sterilization of seed beds and soil fumigation and, as a watertight liner, the plastic permits double decking of greenhouse benches.

The applications look so promising that one supplier of fumigants and agricultural specialties, Larvacide, Inc. of New York, already is offering a line of vinyl plastic tarpaulins and film rolls tailored to the new markets.

These heavy duty tarps and rolls have built-in resistance to sunlight, steam and gas fumigants. With proper care, they may be used for several years.

and Mrs. Geo. Bulman Sunday. Mrs. B. J. Land, Montie and Steve visited in the afternoon.

Paula from Amarillo visited Mrs. C. J. Talley Sunday afternoon.

Mr. and Mrs. W. D. Higgins visited Mr. and Mrs. Oren Hott Saturday night.

HUDGINS NEWS

Mrs. Carl Barker

Mr. and Mrs. W. M. Cross and children of Childress spent the week end with her parents, Mr. and Mrs. D. T. Smallwood.

Mr. and Mrs. Winfred Reeves and boys of Amarillo spent Saturday with Mr. and Mrs. George Reeves.

Mrs. Kay Smith and daughter, Nell and two grandchildren of Hale Center are visiting Mr. and Mrs. George Self and family.

Mr. and Mrs. Dane Perdue and girls of Ashtola spent Thursday with Mr. and Mrs. John Perdue.

Mr. and Mrs. W. D. Higgins visited Mr. and Mrs. Ira Self Friday night.

Mr. and Mrs. Alvin Barker are the parents of a daughter, born Thursday, June 14; Wt. 7 lbs. 4 oz. Named Rhonda Cathleen.

Mr. and Mrs. Henry Mann spent Sunday with their children in Dumas. Francis came home with them.

HANDLING EASE? You don't know what it really means until you ...

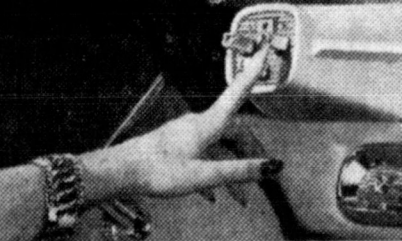

DISCOVER THE DIFFERENCE IN DODGE!

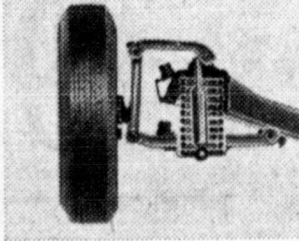

Think all power steering is the same? It's not. There's far less effort with Dodge Power Steering because it works full time—not just part time.

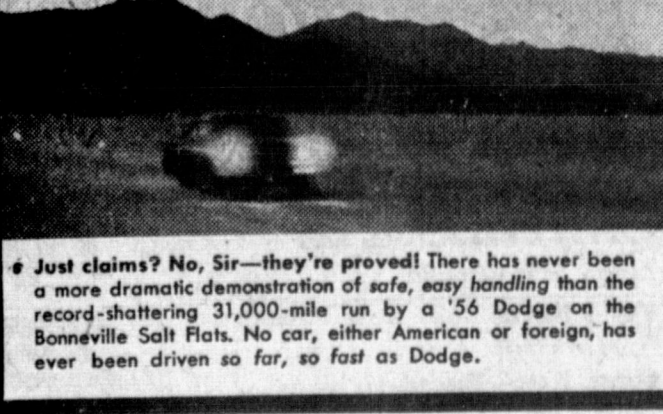

Dodge Power Brakes are different, too! Dodge engineering provides two control cylinders in each front wheel for positive, predictable stops.

Push-button driving makes all others old-fashioned! It's that easy, that safe! A mere touch of your finger selects the driving range you want. And it's mechanically perfect, too! Women will love its ease and simplicity.

Even the shock absorbers are different in design! Only Ori-flow shock absorbers adjust so completely to all types of roads. They're activated by a flow of fluid—give a smoother ride.

Just claims? No, Sir—they're proved! There has never been a more dramatic demonstration of safe, easy handling than the record-shattering 31,000-mile run by a '56 Dodge on the Bonneville Salt Flats. No car, either American or foreign, has ever been driven so far, so fast as Dodge.

WIN! \$50,000 IN CASH!

Enter the \$100,000 SOLID GOLD LICENSE PLATE JACKPOT

Grand Prize.....\$50,000.00 in cash 2nd Prize.....\$10,000.00 in cash 3rd Prize.....\$ 5,000.00 in cash 4th Prize.....\$ 1,000.00 in cash Plus 442 other cash prizes from \$500.00 to \$50.00!

All car owners are eligible. Just bring proof of ownership to enter. IT'S EASY! IT'S FUN! ENTER TODAY!

HUDGINS CLUB

Those present at the home of Martiel Webb last Wednesday afternoon for the Stanley Party and quilting were: Belle Smallwood, Ruby Parker, Mae Perdue, Cora Elliott, Ruth Lindley, Roberta and Tommy, Mary Lee Noble and Janie Sue, Pearl Self and her sister Lillie Smith, Mrs. Reynolds, Mrs. McAnear and the Stanley agent, Mrs. Harris.

Refreshments of iced drinks and cake were served by the hostess.

Next meeting will be with Pearl Self Wednesday afternoon, June 27th. Mrs. Harris will be there for a Stanley Party.

—Reporter.

H. D. CLUB

The H. D. Club met Friday afternoon, June 15, in the home of Mrs. M. C. Rumpy with Mrs. Claude Darden co-hostess. Meeting opened with Club Collect read by Mrs. Rumpy. Mrs. Clyde Butler, president, presided over the lengthy business session. Following roll call and the secretary's report, officers for the coming year were elected: President, Mrs. Bertha Benson; Vice-President, Mrs. R. C. Bingham; Secretary-Treasurer, Mrs. Virgil Poole.

Refreshments of cheese crackers and frosted Cokes were served to Mesdames Clyde Butler, C. H. Darling, Wm. Payne, Tom Crabtree, G. L. Green, Bertha Benson, Virgil Poole, and O. C. Watson by the hostesses, Mrs. M. C. Rumpy and Mrs. Claude Darden.

—Reporter.

MIKE GRAHAM CELEBRATES FIFTH BIRTHDAY

Mike Graham was honored with a party on his 5th birthday June 15. A group of little friends gathered at his home in the afternoon to make it a gala occasion. Games were enjoyed for awhile and then the children gathered around the dining table to watch the candles on his cake which they later enjoyed eating along with ice cream. He received many gifts which they all enjoyed playing with.

Present were Thomas Wayne Tolleson, Rudy Lynn Partain, Beth Waldrop, Donnie Mooring, Mrs. Virginia Tolleson, Mrs. Margaret Waldrop and Mrs. W. D. Higgins, the honoree, Mike Graham, and the hostess Mrs. Doyce Graham.

GOLDSTON QUILTING CLUB

The Club met with Mrs. Calvin Ashcraft on June 14. One quilt was completed. The business session of the day was to elect officers for the coming year. The following were elected:

President, Joy Roberson; Vice President, Sally Hatley; Sec-Treas., Blanche Gray; Reporter, Gertrude Reid.

Nora Jackson received a Pollyanna gift.

Refreshments were served to one guest, Gertrude Brock and 14 members.

The next quilting will be held with Mrs. Adgar Williams on June 28.

KAPPA'S TO MEET

The Kappa Kappa Theta's will meet Friday at 7:15 p. m. in the home of Mrs. Tom Jinks. It is important that all members attend.

—Reporter.

Mr. and Mrs. Geo. Green and Mr. and Mrs. Will Pickering fished at Lake McClellan Friday.

June Christian Wed To Benny Darnell

In a lovely afternoon ceremony at the Oklahoma Lane Methodist Church on Sunday, May 27, Miss June Christian, daughter of Mr. and Mrs. C. C. Christian, became the bride of Benny Darnell, son of Mr. and Mrs. V. P. Darnell of Clarendon.

Rev. Vernon Willard, pastor of the church, read the double-ring ceremony as the couple stood before a white kneeling bench in front of a white arch entwined with greenery and interspersed with white irises. Flanking the kneeling bench on either side were stands of white candelabra holding tall white tapers.

Arrangements of white irises, stephanotis and carnations backed by potted ferns completed the wedding setting. The family pews were marked with large white satin bows.

David Willard played nuptial selections at the organ prior to the entrance of the wedding party and accompanied Miss Lillie Ellison of Bovina who sang "Because" and "Thou Art." At the close of the ceremony, Miss Ellison sang "The Wedding Prayer" as the couple knelt at the kneeling bench.

Serving the bride as matron of honor was her sister-in-law, Mrs. Louise Christian. Mrs. Dot Christian, sister-in-law of the bride, and Miss Barbara Darnell, sister of the groom, were bridesmatron and bridesmaid, respectively.

All of the bride's attendants were attired in identically styled ballerina length dresses. Of orchid taffeta, the dresses featured full skirts with net overskirts attached at the waist. Shoulder dresses of net were attached to the dresses around low scooped necklines. They wore small headpieces of orchid taffeta and net trimmed with tiny flowers.

Phyllis Christian, sister of the bride, and Gwendolyn Christian, niece of the bride, were flower-girls. They wore dresses of the same style and color of the other attendants and carried white baskets of white rose petals.

Ringbearers were L. A. Nelle Christian, niece of the bride, and Mike Grissom, cousin of the bride.

MR. AND MRS. BENNY DARNELL

Basil Smith of Clarendon served as best man, and Ted Jenkins of Lamesa and Joe Carol Smith of Amarillo were groomsmen.

Candlelighters were Troy Christian, brother of the bride, and LaVon Jones, cousin of the bride. Wendol and Donald Christian, brothers of the bride, were ushers.

Given in marriage by her father, the bride wore a ballerina length dress of lace and tulle fashioned with a full skirt featuring alternate tiers of lace and tulle. The square yoke of tulle was set off with lace, and the round stand up collar was also of lace.

Her tiered veil of illusion, trimmed with dainty lace, fell from a close fitting headpiece of

matching lace. She carried a white Bible topped with white orchids and stephanotis.

For something old, the bride wore her grandmother's wedding ring. Something new was her wedding ensemble, something borrowed were pearl earrings which belonged to her mother, and something blue was a garter given her by her aunt, Mrs. Loucile Foster.

For her daughter's wedding, Mrs. Christian wore a dress of pink linen and carried white accessories. She wore a corsage of white gardenias.

Mother of the groom, Mrs. Darnell, wore a blue linen dress with white accessories and a white gardenia.

Following the ceremony, a re-

ception was held at the home of the bride's parents, Mrs. Harold Carpenter registered the guests and members of the FHA Chapter of Clarendon served.

For a wedding trip to southern New Mexico, the bride wore a beige dress and duster ensemble with turquoise accessories. Following the wedding trip, they are at home at 2907 Tyler, Amarillo.

The bride was graduated from Farwell High School in 1950 and received a degree from Texas Tech in 1954. For the past two years she taught home economics in Clarendon.

Darnell is a graduate of Clarendon High School and Clarendon Junior College. He is presently employed by Santa Fe Railroad in Amarillo.

BRIDAL SHOWER

Mrs. Kenneth Kilgore, the former Wanda Penick, was honored with a bridal shower in the Bill Scales home Monday evening.

Hostesses were Mesdames. Scales, Leeper and Houdashell.

The guests were greeted by Mrs. Leeper with the honoree and Mrs. Penick, mother of the bride. Guests were registered by Mrs. Houdashell.

The tea table was covered with a linen cut work cloth. The center piece was Maracani daisies, baby breath and bells of Ireland flanked by white tapers. Loveta Houdashell ladled punch.

Miss Linda Davis rendered appropriate music during tea hour. After a short program, the gifts were presented in a clever manner by Pat Houdashell, Vee Latimer, Pat Tisdale, Beverley and Carol Jeffreys.

Many lovely and useful gifts were admired after which the honoree in a pleasing manner expressed thanks. Forty-five guests registered. Those unable to attend sent gifts.

Mr. and Mrs. Kilgore are at home in Coleman, Texas where he is assistant manager of C. R. Anthony Store.

CARD OF APPRECIATION

Words cannot express our heartfelt appreciation for the kindnesses and sympathy extended us upon the loss of our baby. May God bless all of you.

The family of Scotty Humphrey.

KIL KARE KNEEDLE KLUB

Mrs. Sam Lowe was hostess to the Kil Kare Klub in her home Thursday afternoon, June 14. Bouquets of beautiful lilies decorated the living room. Miss Margaret Francis Frye of Ft. Worth entertained with a number of readings and vocal solos.

The hostess, Mrs. Lowe, served delicious refreshments of ice tea, congealed salad, donuts, and candy to guests: Miss Mary Howren and Margaret Francis Frye, and to members Mesdames Leek Goldston, Buel Sanford, Frank Whitlock, Homer Mulkey, J. R. Bartlett, E. H. Noland, R. O. Thomas, and Misses Ida and Etta Harned.

—Reporter.

Visitors Tuesday of last week in the home of Mr. and Mrs. W. B. Ayers were three of Mrs. sisters, Mrs. Dick Allen, Mrs. Albert Taleafero of Dallas, Mr. and Mrs. Brooks of Lawton, Okla. Also a sister-in-law, Mrs. T. A. Jasper of Dallas, a niece and daughter, Mrs. Jimmy Bownds and Gay of Big Spring. It was a very delightful get-together for the four sisters. They visited in the home of Mr. and Mrs. Dick Allen also.

CARD OF THANKS

We wish to take this means of expressing our many thanks to the people that visited in our home and for the wonderful food brought in during the illness of our father who is visiting in our home, Mr. Scoggins; also Nannie Scoggins has been visiting in our home for 6 weeks. Thanks to every one and what you have done for us.

Mr. and Mrs. Tom Scoggins.

Mr. and Mrs. F. A. Fitzgerald and Gary visited Sunday with Mr. and Mrs. Dan Whitsell and Danny at Silverton.

Mr. and Mrs. Vernon Davis of Goldston visited Mrs. Robert Davis Monday afternoon.

Guests in the home of Mr. and Mrs. Carl Naylor Sunday were Mr. and Mrs. Calvin Naylor and children of Amarillo, Mr. and Mrs. Melvin Vick and children of Panhandle and Rev. T. L. Arnold of Silvertown.

Mrs. A. C. Arnold, accompanied her son Rev. T. L. Arnold to Silvertown Sunday after having visited in the home of her daughter, Mrs. Carl Naylor.

Mr. and Mrs. Mac Read of Ft. Worth visited last week with his sister, Mrs. J. L. Allison, and Miss Naomi Allison.

HAPPY DAYS

Personal safety is evidently becoming a matter of increasing importance to bathers and sun-worshippers, if the contents of mid-lady's beach bag are any indication. Along with the books, magazines and cigarettes, more and more women are smart enough to take along sun-tan lotions, eye drops, insect repellent and sun glasses to help insure a day of carefree relaxation.

UP TO PAR

The young country club set seems determined to be relaxed and comfortable, even if the girls don't always make the lowest golf scores. The latest is to carry sun-tan lotions, eye drops, insect repellent and first aid bandages in with spare balls and tees to make sure that when they hit the 19th hole, they will look as up to par as they were when they approached the first tee.

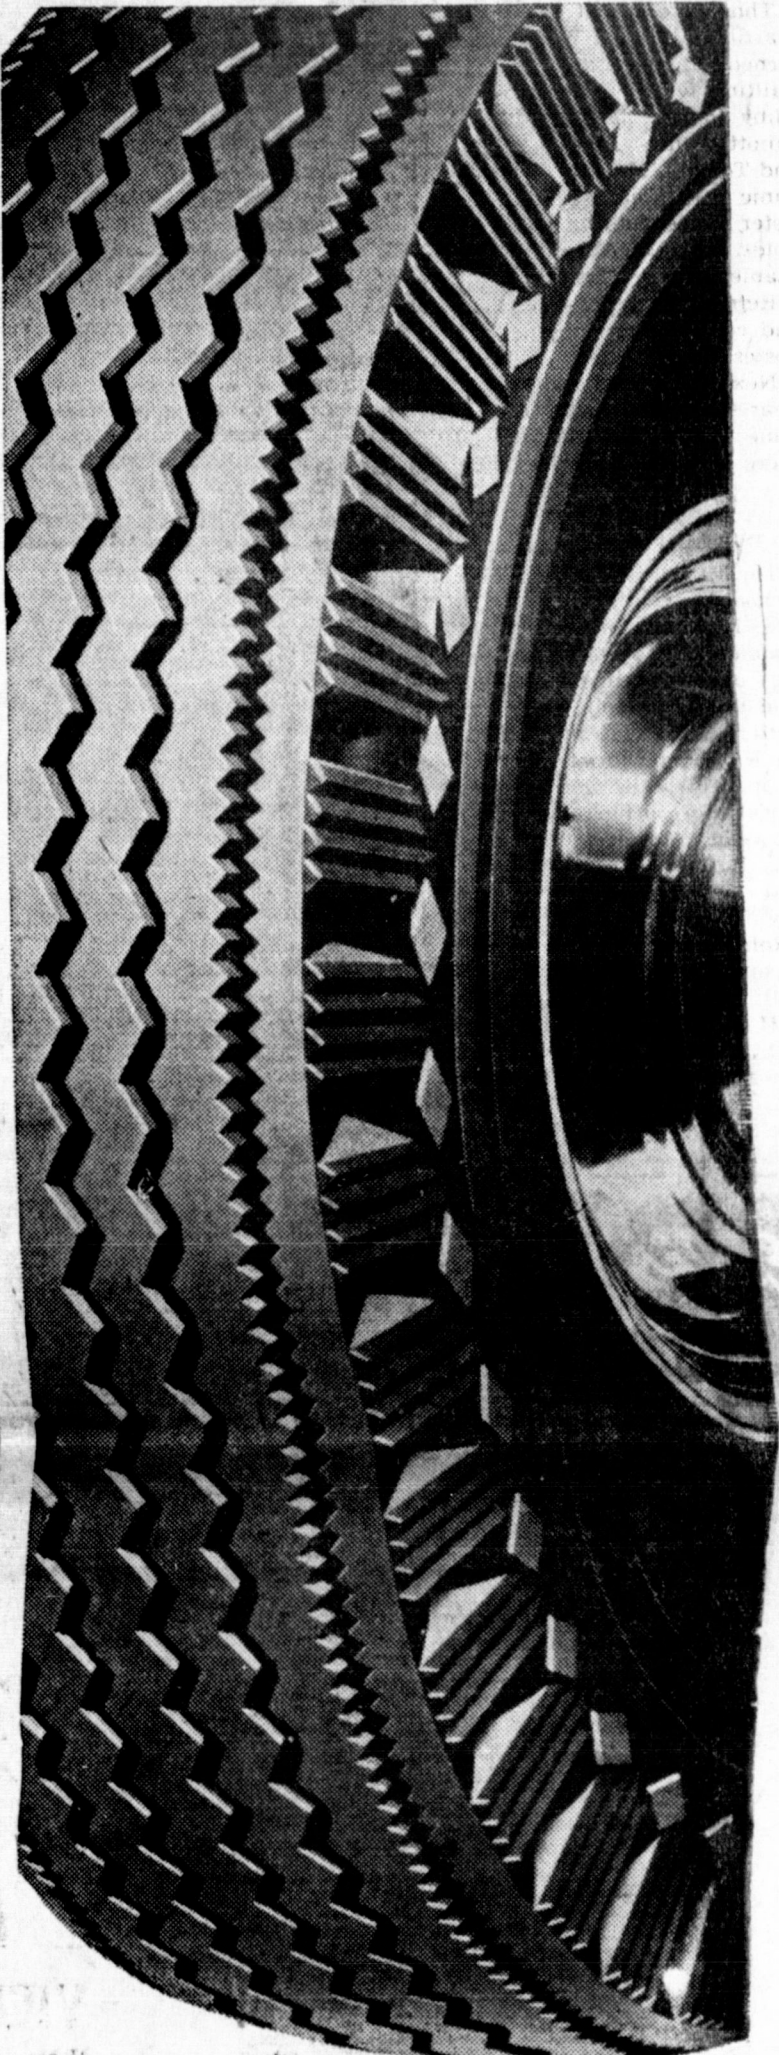

One hundred sixty-six Navy-men wintering over in the Antarctic were supplied with 962,383 pounds of food. Half of this is reserve supply in case ships can't reach the bases in 1956-57.

Mr. and Mrs. Wilson Gray visited Sunday with Mrs. Cleo Farr and children of Clarendon.

Mrs. V. Littlefield and Mrs. Charlie Boone of Levelland visited Monday with Mrs. Loyd

Littlefield.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The children are reading more than any previous summer this year. We issue an average of one hundred fifty books per day, and magazines and comics. The place is the busiest one in town.

Mrs. Ballew has given each child in her room a membership at the close of school to the Library. These first graders thoroughly delight in reading. She and I cooperated in my purchasing primers and first readers that the school did not possess, in order that the little people have material within their reading level. Memorial contributions have resulted in my purchasing fifteen new editions. These will arrive soon. Mrs. Ballew would appreciate these memorial remembrances if she could know this. She began a project that will be quite helpful.

Tom Goodner's memorial shelf has two new editions, "Squadron Airborne" by Elliston Trevor, and "Seach and Rescue at Sea" by John J. Floherty. This latter writer has written several books that will interest boys. "The Life of Sir Walter Scott" was ordered but has not arrived.

"Two or Three Gathered Together", is a devotional memorial dedicated to the memory of Mrs. Nova McClure by Mrs. Ruby Bromley. The Glenn Clark books are each excellent and inspiring. We have most any type of book you desire.

Navy tractors in the Antarctic weigh 34 tons but are almost as light on the snow as a man on skis. Their treads are 54" wide.

LELIA LAKE NEWS

Mrs. H. R. King

Mr. and Mrs. A. M. Moss and Don visited in Amarillo over the week end with Mr. and Mrs. Billy Hill and Mr. and Mrs. Jimmy Traylor and Karen.

Karen Traylor of Amarillo visited her grand parents, Mr. and Mrs. A. M. Moss last week.

Mrs. Gene Moore of Fort Worth spent the weekend with her parents, Mr. and Mrs. Nelson Seago.

Mr. and Mrs. H. R. King Jr. of Slaton spent the weekend with his parents, Mr. and Mrs. H. R. King and other relatives.

Mrs. Allie Caviness of Memphis spent Tuesday night with Mr. and Mrs. Quinn Aten.

Rev. and Mrs. McDonald attended an O.E.S. installation in Quannah Tuesday evening.

Mr. and Mrs. E. H. Moore visited relatives in Amarillo Saturday. Miss Wilma Moore and David, who had been visiting relatives, accompanied them home.

Mr. and Mrs. Herman Mooring and children of Amarillo spent the weekend with her parents, Mr. and Mrs. D. M. Cook and other relatives.

Mr. and Mrs. Billy Hill and Pam of Canyon spent the weekend with her parents, Mr. and Mrs. Luther Butler.

Mrs. Joanne Word, formerly of Amarillo spent last week with her parents, Mr. and Mrs. Billy Christal.

Wayne Chenault left Wednesday for a trip to Nashville, Tenn. Hank and Carl Williams of Borger visited their brother Glenn, and Mrs. Williams Thurs.

Rev. and Mrs. McDonald returned Saturday from attending a McDonald reunion at Lake Kickapoo in Archer County.

Mrs. Oscar Roberts, Mrs. Earl Myers, Mrs. Quinn Aten, and Mrs. Luther Butler shopped and visited in Amarillo Wednesday.

Mrs. Murphy Brock attended a club meeting in the Ashcraft home in Goldston Thursday.

FORD sets 500-mile record at Indianapolis Speedway

Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

Ford's record was timed and certified by the United States Auto Club

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway... whirling through the tight turns and flashing over the straight stretches... to set a mark that no stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h.! And Ford averaged over 107 m.p.h. for the full five hundred miles... close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

De-Inking Process Developed

AUSTIN—A University of Texas chemist and a former student have patented a de-inking process that may help solve the critical newsprint shortage. The method of de-inking waste paper was developed by Dr. Norman Hackerman, chemistry department chairman, and William J. Krodel, now employed by a Los Angeles, Calif., chemical company. The new process is both economical and efficient. The price of de-inking waste paper would average well below the cost of new paper, the chemists say. Processing would be done at paper mills. The resulting product is equal in color, brightness and strength to original pulp, and can be used in making more newsprint or other cellulosic products.

BLANCO COUNTY MAY HAVE DEPOSITS OF LEAD AND ZINC

AUSTIN—Blanco County may have commercially-important deposits of lead and zinc, a University of Texas scientist reports. In a new booklet issued by the University Bureau of Economic Geology, Dr. Virgil E. Barnes explains that geologic conditions in the Central Texas section are very similar to those in Southeastern Missouri, where lead is mined profitably. He recommends drilling in the Texas area. Since World War II interest has been expressed in the possibility of lead and zinc deposits in Texas. The nation faces a shortage of those metals. Copies of Dr. Barnes' publication, "Lead Deposits in the Upper Cambrian of Central Texas," may be obtained for \$1 each from Bureau of Economic Geology, University of Texas, Austin 12, Texas.

Most of County Receives Cotton Shower

A good portion of Donley County received good cotton showers Sunday afternoon and night with some sections receiving larger amounts of moisture. The area east of Goldston received the heaviest rain with from two to four inches and some destructive hail. J. C. Ashcraft reported 1.49 at his place on the highway but the Risley, Farr and Huffman farms caught heavier amounts along with the hail.

To the west Mrs. M. W. Hatley reported .70 at the Country Club; Jericho received .30 to the north and we received .36 here in town. To the west, Ben Lovell reported .28 at Ashtola; Willard Knox reported .64 at Lelia Lake and .50 was reported at Hedley. The fall was reported at from half an inch to an inch along the ridge south of town.

This gives us a total of .59 inch for the month of June here in town which is considerably under the June total of 5.70 last year, but thank goodness we didn't receive a repeat dose of hail like we did on June 19th last year which accounted for a large portion of that total.

We have experienced the hottest weather of the year the past week also. The highest temperature was 104 last Saturday with the mercury hitting in the high nineties the past several days. The minimum high for the month so far was 80 degrees on the 1st. The coolest night was 58 on the 9th and the hottest night time reading was 70 on the 5th.

FFA Has Meeting At Country Club

Approximately forty-five members of the Clarendon Future Farmer Chapter attended the June meeting of the organization at the Clarendon Country Club, Tuesday afternoon. The group met at four in the afternoon and approximately two-thirds of the group enjoyed swimming before the meeting. The group discussed the state F.F.A. convention to be held in Dallas, July 25-27th, and the summer trip to be held either the first or second week in August.

Following the business meeting the group enjoyed a picnic lunch. The next regular meeting is scheduled for July 17th. All members are requested to have their plans for the summer trip and the state convention complete by that time so details for the two events may be worked out.

Mr. and Mrs. Farris Dozier and family of Denver spent the first of the week in the home of his parents, Mr. and Mrs. C. M. Dozier and Sayle.

Order of Eastern Star Installation Services

An open installation of officers of the Order of Eastern Star was held Thursday evening in the Masonic Hall.

Guests and members were welcomed by Mrs. Vena Hudson and Clyde Hudson, retiring Worthy Grand Patron, and Mrs. Thelma Bairfield, Grand Esther, both of the Grand Chapter of Texas. Order of Eastern Star were introduced by Mrs. Hudson. Mrs. Bairfield served as installing officer for the ceremony. Other installing officers were: Mrs. Hazel Brandon, marshal; Mrs. Ellen Bryan, chaplain; and Mrs. Marilyn Hill, organist.

The following officers were installed: Mrs. Gladys Seago, worthy matron; Nelson Seago, worthy patron; Mrs. Eva Goldston, associate matron; Billy Christal, associate patron; Mrs. Annie Ruth Thomas, secretary; Mrs. Linnie Cauthen, treasurer; Mrs. Ruby Blackman, conductress; Mrs. Anness Bennett, associate conductress; Mrs. Wilma Batson, chaplain; Mrs. Anne Kennedy, organist; Mrs. Vena Hudson, marshal; Mrs. Dessa Day, Adah; Mrs. Delene Tyler, Ruth; Mrs. Gertrude Christal, Esther; Mrs. Emma Ayers, Martha; Mrs. Melba Risley, Electa; Mrs. Rachel Butler, warden; and Luther Butler, sentinel.

THE LION'S TALE

Better than average attendance Tuesday. After a well balanced meal, Boss Lion Lowe asked for the reading of the directors' called meeting. The first recommendation was to cut the shrubbery away from the building's foundation. Second, that \$300.00 be donated to the Field House project. Both were approved by the Club, and the treasurer was instructed to pay. Next, Boss Lion Lowe presented John R. Gillham with a Senior Master Key and plaque for securing 25 members. Lowe stated that the key number was 1538. Since there are over 500,000 Lions, this was an honor for Gillham as well as for the club, Lowe said. Because of Gillham's bashfulness, no response was made upon his receiving the gift.

Junior Spier was in town and at the club, thereby saving Drennan's hide for about five minutes. Spier explained the prospects of getting a small industry for Clarendon. He will have the man here within the next few days to introduce him to our town. Allen Harp, candidate for District Attorney, was present and furnished another five minutes for Drennan. As usual, the main program didn't show, so we turned out early. Drennan expressed his appreciation to Harold Clampitt for pinch hitting for Mrs. Bill Williams, our pianist. Drennan has changed up on his announcements since school is out. It has been the 4th of July parade for the past several weeks; don't know what he will have after the 4th. He will come up with something!

Tuesday's guests were: Dean Cook, Amarillo; Allen Harp, Childress; Cliff Whitmore, Texas A&M, and Bernie Benson, Clarendon.

RECEIVES DISCHARGE Mr. and Mrs. Arlis Mooring came Saturday to visit in the home of her parents, Mr. and Mrs. Joe Bownds, and with other relatives. Mr. Mooring has just received his discharge from the service having worked in the Guided Missile division with the 495 Battalion at Ft. Bliss, El Paso. He also spent about a year in experimental work at White Sands. Mrs. Mooring has worked at the ASC offices in El Paso.

After about a two week visit here the couple plan to settle in Lubbock or Amarillo and continue their college training.

Mrs. J. E. Hollingsworth and Mrs. Ben Kyser returned to Turnersville the past Thursday afternoon after visiting with Mrs. Robert Davis and Mr. and Mrs. Maurice Risley for a few days.

Gibson Family Reunion

The family of F. E. Gibson of Memphis enjoyed a family reunion Sunday, June 17th in the home here of Mr. and Mrs. M. J. Gibson, Dannis and Jo. There are eleven brothers and sisters and eight were present for the occasion.

Those present were Mr. and Mrs. P. M. Gibson, Alen, Almeda, Darrel, Mary and Diane of Alarend; Mr. and Mrs. Loyd Bullock, Melba, Jerry Don of Vigo Park; Mr. and Mrs. Wesley Barclay, Betty and Kay of Lakeview; Mr. and Mrs. Bill Baten, Joy and Jannetta of Memphis; Mr. and Mrs. Gail Bullock and Berry Jo of Tula; Mr. and Mrs. Jack Bain of Vernon; Mr. and Mrs. Dane Boston and girls of Jayton; Mrs. Vera Mae Gibson of Memphis; Mrs. Rudy Verdon and Lovenda of Follett and T. E. Gibson of Memphis.

Mr. and Mrs. Maurice Lane announce the arrival of a son, Philip Mark, June 12th. He weighed 6 lbs. 1 oz. The grandparents are Mrs. A. G. Lane and Mr. and Mrs. Carl Adams.

Mr. and Mrs. Jay Bowles and daughter of Happy spent the week end with her parents, Mr. and Mrs. C. M. Dozier and Sayle.

BLOWIN' Out the CORNERS
Uncle Zeb
The following quote is from a statement by one of the ladies of the Black Community in a talk pertaining to their winning second place in the Rural Neighborhood Contest. "Even though you don't have much money, you can take the dollar that you do have and put lots of elbow grease with it and that way you can make it go a long ways." That's good sound thinking and we are not surprised at their winning with this kind of philosophy to go by.

I guess we could say the following was a true statement; To tell the truth just about the most unpopular people are the people who tell the truth about people. Just imagine, if we should meet someone and they should say "My, but you have certainly turned gray since I last saw you." That would no doubt be the truth but just think how unpopular that would make them. Then, what if someone should say; "My, but you sure have developed that middle-aged spread in the last ten years." Horrors, we could never forgive them.

One thing for certain; "If we laugh at our troubles we will never be out of something to laugh at."

We heard someone say that; Man can live without air for a few minutes, without water for two weeks, without food for a month, and without a new

SCRATCH-ME-NOT WITH ITCH-ME-NOT!

Apply ITCH-ME-NOT. In just 15 minutes, if you have to scratch your itch, your 40c back at any drug store. Use instant-drying ITCH-ME-NOT day or night for eczema, ringworm, insect bites, foot itch, other surface itches. Now at **Bob Moss Pharmacy**

thought for years on end.

"Everything comes to the fellow who waits", or so we have heard, but we have found out that things will come a lot sooner if we work like a beaver while we are waiting.

When you are reading this, if all goes well with Mama and myself we will be enjoying our vacation; this one week rest we look forward to all through the year. Actually, this looking forward is sometimes the very best part. Anyway, we plan to make a trip that we have wanted to make for the last several years; back into the Ozarks to the town of Eureka Springs, Arkansas and all around that vicinity. Just a few years ago we came through there on a rush trip and have dreamed of going back someday. If it's anything like what we thought that it would be we will spend a few thousand words telling you our readers about it during the next few weeks.

Eureka Springs to us was a very unusual and almost an unbelievable town. It was built on steep hillsides with the streets

running only across the slopes. You have to go all the way to the end and then get up on the next street. We have heard that in days gone by there have been lawsuits growing out of one person throwing things down on their neighbors housetop. We are going to be looking for all the interesting sights and jotting them down to tell you about later. We hope to find lots of good old fashioned humor and good every day folksy living to tell you about. So as they say on the radio, don't go away and we'll be back next time with lots of news about our trip.

We'll let you in on another secret; we are taking this trip with one of our brotherinlaws. This happens to be the one without any appendix. This arrangement within itself should give us plenty to write about. He furnishes the car, we buy the gas, and we are still arguing about who buys the oil. The eats and the place to bed down we split even Stephen. Now the big question to settle is; Can you come out even with your brotherinlaw? Tune in next time for the second chapter.

Time To Get Tough!

In 1903 there were 466 fireworks deaths in the United States. Last year there was only one. Quite a record of progress.

Back in 1903 a rather ridiculous looking machine was just sputtering into being. Last year that machine—evolving from the ungainly horseless carriage into the sleek and powerful modern automobile—claimed 407 lives during the Fourth of July holiday.

Thus the net gain in our efforts to avoid holiday self-destruction seems to be about zero. Yet there is a lesson to be learned here.

Fireworks deaths on the Fourth have been almost eliminated because thinking persons revolted at such senseless killing, and state by state the sale and use of dangerous fireworks were prohibited.

No one, of course, is advocating

that the sale or use of automobiles be banned. But we strongly urge the outlawing of their misuse.

Most people want to use their cars safely. But in every society there is always a minority of reckless and irresponsible drivers who turn a deaf ear to all appeals for prudent and commonsense behavior.

It is for this group that the National Safety Council and the International Association of Chiefs of Police have jointly recommended a rigid law enforcement policy by all police agencies during the Fourth of July celebration.

We strongly support this recommendation. A traffic accident emergency faces this country, with a new all-time high death toll in prospect. It is time to stop temporizing with this problem. The Fourth of July holiday is a good time to start getting tough.

Navy WAVES composed 70 percent of the Navy complement in the Bureau of Naval Personnel in World War II.

West Texas Utilities Company

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

ADJOURNMENT

The predictions as to when Congress will adjourn are increasing daily. Most of the older and more experienced prognosticators talk about the 15th of July, which really means August 1st. Add 15 days to the last figure, and you will have an approximate time for the adjournment of

Congress, if past history can be used as a yardstick. I had predicted that we would get out about July 15th, and I feel that this date is about right, give or take 5 days either way.

However, it must be remembered that there are several additional elements to be considered this year. One of these would be the National Conventions of the Parties. Since the Republican Convention is not expected to provide any fireworks, it is not anticipated that the Republicans would be anxious to adjourn early in order to make preparations for their Convention. But, it must be remembered that the Republican Party is the minority party in Congress, and that it has always been good policy for the minority party to bring about the earliest adjournment possible. The theory being that the longer the Congress is in session, the longer the majority party has to do things that might have extra appeal to the voters.

The Democrats will, no doubt, be pressing for an early adjournment, because the National Convention of their Party bids fair to

provide an ample supply of fireworks. Such probability necessitates much preparation by all of the factions concerned, not only for the purpose of furnishing their part of the fireworks, but also for the purpose of setting up sufficient defenses to prevent themselves from being annihilated when the lid goes off. So, the Democrats will not be anxious to continue the session longer than absolutely necessary.

To these reasons we can add the further non-partisan, or perhaps better, "bi-partisan" desires on the part of many to terminate this session before some highly controversial legislation hits the Floor. Every legislative body is confronted with such measures. They could probably be termed, legislative time bombs. These measures usually involve some such matter that is hotly opposed in one section of the country, but very popular in another; or, some subject matter that may be looked upon with great favor by one segment of the economy, but

equally despised by another segment. The division is many times so very close on these measures that both the proponents and opponents are hesitant to see them brought up. They find themselves in somewhat the same position as the two little boys who were about to have a fight. Each one was scared of the other, and both were glad of it.

In any event you can see that the chances for early adjournment appear to be good, and I'll stick to my first prediction—July 15th—give or take 5 days either way.

THE GRADUATIONS

The Panhandle was well represented in Washington, in both beauty and brains among the recent high school graduates of the National Cathedral School for Girls and Mount Vernon Junior College. Mary Alice Smith, the

lovely daughter of Mr. and Mrs. James F. Smith of Amarillo, graduated at National Cathedral. Carol Hughes, the lovely daughter of Mr. and Mrs. R. G. Hughes of Pampa, graduated from Mount Vernon. I plead guilty to being somewhat biased under the circumstances, but I thought that both Carol and Mary Alice were the most beautiful girls in their classes. I am, of course, joined in this conclusion by Mrs. Rogers who had the opportunity to attend several of the ceremonies incident to each girl's graduation. Clarendonite in Washington

Washington was also honored last week by Miss Nettie Sims of Clarendon, Texas, who came to town to receive an Award for Superior Service for her efficient

work in conducting the duties of a county office clerk in the Farmers Home Administration office at Clarendon. She was accompanied by her sister, Mrs. Fannie Whitmore of Houston, and son, Clifford Whitmore, who is a senior at A & M.

Best Seller that's hard to beat

This '56 Buick is packed with new features—and priced close to the smaller cars!

WANT SOME QUICK FACTS on the big news in automobiles today—news that can guide you to a smart move and a real smart buy? Then listen—it won't take long. The 1956 Buick has so many new developments—in styling—in power—in performance—in ride and handling—that it is, literally, the best Buick yet. That's Fact No. 1. And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers—outselling all other cars in America except two of the well-known smaller cars. One big reason for this success is the strapping new Buick SPECIAL—like the one pictured here. It's priced right close to those smaller cars—but, like every '56 Buick, it's a whale of a lot more new car for the money.

It cradles a big, new 322-cubic-inch V8 engine that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim. It makes the most of every bit of power with a new version of Variable Pitch Dynaflo* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflo gives you great new acceleration from the first thrifty inch of pedal pressure. Even before you switch the pitch. And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new

feeling of safety, security and solidity into every mile you drive. So before you buy any car—catch up on the latest news. Come try a '56 Buick. When you see how much new automobile your money can buy, we don't think you'll ever settle for less. *New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

One of the most important soil conservation practices in the Donley Soil Conservation District is DEFERRED GRAZING.

Some farmers and ranchers have the opinion that only those people with other income than that from their farm or ranch can afford to defer their grass. Actually, however, the practice of deferring some of their grassland each year is more important to those who depend on grass as their major source of income than to those who only have grazing

land as a "sideline". For example, Joe McMurtry thinks that deferred grazing is one of the most important practices a rancher can do to improve his ranch and maintain his income. Some of the other well known ranchers who believe in and practice deferred grazing are: W. J. Lewis Jr., M. H. W. Ritchie, and E. L. Sitter. Making each acre of grass produce the most forage it is capable of on a sustained basis is just as important, if not more important, to the smaller ranchers as it is to the larger ones.

Pastures are deferred at different seasons for different reasons. Two of the most common periods are: Spring deferment which gives the grass plants a chance to make a better start and become more vigorous. The reason for

this is a grass plant gets about 95% of its food material from the air. However, it makes its first growth on food stored in the roots. If it isn't grazed for awhile after it starts its spring growth, the leaf area soon becomes large enough to manufacture all the food the plant is using. If the leaf area is not allowed to become large enough to manufacture the required amount of plant food, the plant becomes weak, just the same as an animal not receiving enough food, and like the animal will become subject to disease or die of starvation. This is what has happened to the better grasses in many of our pastures. Summer and fall deferment (June to about Oct. 15th). This allows the grass to go to seed and thicken up the stand. It is very important that complete deferment be practiced because only a few head on a pasture may keep the choice grasses from making seed and spreading, which will give second

and third rate grasses the advantage and allow them to do the spreading at the expense of the more valuable grasses. No grazing is lost since the extra grass can be eaten the following winter.

The ideal part of a ranch to defer is 1/4 of the total. This concentrates the cattle during the growing season to where they do a better job of utilizing the pasture by grazing all of it, not just patches. However, an attempt to defer more than this is likely to result in the rest being overgrazed and damaged. For more information on range improvement, contact the Soil Conservation Service office in Clarendon, assisting the Donley District.

Remember that to a rancher, grass is his crop. Cattle are only his means of harvesting it and turning it to profit. Too much grass never broke any rancher, but too many cattle have put many in the hands of receivers. Deferred grazing, besides allow-

ing a rancher to maintain or improve his grass also affords a reserve feed supply to fall back on in years of sub-normal rainfall—which we have plenty of.

Special Subcommittee Named For Highway Accident Study

Appointment of a five-member subcommittee to investigate traffic deaths was announced today by Chairman J. Percy Priest of the House Committee on Interstate and Foreign Commerce.

Chairman of the subcommittee is Rep. Kenneth A. Roberts (D., Ala.), author of a resolution adopted by the House on March 27 authorizing an investigation of highway fatalities by the Interstate and Foreign Commerce Committee. Other members of the subcommittee are Representatives Walter Rogers (D., Tex.), Samuel N. Friedel (D., Md.), John V. Beamer (R., Ind.), and Paul F. Schenck (R., Ohio).

The subcommittee will study all factors involved in the increasing number of traffic deaths, Chairman Priest said. This will include speed, intoxication, unsafe vehicles, inadequate traffic laws, and poor highway conditions. The subcommittee will try to determine what steps can be taken by the Federal government to reduce fatal highway accidents.

Chairman Roberts called a

meeting of the special subcommittee for 10 o'clock Thursday morning. It will be a closed session to discuss procedure. "We plan a thorough investigation," he said. "No one knows the answer to the problem of what must be done to reduce the appalling highway death toll, costing nearly 40,000 lives a year, but we are going to look into this as thoroughly as possible. I am sure we can come up with some definite and constructive suggestions after we study the views of experts who have studied this problem."

WOMEN TO PARTICIPATE IN AIR FORCE ROTC PROGRAMS

AUSTIN — The University of Texas is one of 10 U. S. colleges where women first will be allowed to participate in Air Force ROTC programs.

Next fall, uniformed co-eds will begin taking the basic courses offered to men in the ROTC program, in addition to special classes dealing with a woman's role in the Air Force.

Upon completion of the program, the women will be appoint-

ed second lieutenants in the Air Force Reserve.

GLAMOROUS,

SURE—

but a tomboy at heart!

Turn Chevy out on the road to discover its real charm! For this is the beauty that recently raced 2,438 miles in 24 hours to set a new round-the-clock competition track performance record!

It happened at the famed Darlington Raceway, Darlington, S. C. A regular production Chevrolet with 225 h.p. poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles!

Add that to Chevy's unparalleled record in stock car competition—and you come up with the low-priced beauty that outshines every-

body! No maybes about it. Here's proof of pep and performance that means safer, happier highway driving. Few cars at any price can hold the road with Chevrolet's grace. And it's got the stamina to stand the gaff for 24 straight scorching hours at a pace that few other cars would even attempt to match! Drop by—you'll see you can't beat Chevy for a buy, either!

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE.
