Bulldogs to Meet Howard County Saturday; Frank Phillips Tuesday

On Saturday night, February 11, the Clarendon College Bulldogs will meet the Howard County five from Big Spring.

Last Friday these two teams met in Big Spring with the Howard County team coming out on top in a 106-100 score.

The Howard County team is now in second place in conference standing with a record of four victories and one defeat.

This is one of the best teams the Bulldogs have met this year. The team is built around the big 6' 8" center.

The Howard County team has a 113-83 victory over the Wayland Freshmen team and a victory over the Amarillo College Badgers.

The Bulldogs will be out to get revenge for the 106-100 loss last week in Big Spring.

On Tuesday, February 14, the Bulldogs will meet Frank Phillips College of Borger in the Clarendon gym. The Frank Phillips five is leading in conference play with 3 victories and no defeats.

Come out to these games and support the Clarendon College Bulldogs.

Services Held Wed. For W. M. Boston

Funeral services were held Wednesday morning in the First Baptist Church at Wellington for W. M. Boston, prominent Goodnight farmer who died late Sunday evening.

Mr. Boston, 64, died suddenly while shoveling snow at his home near Goodnight. He had been a resident there for several years after selling his grocery business in Perryton. He came to Donley County in 1904 with his parents and was raised at Hedley.

Survivors include his wife, three sons and two daughters; four brothers, U. J. and Lewis Boston, Amarillo; Pearl Boston, Shamrock and Jerry Boston of Pampa and one sister, Mary of Childress.

Burial was in the Wellington Cemetery.

No Scout Troops Here To Observe Anniversary

February 6-12, Boy Scouts everywhere will observe the 46th birthday of scouting, but here in Clarendon there are no registered scout troops or explorers to observe this special occasion. An effort is being made at this time to revive scouting here. At the present time one Cub Pack is in existence and it needs more support and encouragement.

Clyde Price Jr. has prepared a window at Greene Dry Goods Co. on the new program launched this year which is "Onward for God and My Country." Look it over - - - it will do you good.

As time unravels and a move is started to revive and support scouting here--pitch in and give it your support as this is one of the best organizations for our youth there is.

Donley County Leader, \$2.50 year

OIL STAINS ENCOUNTERED IN WELL ON GENTRY PLACE

Light oil stains were reported encountered last week in the Clark Drilling Co. No. 1 Gentry located southeast of Clarendon and south of Hedley. No drill stem test was made but the stains were evident in the mud log unit in the Wolfcamp dolomite at 3140-48 and just below 3200. A small show of gas was encountered at 3246-52. At last report drilling operations were continuing below 4,984 in red shale, lime streaked. After the well is drilled to the desired depth, there is a possibility that tests will be made where showings were encountered.

LEADER CLASSIFIEDS GET RESULTS

Boy Scouts Mark 46th Birthday

Onward... For God and My Country 46th ANNIVERSARY 1956 BOY SCOUTS OF AMERICA

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,100,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 46th anniversary of the Boy Scouts of America.

Since 1910, Scouting has served over 24,500,000 boys and adult leaders.

In today's world and to prepare them to carry their full share in the years ahead. Boy Scout Week observances will feature dedication ceremonies to be conducted by each Scout of America. Demonstrations and exhibits will dramatize the purposes of the Boy Scouts of America and its rich heritage.

MYSTERY FARM NO. 39--Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

Funeral Services Held Monday For Richard Bownds

Funeral services were held Monday afternoon in the First Baptist Church for Richard Dee Bownds, son of Mr. and Mrs. Joe Bownds. Rev. W. F. Vanderburg, Rev. Paul Wright and Rev. Ernest Phillips officiated.

Richard, age 14, had been an invalid all his life. He had lived in Clarendon the greater portion of his life and enjoyed a multitude of friends who admired his cheerful attitude. Survivors include the parents, one sister, Mrs. Arlis Mooring and his grandparents, Mr. and Mrs. C. E. Killough.

Pallbearers were John White, Burk DeBord, George Schollenbarger and Glen Adkins. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Donley County Swine Breeders Place High In Ft. Worth Show

Entries of J. D. Duggins, H. L. Riley, the Lelia Lake FFA, and the Clarendon FFA were among the top winners in the breeding classes of the Fort Worth Fat Stock Show last week. Duggins' berkshires placed 1st in senior boar pigs, and 1st and 2nd in senior sow pigs, 2nd in produce of dam and get of sire and 1st in breeder feeder litter. His chester whites placed third in junior boar, 3rd in junior gilts, third in produce of dam, and get of sire, and second in breeder feeder litter.

Riley placed 2nd and 7th in junior hampshire boar pigs, 3rd and 4th on junior gilts, 2nd on produce of dam, and 2nd on get of sire, and first on breeder feeder litter. Tommy Jo Bridges of Lelia Lake placed second on senior chester white gilt and Wayne Chenault placed 7th on junior chester white gilt. Clarendon FFA exhibited the 1st place junior Poland China boar that also placed as reserve grand champion in this division. Other Clarendon FFA entries placed high in the berkshire and chester white divisions of the breeding show.

David Patterson of Groom was a week end guest in the home of Mr. and Mrs. G. W. Estlack and Jackie.

Best Snow In Several Years Blankets Area

The month of February started out the way folks wanted it--on the wet side. Snow started falling on the first and some type of moisture was in evidence the first seven days with more in prospect.

This snow was the most we have received in this area in several years and in spite of a strong wind and heavy drifting, it will be very beneficial as moisture is needed badly over this entire area. It was very inconvenient for lots of folks but the benefits received will offset the other.

Drifts piled six to eight feet in places and most roads running east and west were impassable. Farmers and ranchers began to dig their way out Sunday, but many of them were unable to come to town before Tuesday and the going was rough then. Shovel handles caught the most wear here in town with practically everyone getting a little practice and exercise shoveling out their driveways, etc.

No serious incidents have been reported due to the storm and most ranchers were able to care for their cattle with minor losses. Highways in the area were closed or very hazardous at various times throughout the storm.

The amount of snow and moisture received has been argued considerably but the calculations in general by residents over the area was eight to ten inches of snow with between half an inch and an inch of moisture. The snow melted fast Monday and Tuesday and the old dry earth is drinking it up just as fast as it thaws.

The following was recorded by the local weather station with all observations made at 7 A. M. each day: A trace on the 1st; .05 inch from 3 inches snow on the 2nd; a trace on the 3rd; .20 on the 4th from 2 1/2 inch snow; .05 on the 5th and .02 on the 6th from 1/2 inch and 1/5 inches of snow respectively. The maximum temperature for the month through Tuesday was 47 degrees and the minimum was 8 degrees on the 2nd and 3rd. The total precipitation for the month is .32 with 6 1/5 inches snow. Total for the year is .45.

We all hope this is the beginning of another wet year and a very good crop year.

P.T.A. To Feature Men's Night Meeting February 16th

The Sims Parent-Teacher Association will meet Thursday, February 16, in the Jr. High auditorium. This will be a men's night meeting, with only men appearing on the program. This meeting is to be a high point in this year's program, so make your plans now to attend.

Frank Phelan Jr. will serve as leader of the program which will be entitled "The Family Saves Lives." Others taking part on the program are:

Safety on Highways -- S. R. Bain.

Building Safe Citizens -- John Forbis, Attorney at Childress.

Driver Education Program -- W. W. Pinkerton.

A Founders Day Wish--George Thompson III, who will also light the candles on the Founders Day birthday cake.

The College Chorus, under the direction of Mrs. Velma Weaver, will sing two songs.

A social hour will follow immediately after the program, and refreshments will be served. The class rooms will be open and the teachers of each room will show work that is being done by the children, and will visit with the parents.

Nursery for pre-school children will be open at the Methodist Church and a place will be provided at the school for school age children.

Don't forget the place and the date--we'll be looking for YOU! --Reporter.

SCHOOL CAFETERIA MENU

February 13-17th MONDAY

Meat balls and spaghetti, green beans, cream corn, beet pickles, bread, milk and chocolate cake.

TUESDAY Hot dogs, red beans, spinach, milk, buns and apricot pie.

WEDNESDAY Fish, English peas, candied yams, bread, milk and jello with whip cream.

THURSDAY Hamburgers, lettuce, onions, pickles, potato chips, buns and rice pudding.

FRIDAY Meat loaf, blackeye peas, scalloped potatoes, plain jello, hot rolls, milk, butter and apricots.

PLANS PROGRESSING FOR BIG AGRICULTURE CLINIC FEB. 16th

Dale Hill To Operate Magnolia Service

Announcement is being made in this issue of the Leader of the purchase of Bill Allen's interests in the Magnolia Service Station located across the street east of Palmer Motor Co. The transaction was made effective February 1st. Mr. Hill took over active management of the business today.

Hill operated the Davis Bumper to Bumper Service when it was at this same location several years ago. For the past several years he has been on the road with the Tom Houston Peanut Co. He has sold his route to J. D. Joslin of Plainview who has been making the rounds with Hill this past week. Mr. and Mrs. Joslin have moved to Clarendon and are making their home in the Earl Hodnett residence on east second street.

Mr. Allen, who has operated the Magnolia Service the past several years, has not made his future intentions known at this time.

Mystery Farm No. 39 Still A Mystery

We had only one guess at the identity of Mystery Farm No. 39 this week with no positive identification at all so we are printing it again in hopes of receiving more verification. If you think you know this place, be sure and call in.

FATHER OF HEDLEY MAN DIES AT MEMPHIS

Funeral services were held Saturday in the Newlin Baptist Church for Charlie Moore, pioneer Hall County farmer, and father of Henry Moore of Hedley.

Mr. Moore died in a Memphis hospital. He had been a resident of Hall County since 1914.

Survivors include his wife, two sons and one daughter.

IN HOSPITAL

T. H. Harmonson, pastor of the Martin Baptist Church, is in Northwest Texas Hospital for medical attention. He expects to be in the hospital about 10 days but reported his pulpit would be filled by someone during his absence.

County Agent H. M. Breedlove says that plans are progressing fine for the big agriculture clinic to be held in Clarendon February 16th in the Mulkey Theatre. Breedlove says that the agriculture clinic will feature soil fertility, irrigation and ranching. This program is for every one in the entire county and all surrounding counties. This should be one of the most educational programs ever held in Donley County and the men who appear on the program are some of the best in the nation in the fields that they will discuss. The program is as follows:

10:00 A. M.--Jack Barton, Soil and water conservation, Texas A & M College Extension Service, College Station, Texas.

11:00 A. M.--Mr. Jay Taylor, Beef cattle situation on the National and local level, Amarillo, Texas.

1:00 P. M.--Doug Wythe, Beef cattle improvement program, Texas A&M College Extension Service, Pantex Experiment Farms.

2:00 P. M.--Dr. Schrank, Irrigation, specialist for irrigation companies, Denver, Colorado.

3:00 P. M. -- John McHaney, Economist, Agriculture Outlook, Texas A&M College Extension Service, College Station, Texas.

4:00 P. M. -- Mr. U. A. Randolph, Grape Specialist, Grapes as a commercial crop, Texas A&M College Experiment Station of Montague, Texas.

Let's make this one of the best educational programs ever held in Donley County and farmers and ranchers are urged to bring the entire family and let every one hear these men. Town people are urged to attend, and business men should attend to hear the latest developments in ranching and agriculture and also to get a slant on the outlook for the future in agriculture. Let's make February 16th agriculture and ranching day for Donley County and all attend the all day program at the Mulkey Theatre in Clarendon.

Bobby D. Smith, son of Mr. and Mrs. Lawrence M. Smith of Clarendon, Texas, is scheduled to graduate from recruit training February 4th at the Naval Training Center, Great Lakes, Ill.

"Ever since I became acquainted with this remarkable man, (Attorney General John Ben Shepperd) I wanted to dedicate a book to him and to tell my readers something about him. He is a vital force in the administration of justice and he has the vitality, the stamina, the vision, and the sheer courage to go places." So reads the dedication of a novel just published by author-attorney-criminologist Eric Stanley Gardner. The book, "The Case of The Terrified Typist" is the 89th volume written by Gardner and the first dedicated by him to a public official. Shepperd (left) discusses the new book with its author.

GABIE BETTS BURTON
 LIBRARY NOTES

By May L. Prewitt

We have several non-fiction books that were given us. These are: "Dancing Diplomats" by Kelly—1950, "Fortune Telling for Fun and Popularity" by Paul Showers—1942, "The Writer's Handbook" by A. S. Burack, "The Divine Right of Capital" by C. E. Ayers—1946.

There are a few fiction books to announce: "Katherine" by Anya Seton, "Flight from Natchez" by Tren K. G. Slaughter whom all enjoy, and Frank Yerby's "The Treasure of Pleasant Valley." One light romance "This Fearful Paradise" by Maysie Greig.

There are quite a few memorial books and others here to write up, but indoors weather last week kept the Librarian busy issuing books and there was little time

for other duties.

TWO CLARENDON STUDENTS
 ON HONOR ROLL AT WTSC

CANYON—Two Clarendon students were listed among 69 on the fall semester honor roll at West Texas State College by Dean Walter H. Juniper.

The honor roll is made up of the upper five per cent of the undergraduate student body.

Miss Margaret Inelle Cox, daughter of Mr. and Mrs. L. N. Cox, is a senior at WT, majoring in English. She is a member of Alpha Chi, honor society, Delta Zeta Chi, social sorority, and is a member of Who's Who in American Colleges and Universities. She was football queen attendant in 1954, and Miss Student Union in 1954.

A sophomore majoring in chemistry, Harold Dean Bier is the son of Mr. and Mrs. John Bier, Freeewater, Oregon.

Paul Revere House is the oldest in Eoston, built about 1660.

TEXAS TRUCKER OF THE YEAR—IS M. W. DENNEY of Dallas, selected as "Most Representative Hobbs Knight of the Road for 1955" for his heroic action in rescuing a six-year-old boy from a dog that mauled him badly last Aug. 18. Denney, a Dallas city driver for Merchants East Motor Lines, will be honored at a Feb. 7 award banquet in Austin, at which Colonel Homer Garrison, director of the Texas Department of Public Safety, will be the principal speaker. Denney was chosen from 99 truck drivers cited as Hobbs Knights of the Road for their highway courtesy last year and will receive the "1955 Shield." This will be the second annual celebration for the awards program which is sponsored by Hobbs Trailers, a division of the Fruehauf Trailer Company; the Texas Safety Association; and the public safety department's license and weight division. Above, Denney is notified of his selection at his home by (left to right) Howard Case, Hobbs' Dallas branch manager; Kent Odum, license and weight chief; and J. O. Musick, general manager of the Texas Safety Association.

HUDGINS NEWS

Mrs. Carl Barker

Mr. and Mrs. J. B. McDaniel

visited Mr. and Mrs. Coleman Shields Sunday afternoon.

Mrs. Ira Self was able to come home from the hospital Wednesday and is doing nicely.

Mr. and Mrs. Dennis Lindley and family visited Mrs. G. D. Cross Sunday afternoon.

Mr. and Mrs. Garth Carter and boys of Dumas visited his parents, Mr. and Mrs. A. C. Carter Friday.

Mr. and Mrs. H. C. Shaw and daughter, Sherry were in Amarillo Friday.

Wilfred Hott of Bryan spent the week end with his parents.

Mr. and Mrs. A. O. Hott.

Marilyn and Carolyn Noble spent a few days last week with their grandparents, Mr. and Mrs. Lovett Noble.

Lynn Koen spent Sunday night with Neal Carter.

Mr. and Mrs. W. D. Higgins spent Friday afternoon with Mr. and Mrs. Ira Self.

Dinner guests of Mr. and Mrs. J. D. Jones Sunday were Mr. and Mrs. Dennis Harrison.

Everyone is happy for the wonderful snow we had, and will be just as happy when the roads are passable again.

Urges Careful
 Consideration To
 The Feed Grain
 Support Program

Senator Price Daniel has strongly urged the Senate Agriculture Committee to give careful consideration to the feed grain support program advocated by Texas Panhandle and South Plains farmers.

"These farmers contend, and I agreed with them, that the Benson farm program has been a failure and that his new proposals are not sufficient to solve the real problems facing the farmers of the country," Daniel said.

"I voted against the Benson flexible price support program in 1954 and will vote this year to restore 90% of parity and return to an effective soil conservation program."

The plan suggested by West Texas farmers would establish price supports at 90% of parity on the present basic crops and on all feed grains, provided that 15% of all the tillable land on each farm is taken out of production or converted to soil-building practices. Farmers would receive no pay for the layout or "soil bank" acreage. The percentage of land devoted to this purpose would be increased or reduced each year according to the supply of feed grains.

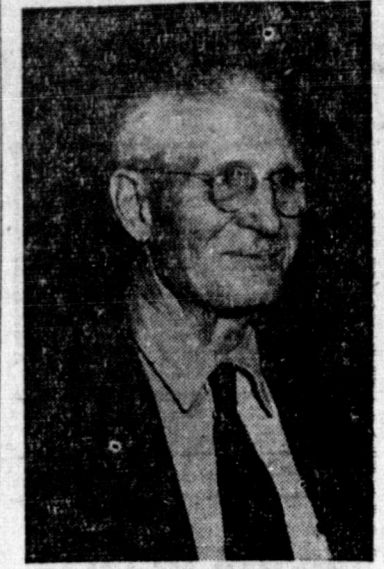

Cross-compliance as to wheat and cotton allotments would be in effect but no marketing quotas

or acreage allotments would be necessary on feed grains. In case of drought, hail, or floods the farmers would be permitted to plant feed grains on land otherwise used for the basic crops. Farms of less than 20 acres would receive 90% of parity without complying with the layout or soil bank requirements.

"There is no greater danger to the nation's economy than for our farm and livestock income to be going down when corporate profits and dividends continue to rise," Senator Daniel pointed out. "There must be a better balance so that our farmers will receive a fair share of the national income."

"Improving our farm program is the most important legislation in the Congress both to Texas and to the nation, and I have urged the Senate Agriculture Committee to give special attention to the needs of family-size farmers and to the feed grain program sponsored and presented in detail to the Committee by Mr. Frank Moore and Mr. Harold LaFont of Plainview, Texas."

This program would do much to reduce acreage planted to price support crops now contributing to over-production, Daniel said. Another important point is that farmers would maintain their own soil-building program without direct payments for that purpose. Their compensation would come as a result of the 90% of parity on crops actually

COLORADO FARMER William L. Shaffer has been named Rural Consultant to Federal Civil Defense Administrator Val Peterson.

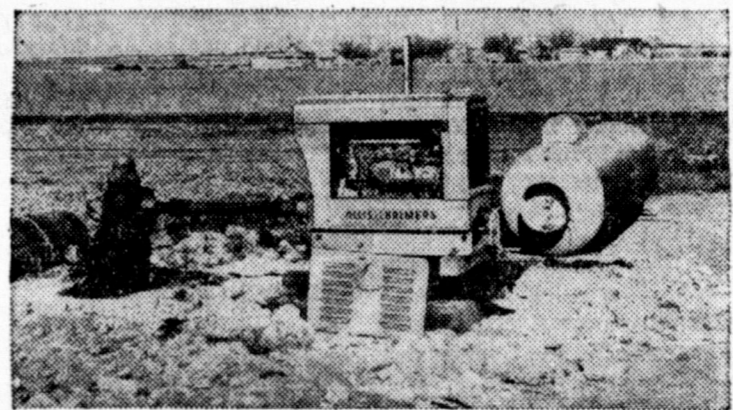

The continent of Antarctica is estimated to be an area of six million square miles — approximately the area of the United States and Europe combined.

A British explorer, Captain James Cook, was first to sight the ice mass surrounding Antarctica, during a circumnavigating trip in 1770.

There are over 55 beaches in New Jersey.

Stationary engine delivers

'UP TO 60 HP...'

POWER-CRATER

The same 226-cu. in. Allis-Chalmers POWER-CRATER engine that gives such outstanding performance in the WD-45 Tractor is now available as a stationary power unit.

With this engine you get up to 60 hp at 1,800 rpm; more than 50 hp at 1,400 rpm, the standard engine speed of the WD-45 Tractor.

Concave cylinders, "center-fire" combustion, removable "wet" cylinder sleeves help develop more brawn with less bulk in Allis-Chalmers engine design.

If you want an engine good for thousands of trouble-free hours... pumping, grinding, any work requiring stationary power... why not investigate the Allis-Chalmers W-226 POWER-CRATER engine?

POWER-CRATER is an Allis-Chalmers trademark.

FLYING SQUIRREL

Yes, there really are Flying Squirrels! Most people know little about them, though, because the small, fast-moving animals hide away and sleep in the daytime. It is only at night that they tirelessly explore the trees and ground. They actually fly, too, but not with wings.

To help him glide, the flying squirrel has a thin fold of skin along each side of his body, between his front and hind legs. When he leaps, with legs outspread, the skin stretches and makes the underside of his body broad and flat. Like the wing of an airplane, this surface enables him to sail through the air.

He cannot stay aloft, like a bird, but according to the National Wildlife Federation, he can glide long distances between trees and down wooded hillsides. From a height of 60 feet, a Flying Squirrel has been known to sail 152 feet through the air.

By shifting his body, the Flying Squirrel can control his aerial movements. He can turn from side to side, or he can swoop upward before alighting. This helps him to avoid obstacles and to pick out the spots where he wants to land. He also tries to stay away from his worst enemies, owls and cats.

While some of them lose their lives to larger foes, Flying Squirrels are abundant in nearly all

the wooded parts of North America, from the Arctic Circle south to the forests of Mexico. In the United States there are two kinds — a small variety in the east and south and a larger one in the north and west.

The small Flying Squirrel is about 9½ inches long, including a 4½ inch tail. His larger cousin is a foot long, with a 6-inch tail. Both are gray-brown on top and white underneath.

Most Flying Squirrels make their homes in trees. One pair may build a nest in a woodpecker hole, another in the hollow of a limb, and a third in a hole on the side of a tree trunk. They also occupy forks in trees and take over old bird nests. If there is a house or barn near the woods, they may even live in the attic or loft.

In the spot which they have chosen, the parents build a nest of leaves, grass, moss, fur, and other soft materials. They are very tiny and remain blind for the first four weeks.

When they are old enough, the young join their parents in the search for food — nuts, seeds, buds, fruit, and some insects. They also eat birds and eggs, but not enough to cause any great harm.

As winter comes to the coldest parts of the United States, the Flying squirrels are less lively and active, but they do not hibernate. In warm regions, the National Wildlife Federation reports, they never slow down, but remain busy the year round.

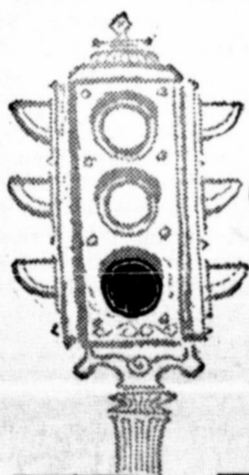

For interesting information on other species, write to the National Wildlife Federation, Washington 10, D. C.

LEADERS GET TOGETHER

Majority Leader of the Senate Lyndon B. Johnson and Tommy Woodward, 5, of the March of Dimes, shake hands for victory over polio at Senator Johnson's office in the Capitol in Washington. Tommy is the 1956 poster boy and the Majority Leader told him his state of Texas will keep fighting infantile paralysis until the crippling disease is licked. Tommy said he was going to Texas on his trip around the country.

Clarification Given To Farm Bureau's Stand On Rural Electrification

WACO — A. R. Grauer, Texas Farm Bureau executive secretary, said that some confusion has arisen recently as to Farm Bureau's stand on rural electrification.

The confusion resulted from a misunderstanding of the purpose of information sheets distributed by the American Farm Bureau Federation for use in policy development, Grauer said. The sheets contain background information on various issues.

The TFB executive director said that it is still "very much" the policy of the Farm Bureau to support rural electric and telephone programs. He cited AFBF policy for 1956 on the matter which states:

"We reaffirm our position to support programs to provide both electricity and telephones to rural people. We recommend appropriations for these programs until adequate service is provided to all areas that qualify."

Grauer said that this philosophy, in substance, has been the theme of the Texas Farm Bu-

reau's recommendations to the AFBF for a number of years.

The AFBF sends out discussion sheets on a variety of issues. The one which apparently has caused a misinterpretation of Farm Bureau policy pertains to the government's role in the power business. It lists recommendations of the Hoover Commission and gives the Commission's reasons for its recommendations. The sheet has columns in which the discussion leader is to mark whether the group agrees or disagrees with the Hoover Commission's recommendations.

Grauer said that the discussion sheets are intended only as "starter" material for getting groups to discuss current issues, and are not "opinion surveys" as some persons have stated.

"In Farm Bureau, we do not depend upon opinion polls to determine what our policies shall be," Grauer said. "Instead, our policies are formulated only after group discussion and debate in community, county, state and national meetings."

"Our philosophy in Farm Bureau is that all sides of all issues need to be discussed thoroughly before an opinion is reflected in development of policies," Grauer said.

President's Prayer Breakfast Attended By Four Texans

Four Texans participated in the Fourth Annual President's Prayer Breakfast sponsored by the International Christian Leadership organization last week, and Senator Price Daniel was elected president of the group.

The Texans were all at the speaker's table with President Eisenhower, and all took part in the inspirational meeting attended by 800, including the Cabinet and most of the members of Congress.

In addition to President Eisenhower, who was born at Denison, and Senator Daniel, there was Howard E. Butt, Jr. of Corpus Christi, noted Baptist layman who made the main address. The fourth Texan was Conrad Hilton, owner of many of the nation's leading hotels, who was host for the annual breakfast.

Daniel also presided at other meetings being held last week during the Annual Christian Action Conference sponsored by the International Council of Christian Leadership and International Christian Leadership (USA). The organization sponsors weekly breakfast meetings devoted to prayer throughout the United States and in many foreign countries. The Senate, House, many government agencies, and business and labor groups have these breakfast meetings each week in Washington.

The first hospital ship to be definitely assigned as such was the USS SOLACE in 1898.

The first American warship constructed of iron to use steam was the MICHIGAN built in 1842.

BRIDAL SHOWER HONORS MRS. GERALD JONES

The home of Miss Joyce Y. Johnson was the scene of a bridal shower honoring Mrs. Gerald Jones, former Miss Mary Nipp, last Thursday evening at 4:15. The colors were pink and white with coffee, cocoa, and cup cakes as refreshments.

The guests were served, then the Lelia Lake FHA girls sang "Wedding Bells", "Love and Marriage," and other wedding songs, with Mrs. J. C. Stepp playing the piano. The gifts were then opened by Mrs. Gerald Jones, with Marilee Smith and Joyce Johnson helping her.

There were several guests present and she received plenty of nice gifts.

—Reported.

MIDWAY CLUB

The Club was postponed due to the bad weather; will meet with Mrs. Glen Williams the following Tuesday, Feb. 14th.

SING-SONG IN HODGE HOME

Several gathered in the home of Mr. and Mrs. F. O. Hodge Sunday evening for an old fashioned Sing-Song. Enjoying the good fellowship and inspirational music were Mr. and Mrs. Dale Hill, Mr. and Mrs. Herschel Heath, Rev. and Mrs. W. F. Vanderburg, Mr. and Mrs. T. W. Goar, George Watson, Mr. and Mrs. Jack Eddings, and Mr. and Mrs. W. W. Pinkerton.

FAREWELL PARTY HONORS JONNA LEE BLOCKER

The Intermediate Department of the Methodist Church entertained with a farewell party for Jonna Lee Blocker Tuesday night in Fellowship Hall. Games were played and scenes from Jonna Lee's life were enacted. Refreshments of cake and punch were served to twenty-three young people and five adults.

Jonna Lee will be greatly missed in the church. She has directed a Youth choir under Mrs. Bob Moss, served as organist for the Intermediate Department of the Sunday School and held offices in the M.Y.F. She has helped with the Vacation Church School and served as substitute teacher and helper in the Childrens Division of the Sunday School. The Blockers are now living at 421 McKinley in Hereford.

FASHION DESIGN SCHOLARSHIP COMPETITION NOW UNDER WAY

National winners of Forest City Fashion Scholarships test classroom study against actual designing problems at Forest City Manufacturing Company in St. Louis, sponsor of the scholarships. Elaine Bright (left), Phoenix, Arizona, and Jeanne Marie Volk, Northfield, N. J., have two-year scholarships at Washington University, St. Louis. Two more two-year scholarships will be awarded by the company for 1956. The scholarships, plus many regional prizes, are offered through Scholastic Art Awards, and are open to talented high school seniors. Information on the scholarships is available from Forest City Manufacturing Company, St. Louis 3, Mo.

Nation To Observe 59th Anniversary Of National Congress Of Parents & Teachers

The 59th anniversary of the National Congress of Parents and Teachers will be observed by some ten million members over the nation this month, February 17th being the birthdate of the founding of the organization.

At the first national meeting in Washington, D. C., called in 1897 by Founders Alice McLellan Birney and Phoebe Apperson Hearst to invite mothers to join in a program to help children everywhere, the suggestion was made that such a program could best be developed through state organizations.

The Texas Congress became a part of that national organization October 19, 1909, in Dallas, and today has a membership of 533,

203, ranking fourth in the nation.

Many of the activities accepted today as part of the community and school system, says Mrs. Leon S. Price of Dallas, state president, were started or encouraged by those pioneers. Among measures inaugurated and/or promoted by the Texas Congress are the following:

- First child welfare conference in Texas (at which time the first sanitary drinking fountain was exhibited)
- Abolition of public drinking cup
- Educational campaign for birth registration and for prevention of infantile blindness
- Adequate child labor law
- Promotion of sentiment for appointment of county health officers and public health nurses
- Compulsory school attendance
- law and free textbooks
- Raising per capita appropriation
- High school education for all children at public expense
- Lowering scholastic age to include 6-year-olds
- Raising standards of teachers, provision for teacher retirement, better salaries for teachers
- Compelling instruction in the English language in public and private schools
- Proper construction of school buildings
- School lunch program
- Vocational education
- Parent education
- Education for exceptional children
- Gilmer-Aikin legislation
- State training school for girls
- Preventing sale and distribution of indecent literature

More stringent laws concerning sex offenders
Jury service for women
Establishment of county libraries

Custodial institution for feeble-minded

Improvement in laws regarding family desertion, marriage and divorce

Improving driver's license law, revision of speed limits, more stringent laws concerning D.W.I. Texas tidelands

Effective secret ballot
Supporting adequate appropriation for Youth Development Council

Supporting necessary legislation concerning sale and consumption of alcoholic beverages

Supporting passage and enforcement of more adequate laws prohibiting sale of narcotics to children and youth

Strengthening regulations pertaining to sale of fireworks

Promotion of higher standards regarding motion pictures, musical recordings, radio and television

Supporting legislation to abolish common-law marriage

Scholarships for in-training teachers in state teachers colleges

Workshops on safety education, home and family life, civil defense, legislation, citizenship.

HEALTH NOTES

Texas State Dept. of Health

AUSTIN — State Health Commissioner Henry A. Holle today appealed to Texas parents to have their children vaccinated now as protection against polio this spring and summer.

"The polio season starts early in Texas," the Commissioner warned.

"This year, for the first time in history, we have a vaccine against the disease on hand before the Texas season opens in earnest in mid-April."

Dr. Holle said the vaccine's effectiveness to date has been "gratifying."

"Official records show paralytic polio during 1955 struck six times more frequently among unvaccinated children than among those who received prescribed amounts of the vaccine at the

HERE'S HEALTH!

By Lewis

CELERY IS AN ANCIENT VEGETABLE. THE GREEK POET, HOMER, MENTIONED IT AS EARLY AS 850 B.C.

CELERY IS AN IDEAL FOOD FOR ANYONE WHO IS WATCHING THOSE UNWANTED POUNDS

CELERY IS MOST OFTEN EATEN RAW, HOWEVER, IT IS DELICIOUS IN COOKED DISHES

THE PLEASANT FLAVOR OF CELERY IS DUE TO FRAGRANT VOLATILE OILS

proper intervals."

Three shots are said to give a high level of protection against polio: the second shot given one month after the first shot, and the third shot following seven months later.

According to that schedule, all Texas children who received second shots summer or fall are now ready to have their third shot.

The success of the vaccine was announced April 12, 1955, after exhaustive nationwide studies. But by then countless numbers of children had already been exposed in a rising seasonal incidence. Result: 1955 was pretty much an ordinary year for polio for the nation as a whole, despite the fact that Texas' 1955 season was below the 5-year median.

Too, vaccine was in short supply those early days, and production difficulties unsettled public

confidence in the product.

Both these problems have since been overcome, Dr. Holle pointed out. Supplies are increasing daily, and, concerning production safeguards, "Health and medical men agree that the vaccine is as safe as human hands can make it."

Mr. and Mrs. Willie Crain of Amherst were guests in the home of their daughter and family, Mr. and Mrs. C. W. Lane and Tommy from Friday to Tuesday.

THE LION'S TALE

By Carl Allmond

Because of the big snow which is still hanging on, Boss Lion Lowe was afraid to announce any activities for the future. Could he be waiting to see what the Low, coming in from the west, is going to do when it meets the High coming in from the south? To the surprise of Drennan, and regardless of the melting snow, a good crowd was in attendance Tuesday. We guess R. E. thought a bunch of Lions only roar in Africa, but they proved Tuesday that they could also roar in the "frozen waste-lands." At any rate, the Dean had not prepared a program, but he knows that, in such a situation, all he has to do is to call on Flip Breedlove and/or John Gillham. If you think those two boys can't fill a thirty minute program, without notice, just call on 'em. Flip calls himself "Steer" Breedlove, and John, "Hog" Gillham. We can think of a four letter word, in the animal kingdom, which would apply to both. Starts with a B and ends in LL. This animal is usually less dangerous when fenced out. They both gave impressive talks on the work being done in their particular fields. The premiums, awarded the boys in Amarillo and Ft. Worth, provoked a spontaneous move by Lion Porter that the club extend a vote of thanks to Gillham and Breedlove for their work with the Donley County boys. Lowe asked for a second, and the entire club joined in a rising vote of appreciation. Breedlove is also making an all-out effort to obtain a large attendance for the Agricultural Clinic to be held in Clarendon, February 16th, at the Mulkey

Theatre, starting at 10:00 A. M. Every farmer and rancher should avail himself of this opportunity. It wouldn't do any harm for the merchants to attend, since they are vitally interested, along with the farmer and rancher. Changes are being made in the farm and ranch program, and the men who take part in the Clinic are the best. The purpose is to assist the agricultural program in any way possible. In case you are interested, the streets in Clarendon were graded Sunday — on a voluntary basis. The City Commission did not ask them to do the grading; they just "got together" and "got busy"! Our guests were: Leonard Stevens, Shawnee, Okla.; Ed Shores, Amarillo; Arthur J. Kane, Brewster, Minn.; and Edwin Eanes, Clarendon.

RECEIVES DISCHARGE
Cpl. Wilson Lane received his discharge from the service, Jan. 16th at Ft. Benning, Ga. After receiving his basic training at Ft. Bliss in El Paso he attended school at Ft. Sill, Okla. He served in the survey unit of the Field Artillery. Wilson has enrolled in the University of Wichita, Wichita, Kansas. He and his wife, the former Shirley Aten, will be at home, Apt. 4, North Glendale, Wichita, Kansas. He is the son of Mr. and Mrs. C. W. Lane of Clarendon.

STOCKHOLDERS MEETING
The Annual meeting of the Stockholders of the Outdoor Entertainment Association will be held Friday night, February 17, 1956, at the Donley County Courthouse—meeting to begin at 7:30 P. M. All Stockholders are urged to be present. Lloyd T. Shelton, President (1-2c)

Donley County Leader, \$2.50 year

Bulldogs Lose To Howard County And Odessa

The Clarendon College Bulldogs made a trip to Howard County and Odessa last week and lost to Howard County 100-106, and to Odessa 72-76. In the game with Howard County, the Bulldogs jumped out front, 8-2, at the start of the game and it was the largest margin of the first half. At the intermission Howard County held a slim 48-47 edge. In all, the Bulldogs held the lead 10 times while Howard County was out front 9 times. The score was tied on seven occasions. Gary Kunka led the Bulldogs with 26 points while Boyd White had 22 and Billy White had 19. Sherman Cosper had 11 points, Bob Garton 6, Carrol Stepp 4, and Don Reeves 12. The Bulldogs hit on 40 of 45 free throw attempts. In the game with Odessa Saturday night, Gary Kunka and Bob Garton each had 20 points. Billy White had 17 points, Boyd White 10, and Sherman Cosper 5. The game was very close through the first half. At half-time the Odessa team had a one point lead. As the second half opened, the Bulldogs fell behind as they did in the game with Howard County. The Bulldogs fought back but were unable to make up what they lost in the early part of the second half. In the two games, Billy White hit 16 of 17 free throw attempts. Bob Garton hit 10 for 10 before he failed at the free throw line. Boyd White was successful on 12 of 13 attempts. In both games, the Bulldogs had to fight superior height. Howard County had one 6'8" boy and Odessa had three boys, who measured 6'5". The boys making the trip were Bob Garton, Billy White, Boyd White, Sherman Cosper, Gary Kunka, Carrol Stepp, Don Reeves, Jack Williamson, Don Landers, Kenneth Newman, Jay Wilson, and Bob Schneider. The next game for the Bulldogs will be with the Howard County team on Saturday night, February 11. The game will be played in the Clarendon gym. On Tuesday, February 14, the Bulldogs will meet Frank Phillips College in the Clarendon gym. Friday, February 17, we will have another big double-header here. The Bulldogs meet Odessa College and the Comets will meet Iowa Wesleyan College from Mt. Pleasant, Iowa. Saturday, February 18, the Bulldogs go to Sayre, Oklahoma for an "A" and "B" game with Sayre College.

BERMAN Barron, veteran pro golfer, cools off with coconut milk after posting a torrid five-under-par 67 for low pro honors in a recent one-day pro-am tourney at Miami Beach sponsored by Canadian MacNaughton whisky. Barron's efforts won him \$1,200 plus admiring glances from Dianne Williams.

GRANDMA Moses' salute to her fellow-artist Ike Eisenhower was this third-presidential-anniversary gift, a painting of his Gettysburg, Pa. farm. Mrs. Eisenhower and John Foster Dulles (at right), help look it over.

The USS BOSTON (CAG-1) is the Navy's first guided missile cruiser capable of firing super-sonic anti-aircraft guided missiles. It represents a completely new concept in a naval weapon system.

Hoover Dam, Nevada, is the highest in the world at 726 feet.

First settlers in Delaware were Dutchmen in 1631, who were massacred soon after by the Indians.

Winter Requires New Driving Habits

"Winter requires a new set of driving habits to keep from skidding into traffic accidents," Mr. E. C. McFadden, Vice President, Employers' Casualty Company, Dallas and President, Texas Safety Association, said in a discussion of winter driving hazards sponsored by the Texas Safety Association, Department of Public Safety and the National Safety Council.

Outlining the effects of sudden temperature changes on snowy or icy roads, early darkness, slippery conditions on driving, Mr. McFadden said the proper techniques for winter driving were derived from tests conducted by the National Safety Council Committee on Winter Driving Hazards for the past 16 winters.

In these tests he said, it has been found that braking distances can be reduced considerably by pumping brakes so they are alternately applied and then completely released. This technique also helps retain steering control, he said, and is especially effective on glare ice and on hard packed snow.

Describing the proper technique for getting a car started on snow or ice, Mr. McFadden advised starting in second or high gear, thus permitting smoother acceleration which may get the car moving without futile wheel spinning. However, tests show that tire chains provide much needed traction to start and stop on hard packed snow and ice.

"Winter driving is difficult and exceedingly dangerous for even the best of drivers," Mr. McFadden said. "That is why it is important for motorists to realize they can't go lickety-split into winter weather with the same set of driving habits and equipment which they used during the summer and fall months.

"Drivers must learn how to cope with glare ice, snow, rain, freezing temperatures, and this requires the right 'know-how' of winter driving."

Mr. McFadden called attention to the motto which every winter driver should heed: "Want to Survive? Winterize Your Drive!"

4-H Vows Year Round Safe Driving

More than two million 4-H boys and girls have tied a string around their finger that may save their lives.

Sparked by the eight top 4-H safety winners of General Motors college scholarships, these vigorous teen-agers have promised President Eisenhower to constantly remind themselves to make every day "Safe Driving Day."

And he, in congratulating them, declared that "4-H Club members can contribute much in their own driving and in their influence with others toward this goal."

The national winners met newsmen in Chicago at the 34th National 4-H Club Congress to which they and 33 other state 4-H Farm and Home Safety winners received all-expense trips from GM.

Urge Better Roads and Better Highways
"Traffic carelessness is the number one danger in farm areas just as in the city," they agreed. "The highway death toll can be cut only if we insist on better roads and better driver training to keep pace with today's better cars."

A typical national winner was Frankie Keith, 17, of Frederick, Oklahoma, who has been broadcasting a 15 minute traffic safety program over a local radio station for the past two years.

"I urge everyone to practice Christian driving," she said. "Let's put the Golden Rule to work on America's Highways."

Keep Community Accident Conscious
Other national scholarship winners are Clifton Benton, 17, Covington, Ga.; Leo S. Mann, 18, Otterbein, Ind.; Carl W. Bond, 18, Colfax, Iowa; La Donna Dirks, 17, Dodge City, Kansas; Mary Burwell Davis, 18, Warrenton, N. C.; Clayton Senecal, 15, Rutland, Vt.; and Peggy J. Hansen, 17, Lusk, Wyo.

Nine times more 4-H youths are active in safety work today than when General Motors first became awards donor for the program 11 years ago. Leaders expect this "safety army" to continue growing.

Clarendon — PRINTING DEPARTMENT — Texas

U. S. TREASURY DEPARTMENT INTERNAL REVENUE SERVICE

Each year taxpayers cost Uncle Sam millions in correcting errors that a little extra time would have prevented according to H. B. Hamill, Administrative Officer-in-Charge at Amarillo, Texas. Out of the thousands of tax returns that have already been received in the Dallas District, a check has revealed that a lot of taxpayers are up to their same old tricks. They are not correcting the little errors before they send the return to Uncle Sam. It costs these taxpayers money, along with the rest of us, for Internal Revenue Service employees to sit down and write a letter back to the taxpayer to correct the error.

Mr. Hamill said that the five most common errors this year have been:

1. Many taxpayers are failing to sign their return. The husband or the wife is failing to sign the return where it is a joint return. Both the husband and the wife have to sign the return unless each is preparing a separate return.

2. Taxpayers have been failing to attach the Form W-2, statement of earnings, from their employers. Quite a few taxpayers send in one W-2 but don't take the trouble to look in the bottom of the bureau drawer for the W-2 they got last Spring when they changed jobs. All W-2's giving a statement of earnings and amounts withheld must be attached.

3. Taxpayers fail to list the names of their dependents. Uncle Sam has to know who the dependents are, and if they live at a different address from Pampa and

Mama, Uncle Sam must also have the dependents' address.

4. Taxpayers file their return under a different name from the name used on their estimated tax. The Revenue clerks are sharp at detecting this sort of thing, but it is not quite enough to be sharp when there are 2,539 J. Smith's, some of whom have moved several times. Taxpayers can eliminate a lot of clerical detective work for the Revenue people if they will carefully use the same name on their tax return as they used on their estimated tax. They never have any trouble with Joseph Johnson Smith who has always lived at 210 Shady Lane, Home Town, Texas, and has always used this name on his tax return.

5. The fifth error started back in the first grade at school. Taxpayers just plain don't write where it can be read. Write plain, readable writing so the Revenue people will know what you at least intended to put down on your return.

Mr. Hamill concluded by emphasizing that if taxpayers read their instructions, checked their arithmetic, and checked their tax returns for completeness and compliance with the instructions, Uncle Sam would save thousands of hours of clerical time and thousands of letters which embarrass and sometimes annoy taxpayers.

"PETROLEUM PEGGY SAYS"
 I imagine any woman would be skeptical if told that the family breadwinner is three times safer on the job than he is at home. It's natural to think the reverse is true. After all, home is supposed to be a place of peace and quiet, not a booby trap.

Most employees are safer at work, however, because of the accident prevention programs practiced by their companies and industries. Business and industrial leaders long ago recognized the need for making the work place safe for employees. Injured workers emanate lost time, reduced production and more costly operations. Wives and mothers appreciate such safety programs for the man on the job, too.

Take the oil industry, for example. That's where the employee is three times safer than in his home. Oil workers are among the best protected industrial employees.

Strongly competitive in the dollars and cents business of producing, refining and selling petroleum products, oil companies take a highly cooperative view where the human element is involved. They share their knowledge on the safest ways to do the many jobs necessary to bring Americans about 250 million gallons of petroleum products daily. Codes of safe operating practices have been drawn up. Workers and foremen are trained in accident prevention and fire protection. As a result, in 1949, when the industry achieved its best safety record, the odds against a man being injured were 4400 to one.

Safety conscious themselves, oil men work to make the oil-using public more safety minded, too. With motion pictures, slide-films, booklets and exhibits, the oil men preach safety to men, women and children at every opportunity.

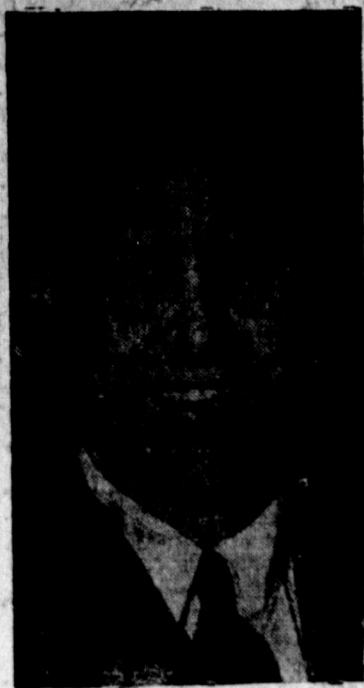

Oil men develop and bring us hundreds of items ranging from gasoline to insecticides, from fuel oil to synthetic rubber. They bring us assurance, too, through their safety programs. While safety is not a commodity, I think it ought to stand high on their list of achievements.

People, Spots In The News

JOHN SCHRUNK

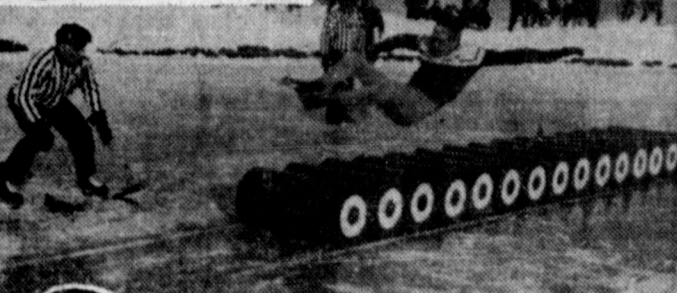

Mr. John Schrunk will be one of the principal speakers here at the agriculture clinic which will be held February 16th at the Mulkey Theatre. Mr. Schrunk is an irrigation specialist and has been conducting irrigation schools and clinics over the United States. He will speak at 2:00 P. M.

Mr. Schrunk was born and raised in the sandhills of Nebraska. Graduated from Agricultural Engineering Department, Soil and Water Division, University of Nebraska, Lincoln. Worked seven years in Oklahoma and Texas with the Soil Conservation Service.

Came to the University of Nebraska as an instructor in 1947. Taught in the field of Soil and Water for six years.

Mr. Schrunk joined the Irrigation Equipment Company, Inc., force in Denver in January 1953 and has been with the company ever since. His job is conducting irrigation schools and clinics over the United States and putting out technical information for the use of the company's dealers and distributors. He is a member of the Sprinkler Irrigation Association and is chairman of the Educational Committee of that Association. He is a member of the ASAF and serves on the Soil and Water Committee. He also assists the SIA in conducting schools and irrigation clinics over the United

WORLD champ barrel jumper Leo Lebel is coming a cropper this time, but later he cleared 16 at Gros-singer, N.Y. to retain title.

GREEK film producer is trying to get back \$49,000 worth of gems and furs he "invested" in this Italian film beauty, Silvana Pampanini.

PACKAGING science measures tiniest-eye movements of "shoppers" to determine most effective colors, designs for modern folding paper boxes.

CLEAN-UP at City Hall (in Duisburg, Germany, that is) took place as carnival masks stored in attic were dusted off for town's traditional carnival season.

Fresno State College and Mr. Schrunk will be the main speakers at these meetings to be held in England. Houston is the largest city in Texas.

Comets Defeat NBC In Second Game 33 to 30

Wednesday night the Clarendon College Comets defeated the NBC team for the second time with a 33-30 score.

The Comets led at the end of the first quarter by 7-3. The NBC team failed to score from the field in this quarter and scored only three free baskets. The Comets had one basket from the field and five free baskets.

At the half way point, the game was all even at 17-17. Nera White, the NBC All American, had seven points in this quarter.

At the end of the third quarter the Comets had a four point lead at 28-24. The Comets' All American, Louise Short, hit four baskets from the field in this quarter to put the Comets in front.

In the final quarter, NBC had six points and the Comets had five.

Louise Short led the scoring for both teams with 14 points. Jo Ann Crawford was next with 12 points; Dianne Templeton had 6 points and Dorothea Starker had 1 point.

Katherine Washington and Nera White each had 9 points for the NBC team.

The starters for the Comets were Louise Short, Jo Ann Crawford, and Rosilyn Range at forwards, and Dianne Templeton, Patsy Vincent, and Marjorie Irlbeck at guards. Barbara Holub played some at a forward position and Dorothea Starker played some as a guard.

The weather was very disagreeable but a full house turned out to see the game. The big crowd was appreciated by the girls and it inspired them to play a harder and better game.

The next game for the Comets will be February 13th with the Wayland College Flying Queens in Plainview. The girls need your support in this game.

On February 17th, the Comets meet another of the Nation's top teams in the College gym. The opponents for the Comets in this game will be the Iowa Wesleyan College team of Mount Pleasant, Iowa. Don't forget the date, Feb. 17th. Help the Comets to another important victory.

PRESIDENT EISENHOWER TALKS ABOUT U.S. SAVINGS BONDS

"THE SAVINGS BONDS PROGRAM GIVES EVERY INDIVIDUAL AND EVERY FAMILY A CHANCE AT THE OPPORTUNITIES AND THE HAPPINESS THAT GO WITH FINANCIAL INDEPENDENCE. IT ENABLES EVERY CITIZEN TO SAVE ON A SAFE AND SYSTEMATIC BASIS AND THEREBY TO CONTRIBUTE TO THE ECONOMIC STABILITY OF HIS COMMUNITY AND THE NATION."

FARM NEWS

from the County ASC Committee

FREEDOM

February has been designated as "Freedom Month" in the 1956 Crusade for Freedom campaign which runs from January 1 to March 31. Secretary Benson has endorsed the campaign and quotes in memorandum to agency heads from President Eisenhower as follows:

"The Crusade is an effective and practical expression of American citizen's firm conviction that peoples who historically have been independent and have been unjustly deprived of their right to self-government, must be restored to freedom, once again proud in their individual national heritages, strong in their

independence. Radio Free Europe is giving these people moral strength and purpose. It is especially effective because it is a private effort. For these reasons the Crusade for Freedom has my wholehearted support."

COMMUNITY COMMITTEEMEN MEETING

Several of the Community Committeemen met with the County Committee Friday, Feb. 3rd, 1956. They reviewed all the programs handled by the Donley County ASC, giving special attention to the Agriculture Conservation Practices and Cotton and Wheat Allotments. It is believed that this meeting will help the Community Committeemen to better understand our programs, and in turn they may be of more assistance to their individual communities.

PLOWIN' Out the CORNERS

Hi Uncle Zeb

Someone has said; "A fool and his money is soon parted." True, but we wonder sometimes how they ever got together in the first place.

Little things make us feel all good inside. Such as, this week we got a nice letter from Joe Ray Goodin who is doing his time in service way over in Japan. Joe had just now received our Christ-

even with our fussin' pardner Granny Gadabout we did sure enough appreciate hearing from Mrs. Brant. Thank you so kindly Mrs. Brant and I hope you raise chickens—along with your cattle because if we ever get near Owasso, we are going to drop in for fried chicken or a good country steak. Anyway, Mrs. Brant sends us the following on;

HAPPINESS
 It is what we think we will have tomorrow.
 We never have today.
 It is what we had yesterday.
 Thank you Mrs. Brant for this thought.

Last week when we were talking about the Farmer-Rancher Day at Claude we didn't know that Clarendon had a similar event planned for the next day.

Don't forget these two big days; at Claude on Feb. 15th when County Agent Foster Whaley and the Extension Service of Armstrong County along with a program about farm problems sponsored by the Ft. Worth & Denver Railroad will give us a full day's program including a feed at noon with the Lions Club picking up the check for the Steaks.

Then on the next day; Feb. 16th at the Mulkey Theatre in Clarendon our good friend Flip Breedlove will take over for the Extension Service in Donley County and bring the folks there this very enlightening program.

In each meeting there will be some special speakers arranged

by the local county agent to fit the particular needs of that area. All in all a big day is planned for both counties.

We take our hats off to this committee in both counties and to the Burlington Lines for combining their efforts to bring this bit of recognition to the Farmers and Ranchers of this area and for the far-reaching view on Soil Conservation being taken by the Extension Service, the Soil Conservation Service, and along with them we give a six-gun salute to this Railroad, which as a member of Big Business has caught the vision that as the many farmers and ranchers prosper along its tracks, so lives on and on the business that will keep its trains running.

Don't miss these programs; they are for YOU.

The State of Texas

To Any Sheriff or Any Constable Within the State of Texas—Greeting:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Donley County, Texas, the accompanying citation of which the herein below following is a true copy.

CITATION BY PUBLICATION

The State of Texas
 To: Leroy Lewis Ross, Defend-

ant, Greeting:
 You Are Hereby Commanded to appear before the Honorable District Court, 100th Judicial District of Donley County at the Courthouse thereof, in Clarendon, Texas, by filing a written answer at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of March, A. D., 1956, to Plaintiff's Petition filed in said court, on the 24th day of January, A. D., 1956 in this cause, numbered 2878, on the docket of said court and styled Lillian Talley Ross, Plaintiff, vs. Leroy Lewis Ross, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff is suing for divorce from the said defendant on the grounds that the defendant was guilty of excesses, cruel treatment and outrages toward the plaintiff, and was ill treatment of such a nature as to render their further living together as husband and wife insupportable, and in addition thereto the plaintiff is asking for the custody of the two minor children born to the union of the plaintiff and defendant named Bruce Wayne Ross and Sharon Kay Ross.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Clerk of the District Court of Donley County, Texas. Issued and given under my hand and seal of said court at Clarendon, Texas, this 24th day

of January, A. D. 1956.
 /s/ P. C. MESSER
 Clerk of the District Court
 Donley County, Texas
 (Seal) (51-4c)

SOCIAL SECURITY INFORMATION

Many operators of farms and ranches had a social security responsibility to meet for the first time in January 1956. They were employers of farm or ranch labor who heretofore had not been required to report wages paid to hired help or pay social security taxes on those wages because their employees did not meet the regularity-of-work test which applied to farm labor before 1955.

Any farm or ranch operator who paid \$100 or more cash wages to an agricultural employee in 1955 was required to report all cash wages paid the employee up to \$4200 in the year and pay the social security tax on or before January 31, 1956.

The social security tax on agricultural employees' wages is 4 percent. If a self-employed farmer or rancher had more than one agricultural employee in 1955, the \$100 cash wages test applies separately to each of them. The law provides for the employers sharing of the social security tax with his employee. He may have

taken the employee's share (2 percent) out of his wages each time he paid him during 1955. Or he may have waited until the cash wages paid to the employee totaled \$100. Or he may have failed to deduct any amount at all from his cash wages. In any event, the social security tax must be paid. This is the farm or ranch operator's responsibility and he must have met it on or before the last day in January.

For reporting wages paid to farm or ranch employees and paying the social security tax, farm and ranch operators should have used Form 943, "Employer's Tax and Information Return for Agricultural Employees." If you are such an operator, and a copy of this form has not been mailed to you, or you have lost it, you can obtain a form from any Internal Revenue Service Dist. Office.

A representative from the Social Security office in Amarillo will be in Clarendon, at 9:30 a. m. at the Court House February 13.

EXPERIENCE
UNDERSTANDING
FRIENDLINESS
TRUST

Murphy Funeral Home

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

FOREIGN POLICY

There has probably been more lip service paid to bipartisan foreign policy in this country and less done about it than in any country in any civilization in the history of the world. The present hullabaloo about the ill-advised, inappropriate and highly uncalculated statements by Sec-

retary of State Dulles have triggered a general foreign policy debate in every section of this country. The obvious political overtones of the Secretary's interview with a national picture magazine are further evidenced by the great amount of self-praise that he heaped upon himself. Since the reaction to these statements has rebounded like a thunder cloud, the Secretary immediately began to call for a bipartisan foreign policy. Most Secretaries of State consider a bipartisan foreign policy one that they have molded and one that the members of the other party should not criticize. Of course, if the wheels of democracy are going to operate as intended by our forefathers, there could be no such bipartisan policy as so defined. Open debate is one of the corner stones of our democracy and when the right to criticize is abolished the democratic form of government will be out of balance. The question about the "brink of war" statement is not whether or not this country was at the "brink of war", but whether or not a Secretary of State should be granting exclusive interviews to favored organs concerning matters of tremendous importance to all of the people, without first advising the duly elected officials of those people that he claims to have carried to the "brink of war" and then pulled them back from the edge of the chasm. The best thing to be done is for Mr. Dulles to openly admit that he has been highly pleased with his own operations but probably shouldn't have bragged about them so much in his exclusive interview. This would point the matter up and end it for the time being so that the people in this country could get about their business and try to prevent any further trips to the edge of the precipice.

FEDERAL AID TO EDUCATION

The proponents of federal aid to education have made great headway in the last few years. They have kept up a constant pressure on several fronts. One of these has been for the expansion of school construction funds. This is the avenue in which the greatest progress has been made. Little

ROOM FOR ONE MORE—The Army's newest helicopter—the H-34 Sikorsky—is also the biggest; it can carry 17 combat-equipped soldiers plus pilot and co-pilot, and can lift cargo-loads of approximately 5,000 pounds. The photo was made at the Army Aviation Unit Training Command, Fort Sill.

progress has been made in the plans for federal aid for the payment of administrative expenses. But there is still a tremendous pressure for such action. The present bill that is before the Rules Committee, and will probably be before the House of Representatives by the time you receive this letter, calls for an expenditure of 1.6 billion dollars. Mr. Eisenhower has supported this type of legislation although his request is somewhat different from the bill that is pending. He wants to spend 250 million dollars a year for 5 years or a total of 1 billion, 250 million. The present bill that is before the Congress calls for the expendi-

ture of 4 million dollars for 4 years or a total of 1.6 billion. You can see that the argument is not for or against federal aid but is simply a question of how much. There is no question but that if there is to be federal aid for education the bill that is before Congress would be better to carry out the announced desires of the President to provide class rooms and provide them immediately. It might be pointed out that if the people in this country were allowed to retain in each state the amount of money that is spent on foreign aid, there wouldn't be any shortage of class rooms or necessary money to administer school programs.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Every farmer and rancher in the Donley County Soil Conservation District is interested in getting a greater return from his investment; the best way to increase the net profit of any unit is to have a plan of operations. This includes a detailed plan for land use.

The Supervisors of your local SCD encourage each farmer and

rancher to take a new look at his operations. How many small details can be left out or re-arranged to reduce the overhead? How many things can be changed to give more efficiency or a larger gross?

For example, on the J. B. Masterson farm 5 miles north and west of Hedley, plans have been made to retire about 20 acres from cultivation in addition to the 75 acres he seeded to grass about 5 years ago. Mr. Masterson has been well pleased with the results obtained from this earlier seeding. L. B. Moore, who rents Mr. Masterson's farm, is willing to seed this area to grass because he is not so sure but what it takes part of the profits from the good land he is farming to pay the cost of operations on the land unsuitable for cultivation. The old terraces on this farm are to be enlarged and one new terrace is to be built this year in addition to the grass seeding planned.

Emphasis should be placed on the fact that it is not the technicians job to write the conservation plan and give it to the operator. The plan must be the plan of the farmer or rancher himself, tailor-made to his own needs, with the technicians helping him to work it out. A conservation plan, to be fully useful and serve its purpose, must be adaptable to meet the present needs of the owner and his land. One of the most important things of all is to keep the conservation plan up to date. Frequent reviews and alterations may be necessary.

Navy set eight new records in the 1954 football season — four offensive and four defensive—and finished the season standing fourth in total offense and ninth in total defense among the nation's major collegiate grid teams.

Puts you in the Big Time for a small-car price

This new Buick SPECIAL 2-Door 6-Passenger Sedan delivers locally for less than some models of the well-known smaller cars. Come in and check!

With hold back from the fun and thrill and pride of bossing a Buick—when you can boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen . . .

If you can afford any new car, you can afford this brawny Buick SPECIAL Sedan—for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars—and actually costs less than some models of those very same cars. (The price we'll show you proves that.)

Want more proof? For two years in a row now, Buick has outsold every

other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story—not by a long shot.

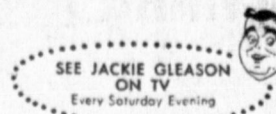

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction—more snap and ginger and power thrill—more comfort and luxury—more ride stability and steadiness—and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price—if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own—what's holding you back?

Drop in on us right quick—tomorrow, maybe?—and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

Best Buick yet

1956 Texas Heart Fund Drive Now Underway

Contributions to the 1956 Texas Heart Fund now being conducted through-out the state may be given to local Heart Associations or mailed directly to "Heart, care of the postmaster," it has been emphasized by Senator Lyndon Johnson, 1956 Heart Fund chairman for the state.

"Results of the first week of

this year's Heart Fund — which extends through all of February — indicate that Texans are becoming increasingly aware of the need for funds with which to combat heart disease," Senator Johnson declared. "Those of us who know firsthand the effects of heart disease and are aware of the valuable assistance science has received from previous Heart Funds, are hopeful that the Texas Heart Fund goal of \$676,000 for 1956 will be surpassed."

Contributions to the Heart Fund are used through local, Tex-

as and American Heart Associations to finance continued research, education and community heart programs, it was pointed out.

"In Texas, as throughout the nation, disease of the heart and circulatory systems rank as the number one killer," added the Texas Heart Fund Chairman, who recently resumed his congressional duties after suffering a heart attack last July. "Medical research supported by your Heart Fund dollars has made tremendous strides in the fight against the killer in recent years. Your contributions to the February Heart Fund — whether given to your local Heart association or mailed to your postmaster—will materially aid science and physicians in combating heart disease."

The State Penitentiary at Huntsville, Texas, was built in 1849.

AUSTIN—Accusations and denials fill the air as investigators dig into details of how US Trust and Guaranty and other now-defunct companies operated.

Rep. Bert McDaniel of Waco, lawyer for US Trust, told house investigators he had no knowledge of payment by any A. B. Shoemaker company to influence legislation.

McDaniel said he sponsored a bill to bring such companies under securities regulation and voted for a similar bill which passed. He said he abstained from voting on HB 240 which would have placed US Trust under the state banking laws.

Former State Sen. R. C. Lanning of Austin also said he knew of no payments by Shoemaker to legislators. Both McDaniel and

Lanning, an attorney who resigned from the Board of Control to represent Shoemaker during the legislature, said they had done nothing illegal or unethical.

Renne Allred Jr., former Insurance Commission examiner, declared that bank affidavits on insurance company assets cannot always be taken at face value. He cited a case involving the now-defunct Commercial Security Insurance Co. of Houston. It showed a bank deposit of \$250,000. But, said Allred, this was \$50,000 in cash and a note for \$200,000 with a restriction against drawing on the account.

Bank officials immediately denied this. They declared they had proven in court that there was no restriction against this account.

Allred also testified that the Insurance Commission received information in a report in September, 1954, that would have enabled it to close down US Trust then.

Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets. **666**

Two executives of large legal reserve life companies presented industry views in an appearance before the senate committee. Emphasizing Texas legal reserve life companies' long record of no loss to policyholders, they declared they felt such companies had been unfairly damaged by recent developments.

Present insurance laws are adequate, they said. The problem now is enforcement. Along this line they suggested the possibility of a single commissioner with sole power. This drew quick fire from Gov. Allan Shivers. These companies, he said, had asked his help during the last session of the legislature to set up the present three-man board system.

US Trust operated without a license from May 31, 1955, until put into receivership Dec. 12, an Insurance Commission attorney told the senate investigating committee: Paul Connor said that all company licenses expire May 31, but by "tacit understanding" they continue operating until the commission takes action to deny a new license.

Quizzing of employees brought only a strengthened conception of US Trust as a "one-man business," but shed no light on whether more than \$50,000 in cash withdrawals was used to buy influence. Former staffers told the house committee that money from checks drawn to "cash" went to the president, and they had no knowledge of what he did with it.

Both House and Senate committee chairmen stated they want to question Shoemaker as soon as he is able to appear. He has been in the hospital since his Jan. 7 suicide attempt.

Meanwhile, the Insurance Commission began work on a revised plan to hasten the examination of Texas companies. All will be required to prove solvency by May 31 or lose their licenses.

Also being considered is a requirement that insurance companies publish financial reports such as are demanded of banks and other institutions handling vast sums of money belonging to depositors.

\$1,100,000 in the red—and it is expected to dip lower.

State Comptroller Robert S. Calvert said the deficit likely will continue until May when income should exceed expenses again. Meanwhile, the shortage may hit ten million dollars. Nobody will lose, said Calvert, since banks have agreed to cash warrants without discount.

A similar state deficit developed last year and continued until the spring payment of corporation franchise taxes replenished the general fund.

Joint IRS - OASI Farm Release On Farm Information

"Share-croppers in the Texas Panhandle will be interested in knowing that they are generally considered self employed for social security purposes," announced John R. Sanderson, District Manager, Amarillo Social Security Administration today.

"This means share-croppers are building toward protection for themselves in their old age and protection for their families in case of their death. To qualify for this valuable family protection, they must have net earnings of at least \$400 from their farming operations in a year."

Sanderson pointed out that share-croppers, like all farm operators, will report their earnings for social security purposes for the year 1955 by filing an income tax return with a farm schedule. Share-croppers must file these tax returns with the District Director of Internal Revenue, Dallas, early in 1956, in order to receive social security credits for their farming operations, even though they may not owe any income tax.

Under a recent interpretation issued by the Internal Revenue Service and the Social Security Administration, sharecroppers in the usual farming arrangement in this area would be considered as self-employed. The landowner participating in the usual share-crop arrangement would be considered as receiving income from

rent and would not have to report his income from his share of the crop for social security purposes, nor would he receive social security credit, Sanderson continued.

For tax return forms and other information relating to the filing of returns and tax obligations, contact the Internal Revenue Office at Amarillo. For information concerning your right to social security payments, contact your social security office at Amarillo.

The Navy ice breaker USS BURTON ISLAND (AG61) and the U. S. Coast Guard icebreaker NORTHWIND (WAGE 282) became the first ships to cross the previously unconquered McClure Strait, linking the Atlantic with the Pacific Ocean.
