Band Tag Day Saturday May 5

Saturday, May 5th will be Band Tag Day in Clarendon. Everyone will be aware of this fact as members of the band and many of the band student's mothers will be making the rounds with these tags in hopes of raising money to go into the band uniform fund. This group has not asked for money in the past so they are hoping that everyone will give generously when asked to buy one of the tags and wear it Saturday. No set price has been placed on the tags - you can set the price yourself in the amount you desire to help this organization buy new uniforms to replace the ones they have been wearing for a long number of years, suits that are thread-bare and ready to fall apart.

Remember too, that our band is not just a school band but it is a community band and needs the support of everyone. Students who will sell tags in the residential area have been assigned definite areas and no duplicate calls will be made. Band mothers will canvass the business district and this section will be handled the same way. Students will be on the streets Saturday to give those who are not wearing a tag an opportunity to help. Please remember that our community is judged away from home by the way our band is dressed and equipped. It will be your honor and privilege to give to this worthwhile project - give generously.

G. F. Leathers and J. R. Leathers and family spent the week end at Garland, Texas where they were guests in the home of Mr. and Mrs. J. L. Wardlaw and son.

Longan and Mann Named Top F.F.A. Members of Local Chapter For 1955-56

Bobby Longan, son of Mr. and Mrs. Charles Longan, of the Sunnyside Community, and Milton Mann, son of Mr. and Mrs. Doc Mann, of the Chamberlain Community are the two top members of the Clarendon F.F.A. Chapter for the 1955-1956 school year. Both are freshmen and first year students. According to J. R. Gillham, local Vo-Ag Instructor, this is the first year that members of the first year vocational agriculture class have ever won honors as the most valuable members of the entire chapter.

The most valuable members are selected according to the number of points they accumulate based on a score card giving points for various F.F.A. activities, scholarship, church work, other school activities, and project work. Longan exhibited the reserve champion barrow of the Donley County Fat Stock Show, the grand champion pen of barrows at the Amarillo Fat Stock Show, and the grand champion barrow and pen of barrows at the Houston Fat Stock Show. He was one of the members of the greenhand chapter conducting and F.F.A. quiz teams, a high individual in the District, Panhandle Plains, and Area I judging contests, and will be a chapter officer in 1956-1957. He is feeding a number of barrows for the fall shows and has two outstanding angus calves on feed.

Mann exhibited the champion duroc of the Donley County Fat Stock Show, and the reserve champion duroc of the Fort Worth Show. He was a member of the chapter conducting team and a member of the dairy products team which won the District, Panhandle Plains, and Area judging contests. He is a straight A Student and a member of the school honor roll.

Harold Lindley, son of Mr. and Mrs. Dennis Lindley of the Chamberlain Community, was the most valuable member of the second year agriculture class, and third in the entire chapter contest. Harold's project program and activities included top winnings at

May 7-12 Set For Clean-Up Week

Mayor H. T. Burton announced this week that city officials had set May 7th thru the 12th as City Clean-up Week. Everyone is urged to clean up their premises and have trash and rubbish ready to haul off next week. The City trucks will do the hauling all next week so there should be very little excuse for our city not to be a sparkling place to live when the following week rolls around. With our rains, a good clean-up job of trash and cans, etc., will help eliminate mosquitoes and other insects which endanger health and lives.

The Mayor pointed out also that some people had been dumping trash in the ravine in southwest Clarendon and other places within the city limits. This is unlawful and anyone caught or reported committing this unsanitary act will be prosecuted. It calls for a fine of not less than \$5 or more than \$25 for the first conviction. Please use the city dump ground 3 miles southeast of Clarendon, he added.

PROJECT STARTED TO LIGHT SOFT BALL FIELD

The Chamber of Commerce youth activities committee is presently engaged in trying to obtain the necessary materials to light a soft ball field which will be used for soft ball games for boys, girls, men and women in this community. "I feel that this field will give our youth a constructive program for the summer months during their vacation period," stated Ray Moore, chairman of the committee. Any and all suggestions by anyone as to the methods we might use to obtain the necessary materials will be greatly appreciated, Moore added.

Mrs. H. C. Smith has received word that a nephew, Milton Scott, was crushed to death by a tractor April 27th at El Cajon, Calif. Milton was a son of Alvin Scott, former Clarendon resident.

School Closing Activities To Begin Next Week With Class Night

Clarendon School closing activities will begin next week with the Senior Class night as the first event on the program and then it will be a busy time from then on 'til the end of school May 18th.

The Senior Class night program will be presented Tuesday night, May 8th at 7:30 in the College auditorium. The program is as follows: Processional—Sandra Barnhill; Class History—Tommy Lane; Solo—Jackie Estlack; Salutatory address—George Thompson; Class Prophecy—Carol McAbee; Piano solo—Harlene Smith; Valedictory address—Jackie Estlack; Class Will—Buddy Bobbitt; Presentation of Key—Bernie Benson to John Payne; Recessional—Sandra Barnhill. The public is cordially invited to attend this program.

Honor students for both Senior High and Jr. High were announced this week by Principal K. D. Vaughan. Miss Jackie Estlack, daughter of Mr. and Mrs. G. W. Estlack, will be the Valedictorian of the Senior Class with an average of 93.1. George Thompson Jr., son of Mr. and Mrs. George Thompson Sr., will be the Salutatorian with an average of 92.5.

Martin Head, son of Mr. and Mrs. John Head, will be valedictorian of the Jr. High Class with an average of 96, and Sandra Pinkerton, daughter of Mr. and Mrs. W. W. Pinkerton, will be salutatorian with an average of 93.

Dusters To Play Raths At Amarillo Sunday

The Dusters will take on another Amarillo team this next Sunday and have hopes of bringing home their first win. They lost 7-4 to the Amarillo AFB team here last Sunday. Their opponent next Sunday will be Raths and this was a rough bunch to cope with last year. The Dusters would have done alright last Sunday but their pitching was wild in the first inning that gave the AFB a lead that they could not overtake.

Mr. and Mrs. W. E. Hodges were week end guests in the home of his daughter and husband, Mr. and Mrs. George Bain at Sunray.

CLARENDON RANKS FIRST IN AREA JUDGING CONTESTS

In competition with representatives of 150 schools from a major portion of the northern and western part of Texas, judging teams representing the Clarendon Future Farmer Chapter made a creditable showing at the Texas Tech Contests at Lubbock, Saturday, April 28th. The dairy products team composed of Jimmy Graham, Bobby Longan, and Carl Talley won the Area I event, and qualified for participation in the state contests. Milton Mann, who had been a regular member of the team, was an alternate in the contest because of a cold. The team had previously won the Greenbelt District and Panhandle Plains Dairy Show Contests.

W. T. Elliott, Doyce Graham, and Dannis Gibson were members of the Dairy Cattle judging team and ranked high on placing of cattle but failed to rank in the top group in the answering of questions on their placings. Jimmy Gattis was alternate on the dairy cattle group. Clyde Drake, Jimmy McAnear, and Pat Roberson, with Fred King as alternate, were members of the grain judging team, and Wesley Webb, James Mahaffey and Harold Lindley were poultry team members with Tommy Porter as alternate.

The group made the trip by bus Friday afternoon, participated in the contests Saturday, the barbecue furnished by the Lubbock Co-Op Cotton Oil Mill Saturday afternoon, and returned home Saturday night. Bobby Longan was awarded a medal as one of the three high individuals in the dairy products contest, and the chapter was given two large banners signifying the top honors won.

Summer Water Rates Now In Effect

The annual summer water rates were announced this week by Mayor H. T. Burton. The new rate went into effect May 1st. All water users will receive a minimum of 3,500 gallons instead of 3,000 at the same old price. The regular rate applies to all water used over this amount.

For the convenience of those who don't want to climb the steps at the City Hall or can not, we have installed a pay box directly in front at street level whereby you can pay your water bill. Just put your money in an envelope and drop your payment in this box and it will be picked up several times each day, the Mayor added.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE PASSAGE OF THE FARM BILL

The last few days before the final vote on the farm bill were very tense. The Administration was pushing for defeat of the bill if certain measures could not be removed from it.

Administration forces had been hard at work, but plenty of work had been done on the other side of the aisle also. As the time drew near for the final debate the picture began to clear up and it was obvious that the bill would pass by a margin of some 40 to 50 votes.

The debate was limited to two hours. The Speaker was kind enough to permit me to occupy the Chair during a portion of the debate, and from that vantage point you can certainly feel the pulse of Congress.

Actually the debate didn't change one vote. Every Member to the man had weighed and re-weighed the provisions of this measure and knew exactly what he was going to do. When this occurs, continued debate makes the Members restless and they remind you of a bunch of cattle milling around in pens just before a storm.

The efforts of the Administration forces to stem the tide were gallant but futile, and there was little doubt as to the fate of the farm bill after the first twenty minutes of debate. The Administration forces wanted to strike several provisions from the bill including the mandatory supports on feed grains, including grain sorghums. This effort was defeated by a vote of 238 to 181. The vote on the final passage of the bill was 237 for and 181 against. It immediately went to the Senate and the Senate acted on it the same day. By the time

ERSKINE BUTLER ANNOUNCES CANDIDACY FOR THE OFFICE OF CONSTABLE

To the Voters of Precinct 2, Donley County:

I have been a resident of Clarendon since early boyhood, and received my education in the Clarendon Public Schools. At the present time my father, W. O. Butler and I are the only ones of our large family who still make this our home.

I feel that I am qualified to fill the office of constable and now ask for your vote in the coming election. If elected, I promise to fill the office to the best of my ability. My aim will be to serve all the people without favoritism.

ERSKINE BUTLER

you receive this letter, the President will probably have signed the bill or vetoed it. Many Members during the debate stated that the President had threatened to veto the bill and would do so. My answer to that argument was that if the bill was not sent to the White House no one would ever know whether the President was bluffing or not when he indicated he would veto it.

April 20, 1956 THE VETO OF THE FARM BILL

There were several matters connected with the veto of the farm bill that were very interesting. One of these was the fact that several Governors who belong to the same Party as the President, realizing at firsthand the plight of the American farmer, sought an audience with the President to present their thoughts on the subject matter. The audience was granted for Monday morning, April 16th, and the doors of the White House swung open to admit these gentlemen to a conference on the subject. It was presumed by these men that their thoughts and recommendations were to be given consideration with relation to any action to be taken on this piece of legislation.

What they didn't know was that the veto message had already been written and that they might as well have been on a sightseeing tour. The truth is that the veto message was on Capitol Hill almost before these Governors got the dust of the White House off their feet. According to the Eastern press quoting White House sources, the advisory committee consulted by the President concerning the veto message consisted of True D. Morse, Under Secretary of Agriculture who has long advocated washing out all marginal farmers; Ezra Taft Benson, Secretary of Agriculture, who has repeatedly contested every provision contained in the farm bill, but who has recently underwritten a soil bank proposal that he formerly fought; Dr. Gabriel Hague, whose title as Doctor does not refer to medicine and obviously not to agriculture (an economist who successfully convinced some grain sorghum farmers that I took to see him last year that his agricultural theories were fine except that they wouldn't work on a farm); Kevin McCann, a speech writer, and last but not least, Mr. Fred Seaton whose great farm knowledge no doubt came from his previous experience with the Department of Defense. My first reaction to the veto message was that it was written by Gabriel Hague, because much of the language is identical with the words and phrases used by him when we had the grain sorghum conference last year.

I had thought that the proper thing for the President to do would be to consult with some of the elected representatives of the people, but I guess I just haven't gotten rid of all of my old-fashioned ideas. It does seem strange how these economists, big businessmen, speechmakers, and so forth are always willing to run the farmer's business but never want the farmer to have any hand in theirs. However, the farmer has always been used to battling for his rights, and this present battle has just begun.

CANCER COSTS \$12 BILLION Some 500,000 new cancer cases will be reported this year in the U. S., while a total of 700,000 will be under medical care for cancer. That means a loss of 3,500,000 man-years of work and will cost the economy \$12,000,000,000 in loss of goods and services.

Attorney Ralph W. Yarborough will be the only Liberal candidate for governor.

Will Wilson, Associate Justice of the Supreme Court, announced for attorney general. John Ben Shepperd is vacating that job. Judge James R. Norvell of San Antonio promptly announced for Wilson's post.

Now campaigning for Congressman-at-Large is W. F. "Bill" Elkins, formerly of Killeen, and now a Dallas real estate man.

In the Lt. Governor's race for the first time, and with a strong organization, is Sen. A. M. Aikin of Paris, one of the sponsors of the Gilmer-Aikin school bill.

Busy campaigning for re-election are Judge W. A. Morrison of the Court of Criminal Appeals; and Supreme Court Justice Meade F. Griffin.

Actively seeking Jesse James' post as State Treasurer is Warren G. Harding of Dallas.

High Polio Rate Feared

Texas may be headed for a major polio epidemic in 1956 unless vaccinations speed up, say State Health Department officials.

Doctors have been urged to use all available supplies of Salk vaccine, immediately.

Number of cases already has hit 181 as compared to 114 for this time in 1955. Only four of the victims had received shots. Of the 1956 cases, 96 were paralytic.

Some 90,000 new polio shots have been earmarked for shipment to Texas. Less than one-third of Texas children under 20 have received shots, says the Health Department. An estimated 962,415 children and pregnant women have had at least one shot, but there are 3,542,200 who are eligible.

Work Law Action Taken

Atty. Gen. John Ben Shepperd had moved to protect Texas' "right to work" law.

He asked the U. S. Supreme Court to postpone ruling on a similar Nebraska case until fall. By then he hopes the Texas law, now involved in a suit in the State Supreme Court, can be considered jointly. He also filed a "friend of the court" brief supporting the Nebraska law.

In the Texas suit unions contend the National Railway Labor Act authorizes closed shop contracts, which Texas law prohibits.

AUSTIN—An all-out campaign to elect Texas' Senior Senator, Lyndon Johnson, to the presidency of the United States, is under way.

It isn't just a drive to name him chairman of the Texas delegation. It isn't just a "favorite son" compliment. It definitely is an all-out effort to elect a Texan as President, on the Democratic ticket.

Held high as proof that it can be done is the 1952 election to the Presidency of Texas-born Dwight

D. Eisenhower on the Republican ticket.

Popular Tom Miller, Austin's mayor, has been chosen to co-chairman the campaign, with Austin philanthropist and realtor E. H. Perry Sr.

Endorsements already received from out-of-state national figures indicate that the "favorite son" movement, which had been gaining momentum, has outgrown its Texas boundaries.

Johnson also is being boosted as chairman of the Texas delegation to the Democratic national con-

vention in Chicago. Selection of a chairman will be made at the May 22 state Democratic convention in Dallas.

Gov. Allan Shivers, who also has been recommended to lead the delegation, pointed out Johnson as presidential timber as far back as 1954. However the two have clashed over the chairmanship.

Johnson has said he would accept both the designation as chairman of the delegation, and as Texas' favorite son candidate for President.

Shivers said he would serve as chairman, but is not interested in the favorite son role.

Over the state both sides are working to get their supporters to the May 5 precinct conventions.

Races Taking Shape

A rapid-fire series of announcements is fast bringing the summer political campaign into focus.

BAND STUDENTS ENJOY BANQUET

Band parents entertained Band students at a banquet in Lions Club Hall Monday evening, April 30th, for the first of such annual entertainments. The hall was cleverly decorated to carry out the musical theme using musical signatures in combination with the school colors of maroon and white.

The tables were marked with signatures and black notes on streamers extending down the tables with white candles interwoven with the streamers. In the center of the speakers table was an arrangement of white chrysanthemums. Programs likewise carried out the musical theme with the treble clef sign underlaid with maroon.

Rev. Conrad Ryan pronounced the invocation and the benediction. In the absence of W. W. Pinkerton, Mrs. Pinkerton gave the Welcome, and Jackie Estlack presented the response. A most enjoyable musical program was presented by Ted Parker and boys from Dodson, Texas. Remarks were made by Allen Pittser, Band Director. Jeanie McAnear was mistress of ceremonies for the evening.

Sixty-two students and parents were present.

Texas Highway Patrol Accepting Applications For State Patrolmen

AUSTIN - The Texas Highway Patrol is accepting applications between now and June 10 for appointment as State Patrolmen. **Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety,** said that state-wide examinations would be given late in June and that successful candidates will be selected to begin training in September to fill the remaining original vacancies authorized by the last Legislature when the Patrol strength was increased by 200 men.

The Public Safety Director invited all young men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive; have a high school education, or equivalent; be at least 5 feet 8 inches in height; and weight must be in proportion to height.

Garrison also emphasized that applicants must have been residents of Texas for at least a year prior to the date of examination and they must be of good moral character and in perfect physical condition and able to withstand a rigid character investigation. Rookie patrolmen are paid during training, Garrison said. Also provided is two weeks paid vacation annually; sick leave, if necessary; and the benefits of both the State Retirement Act and Federal Social Security.

Applications may be obtained by writing to **W. J. Elliott, Chief, Texas Highway Patrol, Austin;** or by visiting the nearest Patrol District Office.

We Deliver

PLOWIN' Out the CORNERS

Our two newest members to our Ain't Smoking Right Now Society are J. B. Lane and Charlie Hearn of Clarendon, Texas. Their names were sent in by their pastor Ernest Phillips of the Calvary Baptist Church. Best wishes Charlie, J. B. and Ernest.

Someone has said that when we were born the Angel of Life winds up the Clock of our Life and after locking the case hands the key to the Resurrection Angel. The Clock of Life then is left to run down with no way of rewinding. No one holding the key to the winding case; except

the Angel from the life hereafter. It is something to think about, isn't it?

We got quite a kick out of the following story: An old negro woman was in a lawsuit with a large company. The company had two lawyers and she had only one. When one of the lawyers for the company was talking to the court and asking questions of the witnesses the other lawyer would be thinking and writing down notes to be asked later. Finally, the old lady said to the judge: "Looka 'hyar Judge, we jest as well gives up on this case. We ain't go no chance a 'tall. Cause when dey're lawyer is up talking dey's still got somebody a 'thinkin'. But, when mah lawyer is up a 'talkin' dey just ain't nobuddy a 'thinkin'."

We can remember the following advice, given to us a long time ago by some statesman: "The bigger we allow our government to become in its scope of influence in regulating and run-

ning our daily lives, the smaller the voice and rights of the people will become."

"Build your fences low enough so that you can shake hands over them."

Later we received a nice letter in care of the editor from Mrs. B. R. Conway of Ardmore, Okla. in which she included her favorite saying, as follows: "To err is human, to forgive is divine." That is a real good one, don't you think? Too, Mrs. Conway wondered why we do not ask for favorite scriptures of our readers. We would really enjoy having them, and if at all possible we will use them in the column, try to use all of them, that is, so fire away. Anyway, thanks Mrs. Conway, and here's hoping more and more of you will take the time to write us a note in care of this paper. It not only makes us feel real good, but it lets our favorite editor know that you do read our column. So, the more the merrier.

Still thinking about the Convention. We heard a lot of speeches; good, bad and in between. Most everyone told a joke but some of them won't bear repeating. We heard this: "Some people's jokes are so bad, that you don't know whether to laugh with the person or at the person."

We heard this about an expert. X means a has been. Spert means a drip under pressure. Could that be true?

"People should be responsible for their responsibility, or maybe we should say responsive to their responsibility."

One fellow in talking about this modern age said: "Everything around the house is controlled by a switch, except the children."

No matter how high a man rises he needs to still keep looking to a higher power."

Veterans News

Effective Tuesday, May 1, 1956, the Veterans Administration Regional Office in Lubbock, Texas will assume the responsibility for processing death claims for veterans whose death occurs in the 79-county area served by the Lubbock office, Robert W. Sisson, Manager of the Lubbock VA Office, announced today.

Prior to January 1, 1956, this function was performed by the Denver District Office for veterans residing in the Southwest, Rocky Mountain and Pacific Coast states. On January 1, 1956, the Dallas, Texas Regional Office assumed this responsibility for all veterans residing in the state of Texas. Recently the Administrator of Veterans Affairs further decentralized this function

to the five regional offices in Texas.

In the future death claims will be processed by the Veterans Administration Office serving the territory in which the veteran's death occurs. After the transition period is over it is felt this complete decentralization will result in more expeditious service to beneficiaries.

The Lubbock Regional Office will handle all activities connected with death claims including payment of National Service Life Insurance policies, pensions, and statutory burial allowances.

Notices have already been sent to all funeral directors located within the area served by the Lubbock office. To expedite the processing of these cases after the veterans death beneficiaries should contact the Lubbock Regional Office, any VA Office within the regional office territory, veterans organizations' service officers, county service officers, or chapter representatives to obtain assistance in filing claims. To aid the Veterans Adminis-

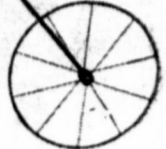

tration in processing these cases, beneficiaries should if at all possible, furnish the veteran's service serial number, claim number if any, and the policy number of his National Service Life Insurance.

The decentralization of death claims activities to the regional office level now enables field stations to offer complete "one-stop" service to veterans and their dependents, Sisson stated.

LIBRARY NOTES**

By May L. Prewitt

The books released this week are: "Dr. Kate—Angel on Snow Shoes" by Adele Comandini. This was given by Mr. and Mrs. Bob Moss in memory of Mr. H. K. Leathers. It is a biography that is thoroughly enjoyable and inspirational. "Up the Missouri with Audubon", the Journal of Edward Harris and edited by John Frances McDermont. This was given by the H. K. Leathers family in memory of Mrs. Piercy. It too, is recommended reading by the Book Lovers Southwest guide. We are quite happy to have these editions added to our Library.

From other miscellaneous and Mothers' Study Club donations we have "The Story of Joan of Arc", "The Story of Louis Pasteur", and a sports copy "Goal To Go" by Curtis Bishop. These are

for the Junior readers. For the smaller children a simplified arrangement of "Lassie Come Home," and "The Terry Bears Win the Cub Scout Badge." There will be some others after a few weeks.

Every year the "Texas Library Journal" lists us in the issue on Libraries indexed as having an income of \$9600 per year. I understand on my annual report our exact intake, but they neglect to notice this part of the report. I can't account for this error. We

would be very fortunate if it were true. Once each year this Library Directory and Statistics is published.

Several of the lower grade pupils are beginning their memberships for the summer. We have excellent patronage during vacation. We haven't many new books for the children this year. Books are very expensive.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

The week of May 6-12 is Soil Conservation District Week in Texas. It begins on Soil Stewardship Sunday, May 6, when many

churches will hold special services to recall man's duty to the land. During the rest of the week, most SCDs will present special tours, programs and field days to publicize District accomplishments and objectives.

Texas has 172 soil conservation districts which embrace 96 percent of the land area of the state. These Districts represent the greatest force -- and the first organized, locally-controlled force

-- for the conservation of soil, water, plants and wildlife.

Each soil conservation district was organized only after landowners of the area voted to have such a district. SCDs are legal sub-divisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a board of five supervisors who must be landowners themselves and who are elected by farmers and ranchers of the Districts.

A soil conservation district helps its cooperating farmers and

ranchers plan and apply conservation measures on their land.

Following a master plan which was carefully prepared by farmer and rancher committees, each District works toward the goal of complete conservation for all the land in the District. Supervisors function as a co-ordinating body to stimulate and guide the efforts of local groups and individuals toward achievement of the District goal. Technical assistance is provided by various agencies, such as Soil Conservation Service, Extension Service, Forest Service, and Vocational Agriculture teachers.

Any landowner can become a SCD cooperator by applying to the board of supervisors. Becoming a cooperator does not involve any financial obligation. Texas SCDs now have 172,000 farmer and rancher cooperators, and the figure grows by 15,000 each year.

Last year these cooperators cover-cropped 1,180,000 acres and stubble-mulched 256,000 acres of Texas land. They controlled brush on 1,322,000 acres and had 6,963,000 acres under deferred grazing. They built 10,700 miles of terraces, 7,540 miles of waterways, built over 10,000 ponds and leveled 74,000 acres of land for proper irrigation.

Supervisors of the Donley County SCD are J. R. Porter, Chairman, W. P. Doherty, Vice-Chairman; C. B. Morris, secretary; T. C. D'Spain, and J. A. Tollett. District offices are maintained at Clarendon. The district has 514 cooperators.

Dr. John Witt Elected Association President

DALLAS—Dr. John L. Witt of Groom today was elected president of the Texas Association of Osteopathic Physicians and Surgeons.

The election took place during the association's annual three-day convention in the Baker Hotel. The meeting opened Thursday, April 26 and ran through Saturday, April 28.

The West Texas physician, who has practiced in Carson County since graduating from the Kirksville (Mo.) College of Osteopathy and Surgery in 1935, succeeded Dr. Wayne M. Smith of Jacksonville.

Named "general practitioner" of the year in 1954, Dr. Witt has been city and school health officer for the past 19 years in Groom where he owns and operates the Groom Osteopathic Hospital.

Others elected were Drs. Lester Travel, Houston, president-elect; J. Natcher Stuart, Dallas, 1st vice-president; Charles C. Rahm, Brownsboro, speaker of the House of Delegates; and T. M. Hobart, Dallas, vice-speaker.

Named as three-year trustees were Drs. Glen Scott, Amarillo; M. G. Holcomb, El Paso; and Charles H. Bragg, Big Sandy. Two-year trustees chosen were Drs. Gordon Beckworth, San Antonio and Harlan O. L. Wright, Sundown.

The British United Kingdom is about one-third the size of Texas.

Southern District Explorer Sports Rodeo May 4-5

The Southern district will hold its first District wide Explorer activity on May 4 and 5 in Shamrock. It will be an Explorer Sports Rodeo and will have representatives from all the Explorer Posts and the Explorers in the Troops of the District. Men and boys from Memphis, Hedley, Clarendon, Wellington, Wheeler and Shamrock will participate.

Events scheduled to take place at the Rodeo are Archery, Rifle Marksmanship, Mo-Skeet-O, Plug Casting, Cross Country Team Relay, and an Obstacle Course. Most of the preparation that has gone into the setting up of the activities has been done by Jack Stone and G. P. Davis of Shamrock. Post No. 76 of Shamrock will act as host for this activity.

There is a blanket invitation out to all Explorers in the District to attend and participate in this event but the towns listed above are the ones who have made definite plans to attend.

The Rodeo will be held at the old Airport on the South-East side of Shamrock and the parents, friends and the general public is invited out to watch the proceedings at any time during the encampment.

Why The Catholic Church Says "INVESTIGATE!"

Probably not more than a handful of people hate the Catholic Church as it really is. But many have heard anti-Catholic calumnies from sources they have been taught to respect, and have come to fear and suspect the Church as it has been falsely represented to them.

It is hardly reasonable to believe that 25 millions of Americans would remain in the Catholic Church if the rumors circulated against the Church are true. Nor would thousands of others become Catholics every year if they believed such things—without inquiring into the facts.

That is why the Catholic Church says again and again to people everywhere: "Investigate! Investigate!"

The Church makes this appeal not merely to settle an argument, nor primarily to win the good-will of the non-Catholic people, although this is a hoped-for result.

Its more important aim is to invite people to inquire into Christ's truth as taught and preserved by the Catholic Church down through the centuries. For no man, seeking the salvation of his own soul, can conscientiously discount the Catholic claim to be Christ's Church on the basis of mere rumor and slander when the truth is so readily at hand.

The Catholic Church therefore invites you to inquire into its teaching and practices... to find out for yourself if what you believe about the Church is true or false.

Learn for yourself, for instance, if it is true that Catholics give divine worship to Mary, the Mother of Christ... or if this is not just another calumny. If you have been led to believe that Catholics worship idols and statues... buy and

sell the divine worship of the Mass... are opposed to the religious freedom granted all religions by our Bill of Rights, then you have been deceived and misled.

If you have harbored these or any other false beliefs about the Catholic Church and its teachings... and if, above all, such misunderstanding has kept you from examining the Catholic claim to be the Church established by Christ Himself... you owe it to yourself in good conscience to seek the truth.

We shall be glad to send you free on request, a booklet dealing with the points mentioned here and many others... including the attitude of the Church toward Birth Control... secret societies... the salvation of non-Catholics... why Catholic priests are called "Father"... the Inquisition, and the alleged goings-on behind convent walls. It will come to you in a plain wrapper—and nobody will call on you. Write today... ask for your copy of Pamphlet No. KC-7.

Guaranteed

RIGHT FOR ALL WEATHER

● TROP-ARTIC® Motor Oil gives the protection your car's engine needs at every season of the year. It won't get too thick in cold weather. It won't get too thin in a hot engine. We're so sure you'll be delighted with the performance of TROP-ARTIC Motor Oil that we make this guarantee:

Use a crankcase-full of TROP-ARTIC Motor Oil for ten days or up to 1,000 miles. If you aren't completely satisfied that it lives up to all the claims made for it, your Phillips 66 Dealer will replace it with any other available oil you prefer—at no expense to you.

● Could anything be fairer? Change to TROP-ARTIC All-Weather Motor Oil at your Phillips 66 Dealer's.

Be Weather-Wise! Change Today!

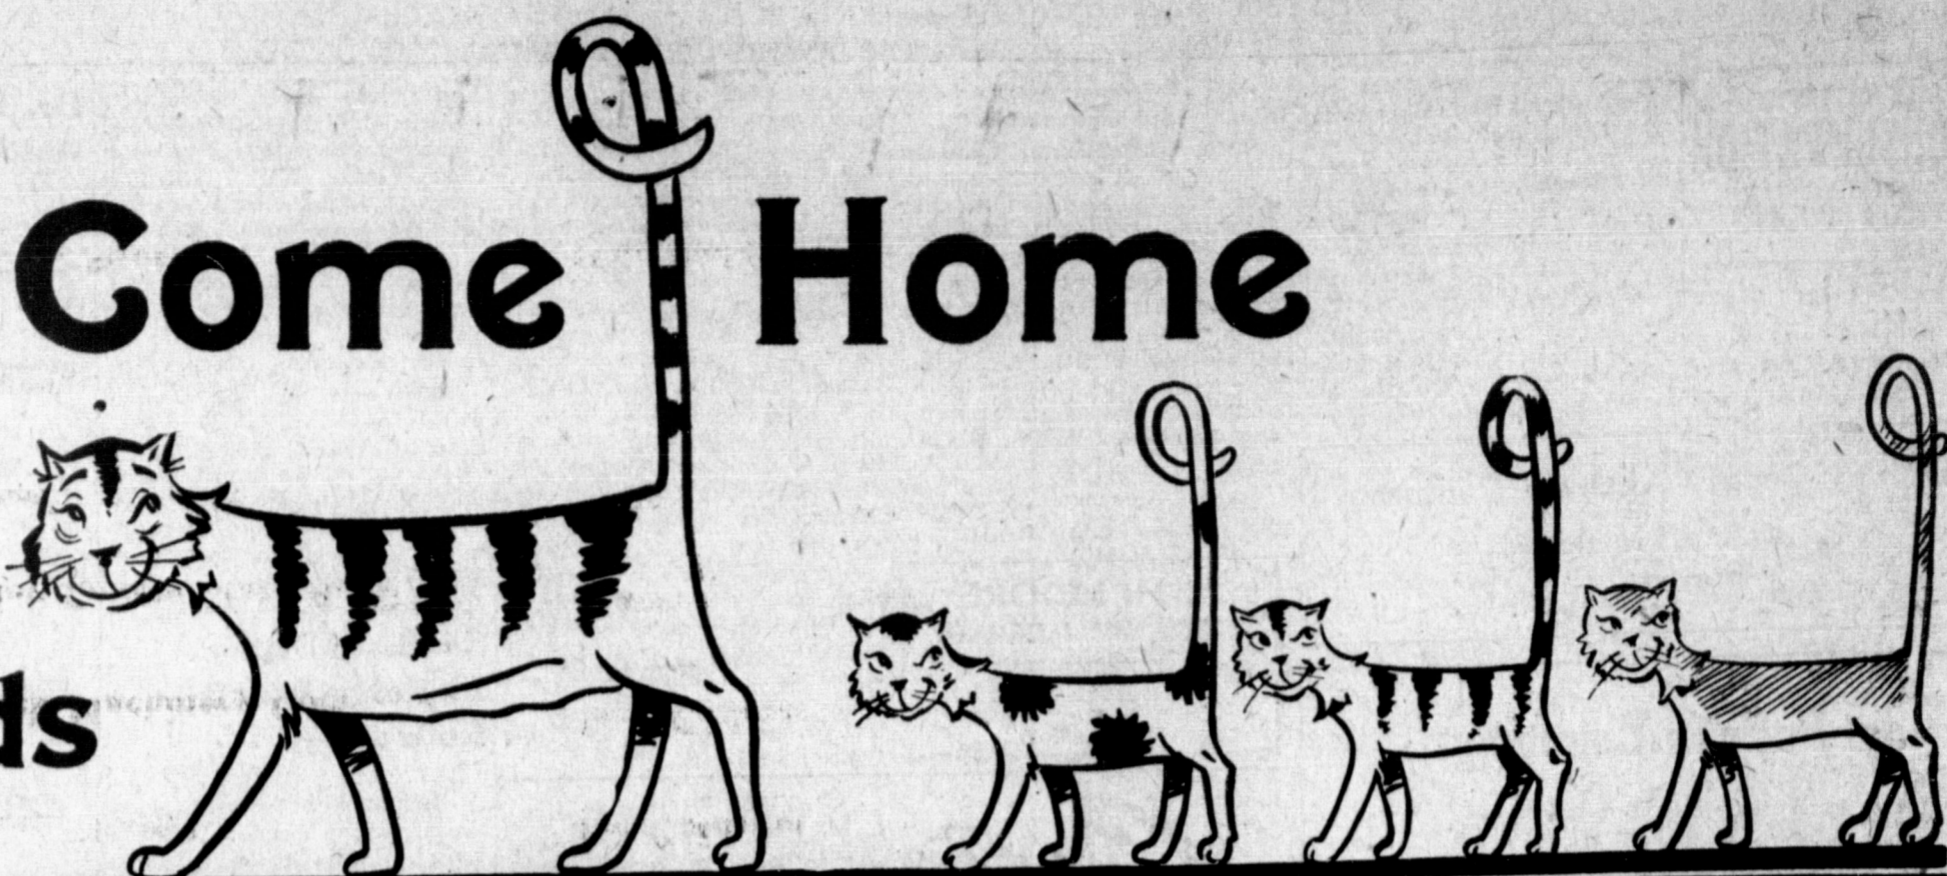

You'll benefit from easier starting... up to 45% less oil consumption and 40% less engine wear... longer gasoline mileage. And TROP-ARTIC keeps engines cleaner. Compared to old-fashioned motor oils it can even double engine life!

but ... scattered dollars don't

You might broadcast a sack of cats . . . and find them all back home in a couple of days . . . plus some extras. But DOLLARS don't have much in the way of a homing instinct.

Take DOLLARS and sow them in the City . . . or send them off to some mail-order concern . . . or hand them to some hit-and-run salesman, and they are LONG-GONE DOLLARS.

IF YOU DON'T THINK SO . . . try to get some of these

left-town dollars back home to help fill our Red Cross quota . . . or to buy new suits for the school band, or a new fire engine, or to hire a preacher, or some more school teachers for your kids, or to pave more streets.

BUYING WHERE YOU LIVE supports more people — and more prosperous people — in the neighborhood. People who can save you money by helping you carry the load of time and expense that goes with any community that is fit to live in.

Don't Carry It Off...Keep It at Home and Use It Again

**It Pays to Buy
where you Live**

YOU get Everything that Your Money Pays for --- Merchandise and a trade-invigorated community to live in --- when you buy from your home town merchants ---
