Donley County Fair To Attract Big Crowd

Clarendon Bronchos Will Be Hosts To Claude Mustangs Friday Night

Clarendon football fans will have an opportunity to see the Bronchos play on their own home field for their first time this season when they are hosts to the Claude Mustangs here Friday night. Game time is 8 o'clock.

From all indications this is expected to be an exceptionally good game and probably will be close in the scoring department. The Mustangs are heavier and more experienced this year as evidenced by their outcome with the Panhandle eleven last Friday night. Panhandle was only able to slip one touchdown pass by the Mustangs, winning the game 6-0. Panhandle has been picked to win our district, so you can figure this game to go most any direction. The Bronchos will start the game minus two of their regular starters, Morrow and Bain. Both received injuries in the Childress game last Friday night. They will be replaced in the line-up by Ronnie Martin at end and Bill Dale Hill in the back position.

The probable starting line-up for the Bronchos will be: Mike Murff and Ronnie Martin at ends, Fred Clifford and Bobby Holland in the tackle positions, Donald Smith and Clifton McNabb as guards and Jimmy Lambeth at center. Making up the backfield will be Bobby Johnson, Cotton Hall, Bill Dale Hill and Lovell Myers.

Be out there Friday night and let the Bronchos know you are behind them to win.

BAND PARENTS TO HAVE STAND OPEN FOR BALL GAME

The Band Parents will again have the food stand open at the football game Friday night. Hot dogs, coffee, pop corn, and cold drinks will be for sale. You are invited to come to the game early and eat after you arrive. All proceeds go to help defray expenses of the band.

The stand has been or will be painted white this year as voted at the last meeting of the Band Parents organization Monday night. There were 16 members present. If you have a child in the band and were unable to attend, make your plans now to come to the next meeting which will be held the third Monday in October.

FIVE LITTLE INDIANS—Whooping it up at an amusement park for first time in their lives, five young braves from a New Mexican Pueblo Indian village reveal mixed reactions to their first roller-coaster ride. Guests of Irving Rosenthal, Palisades Park owner, the redskins tasted and took to hot dogs, cotton candy, jelly apples and other delicacies served in the New Jersey playspot. They were awarded vacations in New York by Marquette League officials. Seen in front seat are: Joseph Wolf-Rock and Donald Willow-Deer; center seat: Chief Vincent Mountain-Cloud and Donald Golden-Aspect; last car: Francis Pine-Tree. All are between 15 and 17 years old.

Volunteers Needed to Give Pint of Blood October 3rd

A thorough campaign will be made Monday and Tuesday in Clarendon and throughout the county for citizens to volunteer 1 pint of blood to the Red Cross to be sent as whole blood and plasma directly to Korea and our fighting forces. Each citizen or a member of their family will be contacted and will be asked to fill a pledge card and appointment time.

On October 3, the mobile unit for collecting blood will be in Clarendon at the Youth Canteen and pledged appointments will be kept at that time.

Mrs. L. P. Moore, personal contact chairman, and her staff will spend all day Monday, Sept. 22, at their telephones talking to each citizen and asking them and their families to volunteer blood. Appointments will be made then. Tuesday, Sept. 23 businesses downtown will be contacted by Mrs. Brack LaGrone and her volunteer workers. Mrs. Moore says that she hopes each citizen will be considering donating the blood and will have talked to each member of their family before Monday when they will be contacted.

Some of the contact chairmen for the rest of the county are Mrs. Craig Johnson, Lelia Lake and Mrs. Millard Word, Ashtola.

Mrs. Charlie Seeds, blood program chairman, says that she hopes in next week's paper, it can be announced that this county has gone over the 150 pints quota which has been assigned to it.

Workers helping Mrs. Moore on her telephoning Monday will be Mesdames Frank Phelan Jr., Charles E. Deyhle, J. R. Porter, Alvin Hicks, P. C. Messer, James Moore, Chauncey Hommel, Billy Phillips, Carl Bennett, Bill Moorings, Sam Lowry and Herschel Heath. Volunteers for working the business district with Mrs. Brack LaGrone Tuesday are Mesdames Russell Bain, Bill Greene, T. M. Caldwell, Jr., Jackie Phelps, H. M. Breedlove, Wm. J. Lowe and Charlie Seeds.

Mrs. J. C. Phipps of Wellington and her daughter, Mrs. Tom Rush of Mineral Wells visited Monday with Mrs. W. A. Land and Mrs. G. A. Anderson.

CHIMP GETS HIS ANNUAL CHECKUP

Checkups for Chimps are important too, according to Mickey, St. Paul, Minn., zoo-socialite. Mickey hied himself to the family Doc, made sure all was in good order by getting the medico's O. K. At left, Mickey waits while the Doc listens in on his heart. No thumps, jumps, yowls or murmurs there. Middle panel shows Mickey mystified by the flickering contraption Doc uses to peer inside his eyes. "How's it look, Doc?" he asks. Apparently all is O. K. because at right Doc goes on to check teeth, throat, and tonsils. Mickey gurgles "Ah-h-h-h," revealing everything, even the ice cream he had for dessert. And so, stamped "O. K." for another year, the healthy Chimp rests easy. He wants to pass the word along advising others to have an annual checkup "just to be sure."

NEWS COPY REQUESTED ON TIME

With the coming of September and cooler weather, clubs and organizations disbanded for the summer, once more resume their meetings, school opens and news matter becomes much heavier, making it necessary that we receive your copy on time. A plan for each paper is made at the close of the week. This allows space for advertising and space for news. The type-setting machine can turn out only so much type each day, and for this reason, all material turned in on Wednesday can not be set up in time for the current issue.

The deadline for news is as follows: Clubs meeting Wednesday, Thursday, Friday, or Saturday must have their reports in Monday; Clubs and organizations meeting Monday and Tuesday must be in Tuesday night. This allows time to set front page stories Wednesday.

Your cooperation, as in the past, will be appreciated. Help us to make your paper, a paper you will enjoy reading. Turn in "Your News."

Jr. High Colts to Play Claude Here Tonight

The Jr. High Colts will open their fall schedule here tonight against the Mustang Colts from Claude. The game will be played at Broncho stadium beginning at 7 o'clock. Coach Brown reports that his Colts are in good condition for the game and are looking forward to starting the season off right by winning their first engagement.

The probable starting line-up for the Colts will be Gerald Anderson and Jimmy Philley at ends; Chester Mann and Donnie Davis at tackles; Claude DeBord and Winzell Trussell as guards and Eddie Baten at center. John Payne will fill the quarterback slot, Steve Reynolds and Lynval Arthur at half positions and Corky Wilson as fullback.

Be up there tonight and watch the Colts perform.

WILSON E. STILL

To Make Citizenship Address Tuesday At Lions Club Meeting

Wilson Still of Macon, Georgia, assistant manager of the National Cotton Council, will deliver a Citizenship Week address at next Tuesday's meeting of the Clarendon Lions Club.

His appearance here was arranged with Lions Club officials by the Clarendon Chamber of Commerce, the West Texas Chamber of Commerce, and the National Cotton Council. The latter two organizations are acting as coordinators of Citizenship Week observance in the South and in West Texas, respectively.

September 17 was designated "Citizenship Day" by the last Congress. It was the first congressional recognition in the nation's history of the signing of the Constitution.

Sponsored by the National Congress on Citizenship, purposes of this special observance are:

- To re-examine the functions and duties of American citizenship in today's world;
- To assist in the development of more dynamic procedure for making citizenship more effective;
- To indicate the ways and means by which various organizations may contribute concretely to the development of a more active, alert, enlightened, conscientious and progressive citizenry in our country.

Childress Bobcats Defeat Broncs 28-6

The Childress Bobcats came out victors over the Clarendon Bronchos last Friday night after taking to the airways to accomplish the feat. The final score was 28 to 6 but the score was one-sided in regard to the type of game that was played.

The Bronchos held the Bobcats to a small number of yards gained on the ground and the only way the Bobcats were able to score was by passing. The Broncho pass defense received a jolt early in the game when Morrow had to leave the game with a broken thumb. The Bobcats managed to throw enough passes to score in each period.

The only Bronco score came in the third quarter when Lovell Myers skirted his right end and went 43 yards, evading tacklers practically all the way, to cross the goal stripes standing up. Myers displayed lots of ability throughout the game.

The Broncho line showed up extra well, especially on the defense and also against a heavier Bobcat line. Bill Dale Hill, who went in to take Morrow's place in the backfield, turned in a very good game, this being his first time to play with the regular first string squad.

Pro Fight Card Possible For Clarendon

It looks like sport fans of the Panhandle area will have an opportunity to see some real boxing in the near future. Bill Bentley announced yesterday that permission had been received to promote a pro-fight card at the local college gymnasium some time between October 15th and Nov. 1st. The pro-card will feature Ken Davis, Clarendon's own fight contender, managed by Bentley, along with several other outstanding fighters. This will be quite a treat for the people of this area and more information will be revealed as the event takes shape. Bentley promises a well matched card, so all you fans be thinking about Kenneth coming back home for his third pro-bout. Kenneth will fight his second pro-bout at Bakerfield, California next Monday, Sept. 22nd. His opponent will be Bobby Garza of San Antonio.

TRANS-CHANNEL TRAMPER

Fifteen thousand dollars is only thing standing in the way of Bill Abernathy, at left, 29-year-old ex-Navy diver who hopes to walk across the English Channel boat tom from Dover, England, to Calais, France. Seen above, ready to practice the difficult feat in Wilmington, Calif. Bill talks plans over with Steve Harrison, friend who will help him on the undersea jaunt. Both men claim they have all necessary equipment plus permission of French and British governments. Only thing lacking is the money.

This Friday and Saturday, September 19th and 20th, are fair days in Clarendon. The Donley County Fair, Horse Show and Races will be held in Clarendon at this time.

The horse show will be held in Clarendon at the rodeo grounds on Friday afternoon at 2 p. m. The races on Saturday afternoon at 2 p. m. at the rodeo grounds. The dairy show will be at 10 a.m. Saturday morning and also the boys swine show will be held at this time.

All exhibits are requested to be moved into the building on Thursday so that they will be ready for the opening of the fair. Poultry exhibitors should bring all poultry on Thursday. The agriculture exhibits, home economics department, flower show and merchants departments will all be set up on Thursday.

H. M. Breedlove, county agent and manager of the fair, says that all communities in the county will compete in the agriculture department. "This promises to be a big county fair in spite of the drought and you will be surprised at the good products that Donley county can produce even under drought conditions," the county agent stated.

Horse exhibitors from several surrounding counties have called in and will be here to compete. C. L. Lewis, president of the fair, says that county fair days are here again, so bring the entire family and have a good time in Clarendon for two days.

Annual Stockholders' Meeting

More than 100 members and guests of the Donley County National Farm Loan Association met in the Lions Club Hall in Clarendon Wednesday evening for their annual business meeting.

Mr. Alva T. Simmons of the Hedley Community and Mr. J. R. Gillham of the Clarendon community were re-elected to serve for another 3 years each as directors of the organization that serves all of Donley County. The Association, with offices in the Mulkey Theatre Building in Clarendon, makes and services Federal Land Bank long-term loans at 4% for the purchase of land, for improvements and many other agricultural uses.

President Alva T. Simmons was in charge of the meeting and he was assisted by Directors J. R. Gillham, who made the welcome address, and C. B. Morris, who was in charge of the election of directors.

Secretary-Treasurer Rayburn L. Smith gave a brief report on the financial condition of the Association and the loan activities for the past year. He gave credit for the very fine progress to the good work done by members in telling their neighbors about the desirable features of this cooperative type of credit and asked for their continued support.

After a period of questions and discussions by the members, the audience was entertained delightfully for more than an hour by "The Great Oscar—Ungrate Jay and Coke," a team of magicians from Perryton, Texas. They combine a lot of fun and jokes with their slight of hand tricks

and everyone had a good time. At the end of their program, the group sang "Home on the Range."

Mrs. Anderson, who is famous for the fine food she has served the Lions Club for so many years, assisted by a number of the ladies present, served light refresh-

ments. Many compliments were heard expressed on the type of meeting and plans are already under way for next year's Stockholders' Meeting.

Veterans News

Veterans Administration today advised all veterans to have photostatic or certified copies made of their original discharge or separation papers for use in applying for veterans benefits.

Veterans with service since June 27, 1950—the start of the Korean conflict—should have these copies made immediately if they plan to attend school under the Korean GI Bill this fall.

Post-Korea veterans can avoid delay in receiving their education and training benefits if they have their report of separation, Form DD 214 papers, which are acceptable to VA, copied before the original is sent to the Armed Services for mustering-out payments. Mustering-out payments are handled by the individual services and not by VA.

For most VA administered benefits, photostatic or certified copies of discharge or separation papers are acceptable. One exception is the VA-guaranteed GI loans.

Veterans applying for Certificates of Eligibility for GI loans must present their original discharge or separation papers which will be endorsed and returned to the veterans.

VA also asked veterans to make sure that in submitting photostatic or certified copies of discharge or separation papers that they submit copies of both sides of the document and not just the front.

Veterans who have been released to the reserves since June 27, 1950, should submit their Report of Separation or Certificate of Service, since they do not get discharge papers.

FARM NEWS
From the County PMA Committee

WINTER LEGUME TIME:

More and more farmers each year are finding out how a good winter legume cover and green-

manure crop can benefit them. Fertilized cover crops not only add fertility to the soil, but they help crops to withstand longer periods of drouth. Since Donley County has been in the drouth area this summer, the farmers who carried out this practice have been well pleased with the re-

sults. The County is still dry and winter is just around the corner, so if rain does fall at all be sure to plant some kind of winter legume. Mr. Cap Morris reports that about 5 years ago some of his land would not grow a crop well enough to pay to plant, but after a fertilized cover crop for sever-

MINIMUM PRICE SUPPORT ANNOUNCED FOR 1953-CROP WHEAT:

Secretary of Agriculture Charles F. Brannan has announced a national average price support of not less than \$2.21 a bushel for 1953-crop wheat. This is 90 per cent of the August 15, 1952 wheat parity price of \$2.46. Support for 1952-crop wheat, now eligible for loan and purchase agreement, is a national average of \$2.20 a bushel.

What Will U. S. Need in 1975?

Better Farming Is the Answer: Within 23 years, by 1975, the population of the United States is expected to be around 190 million, even according to conservative estimates. It may well be higher.

A 1975 population of 190 million would be 38 million greater than the 152 million at the time of the 1950 census. The big question for farmers in the coming period will be this: How can farm output be increased to meet this increased need? For the big production job of the present, and the bigger production job of the future, farmers can use their national farm program to make their efforts count.

ORDERLY MARKETING OF 1952 CROPS URGED:

Farmers lose millions of dollars each year because they don't use their heads, B. F. Vance, Chairman of the State Committee of PMA, said today. The Chairman was referring to the way most farmers rush their crops to market right after harvest.

CARD OF THANKS

We wish to thank our Clarendon friends for their kindness and sympathy expressed in the loss of our son-in-law, John Scoggan. May God's blessings be with each of you.

Mr. and Mrs. W. H. Strawn.

Mr. and Mrs. Duane Naylor of Killeen, Texas are the proud parents of a son born August 20th. He weighed 7 lbs. 14 oz. and was named Daniel Royce. Mrs. Naylor will be remembered as Mae Morris. Mr. Naylor is based at Ft. Hood.

Groom Defeats Dusters In Final Game 8 to 6

The Clarendon Dusters barely missed top honors in the Caprock League again this year, being defeated by Groom in the third game at Groom last Sunday by a score of 8 to 6. They missed the top honor slot last year by only one run.

The Dusters apparently were just a little off stride last Sunday after defeating Groom the previous game 16 to 8. The Groom team built up their lead in the first four innings and were never permitted to score again during the remainder of the game. The Duster hitting power was off par and they were never able to bring in those needed runs. B. F. Dorman was relieved on the mound in the fourth inning by Frank Pilcher who pitched a shut-out game the remaining four innings as Groom had the last bat. Pilcher was the winning pitcher the previous week.

CRICKETS INVADE LOCAL BUSINESS FIRMS

The Cricket tribe of insects apparently had a convention scheduled for Clarendon last Saturday night, for when many residents started looking around Sunday morning, about all they could see was crickets and more crickets. Business places that were lighted up seemed to catch more crickets than others.

The new office and display building recently finished for L. L. Wallace two blocks east of main street was one of the places more heavily invaded. The walls of the new roman brick structure were almost black and thousands of the crickets had made their way inside through a small crack in the front door. Wallace reported that it was quite a chore to eliminate the insects.

Mr. and Mrs. W. C. McElroy of Los Angeles and Howard Strawn of Sacramento spent the weekend with their parents, Mr. and Mrs. W. H. Strawn. They all attended the funeral services for John Scoggan in Amarillo Friday. Mr. Scoggan was a son-in-law of Mr. and Mrs. Strawn.

PVT. JIMMY MCKEE

MEMBER OF LEADER FORCE NOW INSTRUCTOR

Mr. and Mrs. Geo. McKee received word recently from their son, Pvt. James O. McKee, that he was now an instructor in Photo Lithography at Bagley Hall in the Engraving School at Fort Belvoir, Va.

Pvt. McKee entered the service in January and received his basic training at Fort Leonard Wood, Mo. He was transferred to Fort Belvoir, Va. in April and enrolled in a course in Photo Lithography in June.

After the completion of this course, he was kept at the base as an instructor and sent to George Washington University in Washington, D. C. to take an Instructor Training Course; which is a course in Public Speaking. He began his first classes on this basis some two weeks ago.

Pvt. McKee was a member of your Donley County Leader force for seven years before entering the service, working up from errand boy to shop foreman.

P.T.A. TO MEET TODAY

The Sims P.T.A. will meet this afternoon at 3 o'clock in the Jr. High auditorium. The eighth grade will be in charge of the program, "Discussion 68". All parents are asked to please come.

Mr. and Mrs. Lloyd McCord and family were dinner guests Sunday night in the home of her parents, Mr. and Mrs. Pete Hearn and Cora Lee at Groom.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

The Board of Supervisors held its regular monthly meeting last Thursday afternoon. Present at

this meeting were all five Supervisors: J. R. Porter, C. E. Bairfield, T. C. D'Spain, Joe Tollett, W. P. Doherty.

Also present were Jack Gray, Secretary to the Board, H. M. Breedlove, County Agent, and Carman Rhode, SCS. Minutes of previous meeting were read and approved. All out-

standing bills were ordered paid. Plans were made for holding an election in Zone 4 for a District Supervisor. Zone 4 is that part of the District bounded by the Salt Fork of the Red River on the North, the Donley County line on the East, Highway 287 on the South, and the Clarendon-Jericho Highway on the West. A convention type election will be held in accordance with the provisions of the State Soil Conservation Law, Acts of the 47th Legislature.

The election will be on Tuesday night October 7th in Hedley. Like elections are being held all over the State on this date. All persons 21 years of age

holding title to farm or ranch land lying within Zone 4 and who live in the Donley County Soil Conservation District are qualified to vote.

Soil Conservation Districts are divided into five Zones with a supervisor representing each zone. One supervisor is elected each year and serves for a five year term. These five farmers are the governing body of the District and are called the Board of Supervisors.

W. P. Doherty, the incumbent Supervisor in Zone 4, requests that every qualified voter be present at this election. All persons other than qualified voters are also invited to the meeting

as there will be a soil conservation program of interest to everyone. H. M. Breedlove and Carman Rhode were asked to arrange the program.

CARD OF THANKS

We wish to thank everyone for the kindness and sympathy shown and the beautiful floral offering in our recent bereavement, the death of William S. Cloyd. We especially wish to thank the pallbearers, the Murphy-Spicer Funeral Home and Mr. and Mrs. Joe Hall May God's richest blessings be with each of you always.

POWER STEERING
on the Roadmaster and Super

BENEATH that big broad bonnet is the reason for this headline. It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed.

And the way this gorgeous performer can step out as this occurs is something you'll always remember.

For ordinary driving, two barrels are all you need—and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry—the "reserves" swing into action—feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history.

This is one of many distinctions that endear ROADMASTERS to fine-car owners. It's a car as rich in finish as it is in power—a car of expansive room—restful silence—level in gait—beautifully responsive to your mood and will.

BLOWIN' Out the CORNERS In Uncle Zeb

The things we saw and heard at the Democratic convention in Amarillo were just about unbelievable. To think that one would ever attend a convention of top Democrats and hear them cheer everytime the nominees of the Republicans were named and

boo when their own party candidates were mentioned seemed impossible. It seemed to be an outburst of pentup against that was finally brought to the open by the national action of the Democratic party on the tides. Actually, they needed a sign to remind one which convention we were attending.

One unusual sidelight along this line was about the young lady who had painted over a hundred scarfs with the slogan "I Like Stevenson" on them to sell at the convention. All day long she worked painting "I Like Ike and I Go Pogo, etc. but when the day was over she had just about all the Stevenson ones left on her hands and was begging

to sell them at half price and there was no takers.

I think above every thing else Texas Democrats are tired of being taken for granted, insulted, just because it is thought that they won't bolt the party. The delegates were mad and ready for action. Less than 10% would stand and be counted that they would support the nominee, Mr. Stevenson. Anyway, it means that at least one group in the state is ready for some definite action. The question among many is how well does this group represent Mr. Average Voter? We may have to wait for the November election to know that.

The following is from some

clippings sent to me by Mrs. R. E. Boone of Columbus, Ohio. Thanks Mrs. Boone and from time to time we will use some of them. She is also going to send us some goodluck buckeyes this fall. Little Bobby was winding up his prayer as follows; "And please, God, take good care of Yourself because if anything happens to You, we're sunk".

"Experience is a dead loss unless you can sell it for more than it cost you."

"If the work you do at your little job is always the best you can, Whenever it grows to a bigger job

It will find you a bigger man." "You can never do a kindness too soon, because you never know how soon it will be too late."

Back to the convention, the following resolution was circulated among delegates by a married Democrat from Harris County. "Be It Hereby Resolved that the proposed Fair Employment Practices Commission and Civil Rights Legislation be expanded and amended to provide for the creation of a new bureau with duties and powers to provide husbands for all women who have been passed over in the present unfair marriage market, and would like to have husbands. That, these un-

fairly treated women shall be provided with husbands, regardless of the womans age, or beauty, color or contour, weight or width, whether she is toothed or toothless. That this new bureau shall be called the Fair Marriage Practices Commission and shall have delegated to it the necessary power under law to draft the necessary said husbands, and shall obtain the spiritual, physical, and legal cooperation of the said men by whatever action is required including torture."

And with that I will try to forget the Convention with its smoke filled ante-rooms and the button-holing tactics of which they are so famous.

"The Bible is a window in this prison of hope, through which we look into eternity.—Dwight.

The trees are preaching! Let's listen! What is that twisted tree saying to you and to me? What is the second and smaller tree telling you of life, as it twists about the other? "Only God can make a tree"; but even God's purpose to make a strong and straight tree sometimes fails. Why did not this tree grow tall and upright and sturdy? Why ill-formed and crooked and misshapen?

And so are some of us. Why do not women and men grow upward toward God and the good? Why have lives become twisted and gnarled and unattractive? Has the tree a lesson for us here? Most twisted trees were bent when they were young; some storm or some accident worked its evil will upon them. They were intended to grow straight and strong and beautiful; the seed was good, the soil was right; but they did not get the right start. When they were young some sinister influence left its mark upon them for all the years; they have grown in twisted shape because some force shaped them that way. How can we protect young human life from such twisting and scarring? The good heritage is not enough; the comfortable home is not enough; unless we elders see that this fine young life gets its chance to grow straight and true.

The neglected child of the street or of the lane gets an early twist; the storm of human wickedness and evil is too great for the young life to take; he is subjected too early to the sights and sounds of the women and men who have wrecked themselves.

The pampered child of the foolish parent who is too busy or too careless to guide the developing spirit gets twisted too soon. There are rules that must be learned if one is to play the game of life successfully; there are good habits that must be formed under patient discipline and by good example.

The frightened child who has been compelled to listen to quarreling and scolding elders gets an unhappy fear and disrespect for human contact. He has a right to live in an atmosphere of patient good will and of forbearance, but he is misdirected by selfish and unkind words and deeds.

The sour and the surly children of loveless homes and communities bear the marks of misdirection forever; every child has need of love and kindness and justice and patient understanding; these make the healthful air of human development.

Prayer and reverence for God and the good, loving fellowship in ways of integrity and of helpfulness make the right soil for straight-growing persons. As the twig is bent, so grows the tree.

YOU IN THE CHURCH THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that furnish and influence for a better citizenship and a stronger civic character. In the church the ministerial and a stranger alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

IT'S THE LAW
in Texas
 A public service feature of the State Bar of Texas

RIGHT OF WAY VARIES AT INTERSECTIONS

Misunderstanding of simple driving rules by numerous motorists is one factor which places Texas right at the top in number of traffic deaths. Possibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection.

In trying to understand the laws regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own.

Obviously, however, in many cases one driver or the other will be legally entitled to the right of

way. When it becomes necessary to determine right of way in a particular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored.

But when two automobiles are an equal distance from the intersection, that one approaching from the other driver's right normally has the right of way.

Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already in the intersection. However, don't depend too much on the other fellow's courtesy, and be sure to keep a "proper lookout" and your car under "proper control," as explained in a preceding column.

At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through street but not already in the intersection.

However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to be able to see your signal and slow down to allow you to turn with safety to all concerned.

Stay in the inside lane until your left-hand turn is entirely completed, and only then move gradually over to the right-hand lane if you wish. When turning right, stay in the right-hand lane at all times. Do not swing wide into the center lane, as to do so is unnecessary, unlawful and dangerous.

Many detailed rules and suggestions for safe driving are included in the official "Texas Driving Handbook" which is available to any person requesting same from the Texas Department of Public Safety, Drivers License Division, Austin, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Pity those who have no children. The only way to be sure of friends in your old age is to raise your own.

According to statistics, women live four years longer than men. So, you might as well give up, fellers, the wife will get in the last word anyway.

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Here is a proven, tested way to help your engine perform better, last longer, use less gasoline and oil! Simply give it Conoco's great new "50,000 Miles—No Wear" Service!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

- Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!
- He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, reset mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.
- He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

The story will surely compel your interest, for the writer is one of the ten best mystery writers who brings a range of gifts to the detective story. The second book club issue is "Julie" by Jane Kesner Morris. This scene shifts from England to New York and with complete conviction and emotional understanding, the author has created a story of pioneering as real, as dramatic, as that of the frontier. There is an elegant memorial volume—"Master Pieces of Religious Verse"—2020 poems by 900 poets—edited by James Dalton Morrison. This anthology of religious verse is a wonderful asset to our shelves, and will be appreciated by many of our readers. Several boys have asked me to purchase "Boots and Saddles" by

Elizabeth B. Custer. This is now on our shelves. It was first printed in 1885, later 1913 revised, and now arranged in clear print.

Every effort is made to secure books that will interest each patron, and when borrowers fail to return books it causes not only the inconvenience of chasing after these books, but very often we can't find them and frequently fail to collect for the loss. Of course, these readers have to take suspension, from Library use, but that doesn't replace the loss. Only a few are on this careless list. We are very happy that Clarendon and Donley County have 10,000* volumes beside our reference books and paper backs.

A lot of women would rather dye than admit their age.

STOP, LOOK & LISTEN

Let's use our heads this year, with our short feed crop, for it is very necessary. Grind every grain of feed, and save one third or more.

Feed, tried and proven, mixed feeds. Chic-O-Line or Wes-Tex will deliver the goods. None better at any price.

I will pay above the market for your surplus grains and keep it in the county where it should remain.

Give us a chance and get more for your feed.

A Feed for Every Need.

FORD'S FIRST with the MOST!

FIRST in POWER!

Ford's 110-h.p. Strato-Star V-8 is the most powerful engine... the only V-8 offered in a low-priced car! Ford's 101-h.p. Mileage Maker Six is the industry's newest, most modern Six!

FIRST in RIDE! For the first time, in the low-price field, you can enjoy a truly fine-car ride! Ford's new Automatic Ride Control with its diagonally mounted rear shock absorbers and new spring suspension gives you a bump-leveling, highway-hugging ride.

FIRST in VISIBILITY! New Full-Circle Visibility gives you the only one-piece curved windshield, plus car-wide rear window, in Ford's field. New I-REST tinted glass... available on Custom and Crestline models... guards against glare and reduces heat.

Test Drive the '52 FORD

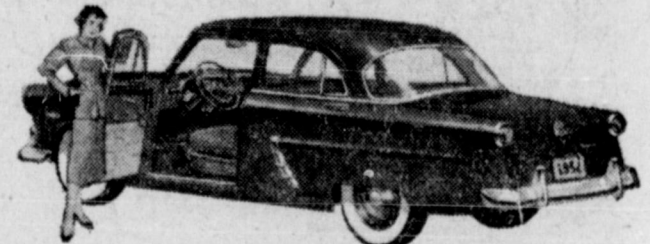

'52 FORD

You can pay more but you can't buy better!

The '52 Ford brings you more power, more comfort, more "looks" and more "can do" than any other low-priced car! You can see it in Ford's new, longer, wider bodies of modern design. You can feel it in Ford's smoother, more level ride... in Ford's 25% easier steering. And, you can sense it in the more spirited response of the '52 Ford—whether it's the 101-h.p. Six or 110-h.p. V-8!

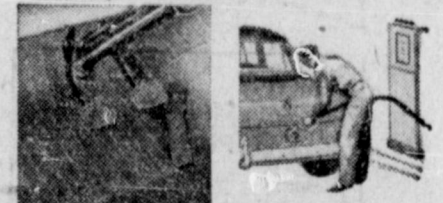

FIRST in STYLE!

This longer, lower style leader has the newest, most advanced body in the industry! It's styled to stay beautiful for years, and it's quality-built to stay young.

FIRST in CHOICE!

Ford offers the widest choice by far in the low-price field. 18 models... 11 body styles... 2 engines: V-8 or Six... 3 transmissions: Fordomatic, Over-drive or Conventional... and the most body, upholstery and color combinations.

FIRST with the NEWEST!

You'll find Ford has made more advances for '52 than any other car in its price field. You get new features like Power-Pivot Clutch and Brake Pedals, suspended from above, to allow more foot room, eliminate dusty, drafty floor holes. You get Center-Fill Fueling for easier gas filling from either side. F.C.A.
